

ASB Officer Nominations To Be May 3

Music Students Aid Visiting Bands At Annual Festival

MTSC music students had busy days ahead of them on the morning of April 22-23. They were responsible for the movement of the activities of the Middle Tennessee Band Festival which was on the campus on those days.

Judges for the festival were Joe Berry Williams, Boyd McKown, George Wain and Newell Long.

Judges' pages were seen with note pads in pockets and pencils behind their ears, taking care of the audition folio and music and darting here and there on errands for their respective judges. These "girl Fridays" were Cornelia Swain, Shirley Jakes, Joyce Kildwell, Catherine Ray, Joan Patch, Norma Jean Pollis, Sarah Connelly, Gerry Keeton, Eleanor Martin, Ruth Spraker, Johnson and Reba Messick.

Information Given
Those working long hours at the information desk distributed materials and were expected to know just about anything. They were Laura Ann Harris, Shirley Jakes, Joan Jernigan, Gay Jennings, Carolyn Anderson, Samuel B. Rigney, James L. Robertson, Catherine Ray, Melba Daniel, Ann Patton and Sarah Connelly.

Several were overheard saying, "We're working on warm-up," which meant that they were custodians of the warm-up rooms, time keepers and collectors of judges' scores and pages. They were on hand to see that each band was in the right place in the right time.

Work on Warm-Up
These special "warm-up" people were John Keith Jackson, Ann Patton, William Maggart, Joan Jernigan, Nelda Daniel, Doyal McNatt, Gerry Keeton, Douglas Williams, Thomas McHugh, Robert Cheesman and Joe Smith.

Students working on instrument cases were the "lock and key" men. Keeping both visual and written records in the whereabouts of the instruments were James Robertson, Thomas Tucker, William Maggart, Thomas McHugh, Samuel Rigney and Robert Cheesman.

The leading job of Doyal McNatt, William Maggart and Howard Rutledge, who were working with the sight-readers, was to be door sentinels. They were responsible for seeing that there was no disturbance while the sightreading session was in progress.

Stage Crew Moves
The stage crew was responsible for keeping things moving with a number of bosses giving instructions. Instructions were issued from each band director, Mr. Pace and the time clock. William Maggart, Tommy Tucker, Charles Wood, Danny Morehead, Doyal McNatt, Howard Rutledge, John Keith Jackson, Jerry Phillips and Samuel Rigney were stationed in this responsible position.

Student Government Convention

Pictured above, left to right, are Nowlin Taylor, president of the Associated Student Body at MTSC, Malcolm Rives, president of the Tennessee Association of Collegiate Student Governments, Luoy Hale, secretary of the state student government organization, and Ross Spielman who will participate on the program at this year's convention. Peggy Ambrester and Joyce Garner, two other participants were not present for the picture.

Six Students Participate In TACSG Convention

Six MTSC students will participate in the two day program of the second annual convention of the Tennessee Association of Collegiate Student Governments. The convention host this year is Carson-Newman College in Jefferson City, Tennessee. Malcolm Rives, TACSG president will preside at the first session opening Friday morning, May 7.

The second session of the convention will be conducted Friday afternoon in six discussion groups concerning college activities. Ross Spielman, MTSC representative will be chairman of the Initiations and School Spirit group. A Campus Publications discussion session will be conducted by Nowlin Taylor, president of the student body and assistant editor of the MIDLANDER.

Lucy Hale, former editor of the SIDE-LINES, has served as 1953 TACSG secretary and will assist President Malcolm Rives at the convention.

Joyce Garner, a junior at MTSC.

Planning Conference To Be Held At MTSC

MTSC will be the site for the Middle Tennessee Planning Conference May 18, the State Planning Commission announced last week.

The schedule for the meeting includes session discussions of Middle Tennessee housing and zoning problems.

A number of planning exhibits will be on display.

Jennings, Maggart To Be Presented In Senior Recital Tuesday Evening

William Maggart is the son of Mr. and Mrs. E. T. Maggart of Westmoreland, Tennessee. Since his entrance to MTSC he has been a member of the Sacred Harp Singers, Varsity Choir, Secretary of Band, President of Chorus, Vice-president of Alpha Psi Omega honorary dramatic fraternity, Treasurer of Buchanan Players, a member of Pi Mu Sigma honorary music fraternity, Sgt. at Arms of Junior Class, member of Supreme Court of Associated Student Body, and was selected for the 1954 edition of Who's Who in American Colleges and Universities. He is a soloist in the First Presbyterian church choir and appeared as Alfio in Mascagni's "Cavalleria Rusticana."

Gay Jennings, soprano, and William Maggart, tenor, will be presented in senior recital Tuesday evening, May 4, at 8:00 p.m. at the Middle Tennessee State College auditorium.

Miss Jennings is the daughter of Mr. and Mrs. J. L. Jennings of Fayetteville, Tennessee. While at MTSC she has served as Vice-president and Secretary of the Chorus, Vice-president and Secretary of Pi Mu Sigma, honorary music fraternity and Vice-Dean of the Student Guild of Organists. She is a member of the Women's Trio, and Sacred Harp Singers, Band, Varsity Choir, Orchestra, Buchanan Players and Pi Kappa Delta honorary forensic fraternity.

She is a soprano soloist with the First Presbyterian Church Choir. She sang the soprano lead in Gilbert and Sullivan's "Trial by Jury" and appeared as Lola in Mascagni's "Cavalleria Rusticana." This year she was a candidate for the senior class for Midlander Queen.

Miss Jennings' program will consist of Part I, Allersellen by Richard Strauss, Aufenthal by Schubert, "Tout est si beau!" by Rach-

WHAT? SO LATE

ACP—Closing hours for women's houses at Kansas State College have been extended a half hour to 10:30 p.m. on week nights. The ruling was made despite strong opposition from fresh coeds. The freshmen feared a time extension might hurt scholarship, result in less sleep. Upperclassmen had no such doubts—they voted for extension.

who was selected as "Miss Campus of Tennessee" in the beauty contest last year, will present flowers to this year's Miss Campus of 1954.

Dean Clayton L. James, State advisor for the Collegiate Government Association will preside at the advisors meeting Saturday morning, May 8.

The election of new State officers and of divisional officers will be held during the fourth session, Saturday afternoon. The assembly will conclude with installation ceremonies following the elections.

Agriculture Scholarship Board Honors Ten '53 Winners At Banquet

Ten students attending MTSC on the Agriculture scholarship fund were honor guests Thursday evening, April 22 at a banquet given the scholarship recipients by the Board of Trustees of the fund. The banquet was given in dining room B of the Union Building.

The first group to receive agricultural scholarships includes: Thad Perry, Wayne Davenport, Frank Robinson, Thomas Swain, Clark Gannon, Larry Parsley, Jim Neely, Howard Hatcher, Nick Lowe and Glendon Richardson.

Other guests of the scholarship board were Jesse Safley, farm editor of the Nashville Banner; Dean N. C. Beasley; Mr. T. B. Woodmore, MTSC bursar; and President Q. M. Smith.

Approximately fifty students, faculty members, and board members were present.

mannoff, and Pettis Ouseau by Riegel. Part II will include Cera una volta un principe and "Il Guarnay" by Gomez. Part III includes Breath of A Rose by Stell, Let My Song Fill Your Heart by Charles, Lagan Love and Irish Folk song and Floods of Spring by Rachmaninoff.

Mr. Maggart's program will include Walther's Prelied from "Die Meistersinger von Vurnberg" by Richard Wagner; Obelissini Capelli by Andrea Falconier; Che Piero Costume by Giovanni Legrenze; Jeune Fillette by Nicholas Dalayrac; Chant Window by Hermann Bernberg; Wounded Birch by Alexander Gretchaninoff; My Lady Walks in Loveliness by Ernest Charles; and Three for Jack by W. H. Squire.

TO Luncheon Date Set May 1

The annual Tau Omicron Alumnae luncheon will be held May 1, 1954 in the Student Union building on the MTSC campus at 10 o'clock in the morning. All Alumnae are invited to attend. Please notify Miss Elizabeth Schardt at the college.

Active Vets Club Triumphs As Membership Grows

by TED MORGAN

Organized veterans of MTSC began their third successful quarter as an active campus unit April 13 when a meeting was held to discuss plans for the club's future.

The MTSC club has at present 52 members as compared with the 39 it reported as having had October 1953. A growing interest of veterans in their G.I. Bill rights and announcements of news in this same regard is attributed to be the reason for the membership gain.

Losses Treasurer
Although the Veteran's Club shows an increase in membership strength, it reports the loss of its treasurer, Bobby Huddleston. The vacated cabinet post will be filled temporarily by Wm. Cain, the club's adjutant.

Executive positions will remain unchanged. Commander Billy Hix, Vice-Commander John Markle, Adjutant Wm. Cain, and Sgt.-at-Arms Sammy Lewis will continue to supervise the organization's activities.

At an earlier meeting the veterans organization chose Jesse Crowe, Social Science instructor, as its counselor. Crowe is a veteran of World War II.

Pleased With Crowe
Disclosing why Jesse Crowe was chosen, Wm. Cain asserted, "Mr. Crowe was chosen because he is not only an outstanding figure on the campus, but had met the unanimous approval of the veterans club." Cain added, "He has the admiration and respect of this organization."

The campus organization drew up a Constitution for its club in a series of meetings last Fall when it was first formed. The charter is much on the same line as the military standard of law and the unit's members abide by its regulations. Dean James was given custody of the document.

Veterans who have served in the armed forces on active status for 90 days and who hold certificates of an honorable separation from that respective service are encouraged to join. All persons meeting the specified requirements are eligible for membership into the Veterans' Organization.

The Veterans Organization welcomes all faculty members of the MTSC teaching staff who have had previous service to its announced meetings. Faculty members who have seen service are approved honorary members in tech club and are cordially invited to its activities.

Boutwell, As Swami, Does Memory Feats

Ever have trouble with your memory? Particularly with lists of things—ten reasons for this, five names for that!

The Buchanan Players witnessed the astonishing power of memory of a mysterious Indian named known better to the players as their own Mr. B.

Assisted by Bill Cain, Mr. Lane Boutwell performed astonishing feats of memory by concentrating on a list of twenty words; and answering to any number by the audience. He then committed two lists to memory and repeated them alternating from list to list and from top to bottom—

Confusing?? Not to Mr. B.

Fourteen Attend FTA Convention At David Lipscomb

Fourteen future teachers and two faculty sponsors of the MTSC chapter of Future Teachers of America represented the college at the State FTA convention held April 23 at David Lipscomb College in Nashville. The group included:

Lucy Hale, Dot Doughlas, Shirley Keyes, Billy Davis, Ann Wilkins, Gilmon Jenkins, Faye Ogg, Betty Webb, William Clark, Kenneth Linton, Dossie Taylor, Lawrence Pluk, Howard Barnes, Sara Dean, Dr. Howard G. Kirksey and Dr. H. Belt Keathley.

IRC Elects '54 Officers

Ray, Jones Receive Honor Keys For '53

Carol Hogan, MTSC junior majoring in social science, was elected president of the International Relations Club Thursday, April 22 at the organizations, first official meeting of the quarter. Other officers elected were: Dolores Ross, first vice-president; Howard Ray, second vice-president; Quentin Lane, third vice-president; Betty Williams, secretary; and Duncan Everett, treasurer.

Four major announcements were made at the business session of the meeting. They were:

1. Howard Ray, past president, and Beverly Jones, former second vice-president, were chosen to receive the International Relations Club honor keys which are presented each year to senior members who have been outstanding participants in the organization.
2. The outstanding graduating senior whose major is within the department of social sciences will be named to receive the Award of Merit Thursday, April 29. The award is based on scholastic standing, leadership, general citizenship, contributions to the school, promotion of social science as a course of study and anticipated usefulness to society.
3. A letter of recommendation will be placed in the permanent file of each senior who has attended regular meetings of the club and has contributed to its activities.

Dairy Tests Will Be Conducted Here

The department of agriculture at MTSC will be the center of the proposed dairy testing program for Middle Tennessee. The program will be put into operation when a goal of 10,000 cows are pledged for the testing process which will provide adequate records for the dairymen.

The central planning committee unanimously requested that the central testing laboratory be located on this campus under the agriculture department's supervision. According to Dr. Clifford N. Stark, department head, the program operation will afford additional student jobs in both testing of samples and compiling dairy records.

On the basis of the minimum program goal, the cost of testing will be 10 cents per cow per month. Only with records of milk output, butter fat content and feed cost can the dairyman determine the value of each cow in his herd.

Dr. Stark said, "a better system of farming is inevitable."

The chemical, toxaphene, which is used to spray with, is known to last at least a week, and under ideal conditions weeks are not unusual. The cost is \$2.25 an acre this year.

According to Mary Will Cox, 1954 editor of the MIDLANDER, the new yearbook will be ready for distribution by May 28. The book is being printed by McQuiddy's in Nashville.

'A' Company Wins Inspection

"A" Company of the Middle Tennessee State College ROTC battalion won the best drilled company award during the annual Federal inspection held April 19 and 20.

Cadet officers of the company are: Commanding Officer George E. Brown, Executive Officer 1st Lt. Wyatt N. Taylor and Platoon Commanding Officer Alfred L. Evans, William R. Ford and Charles L. Haynes.

Pictured above is Company A of the Middle Tennessee State College ROTC battalion which won the best drilled company award during the annual federal inspection held April 19 and 20. Cadet officers of the company are: Commanding Officer George E. Brown, Executive Officer Lt. Wyatt N. Taylor, Training Officer Lt. Ronald F. Doty, 1st Platoon Leader Lt. Alfred L. Evans, 2nd Platoon Leader Lt. William R. Ford and 3rd Platoon Leader Lt. Charles L. Haynes.

Special Assembly Will Be At Ten A.M. Monday; Election Polls To Open May 10

Eight Recitals Remain On Music Schedule

Four senior recitals by music majors are included in the department's schedule for the remainder of the quarter. They will be presented by Gay Jennings and Bill Maggart May 4 and by Sarah Connelly May 18. Miss Connelly will be assisted by John Jackson and Eleanor Martin.

The complete schedule through May 31 includes: the first Senior Recital Tuesday, May 4 at 8:00 in the college auditorium; Student Recital Thursday, May 6 at four o'clock in the afternoon, the college auditorium; Young Artist Recital at eight o'clock in the evening, Wednesday, May 12; Studio Recital, 4:00 p.m., Saturday, May 15; the second Senior Recital Tuesday, May 18 at 8:00 p.m. in the auditorium; Student Recital Thursday, May 20; Studio Recital Saturday, May 22; Young Artist Recital Tuesday, May 25 at 8:00 p.m.; and pre-college recital Monday, May 31 at 7:30 p.m.

Who's Buzzing The Campus?

By TOM HILL

If you thought the Russians were buzzing us yesterday with airplanes you were not too far wrong. The army worms are back again in full force. Working through the county agent, the Planter's Flying Service of Blytheville, Arkansas is out to stop them before too much headway is made.

The college farm was the first one in the county to be treated. 60 acres, 45 of barley and 15 of oats, in all were sprayed. Dr. C. N. Stark, head of the agriculture department said that they were only treating the small grain because the alfalfa would be cut before any damage can be done to it.

The planes are operating from the Murfreesboro Municipal Airport. They are alternating between here and Franklin every other day, and will be in this vicinity for about two or three weeks.

It was revealed last week by the UT entomologist that armyworms hatch in five broods, a different one every four days. Last Wednesday, according to Dr. Stark, three broods were definitely found and possibly a fourth one was seen on the college farm.

The chemical, toxaphene, which is used to spray with, is known to last at least a week, and under ideal conditions weeks are not unusual. The cost is \$2.25 an acre this year.

According to Mary Will Cox, 1954 editor of the MIDLANDER, the new yearbook will be ready for distribution by May 28. The book is being printed by McQuiddy's in Nashville.

'A' Company Wins Inspection

"A" Company of the Middle Tennessee State College ROTC battalion won the best drilled company award during the annual Federal inspection held April 19 and 20.

Cadet officers of the company are: Commanding Officer George E. Brown, Executive Officer 1st Lt. Wyatt N. Taylor and Platoon Commanding Officer Alfred L. Evans, William R. Ford and Charles L. Haynes.

Evans, 2nd Platoon Leader Lt. William R. Ford and 3rd Platoon Leader Lt. Charles L. Haynes.

On Monday, May 3 a special assembly will be called for the nomination of officers for the Associated Student Body in 1954-55. The assembly will be at 10 o'clock in the morning. All nominations for the ASB officers of president and vice-president must be made. It is not necessary that all candidates make their opening campaign speech at that time.

Election of ASB officers will be one week later, May 10. Polls located in the first floor of the Administration building will be open to voters from 8:00 a.m. to 4:00 p.m. There will be two voting lines, one for voters whose names begin with the letters A through M and a second line for those beginning with N through Z. Much time can be saved if the right line is used. Also, special students or students in the graduate division should specify the college roll on which their name is included.

Article III of the constitution of the Associated Student Body pertaining to the election of officers is as follows:

ARTICLE III: Sec. 1. All officers elected by the ASB appointed by the president of the ASB or elected by the classes, must have an average grade of not lower than C.

Section 2. The president of the ASB shall be from the senior class and may be either a man or a woman. He shall be recognized as the ranking officer of the ASB. He shall preside at all student assemblies. He shall be responsible through his associates in office to see that all laws of the school are enforced.

Section 3. The vice-president shall be from the senior class. He will preside in the absence of the president, and act as non-voting chairman of Congress.

Section 4. If the president of the ASB is a man, then the vice-president shall automatically be a woman and vice versa.

Article IV. Section 1. Election of all executive officers shall be held during the last month of the spring quarter. All candidates must have at least a C average and stand high in citizenship.

Section 2. Candidates receiving a majority of votes shall be declared elected.

Section 3. Counting of ballots on all other matters pertaining to the elections shall be conducted by the president of the ASB, and the Supreme Court.

Work To Begin On Union Building Air Conditioning Within Two Weeks

E. S. Voorhies, maintenance department head, has announced in a spring quarter progress report that work is expected to begin on air conditioning the Union Building within the next two weeks. With the daily rise of temperature, the proposed cooling system as well as the present installation in the library

The report included three points of progress concerning Monahan Hall:

(1) The parking lot has been completed on the west side of the building and is ready for use. It is requested that the service entrance be kept clear for service vehicles only.

(2) The department believes that by raising the surface elevation around the south and west sides of the building the inconvenience caused by high water will be kept to a minimum.

(3) As soon as possible all grounds adjacent to the building will be graded and sown in grass. The maintenance department requests that students cooperate by staying off the grass until its growth is started. This area can be made into one of the most attractive spots on the campus, the report stated.

Work being done by contractor on a new maintenance building is estimated to be completed by June 1. The new ROTC building is scheduled to be completed by August 1.

Among those attending were: Lane Boutwell, the Players' director; Keith Stephens, former club president; Jimmy Anderson, newly elected president; Lucy Hale, Wallace Midgett, Jean Morrison, Howard Murrill, Lois Stedman, Dolores Sorrells, Joyce McMillan, Nancy McClary, Martha Sue Williams, James A. Martin and James Boswell.

PLAYERS ATTEND COMMUNITY REVIEW OF 'INDOOR SPORT'

The Buchanan Players attended "The Indoor Sport," a comedy farce presented by the Community playhouse in Nashville, Tuesday night, April 27. The play is being reviewed in Nashville previous to a Broadway run next fall.

The company will receive a streamer for its guidon standard, and each member will receive a distinctive badge to be worn on the ROTC uniform.

The inspection team included Col. Paul C. Serff, Lt. Col. Paul V. Fahey and Major Jack L. Lerner.

The inspecting officers observed classroom, administrative and drill procedures while on the campus. The unit passed in review April 20, before the inspection of arms and uniforms of cadets took place. Those who were in the reviewing stand were:

Miss Eucle Mae Wallace, ROTC queen; President Q. M. Smith; the federal inspection team members: Lt. Col. John D. Bradley, PMS&T; and Captains Christopher B. Sinclair, Crawford Keith, William H. Vail, and R. E. Stone, instructors on the college ROTC staff.

Pictured above is Company A of the Middle Tennessee State College ROTC battalion which won the best drilled company award during the annual federal inspection held April 19 and 20. Cadet officers of the company are: Commanding Officer George E. Brown, Executive Officer Lt. Wyatt N. Taylor, Training Officer Lt. Ronald F. Doty, 1st Platoon Leader Lt. Alfred L. Evans, 2nd Platoon Leader Lt. William R. Ford and 3rd Platoon Leader Lt. Charles L. Haynes.

VOTE FOR ASB OFFICERS MAY 10

The highest number of votes for any election on campus this year is 350. Our total enrollment this quarter is over 1300 students.

Elections for the president and vice-president of the Associated Student Body will be May 10. Polls will be open from 8:00 a.m. to 4:00 p.m. They will be located in the hall on the first floor of the Administration building.

The above facts are repetitions. Certainly they should be known already. Also, we believe that they speak for themselves.

If you want a representative student government, YOU must contribute two things, your vote and your support after the election. At present, the vote is of most importance. Nominations will be made May 3. There will be a week for you to consider the platforms of the candidates. There will be eight hours for you to cast your vote. There will be twelve months for you to give your support to whomever may be elected. If you don't have time to vote, take it—it will be time well spent!

'WHAT NEXT?'

... to seniors, this question is the all important one in the spring of the year!

For many, perhaps most of them (90% have obtained a teaching certificate) the question is, where to teach?—or, where to find various other of the many types of employment.

There are prospective secretaries and accountants from the department of business administration; draftsmen from industrial arts; home agents in home economics; recreation directors from the physical education department; welfare workers with majors in social science; chemists from the chemistry department and more and more representing all parts of the college curriculum.

In our competitive age finding a job is like the proverbial

needle in a haystack without the guidance of the college's placement service.

Mr. Robert Abernathy, MT SC extension director, is best known on campus as the man in charge of both student placement while attending college and of employment aid after graduation.

His office is alert to help seniors know about the positions available by notices on the bulletin board in the Administration building and by personal letters about job openings. Also, arrangements for interviews are made with representatives of school systems throughout the country who come to the campus.

As each spring quarter rolls around the work of the service is increased and the appreciation of a larger senior class is extended.

'THE MERRY WAY' ... A Drama in Two Scenes

Scene One, almost anywhere on the MTSC campus.

"Let's have a meeting at six o'clock."

"But, I can't come 'till 6:30—"

"O.K. we'll make it at that time, what about everyone else?"

"Not Tuesday night; well maybe Wednesday—"

"In that case, we'll meet Thursday at six—no, 6:30—tell everybody to be sure and come."

Scene Two, seven o'clock, Thursday night.

"She said to tell you that—"

"I meant to get here earlier but—"

"I meant to get here earlier but—"

"We must have time anyway!"

MEETING DISMISSED

"There's a struggle we turn in every direction and seemingly no merry way"—letting George do it provided he isn't looking in the sun.

The way to a college education are many and, in most cases, merry. There is the academic way, essential, but incomplete without the social and extra-curricular ways. Each quarter we must maintain a balance between the three, and such is obviously most difficult in the spring.

Not only the academic, but—also—even the extra-curricular way is not so merry this quarter. By process of elimination (of classes and clubs) we all know which one is!

A well-used quotation states "You get out of anything just what you put into it."

A sun tan is fine; but, at the risk of sounding prophetic, who is getting the "third degree", you or your education?

We Know We Have Room For Improvement,

... and we hope that you who are students, faculty and members of the college community will help us during the next editorial year by your interest, support—and sympathy.

The SIDELINES was one of 18 college newspapers in the semi-monthly division to receive a second class rating by the Associated Collegiate Press' critical service. Seven newspapers in the division received first class ratings and four were all-American. For the 1953 fall quarter 444 college papers from throughout the United States were rated.

The SIDELINES received "excellent" rating in coverage for news sources, in content for features and speech and interview stories, and in

physical properties for the nameplate and running head. "Very good" ratings were received in coverage for creativeness, in content for leads, and in physical properties for sports display and headlines.

Next fall a new staff will take over the paper, and new policies will begin; but a greater enthusiasm exhibited by the readers and an open constructiveness by the critics will be of equal, if not of more value to the SIDELINES.

New members are needed on the staff at any time during the year. However, if you do not want to do actual work on the paper, your interest and support will go a long way in making the SIDELINES a better college publication.—A.W.

LYON LINES ...

Congrats To Jean and Joyce

Congratulations to MARTHA JEAN GRAY and JOYCE PAYNE who will always remember this Easter as the day they received their beautiful diamonds.

Second best seemed to be the gay Easter corsages rated by the following: MARY LIB DREWRY, NANCY MCCLARY, MACIE HARRIS, JOANNE AYLER, MARGUERITE COTTON, MARGARET COLEMAN, LINDA BUTLER, and SHIRLEY GALBREATH.

New hair styles have been initiated at Lyon by HAZEL TERRELL, ELMA MURDOCK, MARTHA HARRISON and BETTY JO HYDE. (Betty's was the first shortie since the tender age of ten!)

What is this about JOANNE LEA flying to New York? Could some special boy be the reason, Joanne? Sound like a grand trip!

MARY MARGARET STEGALL, why don't you keep your shoes on your feet instead of throwing them up in the trees? We like them better on the ground; don't you?

BETTY LYNN KNIGHT spent a recent week-end with her romie MARY JOYCE WILLIAMSON.

Birthday greetings are in order this month for CHARLOTTE WILLIAMS, SUE DURHAM and DOT KEY.

REC CLUB TO HAVE SECOND AMAZON

MTSC's Recreation club will sponsor its second Amazon Party of the year tomorrow night starting at 7:30 p.m. in the Old Gym.

The party will include both square dancing and round dancing. All girls are asked to bring their dates, but boys are invited to attend the dance also. Admission will be 30c for couples and 20c for singles.

Members of the publicity committee are Mary Joyce Williamson, Ross Spielman, Quentin Lane, Carolyn Ledford, and Lois Stedman. Those to take tickets at the door are Chick Lannom, Marguerite Cotton, Martha Evans Harrison and Carolyn Ledford. In charge of cake sales will be Lila Mabrey, Shirley Hays, Marian Askins, and Mary Liz Lunn.

Alumnus Joins New York Advertising Agency Staff

John T. Cunningham, MTSC alumnus, has joined the Public Relations and Publicity Department of Anderson & Cairns, Inc., advertising agency in New York, N. Y.

Mr. Cunningham will work on the development and coordination of publicity and public relations programs handled by the firm.

He was previously with the New York sales office of Fulton Bag and Cotton Mills, having earlier been with the Chemical Bank and Trust Company of New York. From 1948 until 1952 he was credit manager of the First National Bank and Trust Company, Phoenix, Arizona.

A native of Murfreesboro, Tennessee, Mr. Cunningham was formerly associated in various editorial capacities there with the Daily News Journal and Rutherford Courier.

After graduating from Middle Tennessee State College, Mr. Cunningham was a radio announcer and news commentator with Station WSPB, Sarasota, Florida. He was a Lt. (jg) in the United States Naval Reserve during World War II, serving in the South Pacific and later as an airship pilot flying blimps at Lakehurst, N. J.

Alpha Psi Pledges Two

Two initiates into Alpha Psi Omega, campus honorary dramatic fraternity, were pledged Tuesday night, April 27. They were Natalie Stewart, a junior here, and Nancy McClary, a member of the sophomore class. An initiation dinner is being planned by the fraternity.

Eds and Co-Eds ...

All-Round Seniors Are Boy, Girl Of The Month

Lois Stedman

A gay smile and flashing dark eyes describe perfectly our girl-of-the-week, Carolyn Ledford, who hails from Lewisburg, Tennessee. This popular young lassie has become one of the best all-round students on this campus.

Carolyn attended Marshall County high school, where she was very active in school organizations. During her four years she was a member of the Dramatic club, 4-H club, and the intramural basketball team. Her leadership ability won her the offices of president of the Chorus, songleader of the Future Homemakers of America, subscription manager of the annual staff, and vice president of the Bi-Chem club. Carolyn also appeared in two plays, "Where is Betty Lou?" and "Clementine."

Ledford

Following her high school graduation in '51, she entered MTSC immediately that summer. Since then she has continued her outstanding work in campus activities. She has been a member of the WAA, and at present she is a member of the Buchanan Players, Speech Arts Society, Alpha Psi Omega, Saundrian Society, SCU, Chorus, and the Aquatic club. She is treasurer of the MSM, and member of the executive committee of the Recreation club. She served on the publicity committee for this year's Religious Emphasis Week. Her speech has included a play, "The Infernal Machine". This year, she held a place on the MTSC debating team which took part in the Middle Tennessee Forensic League Tournament.

For the last two years during summer vacation, Carolyn has been employed at Cedar Point resort on Lake Erie in Sandusky, Ohio as a cafeteria worker. This coming summer she hopes to either work at Stoffer's Restaurant in Cleveland, Ohio or to serve as a counselor in a youth camp in Maine.

Major is Social Science. Our girl-of-the-week is a member of the Methodist church in Lewisburg. Her major subject is social science and her minors include speech, art, and education. Her future plans are rather indefinite, but she hopes to teach or become a buyer for some department store.

Tops on the list of Carolyn's hobbies and special interests are basketball, horseback riding, swimming, dancing, popular and classical music, ballet, dramatics, and sketching.

From Lebanon comes our popular boy-of-the-week, Carlous Lannom. As a member of the '48 graduating class of Lebanon high school, Chick

Community Concert Ticket Drive Begins

The Community Concert ticket drive began Monday, April 26 and will last through Saturday, May 1. Student membership tickets for the season are only \$3.00. Tickets may be purchased in the college bookstore or by contacting Miss E. Mae Saunders, Dr. Philip Howard or Mrs. Neil Wright of the music department.

The only artist which has been announced for next season is Gladys Swarthout who will perform in the college auditorium November 2. Two other performances will be scheduled at a later date.

CAMPUS ROUNDUP

Five More Weeks of Spring Quarter To Include Socials, Exams, Convocation

by LIZ HAY

Tho' busy April days may come your way—Don't despair—It is only the commencement of the fun in May.

Yes, truly these remaining weeks of the Spring quarter promise to be packed with exciting moments for MTSC students. Let's review the social calendar.

On April 29, Thursday night, we see the Chemistry Club planning a weiner roast to be held at Dr. Wiser's farm and afterwards an exciting hay ride.

The A.A.U.P. Scholarship Dinner is going to take place April 30, Friday at the Student Union Building.

May 1, Saturday promises two events—The T.O. Alumni Luncheon in the S.U.B. and the Home Economics Club, I.A. Club Social at Bedford Lake.

May 4, Tuesday, promises the Jennings and Maggart Senior Recital.

The Home Ec. Club is planning its Senior Dinner on May 11, Tuesday. On May 13, Thursday night, we find both the M.S.M. Social and the B.S.U. Banquet taking place.

And May 14, Friday night—Why the Spring Formal!!! May 15, Saturday night reminds us that The Sigma Club is having its annual banquet.

May 17, Monday night is being reserved for the athletics—The Athletic Banquet being held in the S.U.B. at 6:30 P.M.

On May 18, Tuesday night, we find in the auditorium the Connolly and Jernigan Senior Recital being

FROSH FACTS ...

SUN TAN ANYONE?

By Zena Smalling

This spring weather makes all our minds turn to many things—none of them, studying. One interest lies in the minds of our bathing beauties, namely SHIRLEY CHOATES, BETTY WYDELL, LOU OSBORNE, SHIRLEY VINSON, MRS. PARKS, and LAVETA EAS- TES. These girls seem to spend all their free time on the fabulous beach (lacking water) of Monohan Hall. Everyone really looks healthy after the first few "red" days.

Softball and tennis are activities which occupy more time. A big softball game was staged recently between Lyon and us. JODY KARNES and SHIRLEY BLAND are our captains and these girls are supported by players such as JOANNE REDDING, JUANITA PRINCE, JOAN WOODARD, SUE OLDFHAM, JIMMIE BURR, FAYE PRESNELL, and JUDY VANATTA. Quite a bunch of athletes!

A few brave girls were present in the dark "ghostly" rooms during the Easter weekend. AVALINE ELLIS, RUTH SPRAKER, PEGGY TOWERY, SUE DAVIS, and MARY COOK, were the few people who enjoyed the nice quiet atmosphere of the deserted campus. It was certainly a lively place, believe me!

Spring really is a time for darling clothes. NANCY PARKINSON looked quite chic the other day in her orchid cotton, trimmed in matching lace. Also a pretty lady was KATHERINE CURTIS in a pink skirt with a lush candy striped, ruffled blouse. All the girls look so fresh and nice in their full skirts and blouses, it's really fun to go to breakfast to watch the outfits come in. (If one can see that early in the morning!)

You know the often quoted statement about love in the springtime. As it should be, cupid is present in a lot of new couples hearts. SUE and reading.

(Continued on Page Four)

Smotherman Meets With Southern Educational Administration Committee

Dr. Bealer Smotherman of the MTSC faculty was in Chapel Hill, N. C., last week attending a meeting of the committee of which he is a member of the Southern States Cooperative Program in Educational Administration.

This committee, one of those among the professors of school administration in the Southern region has the major problem the improvement of the preparation program for school administrators.

Dr. Smotherman, who flew to the meeting at Chapel Hill, discussed the work of the school administrator in working effectively with school boards.

DR. WISER ATTENDS U-T DEDICATION

Dr. J. Eldred Wiser, MTSC chemistry department head, was a recent guest of the University of Tennessee chemistry department at the dedication of its new \$1,200,000 chemistry building on the Knoxville campus.

Educators, chemists and representatives of chemical and allied industries throughout the state received special invitations to the two-day program which features a symposium on the field of chemistry and a tour of the new facility.

MIDSTATE ENGLISH CONFERENCE HELD

The annual English Conference for the mid-state area was held at Middle Tennessee State College Saturday, April 24. Special sessions included instructive discussions on the teaching of Grammar, Successful Teaching of spelling and vocabulary, Teaching Composition, and Taking Care of differences in ability.

Teachers of English throughout the area were on campus for the

conference. A number of MTSC students who plan to enter the field of education also attended.

as an Aviation Cadet. See him while you can.

Captain David R. Miller of the 311 Aviation Cadet Selection team is staying at MTSC in the Student Union Building on 6 and 7 of May, 1954.

He will be available between the hours of 9:30 and 3:00.

Those desiring further information on career opportunities in the Air Force may contact Capt. Miller at Aviation Cadet Selection Detachment 311 Sewart Air Force Base, Tennessee.

Wildroot Cream-Oil is America's favorite hair tonic. It's non-alcoholic. Contains soothing Lanolin. Crooms hair, relieves dryness, removes loose dandruff. Get Wildroot Cream-Oil, Charlie! Low at 29c.

IT'S ALL A MATTER OF TASTE

They're all the rage with college kids. With gals and men alike. So round, so firm, so fully packed—I speak of Lucky Strike!

Barbara Bennett Lawrence College

When you come right down to it, you smoke for one simple reason...enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco...light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

The cigarette that really tops the campus hit parade is Lucky Strike. Enjoy the taste because it's better made!

Celin Vaernewyk Boston University

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

LUCKIES TASTE BETTER

Jones Is Latest Addition To MTSC Coaching Staff

Bill Jones, latest addition to the MTSC coaching staff, will bring relief to two of the most over-worked members of the present Raider staff and will prove a valuable addition to the MTSC staff's faculty, according to President Q. M. Smith, who announced

Jones' transfer from Hillsboro high school to MTSC.

Coach Charles Murphy stated, "We think the college administration has made an excellent choice in Jones. I think he'll make us a good man." Murphy, Raider athletic director plans to have Jones assist him in football, with Charlie Greer getting badly needed assistance in basketball. Greer has been carrying the full burden of recruiting, coaching and managing the Raider basketball team in addition to aiding in football camp coaching and scouting.

Gene Sloan, college athletic chairman, said that Jones would be of material aid in the increased sports program at the college. "As I understand Coach Murphy's plan he will relieve Coach Patty of some of the football coaching so that Patty may give more time to business managing of athletics. Coach Hayes will still handle the football line and will move in as head coach of track."

Jones came to Vanderbilt University in 1948 from San Angelo Junior College in Texas and since his graduation has been coaching in Davidson county. He is 28 years old, is married and has one son, Jeff Jones.

His basketball success at Hillsboro has been almost phenomenal. In four years the Burro team has won 93 games, lost 23, won the district championship in 1951-52-53, the regional title in 1953 and was in the TSSAA state tournament in 1952 and 1953.

SISSOM TO ATTEND AVIATION WORKSHOP

Charles S. Sissom, MTSC graduate, now a faculty member at Central High School in Shelbyville is among 100 teachers in the state who have been selected by the Tennessee Bureau of Aeronautics to attend the Aviation Education Workshop at the University of Colorado this summer.

Sissom teaches science, algebra, economics, general business, biology and music.

The scholarships include transportation, tuition, room and board. The Air Force will furnish transportation to and from Boulder.

The workshop begins July 22 and ends August 24.

Banks Aids Hunter In Seventh Inning For 11-7 Victory Over Austin Peay

Lynn Banks won his second game of the season after relieving Raymond Hunter in the seventh inning of the important VSAC contest with Austin Peay April 15. The Raiders won 11-7 as a result of one wild inning in which the Raiders scored nine runs.

Trailing four to two in the seventh of the dampish affair which had been shifted to the Veterans Hospital diamond due to wet grounds, the Raiders poured down as the rain let up. Shrader was on when his line fly to right field was muffed. Johnson and Osteen walked, leading the satchels. Martin Garret doubled, scoring Shrader and Johnson. Mitchell Thompson doubled, scoring Osteen and Garret. John Carson walked. Lynn Banks fanned and Buck Rollman pinch hit for Johnny DuVal and tripled, scoring Carson and Thompson.

Jim Stinnett, who earlier in the game had hit one of the longest balls of the year only to have it caught, now connected with a sizzling single that scored Rollman. Shrader, who had started the big rally came up to blast a triple that allowed him to score when an error was made on the throw in.

The Governor's threatened again in the ninth, scoring three runs on four hits.

Doug Shrader was credited with four hits, including two for extra bases. Mitchell Thompson seems to be Coach Fran Riel's answer to a hitting short stop. He also collected four hits against the Gov's.

MTSC Wins Second Murray OVC Game

Middle Tennessee State turned on the power Wednesday afternoon, April 21 to win its second OVC game from Murray State 11-3 with Jim Ballard giving up nine hits for the winners.

Doug Shrader continued to bat .500 when he hit for a home run, triple and a single. Martin Garret also pounded three hits, including a double. Ballard hit a triple. Thompson and Stinnett hit two singles each.

Every man who played for the Raiders scored with Osteen and Shrader denting home rubber with spikes two times.

Along the SIDELINES

By JOHNNY DU VAL

Can anyone remember when there was a Middle Tennessee baseball team with more power than the team this spring? The big question comes: Can it last?

The Raiders are, at the time of this writing, resting on a 6-2 won-lost mark. They have failed to hit double figures in the scoring column only twice, against Miami (6-3) and against Florence (3-4). And now with six games under the belt, they have 88 big hits, including six doubles, seven triples, and six home runs, and 35 runs, an average of nearly 11 markers per game.

The big man with the stick so far has been rightfielder Doug Shrader, boasting a terrific .677 mark. He's connected 21 times for base hits and six of them have been extra base blows (2 doubles, 2 triples and 2 home runs). And it's not too often that three hits in five trips will pull your average down nearly .20 points. That's what happened following the Murray tilt when his mark dropped from .692.

Second baseman Martin Garret has shown up exceptionally well both offensively and defensively. His .384 mark follows Shrader and his ability to come through in the clutch has more than once been counted on (8RB).

The seniors on the squad, Captains Bobby Osteen and Gerald Johnson, have made the 3 and 4 spots in the lineup something to dread. Osteen is batting at a .379 clip with 2 triples and 2 home runs. Johnson, the team's top run producer with 10 runs-batted-in, is not far behind at .368.

Shortstop Mitchell Thompson, who started the season late, has also proven invaluable defensively. He is hitting .380, boasting a long home run at Austin Peay last week.

Leadoff batter Bill Stinnett, although batting only .314, has done the job well; that is, getting on that base. He has drawn a base on balls 13 times and scored 12 big runs for the Raiders.

BUCK ROLMAN is not sporting a top average either, but he has the power at the plate. Buck has only four hits to his credit but one of those was a triple against Austin Peay, and a booming homer in the Western Kentucky slugfest.

Of course the big test still awaits. Arch-rival Tennessee Tech waits for its two games and the Raiders must still play Vanderbilt in Nashville. And, too, the University of Tennessee comes to Murfreesboro tomorrow afternoon.

But the team that continues to average 11 runs a game is terror on the diamond.

Shrader led off in the first inning with a bases empty home run. For Murray Moore tripled in the second and came home on Kall's single. In the third inning the Raiders came up with one of those wild innings for which they are becoming famous. Stinnett opened with a single, Shrader hit a booming triple that almost went for his second successive home run. Johnson doubled, Osteen filed out to short stop, Garret doubled, Thompson singled, Griffith was on by Lassiter's error and Rollman was on by Bone's error. Ballard struck out and Stinnett got his second hit of the inning. Shrader ended the hectic period with a screaming drive that sent the center fielder back against the center field storage house for a beautiful catch.

The Raiders picked up another run on Osteen's homer in the fourth, another in the sixth when the walking Osteen went to second on Garret's single, advanced to third on a fielders choice and came home on Griffith's sacrifice. Ballard tripled to open the seventh and came home on Shrader's single.

Back to back doubles by Lassiter and Barton in the sixth and three successive singles by Pletan, Thomas and Lassiter counted for one in the ninth after Ford had walked.

Ballard pitched well for the winning team, yielding but two walks striking out six and allowing but six hits for eight innings.

IA Club To Elect Officers Monday

Election of officers for the Industrial Arts club in the 1954-55 school year will be held Monday night May 3 at 7 o'clock. All members are urged to be present.

Two new members have been added to the club's roster this quarter. They are Jerry Simmons and Hal Smith, both members of the sophomore class.

MTSC 'Goes For Broke' In Play-off Bid To Western Division Conference

Middle Tennessee State College was "going for broke" in an all-out bid to represent the western division of the Volunteer State Conference in the baseball playoff when they met David Lipscomb on the Raider diamond Friday afternoon.

The Raiders have previously beaten Lipscomb 13-2 and have eliminated Austin Peay as a challenger winning 11-7 at Murfreesboro and 14-7 in a night game at Clarksville. The Raiders did not beat Bethel or Union—but if either Austin Peay or Lipscomb defeats Union or Bethel the Raiders will be in the playoff—which now looks like LMU or MTSC, from the Eastern division. If Bethel or Union emerges undefeated in conference play and the Raiders should beat Lipscomb a second time a play-off for the western division title may be necessary.

In the first game of the season under lights the Raiders topped the Governor's 14-7 April 19 in Clarksville.

It took five pitchers on coach Riel's staff to turn the trick (Joe Griffith got credit for the win) as the game see-sawed back and forth for seven innings. In the seventh the Raiders broke loose for three runs and took a lead that they went on to increase in the last two innings.

Bill Stinnett, Doug Shrader, Mit-

Dream Comes True For Mr. Bandy

Former MTSC Teacher Is Ranger-Naturalist

A dream of many years came true last week for L. D. Bandy, former faculty member at the MTSC training school. He has received an appointment as a ranger-naturalist for the National Park Service and will assume his duties this summer on a seasonal basis.

He said he plans to continue teaching in his present position at Murfreesboro Central and will return here next fall. He already has been re-elected to the high school faculty.

Bandy has been contacted by several of the national parks, but it has not been decided which one he will be assigned.

While at the training school he accompanied classes on trips to the Great Smoky mountains for eight years. He has toured the United States and Canada during vacations and has extensive hiking and camping experience.

George Harvey Injured In Recent Auto Accident

George Harvey, former MTSC athlete, was critically injured in an auto accident last week and will undergo a series of operations at Mid-State Baptist hospital for the next 18 months.

Harvey played four years at Murfreesboro Central on the varsity and later came to MTSC for a year. He lettered in football here for 1952.

In an accident between Manchester and Montague, the football star received a compound fracture of the leg and internal injuries. His condition is such that it will be a month before the operations on his leg can begin.

America's Knights of the Sky...

The Spartan Band that held the pass,
The Knights of Arthur's train
The Light Brigade that charged the guns,
Across the battle plain
Can claim no greater glory than
The dedicated few
Who wear the Wings of Silver
... on a field of Air Force Blue.

For Fellowship... High Adventure... and a Proud Mission...
wear the wings of the U. S. Air Force!

UNITED STATES AIR FORCE

AVIATION CADET, AFPT-P-4
Headquarters, U.S.A.F., Washington 25, D.C.

Please send me information on my opportunities as an Air Force pilot.

Name.....
Address.....
City..... State.....

In days gone by, young men in shining armor ruled the age. Today, a new kind of man rules the age—America's Knights of the Sky, the Air Force Pilots! They rule from on high, in flashing silver-winged Air Force jets... a gallant band that all America looks up to! Like the Knights of old, they are few in number, but they represent their Nation's greatest strength.

If you are single, between the ages of 19 and 26½, you can join this select flying team and serve with the finest. You will be given the best jet training in the world, and

graduate as an Air Force Lieutenant earning \$5,000 a year. Your silver wings will mark you as one of the chosen few who ride the skies in Air Force jets.

As an Air Force pilot, your kingdom is space—a jet is your charger and your mission is the highest. You are a key defender of the American faith, with a guaranteed future both in military and commercial aviation.

Join America's Knights of the Sky, new men of a new age. Be an Aviation Cadet! For further information, fill out this coupon.

Three Foot Easter Bunny Solves Second Grade Problems; Hayes, Austin Win

An Easter Bunny three feet high helped make the pre-Easter activities of the second grade at the training school sunny in spite of the rain outside. Their spirits were not dampened because the planned egg hunt moved into the classroom.

After going on a tour of the rooms, conducted by their teacher, Mrs. Manley, the second grade children

returned to their room to discover that their practice teachers, Misses Joan Boles, Lucy Hale, Emogene Swann, Helen Rhoden and Hazel Terrell had helped the Easter Bunny hide the eggs for the egg hunt. Every child found at least one egg.

Picture No. 4 shows Lee Ransom, Rodney Hayes, Jeannie Bell, Larry Fann (looking under the Easter Bunny), Don Martin and Donnie Ayers as they searched around the room for the eggs. In picture No. 3 Rodney Hayes is seen receiving the prize for finding the most eggs. The prizes for the day were presented by Donald Haynes. Donnie Ayers proudly shows the edible Easter baskets that the children made themselves out of cereal and marshmallows. They filled the baskets with candy eggs and jelly beans.

Dannie Austin (picture No. 1) is seen as he accepts the prize from Donald Haynes that he won by winning the "Pin the Tail on the Bun-

ny" contest. Dannie decided to take his prize home to his little sister.

Pictures 1 and 5 were made before the Easter bunny left to bring happiness to other boys and girls. In No. 1, showing the costumed eggs which the children got in the "Draw for the Egg" game, are Sue Ellen Kious, Ellen Jones, the Easter Bunny, Gayle Greer, Melinda Lanier, Jeannie Bell, Carolyn Cox, Norman Schlar, Janet Blair, Buddy Stuart, Rodney Hayes, Turner Todd, Donnie Ayers, David Garrant, George Lewis Brinkley, Bobby Lasseter, Danny Austin and Don Martin.

Shown in No. 3 are Rosemary Knapp, Mary Sikes, Larry Fann, Endean Deter, the Easter bunny, Sue Freeman, Carolyn Phillips, Lee Ransom, Linda, Susan Elrod, Patty Black, Don Martin, Bobby Rowland, David Hooper, Donald Haynes, and Bill Landers.

Culminating the morning's activities was a movie which was shown, drawn and written by Andy Adams, Susan Elrod, Sue Freeman, Endean Deter, Ellen Jones, Rosemary Knapp, Linda Morgan, Patty Black, Melinda Lanier, Gayle Greer, Sue Ellen Kious and Bobby Rowland.

MTSC Graduate Student Gathers Folk-Lore From Tales and Tombs

By Ted Morgan

"John Brown's body may lie a-mourning in the grave," so the song goes, but Tennessee has its own folk-lore dignitaries quietly resting in the graves of Middle Tennessee too. As a matter of fact, cemetery tombstone inscriptions of some of these people have contributed to the folk-lore songs we hear today.

Tombstones aren't often thought of as being beneficial in writing music, but Murfreesboro's Maggie J. Lowe finds them an asset. As original as Washington Irving's New England classic, Ichabod Crane in the "Legend of Sleepy Hollow", Miss Lowe's resourceful pen has captured Middle Tennessee's folk-lore and put it to music as part of her work on a Master's degree at MTSC.

Begins With Tombstones

Beginning with the cemeteries, Maggie Lowe accomplished an unenviable task. She scrutinized the inscriptions on Rutherford county tombstones for possible leads to stories. Having read far into the shadows of the cemetery, she discovered a corresponding name she had secured from the Rutherford county files.

With this much from her cemetery study and from the county courthouse, Miss Lowe inquired of various Rutherford county families for additional information. Gladly contributing as much on her subject as they knew, Tom Bush, Mr. and Mrs. Jesse Bynum, Mr. and Mrs. Tim Bynum, and Mrs. Vesta Bynum added considerably to the accuracy of the stories.

With clarification from other helpful people, the Rutherford county school teacher had the groundwork for the songs she was to see put to music. For special reasons Maggie Lowe listened to the tales that superstitious Negroes wanted to tell about the murder of Monroe Bynum. "Haunted Hollers" had an immediate ring as the Negroes groaned about the murder of the well-to-do farmer Bynum back in 1887. So the story took shape.

Howard Writes Music

With the assistance of Philip Howard, Music Head at Middle Tennessee State College, the stories Miss Lowe had compiled were put to music. Some best remembered of the songs are "The Morgan Song", and "It's Hard Times Pore Boys". Other songs that tell of the folk-lore of early Middle Tennessee are "The Monroe Bynum Song" and "Charles Guitau".

Old timers around Middle Tennessee will tell you that Sol Ewell was "as no-account as they come", but will admit he could really put over a good story. His homey stories could suspend the most restless, and could even fascinate the women who scorned him. It was from his tombstone that Maggie found the heart of her song, "It's Hard Times Boys".

Again into the cemeteries for more songs, Maggie J. Lowe verified the conspicuous tombstone inscriptions with the court-house in Murfreesboro. And from her further ramblings over bramble-grown grave yards, there were born new songs with rich folk-lore histories behind them.

Her work in creative writing was done under the direction of Dr. Emily Calcott.

Raiders Radio Club To Elect Officers Thursday

New officers will be elected at an important business meeting of the Raiders Radio Club Thursday, April 29 at 4:00 p.m. The meeting will be held in the electric shop of the industrial arts building.

The radio club is an amateur radio organization on campus and holds a license with the radio call sign W4EFQ.

Equipment for transmitting and receiving radio signals is available in the club laboratory. Contacts have already been made by club members throughout the United States.

The radio club was organized for both the pleasure and education of its members. All students interested in the field are invited to join.

IA Club Conducts Visitation Project

Waverly High School was the first group to respond to the Industrial Arts Club's spring visitation program. Invitations have been extended by the club to seniors throughout Middle Tennessee to visit the Industrial Arts department here. The program will enable the high schoolers to see "first hand" what the MTSC department has to offer them.

A number of other high school groups are expected to visit the department before the end of the quarter.

Nearly 7 million United States families changed farm and home practices as a result of cooperative Extension teaching last year.

Students who will receive a Reserve Commission in June or August were excused from classes on March 10, to be given physical examinations by the Armed Forces Examining Station at Nashville. This physical is required to accompany their application to the Commanding General, Third Army.

Cleveland, O.—A young man walked into a beverage firm recently, smiled and said, "I'm terribly sorry, but this is a stickup." After taking \$25 from Mrs. Mary di Cillo, the young man apologized. "You see this is the way I make my living." As he turned to go, he waved goodbye and added softly, "Take it easy now."

MATTHEWS, MARTIN GARRETT, ECUA MAI WALLACE, BEN HURT, ANNE HAGEWOOD, and JOE BURKES are new couples who are living up to the saying. Also there are the "old-timers" who are still happily (?) seen around the campus. MARY LOU COUCH, BILL HIX, LORRAINE CAMPBELL, DAVID SINGER, SUE RICHARDSON, JOHNNY BASS and SHIRLEY JAKES plus BOB SPRINGER are people we can count on to always be around.

One girl is a little more fortunate than many of us. LAVONNE WILEY is to be married to JACK OAKES in June. We'll certainly miss her but my, won't she enjoy being absent!

MARY BILL has been accused of carrying a golf club around with her all the time. She really goes for this sport, so much she uses the living room for practicing. Keep up the work Mary, you might become a "pro" one of these days.

HERE'S A PROBLEM

Texarkana, Tex.—This city has a problem—believe it or not—of what to do with too much money—a surplus of \$58,544. The present city council has decided to pass the problem on to the next administration—to decide whether to refund the money to the taxpayers or to seek court permission to use it for some other purpose. The city retired the last of a series of special bonds and found it had collected more than enough taxes to meet the debt. Hence, the surplus.
