Welcome New Students; Make Them Feel At Home

VOL. 14.-NO. 9.

The STATE TEACHERS COLLEGE, MURFREESBORO, TENN.

THURSDAY, MARCH 6, 1941

### T. I. L. Contest To Be Here Thing of Horror, Work of Art, Is Mar. 28, 29; Nineteen Middle "Night Must Fall" ByEnd of First Six Weeks Term; Tenn. Hi Schools Will Compete Shrieks, Quick Breathing 3 New Faculty Members Added

National Meet At In-

On March 28 and 29 the college will be host to the Tennessee Interscholastic Literary League. By popular request the Dramatic Club will present "Our Town" on March 27th and 28th. The performance on the 2t8h will be the featured attraction for the T. I. L. contestants who

will be the honor guests. There were nineteen schools :epresented here last year and most of sent in their membership for this dent of the Junior Class. year. There will be about two hundred contestants as over-night guests of the college. Schools of District IV which will be repre-

sented are the following: Lynchburg High School, Winchester High School, Wartrace High Columbia High School, Tullahoma High School, Lewisburg High School, Mt. Pleasant High School, Deherd High School, Huntland High School, Chapel Hill High School, McMinnville High School, Murfreesboro High School, Watertown High School, Fayetteville High School, Woodbury High School, Pulaski High School, Morgan School, Petersburg, Elkton High School.

These schools and probably others will compete in the following contests: Debates, Declamations, Dramatic Readings, Original Oratory Religious Emphasis for Girls, Original Oratory for Boys, Extemporaneous Public Speaking. One-Act Plays.

Winners in the contests here will compete in the State Contest held in Knoxville, April 18.

The following two awards to winners in your one-act play contest should again create added interest. Players Magazine will award a Certificate of Excellence and a subscription to its publication to the

winning school in your district and also to the winning school in the state finals. The National Thespian Society

will award a Certificate of Excellence to the winning school in your district and also to the final state The winning play cast will also

have the privilege of entering its play at the First National High School Drama Conference and Play Festival during the week of June 2 at Indiana University, Bloomington, Indiana.

#### **Ben Greet Players** Present "Hamlet" Friday, April 3rd

Famous Group Noted For Small Cast Performances

Henry Joyner and Daisy Vivian, Shakespeare's "Hamlet" in the Col- mittee. lege auditorium, Friday evening, April 4, at eight o'clock.

During the last few years it has day. been almost impossible for large touring companies to present the complete plays of Shakespeare before schools, colleges, universities, and clubs throughout the country. By a new method of production the Ben Greet Players can present Shakespearean drama with a small cast. Their method is to give all tht portion of the text which constitutes the essence of he play and supplement this by brief narration amplified from back stage, and recordings, thus completing the atmosphere necessary to round out

### Winners May Enter First OUR PRESIDENT . . . .

The "Side-Lines" is happy to present Tom Townes, president-elect of the ASB, son of Mr. and Mrs. G. T. Townes of Nashville.

Townes entered Tennessee State in 1938, after graduating from Hume-Fogg High School in Nashville. He has been a very active member of the student body ever since arriving here. As a freshman he was a member of the basketball team. As a sophomore he was a member of Congress. He was also re-elected to Congress this year, but those with several new schools have | had to withdraw to serve as presi-

This year Tom is a member of the Boys' Dormitory Council, member of the Glee Club, as well as president of the junior class. He also helps to work his way through school by punching the cash register School, Sewanee Military Academy, | in the cafeteria. In spite of all these activities he has close to a B average in his scholastic work.

> Tom favors the changing of the name of the school from State Teachers College to Tennessee State College. His favorite sport is basket- NYA Continues ball and his hobby is reading; he like to read philosophy and short Making Progress stories. He is a chemistry major and plans to enter the University In Campus Work of Tennesse Medical School at Memphis after graduation.

#### To Begin Here Sunday, March 3

The week of March 30 has been designated this year as Religious Emphasis Week for the State Teachers College. The first observance of this week by the college was during the spring quarter of 1938, when Rev. Moultrie, Guerry, of The University of the South was speaker. The next year, Dr. T. B. Cowan, affectionately known as "Scotty" Cowan, was in charge of the program. Each of these men did a great work for the students and faculty, and left a strong impress for good Last year the week was not observed, because a satisfactory speaker could not be obtained.

This year the College is fortunate in having secured Dr. Frank H. Leavell, of Nashville, Secretary for the Southern Baptist Student Work Doctor Leavell is a speaker of fine ability, and knows student problems in the South as few men do.

The tentative program for the week will run as follows:

Sunday evening, March 30-Student program in Auditorium, general theme, "Christianity as a Campus Influence."

Monday, March 31, College Auditorium 10:00-10:40-Address by Dr. Leavell. Music in charge of Mr. Baldwin, Room 69, 3:00 p. m.-Conference Hour, Dr. Leavell in charge. The Ben Greet Players, featuring | College Auditorium, 6:30-7:20-Adwill present an adaptation of devotions in charge of student com-

TOM TOWNES

The NYA shops, under the direction of Bill Mays and Leon Bibb, are continuing their efforts in the reconstruction of the campus.

Just recently fifty new chairs were completed and placed in the cafeteria, but this was only a portion of what is to come. Right now, two hundred and fifty more are just about completed and will soon be carried to the cafteria to replace the very old chairs which are now there. These new chairs will be finished within the next ten days or two weeks.

The faculty and student body extend sincere sympathy to Mr. W. A. Mays during the serious IIInes of his father, and hope he will soon be back at school.

As soon as this project is finished. the boys will begin construction of one hundred and ninety chairs, and fourteen tables for the Training

Smith And Brown Are Fine In Character Portrayals

By CHARLOTTE STEPHENSON Human beings are mysterious creatures. Last Tuesday and Wednesday nights two of the college girls nonchalantly sold tickets while their dramatic club-friends, beautifully gowned, gave out programs and ushered patrons to their places just as calmly as though three murders were not brewing before their attempted completion there in the very room, the S.T.C. auditorium.

What is so powerful as to change the thoughts from the warmth of friendly greetings to the stiffened horror that must release itself in shrieks and quick breathing? Ah, good acting is the magical force which transports us from our comfortable opera chairs to the chilling countryside of Essex. If you, too, agree with my answer you will assert that the members of the cast for "Night Must Fall" were superb.

One dear little old lady who has been a staunch patron of the Dram-Scotch Baritone atic Club's productions remarked in her crystal clear tones, "Now Carmon McLean I have never been fond of mysteries, but the boys and girls did such Gives Concert splendid acting that I just forgot the plot and spent a delightful eve ning reveling in the pure art of

Surely this observer must have been impressed by the expert use of three dialects, the Welsh, British, and Cockney, by the nine person cast. This lingual difference made the "rawther" difficult characterizations even more so.

Charles Brown, who played the role of Dan like a veteran trooper, gave almost too true a tone to his role for the comfort of the less strong hearted. Danny's sailor gait and arms bared to the elbows followed you long after the curtain call had been made. Almost equally haunting were the weird movements and words of Mrs. Bramson and Olivia Grayne so aptly done by Alice Smith and Carolyn Adams,

By jove, it was rawther polly of Kate Miles (Mrs. Terence) Beth Orr (Dora Parker), and Harold Radford (Hubert Laurie) to spice sang. the gloomy batch of murder with a pipeful of humor and wit. Betty Brown as Nurse Libby (and a very pretty one she was) and Van Fox, as Inspector Belsize, were as welcome as an umbrella in the rain have noticed (mostly by touch ra- for they relieved the tenseness and ther than sight) the new varnish assured the audience that Danny finish which has been added to the and Mrs. Bramson weren't the folks who live next door, and they are stration Building. #### Strikes Should Be Outlawed in National Defense Industries

By JOHN D. WISEMAN, JR.

It is strange that the men who warn us of the critical situation that the United States is in today also soothe us with the assurances that strikes in national defense industries are inconsequential. High defense officials, notable among whom is a man on a union payroll, have stated that strikes have affected less than one per cent of our defense industries. Thus, there need be no cause for alarm.

YeYt there is grave danger in permitting strikes to continue. Every American factory should be turning out products at top speed to be shipped to England, for Germany already has a seven-year start on us. Can we afford to waste a singel hour in such an emergency?

Certainly the Germans, who are cruelly efficient in matters of war, would not sanction strikes for the reason that it would aid the enemy. Should not the knowledge that strikes are helping Hitler be sufficient to condemn them as undemocratic, particularly in this emergency? It is incinsistent to tell us that we must exert every ounce of our strength to help Great Britain, and still to permit a single strike to halt production.

Perhaps the leaders of the country are torn between two conflicting desires. One is the sincere desire to do everything possible to stop the Nazis; the other is the desire not to offend labor by depriving it of the right to strike. Unfortunately, politics does not yield even to an emergency.

The one per cent that is affected by the strikes may seem unimportant now, but in a time of crisis the smallest number of men or amount of materials may determine the fate of the entire world. In the last world war during a crucial battle of the spring drive of the Germans, the French line broke. Demoralized, the French began a full retreat; the road to Paris was open. Then a few thousand American soldiers, far less than one per cent of our total American army, appeared on the battle scene. Cheering, they marced past the retreating French, eagerly seeking battle with the Germans. This handful of American troops dug in, hurled the enemy back, thus temporarily closing the gap and halting the German

In a time such as that a small per cent of men proved extremely valuable. When we realize that today England is calling for every available piece of war material, the drastic need for maximum ef-

Not only are strikes slowing up defense production, but labor unions are using the strike as a weapon to advance their own interests. In every instance, excepting jurisdictional disputes, strikes have been called for higher wages, or for shorter hours, in the main without justification. It has been estimated that if the regulartions now in effect after the strike at the Vultee Aircraft plant in Downey, Calif., were used in all aircraft plants, it would increase the cost to the government by over half a sity. billion dollars.

Another example of how the labor unions are using defense production to advance their own interests is in compelling men who are working on government construction jobs to pay large initiation fees and dues before they are allowed to hold their

With a million men conscripted into the army for 31 dollars a month as wage, how can unions justify strikes which are intended to advance the cause of the unions more than to benefit the worker?

Undoubtedly the unions have seized upon the national emerggency as an opportunity to gain greater power for themselves. Why conscript civilians, limit the profits of industrialists, and still permit the unscrupulous use of strkes to lessen our national defense effort? The American people will not long stand for a practice as unreasonable and as unjust as the continuation of strikes.

Another fact has been revealed by the passage of time, that is, the National Labor Relations Board has failed in its primary purpose—the prevention of strikes. Conciliation has worked in some instances, but three hundred million dollars is lost every year as a result of strikes. Arbitration without compulsion has proved ineffective.

America needs a new labor law that will be beneficial. The first need is for the outlawry of strikes. Strikes are wasteful and dangerous, a strike being merely a weapon of force. Force creates ill-

will, but it never settles anything. Instead of strikes there is needed a system of impartial labor tribunals to have the authority to settle all disputes between capital and labor upon the facts of the case, just as in any civil court now. This vastly improved system would be very efficient in handling labor relations. Strikes would be outlawed and justice would be substituted for force.

#### The Value of Foreign Language

By RUTH TAYLOR

Is the frequent attitude of hostility of students to foreign language mere pig-headed ignorance? Ignorance of the values of knowing foreign language? It must be. Otherwise, how can anyone be hostile to the very foundation of the language they speaek? Our entire vocabulary is made up or derived from parts of foreign vocabularies.

We call Latin a "dead" language, but we are far wrong when we do so. It lives in the many languages that are derived from it, especially those direct derivatives, French, Italian, Spanish, Roumanian, and Portuguese, which are known as the "Romance" languages. The important thing for us to remember is that sixty per cent of our own words came directly or indirectly from Latin. Of the remainder of our words thirty-two per cent are derived from Anglo-Saxon and athe other eight per cent is just a general mixture of several languages. Learning foreign language gives us an insight into the history of our own words that improves our vocabulary. The knowledge of English is deepened as progress is made in the foreign language.

Translations are often miserably incorrect. If we learn to read the foreign language in which the best pieces of literature are written we are more appreciative of those wonderful writings because we do not have to depend on the other fellow's translation which very likely is not entirely correct.

In this age of speed in which we are living methods of communication are bringingg the nations closer toegther-close enough to be neighbors one with another. We are to love our neighbor as ourselves, but how can we love that which we know nothing of? Language is the key to neighborliness with our foreign neighbors. Becoming acquainted with a language makes one better acquainted with the different nation's history, customs, and peculiari-

the United States consists of foreigners.. We look down upon them, poke fun, and build up a feeling 1 .- FRESHMEN AND SOPHOMORES. of hostility that could easily be avoided if we only could understand that their cultural background is as good as ours. Were not our ancestors once foreigners? Understanding these people through their language would make our nation more closely knit 2.-JUNIORS. together.

Secretary of State Cordell Hull urges increasing knowledge of Spanish and Portuguese in order to tie the Western Hemisphere more closely together and that our people tap the great cultural resources that lie enveloped in these languages. The hectic circumstances of the world today more than ever accentuate the necessity of interelationship of the twenty-one republics in the Western Hemisphere and language is our best vehicle of expression.

NO. 1 BRASS HAT-of the radio regiments is Glenn Miller, according to a recent poll of the nation's radio editors. Miller's special way of serving song and swing has caught the fancy of American dancers more than any other band today, the editors agree. Nope-those aren't trench helmets the sliphorn boys are swinging, though the Miller band salutes the army camps three times weekly on its "Chesterfield Moonlight Serenade." It's a C. B. S. program.

#### Classes Elect **Congress Members** For Next Year

All classes met Tuesday, March 18, to elect members to represent them in congress for next year. The seniors, of course, do not elect,

As prescribed by the constitution of the ASB the Junior and Sophomore classes are allowed four representatives each and the Freshmen three. That is, this year's classes may elect that many for next year.

In the Junior election Lewis Lockhart, of Kingsport, and recent candidate for president of ASB, Ernest Hooper of Murfreesboro, Jean Snell, Murfreesboro, and Jania Swift of Algood ,were elected to serve next season.

The Sophs of this year chose Van Fox, Murfreesboro, John Holt, Nashville, Marjorie Gilbert, McMinnville and Martha Ann Rion of Murfrees-

Representing the class of '44 will be Ral Brown, Murfreesboro, Charlotte Stephenson, Eagleville, and John D. Wiseman, Murfreesboro.

### SCHEDULE, SPRING QUARTER, 1941 STATE TEACHERS COLLEGE

#### Approximately one-third of the population of Murfreesboro, Tennessee

A.-By end of sixth (6) quarter 96 hours with 96 quality credits should have been earned. B.—Candidates for elementary certificate must follow the approved program.

A.-Select three fields of concentration. B.—Plan courses for Junior and Senior year with Major professor. C.—File, before June 1, 1941, application for graduation in 1942.

3.-SENIORS.

A .- Check with Major Professor and Dean to see that all requirements for graduation will be met by date of convocation. B.-Make all necessary arrangements for picture, invitations, etc.

C.-All credits to be transferred from other institutions must be in Dean's office by May 1, 1941. D.-All candidates for graduation, June or August, pay Graduation Fee (\$10.00) by May 1. Diplomas will not be ordered unless fee has been paid.

E.—Those desiring the help of the Placement Bureau in securing a position see Mr. Judd.

## State's Alumni Dominate Regional Tournament

### Spring Practice Goes On In Spite of Bad Weather

Teams For Round Robin

The Blue Raiders, dodging and sidestepping the old weatherman in his vain attempt to halt their progress, have just completed two weeks of the most successful spring sessions ever to be had on the cam-

The coaching staff, under the direction of Coach 'Wink" Midgett has brought the squad along fast but with great results. Seeking to prevent the usual lull in spring practice and to stimulate interest, the staff has divided the squad into Rams thre teams. The teams were chosen and are managed by three returning lettermen guards, Watson, Smith Bears and Adamson. Each team is to play the other two twice in a regulation game. These games are held on Tuesday and Friday at 3:15 o'clock. Bears

The entire student body is cordially invited to attend these intersquad games. It will tend to add realism to the game and have a good effect upon the participat-Ing teams.

The Packer squad under the inanagement of Fount Watson is composed of Burch, Pressley (captain), Tucker, Caruthers, Smartt, McDon-

#### **DUKE UNIVERSITY** School of Nursing

DURHAM, N. C.

The Diploma of Graduate Nurse is awarded after three years. The entrance requirements are intelligence, character, and graduation from an accredited High School. Preference is given to those who have had college work. The annual tuition of \$100 covers the cost of maintenance, uniforms, books, etc.

Catalogues, application forms, and information about regulrements may be obtained from the admission committee.

Litton And Murfreesboro gave Litton quite a scare—they were never in the lead until Dickerson dropped in a two-pointer just before the game ended and the Lions swarmed onto the floor to give congratulatory words to their team-mates.

Rockvale and Spring Hill

Win By Wide Margins

Whether Rockvale was spoofing Friday night is yet to be decided. Thy loafed around, playing just hard enough to take Gainsboro out of the tourney, then came back Saturday with all possible heat to completely swamp Litton. We rather believe this is a strategic plan of Taylors because it is the second due to 30-15 win of his Rockvale time in two tournaments that the same thing has happened.

In the last five minutes of Litton's game with Lawrenceburg Thursday night they could have beaten the Celtics-there was no way to stop them-Saturday night the Celts would have had a job on their hands trying to conquer the Rocks.

In the girls' game Spring Hill showed the best team we have seen around these parts in some time in stopping the powerful Central High School of Murfreesboro. Lillie Parks, of Spring Hill, was just too much for the Murfreesboro guards. She scored 14 points and was ably assisted by Neva Derrybery, with seven, who, by the way, was supposed to be the ace of the bunch.

It was a well handled tournament good sportsmanship prevailed

The line-ups for the final games

Girls Pos.-M'boro (13) Spring Hill (24) F-White(6) (7) Derryberry F-Richardson (2) (14) Parks F-Youree (3) (3) Lawrence Rush G-Zumbro Stanfill G-Wilson Loveless Subs-Central: Brown (2).

### For Those Who Like Literature

By MILDRED BATTON It is impossible to describe or criticize accurately and fairly "The Web and the Rock" by Thomas Wolfe. Someone has said that this book is an American epic. It's that and a great deal more. It is so full of human life-it's trials, happy moment, struggles, lust, ambition. and power-that one becomes slightly incoherent and confused when attempting to analyze it. One moment I think it is the most appealing and moving book I have ever read, and the next moment it becomes almost repulsive in its brutality, frankness, and even vulgarity. One moment I think it is a book of the highest type, and the next moment I know it is low and common. And then I realize that such a combination is ilfe. There is none who has never been guilty of some of the baser emotions, and Wolfe would have been only half right if he had dwelt entirely in idealism.

desires, and ambitions. It seems that the atmosphere. an being.

the soul as well as with the physical. ior to the body.

I know very little about the life of Thomas Wolfe, but evidently at some time in his life he was obsesand rend his soul. I think it is impossible for an author to write such a book without having had such experiences. The portrayal of Mon's is too clear and definite for the author to have imagined the character.

I like "The Web and the Rock" because Wolfe dares to come out in the open and write what he believes He says them. A critic has said that Wolfe achieves the greatest function of the artist when he makes his audience apprehend what is already familiar to them but more vividly and with more understanding than they were capable of doing made so that we love first when we them painted, things we have passed perhaps a hundred times nor cared to see.' It is perfectly obvious that were unable to express.
