Tonight

VOL. 15-NO. 10

Next Play's Plot Crazy, But You Will Enjoy It

"You Can't Take It With You" Story of Vanderhof Family Who Just "Don't" Worry

"You Can't Take it With You' is to be the second dramatic production of the year presented by the Buchanan Dramatic Club of TSC, Van Fox, student director of the production, announced today, The play will be given March 11 and 12 in the college auditorium.

This will be the second presentation of the club in the absence of Edward L. Tarpley, State speech teacher who is enrolled in the University of Tennessee School of Medicine for the winter quarter. Mr. Tarpley hopes to return to his position at the school in the spring.

"You Can't Take It With You" is a hilarious comedy with a plot that is slapstick and a theme that is embodied in its tiele.

The action of the play centers around the home of Grandpa Vanderhof, who "just quit business 25 years ago because it took too much of his time." He lives at home with his daughter, Penelope Sycomore, Forensic Club who took up the hobby of playwriting 10 years ago, and her husband, Paul, who glories in making fire works.

Essie, Penelope's daughter, is studying toe-dancing from the mad Russian, Boris Kolenkhov, who practically lives at the house. Ed, Essie's husand, is addicted to music inet or printing the day's menu on tend the State Foensic Meet to be go through," Miss Tommie Reyhis printing press. State Students Join Class V-7 In Navy Reserve

At least five Tennessee State students have officially been accepted for Naval Reserve Officer's a half dozen others making final enlistment plans, Dean N. C. Beasley announced tonay.

Those who have joined are Raikes Slinkard, Fenton Warren, Van Fox, and Earl Elliott. Probables for enlistment in the near future include Dave Adamson, Dorris Smartt, Hulsey Ferrell, and Jack Deere according to sources at the school.

Class V-7, that entered by the Slinkard, Warern, Eliott, Fox and Hitt allow the student to finish Miss TSC In his college work through the time that he would hafe recieved his Feature Election degree normally. Upon completion of college the student is given four months intensive training and com-

TSC Gets \$12,000 Addition To Campus 56 Register Monday,

WAKE UP BUMS

We are with you President Smith. Simply because there is a war on, the students of this or any other college should not lose their balance and begin to slacken the pace at which they are going for the easier alternity of soda-sipping and back sliding.

The times may call for recreation and rest, but before this can be deserved, intensive work should be done. And there are students on the campus who don't do anything! Much less enough to deserve a rest period.

"Loafer's Rest" that's what a resident had to say for Jones Hall the other day. And the bad part of it is that he was partially correct, not about one dormatory alone but the entire campus! There are a bunch of loafers in each of the dormatories and among the town students. To them life is one easy row of social functions, basketball games, and exam week cramming (that is for those who take the trouble to do that).

That's not the way to win a war, it's not the way to win the

"In all fields-the Army, Navy, Industry, etc.-intensity is toward a faising of standards and a maximum of hard work." Yes, Mr. Smith, we agree and the majority of TSC students agree. You can be assured that the slackers are in the minority and rapidly thining, that is in Jones Hall, for we know the situation there.

Let's go all you slackers, you are only losing your own battle by loafing !!!

Tau Omicron **And Sigmas** Eat, Frolic

Noted Author, Lecturer And Engineer, Is Guest Of Honor At Function Held In James K. Polk

Saturday night, February 7, the Sigma Club and Tau Omicron held a joint banquet at the James K. Polk Hotel. There were about 50 members and alumni of the two clubs present.

William Arendale served as toastmaster for the evening with Janie Swift and Julian Brantley giving the welcoming remarks.

A vocal number, "The Indian Love Call," was rendered by Ruth Tittsworth. Ernest Hooper introduced the guest for the evening, the Rev Ed Crump of Nashville, who proved not only to be an interesting speaker but an excellent magician as well. Mr. Crump is a noted author, lecturer, and electrical engineer as well as preacher and magician, and it is our hope that the chapel committee may secure hime at some future date so that the entire student body may have the pleasure and opportunity of knowing him.

Campus Addition Given Nod In Washington

State and National WPA Offices "O.K" Plans for Athletic Field And Park In Woods Back of Stadium

The construction of Tennessee State's proposed athletic and student recreational development has been approved by both the Washington and state offices of the Works Progress Administration and construction will begin as soon as Rutherford County WPA labor is available, President Q. M. Smith announced yesterday.

Plans for the campus improvement, which will fit into the defense picture by furnishing better facilities for physical training, were

In a letter to President Q. M. Smith yesterday, Judge John D. Wiseman pledged the full support of the county for the proposed athletic development at TSC, to be built by the WPA.

The Rutherford County committee met recently and voted unanimously for full cooperation in the construction of the project, Judge Wiseman said.

"We will be glad to cooperate with you in every way possible to get the project started at an early date," Wiseman concluded.

The state wide youth fellowship drawn up by Professor Charles Wheeler of the College faculty last

Work on the project will follow the completion of Works Progress jobs already under way in the county, Smith stated.

Statistics Told Two Murfreesboro Men

Tip Scales at Both Ends One Bald Head and One Black Complexion

Two Murfreesboro boys were on the ends of the list of 56 men who registered at TSC Monday. Charles Jenkins was marked the

smallest man with a total of 124 pounds while John Zumbro topped the scales at 253, according to a bulletin released by the Dean's office. Patrick Priest, Training School

professor, qualified as the shortest man among the new registrants while Mitchell A. Modrall and Pratt Burrough tied for tallest honors at 74 inches.

Blue eyes, brown hair and a light complexion were the predominant features of the 56 men. Only one bald head was listed.

Folliwing is a list of 56 new registrants. Name, age and home town are listed in order.

Jack Douglas Allen, 20, Tullahoma; William Frank Arendale, 20, Murfreesboro; John Wilson Askins, 20, Fayetteville; Frank Ekmbrick Bass, 40, Murfreesboro; William Barl Bostick, 21, Lebanon; Henry Frank Brandon, 20, Nashville; Rol Holden Brown, 20, Murfreesboro; J. C. Buchanan, Jr., 21, Waverly; Pratt Burroughs, 20, Nashville; James Mac Carter, 21, Murfreesboro: Eugene Cartwright, 21, Old Hickory: William R. Cartwright, 21, Shelbyville; John Thomas Cunningham, 20, Murfreesboro; Emory G. Davenprt, 21, Nashville; Leon Thomas DeLozier, 21, Murfreesboro; Hulsey E. Ferrill, 21, Bera; Van Boddie Fox, 21, Murfreesboro; John (Continued on Page Four)

Dr. Black Speaks As Profession

"A good mind, a reasonably strong body, and a good moral makeup, are the chief qualifications to consider when planning to enter the medical profession," Dr. J. B. Black, Rutherford County Health Unit head, stated this morning as he gave the fourth in a series of TSC chapel programs on prospective vocations for college

"Many advantages are offered men and women in the medical field today. It is posible to earn a good living and at the same time be helpful to your fellow man," Dr. Black told the students.

The varied fields now open in the medical profession were described. It was pointed out that specialization has created many new positions which eliminate the "getting established period" of the old time general practioner.

The speaker received his degree in medicine at Tulane University and a doctor's degree in Public Health at Johns Hopkins university. He practiced as a general practioner before coming to Murfreesboro.

Govan Addresses MTSC Students

"The time is only out of joint as it has been for a thousand years, and you Tennesseans should not despair about it, for you have an unbroken tradition to live up to, Gilbert Govan, librarian of the University of Chattanooga library and book review editor of the Chattanooga Times, told a group of TSC students this morning in chapel on the eve of the registration of many of them for Selective Service

"From the earliest settlers to Nathan Bedford Forrest and veterans of the First World War, Tennesseans have faced hardships as bad or worse than facing Japs will be," Govan told the students.

About Fool's Hill

Two boys, one ten and one 14, enter the Murfreesboro postoffice "to get money to buy a farm," and take two pistols, and are caught and arrested, and find themselves in federal court in a serious predicament.

The fact that the boys were old offenders, and at least one of them had been a time or two in the state reform school does not mitigate the sadness of the incident. It is to be hoped the federal courts will temper justice with mercy.

In no court is the responsibility to society as great, and the need for understanding and sympathy and mercy as imperative, as in the courts where juvenile offenders are arraigned.

Criminals can be made in the juvenile courts, and young lives ruined, by the lack of understanding and the application of too strict a code of justice. Too often juvenile offenses, although technically crimes against the law, in reality are mere boyish mischief, a search for what the teens call adventure, an exploration of the unknown. Too often these offenses are the result of the misguiding influences that society offers up wholesale to the young, and therefore a crime of society as much as of the young offenders themselves.

We could name quite a few good Murfreesboro citizens who, if they had been caught in certain

youthful misadventures and publicly punished, certainly would never have been able to "cross fool's hill," as some put it, and grow into honest and

The law observes the distinction between young and old offenders by setting up special juvenile ==== courts. The Courier, henceforth, will make a similar distinction by omitting from news stories the names of juvenile offenders against the law.

Unions and the War

The typical Southern attitude towards labor unions perhaps is the result of ignorance of the true aspects of labor organization in the great industrial centers and of the conditions that brought it about.

But there is little doubt that the present popular indignation of the South at strikes in defense industries, and at the highhanded authority-without-re- a boy from a northern city was sponsibility of some union leaders, hits at the solid passing through Murfreesboro gotruth.

There is some truth to the claim that to abolish the right to strike would mean abolishing the right to quit work, and that in turn would mean virtual slavery. But on the other hand we do not see how a nation girls that she was in class but would can permit, under the guise of individual rights, an soon be out. He sat down to wait, action that has the same effect as sabotage by enemy but because of a rule, evidently

This is war, and such action can be no less than treasonable, as the Tennessee Press Association pointed out in a resolution adopted at its Chattanooga meeting last week.

And we do not see how, even from the most liberal is for courtesy 100%, but we would viewpoint, the right of unionism can be harmed by a like to see it practiced by those in national law, as proposed, requiring a full public authority. The old saying, "Do as accounting of union membership and finances, and I say, not as I do," is of no value requiring government-supervised, secret-ballot union whatsoever in the development of elections. Instead, it seems to us that such a law a higher cultural program. would be the union member's guarantee of his democratic rights as a union member.

It is possible that the most beneficial thing that kandom Views could happen right now would be a good, violent defense strike in some essential war industry, and than any other country. Our very a good strong example of union high-handedness existance threatens their racial and such as John L. Lewis' defiance of the president in economic theories. We have welthe coal strike.

Then public opinion, with the South's voice certainly in the forefront, would bring this union problem to a speedy solution, of some kind.

COURTESY

Recently there has been much talk on the campus about courtesy, culture, and friendliness to all, but there are a few conditions which light more than our armed forces, render this almost impossible, and make us pessimistic about such an undertaking. We all agree that the cafeteria is no place for a game of baseball with cornbread, but there are some things that are even that is true then you have our con-

ing to Montgomery, Ala. As his train was two hours late, he decided to come out and surprise his sister who lives in one of the dormitories. He was told by one of the made without due consideration for situations which might reasonably arise, he was asked to remain on the front steps. (Does such a nonsensical rule make for courtesy?)

I believe the entire student body

nomic sterility of the democracies, unknown destination. and in the incredible ease and manner in which the German leaders lie in their dealings wth other

nations are startling. In the chapter captioned, "Nazi Plans for World Expansion" the author makes it unmistakably clear that Hitler plans to restore Germany's pre-war colonial empire in Africa in a "larger than before and more extensively developed scale." He sets out in considerable detail the organization alreday at work

to accomplish this dream. Mr. Miller pictures the organization of racial Germans away form home and the close contacts which they sustain with the homeland, the high pressure they exert in executing exchange commodity control in other countries as agents for Germany in such a way as to command the greatest respect, except for the graphic revolution of subtle and dastardly designs of Nazi ambitions.

The third division of this book, 'The New Order in Euroe," points out that the first objective of a Nazi victory is the total destruction of the British Empire. The English people's long experience of freedom, their latent energy and ability would never allow them to be good slaves. So, Mr. Miller adds, "All that represents ability and leadership in Britain must be snuffed out. This is so essential and can be so easy. It will not be nedessary to occupy all of the British Isles, but only to conquer or destroy the British fleet and then control the seas to reduce the popu-While only 2 per cent of the total lation of Britain to manageable limits." RAMBLINGS

Boys, start getting in condition, for spring is just around the corner. And Spring, besides being the time for romancing, brings with it Spring A Merry Chase Boys, start getting in condition, for spring is just around the corner. football and baseball. It ought to be fun watching some of the boys getting into condition.

The success of the NYA team in the recent tourney marks the program got underway with a good second consecutive year that the NYA quintet has marched through start Wednesday, February 17. undefeated. Congratulations, boys, and to Leon Bibb, who handled The Freshmen played the Sopho-

Doris "Bong-head" Smartt, has signed up with the Naval Air Reserve, and will probably remain in school for the rest of this year . . . Incidentally, Lloyd McMurtrie, transfer from Cumberland, has left school and the basketball team for service in the army.

We, by we I mean the teams that participated in the intramural program, wish to express our praise and thanks to Gene McIntyre and Jimmy Jackson, who officiated for the tournament very capably. Nice Work, Jimmy and Gene!!!

The Varsity squad now is comprised of 3 freshmen, 5 sophomores, G-Sugg 2 juniors, and 1 senior. Bob Burkett is the latest addition, with Simpson. another frosh, having joined 2 weeks ago.

The coming baseball season may not present the school with its best 9, but it won't be without its stars . . . Several men from last year | Wade, Abernathy. will return, namely Adamson, Tarpley, McDonald, McIntyre, Jackson, Tolbert; new men who are expected to show favorably are M. Smartt, D. Smartt, Deere, Wiggins, Cartwright, Nichols, with many others to put up serious battle for positions.

Next week closes the Varsity Ball Schedule with games against NYA Victorious Chattanooga, there, Monday, and a tussle with Lipscomb here on Wednesday night, February 25 . . . As a preliminary to the last game, the intramural champions of Lipscomb are slated to meet the NYA team . . . This game is hoped to be the starting of a series of contests between the winning teams in each sport at Lipscomb and TSC.

This week I'd like to donate a few lines to the captain of the Blue Raiders, Emory "Fat-Boy" Davenport, possibly the least publicized captain a Raider quintet has ever had . . . "Daffy," as everyone knows him, is one of the best guards I have ever witnessed, and is highly capable of taking care of more than his share of the points . . . Besides many good traits, one of "Daffy's" best qualities is his ability to keep ed just as an exciting game with scrapping all the way, no matter what obstacles or deficits may be in a one point advantage for the Senthe way of the team . . . Take a bow, Daffy !!!

I see where Murray State's great cage outfit is passing up the SIAA so as to be ready for the National tourney . . . To my mind, Murray has one of the best ball teams ever to come out of the South, F-Barnes (7) and should go far in the National . . . Last year they lost in the finals of T. Hill (4) the National to San Diego State, 34-36, in the last 30 seconds.

As I close this column, I wish to express my appreciation for all the courtesies that the students and faculty of Tennessee State have shown me in the past, especially this year. This being my last column, I wish to say that I regret leaving, and to my friends,

Thanks for everything. Burton Nelson

(13) Vinson Unique Program (4) Crowe By Glee Club To Be Thursday

By popular demand the Girls Glee Club will present a program Thursday night, February 26, at eight o'clock in the school auditorium.

Displaying great originality, a musical story will be told in song throughout the program. "Jim" and "Madelaine" who are "Two In Love" will appear in person. Exciting effects and unusual song arrangements are to be featured.

The entire program will consist of lyrics of today which are familiar. Lewis Brinkley and his orchestra will play during the

Language Group To Meet At **TSC** and **TCW**

The Tennessee Philological Association will meet in Murfreesboro, under the auspices of Tennessee College for Women and Tennessee 26, 200 Manchester Ave., al of Nash-State College, March 6 and 7, Dr. Philip Macon Cheek, TSC language professor and vice-president of the organization, announced today. Part of the program will be held at each institution, it was revealed.

The group is composed of college language and literature teachers. The program will consist of papers, to be read by members on literary and linguistic topics.

Dr. R. B. Steele, well known Southern educator, originated the organization 38 years ago among teachers of the classics, Latin, and Greek. The purpose of the group is to foster interest in literary fields from the Nashville Central High and scholarship.

Last year, the state meeting was held at Memphis. Arthur Moser of the University of Tennessee faculty, the expanding Naval air force, "Its is present president.

makers gathered at the new Hennight, January 17, 1942. This Defense party netted quite a sum of money for Uncle Sam's fighting forces. Notables present included Col. Harry Berry, Maor Rutledge Smith, Harry L. Brown, State Chairman of the American Red Cross, W. H. Baker, State Chairman of the March of Dimes campaign, and Mrs. G. B. Shute, who had charge of the day's festivities. Bingo, music .folk games, and plenty of food helped to keep things going. The highlight of the program was the performace given by Thelma Jean Graham, the girl ventriloquist, who spends part of her time in California with Edgar Bergan and Charlie McCarthy. * * *

Give a listen to Nunley Junior High School's "Victory" band! It is twenty pieces strong with tenor banos, violins, madolins, ukuleles, french harps, and guitars. The girls and boys have promised to keep Hickman County's morale high for the duration. * * *

More than two hundred "out of school" youths have been trained for the airplane industry in the defense classes at Clarksville High School. Ninety have enrolled at the present time. The classes are in progress twenty-four hours for six days each week and there are three shifts per day. The course is completed in ten weeks. Graduates go to work immediately and receive good salaries. The program is under the direction fo Mr. Dell G. Richards and Mr. C. H. Moore.

BOSE BUCHANAN IS FEATURED ON RED CROSS POSTER

Recently Bose Buchanan, aviator on the left was featured on all Red Cross posters in the Chattanooga area, which represented the various branches of service now in the war. Buchanan attended TSC here last year where he was a junior. He completed a CPT flight course and was given an instructors rating during the past fall. He is now employed as flight instructor for Buck's Flight School, Chattanooga.

sident; Margaret Taylor, secretary; Van B. Fox, treasurer; Harold Radford, sergeant at arms. Neal Frazier is sponsor during the absence of E. L. Tarpley, who is attending the U. T. school of medicine this quarter.

The Minneapolis Symphony claims to have "the largest symphony concert audience in America" (an average of more than 4,000 persons at a concert). Nashville is orchestra in one of the three Young People's Concerts which the orchestra gives each season.

> Dimitri Mitropoulos conducts vigorously and energetically, displaying his unusual ability and superb technique in each gesture whether it results in the sound of a delicate flute passage or the rumble of the timpani.

The program which was heard Tuesday afternoon was varied and particularly appealing. One of the most enjoyed numbers was Tschaikowsky's "Andante Cantabile." Being familiar to most of the audience and ending with a breath-taking solo part taken by the concert master, it brought forth a storm of ap-
