VOICE OF MTSC, THE COLLEGE OF INDIVIDUAL OPPORTUNITY

Vol. 37—No. 3

Middle Tennessee State College, Murfreesboro, Tennessee

October 23, 1963

Congress Checks Clubs Institutes Dorm Counsel

In the two sessions of ASB Congress meetings, much has been accomplished. The October 3 meeting consisted of filling several offices and committees. One such committee, the Organization Screening Committee, reviews constitutional changes of existing clubs and investigates to see if these clubs are living up to their obligations.

The October 15 meeting consisted mainly of the passing of an amendment to the constitution. The amendment moved to change Article II Section 4, Sub-section 3 of the Constitution from:

"The Dormitory Council for men shall be organized upon the same plan as for the Dormitory Council for Women."

to read as follows:

"The Dormitory Council for men shall be organized as provided for by law."

Since the Freshmen do not elect officers until after Homecoming, a motion was made to recommend to the Secretary of Freshman Affairs to have Freshmen elect a Committee to help with the Freshmen Class Homecoming float.

(Continued Page 5)

Dance Held, Oct. 29

Track and Saber Club will sponsor a dance October 29 from 8:00 P.M. until 12:00 P.M. in the Tennessee Room of the Student Union Building. Tommy Knowles' orchestra will furnish the music.

'Review' Returns For Second Year

The *Review*, a radio program which deals with a critical study of different authors and books, will begin its new series November 6, 1963. It is primarily done by members of the English department and guest panelists. The new series are arranged and produced by Charles Dean, Dr. Edwin Howard, and Reza Ordoubadian, members of the faculty of the College.

The tentative programs schedule includes: (1) *The Sun Also Rises*; (2) *T. S. Eliot: A General Study*; (3) *Portrait of an Artist*; (4) *A Passage to India*; (5) *Free Fall*; (6) *Son and Lovers*; (7) *Catch 22*; (8) *Bride's Head*; (9) *The Affair*; (10) *Look Homeward, Angel*; (11) *Albee: A general study*.

The new series will be broadcast on WMTS FM station every Wednesday night at 7:30, beginning November 6. The names of other panelists will be published as they become available.

Dr. Paul Hutchenson shows Dr. Harold Spraker new computer in mathematics department. Classes for computing will soon be open

Midlander Wins First Class Honor; Presents Exhibit At New York Meet

First class honor rating for the yearbook has been announced by the Associated Collegiate Press 1963 critical service. Only ten yearbooks in America in colleges with an enrollment of between 3,000 and 4,000 won this coveted honor.

Only 67 out of the 234 entered in the competition gained the top honor rating.

Sally Smith of Centerville was editor of the volume. Nancy Arnette and Carolyn Gwaltney were co-business managers. Dr. Homer Pittard is sponsor of the yearbook, which was produced by the Ambrose Printing Company of Nashville.

The MTSC MIDLANDER will provide one of the exhibits at the Associated Collegiate Press convention in New York City this weekend. Betty Allen, editor and Janice Alsop, business manager, both of Murfreesboro will be in charge of the exhibit. Also attending the national college press meeting are Jane Frances, editor, and Mary Hill Stone, business manager of the SIDELINES, college newspaper. Miss Francis is from Murfreesboro, Miss Stone from Lebanon.

In the critique of the 1963 MIDLANDER the judges were especially complimentary of the coverage of activity pictures, content treatment and display, the picture quality and treatment and of identifications.

Midlander Pictures Made Nov. 11, 12

Pictures for the MIDLANDER will be made November 11 and 12 in Dining Room B in the Student Union Building between the hours of 1:00 p.m. and 8:00 p.m. Girls wear white blouses and boys wear coats and ties. If your picture was in the 1962-63 MIDLANDER, you do not need to have your picture re-made unless you wish to. This will be the last opportunity for you to have your picture made for the 1963-1964 MIDLANDER!

Math Department Receives Computer

Middle Tennessee State College recently acquired a valuable new computer, the Recomp II. The computer has been installed in the Drawing Building and is to be staffed and operated within the Department of Mathematics by MTSC staff and faculty members.

The Recomp II is a product of Autometics, Division of North American Aviation. It is described as "the world's first and finest commercially available solid-state, general purpose, compact, digital computer." Its list price is \$95,000, although it was acquired by the college at a lower price.

The Recomp II has a "memory disk" which hold 4096 "words" with two instructions per word, or 8,192 instructions. Each word length is equivalent to 40 "bits" or 12 decimal digits. There are 62 arithmetical and logical operations that can be performed directly by electronic circuits in the computer. However, there are indefinitely many more similar operations that can be programmed for use with the computer by means of special punched tapes.

The computer allows alphabetic as well as numeric information to be input and output through its standard typewriter and by means of punched tapes. It has built-in automatic conversion from decimal to binary form. MTSC students and staff are invited to come by the Drawing Building and see the new computer in operation.

Sidelines Staff To Meet

There will be a Sidelines staff meeting Thursday afternoon at 3:40. All members are urged to attend.

Weems Announces New Regulations On Drop Courses

Below are the new regulations concerning the dropping of courses, released today by Dean Weems.

1. A course could have dropped through October 17, 1963 without a grade. Students officially dropping courses prior to this time will not have their names placed on the mid-semester rolls or the final rolls.

2. A course dropped between October 18, 1963 and November 9, 1963, (mid-semester) will receive a grade of W/P or W/F depending upon the standing of the student on the date of withdrawal.

3. Any course dropped after November 9, 1963, must receive a grade of W/F. Exceptions will be made only in cases of emergency, and these must be approved by the Dean of Students. If the Dean of Students does approve an emergency withdrawal, the instructor will be notified and requested to turn in a grade of W/P or W/F depending upon the standing of the student on the date of withdrawal.

All students must go through the official withdrawal procedure.

Calendar Of Church Events

GROUP	WHERE
SCU—1st Wednesday night at 6:00 P.M.	Room 304 Student Union

Baptist Student Union	Student House

'Smothers Brothers' Bring Wit, Talent

By Creed Crowder

Middle Tennessee State College students and friends can look forward to another evening of top-notch entertainment on Thursday Night, October 24, when the Associated Student Body presents "The Smothers Brothers". Tom and Dick Smothers have kept audiences they worked with small groups before from Southern California where

everywhere in stitches since their nation-wide discovery on the Jack Paar Show in 1961.

These boys gleefully dismantle commercialized folk music for hilarious results, but when they apply their musical talents seriously to a song in which they believe, the result is folk singing in its most artistically satisfying sense. If you have ever listened to one of their Mercury record albums, you know what we're talking about. "The Smothers Brothers" are fore auditioning as a duo. Tom and

Dick accompany themselves, with Tom playing guitar and Dick on bass.

By the way, they are brothers, and Smothers is their real name. They have been featured in recent months on TV's "Hootnanny" and many other nationally televised programs. "The Smothers Brothers" will perform in the Gymnasium at 8 P.M. on Thursday Night, October 24th. The Associated Student Body has emphasized that these big-name concerts are open to the public. Make plans now to attend!

Luboff Choir To Perform

First of the annual free programs planned as a "public service" for students and area residents is the Luboff Choir, according to Dr. Ed Baldwin, chairman of the college public programs committee.

When Norman Luboff and the Norman Luboff Choir appear at Memorial Gym on Wednesday October 30 at 8:00 p.m. under the auspices of Public Programs Committee, it will signal their debut appearance in Murfreesboro; for, although the unique artistry of Mr. Luboff and his Choir is well known to music lovers throughout the world, the Fall of 1963 marks their very first "live" tour.

The popularity of this dynamic conductor-arranger and his group is based primarily on the many splendid recordings, on both the RCA-Victor and Columbia labels, for which the group was originally created.

The nucleus of the recording Choir consists of 25 - 30 virtuoso professional singers (more are added if and as called for by the music at hand) with an amazing repertoire that quite literally runs the gamut from Bach to the blues. Ranging from such "choral spectacles" as "76 Trombones", arranged in the inimitable Luboff style, to an album of classical master-pieces, all of the Choir's 20-odd discs have the distinction of being best-sellers.

Tom and Dick Smothers offered an evening of entertainment Thursday at 8:00 p.m. in the gymnasium.

New Faces, Same Teacher, Same Bad Grades, Mark Bginning Of Long But Glorious Year

SCHARDT HALL
By Marcia Emmert

Well, ye old school year has begun again, and with its beginning have come 1,586 Freshmen—frightening isn't it! But the freshmen aren't the only ones seen wandering around the campus with confused glassy stares this fall. Dorm gossip confirms the alarming rumor that the upperclassmen are undergoing a serious emotional upheaval this year. Steeped in old traditions and well-learned routines, upperclassmen have suddenly found themselves immersed in a sea of strange buildings, names, and faces. The resulting bewilderment may have serious consequences.

How can an upperclassman believe in any sort of stability in today's world when he can leave a familiar campus in the spring with a deep-abiding sense of security and return only three months later to discover a new and frightening scene? Surrounded by monstrous bulldozers, powerful steam shovels, and towering cranes and confronted with strange buildings at every move, the uncertain upperclassman seeks some familiar haunt. But even one's own dorm offers no consolation.

Upon climbing those familiar steps to the lobby, one is again struck by the hard, cold fact that all things are subject to rapid change: a glaring yellow sign relates the shocking news that South Monohan has become Schardt Hall! What a demoralizing effect upon the upperclassman to be able at such an early age to talk of how things used to be!

Laboring under the emotional strain just described, the Sophomore girls of Schardt Hall have managed to elect their most hardy specimens to dorm offices. Taking on the most responsibility is Norma Carol Woodward, our President.

Linda Mashburn was elected Vice-President, but only after she had passed several tests of fortitude and mental agility. Our secretary is Linda Duke, who has been spared the task of adjusting to the new scene since she didn't attend MTSC last year. Last, but not least, Ann Sanders was elected songleader.

Ann was able to maintain a great degree of security because she recaptured her coveted position as majorette. Beth Hudson received the honor of being elected to the dorm council.

At least there is one thing that hasn't changed. Birthdays keep coming at a rapid pace, and many a girl has cried herself to sleep lately because she has left that golden age—teenage. Faye Scott, Karen Thompson, Mary Cardiff, and Carolyn May are among the ranks of the bereaved.

The latest result of all this instability is a common one. Mary Hill Stone has turned to an unfortunate solution—running away. She took off to New York City last weekend where she felt sure things would be much less upsetting. Fortunately she returned to hallowed ground—MTSC—as soon as the Newspaper Convention she was attending had ended.

Be brave upperclassmen—all is not lost—the Smothers Brothers are still coming!

RUTLEDGE HALL
By Ann Norman

Ninety-nine bright-eyed co-eds joined ranks and set up housekeeping in dear old Rutledge only a few short weeks ago. Today ninety-nine, not so bright-eyed co-eds can be found in their rooms at all hours of the day and night studying to their teachers' hearts' content. (If you have just been "taken in" by that last statement, stay with us—there's more you should know.)

There could have been some truth in that statement except for one all-important missing factor. No matter how much we might try to overlook the fact, it sticks out like a sore thumb—almost ninety-nine per cent of those ninety-nine girls are freshman. It's true, and no doubt the one remaining per cent consisting of monitors and

hostesses is about at wit's end with us poor, darling innocents.

The week of campaigning that took place proved to acquaint the girls with their candidates and at the same time add a great deal of spice to the matter. Each girl placed posters of all shapes and sizes throughout the dorm soliciting votes. These witty slogans and ingenious sayings ranged from ten-foot steamers draping the halls to small, folded notes received with change in the coke machine. All in all, some worthwhile efforts were made in the field of politics that week.

There will be much more news of interest happening at Rutledge during the coming year. Here's hoping you'll be joining us for the latest scoops.

Three girls, Carol Sledge, Luica Cordell, and Ann Norman were recently elected to serve as R.O.T.C. sponsors this year. During our dorm meeting on October 9, nominations were made for this year's dorm officers. Approximately five candidates each were nominated for the four positions to be held. Elections were held at the next meeting, but results of such were not available at press time.

LYON HALL
By Mandy Gentry

Not only is Lyon Hall the center of the beautiful MTSC campus, but it is also the home of many talented, beautiful, and peppy co-eds. Everyone has really flung themselves into the spirit of the Blue Raiders and has met old and new friends.

Pop-corn parties, the latest dance step, and new flips of the wig are a familiar sight to all passers-by. With the up-coming dormitory elections and Homecoming nominations, there is never a dull moment.

To preserve the newly planted grass and the budding shrubs, a combined effort is being made to step lively—on the concrete! The multicolored leaves and the fall mist all add to the homey appearance of Lyon Hall. The mascot "Peanuts" is a very worthy caretaker.

All of the freshman in Lyon Hall are happy to be a part of Middle Tennessee State College and look forward to four happy, busy, and fulfilled years on her campus. So with a smile on our faces and a book in our hands we are here to stay.

Dr. Keathley Announces Seniors Names Eligible For 1964 College Who's Who

Dr. Belt S. Keathley has announced that almost one third of the senior class of more than 600 members have achieved the academic rank necessary for nomination for Who's Who in American Colleges and Universities.

Any student who will graduate in January, June or August 1964, who has an academic average above 2.8 and whose does not appear below should see Dr. Keathley.

Those who are academically eligible for nominations for Who's Who in American Colleges and Universities for this year are Doais Anderson, William B. Anderson, Nancy Ann Arnette, Doris Arrington, James Artman, Wanda Kay Atkins, Martha Ayers, Margaret Bachus, Charles Eddie Barham, Darwin Bashaw, Ruth M. Baskin, William Davis Bass, Sandra Lee Bates, Tommy Ray Beam, Bobby Dean Belt, George Bilbrey, Jo Ann Black, Mary Vivia Boynton, Shirley A. Brackett, Elizabeth Brandon, Terry Fran Brandon, Jacob H. Bridges, Lloyd Demar Brooks, James C. Bryson, Lauretta Gay Buck.

Betty Jane Calhoun, Barbara Calvert, Robert Carlton, Antonio C. Casanova, Dorothy Cathey, Jerry Ray Cooper, Linda Jean Cooper, Lynn Morey Craig, Joe Lesli Crockett, Shirley Jean Crowe, Billy H. Cunningham, Patricia L. Darnell, Lewis Howell Davis, Mildred De-Bois, Patsy Ann Denton, Billy Gower Dial, Glenda Gail Dodson, Linda Diann Dorris, Colin Martin Dyer, Sharon Edwards, Sandra Emerson, John Wilson Evans.

Forensic Team Starts Work For Fall Tournaments

"All who wish to do so may participate in the inter-collegiate forensic program," so says Mr. James Skaine, MTSC director of forensics.

A squad of 12 students are currently preparing themselves on the national debate topic, but all interested students are invited to join the program.

A busy schedule of events is planned for this fall with an even busier one planned for the spring. In November, the team will attend tournaments at Emory College, Alabama College at Montevallo, Ala. and Western Kentucky. In December the team will travel to Birmingham for a tournament at Birmingham Southern College. The annual MTSC novice tournament will be held January 11th. In addition to these tournaments, a series of audience debates is being tentatively scheduled as well as many intra-squad debates.

The national debate topic is "Resolved, That the Federal Government should guarantee an opportunity for higher education to all qualified high school graduates." This proposition poses many interesting problems which should concern every college student.

The debate squad meets every Monday, Wednesday and Friday at 3 p.m. in Room 214 of the new Speech Building. Anyone interested in participating in the program, is invited to attend one of these meetings or to contact Mr. Skaine, Room 206, Speech Building.

Mr. Bills Presented In Initial Recital

The Music Department presented Neil Wright, baritone, and Raymond Bills, pianist, in the Faculty Recital held October 22, in the college auditorium. Mr. Wright was accompanied by Margaret Wright. Approximately 35 people attended.

Mr. Wright, head of the Music Department, has appeared in concerts in Tennessee, Alabama, and Georgia.

Mr. Bills, a new addition of the faculty, graduated from North Western University and received his Masters Degree from Yale University. His concert appearances include solo concerts in New England and Chicago and chamber concerts in Idaho this past summer.

Raymond Bills selections were "Fantasy No. 2 in C Minor, K. 396" by Mozart, "Excursions" by Samuel Barber, and "Schergo in B Flat Minor, Opus 31" by Chopin.

Neil Wright's selections included "Spirate pur, spirate" by Donauly, Au Pays" by Holmes, "Der Erlkoning" by Schubert, "Songs of Travel" by Vaughn-Williams, and several selections by Hageman.

Pardon me if I sound as if the executive position I've landed deals with the whole future of the world.

It does.

Certainly, there's no organization today conducting more vital business than the business of the United States Air Force. And very few organizations that give a college graduate greater opportunities for responsibility and growth.

As an Air Force officer, you'll be a leader on the Aerospace Team—with good pay, a 30-day paid vacation each year, educational opportunities.

How can you get started? For many, the best way is through Air Force ROTC. But if you missed out on AFROTC, or if there's no unit on your campus, you can still apply for Air Force Officer Training School. This three-month course leads to a commission as a second lieutenant in the United States Air Force.

For more information about Air Force OTS, see your local Air Force representative.

U. S. Air Force

Let's Get The Facts Right

"If you fail at another state college or university come to Middle Tennessee State College; if you fail at MTSC, go home."

Has anyone you know, who might have attended another college, ever said this to you? More than likely you felt that he was mistaken but did not know enough about MTSC or its rating among other colleges and universities to disagree, how could you prove your point?

From now on if anyone says this to you tell him that this is no longer Middle Tennessee Normal or Middle Tennessee State Teachers College but Middle Tennessee State College, a fully accredited school.

No student can transfer to MTSC unless he is able to stay at the college last attended.

Each and every student here is here by choice not chance. There are too many other colleges one could have attended if he did not like MTSC. Therefore, it is the place of everyone who is associated with this college to work to make it something he can truly be proud of.

There should be no reason for you as a student to be ashamed of MTSC or feel that it is not quite as adequate as another school. It is true that this school is not as large a college as some of the others found in this state or throughout the country, but the size of the student body or the number of buildings on a campus does not make a college what it is. It is the students, faculty, and administration that give a college or university the rating it has; and it is up to them to educate people to the increasing status of MTSC.

As the new school year starts, one is able to look about him and see the great number of additions and improvements that have been made at this school, but one must do more. He must truly support this college and be loyal to it. It is our Alma Mater.

As students and future Alumni it is up to us to see that MTSC does not have a reputation that it does not deserve.

—Elizabeth Allen

Do They Not Also Serve?

Since the termination of the GI Bill of Rights in 1955, there have been over 2,000,000 Cold War veterans who have not received any Federal Assistance in readjusting to civilian life. These young men have served faithfully in Vietnam, Cuba, Berlin, Korea, and elsewhere where the threat of war is a constant companion. And what is their reward? Unemployment.

Since only 45 per cent of you young men are actually inducted into the Armed Forces, the remaining 55 per cent stay at home gaining valuable experience and education. When the veteran returns home, he finds his civilian counterpart with a distinct advantage in competing for scarce jobs. Statistics show that the highest rates of unemployment are among returning military veterans over the age of 22. Is this America's gratitude? Aren't we wasting valuable manpower?

Under the GI Bill of World War II and the Korean War, more than 10,000,000 American veterans went to college, high school, and vocational school. The level of American education was at an all-time high. The GI Bills gave us 180,000 doctors, nurses, and medical personnel, 113,000 physicists and research scientists, 450,000 engineers, and 230,000 school teachers, in addition to other occupations.

For the past four years, support has been growing in Congress for the passage of another GI Bill of Rights, this bill cannot and will not be passed until the American people voice a desire to give their veterans an equal chance in life. How can we do otherwise?

We are engaged in a battle for survival — a battle not only of military power — but a battle of technology, ideology, and wits. This battle will not be won today or tomorrow or next year. If freedom is to triumph, it will require the resources of every American citizen. How then can we allow this waste of human potential to continue among our military veterans?

Attorney General's Job Tough One, Yet Is Rewarding—Welsh

Denny Welsh, a senior math major from Fayetteville, Tennessee, is the Attorney General for the Associated Student Body. Denny's job as Attorney General is to see that the Supreme Court rules on all laws and to see that these laws are enforced.

Denny says, "The Attorney General's position is really a hard position to hold since it requires a person to often ask his friends and students to do things that may be against their will. An example of this is the 25 point system. It is sometimes hard to ask a person to give up an office so that he will not have over 25 points."

"However, this office has proven in almost every case to be very rewarding. It is just great to see the students co-operate so that the ASB can function best for the entire student body."

Denny is not only Attorney General, but he is Vice-President of Southern Universities Student

Fashion Shots

By Ernestine Harris

Fashion relates to football season by giving a keen support in the cheering section.

Handsomely styled in navy blue wool knit is this fashion-wise three piece suit with a modified layer effect. This creation is shaped for those with a flare for good design and versatility.

The loose-fitting jacket complements the straight lines of the skirt lending an air of subtle sophistication. After removing the jacket, one discovers an attractive basic ensemble consisting of a coordinated skirt and blouse.

Traditional accessories for viewing one of M.T.S.C.'s most popular sports are leather shoes and bag and appropriately styled "warm" gloves.

Whether it be warm or cold, the MTSC coeds are always willing to demonstrate good school spirit.

The model for this week is Ann Powell, a junior Home Economics major from Donelson. Ann is currently active as treasurer of the Home Economics Chapter.

Behold, I am with thee, and will keep thee whithersoever thou goest.—(Gen. 28:15).

We are never really alone or deserted. God is ever with and within us. Therefore, we should daily acknowledge His presence.

Model, Ann Powell, is prepared for football season in warm or cool weather.

Club Calendar

Are you looking for something new or different to read in this issue of the Sidelines? If so, you've just found it. This article is introducing you to what could turn out to be a successful club column of interest to all MTSC students—with the help of your club members.

Here's hoping "Club Calendar" is what you've been looking for in your newspaper. If it isn't, submit your suggestions to P.O. Box 1638, and together we'll make it what you want to read.

In answer to a written request to approximately half of the club presidents for news, (the other half has not yet turned in their names to the Dean of Students office) the Drama, Block and Bridle, and Veterans Club provided material for this first column.

Block and Bridle

Although the agriculture department is one of the smallest on the MTSC campus, the turn-out for the Block and Bridle Club membership picnic showed no lack of interest in this field. Approximately thirty-five students enjoyed a bar-

becue at the agriculture farm on Thursday, October 3. They were fortunate to have Ken Lord and Perry Potts furnish entertainment for a most enjoyable evening. Enough girls were present to make square dancing possible also.

For the information of those who do not know about the Block and Bridle Club, it might be interesting to note that it does not consist of boys only. Patty Darnell and Sandy Irwin will be active members again this year, and it appears five or six more girls are interested in joining.

Officers elected last spring are Jimmy Neal, president, Stanley Lyon, vice president, Ronnie Cooper, secretary, Harry Sharp, treasurer, Sandy Irwin, reporter, Henry Blankenship, parliamentarian, and Bill DuVall, herdsman.

One of the most active campus clubs, it is already making plans for a dairy-beef judging contest, a square dance to be held in the spring, and the conditioning of approximately twenty calves to be shown in the spring. All agriculture majors and minors who have not joined are urged to do so and help promote animal science.

Veterans

During the October 8 meeting of the Vet's Club, Mr. Ross Spielman of the State Farm Insurance Company in Murfreesboro spoke on the advantages of belonging to a club in college. Following his speech, several club projects were discussed, including the eyeglasses fund for needy students, the weekly one-hour recreation program for patients at the V.A. Hospital, and the annual talent show which this year has many new innovations.

Any eligible student interested in joining the club should come by Dining Room B of the S.U.B. any Tuesday at 11:00 a.m.

Buchanan Players

The cast for "Anastasia," the drama to be presented by the Buchanan Players on November 13 and 14, has been announced. It includes Carlton Sivells, Jan Allred, Bill Hunter, Don Massey, Steve Bebb, Ayne Venazio, Harold Knowles, Dee Shofner, Joel Martin, Anne Petty, Beverly Bobbish, and Larry Sanders. Assistant director to Mrs. Dorethe Tucker will be Carole Sanford.

(All club presidents or reporters interested in having your news appear in "Club Calendar" should contact Ann Norman in P.O. Box 1638.)

Sports Car Buffs Seek To Educate Members—Public

It appears that there is an increasing number of sports car enthusiasts at MTSC. There has been some discussion recently about the formation of a Sports Car Club in order that such events as rallies, auto crosses, and gymkhana might be held. These events would be open to all interested drivers who were not members of the club.

There are many untrained drivers on the highway today who do not know how to avoid an accident, or if the accident was unavoidable, to position his car so that a minimum of damage would be done. A driver who knows how to react in an adverse situation can often prevent serious injuries which could be incurred when an accident happens.

A meeting was held to discuss the problems of forming and organizing a sports car club. It was decided to invite all students to join no matter what class of car they own or are driving. Efforts to get the club sanctioned as an official campus club are now under way and another meeting was held at 2:00 p.m. on Sunday afternoon, October 13, in the lobby of the Student Union Building. At this meeting we draw up a constitution, discussed the club's organization, and planned the club's first auto-cross.

Any student, boy or girl, who is interested in joining the club should contact Sid Franklin at Box 3418.

IN MEMORIAM

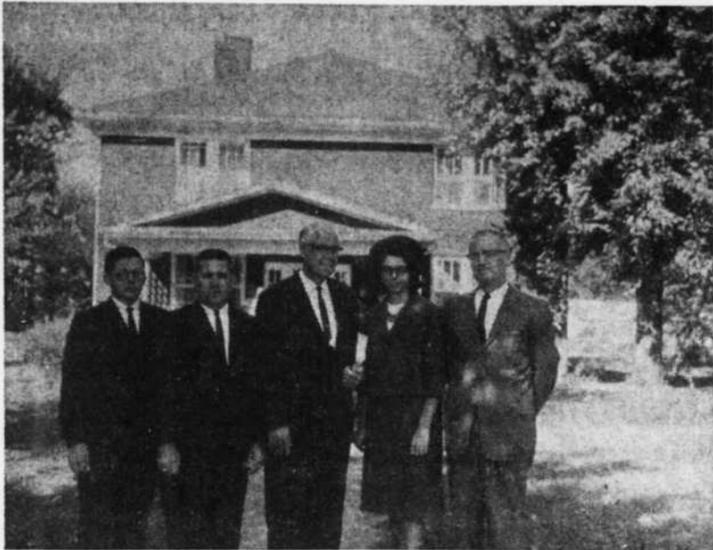

Of Diana Gayle Wright, fellow student who was killed in an auto accident.

DENNIE WELSH

His hobbies are hunting, intramural sports and aviation. He just recently "lost the shirt off my back" making his first solo flight.

The Baptist Student Union recently held a Join The Church breakfast at the BSU Center. Rev. Thomas Bryant, Associational Missionary, was the speaker for the affair. Shown outside the Center are, from left: Eddie Barham, Missions and Extension Chairman of the BSU; Clyde Kimble, BSU Director; Rev. Bryant; Shirley Brackett, Vice-President, BSU Executive Council; and Jesse Smith, Faculty Advisor of the BSU Executive Council.

BSU Sponsors Radio Program, Holds Breakfast, Plans For State Convention

On Sunday, October 13, a group from BSU had the opportunity to witness over the air on Radio Station WMTS. Russell Ayers, a prominent and very dedicated Christian on the campus, sang a solo. Another message in song was brought by the BSU trio, namely Shirley Brackett, Alice Barham, and Judy Eakin. The last fifteen minutes of the program was taken by Steve Pundt, who brought an inspiring devotional entitled, "How Big Is Your God?"

At the Vesper hour on Wednesday, October 9, the BSU was privileged to see a film on gossip. The gossip exemplified in the film showed just how powerful gossip can be. Wednesday, October 16, the BSU were guests for the presentation of a religious drama entitled "The Challenge of the Cross" at the Bell Aire Baptist Church here in Murfreesboro.

The State Baptist Student Convention is scheduled for November 1-3 at First Baptist Church in Clarksville, Tennessee. Guest speakers will be Dr. Robert S. Denny, Dr. William Hall Preston, Mr. Bill Lawson, Dr. James Sullivan, and Dr. W. Fred Kendall. The purpose

of the retreat is inspiration and fellowship provided by a gathering of all Baptist college students in the state of Tennessee. It is expected that fifty students from MTSC will be present for this occasion. Forty reservations have been made at the Royal York Hotel in Clarksville. The Royal York is located within walking distance of First Baptist Church, which is the site of the convention.

Each day, Monday through Friday, the BSU Center is the host to various guest speakers at Noon Day. The devotionals usually begin at 12:10 and end by 12:40. Delivering inspiring messages recently have been Mr. William Vaught, Dr. Wilmouth Bowdoin, Dr. Bob Abbot, and Mr. Lester Levi. Lunch is served afterwards to any hungry members of the group.

Virgil Trout Speaks To Students, Wednesday

Brother Virgil Trout, outstanding student of Christian Evidences, will speak at 5:30 Wednesday evening, Oct. 30, in the Tennessee Room.

In addition to preaching for the Sunset Church of Christ in Lubbock, Texas, brother Trout has spoken on Science and Religion during many lectureship programs throughout the brotherhood. He currently holds membership in the American Association for the Advancement of Science, the Victoria Institute of Great Britain, and has been listed three times in **Leaders of American Science.** He has lectured on "Christianity and Scientific Concepts" on many college campuses, upon which have been Cornell University, Michigan State, Oklahoma State, Kansas State, University of California, Massachusetts Institute of Technology, Southwestern State, Sul Ross, Panhandle A. and M., and the University of New Mexico.

All college students have a special invitation to attend.

Now five kinds of Chevrolets for all kinds of people!

JET-SMOOTH LUXURY CHEVROLET—For luxury-loving people. Rich new styling, finer appointments in all four series and 15 models. Engines up to 425 hp*, manual or Powerglide* transmissions.

NEW CHEVELLE—For pacesetting people. A totally new kind of car with small-car handling, big-car comfort! Styling that makes expensive cars jealous. Three series and 11 models, and a full choice of engine and transmission teams!

CHEVY II—For practical people. Chevy II with new V8 power* for fun-on-a-shoestring. Stretches the shoestring further with 4- and

6-cylinder engines. Chevy II's six models in two series all act like they're bigger, more expensive cars!

CORVAIR—For fun-loving people. More fun than ever from Corvaire's new bigger engine! Same Corvaire handling and riding ease in 9 models—including the 150-hp Turbocharged Spydere!

CORVETTE—For sports-minded people. Corvette now rides softer, smoother—but loses none of its gusto because its big V8 offers versions from 250 to 375 hp*!

Want to get together with other car-loving people? Go see your Chevrolet dealer... he likes all kinds! *optional at extra cost

See five entirely different lines of cars at your Chevrolet Showroom — CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

Congress Check - - -

(Continued From Page 1)

The Supreme Court met October 9, and it declared Bill #56, which permitted class and ASB officials falling below a 2.0 average to hold an office, unconstitutional.

A discussion was held and a ruling declared that a student elected to a standing committee must have a 2.0 average. Requirements for members of any temporary committee will be at the discretion of whomever appoints such.

The Inter-President's Council met October 7, and several newsy items were discussed. Mr. Skaine will perhaps conduct a class on parliamentary procedure open to anyone who wishes to attend. The committee working on securing a better PA system presented its findings to the Council. The Council has already passed these findings to President Cope.

The Homecoming theme rests in the hands of Perry Potts and his committee, and Perry and his committee will undoubtedly select a really sharp theme.

The Council's wish to become more informed about all phases of student affairs, has lead it to the idea of having programs on academic problems faced by students, and how to better communicate by using the *Sidelines* and *Midlander* more effectively.

Other items discussed were improvement of Slater Food System, the point average for officers, and having the policies of the Administration in Black and White.

At the close of the meeting A. W. Powell was presented with a bell which will remind him of the ASB Fall Retreat—It seems that it was A. W. who always rang the bell to get up in the mornings, gave the call for chow time or gave the warning to change work sessions.

ASB Reporter Beverly Montgomery

Raiders Beat Eastern 33-28

Playing before more than 8,000 fans, including 60 Kentucky high school bands, the Raiders defeated Eastern Kentucky State October 12 by a 33-28 score. In the wild game each team virtually gave the other two touchdowns.

MTSC scored first, moving 85 yards in 10 plays with Jim Harvey going over from the three. Harvey's 42-yard sprint was the key in the drive. Simon added the point from placement.

Then the weird series of breaks started. Pope and Harvey ran together attempting to intercept a pass and the ball bounced off their fingers into the arms of Ron Mendell, who went 46 yards for an Eastern touchdown. Five plays later Roy Evans of the Maroons recovered an MTSC fumble on the 29 and Gains scored from the 17. Almost immediately the Blue fumbled again and Sizulich recovered on the 33. Gains hit Mullins in the end zone for a score. Stapleton kicked both points.

Then the breaks started the other way. Pope recovered a fumble on the Maroon's 14. On the last play of the half Morris hit Pope with a scoring pitch and again Simons converted.

In the third period Phil Grammer intercepted a pass on the 25 and went in standing up. The kick failed and with the score tied Larry Marmie fumbled on the Eastern 46 the Raiders recovering. Louis Al-

ford, who had replaced the injured Ted Morris, threw a tie-breaking strike to Jimbo Pearson. Again the kick failed.

In the fourth period MTSC appeared to put the clincher on the game when a bad fourth down pass from center sailed over Dave Lobo's head and the Raiders were in business on the nine. From this point Alford again zeroed in—this time to Harvey. Guppton booted the point.

On the last play of the game Malins passed 16 yards to Marmie and then added two more points on the conversion by a pass from Pfaadt to Marmie.

The Raiders led 16-15 in the first downs, 143 to 57 in rushing yardage, 184 to 142 in passing yardage, but had three passes intercepted and lost the ball three times on fumbles.

Larry Leahon, Dave Petty and Louis Alford received praise from Coach Murphy for their fine work.

TEDDY MORRIS
Quarterback—Murfreesboro

Ted Morris, the sensational MTSC sophomore quarterback broke the college record for most completed passes for the greatest yardage Saturday night when he completed eight of 17 for 106 yards to run his total yardage to 1453. This is 59 yards greater than Terry Bailey's record established in 1961.

Mocasins Down Blues; Defensive Punting Sparkles

Playing a far superior ball game to that of the last home appearance in the 16-6 loss to Western Kentucky the Raiders fought stubbornly before losing 7-0 to the University of Chattanooga Mocasins Saturday night. Teddy Morris set a new career passing record.

Five minutes deep in the second quarter Larry Elmore intercepted an MTSC pass from Alford on the 28 and eight plays later the Mocs had scored on a two yard sneak by Elmore.

The Raiders had two good scoring threats going in the last half—but were thwarted by a peanulty on one drive and gave up the ball on the three yard line after recovering a fair catch fumble on the 48 and driving to three first downs.

Halliburton's kicking was superb, averaging 37.1 on eight kicks. There were no Raider fumbles, no serious lapses on pass defense and extraordinary good defensive line play. The punt coverage by Whaley and others was good. David Petty picked up 37 yards on nine carries to lead the Raider running. When Morris completed his eight of 17 passes during the evening he had added 106 yards to his total as an

MTSC back. This gave him 1453 yards to break Terry Bailey's record of 1394 yards. Morris has two and half seasons yet to go as a Raider quarterback.

The Raiders led in first downs eight to four, in total offense 176 yards to 103, and in pass completions (10 of 22 to Chattanooga 4 of 16).

Not pictured are Sandy Bates, Tibby Riel, Cherry Barnes, Mary Smith, Barbara Botz, Mandy Gentry, Terry Hale, Jane Galyon, and Mary Cardiff.

P.E. Club Plans 'Powder Puff' Game

The Physical Education Club of Middle Tennessee State College will have their annual "Powder Puff" game on November 5 on Jones field at 4:00 o'clock.

This is one of the biggest events of the year and your attendance will be appreciated. Not only will you see the girls playing football, but you'll enjoy music from an original "Kitchen band". The best part of the game will be the lovely cheerleaders, thanks to the males of the P.E. club.

The cost is only thirty-five cents and the money will be used to send

the P.E. members to their annual convention in January.

 (Author of Rally Round the Flag, Boys and Barefoot Boy With Cheek)

HAPPINESS CAN'T BUY MONEY

With tuition costs steadily on the rise, more and more undergraduates are looking into the student loan plan. If you are one such, you would do well to consider the case of Leonid Sigafos.

Leonid, the son of an unemployed bean gleaner in Straightened Circumstances, Montana, had his heart set on going to college, but his father, alas, could not afford to send him. Leonid applied for a Regents Scholarship, but his reading speed, alas, was not very rapid—three words an hour—and before he could finish the first page of his exam, the Regents had closed their briefcases crossly and gone home. Leonid then applied for an athletic scholarship, but he had, alas, only a single athletic skill—picking up beebees with his toes—and this, alas, aroused only fleeting enthusiasm among the coaches.

And then—happy day!—Leonid learned of the student loan plan: he could borrow money for his tuition and repay it in easy installments after he left school!

Happily Leonid enrolled in the Southeastern Montana Col-

...but he had, alas, only a single athletic skill

lege of Lanolin and Restoration Drama and happily began a college career that grew happier year by year. Indeed, it became altogether ecstatic in his senior year because Leonid met a coed named Anna Livia Plurabelle with hair like beaten gold and eyes like two sockets full of Lake Louise. Love gripped them in its big moist palm, and they were betrothed on St. Crispin's Day.

Happily they made plans to be married immediately after commencement—plans, alas, that were never to come to fruition because Leonid, alas, learned that Anna Livia, like himself, was in college on a student loan, which meant that he not only had to repay his own loan after graduation but also Anna Livia's and the job, alas, that was waiting for Leonid at the Butte Otter Works simply did not pay enough, alas, to cover both loans, plus rent and food and clothing and television repairs.

Heavy hearted, Leonid and Anna Livia sat down and lit Marlboro Cigarettes and tried to find an answer to their problem—and, sure enough, they did! I do not know whether or not Marlboro Cigarettes helped them find an answer; all I know is that Marlboros taste good and look good and filter good, and when the clouds gather and the world is black as the pit from pole to pole, it is a heap of comfort and satisfaction to be sure that Marlboros will always provide the same easy pleasure, the same unstinting tobacco flavor, in all times and climes and conditions. That's all I know.

Leonid and Anna Livia, I say, did find an answer—a very simple one. If their student loans did not come due until they left school, why then they just wouldn't leave school! So after receiving their bachelor's degrees, they re-enrolled and took master's degrees. After that they took doctor's degrees—loads and loads of them—until today Leonid and Anna Livia, both aged 87, both still in school, hold doctorates in Philosophy, Humane Letters, Jurisprudence, Veterinary Medicine, Civil Engineering, Optometry, Woodpulp, and Dewey Decimals.

Their student loans, at the end of the last fiscal year, amounted to a combined total of nineteen million dollars—a sum which they probably would have found some difficulty in repaying had not the Department of the Interior recently declared them a National Park.

© 1963 Max Shulman

You don't need a student loan—just a little loose change—to grab a pack of smoking pleasure: Marlboros, sold in all fifty states in familiar soft pack and Flip-Top box.

SNEA Plans School Year For Enjoyment, Service

Thanks to the speedy and efficient service of the SNEA members the ball has already begun rolling for the biggest year of activities planned for this organization. A picnic was enjoyed by over one hundred members, their dates, and members of the faculty of the Education Department. Thanks go to the acting Vice-President, Bill Russell, and the foods committee which consisted of: Nancy Hickerson, Joan Bates, Carol Levy, Ray Harwell, Linda Hall, Judy Simpson, and others. This was a first in the series of social activities planned by the organization.

However, this is not to imply that SNEA is merely a social organization. The primary purpose is that of any junior professional organization—service. Plans include both service to our school and the community. The members joined forces early in October to aid Roy Simpson, chairman of the 20th Annual Education Conference, and the MTSC committee for this conference. Members acted as aides to dignitaries, ushers, and were on hand to answer information requests for visitors.

The next service project will be November 8 when MTSC is host to the Association for Student Teachers Workshop. Members are eagerly anticipating the big event of the year, which will be the SNEA State Convention on April 3,

1964 on MTSC campus. At present, membership is closed to two hundred. Freshman are encouraged to join SNEA.

Students who are members of SNEA receive the NEA Journal and SNEA News each month. These publications provide current research, trends, and other useful information for the prospective teacher.

Meeting dates for the MTSC chapter of SNEA are as follows for this semester: November 7 at 6:00 P. M., November 14 at 11:00 A. M., December 5 at 6:00 P. M., December 12 at 6:00 P. M., January 2 at 11:00 A. M., January 16 at 11:00 A. M.

William Sikes Leads Westminister Group

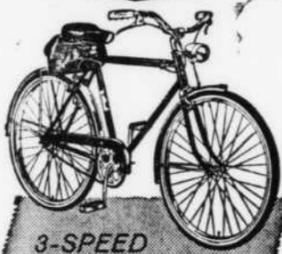

The Westminister or Presbyterian Fellowship has started off (and we hope finishes) the 1963-1964 school year under the leadership of the following officers: Moderator, William Sikes; Vice-Moderator, Kathy Pace; and Secretary-Treasurer, Linda Ligon.

These officers, along with our advisor, Mr. George Gardner, will try to make our Westminister Fellowship better than ever before. We hope to do this with our theme this year, "Discussion—The Way To Knowledge", as an extra incentive.

On our next meeting date we were privileged to have Dr. John Cason, a layman at the First Presbyterian Church, as our guest speaker. He began a series of three talks on the Ten Commandments.

Frank Roleff Will Lead MTSC Nais And Nymphs

The Triton Club had its first regular meeting of the year on October 8. The purpose of this meeting was to elect new officers for this year. Frank Roleff was re-elected president, Sandy Irwin vice-president, Betty DeWitt secretary, Jay Marie Fog treasurer and Patty Darnell and Tibby Riel as Co-Reporters. The new sponsors this year are Mr. LaLance and Miss Thornhill.

Tryouts were October 16. Much time and energy are expected of every new and old member to make the club a "waterful" success.

Minnie Pearl Will Speak November 13 At Wesley Student Group Meet

I'm so proud to be here! And Minnie Pearl, we feel it is indeed a pleasure to have such a distinguished guest to speak to us at the Methodist Student group meeting at 6:00 in the Tennessee Room of the Student Union Building.

Off stage, Mrs. Sarah Ophelia Cannon has been very active in her church work and belongs to the West End Methodist Church in Nashville.

Yes, there is a Grinder's Switch and Minnie Pearl still visits her family near there in Centerville.

For her theme, she will use the title of her book "Christmas at the Grinder's Switch" and we will

certainly get an insight of the Christian faith she carries with her wherever she goes whether it be before a vast audience, visiting close friends, or doing charity work.

The Wesley Foundation is cordially inviting all of the church groups and faculty members to come and hear MINNIE PEARL, comedienne of Grand Ole Opry, who will share some of her "Religion of Laughter" with the campus students.

Yes SMR—See Minnie Pearl November 13 in the Tennessee Room at the regular church hour. You'll be glad you did.

European Tour Group Holds Local Reunion

Dr. Ed Baldwin met with 25 members of the MTSC European Geography tour group at a reunion in the Tennessee room at the college Saturday. The all-day meeting was devoted to the showing of slides and films made during the 39 day visit to 16 European coun-

tries this past summer. A Luncheon and dinner meetings provided plenty of opportunity for reminiscences.

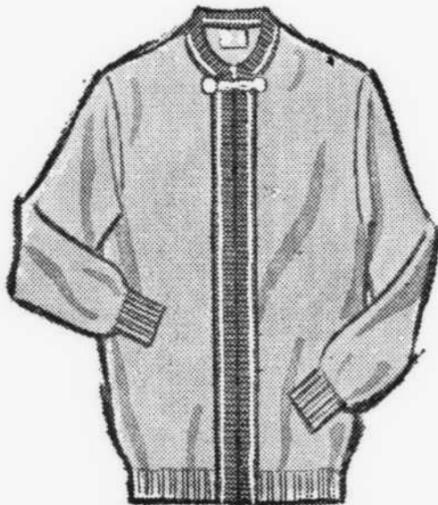

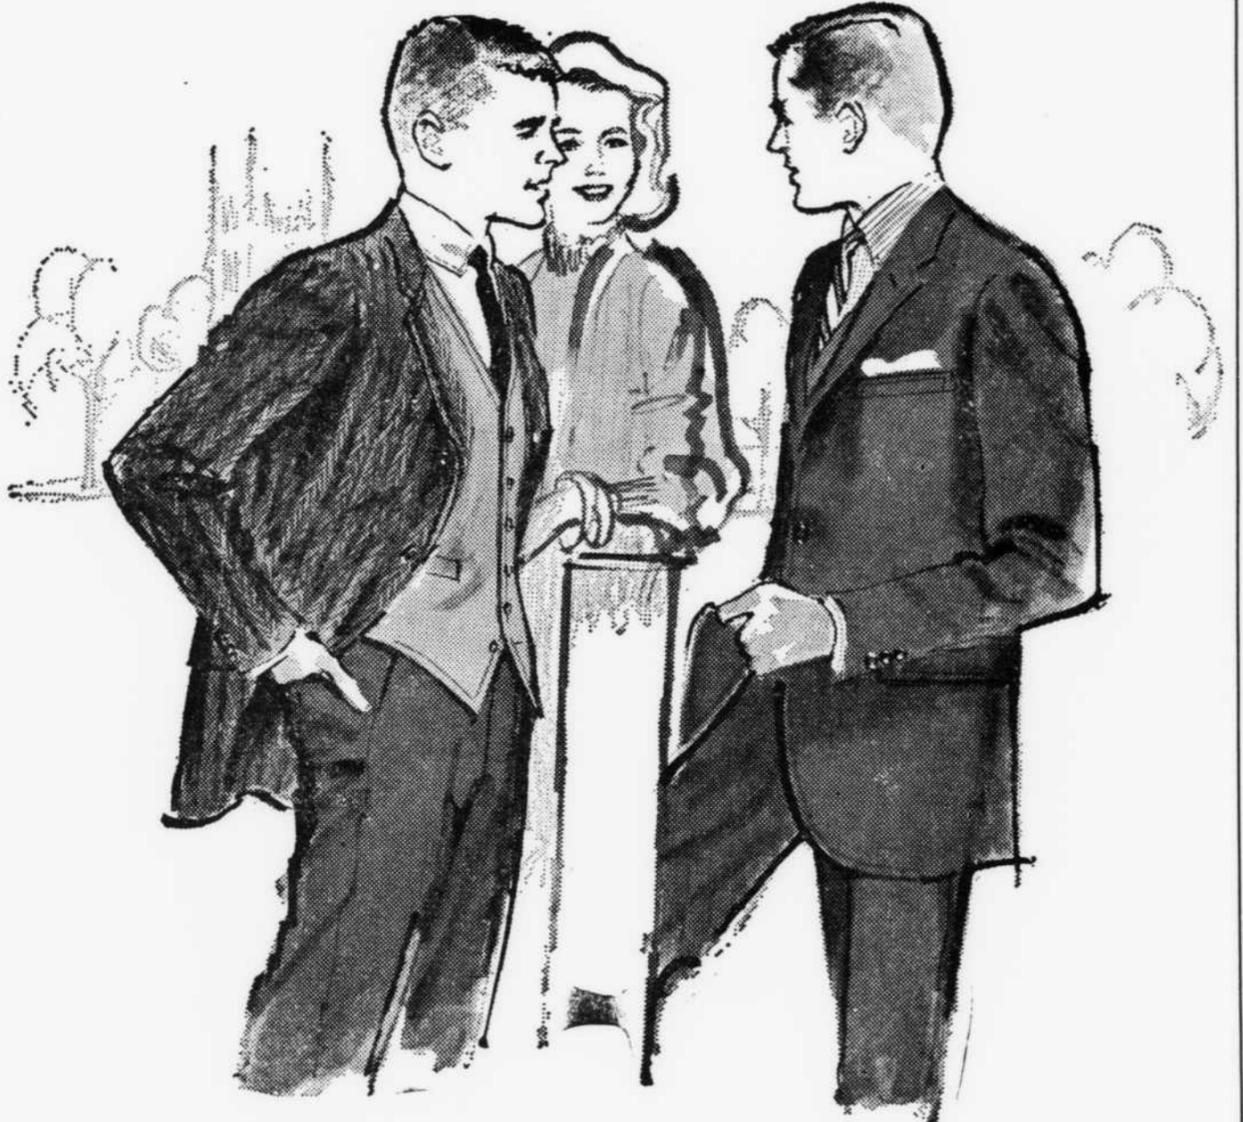

A reunion of 50 members of the Tennessee Aerospace Workshop, under direction of Dr. Bealer Smotherman, was held at the college last weekend.

Goldstein's

"where quality speaks for itself"

COMPULSORY for COLLEGE

Goldstein's curriculum of clothing requirements is based on a thorough study of the national college scene. Unanimous choice in suits is the natural shoulder 3-button classic above (\$45 up). For more casual wear: the herringbone tweed jacket in grey or brown (\$39.50), shown here with contrast vest (\$7.95) and pleatless slacks (from \$7.95). Equally favored: the blazer in navy, burgundy, hunter green, and camel (from \$27.95). Also very big on campus: matching "his" and "hers" cardigan sweaters of hi-bulk orlon acrylic. White, blue, or red with contrast trim (\$9.98), tapered sports shirts with button-down collars (from \$2.99), University socks in white or colors (\$1 and \$1.50).

Come in for a leisurely look at our complete correct-for-college collection. And remember, CREDIT IS ALWAYS AN EASY ELECTIVE AT GOLDSTEIN'S.
