

300 Seniors To Get Degrees This Year

PLEASE SING MY ANNUAL

Above a group of students are seen autographing the annuals of their friends on May 28, the day the Midlander emerged from the printers.

Midlander Appears on Time; Honors Reynolds, Saunders

Middle Tennessee State College's past years is an enlarged feature section, which contains pictures of campus beauties as well as the usual "Who's Who", superlatives and honors winners. Another section that is somewhat larger than in past years is the sports and intra-murals.

For the first time this year all pictures in the book were made by faculty members or students with L. D. Bandy doing the individual class pictures. Other pictures were made by Bealer Smotherman, visual aids teacher at the college and students Barbara Witham, James White and Herman Fox.

The Midlander won a Medalist rating last year in the CSPA competition and will be entered for critical service again this year.

GENTRY MAYO

Gentry Mayo of Woodbury has had perfect attendance in school for sixteen years. Gentry has never missed a day or been tardy. He is a graduate from Woodbury High school and will get a BS degree in mathematics and chemistry at MTSC this June.

Summer Quarter Offers Full Program; Meetings Planned

If you can catch your breath between now and Tuesday you can start meeting eight o'clock classes at 7:30, FIVE days a week. Registration begins at 9 o'clock June 8, and the final quarter exams are July 15 (first session) and August 20 (second session).

That's the schedule for the fortunate (?) ones who will be on the campus during the summer quarter. Classes run from 7:30 until 3:30 with a few graduate classes like "Public Finance 503" and HPER 591 "Problems in Health and Safety" meet at night from 6:30 until 9 o'clock. However these extra long night sessions are usually confined to two nights a week.

Dr. Joseph E. James, head of the department of social studies at Mississippi State College, will be a visiting teacher for the summer. Lane Boutwell, who has been on a year leave to complete his doctorate, will be back for summer classes. Miss Hester Rogers will also be back in the Art Department.

This summer will mark the introduction of the new courses in library services, too. Miss Lenell Edwards, who will head up this work in the future is offering two courses, one in organizations of materials and another in basic reference materials. These courses are designed for teacher-librarians or for those who wish to use the courses as transfer credit to some other institution on a graduate degree in Library Science.

There won't be a dull moment on the campus during dog days—or the pre-dog days of summer. Here is the "extra-curricula" schedule: June 5-8, Tennessee Education Association workshop with 400 county and city superintendents, county TEA association presidents and secretaries attending from all over

PRE-COLLEGE RECITAL

The Music Department of Middle Tennessee State College presented the pre-college piano students of Mary Dillon Scott, the violin pupils of Rufly Taylor Sanders and the piano students of Philip Howard in a recital Tuesday evening at 7:30 in the college auditorium.

Seniors Give Last Recital

THOMAS DARNELL

The group held a minute of silent prayer for the late P. A. Lyon, former MTSC president, and the late Miss Katherine Monahan of Nashville, former history teacher.

Principal speaker was Rex Turman, principal of the Savannah, Tenn., high school, vice president of the Tennessee Education Association and MTSC alumnus.

Turman said there is a tremendous shortage of elementary school teachers and urged that every effort be made to keep teachers in the profession and recruit new ones. He praised the rapid growth of the college in recent years.

President Q. M. Smith of MTSC said the faculties of the college are already being taxed, and that increasing enrollment would require further expansion. Ira Daniel, Rutherford county school superintendent, welcomed the class of 1953, and James Lofton of Franklin, Tenn., class president, responded.

The banquet opened commencement activities at the college. The Rev. Hubert Covington, pastor of Murfreesboro Cumberland Presbyterian church, delivered the baccalaureate sermon to the 150 members of the June class Sunday morning.

His text was "Give He This Mountain", and told the graduates each of them would have his own particular mountain to conquer, and that they would achieve their goals if they were consecrated in their work and enjoyed it.

500 ALUMNI RETURN TO TSC FOR BANQUET

Roy Smith, Hamilton County Superintendent, is New President

The old grads of Middle Tennessee State College returned to the campus in record number Saturday night, as 500 persons attended the annual banquet of the college's Alumni Association. It was the biggest group ever to attend an alumni gathering.

New vice-president is Homer Pittard, principal of Murfreesboro Central High School. Bob Abernathy, of the MTSC faculty, was reelected secretary. Charles Holt of Lawrenceburg was elected to the board of directors.

The highlight of the evening was a tribute by Dean N. C. Beasley, of MTSC, to six retired staff members who served the college many years. These were J. H. Bayer, J. S. Holmes, and James M. Green, all of Murfreesboro, who were present, and Dr. Charles E. Lewis of Berea, Ky., Dr. T. J. Golithy, also of Kentucky, and Mrs. Betty Murfree of Murfreesboro.

A YEAR OF TRIBULATION AND SUCCESS

The end of the season is upon us... a time of nostalgia and reminiscence—a time for pleasant memories and those not quite so pleasant.

We're proud of our new Arena Theatre, in which student-directed, student-produced plays are shown before invitational audiences!

We're proud of the season of plays we've produced—proud of LADIES IN RETIREMENT, THE INFERNAL MACHINE, and BELL, BOOK, AND CANDLE.

—PRICE T. SNELL

MTSC has been very fortunate in having such an active drama department. It has staged top-notch plays, some of them hot off Broadway.

Everyday leading educators are stressing importance of drama in life and especially in the schools. A number of books have been recently published on this subject.

The drama club has been unsuccessful in some ways and successful in others. What it has suffered in financial loss it has made up for in experience and self-confidence given to the students of MTSC.

OPEN LETTER TO STUDENTS

As Co-chiefs of the Publicity Crew we apologize to the cast and crew of Bell, Book and Candle for the lack of attendance during the three night run of this play.

The cast which had spent more than six weeks in rehearsal for this play; the scenery crew which constructed one of the most difficult sets ever built for the MTSC stage; the property crew, which secured furnishings from Nashville and Murfreesboro; the lighting crew, the make-up crew, the costume crew, the ticket crew, the house manager, the stage manager, the assistant stage manager, the assistant director, the technical director, and the director, Mr. J. J. O'Shea deserved a far better reception.

THE DROWNING SEASON

The approach of swimming weather brings to mind the fact that each year some thousands of persons drown because sensible precautions were not followed by the victims.

- 1. Do not go swimming too early. 2. Use supervised pools. 3. Stay ashore in heavy weather. 4. Keep children out of boats not equipped with life-preservers, or without swimmers aboard. 5. Teach children to swim early.

- 1. Wait an hour after eating, before swimming. 2. Use excessive caution when fishing from a boat after dark, especially if in strange waters. 3. Always carry extra life-preservers in boats. 4. If you are deathly afraid of water, stay away from it.

One other word of caution is the suggestion that you try one or several floating techniques when next in the water. Many people can float indefinitely without any effort if they will hold their head back so that only the nose is above water.

Nelson G. Hanawalt, Professor of Psychology, Rutgers University: "Some day soon people will submit to psychological check-ups just as naturally as they go for physical examinations."

Bernard M. Baruch, retired industrialist: "Thinking has become a generally neglected art."

Dwight D. Eisenhower: "We must be ready always to work with all nations in good faith."

When the Midlander was finished the staff and their guests danced for joy at a Cedar Forest picnic May 22.

Mrs. Floyd Dennis Arrives In Japan

From an article in the Shelbyville it is reported that Mrs. Floyd Dennis, the former Elizabeth Tittsworth has recently arrived in Japan to be with her husband who is serving there with the Armed Forces. She is a graduate of MTSC and Sergeant Dennis was editor of the Sidelines when he went into service.

Mrs. Dennis affirms that she find adjustment to Japanese life very easy. The climate there is not too different from Shelbyville but the customs are interesting and different.

She has noted the fields of mustard which is grown there for its oil and the rural roads which are nothing but paths. The American residents are not allowed to eat Japanese grown and marketed food. Some of the families grow a few vegetables in chemically reinforced water. The American base has fresh vegetables and fruits flown from surrounding islands. Canned and packaged foods are plentiful.

After graduation Hugh McFarlin is going into the Air Force Cadets.

What did room 320 do to deserve the TABU and mustard prank, Mary Jo? Or do you still deny it?

Notice— You are invited to attend a Miscellaneous Shower for Mrs. Anne Sharp Cole in the lobby of Lyon Hall at 2:30, Tuesday afternoon, May 26, given by Dolores Sorrells and Mary Elizabeth Warren.

LYON LINES

by FRAN AND JOYCE

With Graduation and Summer vacation just around the corner, we are each having feelings of sadness or joy.

To those of you who will not return after June or August we sincerely wish much success and happiness in your work.

Ina Bell Evans is aspiring for success in New York.

Jo Akins, Mary Ann Dickey, Louise Gribble, and Nancy Hill will be teaching next year at South Cobb High School in Austell, Georgia. Good luck girls!

For some time, now June Woodard and Jim Loftin have been planning their wedding and have set the date for August 1. We hope, as the story goes, that they live happily ever after.

Monday evening we enjoyed a picnic supper in the lobby of Lyon Hall. Many thanks to the girls who prepared the food.

We are sorry to hear of the illness of Jane Gillum's mother. We wish her a quick recovery.

Eleanor Warbrod and Billie Swafford were contestants for Young Farmers and Homemakers Queen. Those witnessing the beauty review were Nita Cook, Kathleen Duncan and of course Jim Satterfield.

Maxine Murrell, Eupole Gilbert, Peggy Marlin, and Jane Gillum spent the week-end in Columbia with Irma Harlen. They reported having a very enjoyable trip.

We were proud to have Mrs. Sullivan's grandson, Bill, visiting with us the past week.

Why is Joanne Burnett going around singing "Wish You Were Here"? Could it be because Gronville's leave ended so soon?

Bess Evans theme song is "P.S. I Love You", since she has been flooded with mail from a certain boy from Martin Branch, U. T.—Name by a Student Government executive.

We hear Maxine Murrell is lost without her "Uke."

What did room 320 do to deserve the TABU and mustard prank, Mary Jo? Or do you still deny it?

Notice— You are invited to attend a Miscellaneous Shower for Mrs. Anne Sharp Cole in the lobby of Lyon Hall at 2:30, Tuesday afternoon, May 26, given by Dolores Sorrells and Mary Elizabeth Warren.

Talented and attractive Billie Dean Reed of Manchester, has become one of the best all around and most popular students on this campus. Billie Dean graduated from Manchester high school in 1949 where she was active in many campus organizations.

She played on the basketball team for four years, was a member of the band three years, a member of the Y-Teen club, secretary of the Teen Age Book club, president and song leader of the Home Economics club, and attended the State FHA camp in the summer of 1947. Billie also was cast in the Senior play "The Daffy Dills."

Before coming to MTSC, our girl of the week attended Martin College for a year and a quarter. While she was there, she was a member of the Fine Arts club, chorus, girls' basketball team, Women's Dormitory Council, Student Christian Association and program chairman of the Home Economics club.

Billie Dean transferred to this college in January 1951 where she promptly entered into many of the campus activities. Since her entrance, she has been a member of the band, chorus, SCU, and has served as publicity chairman and treasurer of the Home Economics club, Junior Representative on the Women's Dormitory Council, secretary of the WAA, and publicity chairman of the M.E.M. During the fall quarter here, she was elected Most Versatile of MTSC. Billie also attended a province meeting of the National Home Economics Association held at the University of Mississippi in Oxford.

This popular young lady has a major in Home Economics and minors in education, science, and secretarial science. At the present time she is working on her elementary certificates. She plans to start work as Assistant Home Demonstration worker in Cleveland beginning June 15 of this year following her graduation. Billie Dean is an active member of the Methodist church.

True to the old saying, good things do come in small packages. Our reference is to the popular boy of the month, William Maggart of Westmoreland.

A graduate of Westmoreland High School in 1950, William was very active in the school organizations. He was a member of the annual staff and served as vice president of the dramatic club for two years, was president of the Student Body, and secretary and reporter of the P.T.A. His achievements won him the honor of being elected the Friendliest Boy and the Most Popular Boy. At the conclusion of his senior year he was given the Herf Jones Award for outstanding accomplishments during his four years of high school.

On entering MTSC in the fall of '50, William continued his work in extra-curricular activities. He has been a member of the SIDELINES staff, P.T.A., Harp Singers, Varsity Choir, chorus, MSM, Physical Education Club, Writers' Club, Buchanan Players, and has served as sergeant-at-arms of the junior class. Next year he will be serving as treasurer of the Buchanan Players, president of the chorus, treasurer of the senior class, and Worthy Playwright of the Alpha Psi Omega to which he was pledged winter quarter.

Included in William's hobbies are playing the piano, singing, sports, dancing, and writing. His special interests are music and associating with people.

Teaching is to be part of William's future plans, and his major ambition is to be successful in his work. With majors in music and elementary education, he also is an English minor.

Outside activities have not interfered with William's interest in his church. He is a member of the Methodist Church in Westmoreland where he was formerly a member of the choir and president of the MYF.

O. L. Freeman, head of the industrial arts department at Middle Tennessee State College will deliver the principal address at the Irving College commencement exercises, Thursday, May 14.

RUTLEDGE ROUNDUP

by LIZ HAY

In the hustle-bustle of this Spring quarter, seems like Rutledge still maintains to carry on its activities although somewhat rushed for the little element called time.

Billie Dean Reed and Nell Banks, how do you rate? Say, those two new cars look mighty fine parked outside Rutledge.

Joyce Nokes, Sara Ketring, and Mary Sue Paul heard you turned fishing instructors a few days ago and attempted to teach those special ones the "ups" and "downs" of fishing—catching on, boys???

Ruth Beaty, when did you become so interested in newspapers? What's the special interest, huh? Congratulations Queenie for your most wonderful performance in "Bell, Book and Candle". You were terrific!!!

Margaret Tucker and Lucy Hale, just found out that you love to hike. After all that you ate, yes, hiking is advisable.

Jean Elmore and Lenora Barber, perk up—that was no "go dutch" party.

Gloria Gattis wants old fish bowls for her multiplying supplies.

Bonnie Swann, we were very glad to have you visit us recently. Come again soon!

Heaps of congrats to Peggy Ambrester who was recently elected A. S. B. Vice-President. May luck and happiness be your as you ascend the steps to your office.

Have you heard: That Kathryn Knight and Lillian Swann never study.

That Barbara Witham is as un-wakeable sleepy head.

Dimple Moncrief is the newly elected president of the W. A. A.

That Denelle Agee, Marguerite Holland, Jean White and Joyce Garner are completing the life-saving course offered at the swimming pool.

That Shirley Sadler, Betty Patterson, Philena Lee and Denelle Agee are all taking the final step this month when they become June brides.

Seems as if Rutledge's 1952-53 school year can indeed be classified as successful and although many faces are leaving our midst only to be absent in the coming years, memories linger on and the memories of the hallowed halls of Rutledge shall forever reign.

Then shall we wish for all the seniors and departing classmates, the finest things that life can hold and may nothing but joy, happiness, success and luck abide in the lives of each of you.

Yes, seniors, Rutledge spotlights you and shall never forget your smiling faces. You, seniors, are Rutledge's girls of the week.

With beaucoups of "chemical unknowns" yet to find, looks as if I must sign off.

Advertising Class Takes Field Trip

Members of the advertising class took Thursday field trip to Nashville where they visited the McQuiddy Printing Company, the Nashville Tennessee-Banner and WSM-TV to study various aspects of layout and production of advertising in three different media.

At McQuiddy's the class saw the MIDLANDER in various stages of production, studied four color and off-set printing. They were conducted on the tour by Garnett Landrum. At the Newspaper Printing Corporation Charlie Andrews gave them a brief lecture on newspaper advertising salesmanship and then took them on a tour of art, composing and press rooms.

Winning the baseball throw was Don Stotser with a throw of 536 feet. Following him were B. H. Smith and Buford Holman. In the discus B. R. Smith of the white team threw a distance of 92 feet and 8 inches. Jim Loftin and Ellis Hamlet of the orange and white teams were second and third.

The golf tournament, with the local team as hosts, was six strokes behind Western on the Stone River course. Western had a team score of 360 MTSC 556 and TPI 676. John Raymond Smith was low medalist in the Ohio Valley conference with a 151.

MTSC Teams Were Second In Four Conference Sports, Individuals Tops

"Always a brides maid but never a bride" is an apt paraphrase of the Middle Tennessee State College athletic season for 1952-53. The teams were consistent runnersup all year, but missed out on any championships.

In wrestling the team was second to Auburn in the Southeastern race. In baseball they were beaten in the VSAC playoff by LMU. The golf team finished six strokes behind champion Western Kentucky in the OVC for second place honors. The tennis team was in second place in the OVC tournament. The football team was in a tie for second place in the OVC and were undefeated in the VSAC but did not play enough games to rate the VSAC champion-

ship. Individuals did well for themselves in the 1952-53 campaign. G. P. Long was Southeastern wrestling champion in the 137 pound class. John Raymond Smith was low medalist in the OVC golf tournament. Bill Clark defeated the number one singles champion of the OVC to mark the first loss in 39 matches for that individual. Kenneth Trickey was placed on both the all-OVC and all-VSAC basketball teams. Howard Alsop was designated as the mythical captain of the all-OVC football team.

LMU Wins VSAC Baseball Crown By Beating Raiders

Lincoln Memorial University won the Volunteer Conference baseball championship in a weird 5-3 victory over Middle Tennessee State Saturday afternoon in a game in which neither team scored an earned run. LMU won the first game in the series 8-7 in ten innings Friday.

Buddy Berry pitched a neat four hit game until heat forced his retirement in the seventh. All of the Raider scores came in the fourth when Garrett doubled, Brock was on by Squibb's error, Wakefield was on by Wallace's error, allowing Garrett and Brock to score. Wakefield was on when Squibb allowed Johnson's grounder to go through him, but Berry rallied to strike out the last two men.

The comedy of errors started in the second when a double by Bishop, a single by Dickson and three errors by catcher Bobby Osteen allowed two runs to score. In the third singles by Wallace and Powell, coupled with two more errors allowed in a pair of runs. In the fifth the fiasco continued with Sells and Bishop come in singles to put runners on with Sells moving home on a passed ball.

John Brock went the distance for the Raiders striking out seven men and was touched for eight hits, which would have done no damage without a combination of errors. One of the hits, a double by Bishop in the second came when Bernard Street turned his ankle and fell attempting to play a routine fly ball into center field.

Gilbert, who relieved the heat exhausted Berry in the seventh, struck out three Raiders and forced the only threat of a rally to go into a double play. Berry was also credited with four strikeouts in a well pitched game.

Dr. Patty Directs Recreation Meet Teachers Speak

Six members of the Middle Tennessee State College faculty appeared on the program of the first annual community recreation institute held at Middle Tennessee State College Friday. The group, numbering 47, met in a co-operatively planned program under the supervision of Dr. Elbert Patty of the MTSC staff in health and physical education and sponsored by the Tennessee Division of State Parks, the Tennessee Recreation Society and the National Recreation Association.

The group was welcomed by President Smith, after which Dr. Patty explained the institute had been planned to provide information and counseling for the state-wide recreation program.

MTSC faculty members speaking on the program included Dr. John Patten, nature study; Miss Carol Harding, art; Mr. James H. Gounce, crafts; and Miss Buleah Davis, children's activities.

Other speakers were Louis Twardzik of the state recreation service; Miss Marion Preece of the National Recreation Association, Washington, D. C., and Marion Lepich, water safety counselor with the Red Cross from Atlanta.

Requirements remain the same—a bachelor's degree and credit for one year of college physics and mathematics through integral calculus. Both men and women are eligible to apply.

Successful applicants will be commissioned as second lieutenants in the Air Force Reserve. In midsummer they will be ordered to duty for a 9 to 12-month course in meteorology at one of several well-known U. S. colleges and universities.

In addition to the weather training, the officers will attend a short basic officer training course before assignment to active duty in an Air Force weather station.

While attending the government-paid weather training, students will receive full pay and allowances of a second lieutenant. Application forms for a direct commission and weather training are available by writing to the Commanding General, Air Weather Service, Washington 25, D. C.

Clark is Champ

Bill Clark, retiring captain of the tennis team was paid an unusual tribute by Coach Murphy in pointing out that as number one player for four years Clark had met and defeated some of the South's best tennis players, including a recent victory over OVC champion who had won 39 straight matches. "He would be a better tennis player yet, if we had any competition to offer him", Murphrey stated.

Kenneth Trickey won the Jackson Brothers award for the best all-around basketball player and G. P. Long won the Nance Jordan award for the best wrestler.

The group, which included members of the athletic staff, Blue Raider Club officials and "dates" of the athletes, experienced a 2 minute 28 second interruption of the prepared program to witness the quick knock out of Wakelet by Marciano on TV provided by John David Atkinson, local Raider Club president.

Retiring captains are Jim Loftin, John R. Smith, football; Lem Vaughn, wrestling, Ralph Osteen, baseball; Bill Clark, tennis, John Raymond Smith, golf.

Seniors End Eligibility One of the most encouraging aspects of the dinner was the paucity of seniors. In football, John R. Smith, Jim Lofton, Harold Henslee, Don Stotser, Ernest Adams, and Gerald Johnson (who has completed his football eligibility).

In wrestling Lem Vaughn and Wayne Newby will graduate. In baseball Glenn Wakefield, John

Jordan Discusses Relation of Art To Merchandising

The speaker for the Tuesday evening art club meeting was Mr. Ed. Jordan who spoke on The Role of the Artist in Visual Display. Mr. Jordan said that display was the oldest form of advertising. The history of merchants selling goes back of selling wares in the market place. Display has come along in the same way, but the purpose is still unchanged. These purposes are: attract the eye, make the buyer want it, by appealing to the emotions, intelligence, or to fashions.

Display art is a highly specialized branch of commercial art. The commercial artist works in many media: (1) imaginative, (2) original, (3) fashions, (4) knowledge of Merchandising and selling, and (5) knowledge of electricity, carpentry, sales psychology, and the business line.

Qualifications for the commercial artist are a sound art education and to experience as display apprentice.

A good display manager is learning all of the time. It is his hobby. This field is tremendous, Mr. Jordan stated. "Display is the cheapest form of advertising" he concluded.

He believes that his dissertation will be used as a textbook in Communications psychology.

ROTC Receives Superior Rating; Top Army Reward

"Superior rating" — the highest obtainable — has been granted the ROTC department of Middle Tennessee State College by Third Army following the April 20-21 inspection, according to a letter of commendation from Lt. Gen. A. R. Bolling, addressed to the chief of the Tennessee Military District.

It is understood that only one other Tennessee college or university rated this commendation. Lt. Col. R. J. MacLean is PMS&T at MTSC. He is assisted by Captain Christopher Sinclair and Lieut. Charles A. Rigler.

In the letter of commendation announcing the superior rating General Bolling stated:

"The conduct of the ROTC program at Middle Tennessee State College, the courtesy extended by the students, the conduct of classroom work as evidenced by the knowledge of military subjects and the interest shown by students as well as the performance at drill, the conduct and appearance of the personnel of the military department . . . the splendid support afforded by the college administration, supply record, training and discipline were outstanding".

"The achievement of such a high standard of proficiency is very gratifying and appreciative of the outstanding manner in which the personnel concerned are performing their mission", the report continued.

Colonel MacLean expressed great personal satisfaction of the unusually high rating accorded the local unit, which was activated under his command just three years ago. He was liberal in his praise of his officers and men in achieving the superior rating and of the fine esprit de corps of the MTSC cadets.

He and Lieutenant Rigler are completing their tour of duty this year. He will be succeeded by Lt. Col. John D. Bradley.

Colonel MacLean had commendation for the fine work of his staff and the cadet officers and corps. In addition to Captain Sinclair and Lieutenant Rigler the regular army personnel stationed at MTSC included M/Sgt. Nathan B. Taylor, M/Sgt. Robert Smith, M/Sgt. Adolph Westerling, SFC Francis M. Brooksher, SFC Raymond Johnson and Sgt. Wilbur Pinkerton.

Fran Coffelt is going to teach the 2nd grade at the John H. Allen school in her native town of Soddy. Her job starts with the school term next year.

Margaret Tucker will teach in an elementary school some where in Chattanooga.

Kirksey's Injured In Auto Accident

Mrs. Howard Kirksey has been released from the hospital following a week of treatment for broken ribs and other injuries sustained when the car in which she was riding skidded on the wet pavement near Woodbury last Friday night. Dr. Kirksey, who was driving the car was thrown clear and severely bruised when the auto plowed into an embankment on a curve. They were returning from Centertown where Dr. Kirksey delivered the commencement address.

"What do you plan to do after graduation" was the question asked the following seniors:

Yvonne McPolin is considering work in an office in secretarial or some other kind of office work. She is also considering working for an airline.

Jerry Pate is at present stationed in Virginia. He is in the Marine Corps.

TRIPLE THREAT MAN!

AIRCRAFT OBSERVER

AIRCRAFT OBSERVER

AIRCRAFT OBSERVER

The Brains of the Team

Teamwork can work miracles. In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer.

Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:
As Bombardment Officer, is number one man on a bombing run, the man who controls the plane in the target area!
As Navigation Officer, is the pilot's guiding hand on every flight!
As Radar Officer, is master of a new science and operator of the device that sees beyond human sight!
As Aircraft Performance Engineer Officer, is the one who "keeps the plane flying", the man who knows his plane in-

side and out, who keeps it fit for the skies and sees that it stays there!

If YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds!

TO BE QUALIFIED you must be single, a citizen, between 19 and 26½ years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!

HERE'S WHAT YOU'LL GET! The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment. Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft.

AND THEN, AFTER GRADUATION, you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be THE BRAINS OF THE TEAM, A TRIPLE THREAT MAN . . . as a Bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

★ THE SOONER YOU APPLY, THE SOONER YOU FLY! ★

Paper Staff Has Cedar Forrest Outing

On May 25, the Sidelines staff and their guests had an outing at Cedar Forrest.

The group participated in late afternoon swimming, ping-pong, dancing and a picnic supper prepared by Mrs. Jackson and her cafeteria staff. Food arrangements were made by Mary Killeen. Responsible for invitations was Mary Will Cox.

Those helping with the food were Margaret Tucker, Ruth Youree, Mattie Lou Wilson, Jake Helton and Lucy Hale.

Others attending were Mary Lib Drewry, Dude West, Amanda Waggoner, Joyce Payne, Shirley Hayes, Bill Pressnell, Linda Jennings, Lila Mabrey, June Smith, Edwina Clendemon, Peggy Doris Fuqua, Joan McKinstry, Jim Halle, Shirley Hayes, Elizabeth Hay, Joyce Cooper, Shirley Turner, Barbara Witham, Mr. and Mrs. Sloan and Anne Sloan.

Buchanan Club Members Take Backward Look

A year or two ago the Sidelines published a story written by a Buchanan Dramatic Club member. This member claimed that her club was the best club on the campus. Since that claim was made the club has become more and more active until now it can be classed as the most active organization on the MTSC campus.

Looking back on the year lets see September. This opening month of the school year brought the Buchanan Dramatic Club a new sponsor, Joseph John O'Shea, who was substituting for Mr. Boutwell in the speech department. The club was also the fortunate heir to the rehearsal hall and a room in the basement of the administration building.

Mr. O'Shea told the club of his ideas for an arena theatre and members of the Circle Players from Nashville visited the club to tell about their accomplishments in the circle. Plans for the club included the three regular proscenium plays besides three short arena plays. In preparation for the arena debut the membership was invited to attend in masse the Circle Players production of the play Come Back Little Sheba.

Management and direction of the Arena at MTSC was to be entirely under the students. George Pidgeon and Eleanor Sheid

directed the initial production, The Browning Version. After making their debut in this production Sarah Connelly and Doug Williams were featured in the stage play of the Winter quarter.

Then there was A Phoenix Too Frequent by Christopher Fry—a study in poetry—directed by Martha Sarah Connelly. The play featured Gloria Gattis, Martha Ricks, Natalie Stewart and John Jackson.

Three proscenium plays gave the Buchanan Club members experience in three entirely different types of acting, lighting, setting, costuming, and makeup. Ladies in Retirement the fall play featured mostly women surrounded by antiques and living in old fashioned home. Every costume worn in the play was made by the members of that particular crew under the direction of Mrs. Robert Adkins. The scenery, which to the audience showed the qualities of expert craftsmanship, had to be built entirely on wagons so that it could be moved on and off the stage hurriedly.

The Infernal Machine the Buchanan Players winter production was an ambitious attempt on the part of the club and its director to introduce the MTSC audience to a modern adaptation of a Greek play. The cast featured thirteen men and four women. This play gave more students an opportunity to act. It gave some expert training in lighting effects.

The spring play Bell, Book and Candle, gave training in the modern setting. The hand painted wall murals; the hand worked mantle and fire place; the stenciled drapes; every part of the set represented work done by some club member. Acting techniques for the play were different. The cast had to learn to play comedy.

But to produce these plays and to outfit the new make-up room and the dressing rooms required funds. The plays were not sellouts. To pay for the new equipment, the play royalties, the production expenses the club was forced to do something. Varsity Varieties, a first on the MTSC campus was one of the solutions. This show of shows turned out to be the most popular entertainment offered on the campus during the school year.

During the band and chorus festivals the club members made and sold sandwiches and other snacks

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

FASHION PARADE

By MARY WILL COX

It seems that summer has really arrived for good this time and with it those delightful, cool cottons we love so much.

The feminine graduate will be as pretty as a picture in white and pastel organdy. These dresses are beautifully simple, featuring high neckline and full skirts.

For some lovely sports ensembles featuring striped tee shirts and shorts in the color of one of the colors in the shirt. One saw some very attractive shorts featuring button trim.

Bathing suits feature "bloomer-type" pants and a lot of them are in native print. Of course, white shows off that tan. Lots of suits are shirred for flattery.

Halter-type sundresses are 'way in front for that type dress. They show off those lovely shoulders, too, girls.

Linen pumps died to match your dresses complete a beautiful picture. Of course, as always, white is a favorite for accessories.

Denim lends itself to everything from simple sports costumes to the dressy party dress. It is a leading fabric for summer wear.

White costume jewelry is delightfully cool and airy for summer.

Bolero sweaters over those lovely cotton dresses add just the right touch of warmth for those cool summer evenings that are ahead.

Everyone is seen wearing bare-foot sandals these days. They may be obtained in just about every color imaginable.

Linen suits and dresses are lovely for dress-up occasions.

Lots and lots of you senior girls are going to be applying for a job in the very near future. Just a word about the correct attire for that occasion. Just about any simple dress, pastel or subdued colors, a neat hat, gloves, heels and hose is correct. The main thing is that "band-box" look.

We have come to the end of another year. I want to take this small space to wish for all of you a very happy summer and hope to see all of you next fall. To you seniors, I have enjoyed knowing all of you, and we are certainly going to miss you next year. So, here's hoping to see most again next fall.

SUMMER WATER PAGEANT PLANNED

Watch the bulletin boards for the schedule for recreational swimming this summer. The three to four o'clock hour will likely be changed.

Mrs. Betty Littlefield, women's instructor in swimming, will confer Friday with the Shelbyville Recreation Commission relative to putting on a summer water pageant similar to the successful spring show here. Other pools in this area have also been seeking Mrs. Littlefield, either to direct a local show or bring MTSC girls over for an exhibition of water pageantry.

The life saving class which concludes its work this quarter will have at least nine of its members into summer camp and pool life guard jobs. Marguerite Holland and Jean White will work at the Montgomery Bell girls' scout camp; Joyce Garner will work at Old Hickory. Billy Moser will work at the local pool. Earl Roberts, Raymond Hunter and Ed Human go to boy's camps as counselors. Don Martin is scheduled to work at the Shelbyville community pool. Bob Garrett will work at Camp Boxwell.

Other members of the class who qualified as life guards were Charles Smith, Margaret Steagall, Margaret Coleman, Jean Hudgins, and Don Jackson.

Mrs. Littlefield will go to Camp Carolina, conducted by the University of North Carolina, in August for advanced training.

PIANO RECITAL

On Friday afternoon, June 5, at 3 o'clock the Music Department will present the piano and violin pre-college pupils of Mary Dillon Scott and Ruby Taylor Sanders in recital at the college auditorium.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest
