ASB Congress Approves Inter-Presidents Group

By Johnny Stoddard

The Inter-Presidents Council was set up with the passage of a bill by the ASB Congress and the approval of the president of the college. The basic purpose of this council is to better coordinate organizations and activities on the campus.

Under the direction of this council, all group heads will be organized into one group. The ASB President will act as chairman and the ASB Secretary will act as secretary of the council. The Dean of Students and the Dean of Women will serve as sponsors of the group.

The Inter-Presidents Council tends to develop effective and efficient leadership within each campus organization. It wants to promote coordination among the organizational activities in order to have a more balanced program of campus-wide activities.

Other objectives of the council are to suggest additions and changes in the extracurricular program if they are needed, to aid in the internal administration of the student government, and to encourage student participation in and the support of campus functions or organizations.

Another bill recently passed by the Congress was to better define the duties of the Supreme Court concerning the right of appeal.

This bill states that the Supreme Court will meet within three days after an appeal has been filed with the office of the Attorney General. The Chief Justice will then be responsible for calling hearings of the Court.

Any and all minor violations may be appealed to the Court, but the granting of a hearing will be determined by the Court. Voting will be by roll call in any decision, and a simple majority of the total number of the court will be necessary to pass the decisions.

The Attorney General will be responsible for notifying the Chief

Justice of matters to be heard. He also will be responsible for notifying all persons involved in a specific hearing as of the time and place of the hearing.

The ASB is still sponsoring movies shown periodically in the auditorium of the Administration building.

Sally Smith Is Editor Of '63 Midlander

Sally Smith, a sophomore home economics major from Centerville, has been named editor of the 1962-63 MIDLANDER, according to an announcement by Dr. Homer Pittard, advisor for the college yearbook.

SALLY SMITH

Additional members of the staff will be announced soon and preliminary plans for next year's annual. (Continued On Page 5)

Honor Society Sets Program For Initiates

By Sandra Barrett

Phi Sigma Beta will conduct formal initiation ceremonies on March 30 at which time several juniors and seniors will be taken into membership. Those eligible for membership are: Monte Jean Callaway, Tommye Garnette Daughtrey, Rose Marie Dodd, Marcia Robinson Finch, Norma Gail Gentry, Mary Dudley Glass, Elinor Joy Goode, Robert Hay, Larry Wayne Houk, Martha Elizabeth Lynch, Eleanor Bolton Mills, Geddes Noble, James Claude Painter, and Emma Jean Walden.

Organized in 1955, the purpose of Phi Sigma Beta is to promote and reward excellence in scholarship at MTSC. It is sponsored by members of Phi Beta Kappa national honor society who are on the college faculty or friends of the college in the Murfreesboro area. Joint sponsors at MTSC are J. Wade Gilbert, Dr. Charlotte Allen, Mrs. Roscoe Strickland, and Mrs. Neil Wright.

Requirements for membership in this honorary fraternal organization are as follows: seniors must have an over all average grade of 3.5 or more, and juniors must have an over all average grade of 3.75. Character is also evaluated in selecting members.

At the initiation ceremonies, to be held at 8 P.M. in Dining Room B of the Student Union building, students who choose to belong to Phi Sigma Beta will be initiated.

They will receive a scrolls and gold keys as tributes to their attainments. Speaker for the ceremony will be Mrs. Wade, Belmont College.

Wesley Foundation Will Entertain

The MTSC Wesley Foundation will entertain at a folk game party which will take place tomorrow night, March 29, in the fellowship hall of St. Marks Methodist Church. Plans for the party were completed at the March 21 meeting. Folk games, and refreshments are on the agenda of fun and fellowship which begins at 7 p.m.

All Methodist and other interested students are invited to attend the party. Transportation will be available at the Methodist Student Center at 607 North Tennessee Blvd. across from Ruthledge Hall.

Members of the Wesley Foundation vicariously accompanied Bill Wilson, member of the MTSC Education Department on a tour of Europe, at their Wednesday evening meeting last week. Mr. Wilson's topic for the evening was "Religious Trends in Europe Contrasted to American Trends."

'Golden Anniversary Ball' To Be April 6

By Roger Wilkerson

Shine up your dancing shoes and oil your kneecaps, for the coolest, swingiest band in the land is coming this way! Memorial gymnasium will be the scene of the annual ROTC ball, this year titled the "Golden Anniversary Ball," April 6. Ralph Marterie and his orchestra will play for dancing and Renee Ross, freshman art major from Murfreesboro, will be crowned queen. Her attendants are: Patsy Hows, Beverly Ray, and Darlene Harbin, all of Nashville; Adelia Johnson and Lucile McGlohon, of Chattanooga; and Charlene Coker, Gallatin.

Miss Sherrill Is Selected Best Dressed

A tall willowy brunette has been selected to compete as MTSC's entry in GLAMOUR magazine's nationwide "Ten Best-Dressed College Girls" contest. She is Joyce Sherrill, junior business major from Nashville.

Joyce was selected by a committee composed of Ed Newton, Norman Martin, Dr. James Martin, and SIDELINES editors Betty Knight and Dorothy Harrison, after the ballots nominating contestants had been cast by the student

JOYCE SHERRILL

body. Others receiving a large number of student body votes, in addition to Joyce, were Ann Ellington, Gail Beasley, and Jane Galyon.

Three photographs of the MTSC contestant were submitted along with her name and biographical data to the contest editors in New York. The SIDELINES wrote: "Her appearance consistently upholds the standards set forth by GLAMOUR judges. She wears her clothes well and chooses her wardrobe wisely in accordance with her needs. She wears just enough make-up to accent her best features, but it is never overdone. She is indeed a typical coed, but at the same time an outstanding

(Continued on page 8)

Marterie has called off more titles than the alphabet has letters: "the man born to the horn," "the man with the golden horn," "the Caruso of the trumpet," and because of his cross-country tours, "the gallivant' Gabriel." Columnists and record reviewers have attached these in an effort to describe his talents.

The bandleader owes his global popularity as a recording artist not only to the fact that he consistently comes up with hit records, but also to his talent for mixing a dance beat with an international motif.

He started his personal hit parade with "Pretend," an instrumental featuring the beautiful and tender-type guitar background so beloved by the Latin "romance" countries.

SCHOLARSHIPS AVAILABLE

Dr. Norman Parks, head of the social science department, has announced that beginning the fall semester of 1962, two graduate assistants will be granted scholarships amounting to \$165 each in that department.

Applications may be made to Dr. Parks by any resident, full-time graduate student in the social sciences.

Photography Is Subject Of Art Exhibit

Technically perfect negatives are necessary for a truly artistic photograph according to Joseph Orze, head of the MTSC art department, who spoke to a good-sized audience in the Art gallery Sunday afternoon to open the A. E. Woolley exhibit of 45 photographs. The photographs, made by the famous New York commercial photographer, have been used to illustrate photo essays by Mr. Woolley which have appeared in Life, Look, the New Times and other national publications.

"Light and time determine the quality of the negative," Mr. Orze said in outlining the objectives of the artist - photographer. Subject, object and form are the other components of the truly artistic photograph, the speaker declared, in his address on "The Instant Image." "The photographer tries to share an experience which he realizes," Mr. Orze explained in pointing out certain of the aspects depicted in the Woolley photographs, particularly in the "captured motion" group.

The exhibit, which will continue through April 7 ranges from "Backstage," a study of a nude actress, to such compelling use of light as seen in "Waterdrop." An official photograph of Mrs. Eleanor Roosevelt; one of his friend, Mr. Orze, are included in the collection.

Faculty Proves Fallacy In Widespread Notion

By Dorothy Harrison

Members of the MTSC faculty proved conclusively last week in a standing room only student assembly that the notion that college teachers are in a world apart, a world of books and knowledge where fun never rears its head, is a fallacy.

The program traced the typical forms of entertainment in each

decade of the college's history. The script was written by Gregg Coleman and narrated by Dr. Clay Tucker, both of the English department. Pianist was Mrs. Coleman. Originally presented before the MTSC Dames' Club, it was restaged for the student body at the request of the President.

Participants included faculty (Continued on page 8)

(Photograph by Gene Tuck)

Dr. Bob Womack, Earl Hinton, Dr. E. O. Hawkins, and Dr. Ed Baldwin join in close barbershop harmony as they depict music of the early decades of the century in the faculty assembly presented last week.

'Farmers' Frolic' Set; Live Band Is Featured

Swing your partners! It's that time again! Tuesday, April 3, is the date set for the Block and Bridle Club's annual "Farmers' Frolic." The event will be held in the Tennessee Room from 7:30 to 10:30 p.m.

"Farmers' Frolic" features such things as square dancing (a live string band will be on hand); door

prizes, including cash and other gifts; cake walks; crowning of a king and queen; cash prize for the best square dancing couple.

The Block and Bridle Club throws down the welcome mat to all students and promises a romping, stomping good time. Be sure to wear yore jeans, twirly skirts and pointy-toed shoes!

Let's Give Understanding!

Not many foreign students attend our college; compared to other schools in Tennessee we have a very small percentage. We expect and hope that this percentage will increase. Though their number here at present might be termed insignificant, we cannot ignore the extremely important significance of their attendance at MTSC.

We become, at the moment of their enrollment, an international-educational institution with challenging responsibilities to meet.

The average foreign student, while attending an American college, receives what one Minnesota professor terms a "culture shock". Socially, financially, educationally, and emotionally, the student is immersed in a flood of unfamiliar methods and madneses.

It's true that he should be prepared for change, and he is; but let's make it a little easier for him. Let's give him a good impression of our campus and our way of life. We don't have to agree with all of his ideas, but we can come across with a certain amount of "entente cordiale." We can come across with understanding.

To fracture a phrase—the Peace Corps begins at home!

★ Question of the Week ★

By June Vickery

Editor's Note: Because of the enthusiastic approach and mature answers being supplied to this column, we are continuing to ask the question, "If you could bring about a change on this campus, what would it be?"

Doc Green, freshman from Nashville: "I think that there should be more social activities on the weekends. This may cause more students to remain here. Therefore, it would help to terminate the name "suitcase college" which has become attached to MTSC."

Judi Duckett, freshman from Fayetteville: "I think that Freshmen should be allowed to stay out until at least nine-thirty on week nights, and they should have the same privileges as upperclassmen on the weekends."

Brenda Bigger, freshman from Chattanooga: "Bermudas and long pants should be allowed in the lobbies after six o'clock on the weekend provided that a long coat is worn over them."

Susan McLaughlin, freshman from Chattanooga: "More outside activities for the students and Fun Night should be on Tuesday night every week with other activities on the weekends."

Sue Cameron, freshman from Chattanooga: "We should be allowed later dorm hours, and hostesses should be paid for all the time that they work."

Minnie Anderson, freshman from Manchester: "Freshmen should have later dorm hours and we should be allowed to keep orange juice in our windows in small cans."

Geddes Stahlman, freshman from Nashville: "I think that all girls should have later permission because when a girl goes out when she is at home, she can usually stay out later than 9:15 and 11:00. Also Fun Night should be every Tuesday night, giving students time to relax during the week."

THE SIDELINES

Published semi-monthly by the students of Middle Tennessee State College, Murfreesboro, Tenn.

The American College Poetry Society has announced that the fifth annual anthology of outstanding college poetry will be published in May, 1962. Contributions must be the original work of the student (who shall retain literary rights to the material), submitted to Richard A. Briand, American College Poetry Society, Box 24083, Los Angeles 24, Calif., with the entrant's name, address, and school on each page. Poems, which may be on any subject should not exceed 48 lines, nor may more than five poems be submitted by an individual. Entries that are not accepted for publication will be returned if accompanied by a self-addressed, stamped envelope. Recognition awards will be offered the five outstanding college poets. All entries must be post-marked not later than Thursday, April 12, 1962 to be considered.

A TEACHER
A teacher knows, when he confronts the truth,
That he was rather stupid in his youth,
That lacking brains to win a better place
He stayed in school where he could save his face.

It bothers him and he improves his mind
By taking every course that he can find;
He sits at Wisdom's feet with bated breath—
And in the end he bores himself to death.
—A. W. Powell

Notes From Neighbors

By Joyce Sherrill
Between the Lines

Often there's more between the lines than on them in a collegian's letter home. Perhaps some of the guys and gals on our campus could find some familiar phrases in this letter.

"Dear Mom and Dad:

Sorry I haven't written but I have already been caught up in the old college grind (rush parties, club parties, dorm parties). In fact, I often find myself studying until 4:00 in the morning (I don't start until 3:30). I find that my studies present a real challenge to me (I'm flunking).

Did you know that this college ranks among the top 10 in the nation (soccer team is first in this area)? Our buildings and labs are equipped with the most modern facilities (the Brig has a pool table).

It is really wonderful how all my professors have that rare quality that strikes a chord of responsiveness deep within me (hatred). They are all very brilliant and exhibit this genius in a thousand ways (they are odd balls who expect us to go to class).

My roommate is a very nice guy (he lets me use his Bio notes). In fact all the students here are wonderful and I have made many new friends (she is a real doll). Our floor counselor is a real swell guy, too, and gives us lots of helpful advice (we threw him in the shower last night).

Mrs. Proffingarger, our house-mother, respects and admires my ability to get along independently (she locked me out last Saturday).

You will be glad to know that my Math teacher said it was a pleasure to have me in his class (he thought I was a visitor).

I really love it here but I sure do miss home, especially both of you. (Please send money).

Your loving son,
(lots of money)
Frank

Spring brings on spring fever and fashions. Some opinions from Austin-Peay: Thumbs down on too much make-up. Bouffant hair styles are wild, except on special occasions. Offwhite sneakers are a fad, good for running around.

It seems as if our male friends are very conscious of how we girls dress. Remember girls—when in doubt ask a boy!

Carson-Newman College recently held an election for May Day Queen and King. To be held on May 4, May Day is produced by the faculty and Student Activities committee. Nominees for King and Queen were selected by the Senior class while the other classes elect attendants to the King and Queen.

ROTC is news on East Tennessee State College and Eastern Kentucky campuses. Many schools feature an "Officer of the Week" or an outstanding cadet.

A \$1,000,000 campaign has been launched by Belmont college in Nashville. New library and physical education and gymnasium buildings will in the future grace the campus of Belmont.

Post season news concerning basketball at Eastern Kentucky in Richmond—James E. Beachtold is the new acting head coach. A 34 year old All-American, he has been quoted as saying that he stopped on campus, liked it, and stayed.

April 6 is a big day at MTSC—the day of our ROTC ball. April 25 is the day for the annual Military Ball at Eastern Kentucky.

The Peabody Post recently pictured Mr. and Miss Peabody. In addition to this honor held by senior students, each class elects attendants which is a top honor in each class.

Students at Ball State Teachers College are already underway with plans for homecoming in 1962. Homecoming is produced entirely by students so they're really getting an early start.

Last month Murray State College presented their silver anniversary show, "Campus Lights." The revue presented evolution of light through the last 25 years for a three night run in their college auditorium.

The University of Chattanooga has several superlatives that our students might be interested in knowing about . . . Betty Coed, Joe College, and Senior Girl and Boy Most Likely To Succeed.

Jokers Ready For April 1

By June Carole Vickery

Have you noticed a certain sparkle in the eyes of MTSC students lately. Rather mysterious isn't it? Could "Old Man Weather" have anything to do with it? He seems to be telling us that it's Spring—at least he's attempting to. The secret is—you guessed it—it's nearly April Fool's Day, and we've heard that someone is planning to slip a dead sardine in the office of one of our outstanding deans. In addition to this diabolical plot, rumor has it that quite a few of the classrooms will soon reek of a certain unpleasant odor resembling that of Limburger cheese. (Now that's what we need for a perfect excuse from classes when the warm sunny spring days roll around!)

Surveys show that April is the month when the most false fire alarms are reported. Smell something burning? Don't call the fire department, just look for the joker who stuck the match between the sole and the shoe.

Eating fish these days? Be sure you puncture the crust — there might be only a skeleton underneath.

The next time you order a fried pie see how much cotton you can pull out before taking that first dry bite.

Teachers, students, don't sit down! If your tired, aching bones beg you to do so, beware of tacks, glue, and electricity. Not only the physics department handles Franklin's discovery.

You've heard yourself called an "April Fool" on the first day of April all of your life. Did you ever wonder why?

The first day of April is known as April Fools' Day or All Fools' Day. In English-speaking countries it is a custom to play absurd but harmless jokes on this day. The victim of such a joke is called an "April Fool." In English the observance dates back at least to the 600's. No one knows exactly how or when this custom began, but it is believed to have started in France in the year 1564 when the reformed calendar was adopted. Up to that time the new year began on March 25. People were accustomed to making New Year's gifts and calls on April 1.

ARNOLD

Noted Author Addresses Student Librarians Here

Experience, imagination, and the ability to use words are the mental tools of the skilled writer, Dr. Leland Crabb, author of a dozen historical novels, told more than 800 student librarians from Tennessee high schools meeting on the MTSC campus Tuesday.

The noted author and educator from Peabody College declared, "there is nothing prettier than a word well done", in stating that "man's invention of language was one of his most remarkable tasks." Books are man's most valuable possession, according to Dr. Crabb.

Calling on his rich experience as a teacher and writer Dr. Crabb pointed out that success in writing came from applying an active imagination to experiences.

Dr. Quill E. Cope, welcoming the Association of Student Librarians and their sponsors from the mid-state area said that they were engaged in a service occupation. "Reading" he said, "is the corner-

stone of education."

Bertie Flatt of Gainsboro was elevated from the vice-presidency to the presidency of the Mid-State group. Russell Flatt, Cookeville, was named vice-president and will be in line for the organization presidency in 1963. Kathy Oliver, Bailey Junior high, was elected secretary and Fay Cannon, Murfreesboro Central, is the new treasurer. Linda Rosson, East Robertson high of Cross Plains, was named reporter. Other retiring officers are Bonnie Johnston of McMinnville Central, president; John Allen, Cookeville, secretary; Judy Smith, Centerville, treasurer and Peggy Hall, Madison, reporter.

Other nominees were Nancy Roark, Red Boiling Springs; Lexa Pennington, Hickman, for vice-president; Susan Rigney, Christiana, and Sandra Crabtree, Giles county, for secretary; Peggy Pearcy, Lascassas and Anita Baker, Joelton, for treasurer.

Pi Omega Pi Holds Typing Competition

The Gamma Chi chapter of Pi Omega Pi will hold its annual high school typewriting contest Friday, April 6.

The purpose of this contest is to give recognition to outstanding first- and second-year typewriting students in the secondary schools.

Approximately 100 students, representing the following schools, will participate in this year's contest: Issac Litton, Mt. Juliet, Cohn, Du Pont, Wartrace, Maplewood, Woodbury, Columbia, Culleoka, Mt. Pleasant, Springhill, Gordonsville, Carthage, Antioch, College Grove, Franklin, Franklin County, Huntland, Murfreesboro Central, Christiana, Kittrell, Lascassas, Rockvale, Smyrna, Walter Hill, Unionville, Tullahoma, and Auburntown.

The agenda consists of the following: contest in the morning, lunch in the college cafeteria, a tour of the campus, and presentation of awards by President Cope.

MTSC Talent To Appear In '62 'Follies'

Two MTSC faculty members and several faculty wives and students are preparing for the "Follies of 1962," the third such show to be presented by the Rutherford Hospital Auxiliary in as many years. The show will be March 30 and 31 in the Central High School auditorium.

Dr. E. O. Hawkins and Joseph Orze, both of whom appeared last week in the faculty assembly program, "Fifty Golden Years," will sing. Mr. Orze, having already demonstrated his dancing ability to the student body, also is in several dance numbers.

Other college-connected participants include these wives of faculty members: Mrs. Charlie Greer, Mrs. Orze, Mrs. Ed Diddle, Jr., Mrs. Earl Hinton, and Mrs. George Regas.

Students in the show, which will be a revue, featuring songs, dances, and comedy skits, are Mesdames Rosie Conklin, Betsy Hull, and Dorothy Harrison. The revue features all local talent and is directed by Vance Henry of Cargill productions in New York. Mr. Henry has appeared in musicals with such stars as Gene Kelly, Judy Garland, Betty Hutton, Fred Astaire, and Doris Day, and toured Europe for three years with his own revue.

The "Follies" is presented in an effort to raise funds for equipment for the Rutherford Hospital. Last year the show netted some \$6,000, according to chairman Mrs. James Arnhart.

Tickets are available at Buchanan and Tarpley Drug Store, The Men's Shop, and the James K. Polk Hotel, or from any auxiliary member.

"A Good Bank For Everybody"

Goldstein's

Where Quality Speaks for Itself

Career Cues:

"Whatever your major, make sure to include a course in 'people!'"

W. Emlen Roosevelt, President National State Bank, Elizabeth, N. J.

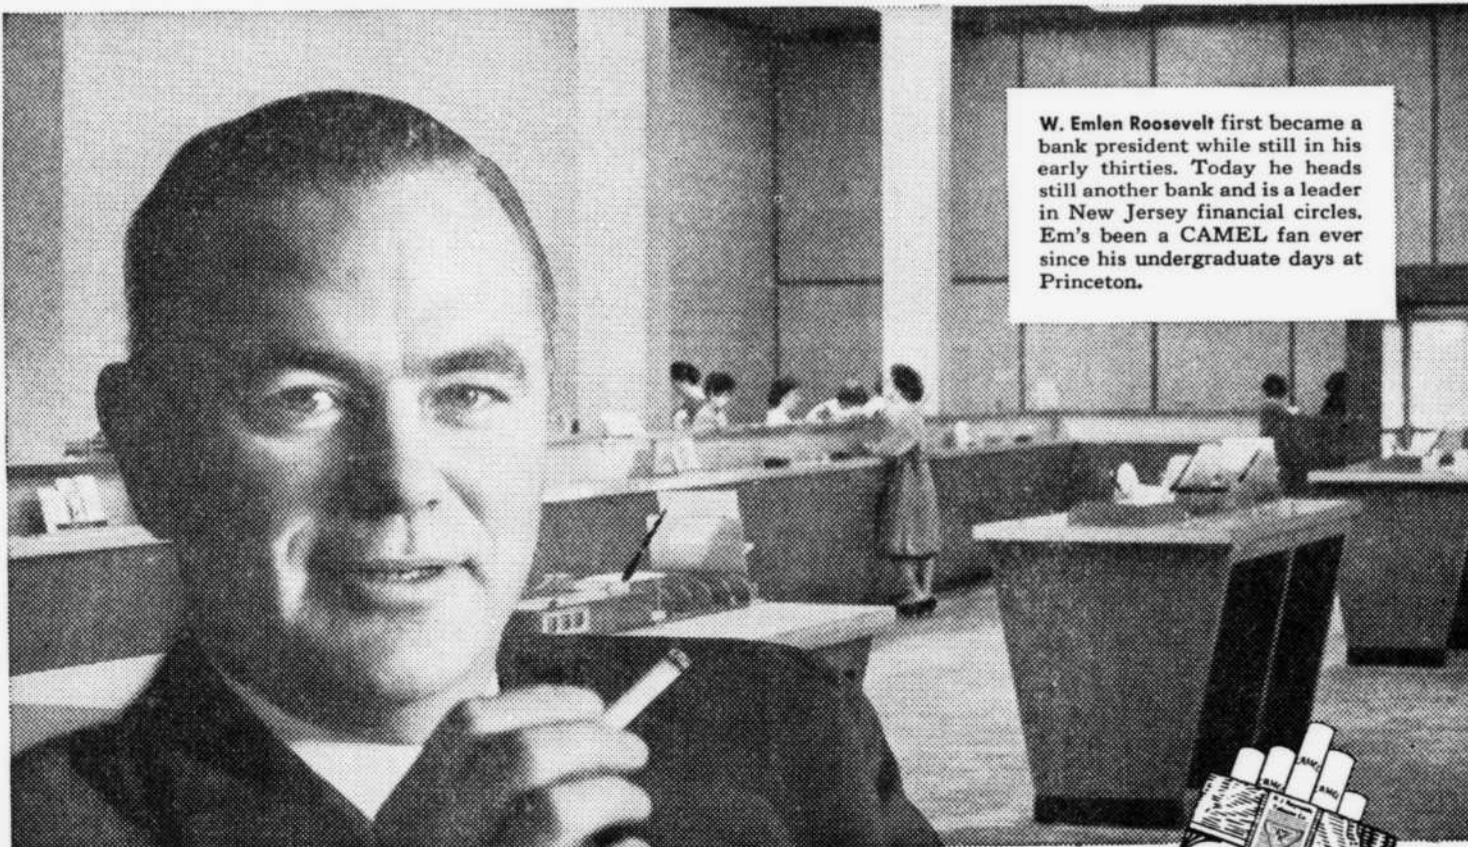

"If my college adviser had prophesied that studying psychology would some day help promote my career in banking, I'd have scoffed. Yet that is exactly what has happened. And when I think about it now the reason seems obvious. The facts and figures of banking, or of any other field, are mechanical devices. They take on real meaning

only when related to people.

"Good psychology is also the basis of all teamwork. And, since most of today's business and scientific problems are too complicated for 'one man' solutions, teamwork is essential. If you want to be a valuable team player, and a likely candidate for captain, be the person who understands people. Learn what it takes for people to work together in harmony. Learn how to win trust and confidence. Learn basic human psychology.

"Bear this in mind, too. World tension, community tension, business tension, even family tension are the facts of everyday life. The more you know of human behavior, the better prepared you will be to deal with these problems.

"So, if you have the chance, take a course devoted to 'people.' Your class adviser can probably help you fit a psychology elective into your schedule. I don't think you'll regret it... I know I didn't."

W. Emlen Roosevelt first became a bank president while still in his early thirties. Today he heads still another bank and is a leader in New Jersey financial circles. Em's been a CAMEL fan ever since his undergraduate days at Princeton.

MTSC closed Spring Football drills with the annual Blue vs. White game. Head Coach "Bubber" Murphy called the Spring drills "the best we have had in a long time." The Blues won the battle 20-8. Although the competitive aspect is not the major point of the affair, it was an interesting game to watch.

Jim Harvey, who came to MTSC from Lenoir City, was the leading ground gainer, picking up 65 yards rushing. Ted Morris, former Murfreesboro Central standout, picked up 32 yards in eight carries. He also completed four of five passes for 68 yards.

Tackle and guard coach Joe Black Hayes was well pleased with the work of the linemen. Coach Murphy said that he could tell more when films of the game could be viewed.

MTSC was pleased to play host to the 1962 Girls Basketball Tournament. It was the second straight year that the tournament has been held in Murfreesboro.

Four former MTSC graduates brought their teams into competition. They were: Jim McCoy of Loretto; Clifton Tucker of Rockvale; Garner Ezell of Lawrenceburg; and Billy (Pusher) Howell of Smyrna. Last year Smyrna won the championship, defeating Loretto 50-49.

MTSC's baseball season opens on March 31 when the raiders travel to Western Kentucky to meet the Hilltoppers. The first home game will be on April 5, when MTSC will play host to the Vanderbilt Commodores.

Tennis Season Set With Eight Opponents Slated

Coach E. O. Hawkins announces that Middle Tennessee State's tennis team will meet eight opponents during the 1962 season.

MTSC's net squad will open their slate on April 6 as host to Tennessee Tech. Other Ohio Valley Conference foes on the Raider schedule are Murray State and Western Kentucky. All three will have home and home matches with the Blue Raiders.

Only outside opponent for the Bluemen will be the University of Tennessee. The Vols will play on April 19, and host the Raiders on the Knoxville courts on May 1.

Middle Tennessee will close their season in the Ohio Valley Conference tournament at Richmond, Kentucky.

THE COMPLETE SCHEDULE

Fri.	April 6	Tennessee Tech	Home
Tue.	April 10	Murray State	Home
Mon.	April 16	Western Kentucky State	Bowling Green, Ky.
Thu.	April 19	Tennessee	Home
Thu.	April 26	Western Kentucky State	Home
Tue.	May 1	Tennessee	Knoxville
Tue.	May 8	Tennessee Tech	Cookeville
Thu.	May 10	Murray State	Murray, Ky.
Fri.-Sat.	May 18-19	Ohio Valley Conf Tournament	Richmond, Ky.

Evans, Winters, Drennan Named Football Captains

MTSC will have three football captains for the 1962 season. The Blue Raider squad elected Billy Joe Evans as their captain, with Wayne Winters and Joe Drennan to be alternate co-captains.

This will mark only the second time that three captains have served the Raiders since football began at Middle Tennessee State in 1913. The other year was in 1941 when Dave Adamson, Billy McDonald, and Roger Smith led the team.

Evans, a 205 lb. senior form Lynchburg, is a three year letterman at center for the Blue Raiders. He received recognition on the All-Ohio Valley Conference squad last season.

Winters is a two year letterman from Joelton. The 6'2", 230 lb. senior tackle was a second team All-Ohio Valley Conference selection for his play during 1961.

Drennan, a 195 lb. guard, is a three year letterman for MTSC. The former Nashville Father Ryan griddler was a third team choice on the All-Conference squad last year, and is also a senior.

Blue Raider head coach Charles "Bubber" Murphy complimented his squad on their selections for the coming season. He said, "The boys have elected three good lead-

ers for next season. I know they will provide outstanding leadership during 1962."

CRAM COURSE NO. 1: MODERN EUROPEAN HISTORY

The school year draws rapidly to a close, and it's been a fun year, what with learning the twist, attending public executions, and walking our cheetahs—but are we ready for final exams? Some of us, I fear, are not. Therefore, in these few remaining columns, I propose to forego theory and instead offer a series of cram courses so that we may all be prepared at exam time.

We will start with Modern European History. Strictly defined, Modern European History covers the history of Europe from January 1, 1962, to the present. However, in order to provide employment for more teachers, the course has been moved back to the Age of Pericles, or the Renaissance, as it is jocularly called.

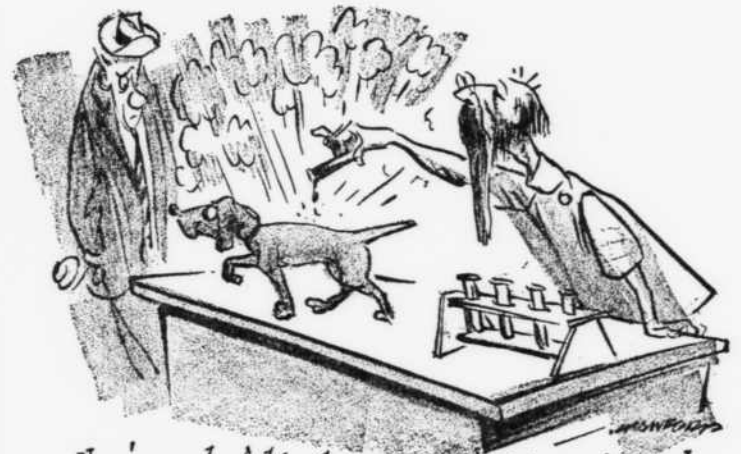

The single most important fact to remember about European History is the emergence of Prussia. As we all know, Prussia was originally called Russia. The "P" was purchased from Persia in 1874 for \$24 and Manhattan Island. This later became known as Guy Fawkes Day.

Persia, without a "P" was, of course, called Ersia. This so embarrassed the natives that they changed the name of the country to Iran. This led to a rash of name changing. Mesopotamia became Iraq, Schleswig-Holstein became Saxe-Coburg, Bosnia-Herzegovina became Cleveland. There was even talk in stable old England about changing the name of the country, but it was forgotten when the little princes escaped from the Tower and set fire to Pitt, the Elder.

Meanwhile Johannes Gutenberg was quietly inventing the printing press, for which we may all be grateful, believe you me! Why grateful? I'll tell you why grateful. Because without Gutenberg's invention, there would be no printing on cigarette packs. You would not know when you bought cigarettes whether you were getting good Marlboros or some horrid imitation. You could never be sure that you were buying a full-flavored smoke with a pure white filter, a cigarette that lets you settle back and get comfortable—in short, a Marlboro. It is a prospect to chill the bones and turn the blood to sorghum—so if you are ever in Frank-furt am Main, drop in and say thanks to Mr. Gutenberg. He is elderly—408 years old last birthday—but still quite active in his laboratory. In fact, only last Tuesday he invented the German short-haired pointer.

But I digress. Back to Modern European History. Let us turn now to that ever popular favorite, France.

France, as we all know, is divided into several departments.

He invented the German short-haired pointer

There is the Police Department, the Fire Department, the Gas and Water Department, and the Bureau of Weights and Measures. There is also Madame Pompadour, but that need not concern us because it is a dirty story and is only taught to graduate students.

Finally, let us take up Italy—the newest European nation. Italy did not become a unified state until 1848 when Garibaldi, Cavour, and Victor Emmanuel threw three coins in the Trevi Fountain. This lovely gesture so enchanted all of Europe that William of Orange married Mary Stuart and caused a potato famine in Ireland. This, in turn, resulted in Pitt, the Younger.

All of this may seem a bit complicated, but be of good cheer. Everything was happily resolved at the Congress of Vienna where Metternich traded Parma to Talleyrand for Mad Ludwig of Bavaria. Then everybody waltzed till dawn and then, tired but content, they started the Thirty Years' War. © 1962 Max Shulman

Today you can buy Marlboro all over Europe, but you might have to pay a premium. In all 50 of these United States, however, you get that fine Marlboro flavor, that excellent Marlboro filter, in flip-top box or soft pack at regulation popular prices.

Rifle Team Participates In Matches

The MTSC rifle team was host to the University of Chattanooga at the ROTC rifle range in March. Ten shots were fired from each of the three positions; standing, kneeling and prone for a maximum score of 1500 points. The match ended with a score of 1371 for MTSC and University of Chattanooga, 1304. Terry Bush "popped the bull" enough to gain a match total of 284 points out of a possible 300 and the position of high scorer for the "Raiders" and the match. The "Raiders" were defeated by TPI in the semi-annual shoulder-to-shoulder match held at TPI. The

Cookeville rifle team fired an excellent match with a score of 1408 to 1350 for MTSC. James Arnold was high scorer for MTSC in this match with a score of 276. The team will compete in the U. S. Army, 12th Corps shoulder-to-shoulder match to be held at Vanderbilt March 31. This match will include all ROTC teams in the 12th U. S. Army Corps. At the same time MTSC will be competing in sectional matches. Other teams competing will be East Tennessee State College, TPI, UT, and Vanderbilt. MTSC recently placed 27 out of

78 teams competing in the Department of the Army's William Randolph Hearst National ROTC Rifle Match. The "Raider" team has practically wrapped up another year of stiff competition. A marked improvement has been shown from last year's record. Lettermen on the team are James Arnold, Shelbyville; James T. Bush, Murfreesboro; David Kinney, Murfreesboro; William H. DeLacey, Owensboro, Ky.; Larry Edward Payne, Murfreesboro; Patrick O'Conner, Chattanooga; John Wayne Miles, Nashville; Kenneth Roberge, Nashville; James E. Powell.

Sally Smith - - -

nual will get underway, he added. In coming to MTSC, Sally upholds a family tradition. Her mother and father, Mr. and Mrs. L. B. Smith, are both graduates of the college, where her father was a four-year letterman, captain of the Blue Raiders football team, and president of his senior class. The new editor, active in other phases of school activities, is historian for the Home Economics Club, a member of the Women's Dormitory Council and of the Wesley Foundation, and is a dormitory columnist for the SIDELINES. In addition, she works in the office of the Dean of Students.

Sally serves this year as sophomore class editor of the MIDLANDER under Editor Nadine King.

Stokes, Trickey Promoted In Basketball Shift Here

Dr. Quill Cope announced Monday afternoon that Ed Diddle, Jr., asked to be relieved of his duties as head basketball coach upon his return from a coaches' meeting in Louisville, Ky. Mr. Diddle, who has been at MTSC since 1956, will continue his work as an assistant professor of physical education during the spring semester and will teach on the summer school faculty, Dr. Cope stated.

letters of resignation before April 1, Dr. Cope stated. The MTSC Athletic Committee and the Administrative committee concurred in recommendation to President Cope that Mr. Stokes and Mr. Trickey be promoted.

Services Held

Funeral services for Mrs. Arvigene Welch Davis, mother of Miss Buleah Davis, associate professor of health and physical education at Middle Tennessee State College, were conducted at Cornersville last Wednesday. Mrs. Davis's death occurred Sunday night following a brief illness.

WILLIAM M. STOKES

William M. Stokes, assistant basketball coach since 1953, will assume the head coaching responsibilities immediately, Dr. Cope stated. He will be assisted by Ken Trickey, former Blue Raider all-conference player from Cairo, Ill., who has been assisting with the physical education program and coaching basketball at the MTSC Campus School while completing his work on the Master's degree at the college.

The action by the coach is in line with the college policy that requires faculty members who feel that they will not return to file

AAA Moves Into To Take League Lead

By Henry Adler

After seven weeks absence A.A.A. took over the top spot in the MTSC mixed league from the Tikis by taking 3½ points from the cellar dwelling Tenn-I-See. The Tikis ran into strong opposition, and they managed to win only one game from the Geezenstacks.

The battle for top place is now a 3-way race as the Geezenstacks moved into a tie for runner-up spot. High game for the week was posted by Louie Leuthold of the A.A.A. as he shot 215-530. Jim Schenk's 546 series was high in that department. Fred Sutterlin continues to pace the league with a 176 average. John Carr recently set a new league record as he blasted the pins for 202, 226, 207-635 series.

Standings as of March 19:

1. A.A.A.	46½	21½
2. Tikis	44	24
3. Geezenstacks	44	24
4. Stars	42	26
5. Sports	39	29
6. Struckouts	34	34
7. Ten Pins	31	37
8. Alley Oops	23	45
9. Bowl Weevils	20	48
10. Tenn-I-See	17½	50½

CHEVROLET CARS FOR EVERY FAMILY, EVERY BUDGET, EVERY TASTE

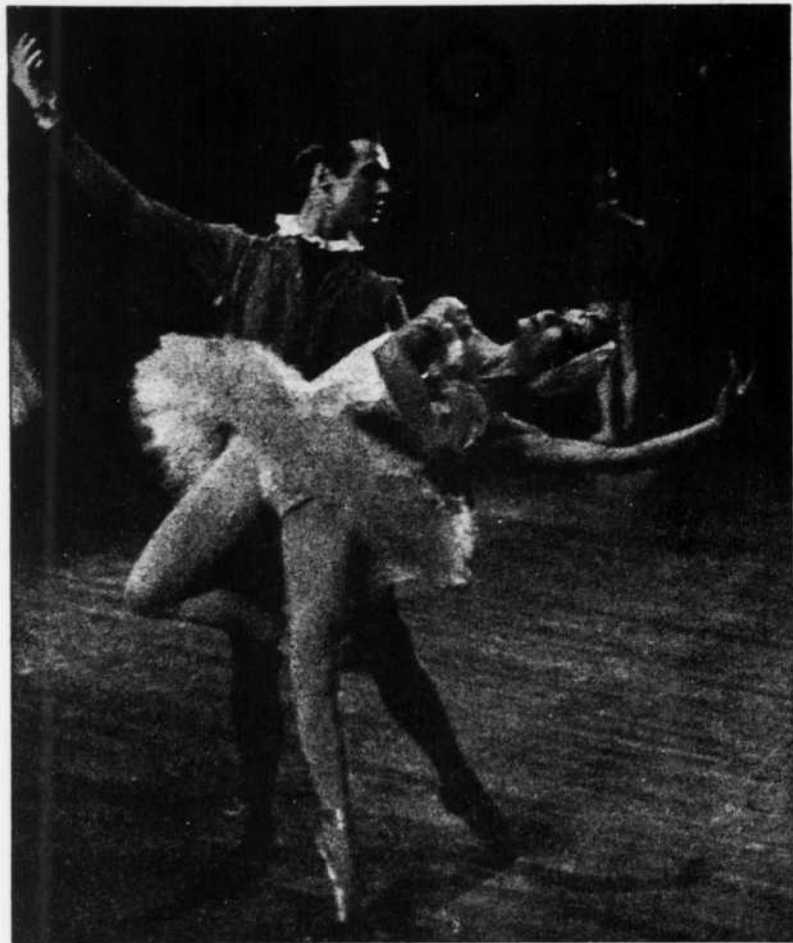

Chevrolet Want to pull out all stops—except price? The Jet-smooth Chevrolet serves up spacious, gracious interiors, Body by Fisher craftsmanship, Jet-smooth ride, new V8 vinegar or 6 savings—and more. On the ferry: an Impala Sport Sedan.

Chevy II Hungering for a car that's lovely, lively, easy to park and pay for? Chevy II is all that, all right—and also winner of *Car Life* magazine's Award for Engineering Excellence! Parallel to the shore: a Nova 400 4-Door Station Wagon.

Corvaair If you spark to sporty things this one ought to fire you up but good. With the engine weight astern, the steering's as responsive as a bicycle's and the traction's ferocious. As for the scat—wow! At the ramp: the Monza Club Coupe.

Two members of the San Francisco Ballet Troupe assume a classic pose backstage after their performance March 15 to a capacity audience in the Alumni Memorial Gymnasium. Ballet lovers from the Middle Tennessee area were enthusiastic in their response to the program, which was presented as a part of the 50th Golden Anniversary Celebration here.

Ballet Troupe Performs To Large Audience Here

By Jean Massey

The San Francisco Ballet presented the classical works of Tchaikovsky in celebration of the fiftieth anniversary of MTSC, March 15, at the Memorial Alumni Gymnasium.

Being one of the most expensive entertainments ever given at this college, the ballet troupe brought a program of finest quality. This professional group executes ballets costing over \$30,000 each in well-known theaters. People have paid from \$25 to \$50 to watch the performances.

The dancers have invaluable talent, intelligence, and physical ability. Twelve western states were toured to select the performers.

"These dancers are as good as if not better than those from Europe," commented Leon Kalimos, managing director for the company.

"A ballet is a marriage of physical expression and music," explained Gerhard Samuel, principal conductor of the orchestra, as he expressed his satisfaction in the dancers and musicians ability to maintain this idea. Mr. Samuel is a former student of the famous Dr. Paul Hindemith.

When Mr. Kalimos was asked how the cast felt about presenting the ballet here, he said, "We have never performed at a place like this, but when we come to a beautiful school, we feel that we are

bringing culture to the campus." "The young people's minds are very important to us. It is the desire of the cast to raise the cultural standards throughout the world."

Art Club Sets Chicago Trip

Members of the art club are planning a field trip to Chicago, April 18 through April 22. Joseph Orze, and Dr. John Lawler will accompany the group. Art galleries, museums, shows, and the Chicago Art Institute are on the agenda. A ten dollar deposit is required of each person before the trip, and it should be paid to Charles Massey or Janie McWhirter.

At the last meeting of the art club, the newly elected officers presided. They are: Charles Massey, Jr., president; Gary Sage, vice-president; Janie McWhirter, secretary-treasurer; and Bob Nipp, sergeant at arms.

The club is undertaking the task of decorating the gym for the ROTC Military Ball in April.

The meetings will be held every two weeks in the art building and refreshments will be served immediately following the meetings.

East Coast Field Trip Planned

MTSC has announced its 1962 third annual Educational Tour offered by the Social Science department and conducted by Dr. Ed Baldwin, professor of geography. The 25-day field trip will carry four semester hours credit in social science for those who desire credit. The tour is open also to those who do not want credit but who are interested in learning a great deal about the northern part of our continent. Departure date from Murfreesboro is July 16.

The area covered in this summer's tour is the east coast of the United States from Cape Hatteras, Carolina, on up through Maine and Nova Scotia to Quebec. Eight days will be spent in the Canadian provinces of Nova Scotia, New Brunswick, Quebec and Ontario. The return route will be through the famous Finger Lake District of New York, by way of Niagara Falls, Erie Pittsburg, Cincinnati, and the Blue Grass Basin of Kentucky.

Dr. Baldwin's "classroom on wheels" will be an air-conditioned Greyhound bus, and the "text-

book" will be the particular area of country traversed on that day. Points of interest — geographical, historical, scenic, and other-wise — will be pointed out, described and explained as they are reached on the itinerary. Adequate stops for observation, rest, and meals will be made each day. Each day's departure will be about 8:00 a.m. and arrival at the evening destination will be no later than 6:00 p.m. Each evening is free for activities of the tourer's choice. Each night

will be spent in a first-class up-town hotel with twin-beds accommodations, and air-conditioning if available. Two persons will share a room.

The Nova Scotia tour will be offered during the last part of the summer session. The date of departure is Monday, July 16, and the group will return to Murfreesboro in the late afternoon of Thursday, August 9. This will enable summer school students to earn six

Best-Dressed Comments on Grooming

By Joyce Sherrill

Glamour! What is it? Why does it keep the women of today on their toes 365 day of the year? From the younger set who are donning their frilly dresses for special occasions to the older woman in society who continues with the daily ritual of cleansing and beautifying, emphasis is placed on beauty and charm.

A neat appearance and good grooming are musts for the women of today. Beauty will be a pertinent problem no matter what age we may be in, from the frontier days to the space age.

"Cleanliness is next to Godliness" — this is something that should always be remembered. True beauty starts with cleanliness. From the crowning glory which should be neat and attractively styled to the pedestals of our stylish maiden, the shoes that are most versatile and flattering. Building beauty begins with a few basic tips which every girl should know.

Women represent the beauty of our world. Every woman should realize the importance of good grooming. As a college student, it is most necessary. Although there is the hustle and bustle of a college career, the co-ed should take advantage of her natural beauty.

Preston Wins Fellowship

JAMES DENE PRESTON

James Dene Preston, MTSC, son of Mr. and Mrs. J. E. Preston, Murfreesboro, has received a National Defense Fellowship to Mississippi State University to do graduate work in the field of sociology. The three-year stipend provides \$6600 in addition to free tuition.

Preston has been active in extra-curricular activities as well as being an honor roll student. He is a member of Pi Gamma Mu, Sigma Club, Beroean Group, Church of Christ and Campus Christian Staff. He has served as president of the Church of Christ group and Beroean and Assistant Editor of the **Campus Christian**, church paper.

Preston attended MTSC on a work scholarship in addition to working at the National Food Store in Jackson Heights Plaza. His hobbies include basketball, baseball and tennis.

The clothes, the hair, the beauty all add up to the something extra which everyone desires. As future homemakers and/or career women, a girl needs to discover her basic beauty needs and meet them. Beauty and charm is not an incidental part but plays a very vital role in a woman's life. All is to be gained by proper beauty care and good grooming. What woman doesn't want to be attractive? Every girl wants to feel as she is at her best, and what other way is there to feel

like this than being neat in appearance. For good grooming and neat appearance relates to all phases of life. Others can profit by neat appearances for it brings to mind the importance of good grooming.

As a member of the female sex, it is the responsibility of every woman to keep at her best. She has no other choice than to bring out the beauty which has been given to her.

JOHN B. LASATER

John B. Lasater, from Watertown, is assistant professor of physical science. He attended Cumberland University, David Lipscomb College, and Peabody, where he received the B.S. and M.A. degrees. He also attended the State University of Iowa.

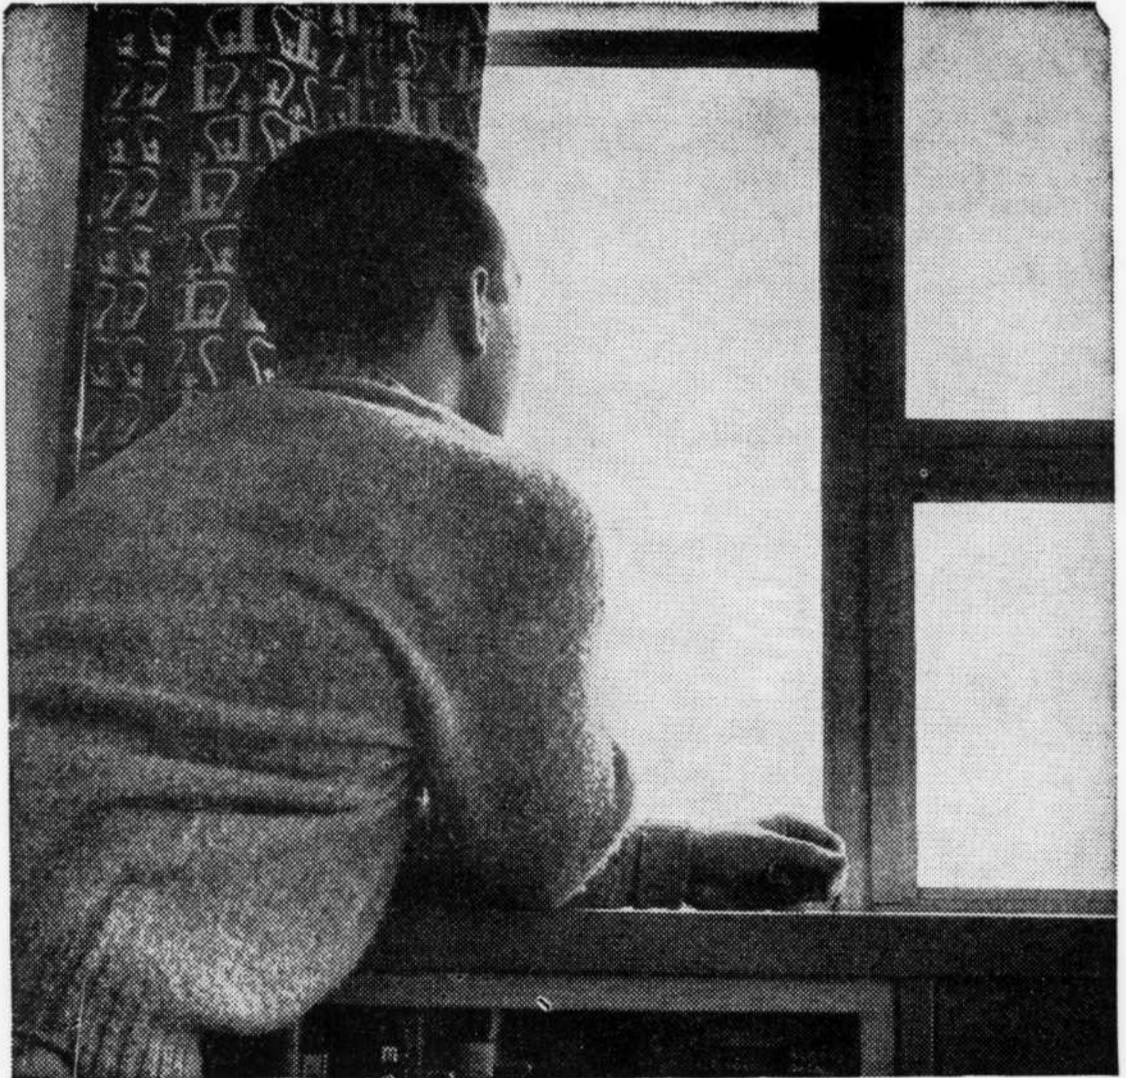

Mr. Lasater is a member of the National Association of Biology Teachers, Arkansas Academy of Science, and the Church of Christ.

He was in the Who's Who in American Education in 1960. He is married to the former Margaret Evelyn Dedman.

CAPT. ROBERT OGG

Capt Robert D. Ogg, from Nashville, is a new officer in the ROTC department. He received the B.S. degree from MTSC, and he took the Armor Officers Career course

How would you forecast your next few years?

Today, the young man planning his life realizes as never before that in today's world his own future is tied inevitably to America's future. How can he serve both?

Many college graduates, both men and women, are finding a rewarding answer on the Aerospace Team — as officers in the U.S. Air Force. Here is a career that is compelling in its challenge and opportunity. And it is a way of life

that holds the unsurpassed satisfactions that come with service to country.

As a college student, how can you become an Air Force Officer?

If you have not completed Air Force ROTC, Officer Training School provides an opportunity to qualify for a variety of vitally needed jobs in the Aerospace Age. A graduate of this three-month course earns a commission as a second lieutenant. Also open to college men is the Navigator Training program.

For full information — including the chance to obtain graduate degrees at Air Force expense — see the Air Force Selection Team when it visits your college. Or write: Officer Career Information, Dept. SC23, Box 805, New York 1, N. Y.

Home Economics Building Is Toured At 'Open House'

By Ernestine Harris

"Open house" was held by the Home Economics department recently in its new building which is located on North Tennessee boulevard. The administration, faculty, patrons, and students of MTSC were invited to attend the event.

Approximately seven hundred invitations were sent to state officials, home economics personnel, parents of home economics students, faculty members and others.

In charge of the invitations and the announcements were Beverly Montgomery, chairman; Dorothy Meadow; Diane Fite; Carolyn Simmons; and Ernestine Harris.

The beauty of the new building was complemented by Cherrie Keel, Pam Luttrell, Gayle Scott, and Mary Kidd, who were in charge of decorations and flowers. Jo Helen Patrick and Catherine Faulk designed bulletin boards that represented what is taught in each classroom.

Guided tours were conducted by Sally Smith, Charlene Bentley, Fay Burton, Susan Dearing, Beverly

Montgomery, Carolyn Gwaltney, Nancy Moore, Ann Powell, Brenda Cobb, Marilyn Marschel, Nancy Hammer, and Dottie Sanders.

Cookies, party nuts, and coffee were served to all present.

In charge of preparing or serving the refreshments were Margaret Vaughn, Charlene Etter, Julia Stinson, Virginia Warner, Emma Jean Walden, Janice Bullion, and Linda Medlen.

The new building is a definite sign of the growth at our college. The home economics faculty consists of Mrs. Lucille Estes, Miss Mary Carr Haynie, Mrs. Lyndall McMillan, Miss Margaret Putman, and Miss Helen M. Stevens.

East Coast - - - (Continued from Page 6)

hours credit during the first term and an additional four hours credit during the second term of summer school. The cost of the tour is \$316. This includes all transportation and toll charges, all lodging and porter service for two bags, all boat cruises and ferry fees, and insurance on each individual. It does not include food. Each person will order his own food and pay the bill for that.

The tour is open to anyone above high school. It is not limited to college-enrolled students. It may be taken for either graduate or undergraduate credit.

Anyone interested in this educational tour please contact Dr. Ed Baldwin Box 809, MTSC.

Orchestra Gives Show

Forty-two members participated in the Middle Tennessee State College-Murfreesboro community orchestra which offered music lovers in this area an opportunity to hear a program of fine music recently in the college auditorium.

Mike Gattozzi, director of the orchestra, selected the following numbers for the program: Symphony No. 1, C major by Ludwig van Beethoven; Ballet Parisian by Jacques Offenbach; Hungarian March by Hector Berlioz; Trumpeter's Lullaby by Leroy Anderson.

Miss Sherrill - - -

one because she sets an example for others to follow."

Active in a variety of campus groups, Joyce is this year a cheerleader and junior class beauty. She is a member of the SNEA, the Baptist Student Union, the Student Christian Union, the college chorus, the yearbook and the newspaper staffs. Her minor is secondary education. In the summer she serves as a tour guide at the Baptist Sunday School Board in Nashville and teaches a Sunday School class at Tennessee Preparatory School. In addition she is an interpreter for the deaf.

Faculty Proves - - -

members and their wives. A barbershop quartet composed of Dr. Bob Womack or the education department; Earl Hinton, music; Dr. E. O. Hawkins, English; and Dr. Ed Baldwin, geography, harmonized on music of the early 1900's.

Mr. and Mrs. E. W. Midgett virtually brought down the house with their interpretation of life in the "Roaring Twenties." They were accompanied on the piano by Don Midgett. Mr. Midgett is head of the business department.

Nelson Eddy and Jeanette McDonald were king and queen of the silver screen in the Thirties, but they could not have been greater hits with their public than were Dr. and Mrs. Hawkins with the audience in their impressions of the two singers.

Students squealed with delight as the Jitterbugs of the 1940's romped onto the stage. They were portrayed by Mr. and Mrs. Joe Orze, art; Mr. and Mrs. Hinton, music; Mr. and Mrs. Don Moser, campus school; and Captain and Mrs. John McConnaughey, ROTC. "Man, what a swingin' audience," commented English instructor Lewis Rosenthal, who was a beatnik poet in the 1950's segment. He was accompanied on the bongoes by Mr. Orze, as Joe Ann Gordon of the physical education department staged an interpretative modern dance.

For the finale Mitch Miller, vigorously played by Mr. Hinton, led the cast and the audience in a series of rousing sing-along songs.
