Equipment Purchased For Coffee Shop And Cafeteria

Christmas Holidays Set For Installation Of Furniture

The remodeling of the cafeteria will be compite by the begining of the winter quarter, according to an announcement made by the administration. The announcement came following the purchasing of equipment for both the serving room and the coffee shop.

"If delivery is made in time" stated President Q. M. Smith, Friday afternoon, "we should be able to finish the necessary work in the period between the fall and winter quarters. Then the two rooms combined will be able to offer any service desired of a cafeteria and cof-

> Congress took its first step Tuesday in the unification of the clubs and organizations on the campus by discussing means of securing cooperation of the various organizaions with the ASB.

The unicameral body also pointed out the need for legislation prohibiting any one person from holding too many responsible positions on the campus. Bringing up an old matter, B. B. Gracey, Jr., introduced Faculty Studies a resolution to declare vacant any seat in congress if the holder of that seat "willfully, absents himself more than three times from the regular meetings."

Final action was taken on only the latter point. It was passed unanimously. The other two discussions were continued until the next meeting of congress, Nov. 13. Katheryn Brown, vice-president of the ASB and speaker of the legislative body, stated Wednesday that the planned legislation concerning the motherhood of the ASB over the clubs and organizations on the campus would give "credited" groups present, but that those groups not on the "credited" list would be barhad complied with the law.

Little Fellows Carry STC Victory Torch Without Help

By WILEY HOLLOWAY

The "Mighty Mites" of the STC Training School completely outran, outpassed, outpunted and outplayed a strong McMinnville team on Jones field last Thursday afternoon.

In the first quarter Bill Nisbett, Training School quarterback, got off a 69-yard punt to the McMinnville one-yard line. When Mc-Minnville punted to their own 35yard line, Training School started Transfers from David Lipscomb eight yard line and then the ball went over on downs. Then Training School scored a safety when a Mc. Minnville center went out of the end zone.

Says John in an open letter to Steele: "I find that I must turn my intentions from the better things of life, such as dragging from a marijuana weed, sipping from one of Tom Collin's special or looking at Petty's drawings, to dig to the bosom of the lowbrows and find you, Steele, buried in the walls of deal old Slumberland. Steele, in his "Sportin' Around" retaliated: "Now, fellows, that is a place of ingenuity. And we would like to take our hand down from our STC nose thumbing long enough to give them a nice sloppy razzberry.. The Murfreesboro Goose is expecting to come over here and shamelessly lay her golden egg, using Kirk Field as a nest and have our own beloved gander stand around and quack, cackle, caw, crow, or whatever it is a gander does."

Bill predicted the Bulldogs would win 12 to 7. They won 14-6 Then in his own nasty way (the same way he slandered our graceful cheer leaders last year when they nailed the Dogs, 70 to 7), he generously offered "An (rotten) apple for the teacher," and admitted afterward the victory had a "bitter-sweet taste." This year a different story will probably be told. We are not trying to run down the ability of the Raiders at all, in fact we have figures to keenly. I don't believe it does them show that the Men in Blue will be any good to have a coach point to a decided underdog, come game nothing but defeat. Like the rest of time Saturday. Union has lost only one game thus far, that being to Murray. No person can be taken on that statement however, because Union beat Arkansas State 12 points who, in turn, had beaten Murray 20 points. Of course you remember the 25 to 6 beating we received at the hands of West Tennessee-Union beat them 13 to 12. Fast-burning cigarettes can't yield either comfort or delicate taste. They taste... well, like anything but a good cigarette. Camel's slowburning, costlier tobaccos give you the luxury of milder, cooler, more fragrant and flavorous smoking.

And that luxury not only doesn't cost you more . . . it costs you less! Simple arithmetic shows you how slow burning also gives you the equivalent of 5 extra smokes perpack! (See panel at right.)

A prominent scientific laboratory recently made impartial tests on 16 of the largest-selling cigarette brands.
