Q. M. SMITH HALL - WHY NOT?

Middle Tennessee State College has enjoyed phenomal growth in the five post war years. A \$514,000 Health and Physical Education Building; a five unit Industrial Arts Building; a \$200,000 central heating plant; a three unit agriculture center; an infirmary; recreation halls; 107 family unit residences; \$57,000 enlargment of the stadium and athletic fieldall completed at an expenditure of more than \$2,000,000 in buildings and

Nine hundred thousand dollars in additional buildings-the Student Union and Cafeteria; a new men's domitory, first of several projected units; the swimming poll and women's gymnasium-are at this moment in process of costruction.

Now the familiar refrain of the newspaper leads of the past five years, "President Q. M. Smith this week announces..."this time another \$1,6000, 000 in new buildings for MTSC. This time it will be in order of priority, a \$100,000 faculty apartment building, a \$300,000 Fine Arts Building; a \$250,000 addition to the library to care for the increased needs of graduate students; \$500,000 additions to existing dormitory facilities and \$500, 000 for additional science building.

Graduate study available in the immediate future. A mechanized cavalry unit under the senior ROTC program to open at MTSC in September. An expanded athletic program that finds the college winning two football, two baseball and a golf conference championship in four years. An enrollment three times as great as that of five years ago. An aviation department, the record of which for safety, efficiency and success has marked it as "the outstanding school in the southeastern area". The rumor of a health and physical education camp on Center Hill Lake and a college campus golf course past the blue print stage. Faculty personnel and individual salaries more than doubled. These are concrete accomplishments of the present administration of the college.

All of this and more is the product, in large measure, of the vison, the dogged determination, the tactful resourcefulness and the genuine love for his Alma Mater of President Q. M. Smith.

Had he been consulted this editorial would never have been written. The retiring modesty of the man would have prohibited it. For that reason the staff of the 1949-50 SIDELINES and MIDLANDER, in cooperation with the staff of 1950-51, today seeks to enlist support of powerful groups on it? friendly to the college to have the new men's dormitory named The Q. M. SMITH HALL

He is an alumnus of the college.

The recital of his constribution to the progress of the school has already been made above.

Two dormitories on the campus already bear the names of noble and illustrious presidents of the insitution, whose contribution in their time, were as marked and progressive as have been Mr. Smith's.

There will be practical difficulties to overcome. First, President Smith will not be receptive to the suggestion. Secondly, the State Board of Education is reticient about naming buildings for living persons.

Yet it can, and should, be done. The SIDELINES suggests that:

Miss Lucy Bell Robertson, president of the alumni association, appoint a representative committee from the association to contact the president and the State Board seeking permission to so designate the new men's dormitory.

Ross Rives, president of the Associated Study Body, to appoint a similar committee from among the student leaders to act with the alumni.

There are other buildings on the campus that should be denominated with the names of alumni and faculty members whose long and faithful service to the school entitle them to lasting recognition by similar action. The SIDELINES suggests that the alumni and student committees, working with the administration of the college and the State Board to eventually designate an official name for each building on the campus, properly making such with a permanent bronze plaque.

BIGGER, BETTER BOOKSTORE PLANNED FOR THE FUTURE

By LUCY TUCKER

The MTSC book store will expand when is moves into its quarters in the new Student Union building next year according to Charles "Whicher" Phillips, book store manager.

Toilet articles and a complete line of tobaco products will be stocked. These items have been requiring a trip off the campus each time a student ran out of these small, inexpensive but necessary articles.

The book store, which in the past, has had for its main objective the attempt to meet the needs of the students as near as space permitted, will reciveve more space; and its new objective will be the adding of new

lines and store equipment, such as display counters that are needed. Located at present in the basement opposite the bursar office, the MTSC store was moved there in the summer of 1949 from its former location in the business office with an increase of inventory to take care

of the increase in enrollment. Mr. Phillips, a native of Watertown and a former MTSC graduate and football star, has managed the store since his graduation a little over three years ago. His personnel consist of Mrs. Gladys Smartt, Mrs. Nancy Proctor, and Miss Emily Muse. The former two are wives of MTSC stu-

dents and the later is a student herself. Used books is the store's largest seller. Because of this demand they

ntrate on used books in the future The store, which is sometimes called "The Little Hub" from a local department store, manages to stock many school texts, has films de-

veloped, and carries films, an individual line of fountain pens, and college designs on T shirts and other articles other than the main school These items with the college insignia on them are stocked prim-

arily to encourge school spirit instead of a earning profit. The store also sells meal tickets and collects rent from the family

housing apartments and the farm family units. Operated by the school, any profit made goes into the student activ-

During the summer months, the store will be open from 7:20 A. M. to 3:20 P. M. instead of staying open later as Mr. Phillips feels he can serve more students in the morning.

ALUMNI NEWS

J. Marion Edney has recently been named as acting head of the department of zoology at the University of Kentucky in Lexington. Marion is the husband of the former Miss Dorothy Bachtel, who for some years was instructor in biology at MTSC. John Baxter is Trust Officer of the Trust Department of the Ameri-

can National Bank in Nashville. Gore Sadler is vice-president of the American National Bank.

Larry Richards is with the Tennessee Title Company.

Otto Hunerwadel, after acting as agriculture agent in Lawrence County and state sales manager for Purina Feed Company, accepted a commission by the United States government to teach agriculture in Burma. He is now in Tungy in Burma.

R. E. Marshall is supervisor of schools in Clovis, New Mexico. J. O. McMahan is now Commissioner of Welfare on Governor 'Browning's staff.

Elmer Malone is a member of the real estate firm of Lovell and Malone in Nashville

Leonard Wright is in the real estate business in Nashville. His wife, the former Grace Sawyer, is also an alumnus of MTSC.

Edwin Windrow, Macie Southall, Nell Parkison, Lawton Gore, and Spence Holden are all members of the Peabody faculty.

Dr. Carolyn Bock is a teacher of Latin in Natchitoches, Louisiana. She has recently been a speaker before both the northern and southern convention of th National Philollogical Association.

John Zumbro is teaching at the University of Tennessee

MTSC LAUGHED AT THESE IN 1922

By LUCY TUCKER

Eds. Note: These jokes were taken from the "Normalite," a former publication of MTSC.) * * *

Miss Schardt:-"Is that what you call free translation?" Addie Ruth:-"Not hardly, it cost me a quarter." * * *

Verna Eason:-"I wouldn't marry you if you were the last man living." Burton:-"Certainly not, you'd be killed in the rush."

* * * Mrs. Gracy:-"Miss Parks, do you ever sweep under your bed?" Miss Parks:-"Yes, ma'am, I sweep everything under my bed."

Vistor:-"Do you know Roy Parks?" H. Baker:-"Sure, we sleep together."

Visitor:-"Roomate, eh?" H. Baker:-"No, we take Mrs. Fer-

tig's English 13."

of Flordia."

* * * Jones:-"I never know what to do with my week-end. Smith:-Why not keep your hat

* * * Prof. Sims:-"When did the revival of learning begin?" Setliff:-"Just before exams."

* * * Ruth Lee:-"Since the boys dormitory has been built the girls can't see the sun rise."

Paul Burton:-"But you can look toward the east and see the sons

Mr. Brackin:-"What is an allegory, Miss Murphy?" Miss Murphy:-"An allegory is an animal that lives in the swamps

* * * Mr. Ogden:-"Mr. Miller, why do hens lay eggs in the daytime?" Cy Miller:-"Because they are roosters at night."

Geo. Bates, answering a question in Ed .: - "God knows, but I don't." Mrs. Gillentine:-"Then God gets the credit." * * *

* * *

She:-(drinking a chocolate malted milk) I do love anything that has chocolate in it. He:-I ate chocolate pie for din-

* * * Teacher:- Where is aluminum most found?" Student:-In kitchen ware.

* * * A student in class not understanding the question made the following request: "Please tell me just what you want me to tell you."

* * * Mrs. Gillentine:-You were not here yesterday, Bates, where were

Bates:-"At the cemetery." Mrs. Gillentine:-"Anybody dead." Bates:-"Yes, all of them."

* * * Miss Reynolds:-"Now I put the number seven on the board. What number immediately comes to your mind? Brandon:-"Eleven."

* * * Humpy Phillips:-"I need five dollars for my laboratory fees, and I have only four."

Darnell:-"That's easy. Pawn the four for three and sell the pawn ticket for two."

* * * Dement:-"Well, I passed Practice Teaching at last." Brandon:-"Honestly?"

Dement:-"What difference does that make?" * * *

Dement says he will quit smoking when he dies. Well-we hope

PRESIDENT TRUMAN will visit Tennessee soon according to a report by Mayor William Kleeman of Clarksville. Kleeman along with Truman is a member of the 35th Divison Association which recently met in St. Louis, Missouri,

GOVENOR BROWNING began his campaign for renomination at a rally held in Memphis recently. The rally was attended by 10,000 people who ate 8,000 pounds of beef These came separately but left together. AMERIASA stolen documents case of 1945 is being further re-opened with a look at the diary of the late Defense Secretary Forrestal as the

latest constribution to developments U. S. PRESBYTERIANS have recently joined with other Protestant church groups in protesting to the President any contemplated sending of an envoy to the Vatican.

CLIFFORD ALLEN state senator from Davidson county, continuing a very active campaign for the Democratic nomination for Governor has only recently accused the Browning administration with planning to raise the sales tax.

STRIKERS at Morristown, Tennessee continued their walkout strike after promising State Safety Commissioner Sam Neal and Adjustant Gen_ eral Sam Wallace there would be no more violence. The Governor has announced that he has no plans to recall the guard. Different federal agencies are investigating charges by the CIO Union that their men have been mistreated by law-enforcing agencies.

AIR CHIEF OF STAFF Vanderburg has told lawmakers that Russia is approaching the potential for delivering an atomic attack on American cities and that we are not properly prepared.

CALIFORNIA PRIMARY say Governor Warren Swamped the elder Rossevelt son Jimmy, by a high margin in the total vote although Jimmy got the Democratic nomination.

HOTTEST POLITICAL AREA in Tennessee is down in Lawrence County where both parties are divided into three groups battling for Dominance. Two Democratic groups are pro-Browing and one anti-

GENERAL MCARTHUR'S firm stand against the Commies in Japan seems to be successful at present. The Reds are not having much success at fighting back.

BRANNAN PIAN supporter and former Undersecretary of Agriculture Albert J. Leveland won the Democratic nomination for Senator in Iowa. His opponents were against the plan. Rutherford countain Knox Hutchinson has been mentioned to fill the post left vacant by Loveland. KYLE KING usually regarded as having the support of the Brown-

ing forces won the office of State President at the recent convention of the State Young Democrats. JOHN DULDT organizer of the new Rutherford County Chapter of

the Young Democrats of Tennessee attended as our delegate and voted for the winning candidate. STRANGE FRUIT of flowers, if found, might be carried to Ralph Craighead, Carolyn Kimery or Barnard Bydalik, field botanist, for iden-

'ROCK' HARDAWAY, well-known State student recently joined the Nat'l guard and will be assigned as company supply sergeant. 'Rock' was a supply man in the Army. Other college men in the guard and up on the promotion list are Pat Harrison, Stanley Nickards, Gilbert Shearreon

and John Shearron. Anyone resiring information of vacancies might contact SFC Hubert McCullough or Jimmy Carnahan. SEEN in te Science department, being taken by Biology was George

Franklin. But how could you miss him? LIFE goes on in Trailortown, as some residents complete their course of study and depart and new neighbors move in. Howard Grissom has recently left, also the Pishers. Among the new residents are: Clarence Sheffold, Dr. Cox, Mrs. Garner, Thomas Hardison, Thomas Glynor, Ernest Farmer, L. L. Kellyogg, Willard Williams, Huges Chatwood, Robert Badger, and Glenn Harkin.

AGRICULTURE CLUB has planned another chicken party on or about August 20. All summer students taking courses in Agriculture will

ANYONE seeing a dust cloud moving across the campus might find it to be alien bacteria, in danger of being smeared, stained and indentified (some Red) by Charles Gordon, George Smartt, Charley Bean and

Estes Kefauver Addresses Graduates; Discusses Domestic Problems of U.S.

Characterizing the condut of the "cold war" as "piecemeal policies comparable to using a 1920 crank on a 1950 automobile," Senator Estes Kefauver addressed 271 seniors of Middle Tennessee State College commencement exercises in the Memorial Building Auditorium, June 2 night. It was the first time in the thirty nine year history of the college that the outdoor commencement program, first used 15 years ago, had to be held indoors.

"The greatest possible blow that could be dealt the forces of the Kremlin would be the achievement of real unity, of real union among ," the Chattan that the present "inadequate diplomacy" be replaced with a "federal union of democratic states of the world." In his address Senator Kefauver spoke on the problem of deficit

spending, characterizing it as necessary evil to escape the greater evil He said that the greatest domestic problem now facing the Amerian people was a possibility of another "devastating depression." He rurgested that such a threat could best be avoided by a development of natural resources using TVA as an example. "Rivers should be developed

for the benefit of the greatest number of people. for multiple purbuses," he declared Senator Kefauver said that "Monopoly and the attendant lessening of competition is a creature of the American system of capitalism; but

it bears all the earmarks of a dictatorship. "I doubt that we have yet reached the point in our history where big government, with all its bad points, is a worse threat to our security than monopolistic control of big business," he continued.

Referring to his recent work with the Crime Investigating Committee Senator Kefauver said, "Crime is big business. When we consider that the American people are being filched out of a sum equal to almost half the national budget this year, we are led to the conclusion that it is a pressing problem. Just as big business gobbled up government to a certain extent, so is a big crime seeking to dictate the terms of our government through corruptive influnces."

President Q. M. Smith presented bachelor of science degrees to the class, largest in the history of the school, after the class members had

been introduced by Dean N. C. Beasley. Forty three Tennessee counties and six states were represented in

Mr. and Mrs. Smith entertained with a dinner for Senator Kefauver following the address. Later in the evening the Senator appeared in a round table radio program over WGNS.

Eds & Co-eds

Our ED of the week is Neal Frazier Lanius, a freshman from Columbia, Tennessee. Neal is likely to get out his shootin' irons when he reads this, because he wasn't around when your reporter was looking for an interview and all the dope on Neal came from his brother, Bob. Therefore, Neal, all snide remarks are to be attributed to brotherly love, and not to this writer. (they call that "passing the buck".) Anyway, Bob says Neal is white and male, and what else do I want to know. For the information of the rest of you more statiscally minded people, Neal has blond hair, blue eyes, six feet three inches tall. He is a science and campusology major, and is working on a minor in math. His ambition is to be a doctor, and his favorite classroom is the Country Club. He attended MBA in Nashville until the end of his junior year, in high school, and then joined the navy, where he stayed for four years. He served mostly in the Mediterrean area, and rose to the rank of Radar 2nd class. He resides in Jones Hall with those veterans of MTSC, Parker McBride and Carl Lappin. He likes all sports, especially basketball, baseball, and tennis, and dislikes people who would like to interfere with his philosophies and mode of living. Neal, we are glad to welcome you to MTSC and hope you will continue liking it here.

Our CO-ED for the week is Mary Birchett, a transfer student from Cumberland. Mary, who has brown hair, hazel eyes and a wonderful personality is a second quarter senior, working on a major in Business and a minor in English. Not only is Mary pretty; she is also smart, having maintained around a B average all through her college career. At Cumberland, she was class editor for the Phoenix, the school annual, society editor for the Collegian, the school paper, vice-president of the Town and Country Club, secretary-treasurer of the Little Theatre Guild, in which she took an active part, and was treasurer of the Thalian Society, a girls' society. Mary likes music, swimming, dancing, and dates every night. She dislikes going to classes in hot weather and in cold weather, too, but loves the atmosphere at MTSC. "Imo" Davenport says that if I really want people to know who Mary is, just say that she is her room-mate. (These people who want their names in the paper!) Mary, we hate to see you go back to Cumberland, we'd like to keep you down here all the time, but we're awfully glad to have you here this summer.

NIGHT BEAT

By DICK COVINGTON

Let me take this opportunity to repair from "the daughter of the Vine" momentarily and speak to our much diminished flock (at the hands of a wolf in a bathing suit and sun glasses) from the boudoir of "barren logic."

Needless to say to a college group of readers, this column deals with how the activities (admittedly the philosopher ones) of the students at MTSC appear to a hypothetical philosopher who roams the night seeking the repartriation of souls (a thing which such people are given to). Well, due to the ravaging of the wolf the biscuit this time, as I have said, will have less gravy on it, but in its prosey plainess will touch a subject more accessible in this salmon-colored atmosphere of cheesy heat we know as summer school, viz., contentment.

The more humanistic version of this term is "happiness" or peace, but I think no matter what one calls such a state it is axiomatic that its connotation is something everyone longs for and sometimes looks for. We need but nudge someone walking beside us and ask, "What are you looking for?" to hear, "Why happiness of course." This state so far away can be further defined as being an overall goal toward which all our rational actions are directed and at which all our pulsations as forecasters are cast. At all events, this state must be very important by the mere fact that we give it so much attention.

This abstraction may be studied from enther of two aspects, subjectively, i. e., as a product of man's mind, or objectively, which would put the thing on its own. In the former, "happiness" would be pictured as an opium of man offered by him to offset the discontentment and unhappiness he knows he is going to find in life. This drug is used effectively by those who are not religious or wealthy. In the latter, "happiness" would be a reward given by an absolute quality existing without the human realm for particular zeal, both physical and mental, on someone's part in its pursuit. Such rewards of necessity must be ephemeral, otherwise one would grow accustomed to them and no longer hold them in desire (but rather something better). A combination of these two might be an imitation on man's part of this absolute quality by virtue of his time honored ability to rationa-

Well, so far neither a definition nor the aspects of a study have brought us any closer to being contented. We must look at the idea concretely. For most the kaleidoscope of suppositions shakes up marriage as the stopping point. This includes a home, a car, children and a job. If this is true, why do those who have these basic ingredients keep right on complaining, right on looking? Is it that man is by nature discontented? Is it that "happiness" comes only with equilibrium which is impossible to attain here? Or is it that there is no such thing as "happiness?"

I rather think the latter to be true. It is our warped sense of a Utopia. We should remember that contentment comes (and only briefly then) when we are satisvalues that has belched up such fied with what we are doing; discontentment when we long for something comparatively better than what we have at the moment. The distinction (like breathing) rests entirely with us.

What's Your Answer to **QUESTION OF** THE WEEK

QUESTION: What do you think of summer school?

JOHNNY BARBER: I like the fact I don't have to go to school in the afternoon; the rest of it is awful. JOY McNABB: I am not thinking;

am just going. WOODROW BONDS: I would almost have to prepare a statement. CAROLYN KIMERY: Gads.

THOMAS BOYARS'IV: The place has such a motherly atmosphere. MRS. EVELYN FELDER: It is nice and quite; I like summer school.

PHYLLIS DANIELS: Dull. REED JONES: It it to early to tell. MARY BANDY: Quote me next

SUE STUBBLEFIELD: Lonesome. TOBY ATNIP: I think it is awfully hot. MRS. JOE WALLACE: What I like about summer school is the association with teachers; it is cer-

tainly not the work. MAC McCLARNEY: Best part of the whole thing, because every afternoon you can go swimming and play tennis.

BETTY KITTRELL: I had rather be in Alaska. PAT PATMORE: Dull, isn't it. THOMAS KING: I don't know what to think about it.

IMOGENE DAVENPORT: I think it would be lots more fun if I could go out every night. RUTH DUNCAN: This sure isn't like Peabody.

why we can't go out every night and stay as long as we want. JOHN TALLENT: I think it is

BOBBIE DUNCAN: I don't see

CHARLIE PATTY: I though common lobor was hard work. MRS. ANNIE RUTH FARRIS: I

like the great variety and types of

JERRE WARNER: I like it except for the fact that you have to get up so early.

MEET MTSC MASTERS

Mr. Lloyd Emery is our Master for discussion this week. He is a native of Paducah, Kentucky and he received his secondary schooling there.

Mr. Emery entered Vanderbilt University in 1941 on a freshman scholarship and then transferred to the University of Louisiana in 1942. He was then sent to Northwestern Midshipman School and was commissioned an ensign in November, 1944.

He was in the service three years, twenty-two months of which, were spent overseas in the Central Pacific and Japan occupation for nine menths. Billets included officer in charged of LCT (1080) and later operations officer of LST Group 94 staff.

Mr. Emery returned to the University of Louisiana in 1946 and continued his Biology major. He was a member of the student council and graduated June 1947, with a B.A. degree. He then entered Vanderbilt in September of 1947 and graudated in June 1948 with a M.S. degrce. Later he was elected to associate membership in Sigma XI, national -honorary research fraternity.

In the summer of 1948 he was employed by the Highlands Museum and Biological Laboratory Incorporated of Highlands, N. C. as director

He returned to Vanderbilt in the fall of 1948 and resumed graduate studies in Biology. In the summer of 1949, he was employed by the Tennessee Department of Public Health as bacteriolgist and came to MTSC in September, 1949.

This summer he is lifeguard at the swimming pool at the high school and his favorite pastimes are deer hunting and fishing. Also he is the sponsor of the freshman class and co-sponsor of the science club. He says he finds making money most difficult thing he ever tried to do.

As our Miss Master for this edition w ehave Miss Jean Berryhill Adams. Miss Adams was born in Murfreesboro, Tennessee where she received her secondary schooling. She then entered MTSC and received her B. S. degree from here. While in shoool here, she did outstanding work in the art department and was a member of the Tau Omicron which is an honorary society for young ladies.

Miss Adams is teaching in the art department this summer in the place of Miss Rogers who has gone abroad for the summer. Miss Adams has taught in the MTSC work-shop's for the past two summers but this is her first time to teach on the campus. She taught in the Kingsport public schools from 1948 through 1949 where she instructed all the grades in art. Prior to that time she spent two years at the Chicago Intitute of Art and while furthering her edcation she worked part time at the Metropolotion Museum of Art. Last year Miss Adams did graduate work at Ohio State University.

For a pastime our Miss Master paints. She likes to practice her art as well as teach it. Miss Adams is a member of the Art Students Leauge and she says she enjoys teaching immemsely.

Between Belles

By PEPPER & GREEN

Howdy folks! Well, here are your dormitory reporters, still pounding the typewriters, and still on the look-out for good news.

By the way, we would like to stop here and welcome all the new students. For a while, it looked as if we were in the wrong place, seeing all the new faces, then we spotted Mr. Emery down at the swimming pool, and decided it was all a dream instead. I think we came to our senses when we had our first assignment, decided to go to Horn Springs and get later, and realized that in spite of the new faces and Mr. Emery lifeguarding, that this is the same ole place. Bless you, Gee! Have you ever seen so many new faces round Rutledge????

ity explains the title she recived this past year, "Miss Cumberland." Nancy, we're glad to have you, just know Cumberland will miss you, but "their loss is our gain" and we gladly welcome such a superlative Another new girl is Ann Utley a graduate from Vanderbilt, who rians to enter medical school next year. While here, she is having to wrestle chemistry! sixteen hours of it. Good luck, Ann, we think you're

Take Nancy Chrysler-she's sooooo cute, and that sparkling personal-

tops. Likewise your room-mate, better known as "slowly." That girl is cute as pie, and sweet as sugar. Wish we had time and room to welcome all the new girls, but we'll just say, "Hi" and consider ourselves at recognizing each and every new

girl at Rutledge.

Keep us posted, Irma.

'Course there still remains some of our old faithful girls who just can't seem to leave dear ole MTSC. For instance, Mary Martin-Mary, when are you gonna graduate????? Mildred Lowe remains-She and her little concession stand, and of

course, "Shag" still occupies most of her time. Bernice and Ernie are still hanging round. It appears to be love between those two, can't figure it out otherwise. 'Course now, we have some of those gals who just visit, cause they love us so. Clara Jean Brannan, Evelyn Craddock, Jean Elmore, and

others. I could memtion Happy Harsh and Patsy Anglea, but I think they love Frank and Jimmy more than us. Then, there are our faithful sun-bathers, who religiously journey out the back way each day to spend an hour in the sun. Such a stupid thing to do. What do you gain besides a sunburn and maybe a sun stroke. Beats me, how college girls can be that silly.

* * * Well, it looks like in spite of all the new girls we gained at Lyon, we did manage to keep several of the regular students. Speaking of our gain, Mary Lou Parsley and Pauline McAdams just

can't be overlooked. Never a dull moment when they are around. Say, did you know that Mrs. Caroline Bridges, who was a resident of Lyon Hall last quarter, is the wife of Tommie Bridges, the famous baseball pitcher formerly with the Detroit Tigers I wonder what Grace Gunn found at Georgia Tech last week that

has kept her up in the clouds? Come back down to earth, Grace, Georgia Tech goesn't have all the good-looking men. Been seeing a lot of Monte Montez and Stumpy Buchanan around together lately. Also Robert Lewter and Doris Pigg seem to be back

in the groove. Betty Dement and Tom Boyers have our votes as the most devoted couple on the campus.

This Irms Harlin-Wallace Smotherman combination is strickly tops.

There's nothing like knowing how to see things. What do you think about girls who stay out until after curfew and then call Mrs. Felder for late permission? Speak for yourselves, Pat and Lucy. Sometimes our minds just aren't on dormitory rules. Men, if you have been wondering who that little dark-eyed brunette

is on the campus, here's her name. She's Betty June Richardson from Jasper, but hurry, because she won't be here long. She is visiting Betty Wooten. No, don't know her phone number. Speaking of brunettes, just why is it Jimmie Joe finds such an interest over here at Lyon now? Yep, you guessed, a cutie pie, with

dark hair, and a lovable personality. The Halls of Lyon looked familiar when Anne Dyer paid us a visit. Also among those who just counidn't stay away is Dot Marlin and Lee

Ross Rives, can't you stay away from Lyon? Or should we say Fiavil???? Bobby Duncan spent last week in Lyon with her sister, Ruth. That

is what time she wasn't out sun bathing. By the way, I agree, That

sun bath idea is a lot of hooey. Who wants to burn up just for a little Telephone again, that must be Joe Francis calling Naomi Hubble. Two hours is the limit, Naomi, give the rest of us a break. That gal has everything! We're talking about Mary Birchett,

transfer from Cumberland. She's pretty, she's got personality, she's got charm. Mary, we're really glad to add you to the roll-call of the Mary's room-mate is starting out the quarter in rare form. That's Imogene Davenport, who is sitting out a three days campus. Every cloud. has a silver linning though, and Imo's is no exception. She's just discovered she can draw, so she's whiling away the long dreary hours by

doing portraits-while-you-wait. Whatta gal!!! * * * Well, the Belles are too exhausted from the heat to think up anything else to do, so we'll bid you farewell. Is it time for our daily sun bat-! (What are we saying?) Yes, gotta admit it we take sunbaths too!!!! Guess we weren't fooling anybody, anyway,

Raikes Slinkard is doing extension work in the Nashville area for the University of Tennessee. He married Rtuh Taylor, also an alumna of MTSC. They have three children.

Earl Morgan is State Supervisor for the services of the Blind in the welfare Department of Tennessee. He married Minnie Shadon, an alumnus, who is the aunt of Mary Shadow, a member of the State Legislature. Cirus Dement, after publishing a western paper and holding a public office, came to Nashville in insurance and published papers in McMinn-

ville and Columbia. John Clardy is a member of the Fish and Game Commission in Florida.

MTSC Has Good VSAC Record In Last Four Years

Bob Witt, staff writer for the Nashlille BANNER writing in the Tuesday afternoon Fred Russell Sidelines column, reveals that MTSC has more than held its own in the four year Volunteer State Athletic

Witt's story also forecasts a third MTSC conference football champonship this year.

Witt's story follows: IN THE FOUR YEARS of volunteer State Athletic conference history the Middle Tennessee members have dominated the championship

If a man be known by the com- to help the Fontane Sisters, con

If a man be known by the company he keeps, I'm doing very well.
But I have a suspicion the charming personalities who drop in at the
Chesterfield
Supper Club

The Pohlahe Sisters, conductor Mitchell Ayres and myself,
including Patti Page, Jeri Sullivan and Dorothy Shay. Burl Ives
brought his inimitable talents to
our mike, and so did Eddy Arnold.

I've been watching Eddy's career

with amazement and pleasure ever

since I met him a couple of years

ago. Here's a guy who made a tre-mendous reputation with a hand-

ful of impressive recordings. Eddy

always brings along his guitarist

another Tennesseean with a style as individual as Eddy's own.

Johnny Mercer and Bob Crosby

have brought their own special blends of comedy and music to our show, and the King Cole Trio and the Mills Brothers have added the

best there is in harmony. And, when

Borrah Minevitch's Harmonics

Rascals join us, I get a chance to chit chat with their star Johnny

Puleo. Johnny and I worked to-gether for Ted Weems in the old

days, and the old days get wilder

When we have a comedian, the

rehearsal usually takes a little longer. Good comics add bits of

business and new gags as they re-hearse. Once Danny Kaye dropped

we've cooked up for them. Charles

Boyer struggled manfully in a Southern sketch which called on

him to mention a "little old love seat." Those L's just don't come

through a French accent very easily. After everything else was

letter-perfect, Charles went off by himself muttering, "li-tel old luff"

Henry Fonda, another wonder

ful guy, gave us a great show, as did Tony Pastor, Ole' Red Godfrey,

Sid Stone, Sister Rosetta Tharpe, Fibber McGee and Molly, Ella Logan, Robert Q. Lewis and Minerva Pious. They just stop in

and take pot luck at the Supper

Needless to say, whether it's radio on Thursday night or televi-

sion on Sunday night, we're very proud of our gue t roster at the

WITH PERRY COMO

Chesterfield Supper Club

add glamour to our show, but they

add glamour to our show, but they keep us regular Supper Clubbers on our toes. When Raymond Massey comes over, I have to shake my Pennsylvania drawl, and when Danny Kaye stops by, I have to study my Russian or pig Latin, or whatever it is that Danny's using at the moment.

I have a special weakness for planists and a great admiration for them. We've had quite a few visit us, from the breath-taking Jesus Maria Sanromá to the sar-

donic Oscar Levant and the hilari-

ous Victor Borge. Borge gave me lessons on how to play duets with

ong friendship and the Carmichael

.

I seem to have talked about noth-

ing but male guests so far, but the

ladies-bless 'em!-have been re-sponsible for some of our gayest

moments. We've had glamour and charm from Claudette Colbert, Lucille Ball, Janet Blair, Ava Gardner and Jane Wyman.

And, of course, Mae West! We

were happy to have Mae make her return to the airways after 12 years via the Supper Club. She was

such a hit, we had her back again recently. Our studio at NBC has a

very wide stage with a tricky step, and we were worried about Mae making her way across with that

famous sprained ankle. So, we posted Martin Block at the step

and held our breath. She made it

all right, for one of our (and her)

long friendship and the Garmichael easy-going, good nature saved the day, but I doubt if Hoagy will ever forgive us for getting him up so early two days in a row!

Maybe it's because I've never won an Oscar, but the great dramatic actors really fascinate me. They always seem to fall in so nicely with whatever foolishness

all the time

have some-

thing more on their minds

than just see-

it's wonderful

around. Not only do they
