

DIGITAL SCHOLARSHIP INITIATIVES

Walker Library: Hub for Campus Scholarship

Digital Scholarship is scholarship enhanced by the design of digital projects, incorporation of digital tools, collaboration among digital partners, and dissemination through digital platforms.

01 MISSION

Digital Scholarship Initiatives is an extension of the mission of the Walker Library as an active partner in the scholarly communication process and supports the educational mission of the university by providing access to information.

Walker Library has invested in establishing the necessary and supportive infrastructure used in the creation and dissemination of digital resources.

02 COLLABORATIVE

Serving as a hub for collaboration among campus centers, faculty and students, the Digital Scholarship Lab (DSL) creates and applies new technologies that enhance interdisciplinary research. The products created in the lab are often grant funded, strengthen the scholarly output of MTSU, and add to the collections at Walker Library.

03 DIGITAL HUMANITIES

Digital Seed Grant opportunities for faculty and researchers

DH Projects based in CONTENTdm, ArcGIS, StoryMaps, Drupal, Omeka and more

DH Seminar Series for faculty, staff and students each fall and spring semester
