Ready For Your Teachers' Meeting Holiday Friday? Drive Carefully. Have A Safe Weekend

Vol. 30—No. 13

Middle Tennessee State College, Murfreesboro, Tenn.

Wednesday, April 10, 1957

## 57 At College Do Required Practice Teaching

Fifty-seven students at Middle Tennessee State college are doing Secondary Student Teaching for the Spring quarter, 1957. Fifty-two of these students are on a part time basis, teaching two hours daily. Five students are doing teaching on a full time basis.

One student is doing full day student teaching at the Training School. Four students are doing full day student teaching at Davidson County schools. This is the first time students have done full-day teaching.

The following students are doing their practice teaching this quarter:

Betty S. Blevins, mathematics, Murfreesboro; Effie Christine Bucy, Rockvale, business education; Robert H. Carrigan, industrial arts; Shirley Choate, South Pittsburg, physical education; Guss G. Dabbs, Linden, social science; Donald Duane Giles, Nashville, industrial arts; Marjorie Elise Grayson, Nashville, home economics; Nancey Carolyn Harris, Murfreesboro, English; Joyce Marie Hibdon, Smithville, home economics; Ina Lou Hill, Portland, science; Sarah Mai Inglis, Smithville, home economics; Andy Jack Irvin, Morrison, social science; Jerry L. Kemp, Nashville, physical education; William Frederick Knoch, Jr., Nashville, social science; William Richard Locke, McMinnville, social science; Gentry Mayo, Woodbury, mathematics; Dorothy L. McClaran, Murfreesboro, business; Wayne G. McMahon, Morrison, economics; Mavis Chloe Moore, Decaturville, business; Martha Davis Moorehead, Mulberry, mathematics; Fred Morrison, Jr., Palmer, business; Floyd Shannon Moser, Norene, industrial arts; Melvin Dean Owen, Shelbyville, social science; Hazel M. Parsons, Daylight, mathematics; Mary Adelyne Reed, Manchester, home economics; Garland Lewis Reese, Murfreesboro, industrial arts; Freddie Leon Schmidt, Soddy, social science; Betty Joyce Staley, Hendersonville, business; Mabel Jane Subet, Murfreesboro, home economics; Thomas Edward Tenpenny, Woodbury, industrial arts; Ralph Tittsworth, Shelbyville, science; Peggy Towery, Greenbrier, business; Howard J. Trull, Linden, science; Martha Whitehurst, Columbia, home economics; Wanda Buntley, Lewisburg, business; Travis Akin, Columbia, physical education; William Harold Cates, McEwen, industrial arts; Bobby Ray Davis, Old Hickory, industrial arts; Tillman E. Harris, Sparta, physical education;

James Randall Hillin, Nashville, industrial arts; Arthur M. Irvin, La Vergne, social science; Agnes R. Knapp, Murfreesboro, social science; Mary Jessica Nolen, Nashville, music; Donald C. Plonk, Nashville, physical education; Samuel Masil Rigney, Morrison, music; Walter E. Sweeney, Lawrence, Mass. physical education; Patsy Johnson, Lafayette, music; Charles Alley, Clifton, physical education; Winston Robert Bennett, Cleveland, (Continued on Page 2)

## Dean Kirksey Speaks At Beta Convention

Dean Howard Kirksey was in Daytona Beach, Florida the past weekend where he addressed the Florida State Beta Club convention. Dr. Kirksey has been the speaker at the Georgia, Virginia and Florida conventions of this national achievement fraternity for high school boys and girls. He is a member of the National Senate, the controlling body of Beta.

Gene Sloan, publications director at MTSC, was the speaker at the Tennessee Beta dinner meeting in Nashville March 30.

## Pre-Engineers To Co-op With UT

Beginning next September, students in Pre-engineering at MTSC may apply for co-op experiences under a new plan agreed upon between U.T. College of Engineering and MTSC. Students who can qualify will be placed in engineering jobs in some industries after three quarters of Pre-engineering at MTSC. Thereafter, the Co-op students will work and attend college on alternate quarters. This arrangement not only provides the student with valuable work experiences in which he makes direct application of the theory contained in his courses, but it also provides an opportunity to earn money for school expenses.

Earlier this year the MTSC Pre-engineering Program was approved as the first two years of the Bachelor of Engineering degree at Vanderbilt and U.T. At the close of his sophomore year a student may transfer and finish his engineering degrees in two years in any of the various branches of engineering.

Students qualifying for the "Co-op" program will be placed in industries by the U.T. College of Engineering and their "Co-op" program will be under the direction of the University Director of Cooperative Engineering, while the student is completing his sophomore year of engineering courses at MTSC.

## Stinson New Circle K Leader; Dinner Marks Installation

Bobby Stinson of Nashville was named president of the Circle K Club at the annual spring dinner meeting Tuesday night. He succeeds Tom Stroud of Nashville. Other officers elected are Roland Williams, vice-president, Oak Ridge; Roy Crabtree, secretary, Murfreesboro; and Roland McReady, treasurer, Lewisburg.

The Board of Directors is composed of the officers and Earl Whorley, Petersburg, Donald McReady, Lewisburg, Larry Taylor, Columbia, and John Waldrop, Lewisburg.

In addition to Stroud the retiring officers are Ralph Pittsworth, Shelbyville, vice-president; Bobby Stinson, secretary, Nashville; and Bobby Cranford, treasurer, Columbia.

Dr. Will Bowdoin, head of the Education Department at MTSC was the featured speaker at the dinner.

The Circle K is a collegiate organization sponsored by the Kiwanis Club and similar to this civic club in aims.

## Night Club Party Nets Convention

The Physical Education Club netted forty dollars on a Night Club Party given March 28. The proceeds sent delegates to the Physical Education Convention held in Asheville, North Carolina, April 2 through 5.

The convention is for physical education majors and minors from thirteen southern states. Delegates from MTSC were: Betty James, Paula Baisch, Glenn Shirley, Ray Hughes, Jean Paschal, Miss Buleah Davis, Dr. Francis Riel, and Dr. Elbert Patty.

One hundred and fifty people were entertained in the old gym which was decorated like a night club. Blue lights and tables around the gym produced the effect. Dancing from 7:30 to 1:00 p.m. provided the evening's entertainment. Jean Cloer and Pat Patterson won a bop contest.

Refreshments were cokes and cupcakes. They were served by two waitresses, Betty James and Paula Baisch. Pictures of the couples were made by Wink Bennett.

Bob Sharber was chairman of the party committee. Others serving on the committee were: Betty James, Paula Baisch, Bob Holt, Carl Barnes, Carl Holder, and Rebecca Crockett.

The Physical Education club also plans to sponsor a square dance later in the spring.

## Graham Hits Ace Again; Team Splits

For the second time in two years Marty Graham scored a hole in one in match play as the Raider golfers beat the University of the South Monday in a driving wind and cold mist. Although Marty's third hole, 120 yard drive was spectacular, he lost his match to Crawford Flowers of Sewanee, who toured the course in a blistering 71. All other MTSC team members won. Rager beat Slinguff 3-0; Tant beat Forehand 3-0 and Smith beat Looney 3-0. MTSC won best ball 2 1/2 to 1/2.

In a Saturday match the Western Hilltoppers topped the Raiders 6-12 in the opening play of the season, which was played in a gusty wind. Graham posted a 73 to beat Don Woods 2 1/2 to 1/2 but Bill Goldsmith beat David Tant 2 to 1; Richard Smith lost 3-0 to John Gilbert and Ray Laws of Western beat Jimmy Rager 2 1/2 to 1/2. Gilbert towed the course in 72; Graham in 73.

## Sixteen Win "A" Winter Term Grade

Dean N. C. Beasley has announced the names of sixteen Middle Tennessee State College students who made straight A's for the winter quarter.

Of this number seven are seniors, six juniors, one sophomore and two freshmen. Home economics majors have three of the list with health and physical education, elementary education, business administration, social studies and English having two each. Math, biology and music education have one representative in the select circle.

Geographically Maury, Davidson, Rutherford and Wilson counties have three representatives each. Beech Grove, Athens, Pulaski and Loudon are the home towns of the other three "brains".

Those students are:

Jean Adamson, Watertown, Junior; Gwendolyn Arnold, Murfreesboro, Junior; Mrs. Alma Courts Baird, Lebanon, Senior; Milner Carden, Beech Grove, Senior; Bobby Crawford, Columbia, Senior; Virginia Derryberry, Columbia, Junior; Mary Eleanor Dooley, Columbia, Freshman; Walter Donald Duckworth, Athens, Senior; Marjorie Grayson, Nashville, Senior; Harry Allen Green, Lebanon, Senior; Ann Holloway, Murfreesboro, Sophomore; Robert C. Holt, Pulaski, Senior; Nina Miles, Murfreesboro, Freshman; Joan Startup, Donelson, Junior; Calvis W. Watkins, Nashville, Junior; and Jerry Williamson, Loudon, Junior.

## MTSC Will Host Senior Band and Orchestra Festival April 25, 26

Middle Tennessee State College will be the host for the eighteenth Senior High School Band and Orchestra Competition Festival. The festival is sponsored by the Middle Tennessee School Band and Orchestra Association.

Approximately 35 different bands and orchestras from the Middle Tennessee area will perform during the two day competition festival, April 25 and 26.

Dr. John K. Colbert, Director of Bands, Middle Tennessee State College, announces that the College Symphonic Band will present a concert for the visiting high school students Thursday night in the auditorium. Plans for a dance are being formulated. The Midlanders, MTSC dance band, will play for the high school instrumentalists following the days activities.

## Miss Scales Seeks HE Secretaryship; Officers Named

### Delegates Attend Home Ec Convention

The State Home Economics convention was held in Memphis, April 4, 5, and 6 with Isabelle Scales, Betty McClain, Martha Duck, Earline Woodall, Mary Reed, Anita Turner, Gladys Cole, Betty Osteen, Polly Troxler, Miss McClary, and Miss Stevens attending as delegates from MTSC. Isabelle Scales was chosen as a candidate for State secretary and treasurer. Betty Osteen was chosen as a voting delegate, and Betty McClain was chosen alternate delegate.

The Kappa Omicron Phi of Home Economics fraternity has elected officers for the coming year. They are as follows: Isabelle Scales, president; Nancy Smotherman, first vice-president; Becky Davis, second vice-president; Betty McClain, treasurer; Betty Osteen, corresponding secretary; Dorothy Jamerson, recording secretary; Betty Cox, keeper of archives; Sarah Inglis, distaff correspondent; Juanita Bell, guard; and Martha Whitehurst, alumni organizer.

The new Home Economics club officers are: Betty McClain, president; Isabelle Scales, first vice-president; Judy Holt, second vice-president; Ruth Walkup, secretary; Louise Bishop, treasurer; Ada Blankenship, publicity chairman; and Nancy Bagwell, scrapbook chairman.

The regular Home Economics meeting was held April 1, 1957 at 6:00 p.m., with Polly Troxler presiding at the meeting. A discussion about a party with the agriculture boys on April 25 was held. Plans were made to participate in the annual stunt night. The president turned the program over to the vice-president who introduced the guest speaker, Mrs. Alvis Huddleston of Murfreesboro, a member of the Murfreesboro Garden Club. Mrs. Huddleston gave a discussion of the principles of flower arrangements, Easter arrangement, all-greens arrangement and a dried arrangement. Everyone enjoyed the discussion and demonstrations. The meeting was then adjourned with the reminder that the next meeting will be held April 15.

## PTA Sponsors Varied Program

The Parent-Teacher Association of Middle Tennessee State College Training School presented a panorama of music and physical education, Thursday, March 28, 1957 at 7:30 p.m. at the Training School.

Mrs. Lewis McCauley was the narrator for the program, and it was directed by Mr. and Mrs. Charles Hansford, Mrs. Burns Phillips, and Jack Gambill.

The program was as follows: Mixed chorus, "When the Saints Go Marching home"; Sixth grade, "Tumbling"; First grade, "March"; "The Robin"; "The Little Seed"; "The Pussy Willow"; Rhythm: "Bluebird"; Second grade, "Grandfather's Clock"; "The Cuckoo Clock"; "The Basket House"; Rhythm: "Hokey Pokey"; Third grade, "The Ugly Duckling"; Rhythm: "Oh Susanna"; Fourth grade, "Oh Susanna"; "Camptown Races"; O Susan Blue, "Rhythm: "Ten Pretty Girls"; Fifth grade, "Goin' to Leave Old Texas"; "Brother James' Air"; "Jacob's Ladder"; Rhythm: "Mormon Schottische"; "Five-Foot-Two"; "Green Door"; Seventh grade, "Oh, Dear What Can the Matter Be"; Rhythm: Square Dance (push her away); Eighth grade, "Lonesome Valley"; Rhythm: girls, "Tumbling"; boys and girls, "Ten Pretty Girls"; Sixth grade, "Festival of Nations in Song".

## HARP SINGERS HERALD SPRING WITH EXTENDED TOUR

Middle Tennessee State's regionally famous Sacred Harp Singers will be on a tour next week that will take them from deep into West Tennessee to upper East Tennessee. The Singers appeared in five concerts last month including trips to Westmoreland, Lebanon and Hartsville and were in four local programs last week. Next week will find them singing in Hohenwald, Centerville, and Waverly, April 15; Hillsboro and Lewisburg, April 16; Whitwell, Loudon and Lynchburg, April 17; Monterey and Sweetwater, April 18, and Dayton, Spring City and Crossville, April 19. Left to right: Bob Keathley, Murfreesboro; Joe Mills, Oak Ridge; Shirley Dean Freedle, Hartsville; Linda Williamson, Loudon; Margaret Wright, director; Dot Hicks, Mt. Pleasant; Peggy Jernigan, Beech Grove; Patsy Johnson, Lafayette; Wayne Tipps, Columbia; Bill Medlock, Murfreesboro and Jerry Williamson, Loudon.

# EDITORIAL

## Why Build Sidewalks?

Bill Davis

It seems as if our legislators made a mistake when they appropriated money to build sidewalks on our campus. At least, no one ever uses the ones we have. It looks as if the only way our sidewalks will be used is to dig them up and plant grass where they are now.

It takes quite a bit of money to build sidewalks and plant grass for these campus beautification projects, and it is a crying shame that we use the grass on them and use the sidewalks for beauty.

To get a good stand and keep it requires a lot of work and a lot of cash. Grass needs fertilizer and water to grow. This spring our grass has been getting plenty of water and plenty of packing by the number twelve shoes of our student body.

A few days ago a group of men from the maintenance department spent two or three days moving the sod from the skin part of the baseball field to a spot in front of the Union building and Lyon Hall. Before they could get it packed, our students were helping them by planting twelves upon it.

The sad part of this grass walking is the fact that we could have a beautiful campus if we'd keep off the grass. We have the trees, the flowers and the shrubbery, but we have students who don't know why they build sidewalks.

Let's you and me surprise the grounds committee by walking on the sidewalks, out of the mud, and let the grass grow as nature intends that it should. When it gets big enough to conceal rattlesnakes and the like, I believe they'll mow it, but if we keep on walking on it they won't have to.

### TOWN NEWS

Sara Neel Follis

Wedding bells have been ringing recently for some Murfreesboro students. Lynn White, a transfer student from Georgia Tech, took the big step with Betty Franklin of Nashville, formerly of Lewisburg. The rites were solemnized by Judge Harold Yates in Ringgold, Georgia, on Sunday, March 31, 1957. George Snow, also a local student, and Sara Jones, student at Central High school, were married on Friday, March 29, in Corinth, Mississippi. Congratulations to both couples!

Pre-nuptial parties for bride-elect, Judy Adam, began with a tea given by Mrs. Al C. Miflin, Jr. at the home of the latter on S. E. Broad street. Several parties honoring our freshman bride-to-be have been planned for the forthcoming spring days.

Excuses, excuses, always excuses! Fred Kerr has found a new one for cutting classes. Fred, was it worth having an appendectomy just to have an excuse to skip class? Seriously, everyone is certainly happy to see Fred back at school after his recent operation.

There are several familiar faces back with us and some new ones here this spring. Steve McKnight, sophomore, and Dick Sharpe, freshman, are transfers from the University of Tennessee. Bobby Vaughn, freshman, and Joe Patton, sophomore, are back with us also. It is good to have them all here with us at MTSC this spring.

Be sure to get your tickets for the Murfreesboro Lions' club minstrel to be presented on April 12 and 13. This annual event is always a gala and enjoyable affair. The Lions club promises a fabulous surprise package of entertainment from MTSC to be featured in the show. Everyone is cordially invited to attend.

### EDS AND CO-EDS

By Mary Frances Wright

Spring! That time of year when blossoms spring up, trees take on a beautiful shade of green, young men's fancies turn to love and young girls turn a bright red as results of sun-bathing on top of Monohan roof.

While strolling along the campus, taking in its breath taking beauty, I happened upon a fellow student who seemed to have the same symptoms of illness that I had, diagnosed as spring fever. Her name, Jean Adamson. After graduating from Liberty High School in 1952, where she was valedictorian, Miss Liberty High School, editor of school paper and assistant business editor of the annual, Jean worked at National Life and Accident Insurance Co., in Nashville for one year. In 1953 she entered M.T.S.C. After her freshman year, she worked for one year in Washington D.C. for the F.B.I. She came back to M.T.S.C. in 1955 and plans to graduate with a major in sociology in June of 1958. She works part-time for the Education Dept. and is a member of the Social Science Club, Pi Kappa Delta and Speech Arts Club. Recently, Jean won three first places at the state speech tournament held in Columbus, Mississippi.

Jean has been labeled the "talk-inest woman in Tennessee," and to back this up, she claims as her favorite pastime, taking psychology and combining it with sociology to attempt to figure out the why, how, when and where of life. Believe me, it is folly to attack her hypothesis.

After graduation, she plans to do graduate work in the field of sociology.

### ZUT

by Alton Ellis

Having just returned from New York City, where I spent the recent holidays, I am just full of whim, rigour, and platitude and am glad to be again at my typewriter pounding out words of idiocy to my fellows. I am sure that all of you, the faithful few, enjoyed the spring vacation this last week-end and probably got a sun tan at your own private resort!

The reason for my recent trip to Gotham City, as you may have guessed, was to appear on behalf of the Television Academy of Arts and Sciences. Many of you saw the presentation of the "Emmy" awards, and I believe we could copy some of the stuff that went on. Instead of just mere recognition in the MIDLANDER, I think that our superlatives should have some sort of special material award that they could pawn someday if they hungry teachers with many little hungry mouths to feed.

Our equivalent to the "Oscars," and what have you, would naturally have to be something extraordinarily unique. . . such as an "IC". As nothing is cheap at M.T.S.C., our superlatives would all receive fur-lined "IC's," thereby proving that our school is most unique-ish. What a boon this trophy would prove! The exclusive right to be called an "IC" would soon prove to be a well sought after title.

Naturally, CBS, NBC, ABC, DEF, and WXYZ would all want to televise the proceedings. As this would prove of national interest, the school would really put on the dog, and cat too. This might cause some head-ics, headaches being obsolete, and, of course, the original titles of superlative honors would have to change.

Mr. Freeman, dressed in white tie and tails for the occasion, would em-see from the roof of the Industrial Loafers Bldg. and would present the first award to Winston Beneke, who originated the "Smoke Winston Like a Cigarette Would" slogan. This fur-lined "IC" would be given as a token of appreciation to the "Boy Most Likely to be Here Next Year."

Via a television camera switch to somewhere on a muddy flat deep in the heart of no man's land between the Science Bldg. and the aircraft carrier now being constructed for use in 1967, would come the next presentation. Acting as em-see would be Mr. Lane Boutbad who would bestow the next "IC" to the Most Muscular Girl. As every one would start looking for the bashful candidate behind chairs and things, there would come a blood curdling scream out of the Black Forrest. Suddenly swinging into view on a vine, hand hewn of human hair, suspended from an airplane, the cameras would catch a brief glimpse of Sue Rishardsoonsky as she grasped her prize of war, her "IC".

Switching to the dark, dank, damp, dungeon-like basement of Lyon Hall where the alkaline alumnus, James Lee would be presiding, we would see a tearful Tillman Farris receive his specially made fur-lined Pigskin "IC", with the fur on the inside. He would also receive a moldy case of eagle feathers taken, without permission, during certain athletic events of dramatic overtones.

Now from the Blue Room atop the Student Union Bldg., with Mrs. Bass and Mrs. Causey acting as joint moderators, we would see the "IC" award go to the Girl Most Likely to Secede in 1961, Miss Cathy Hooray. Of course there would be the usual loud explosion of applause, both hi- and lo-fi.

At last we would see the most impressive ceremony, the bestowing of the final awards of the evening, on the steps of the Admiration Bldg. where Pres. Smith would preside. Yes, in the twilight on the beautiful campus of M.T.S.C., as the fluffy white clouds dashed madly sunward, we would hear the preliminary speeches by various visiting dignitaries praising these the last to receive their "IC's." Then Bobby Stanford would be modestly assisted to the platform by a well-placed boost on the stern from his friends, and with true military bearing of one of Uncle Sam's finest, he would step forward to accept the "IC" as the Number 1 Man. Next the lovely, luscious, and unwilling Mary Reed-

## Who Says There Is Nothing To Do In Murfreesboro

Spring is just around the corner with all its warmth and beauty. During this time, why don't you all get out and enjoy it?

You could start off with a picnic with several of your friends. A very good place for such a picnic would be the mill dam on Manson Pike. It is an ideal spot for picnics and swimming. There is a huge rock where you can easily dance if you take along a portable radio.

Then if you want to go boat riding, you can always go to Walter Hill. There are picnic tables and a huge sand bar for nature lovers.

If some of the students should stay over one weekend, you might go over to Tiger Den at Central High School for the Pepsi Cola Dance Party. It is a lot of fun dancing to the latest Rock and Roll and even provides a chance to win prizes through the dance contests.

For those who like to square dance, there is a square dance every Saturday night at Milton about seven miles from here. These dances are very successful and a lot of fun. For those who wish to take up a more energetic activity, there is the skating rink on Lascassas pike. It has a nice floor and is a very popular place with the local teenagers.

For those who would prefer something more restful, there are the two drive-in theaters and the Princess downtown, but for you who want more EXCITEMENT from life, there is the HAUNTED HOUSE at the end of Maney Ave. I would strongly advise careful plotting before entering the grounds. To be perfectly frank, I would obey all signs; but if you're brave, as were a certain group of girls, take courage in hand, and enter at YOUR OWN RISK!

## 57 at College . . .

Pleasant, physical education.

## Howards Mood Music Received With Acclaim

If you have been wondering where the atmosphere music for the Buchanan Club's psychological thriller of last week originated, there is need to investigate no further.

Dr. Phillip Howard, associate professor of music theory and music history in the MTSC music department wrote the composition designed to sustain the mood throughout the three acts and during intermission.

In his composition Howard used the standard radio type of effects associated with a play like "Night Must Fall." It included a prelude that set the atmosphere, a light waltz, and a short chorale for the church bell effects used in the play.

The composition was entirely original with the exception of a slight variation of the theme, "Mighty Like A Rose." Written for the organ, it was played by Anne Tittsworth, a senior from Shelbyville.

inskyvitch would be forced into the limelight by a JATO unit and would be handed a solid brass "IC" which she would exclaim that the many hours that she shall spend each day to clean and polish her "IC" will help her to rub callouses on her dear memories of her beloved school.

Isn't this the most exciting news??? Isn't this just what we need??? If you are in favor of an "IC" presentation on our campus, write, wire or telephone your advisor today!!!

## Our Neighbors

Home Economists at TPI are promoting interest in Civilian Defense . . . Dean of Students Charles N. Sharpe is continuing a series of visits to college campuses in Arkansas, Tennessee and Alabama in a study of the problem of social fraternities. Dean Sharpe's visits are preliminary to an Associated Student Body forum on the subject scheduled for April 17. Dean Sharpe is also studying campus parking with a view of aiding one of the major problems on the Cookeville campus . . . "The Witching Hour" will be the spring quarter student drama . . . ### LYING LYONS

Frances Smith

"Hello", and a happy holiday, April 12. I'm sure we are all equally anticipating a day "off."

We welcomed into Lyon Hall three new residents this quarter. Mrs. Paul Scott, Charlotte to us, is a freshman from Charlot City. After serving for two years in the Women's Army Corp, she has chosen elementary education as her major. Martha Willis is a sophomore transfer from Florence State College. Her home is Jasper, Tennessee, and her major, home economics. Another home economics major is Gretchen Friedle. Gretchen is a sophomore transfer from the University of Tennessee. She lives in Donelson.

Sincere sympathy is extended to Joyce Russell and Jo, who lives in Monohan, in the loss of their father.

Who would have believed it? Janet Lewis is pinned! Seems as if she has an interest in Sewanee, and we can surely see why! Best wishes, Janet.

Hope everyone has a nappy Easter. In the meantime, keep studying, except when the SIDELINES comes out. Then, be sure to read it.

Miss Joan Prince is the bride-elect of Albert Ray Neese, son of Mr. and Mrs. Jim Neese of Shelbyville. The engagement was announced recently by Miss Prince's parents, Mr. and Mrs. H. G. Prince, also of Shelbyville.

Kappa Delta Pi had its dinner meeting last Thursday in Dining Room B. The program consisted of informal talks on student teaching. Plans were made for a banquet to be held in May.

"Do you have a wholesome positive attitude toward life? Do you have a self fit to live with? Do you have a world fit to live in? Do you have a philosophy fit to live by?"

## Along The Sidelines

Roy Crabtree

During the recent Ohio Valley Conference meeting at Park, Kentucky, East Tennessee State College at Johnson City, Tennessee, was voted by the officials of the conference into the Ohio Valley Conference.

The group extended an invitation to East Tennessee for its athletic teams to participate in all spring sports this year with the exception of baseball. Conference baseball schedules have been set, and working ETSC into the schedule would involve difficulties in scheduling.

East Tennessee State College will be eligible for championships this spring in track, golf, and tennis; and starting with the 1957-58 school year, it will be eligible for championships in all sports.

At the meeting, new officers of the conference were elected for the up-coming 1957-59 season. Bobby Laughlin of Morehead was named president of the OVC, succeeding Charles E. "Bubber" Murphy of Middle Tennessee. Gene Sloan, MTSC athletic chairman, was named as a member of the "Judiciary Committee" that passes on eligible players. He succeeds Dr. William Nash, dean at Murray State.

During the following months following the football season and at the present time, the coaching staff at Middle Tennessee have been busy filling engagements at various high schools throughout this area as guest speakers of sportsman banquets.

This is directed toward the students of Middle Tennessee State college. It has been established that our college is a "suitcase" college. During the remaining weeks of school, you, as students, could make up for the times you went home on weekends by attending the different athletic events presented by the college. Turn out in full force for the Raiders home engagements this spring.

This is a matter of tremendous importance to everyone at the college, so let's all turn out for the next home attraction, regardless of the sporting event taking place.

Bobby Cranford and Joe Buchanan won the only two tennis matches, when the Raiders recently engaged the Florence State Lions in a tennis meet at Florence, Alabama. The Raiders lost the meet 7 to 2.

## Marvin Jinnette Paces Raiders To Easy Victory

The Raiders of Middle Tennessee State rolled to a 118½ to 12½ track meet victory over an out-classed William Jennings Bryan team here yesterday.

Marvin Jinnette won three events and four other Raiders posted double victories over the Dayton, Tenn., school, which is just starting its track program. Jinnette won both dashes and the high jump, and ran on the winning mile relay team to account for 16½ points.

The Bryanites did not win an event, and managed only one second place tie.

Double winners for MTSC were James Frost in the 440 and 880-yard runs, Clyde Taylor in the broad jump and javelin, Jim Bratton in the discus and shot put, and Jimmy Davis in the 120 and 220-yard hurdles.

Summary:

100-yard dash—Jinnette (M), Bell (M), Pitts (M). Time: 10:8.

220-yard dash—Jinnette (M), Carson (M), Bell (M). Time: 24.3.

440-yard dash—Frost (M), Primm (M), Askins (M). Time: 52.

880-yard run—Frost (M), Ryman (M), Watson (B). Time: 2:10.6.

1 mile run—Reed (M), Gibbs (M), Smith (B). Time: 5:00.4.

2-mile run — Camden (M), Reed (M), Gibbs (M). Time: 10:53.

120-yard high hurdles—Davis (M), Hayden (M), Mathes (B). Time: 16.0.

220-low hurdles—Davis (M), West (M), Grannaman (B). Time: 28 flat.

High jump—Jinnette (M), Hayden (M), Holland (B) (tie for second), Height: 5 feet, 8 inches.

Pole vault—Rowan (M), Holland (B), Barth (B), Taylor (M). Height 10 feet, 8 inches.

Broad jump—Taylor (M), Price (M), Pitts (M). Distance: 19 feet, 4½ inches.

Discus—Bratton (M), Dotson (M), Helland (B). Distance: 112 feet, 7 inches.

Javelin—Taylor (M), Hall (M), Thompson (B). Distance: 148 feet, 4 inches.

Shot put—Bratton (M), Shutters (M), Holland (B). Distance: 38 feet, 2 inches.

Mile relay — Middle Tennessee (Frost, Thompson, Jinnette, Smith). Time: 3:42.5.

JINNETT LEADS TRACK TEAM TO 118½ TO 12½

Marvin Jinnette, shown winning the 100 yard dash against William Jennings Bryan in the dual meet that opened the track season Friday, may be MTSC's all-time dash king. In the opening meet the co-captain of the Raider cindermen, placed first in the 100, the 220 and the high jump. He teamed up with James Frost, Thompson and Smith to win the mile relay. Frost also topped the field in the 440 and 880. Photo by Winston Bennett. Cut courtesy Daily News Journal.

## Raiders Lose Opener To Florence State

Middle Tennessee State's Blue Raiders baseball team lost a close game to the Florence State Lions 7 to 5 in a loosely-played contest at Florence, Alabama.

The Lions got off to a quick start by scoring three runs in the first inning on three errors and a triple by Wayne Bridges, but the Raiders bounced back with two runs in the top of the third as David Pitts led off with a single to right field, advanced to second base on a wild pitch, then stole third. Reasons was issued a base on balls, and in the process of stealing second was trapped between first and second. At this instant, Pitts made a dash for home and scored as the throw was to late. Bobby advanced to third on an error by the short stop and came home as G. E. McCormack rolled out 4-3.

Florence roared back in the bottom of the fourth to extend their lead to 2 runs, as Ken Burleson singled sharply to right field and stole second and third to come home on Stewart's single to left field.

Blue Raiders tied the score in the top of fifth, as Ken Crowell reached first on an error and advanced to second on Pitts' second hit of the game. Ken came to third on a wild pitch and Bucky advanced to second. Crowell came home as Bobby Reasons rolled out 4-3. Carden hit a long fly to right field, and Pitts came to third after the catch. McCormack lined a single to center field scoring Pitts.

MTSC went ahead in the top of seventh as Carden was issued a base on balls and went all the way to third on an error by the short stop and scored on a long fly ball by Homer Brown.

In the bottom of the seventh, the Lions scored three runs to put the game on ice by defeating the Raiders 7-5.

Ken Crowell went all the way for the Raiders, giving up seven scattered hits and walking only four men, but costly errors by his teammates ruined his beautifully pitched game.

## Murphy Completes OVC Leadership; Sloan Elected

Coach Charles Murphy completed his tenure as president of the Ohio Valley Conference April 1 and Gene Sloan, athletic chairman at MTSC, was elected as a member of the "judicial committee" of the conference at the meeting held at Kentucky Lake last weekend.

Mr. Murphy was succeeded by Bobby Lofton, athletic director at Morehead. Mr. Sloan replaces Dr. William Nash, dean at Murray State College who resigned and placed Sloan's name in nomination for the post. Sloan has served as athletic chairman at MTSC since 1946 and for the past ten years has been chairman of the Volunteer State Athletic Conference.

W. E. "Slim" Porter of Nashville succeeds Bernie Shively as commissioner for the OVC. A move to change the eligibility rules to require a calendar year to elapse before a transfer student would be eligible to participate was defeated.

Of major interest to MTSC students and fans was the admission of East Tennessee State College into the conference. Applications of Austin Peay and Florence State College were held up for one year for further study.

## Lt. Kenneth Trickey Assigned to Armor Tour

FORT KNOX, KY., (AHTNC) — Second Lt. Kenneth F. Trickey, 24, son of Mrs. Steve De Jarnett, 708 Thirty-seventh st., Cairo, Ill., recently was assigned to the Army's Armor Training Center, Fort Knox, Ky.

Lieutenant Trickey, whose wife, Peggy Alyce, is now living in Vine Grove, Ky., was a coach and counselor at Culver, (Ind.) Military Academy before entering the Army. He was graduated from Middle Tennessee State College in 1955.

## Baseball Team Has 9 New Prospects; Five Freshmen

by Ralph Englert

The Blue Raider baseball squad received a tremendous boost during their recent practice sessions when nine new prospective players reported to Coach Charlie Greer's crew for the first time.

The group of new men consists of two juniors, two sophomores, and five freshmen. Some of the members have played in other sports for the Raiders, but they all are giving the baseball team their first try.

Although Coach Greer, who is recuperating in the hospital from a stomach ailment, was not available at the time of this writing for a comment on the new boys, they will more than likely increase the Raider attack.

The new prospects and a little history on each one is as follows:

BUCKY PITTS — 5'9", 165 pounds, Bucky is a three year letterman from Fayetteville, Tennessee, where he played in the outfield and caught. His high school team played in and won two district tournaments and was in the state play-off in 1951. He had a high school batting average of .354.

RICHARD BAUGH — 6'4", 195 pounds, better known for his basketball ability, Richard is a four year letter winner from Somerset, Kentucky. His team played in four district tournaments and won all 4. Played in the outfield and also pitched.

VIC FRANCESCON — 5'10", 175 pounds, from Father Ryan High School in Nashville, Tennessee. Won three letters playing first base and in the outfield. Vic is now in his junior year although this is his first year with the team.

BILL KEMP — 6, 160 pounds, lettered twice while starring on the mound for East High of Nashville, Tennessee. Throws from the left side of the mound. He is now in his sophomore year.

ED PRICE — 5'9", 165 pounds. Plays in the infield, but mainly at the shortstop position. Ed hails from Murfreesboro, Tennessee. In his second year here at MTSC.

RAY PURVIS — 6'1", 165 pounds. Two year letterman from La Fayette, Georgia. Plays in the short-

## Lt. Wayne Wilks Wins Guided Missile Duty

Second Lt. Wayne D. Wilks, son of Mr. and Mrs. Oscar C. Wilks, Sr., 904 N. Main, Temple, Tex., recently was graduated from the Army's Anti-aircraft Artillery and Guided Missile School at Fort Bliss, Tex.

The lieutenant is a 1956 graduate of Middle Tennessee State College in Murfreesboro.

stop position. Ray is a freshman.

DICK ARNOLD — 5'10", 155 pounds. Comes from Oak Ridge, Tennessee where he lettered two years as a pitcher and infielder for the Wildcats. Played in two district and regional tournaments.

KEN CROWELL — 5'11", 165 pounds. Lettered three years as a pitcher and third baseman for Shelbyville High, 24 district play-off runner-ups. He is a junior.

FRANK HIGGINS — 5'11", 180 pounds. Hails from Fayetteville, Tennessee where he won two letters as a catcher for a team that beat Winchester for the district championship. Also competed in a mid-state play-off.

## AS NAVIGATOR OR PILOT

GET ON  
THE TEAM  
THAT DEFENDS  
AMERICA

The flying U. S. Air Force is a team of men who command the aircraft and men who plan the attack. These are the pilots and navigators, both equally important to the defense of America.

You, as a young man of intelligence and sound physical health, may join this select group in the world's most exciting and rewarding adventure. Your training will stand you in good stead, whatever your future plans may be—and you'll be earning over \$6,000 a year 18 months after training.\*

If you are between 19 and 26½ years of age, investigate your opportunities as an Aviation Cadet in the U. S. Air Force. Priority consideration is now being given to college graduates. For details, write: Aviation Cadet Information, P. O. Box 7608, Washington 4, D. C.

\*Based on pay of married 1st Lieutenant on flight status with 2 years' service or more.

Graduate—Then Fly...U. S. AIR FORCE AVIATION CADET PROGRAM

# SIGMA CLUB MEMBERSHIP HAS PASSED 500 MARK

Sigma Club initiation held in February brought the total Sigma Club membership above the 500 mark. The Sigma Club is an honorary achievement society for men at MTSC, organized about the time the college attained senior rank. New members of the club pictured, left to right, first row, Bobby Stinson, Dave Macon, Eatin Adcock, Howard Trull, Ray Tomlin, Novis Henry, Bert Norton, Gary Taylor, Donald Morton; Second row, Walter Bryant, Charles Freeman, Paul Delk, Bill Suggs, Ray LeFever, Shannon Moser, Ben Golden, Ted Gobble and Bill McAdam.

## Girl Watchers Guide Hunting Boys

Harry Heartbreaker

With contempt for my colleague, Miss Gertrude Persimmonmouth, and sincerest sympathy for members of my sex, I would like to answer her with a few observations of my own. Having been on the M.T.S.C. campus for quite some time, I feel myself an expert on the subject of Girls.

The first member of the female sex I would like to discuss is the "dumb blond" type. How she got to a college campus is a miracle in the first place, and why she is here is pretty obvious. She usually has the approved figure and more than likely long or short blond hair. (There are a few extreme cases of black, brown, and the type known as peroxidized, which I feel that I am unable to classify). She is usually around at the library where she likes to read the higher type of literature such as FROM HERE TO ETERNITY, TOM SAWYER (such a sweet little boy) and other forms of approved reading.

The second type is the athletic type of Girl Friday. She attends every ballgame, knows all the scores (basketball, etc., that is), and plays tennis better than the average boy. She loves to tag after ball players and is one of the most ardent cheer leaders at a ballgame. There are very few trapping hints, it seems that she is always around!

The last type is the girl-who-wants-to-get-married. Boy, unless you are in the same situation, stay away from her! She will lift your wallet and count your money; she will check up on your grades and do all manner of things to find out if you are the right man for her!

With these female types, I consider an average male well warned. If you would like to have a consultation with me on the female problem, just see me anytime. (Oh yes, I'm the boy with the gold band on my finger and the ball and chain around my neck.)

## MTSC Officers Visit Clearing House Tour

Four members of the MTSC faculty were guests of the Nashville Clearing House Association for a tour of the banks of that city and a banquet at the Noel Hotel last week. Those attending were Dr. Norman Parks, head of the social

studies department, Dr. Robert Martin, head of the economics division, Dr. Howard Kirksey, dean of instruction and Robert Abernathy, director of extension.

The Nashville bank leaders were interested in developing college men for banking positions. Representatives from other colleges in the area attended the meeting.

## Music Educators Sell Candy For Convention

The members of Music Educator's National Conference (MENC) at Middle Tennessee State College have begun selling bars of WORLD'S FINEST—chocolate bars to raise money to send delegates to the Southern Region Convention of Music Educator's National Conference, April 26-29, in Miami, Florida.

The—WORLD'S FINEST—chocolate bars are sold everywhere in fine hotels and restaurants for fifty cents, which is also the price the students are asking for the candy. Many in Murfreesboro will remember this same delicious chocolate that was sold last year by them.

The local chapter is sponsoring three students who have been selected to play in the MENC Golden Anniversary Band and Orchestra during the Convention. They

are Shirley Vick, Basil Rigney and George Bachman.

Door to door sales will be made soon, and you will have your opportunity to buy your bar of WORLD'S FINEST—chocolate.

Dr. Ed Baldwin has returned to his classroom following surgery at a Murfreesboro hospital.

# Sticklers!

WHAT IS A LUCKY TO A SCIENCE MAJOR?  
(SEE PARAGRAPH AT RIGHT)

LAB STUDENTS (and most folks with a flair for the scientific) know that one Lucky is an *Ample Sample*—conclusive evidence that Luckies are the finest smoking anywhere! Check this yourself. Try a couple—or a carton. You'll find that every Lucky tastes as good as the first one. You see, every Lucky is made of fine tobacco . . . mild, good-tasting tobacco that's **TOASTED** to taste even better. Light up a Lucky right now. You'll agree Luckies are the best-tasting cigarette you ever smoked!

DON'T JUST STAND THERE . . .  
**STICKLE! MAKE \$25**

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

## Six-Point Program To Be Emphasized By Fitness Conference

A Physical Fitness Conference will be held at MTSC on April 16 from two until four o'clock. Nineteen counties from all over Middle Tennessee are to participate.

The theme for the conference will be "Physical Fitness For Our Tennessee Children". Its purpose is to help the schools of Tennessee to improve their health and physical education programs by giving teachers practical materials and methods with which to work. Demonstrations with children will be used to show methods and techniques which can be used in the classroom.

A six-point program will be presented to the conference. Briefly, it is: (1) Simple physical fitness tests which can be used to determine strength and agility; (2) Relation of sleep and rest to fitness; (3) Relation of nutrition to fitness; (4) Relation of physical fitness to mental health; (5) Role of teachers in detecting physical defects; (6) Demonstrations of activities which can be used in classroom to promote physical fitness.

Several such conferences are being held over the state this spring. They are co-sponsored by the State Department of Education, the Departments of Health and Physical Education at the University of Tennessee, and state colleges throughout the states.

Principals and representative teachers from elementary schools in each county school system are invited. Health and physical education teachers in secondary

schools are also invited.

This series of conferences were initiated as a result of a group of simple strength and agility tests given to American and European students. In the United States, 56% of the children failed, while only 8% failed in Europe.

### Miss Fesmire Announces Plans For Marriage

The Rev. and Mrs. W. J. Fesmire of Watertown have announced the engagement of their daughter, Ruth Evelyn, MTSC alumna, and Robert MacGregor Simmons of Montreal, Canada, son of the late Dr. and Mrs. George Findlay Simmons.

Miss Fesmire graduated from MTSC in 1953 and has been a teacher and airline stewardess since her graduation. Mr. Simmons received the B.S. degree in creative writing from Beloit College, where he was Phi Beta and an outstanding athlete. He is an executive with the Colgate-Palmolive International.

### James Sullivan Is Now Carrier Pilot

Pensacola, Fla.—Qualified as a carrier pilot March 22 was Naval Aviation Cadet James L. Sullivan, son of Mr. and Mrs. G. R. Sullivan of Route 1, Franklin, Tenn.

Sullivan attended Knoxville Tennessee State College before entering the Naval Aviation Cadet Program.

## FTA Meet Brings 700 To Campus

The F.T.A. held a successful conference on the M.T.S.C. campus, March 29.

It began with registration in the student Union Building from 8:00-10:00 a.m. Highlighting the opening session in the Tennessee room was a welcome given by President Q. M. Smith, Roberts Turner, President F.T.A., and Johnny Bass President of the ASB of MTSC.

A report was given on the Future Teachers Conference at Portland, Oregon 1956, by Miss Martha Lee Dickey, State F.T.A. Representative given by Dr. Lyle Ashby, National ative. The morning address was Education Association. The subject of Dr. Ashby's speech was "Developments of N.E.A. through the last 100 years."

After lunch a pageant was presented by N.E.A., "This Is Your Life."

Discussion groups were a highlight of the afternoon. Eight groups participated with both high school and college sections. One of the issues discussed was "problems and issues that will face the beginning teacher."

The F.T.A. banquet was held at 6:30 p.m. in the Tennessee room with approximately 400 members present. The invocation was given by Jerry Williamson. The address delivered by Dr. Donald Sahli, Public Relations Representative Tennessee Education Association, was "Disturbing Voices."

The program was concluded with music by the M.T.S.C. Harp Singers, Mrs. Neil Wright, director.

## ASB Records Provide Dancing

Recently the ASB has purchased a new record player for the use of the entire student body. The record player usually is kept in the Yellow Room of the Student Union Building and is used for dances held there over the weekends. ALL

STUDENTS ARE WELCOME TO COME TO THE YELLOW ROOM EVERY FRIDAY AND SATURDAY NIGHTS. COME and make use of the new record player and have LOADS of fun.

Massachusetts is the only state in the union still governed under its original constitution.

## Music Has Busy Spring Program

The music department of MTSC is one of the busiest departments of the college. During the winter quarter it presented two student recitals, three Young Artist recitals, and an opera, "The Marriage of Figaro". During the spring quarter the music department will carry on these activities, in addition to the Baccalaureate and graduation exercises.

The following is a schedule of the planned activities of the music department for the spring quarter.

April 2, 3, 4, MTSC band tour; April 7-4 p.m., Sacred Harp Singers concert, music building; April 8-6:15 p.m., First Spring quarter student recital; April 16-8 p.m., MTSC Band formal concert, auditorium; April 25, 26, State Band and Orchestra Festival; April 30-8 p.m., First Spring quarter Young Artist recital, auditorium; May 2-6:15 p.m., First Spring quarter studio recital, music building; May 3, Chicago Brass Quartet Concert; May 5-4 p.m., Spring Oratorio, varsity choir; May 6-6:15 p.m., Second Spring quarter student recital, auditorium; May 13-6:15 p.m., Second Spring quarter Studio Recital; May 15, Senior recital, Pat Johnson, assisted by Kelley Graves; May 19-4 p.m., Spring quarter MTSC Chorus concert, auditorium; May 21-8 p.m., Second Spring quarter Young Artist Recital, auditorium; May 26, Baccalaureate, MTSC Chorus; May 31, Graduation, MTSC Orchestra.

### Sgt. Gilley Completes Non-Com Courses

Fort Belvoir, Va. Army Sgt. Talmadge B. Gilley Jr., whose wife, Dorothy, lives on Route 5, Murfreesboro, Tenn., recently was graduated from the non-commissioned officer course at The Engineer School, Fort Belvoir, Va.

Sergeant Gilley, regularly assigned as an honor guard in the 3rd Infantry Regiment's Company A at Fort Myer, Va., received instruction in leadership, map reading and other military subjects.

The sergeant graduated from Middle Tennessee State College in 1956. His father also lives on Route 5.

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smooth-

ness of ride and other driving qualities you want in a car.

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

*Chevy showed it's still the champ...  
at Daytona...and in the Decathlon!*

## Harry Green Has "A" Average; Wins Economic Award

Harry Green, a Lebanon senior at Middle Tennessee State College has established a scholastic record at Middle Tennessee State that may never be equaled.

HARRY A. GREEN

Not taking with 18 hours, "all the traffic will bear" at MTSC, he sought permission from Dean Howard Kirksey to do a "Readings" course in his major field, which normally carries three hours credit.

When grades went out last week Green had a straight A average for his normal load of 18 hours—plus an A for the unofficial course. A total of the equivalent of 21 hours of work with no grade under 95!

Green, president of his senior class at Lebanon High School, eight years ago, is the son of Mr. and Mrs. E. J. Green of 235 West Spring Street, Lebanon, and a grandson of the late Dr. and Mrs. Ben E. Green. His maternal grandparents were the former Sheriff Maxey and Mrs. Maxey of Wilson county. Green is married to the former Carolyn Jennings.

His astounding scholastic average was made while pursuing his major in economic that earned him the Wall Street Journal award for the outstanding economics major at MTSC. He is minoring in English and government. His work the past quarter included courses in marketing, social security, business and government, readings in economics, American diplomacy, and English literature.

Green entered MTSC after graduating from high school, but later joined the Army. He is a veteran of service in the Adjutant Generals Corp of the Army, being discharged as a S/3 in September 1955. He entered MTSC immediately and has taken a full load since that time.

## 14 Schools Were Competitors In Forensic Meet

The fourth district of the Tennessee Speech and Drama League held its annual forensic tournament at MTSC Saturday, April sixth.

Dr. Lane Boutwell, director of the program, announced that the first and second place winners in each event will go to Memphis State University for the state finals. Fourteen schools of the Middle Tennessee area were represented in the contest.

There were three judges for each of the nine events. All of these judges were MTSC faculty members who donated their time to this project.

Last Saturday's speech program, March 30, was part of a nation-wide oratorical contest held in observance of the two-hundredth anniversary of Alexander Hamilton. This contest had only one winner who was Charles Adair of West High School in Nashville. He will go to Knoxville on April twelfth and represent Middle Tennessee district in the state finals.

## Placement Bureau Is Chance of a Lifetime

Joyce Adamson

Would you like to be employed as a sharecropper in Istanbul? Or would you prefer to be a parlourmaid in Paga Paga? If so, you may contact the Placement Bureau at MTSC. This bureau, under the direction of the Honorable Mr. Robert Abernathy, deals with the securing of such highly specialized professional positions as those mentioned above for the graduates of MTSC.

Seriously, this bureau plays an important part in helping to launch students on their journey to professional success. On an average, about 200 to 300 students graduating from MTSC obtain jobs through the Placement Bureau. This service is also available to the alumni of MTSC either seeking employment or desiring to change positions. Although this bureau specializes in placing students of the teaching profession, you could be placed in other positions from mat-weaver to executive positions in Standard Oil, General Electric, Ford, etc. In other words, the only positions in which this bureau will not attempt to place you are those now held by Mr. Eisenhower and Mr. Nixon, who, as you may have heard, were elected to office.

Last year this bureau had 6000 such available positions. This year, to mention only a few, Mr. Aber-

nathy has had requests for 650 teachers in San Diego, California, with a beginning salary of \$4,200 annually, B.S. degree, and no experience; 387 teachers in Fairfax, Virginia, \$3,800 annually, and no experience; 300 teachers in Decatur, Georgia, \$3,600 annually and no experience.

Not only are the demands for college graduates numerous, but the locations of the jobs are also numerous and varied. Last year the Placement Bureau received requests for MTSC graduates to fill professional vacancies from 40 states, and this year it is anticipated that requests will be received from all 48 states. To mention a few of the MTSC students who have been placed through this Bureau, there is Mr. Lynn Banks, President of the Student Body last year, now employed by the Texas State Department of Education, Woodfin, Texas; Mr. Roy Wiseman, who graduated two years ago, Principal, Cleveland High School, Cleveland, Tennessee; and Mr. Jona Fitch, Principal, McMinnville High School.

In addition to full-time employment, this Bureau also has a number of positions available to students desiring summer employment in camps, resorts, etc.

If you are interested in any of the above-mentioned positions or

## L and M Contest Features 'Round The World Tour

During the coming summer vacation, some fortunate student will have the opportunity of traveling around the world on the 79-day expense-paid tour being offered as the grand prize in the current contest sponsored by L&M Filter Cigarettes.

The contest, which will be featured in the cigarette's advertising in this newspaper between now and the end of the school year, is based on the brand's "Pick the Pack that Suits You Best" slogan and requires that contestants complete the last line of a limerick on the L&M pack which they prefer. The writer of what is judged the best last line to either limerick will spend his summer taking the global tour.

The itinerary for the trip is based on the route traveled by Jules Verne's hero, Phileas Fogg, and includes such romantic stops as London, Paris, Rome, Istanbul, Calcutta, Hong-Kong and Tokyo. A specially designed time-table will permit the winner sufficient time to take advantage of the educational values of the tour as well

employment of any type, the Placement Bureau will be glad to extend a helping hand to you. Just contact Mr. Bob Abernathy, Placement Bureau, MTSC.

as all the opportunities for fun and relaxation. Pre-arranged side trips to points of interest along the way are a planned part of the schedule.

With all expenses paid, the trip promises to be the chance of a lifetime. Aside from the thrill and excitement of foreign travel, the leisurely journey will allow the winner ample time in each locality for study and observation. Every opportunity will be provided for gathering firsthand a wealth of historical and cultural information.

Any interested party—who isn't—should watch for the L&M advertisement. Read the contest rules, "pick the pack that suits you best", finish the appropriate limerick, and mail your entry before April 30th. If you are the big winner, you'll be off on the most fabulous vacation possible. The next 50 best entries will receive Polaroid "Highlander" land cameras.

## COUNTY SCHOOL TYPISTS WIN PI OMEGA PI TROPHIES

Pi Omega Pi, the national business fraternity at MTSC, conducted the second annual typing contest Friday for Rutherford county high schools. Winners in the first year division from left are Steve Cates, Kittrell (third); Marie Givens, Lascassas (second) and Dot Vaughan, Central (first). E. W. Midgett, head of the college business administration department, is in the center. To his left are Shirley Hollands-worth, Kittrell (first), Ruth Jordan, Lascassas (second) and Wanda Hamlett, Smyrna (third) in the two-year contest. Photo by Bennett. ## Miss Clark Named Head Of College Librarians

Miss Catherine Clark, librarian at Middle Tennessee State, was elected chairman of the college and university section of the Tennessee Library Association at the annual convention in Nashville last week. Other members of the MTSC staff, Miss Lenell Edwards as chairman of the recruitment committee, and Miss Syd Shinn, as chairman of registration, had important roles in the two day program.

Miss Clark, who holds the A.B. degree from Tennessee College and the Library Science degree from Peabody College, has been on the staff of the college since 1946.

## James Martin Named Conference Keynote

James A. Martin, of Middle Tennessee State College, Murfreesboro, gave the keynote message for the 10th annual conference of Tennessee Department of Employment Security employees, April 4, in Memphis. The theme was, "Communications—Lifetime of Our Service."

Martin is director of the Reading Improvement Center at MTSC and educational consultant for State Farm Mutual Insurance Company's regional office at Murfreesboro.

A June wedding is planned, according to the recent announcement, for Betty Newman, MTSC alumna teaching at Whitwell and George Fraley, Jr., of Winchester. Miss Newman is the daughter of Mr. and Mrs. W. C. Newman of Prairie Plains.

Both of the young people are 1955 B.S. graduates of MTSC.

Mrs. P. N. Becton of Greenville, S. C., a former MTSC co-ed, was one of 20 high school publication sponsors who won the gold key of the Columbia Press Association at the recent CSPS Association attended by 5,000 delegates in New York.

In 1954 Mrs. Becton won a gold plaque for merit from the Association. While a student here she won the first George Darrow medal for English composition.

## Farmers' Field Day Draws Crowd Of 400

More than four hundred farmers and other persons interested in agriculture helped to make the third annual Farmers' Field Day held here March 28th a huge success. Those four people who attended received the benefits of years of experimentation and improved agricultural practices from the addresses of such men as: Dr. Webster Pendergrass, Dean of the College of Agriculture, of the University of Tennessee; Dr. George Hopson, of the DeLaval Separator Company; Dr. William Bishop, Extension Agronomist, University of Tennessee; James Montague, Agricultural Engineer, Tennessee Valley Authority; Jesse Saffley, Farm Editor, Nashville Banner; and W. F. Moss, Assistant State Commissioner of Agriculture.

An afternoon's tour of the college farm, which showed the effects of proper management of the small farm, proved to be one of the highlights of the day. On this tour the farmers saw many of the labor saving and money saving devices that they heard about in operation during the morning sessions. This tour was conducted by Dr. C. N. Stark, Dr. Clarence Chesnut, Jr., Dr. Frank Himes, Mr. B. B. Gracy, Jr., and Mr. Eddie Thomason of the MTSC Agriculture Department and the following Agriculture majors: D. T. Hardy, Raymon Hardy, Bob Hatcher, Jim Smythe, Howard Hatcher, Dorris Lilliard, Earl Schmittou, Billy Kerr, Charles Smith, Wayne Drennan, Albert Hartley, Fox Crabtree, John Strasser, Dan Caffey, Bill Youree, Ben Parsley, Donald Turbeville, Charles Mullins, Robert Mayes, Carl Gadsey, James Gallagher, Bruce White, Edmund Parsons, A. P. Bouldin, Glen Beard, David Whitworth, Ernest Brothers, Ronald Barrett, Joe Bradshaw, Kenneth Wall, Billy Philpott, Stuart Maples, William Holt, Audie Elrod, Bill Elison, Bill Davis, Charles Lewter, John Patrick, Tom Farmer, Wylie Horn, William Denny, Albert Stone, Roy Adkins, Don Ables, James Helton, Jerry Cope, Hubert Collins, Harold Collins, John Davis, Charles Vaughan, John Stotts, Lionel Holiday, Joe Thompson, J. T. Tucker, Robert Mullins, Robert Barrett and William Vernon.

IT'S FOR REAL!

by Chester Field

STORM WARNING\*

Hurricanes are moody, temperamental;  
Hurricanes perform in fits and starts.  
Hurricanes have eyes serene and gentle;  
Hurricanes have predatory hearts.  
Hurricanes attack when least expected;  
Hurricanes delight in cutting whirls.  
Hurricanes can leave you broke, dejected...  
Funny we should name them after girls.

MORAL: Vive la femme! And vive le  
BIG, BIG pleasure of Chesterfield King!  
Majestic length—plus the smoothest  
natural tobacco filter. Chesterfield  
King is the smoothest tasting  
smoke today because it's packed  
more smoothly by ACCU-RAY.

Take your pleasure BIG!  
Chesterfield King gives you more  
of what you're smoking for!

\*\$50 goes to Daniel J. Sullivan, Holy Cross College,  
for his Chesterfield poem.  
\$50 for every philosophical verse accepted for publi-  
cation. Chesterfield, P. O. Box 21, New York 46, N. Y.
