Let's Sound Off

All of your life you will have an opportunity to keep your mouth shut and profit by doing so-but will you do it? The chances are you won't if you are like the majority of American citizens. The very fact, however, that you are an American citizen, entitles you to speak most any time that you feel like it. It seems that State students beat their gums every place except at our football games. Just let our team get a little behind and you can hear a pin drop in our student section. What does it take any-You're not getting your teeth knocked out or your nose smeared all over your face. All you have to do is to let the team know that you would like to see them win. A good place to get in the right spirit is at cur pep meetings. The team is doing their part and the cheer leaders are trying hard. Let's all do our part and give them our full support.

What Should We Do About It?

I've stopped wondering if there is any hope for the self-inspired reconstruction of Germany-the only kind of reconstruction that will cease to make that country a menace to peace; since I read Dorothy Thompson's "Never Underestimate the Power of a Woman" in the September issue of Ladies Home

Not long ago I ran into two of my old buddies, Pretty Good and Jug. "Put our names in the next Issue. Say anything, as long as our names appear." So I got to thinking (it ain't easy!) and I bet a lot of hams like to see their names in print. Social life here on the campus is really getting off to a good start All these dances should be good warming up for Homecoming.

Everything was sure jumping i the gym after the Union football game Saturday night, October 8. Dances after football games wouldn't be a bad habit for the Physical Education Club to form. What do you think?

I saw so many people I didn't know that I'm beginning to feel the effects of not getting around much any more. I saw some familiar couples gathered around the phonograph. They were: Betty Mc-Murty and David Burnett, Clara Jones and Charlie Bean, Emily Pepper and Ramon Nelms, Nelle Henson and Cliff Byrne, and Margaret Larson and Bill Leavitt.

Now to mention some of the people I saw dancing to that all time favorite "Stardust," Imogene Davenport and Bunn Pitts, Carolyn Reese and Jack Allen, Ann Ledford and Bob Hardison, Mildred Lowe and Vic Varallo and Punk Shadow and

Another social habit is Fun Night. It seems that this every Tuesday night affair is beginning to grow on people. After talking that handsome and available Jim Crawford into buying me a coke I ventured to find out who some of the habitual dancers were.

Here is the list I ended up with: Peggy Lain and Jim Ward, Jennie Barrett and Roger Jones, Jackie Webster and George Kittrell (sorry I couldn't give you a front page story George), Peggy Brandon and Bobby Liggett, Sarah (Gabby) Jennings and Everette Cox, Sally Ezell and Jimmy Hite, Sarah Connelly and Torrance McClarney, and Elva Monger and Jim (lover boy) Lee.

Bob Jennings and Bo Murray were there giving all the girls a rush as usual, Jack Walton was as busy introducing his visitor, Oscar Breedlove, to the girls as I was introducing myself to the boys. Oophs! How did-that get in here?

These Tuesday night programs consist of both social and square dancing, they're free and for all. I want to give all the girls a tip before I jump to another story(?) There were about 50 more boys than girls at the last dance so your chances are good if you're interest-

Something new in the way of a social is the Sock-Hop the Sophomore class is sponsoring October 25. In case you have never been to a Sock Hop here's the scoop. You check your shoes at the door and dance in your socks which should be decorated with atrocious color schemes and fabulous designs.

Writing a society column is sometimes a pleasure but never a picnic. If I put a person's name in this column they resent it.

If I don't they feel slighted.

Raiders Try For No. 5 At Johnson City Friday Night

Raiders Trip Bulldogs 32 to 12

The Raiders got their third straight win on October 9th as they rolled over the valiant but inferior Union Bulldogs 32 to 12.

The Raiders were so hot on their offensive plays, they soon dried the damp field and late in the first quarter scored their first touchdown following Bob Brown's recovery of a fumble on the Union 40. Proctor and Runion alternated carrying the ball to the eight, where Proctor passed to Runion for the TD. Whitaker's conversion was good.

Jim McCoy was responsible for the second touchdown as he carried Gatewood's punt from the Raider 37 back to the Union 22 yard line. The highlight of the Raider scoring came in the final two tallies. With three minutes and 16 seconds to go. Max Arnold returned a Union punt from the Raider 18 to the 44 yard line, where Maxie Runion made the longest run of the evening which was good for 56 yards

One minute and 43 seconds later Raider Captain "Shorty" Adams speared one of Joyner's passes and ran for 53 more yards and another

The Raider's brilliant passing and playing was equalled however by left end Vic Varallo's fine defensive work. Five times he caught the Union safety man behind his own 20 yard line after receiving punts Three of there were consecutive and once he nailed him on his 9 yard
