Fifty Golden Years

The SIDELINES

VOICE OF MTSC, THE COLLEGE OF INDIVIDUAL OPPORTUNITY

Vol. 35 — No. 13

Middle Tennessee State College, Murfreesboro, Tennessee

Wednesday, April 11, 1962

Closed Circuit Television Viewing Set For Local Use

Closed circuit TV instruction and observation for student teachers will be a reality at MTSC by May 1, according to Hilary Parker, the Campus School principal.

Dr. W. B. Bowdoin, head of the MTSC education department, said that the college audio-visual education department under direction of Dr. Bealer Smotherman would co-operate fully with the Campus School in supplying technical aid in the development of the program, which is expected to become fully operative by this fall.

Mr. Parker feels that the science and foreign language program of the Campus School will be greatly enriched with this program. "Several classes can participate in a single class in Spanish or other foreign languages as it originates in one room and is televised to others," he explained. Science demonstrations that involve elaborate equipment can be set up only once.

A secondary advantage of the program will be in the training of student teachers. As many as 30 persons may sit in a room and watch a demonstration of good teaching without the children having knowledge that their work is under observation.

Receiving sets have been set up in each room operating from a

common antenna. When Channel 2 becomes operative these programs will be available to all Campus School classrooms as well as the educational programs originating on other Nashville channels.

Looking forward to the day when cable connections with other city and county schools may be a reality, the Campus School installations will provide for future municipal and regional TV facilities. Allied Sound of Nashville are contractors for the installation at a cost of approximately \$3,300, of which about one third is being paid by the Federal government under a Title III authorization.

Beard Exhibition Opens In Gallery

An exhibition of paintings, drawings and graphic arts by Richard Beard opened Sunday, with a reception in the Art Gallery of the Fine Arts Building and will remain on view through May 3. Mr. Beard is head, department of art, Maryville College.

A special feature of the Sunday reception was a gallery talk by Dr. J. J. Lawler. His topic was "The Origin of Action Painting."

The paintings of Mr. Beard are especially interesting in color. He uses extreme contrasts to produce jarring and shocking visual effects. Most of the paintings are non-figurative though some provocatively suggest subject matter in a very vestigial sense. The drawings and graphics are more figurative.

Work by this artist has been exhibited widely, and he has won a number of area and regional awards. A one-man show of his work was recently seen at Kenyon College.

His training as an artist has been at the University of Wisconsin where he studied Art History and at Ohio State University where he is currently a candidate for the Ph.D. degree.

Mrs. Underwood Given History Scholarship

Mrs. Helen Greenway Underwood has been awarded a scholarship for further study in American history according to the announcement of Miss Virginia Wilkinson, chairman of the scholarship committee of her chapter of the Tennessee Society of Colonial Dames of the 17th Century. The Dames are donors of the honorarium.

Mrs. James B. Givens, State president, stated that the choice is made among undergraduate students who plan to teach American history.

Mrs. Underwood, a junior at MTSC, is the wife of Joel Underwood and with him acts as host at the Methodist Student Center on North Tennessee Blvd.

Underwater Love Is Theme Of Swim Club Presentation

Attention, lovers! (Lovers of good entertainment, that is.) We have a new twist to an old tale of romance.

The Triton Club is presenting a show that is all wet, but it's definitely not designed for drips. It's the age-old story of "boy meets girl" in a rather unusual setting. These lovers do not have their first meeting in any conventional place such as the Terrace Room or in a

classroom in the Ad building . . . their rendezvous is several fathoms beneath the sea.

The Tritons will unfold this drama of Neptune's Paradise May 7, 8, 9 at 7:30 p.m. in the natatorium adjacent to the gym. The admission is fifty cents. You will see Frank Roleff as King Neptune; Sandy Irwin as his daughter; and Bob McGhee as her suitor; and a generous sprinkling of water nymphs and sprites.

Seen mapping campaign strategy for today's ASB elections are four of the nominees, left to right, Bob Turman, presidential candidate; Joyce Sherrill, for vice-president; Tommy Oliphant and Joe Bell, both candidates for president. Another vice-presidential candidate, Frances McPeters, was absent when the picture was made.

Hay Recipient Of Fellowship

Robert Hay, son of Mr. and Mrs. Ira Hay of Eagleville, has been notified that he is one of the students qualified for the exclusive Woodrow Wilson Fellowship foundation grants for graduate study.

Hay is a senior at MTSC, where he is a member of the Sigma honorary men's club, Baptist Student group, and vice-president of the Die Deutschen Kameraden. He has been on the Dean's honor list for five straight semesters and as a freshman won the Charles F. Lewis math scholarship. His major is in history with minors in foreign language and mathematics.

Hay is a graduate of Eagleville high school where he served as editor of the yearbook and treasurer of the senior class. He received the history award and Bal-four medal for outstanding scholarship there.

A sister, Mrs. Elizabeth Hay Rhea, is a Murfreesboro physician and served as editor of the MTSC Midlander where she, too, was an honor graduate.

Hay was one of three middle Tennesseans to qualify for the fellowship which will cover one full year's tuition and fees in a graduate school of the fellow's choice and a living allowance of \$1500. Currently there are 645 former fellows now teaching in 293 colleges and universities in the United States, an additional 641 are expected to complete the doctorate degree this year.

The Physical Education department is sponsoring its second annual dance program on Thursday, April 26, at 8 p.m. in Alumni Memorial Gymnasium. More than two hundred students will demonstrate folk, square, modern, and social dance forms. The public is invited and there will be no admission charge.

Speech Team Participates In Tourneys

The Middle Tennessee State College forensic team recently returned from the three-day Southeastern Pi Kappa Delta Province Tournament at Carson-Newman College, Jefferson City.

Participants from the college included A. W. Powell of McMinnville and Gordon DeFriesse from Chattanooga, men's debate; Carole Sanford from Lebanon and Molly Lynch of Watertown, women's debate.

Dick Schoonman, New London, Conn. entered extemporaneous speaking, oratory and after dinner speaking. Mr. DeFriesse and Miss Lynch also competed in extemporaneous speaking. Miss Sanford and Mr. Powell entered oratory. Miss Lynch and Mr. Powell also entered after-dinner speaking. The forensic group was accompanied by Clifton Trimble.

Middle Tennessee State College speech team members continued the season's successful campaign with a second place in the Smoky Mountain Forensic Tournament at Maryville College March 23-24. Fifteen colleges and universities participated with the host school, Maryville College, nosing out the MTSC team.

Miss Lynch and Miss Sanford, teamed up to win with no defeats in the women's division. The two Wilson county coeds placed in the individual speech events, Miss Lynch winning third in oral reading interpretation and Miss Sanford third in women's oratory.

Mr. Schoonman, placed first in extemporaneous speaking and second in men's oratory. Jerry Foster

Politicking Heavy As Polls Open

Today's election to name a new president and vice-president of the Associated Student Body promises to be hot, politically speaking. Posters and related materials were slapped up across the campus immediately following the nominations last week.

In the race for president are Tommy Oliphant, Murfreesboro; Bob Turman, Savannah, and Joe Bell, Nashville. All three candidates promise a variety of reforms with emphasis on true student representation—school spirit and weekend activities receiving the most attention.

Nominated for vice-president are Frances McPeters, Chattanooga and Joyce Sherrill, Nashville. Both candidates have received many scholastic and campus honors. Miss McPeters and Miss Sherrill promise faithful and devoted service if elected vice-president.

If a majority vote is not cast in today's election, a run-off to name the victors will be held Thursday, April 19.

Miss Gwaltney Is Home Ec President

Carolyn Gwaltney, sophomore from Murfreesboro, has been elected Home Economics club president for the 1962-63 school year.

Serving with her will be Carolyn Simmons, Shelbyville, first vice-president; Pat Holden, Christiana, second vice-president; Cherrie Keel, Greenbrier, secretary; Linda Peppers, Lawrenceburg, treasurer; Dorothy Meadows, Portland, historian; and Ernestine Harris, Lebanon, publicity chairman.

A highlight of the March meeting was a fashion show narrated by Roy Perryman of Goldstein's. Mr. Perryman commented on the styles, colors, and the spring look

(Continued on Page 7)

ROBERT M. BOYD

Mr. Boyd received his B.S. degree from Murray State College; his M.A. degree in recreation from Indiana University and his M.R.E. degree from Southern Baptist Theological Seminary, Louisville, Ky.

He has served as recreation director for the South Main Baptist Church at Houston, associate pastor of Deer Park Baptist church in Louisville, national chairman of religious organizations section, American Recreation Society, and on recreation conference faculties of the Baptist assemblies at Ridgecrest, N. C., and Glorieta, N. M.

Tom Williams and Betty Duggin are co-chairmen of ticket sales, and Sharon Malone, social committee chairman, is in charge of banquet arrangements.

★ Question of the Week ★

By June Vickery

Editor's Note: Because of the enthusiastic approach and mature answers being supplied to this column, we are continuing to ask the question, "If you could bring about a change on this campus, what would it be?"

Jim T. Hamilton, junior from Selmer: "There should be more social freedom for the students, and something done about the mass evacuation that occurs every Friday."

Larry Jeffery, junior from Chattanooga: "This school needs a change in school spirit. We go to a basketball game and there isn't a bit of cheering unless a football player walks in with his girl friend. Since this school is going to get a new coach we should start off right and give him and his team a great deal of support. Also, we need to support the football team more than we have ever."

Roy Shelton, junior from Nashville: "There needs to be an awakening on the part of the administration that students, who have been in the habit of using the Administration Building for purposes of study, deserve a credible explanation for the hardships that have been imposed upon them by the arbitrary action of closing these facilities, which often constitute a last refuge for those wishing to study in peace and quiet."

Elizabeth Fry, junior from Chattanooga: "If there were more activities here on weekends people would not go home to find something to do. Some effort should be made to change this situation by student and administration."

Carole Sanford, junior from Lebanon: "Establish the same girls' dormitory curfews for Friday night as for Saturday night."

Tag McMillen, sophomore from Nashville: "Establish a small chapel somewhere on campus where students could go for personal prayer and meditation (Undenominational) and have at least one assembly a month where the student Congress and President Cope can let the student know the progress the college is making on issues concerning the students. I think the response would be greater than we would anticipate."

Bob Turman, junior from Savannah: "Keep the Student Union Building open at nights for as late as girls have permission to be out. Those who do not have cars have no place to go."

Larry Stanley, junior from McMinnville: "I would like to see some organization on this campus accumulate student information such as name, phone number, home address, etc., and publish a student directory. This has been done with great success at other institutions, and could possibly be used for raising money for the organization."

Just Nothing

By John Allen Center

The last few days had brought nothing but rain and as it became colder, the rain turned to slush. Winter's camouflage was not far off. A thin coat of ice was forming on the fence as only the black naked pickets spiraled upward in a last defense against the snow which would soon bury them.

I had followed the long narrow road for quite some distance before I left it for a much smaller track which led me through a gate. At this point a number of paths bobbed and weaved carelessly among the trees and stones. It must have been at least twenty minutes that I walked about although I was most unconscious of the fact. At times I thought I could hear dull noises resounding from within the ground. I proceeded by instinct until only a blind corner separated me from my quest.

The trees passed by my side, and in the distance a man busily digging into the hard frozen ground came into view. He worked with the precision of a metronome. I watched for a time as the hole became deeper; then I wandered toward him. He eased for a second when he noticed me but readily resumed his pace.

"Terrible morning for doing much of anything," I offered.

"Sure is," he replied.

"You been doing this sort of work long?"

"Ten or twelve years, I reckon."

"I always wondered what it might feel like," I said.

For the first time he laid his shovel aside and rested against the side of the deepening hole. He thought a minute. "I'll tell you, the first time I dug, it almost worried me to death. Couldn't sleep so hot and didn't eat too well at that. But now it feels—like—like nothing."

"Like nothing?"

"That's all, just nothing," he said. "I don't guess it would make much difference even if it was a relative by now."

"Even one of your relatives?"

"Yeah, even a relative, 'cause—just nothing."

Slowly I retraced my fading footsteps in the deepening snow.

Nomination, Election Rules Given

By Johnny Stoddard

With everyone's attention turned toward the election of ASB officials for the coming year, it would be wise to consider the procedure involved in selecting student government officers.

A bill passed by the ASB Congress has set up certain rules and regulations which must be followed. In selecting nominees, several items must be taken into consideration. First of all, each candidate must plan to graduate in June or August at the end of the year in which they will serve and be a senior by the end of the spring semester. Also, they must have a 2.0 average. In order to be considered a senior a person must have completed 90 hours of work.

Next, all nominations must be made in an assembly designated for such a purpose and nominations will be closed at the end of this assembly. No open campaigning will be allowed prior to the nominations.

The polls shall be in a designated area in which there shall be no campaigning. These polls will be kept by the ASB officials conducting the election.

Another stipulation is that the election be held within ten days after the nomination of candidates.

These are the rules and regulations in an orderly election of qualified ASB officials.

Another bill which was recently passed by the ASB Congress sets forth the rules and regulations governing class elections. The purpose of this bill is to eliminate confusion and misunderstanding which has been experienced before in such elections.

Under the guidance of this bill, all classes electing new officers for the coming year will meet at the same time in the spring semester after the ASB election to select nominees.

The date, time, and place for these meetings will be determined by the ASB President and the class presidents.

All nominees must have at the time of nominations a 2.0 average and if they are elected, they must retain this average throughout the time in which they serve.

If there are more than two (Continued on Page 7)

YOUNG LOVE

The night was so clear;
The air so sweet;
My heart so still,
It scarcely beat.

I sat and stared
Too charmed to speak.
I felt her hand
It touched my cheek.

She spoke to me
In a comforting way;
I spoke to her
As a lover may.

The lights were dim;
The music was soft;
I reached for a kiss—
But she only coughed!

—Thomas Hampel

Everybody's Complaining!

Now listen, friends. One more time. I mean like we have pleaded with you to attend assembly; trembled with anxiety over your continued stubbornness in going home every week-end; we have even begged you not to hit old ladies and kick dogs. And NOW get ready for the REAL needle. We're going to appeal to you (get ready) to VOTE in the ASB election, APRIL 18. Your hand will shake from the effort, undoubtedly, as you make your mark, but nevertheless, we will be PLEASED if you will attempt it! If you don't vote, then kindly refrain from opening your cotton-picking mouths if you don't like the way the election goes. Isn't that fair enough? Seriously speaking, let's make this election really mean something! Everybody is COMPLAINING, COMPLAINING, COMPLAINING because of lack of student interest in campus affairs. We think you are interested; let's PROVE it!

LETTER TO THE EDITOR:

Student Asks 'Crusaders' ASB Support Explained By Member

A few of our fellow students calling themselves the campus crusaders have taken it upon themselves to improve our college.

I would like to be one of the first to congratulate them on their endeavors. However, I shall probably be one of the first to openly criticize their methods of operation. Some of the areas of improvement or reform mentioned or referred to in their "poop sheet" are rather ambiguous, to say the least. Another thing, it is a known fact that it is much easier to criticize than it is to offer constructive, corrective measures.

Fellow students, last September we elected officials from our ranks to represent us in our ASB government.

No government stands alone in a democracy. It must be actively supported by those who saw fit to establish it. Our ASB is like this. Its sole function is to work in behalf of the student body. Our ASB government serves as a mediator between the student body and the controlling elements of the college. It is capable of many and varied functions provided it is utilized by the students.

A government must be informed concerning the interests of its supporters in order to serve their ends.

Each class is represented by elected officials in the ASB government. They enact all laws, bills, and resolutions which govern and apply to the student body. If there is friction within the school concerning policies or rules, much more can and will be accomplished if the matters are turned over to congress for consideration and appropriate action. Vigilante groups or student demonstrations are not the answers.

The ASB Congress meets bi-monthly. Its sessions are open; students are permitted to sit in and participate through their respective representatives. Stop by and voice your opinion or pet peeve. I am sure it would be appreciated.

—Bill Settle

LETTER TO THE EDITOR:

Webster defines the word "few" as "a small number". This word "few" does not apply to the College Crusaders. If the student who is criticizing our group had examined the facts as to how many Crusaders there are, he would not have included the following statement in his letter to the SIDELINES. "A few of our fellow students calling themselves the Campus Crusaders have taken it upon themselves to improve our college."

There has been good representation at the meetings and much interest has been shown by the student body. Anyone criticizing the policies of this group had the right to show his face at the meetings and express what he thought should be done regarding campus improvements, social life and school spirit.

This student says that the ASB represents the student body at this college. He states that the ASB is the Democratic form of student government at this school. The Crusaders believe that the ASB is a figurehead government body under the complete control of and influenced by the college administration. He states that the ASB is a mediator between the school administration and the student body. We believe that it is simply a messenger service conveying the regulations by the school administration to the student body.

The ASB needs to be improved and strengthened. How this is to be accomplished is the responsibility of its officers and the students. If there are still questions as to the objectives of the Crusaders, I will be glad to speak to anyone concerning them. I believe, as a member of this group, that we, and every American, have the right to express any ideas which we believe would improve our Democratic principles of government.

—Henry E. Smith

MARBLE FOUNTAIN

Marble feet, marble hands
Tall, mighty stone
With crayon on the base
Water rust, chipped, crayoned marble.
Stone faced figure
White, yellow, veined
Marble white.

Red crayon marks, I-love-you, names
Little hearts, scratched hopes
A mine of marble wishes.

—Richard Zacarro

AAUW Offers Graduate Plan For Women

Middle Tennessee State College has been designated by the American Association of University Women as a participating institution in the Educational Foundation College Faculty Program, according to Dr. Mary Tom Berry, who has been designated as chairman of the program for the Murfreesboro branch.

This program, a project of 3-year demonstration duration is supported by a \$225,000 grant from the Rockefeller Brothers Foundation. Tuition and grants-in-aid will be awarded to approximately 50 women for one academic year of graduate study. Any woman college graduate 35 years of age or older who is a resident of Tennessee and who has not recently been on a college or university faculty or in a graduate study program, but who is interested in a career of college teaching, research or administration is eligible to apply for a grant.

In the case of Middle Tennessee State, women meeting the above qualifications who live within commuting distance of the college and now have a bachelor's degree and will become candidates for the master's degree and who can give full time to study will be eligible to apply, Miss Berry stated.

Those who wish to apply may write Dr. Mary Tom Berry, Box 530 MTSC, Murfreesboro.

After being promoted to lieutenant colonel, Quentin L. McNary (right) of Marshall, Ill., receives the silver oak leaf signifying his new rank from Col. Burt L. Mitchell, chief of staff, in recent ceremonies at Fort Riley, Kan. He received his M.A. degree from Middle Tennessee State College, in Murfreesboro, in 1960.

Article By Dr. Allen In Pamphlet

"Getting Into Party Politics" is the theme of an article by Dr. Charlotte Williams Allen appearing in a National Education Association special feature publication called "The Teaching and Practice of Politics." Dr. Allen's article was one of two different approaches to political activity which is published in the pamphlet prepared by the Citizenship Committee of the NEA.

Mrs. Andreana Briney of the MTSC Campus school faculty is a member of the national committee.

The publication also contains an article, "Every Citizen Holds Office", from a speech delivered by President John F. Kennedy while he was a senator from Massachusetts. Other articles are by Dr. Contance E. Smith, director of the Radcliffe Institute for Independence Study; Dr. Bernard C. Hennessy, New York University; Arthur P. Crabtree, associate editor of *Adult Leadership*; Brenda Byrne, executive director of the American Heritage Foundation; and Sara Cowan, Latin teacher in Portland, Me.

Miss Cowan is a Republican and says she was pushed into politics because of Cicero. Dr. Allen said she was pushed into politics when Senator Estes Kefauver asked her to serve as state director of women's activities in his campaign for re-election in 1960.

Dr. Allen, the daughter of Judge Albert Williams of Nashville, is a Democrat. She is an assistant professor of social science here and the author of *Hugo Black; a Judicial Biography*.

Dr. Allen says that she was pleasantly surprised that teachers were natural politicians and highly effective campaigners. She pointed out that they were generally well-respected in their communities; that they were good organizers; fair public speakers; usually of irreproachable character and due to long experience in talking with students and parents, highly diplomatic.

Dr. Allen points out that teachers entering actively into political experience will find the undertaking rewarding and instructive. "Rather than coming out dissatisfied with politics and politicians I have gained increased understanding and sympathy for our public servants", she concluded.

Dr. Smotherman Is Cover Photographer

Dr. Bealer Smotherman has been named "cover boy" by the editors of the Tennessee Teacher. The April issue carries his picture of Gilbert Shearron, "America's elementary school principal of the year" aiding Janice Wynn, MTSC student teacher, in checking the progress of some students at Mitchell-Neilson school in Murfreesboro.

The May edition of the Tennessee Teacher will also carry a Smotherman cover picture — the state capitol at night.

Mr. Shearron, who received both the B.S. and M.A. degrees from MTSC is the subject of an article appearing in the current edition of the Teacher.

High School Math Tests Planned Here

Students from 32 Middle Tennessee high schools are eligible for participation in the Middle Tennessee Section II Sixth Annual Statewide High School Math Contest scheduled for MTSC April 24. Similar contests will be conducted at 22 other centers over the state beginning at 9 o'clock in the morning.

Middle Tennessee State regional chairman, Burns Phillips, a member of the MTSC faculty, has stated that papers of students ranking among the top ten in each regional division will participate in the state judging. The winners of the contest sponsored by the Tennessee Mathematics Teachers Association will be announced in May, and the winners and schools will receive award plaques.

Dr. Harold S. Spraker of the MTSC math department is in charge of the local contest which will begin at 9 o'clock, April 24 in the Tennessee Room of the Student Union Building at MTSC.

There are four divisions in the contest including algebra I, algebra II, plane geometry, and comprehensive.

Captain Price Is Promoted to Major

Capt. James E. Price, Jr., assistant professor of military science, was promoted to the rank of Major with a date of rank of March 26, the Department of the Army announced recently.

Major Price served in World War II in the United States Navy aboard the Destroyer USS Knight. Leaving the service, he attended the University of Kentucky, and in 1950, following graduation, he received a commission as Second Lieutenant in the Regular Army. He served in Korea with the 35th Infantry Regiment. Major Price is a master parachutist, a graduate of Ranger School, and a wearer of the Combat Infantryman's Badge.

Major Price arrived at MTSC in June of 1960 and is currently serving a three year tour of duty. During the absence of Lt. Colonel Tummons, professor of military science, the Major is in command of the detachment.

Ken Forte, sophomore javelin champion from Winchester, out-distanced Austin-Peay competitors in last week's track meet with a mark of 168 feet 11 3/4 inches.

Raiders Outpoint Governors In Track Meet Events Here

MTSC's Track and Field Team left Austin Peay in the lurch last week as they racked up an impressive 106 points with the Governors managing only 30.

Two record breakers were Junior Ward, Nashville, and Gene Watson, Old Hickory. Ward, former star at Nashville

East, set a school record in the broad jump competition with a 23 feet, 1/4 inch mark. Watson broke his own shot put record, hurling the weight 44 feet, 11 inches. His previous record was 44 feet, 1 inch.

Ray Cooper, sophomore from Nashville, was high point man of the meet with a total of 12 1/4 points.

Results: Broad Jump—Ward (M), Boles (M), B. Dahlgren (M). Distance—23 ft. 1/4 in.

High Jump—Bradley (AP), B. Dahlgren (M), Binder (AP) tie for second. Height—5 ft. 8 in.

440 yd. relay—MTSC (Cooper, Watson, Burkhardt, Boles). Time—:46.5.

Mile Run—Cannon (M), Williams (M), Maxwell (M). Time—4:39.2

Shot Put—Watson (M), Gupton (M), Poe (M). Distance—44 ft. 11 in.

440-yd. dash—Roche (M), Jent (M), Nichols (A). Time—:53.6.

Pole Vault—tie for first, J. Dahlgren (M), B. Dahlgren (M), Cooper (M). Height—10 ft. 6 in.

100-yd. dash—Page (AP), Boles (M), Lad (M). Time—10.4.

120-yard high hurdles—Cooper (M), Bradley (AP), J. Dahlgren (M). Time—:15.7.

880-yard run—Cannon (M), Williams (M), Winders (AP). Time—2:05.5.

220-yard dash—Page (AP), Burkhardt (M), Ladd (M). Time—:23.5.

220-yard low hurdles—Cooper (M), Boles (M), Bradley (AP). Time—:26.5.

Discus—Gibson (M), Predette (AP), Poe (M). Distance—143 ft. 3 3/4 in.

2-Mile Run—Williams (M), Maxwell (M), Winders (AP). Time—10:45.2.

New Fitness Program Is 'Triton' Talk

By Sandy Irwin

A new rage is sweeping the MTSC campus. "Swim and Stay Fit" is currently the talk of the 4 o'clock regulars at the campus pool. Sparked by President Kennedy's interest in physical fitness, the American Red Cross came up with the idea of sponsoring a physical fitness program. Since swimming is one of the best all-round activities, it was chosen to challenge the youth and parents of America to build and/or rebuild their bodies.

The MTSC "Swim and Stay Fit" program is sponsored by the "Triton Club". The object is to complete 50 miles of swimming. Except for the initial three miles, the other 47 miles must be swum in segments of 440 yards (1/4 mile), or in multiples of 440 yards.

March 26, 1962 marked the starting point for those wanting to take that big step towards health. Students entered in the swimming program and the number of miles completed to date are: Billy Sewell—6 1/4; Bill Brown—1; Bill Baskin—10; Sandy Irwin—13 1/2; Bob McGhee—11 1/2; Mr. Ross—5 1/4; Tom Fitzgerald—3; Paul Dowell—1/2; Jim Forbes—1 1/4; Bill Landers—

9 1/2; Cindy Littlefield—9; Natalie Vallas—4 1/2; Bobby Mason—3; Lynne Ezell—2 1/4; Butch Turpin—3 1/2.

As each 10 miles is completed, a card is presented to the partici-

pant until he obtains the fifth and last card. This isn't a contest to see who can reach the 50 mile goal first, but merely an effort by the swimmers to build and maintain their strength and vigor.

CRAM COURSE NO. 2: BIOLOGY

The grisly shadow of final exams looms over us, so today in this column instead of merry quips and homely saws, you will find hard facts—quick cram courses to help you through the ordeal ahead.

Last week I gave you a rapid survey of Modern European History. Now let us turn to Biology.

Biology is divided into several phyla, or classes. First is the protozoa, or one-celled animal. All life stems from the one-celled animal. Over a space of millions of years, life slowly evolved until today we have animals with as many as 12 cells. Some larger mammals claim they have 14 to 16 cells, but you know how larger mammals lie.

The second class of animals is the periphera—a shadowy category that borders often on the vegetable. Take, for example, the sponge. The sponge is definitely an animal. The washcloth, on the other hand, is definitely not.

Next we come to the arthropoda, or insects. Most people, of course, find insects fairly repulsive—and yet, if one will but look, there is exquisite beauty in the insect world. Who does not remember the lovely insect poems of William Cullen Sigafoos—such enchanting lyrics as *Tumbling Along with the Tumbling Tumblebug*, *Fly Gently, Sweet Aphid*, and *Gnats My Mother Taught Me*. Mr. Sigafoos has been inactive since the invention of DDT.

Our next category is the mollusca—lobsters, shrimp, and the like. Lobsters are generally found under rocky projections on the ocean bottom. Shrimp are generally found in a circle around a small bowl containing cocktail sauce. Marlboro Cigarettes are generally found at any tobacco counter or vending machine.

What have Marlboro Cigarettes got to do with biology? Well, actually, not very much. It must be remembered, however, that the makers of Marlboro pay me for writing this column, and they are inclined to get surly if I fail to mention their product.

Mind you, I enjoy singing the praises of Marlboro—and so will you once you try that flavorful tobacco, that fine filter which lets the flavor come through undiminished. It is a great pleasure to smoke Marlboros and a great pleasure to write about them, but sometimes, I must confess, I find it a bit difficult to work the commercial into the column. Some years ago, for example, I did a piece about Alexander the Great, and, believe you me, it took a heap of stretching to drop in a plug for Marlboro. The way I finally managed it was to have Alexander go to the Oracle at Delphi and say, "Oracle, I have conquered the world and tasted all its pleasures, but somehow I am not content. I know that somewhere there must be a joy I have not yet experienced." To which the Oracle replied,

There is no great difficulty distinguishing the two

"Yes, Alexander, there is such a joy, but, alas, the time is not yet. I refer to Marlboro Cigarettes which will not be invented for another 2500 years." Whereupon Alexander fell into a sulk from which he never recovered. . . Well sir, there is no question I sold a lot of cigarettes with this ingenious commercial, but the gang down at the American Academy of Arts and Letters gave me a mighty good razzing, you may be sure.

But I digress. Back to biology, and the most advanced phylum of all—the chordata, or vertebrates. There are two kinds of vertebrates—those whose backbones run horizontally and those whose backbones run vertically. Generally, there is no great difficulty in distinguishing the two varieties. A fish, for instance, has a horizontal backbone, and a man has a vertical backbone. Occasionally, however, you run into a problem—like a fish who swims upright and a man who spends most of his time in the sack. How, in such a case, do you tell one from another? Science struggled with this sticky question for centuries, but finally Sigafoos of M.I.T. came up with a brilliantly simple answer. Offer the creature a Marlboro. If it is a fish, it will refuse. If it is Homo sapiens, it will accept. In fact, the more sapient, the quicker the acceptance.

© 1962 Max Shulman

The makers of Marlboro, upright vertebrates all, remind you that their fine cigarettes are available in pack or box wherever cigarettes are sold in any of the 50 states.

Sport Shorts

By Bob Mifflin

"Rain, rain go away." These might very well be the words of Spring sports enthusiasts. Numerous events have been postponed due to wet grounds. Enuf's Enuf!

MTSC is well on its way to wrapping up another OVC golf championship. The raiders have scored victories over Mississippi State and arch rival TPI. David Dixon led MTSC to a 20-7 win over the Bulldog linksmen, gaining low medalist honors with a 71.

TPI might be wondering what happened in Murfreesboro. They were completely run over; 24-3. Just a word to the wise, scouts report that Tech has come up with one of their better tree climbing teams. Looks like they might take the title again.

The MTSC baseball team evened things up with Vanderbilt last week. After being beaten in Nashville 9-7, the Blue and White came through with an outstanding 12-7 victory. The Raiders picked up 16 hits. Moir Hill's home run with two men on proved to be the winning blow.

The Raider track team really opened with a bang. Two former records fell at MTSC breezed by Austin Peay 106-30. Junior Ward set a new school broad jump record at 23 feet 1/4 inches. Gene Watson broke his own shot put record as he heaved the shot for 44 feet 11 inches.

The Raiderettes tied the Raider rifle team on March 21. At the end of the match the score was deadlocked at 1,356 points apiece. The five top scorers for the Raiderettes were Betty Batts, Betty Morgan, Shirley Givens, Pat McEntire and Pat Badacour. For the Raiders, Terry Bush, Jim Arnold, David Kinney, Bill DeLacey, and Randy Rowell led the scoring.

Professors Attend PE Convention

Three members of the Middle Tennessee State College department of physical education attended the 77th annual national convention of American Association of Health, Physical Education and Recreation.

Dr. E. K. Patty, Dr. Everett Marcum, and Chester Anderson will attend the AAHPER in Cincinnati, Ohio, from April 6 through 10.

U. S. Attorney General Robert F. Kennedy was the opening session speaker at the annual meeting. Other highlights of the general sessions included the presentation of AAHPER awards for distinguished service, a demonstration of gymnastics and folk dances by the Danish Gym Team, and addresses by Chancellor William P. Tolley of Syracuse University and Eleanor Metheny, professor of physical education, University of California.

Outstanding speakers at the division and section meetings included: Albert Sabin, MD, discoverer of the oral polio vaccine; Dean Ernest O. Melby, Michigan State University; Thomas E. Shaffer, MD, medical director of the Juvenile Diagnostic Center, Columbus, Ohio; Leonard W. Larson, MD, president of the American Medical Association; and Lawrence G. Derthick, NEA assistant executive secretary.

Dr. Patty was one of the three voting delegates from Tennessee at the AAHPER Representative Assembly. He has received two AAHPER Fellow awards for distinguished service in his field.

Weak Hitters Prove Hot As Raiders Take Vandy

The "weak hitters" in Middle Tennessee State's batting order—the No. 6, 7, and 8 men—proved to be towers of strength last week and led the Blue Raiders to a 12 to 7 victory over Vanderbilt.

THE VICTORY not only evened MTSC's record for the young season at 1-1 but enabled the Raiders to avenge their only loss.

Vanderbilt has only one win this season, that being over MTSC, while losing five and tying once.

The contest, which saw six pitchers—three on each team give up 27 hits, was a see-saw affair for the first four innings but in the bottom of the fourth the victory pendulum swung toward MTSC for keeps.

Moir Hill's home run with two mates on base in the bottom of the fourth proved to be the deciding blow. Going into the bottom of the fourth Vanderbilt enjoyed a 7-5 advantage. However, Hill's blow over the centerfield fence put the Raiders ahead 8-7 and before the inning was over the MTSC crew had added another.

In the sixth the Raiders added three more to salt away the victory.

Jim Painter and Ted Morris led the MTSC "hit parade." Painter collected two singles, a double and a home run in as many trips to the plate while Morris had a double and two singles in four appearances.

HILL HAD A homer and a single in three trips and Eddie Hobson collected a pair of singles in five trips. Hill, Painter and Hobson were the No. 6, 7 and 8 men in MTSC's batting order. Altogether that trio accounted for half of MTSC's 16 hits and drove in 11 of the Raiders' 12 runs.

Chuck Cherry, Dave Longley, Earl Allen and Doug Sigman got two hits each for Vanderbilt.

Phil Jones, slugging outfielder for the Middle Tennessee State College baseball squad, has been sidelined for the 1962 baseball season. The Shelbyville junior broke his index finger of the right hand in the second game of the current campaign which will cause him to miss the season.

It has been a "hard-luck" year for the 1961 HEIMS HALL All-American baseball player. During the 1960-61 basketball season, Jones had the best shooting percentage on the Blue Raider team with an amazing 50.9 per cent of 55 field goal attempts made good.

In baseball, Jones led the team in hits last season with a .333 average. This year, he opened the campaign with three home runs against Vanderbilt, and knocked in six tallies. Before the injury bug hit, he had banged out four hits in seven trips, for an average of .571.

FUN AND SUN DAYS

AT YOUR CHEVROLET DEALER'S

(where you'll find the
nicest ways to get away!)

You won't find a vacation-brightening variety like this anywhere else. And now that spring has sprung, the buys are just as tempting as the weather. Your choice of 11 new-size Chevy II models. Fourteen spacious, spirited Jet-smooth Chevrolets. And a nifty, nimble crew of rear-engine Corvairs. Three complete lines of cars—and we mean complete—to cover just about any kind of going you could have in mind. And all under one roof, too! You just won't find better pickings in size, sizzle and savings anywhere under the sun. And you couldn't pick a better time than now—during your Chevrolet dealer's Fun and Sun Days.

NEW BEL AIR 4-DOOR STATION WAGON

Jet-smoothie that rides just right, loaded or light—with 97.5-cu.-ft. cargo cave and Full Coil suspension.

CORVAIR MONZA 4-DOOR SEDAN

From snappy interiors to sure-footed seat, this one's got the gift of making sport of most any trip.

NEW CHEVY II NOVA STATION WAGON

Here's a wagon that sells at a compact price, yet totes in a big way with a longer load floor than any compact—over 9 ft. with second seat and tailgate down.

See the new Chevrolet, Chevy II and Corvair at your Chevrolet dealer's One-Stop Shopping Center.

Acquaintance Corner Mueller Presented

HANS G. MUELLER

Hans G. Mueller, instructor of social science, is from Berlin, Germany. He attended the University of Cologne, Germany, Gonzaga University, Spokane, Wash., where he received the B.A. degree, and Vanderbilt University, Nashville.

In 1959-1960, he was on a Fulbright grant at the Escola de Sociologia e Politica in Sao Paulo, Brazil, teaching a graduate course in economics. He is married to the former Yagui Madoca.

Seven Will Attend State Convention

Home economics majors, along with Margaret Putman, head of the department, will attend the Tennessee Home Economics convention at Gatlinburg next week, April 26-29.

Miss Putman is state advisor for the group. Students attending from MTSC include Charlene Bentley, state president of college clubs; Carolyn Gwaltney, Sally Smith, Beverly Montgomery, Carolyn Simmons, and Barbara Smith.

Last week Miss Putman was the speaker for the Home economics teacher's meeting at the TEA meeting in Nashville.

A group of 13 majors recently attended the state convention of the Future Homemakers of America in Nashville, accompanied by Miss Putman. They included Jo Helen Patrick, Carlene Etter, Mrs. Katherine Faulk, Lynda Lane, Elaine Mingle, Linda Morrison, Gail DeBusk, Gayle Owensby, Gail Scott, Cherrie Keel, Sandra Barrett, Paula Moore, and Margaret Vaughn.

nominations for any one office, the class will vote by a standing vote for these candidates. The two receiving the most votes will be candidates in the regular class election.

The regular election will take place within seven days following the nomination meeting. It will be conducted by officials of the ASB. Each class will be responsible for printing ballots.

These are the rules set up for the election of class officers and they should be followed closely for a fair election.

Movies to be shown by the ASB in the future are "Song Without End," and "Killers of Kilimanjaro."

Speech Team - - -

Pageant Set By Jaycees; Entries Urged

Coeds from Middle Tennessee State College have been invited to compete in the annual Miss Murfreesboro Pageant to be held May 12 at the Central High School Auditorium.

The contest is held each year by the Murfreesboro Junior Chamber of Commerce in conjunction with the Miss America Pageant. Miss Murfreesboro will enter the Miss Tennessee contest this summer.

Entrants must possess and display in a three-minute routine talent in either singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, or other, or she may give a three-minute talk on the career she wishes to pursue.

The winner will receive a \$100 scholarship for college, an expense-paid trip to the Miss Tennessee Pageant in Jackson, and numerous other prizes donated by local merchants.

An MTSC student, Emily Gilmore, was last year's Miss Murfreesboro.

Further information about the pageant may be obtained from Henry Siemers, 918 Kirkwood, 893-8105, chairman of the entries committee.

Entry blanks and rules may be obtained at the MTSC Publications Office. Interested parties may also return these to our office after completion.

Annual Cadet Awards Are Presented

Annual awards for outstanding cadets of the Middle Tennessee State College ROTC were presented recently.

Cadet Maj. James B. Sivells of Tullahoma, battle group adjutant, received the outstanding senior cadet honor. Sivells also was presented the Armor Award, sponsored by the Armor Association of the United States Army.

The awards were presented by Maj. James E. Price, acting professor of military science, in the absence of Lt. Col. Donald M. Tummons, convalescing from surgery at Scott Air Force Base.

Other awards and cadets are: junior superior cadet; Cadet 1st Sgt. Gordon L. DeFriesse, Chattanooga; sophomore superior cadet; Cadet Staff Sgt. Randall R. Kelley, Nashville; freshman superior cadet; Cadet Cpl. James D. Childress, Lawrenceburg.

Senior leadership: Cadet Capt. Terrell P. Dilley, Smyrna; junior leadership: Cadet 1st Sgt. Joe W. Davidson, Culleoka; sophomore

Tau Omicron Entertains 40 Alumnae

Tau Omicron, honor society for women, celebrated MTSC's Golden Anniversary with a luncheon in the Student Union Building on March 31. Fifty-seven guests attended the event.

Among the forty alumnae present were two of the seven charter members. They were Miss Eleanor Miller of Dickson, and Miss Margie Mitchell of Murfreesboro.

Speaker for the occasion was Mrs. J. O. Williams, prominent church woman and horticulturist of Nashville. Her message was "How to Make a Success of Life, Rather Than Only a Success in Life".

Mrs. Williams compared each person with a seed which possess power to produce. She explained, "This seed placed in the hand of God develops in four stages according to His plan: creative hand, sustaining hand, governing hand, and fulfilling hand."

MTSC alumnae attending were: Mary Lawrence Barker Oliver, Elizabeth Hughey, Judy Holt Marks, Young Florida, Ruth Walk-up Ridenour, Joanne Wright Brock, Peggy McQuiddy Trickey, Mary Helen Crawley Burruss, Betty Jo Hyde Welch, Louise Gower Elliston, Nancy Ford Harris, Carol Crouse Powell, Essie Rich Vickers.

Margaret Douglas, Elizabeth Travis Gwaltney, Edythe Dickens Connelly, Carolyn Webb Harvey, Jean Gilmore Webb, Nena Miles Bagwell, Patti Ferrell Sharber, Clara Cathey Harris, Mabel Baxter Pittard, Virginia Wilkinson, Sammy Van Hooser McCrary, Nell Banks Smith, and Georgiana West Russell.

leadership: Cadet Staff Sgt. Ronnie Wilmouth, Bardwell, Ky.

College President's Scholarship: Cadet 1st Lt. William P. Dailey, Murfreesboro; Marianne Turpin Burke Award: Cadet Sgt. Maj. Ronald E. Adkerson, Smyrna; Military Science: Cadet Col. Charles E. Crowe, Chattanooga.

Military Scholastic-Leadership: Cadet 1st Sgt. Robert Wrenn, Columbia; Military Academic-Leadership: Cadet Maj. Bobby Sturdivant, Nashville; Military Academic Improvement: Cadet 1st Lt. Cammie C. Mangrum, Murfreesboro.

Commendations for outstanding achievement: Cadet Lt. Col. Charles G. Tucker, Murfreesboro; Cadet Maj. Robert D. Rose, Murfreesboro; Cadet Maj. Roger C. Wilkerson, Nashville; Cadet Sgts. William H. DeLacey, Smyrna; and Charles K. Rowe, Chattanooga; Cadet Cpls. Alton W. Powell, McMinnville; Terry F. Brandon, Murfreesboro; James M. Alexander, Murfreesboro; George M. Briggance, Gallatin; and Carlton R. Sivells, Tullahoma.

Coeds Perform In Organ Recital

The annual student organ recital for the Nashville Chapter, American Guild of Organists was presented on Tuesday evening, April 10, at Peabody College in Nashville on the Reuter organ. Middle Tennessee State College was represented by Claudine Prowell and Sarah Helen Jones.

Miss Prowell, the daughter of Mr. and Mrs. C. C. Prowell of Lebanon, is a junior music major. She is organist at the First Presbyterian Church, Lebanon. She will play "Carillon" by Vierne.

Miss Jones is the daughter of Mr. and Mrs. Charles M. Jones

Nine Members Initiated By Kappa Omicron Phi

The Middle Tennessee State College home economics honorary fraternity of Kappa Omicron Phi initiated the following members recently: Katherine Faulk, Murfreesboro; Diana Fite, Liberty; Carolyn Gwaltney, Murfreesboro; Cherrie Keel, Greenbrier; Linda Medlin, Nashville; Beverly Montgomery, Shelbyville; Jo Helen Patrick, Readyville; Gayle Scott, Coalmont and Sally Smith, Centerville.

of Nashville and is also a junior at MTSC, majoring in English. She will play "Flandria" by Maeckelberghe. Both organists are students of Margaret Wright.

Newman Club Sets Drive For Clothing April 23

On April 23 the Newman Club will sponsor a drive for clothes for needy families.

The people working in this drive will be:

Leonidas Bell, Sims Hall; Pat Gillen, Smith Hall; Skip Garrett, Jones Hall; Ken Forte, Beasley Hall; Marion Spelta, Rutledge Hall; Agnes Mason, Lyon Hall; Jodie Murray, South Monahan; and Judy Simpson, Old and North Monahan.

Anyone having any unwanted clothing is asked to give it to the Newman Club members when they come to the rooms on April 23.
