J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR PAUL was having a fowl time. Even his best gal didn't give a hoot for him. "Wise she hate me so?" he asked his roommate. "Simple, you stuffy old bird-because your hair's always ruffled up! Better try Wildroot Cream-Oil hair tonic. It's non-alcoholic. Contains soothing Lanolin. And does tree things: Relieves annoying dryness. Removes loose, ugly dandruff. Grooms hair neatly and naturally all day long. (Even limb-ers up your scalp. And helps you pass the Finger-Nail Nest-er, Test!)" Paul got Wildroot Cream-Oil and now he's a 'owling success. So why don't you take a taxi-dermist to any drug or toilet goods counter to get a bottle or tube of Wildroot Cream-Oil. It's your hair's best friend! And ask for it at your barber shop. Then there's no talon how the chicks'll go for you.

by BOB HETTISH

Local fans were given their share of sports thrills this week as the MTSC Blue Raider basketball and wrestling teams met opponents on home territory. The Raider wrestling team made its first home appearance with a match against the strong team from Vanderbilt. The Vanderbilt opener was followed by a rugged meeting with the Memphis Naval Air Station team.

The Raider hoopsters, in action three times this week, came through with three wins. The charges of First veterans from the Korean Coach Charley Greer defeated in war returned to the MTSC campus order Sewanee, Lincoln Memorial, in September . . . Dr. J. S. Once again Harry Gupton and Kenny Trickey played their usual brand of inspired ball and were ably assisted by Ray Cox in the point-making department scoring 13, 12 and 1 points respectively. Tom Roberts paced the losers with 19 points.

TRIPLE FEATURES

Saturday night fans enjoyed a riple feature attraction. At six p.m., matmen took on the Memphis Naval Air Station wrestling team. At 8 the Raiders met the Golden Eagles of TPI in one of the real thrillers of basketball. At halftime the fans were treated to a bathing beauty contest. The lovely contestants, garbed in the latest bathing suits. were new members of the T-club undergoing initiation. Footballer Bob McGowan, one of the more voluptious beauties, was chosen queen.

The wrestling team put up a strong but losing defense against the Navy gobs. Bobby Osteen found a man who wouldn't or couldn't run from him and decisioned Green of the Navy team. The match score was 27 to three for the stars.

The Raiders trailed the Golden Eagles by 11 points going into the second quarter. They had shaved this lead to a 32-30 at intermission. From this point on it was anybody's ball game with the score see-sawing back and forth. With 13 seconds left in the game and with the Raiders leading 57-56 TPI called time to reorganize their forces

EAGLE STRATEGY FAILS When play was resumed the Ea-

gles had the ball out-of-bounds under their own basket. The ball was put in play and a corner shot was attempted with the ball rolling around the hoop before dropping back in play. ALONG THE SIDELINES

BASKETBALL AT MTSC IMPROVED

Middle Tennessee State College won eight and lost 14 basketball games last year. Now at mid-season the team bids fair to wind up this season with better than a .500 average, a substanially better record than 1951.

There are 11 games left on the schedule. Five of these are VSAC contests. As tight as the conference race appears, and Glen Walkefield, Martha Sorrell a clean sweep of these five could put the Raiders well up and Tomlin, Billy Goodall and Lois towards the top of the conference. Always a good "tournament team" it is conceiveable that the fast improving Raiders more, Vernie Pleiss and James Enos. could give the college a tournament victory.

It is significant that in the last half at Jackson the Raiders outscored the Bulldogs. At Johnson City early in the season our ball club was nosed out after both Canada and Cox had fouled out. The team is even-stephen with Bethel College. Although Austin Peay won handily over MTSC on their own court they lost to LMU in East Tennessee two weeks

At present there is no outstanding ball club in the conference. It is likely that no team will remain undefeated in conference play at tournament time. East Tennessee has a away with square dancing, she evens rough road trip into the western division in February. Re- twirls when the boys twirl--got just bounding Lipscomb will certainly give the Governors and the a wee bit mixed up didn't you Raiders a tough time on their home floor.

INTERCOLLEGIATE WRSETLING

T-V fans who watch the grunt and groan vaudeville shows in the squared circle feel that intercollegiate wrestl-lot of trouble getting the girls to heaved a sigh of relief. "Then please ing is tame. Lacking the color of a "Baron" or Georgeous pay attention to the rhythmn of bring me a pint of calf's milk every George; minus the slugging, hair pulling, flying mares the music. I realize girls, that some day. I'm afraid cow's milk is a litand "bombs away" technique interest the manly art of rolling on a mat as practiced by Coach Hayes charges is a thing that grows on you—like eating olives.

Followers of the mid-winter sport, compartively new at MTSC, become very avid fans. It is suggested that you learn the rules and score the matches as they progress. A take down counts a pair of points, the breaking of a hold a point and so on. Another thing that will add to your enjoyment of the matches is to learn the holds and the counter holds designed to break those before a pin occurs.

Why not have an assembly program devoted to an exhibition with a loud speaker giving the commentary on the match, much as the T-V announcers do?

HARD TO FIX A SCHEDULE

One of the chief reasons the athletic committee and coaching staff sought admission into the Ohio Valley Conference is that of providing a ready made schedule.

As long as the VSAC had six or seven football playing members of about equal strength it served the purpose. Now that Milligan has abandoned football, TPI is out of the VSAC, Cumberland has folded its athletic program and Austin Peay has decided the Raiders are too strong only East Tennessee Union and Bethel offer possibilities. None of these except ETSC are strongly interested in scheduling MTSC.

At the present time there remains two and possibly three open dates on the RAIDER fall calendar. Vanderbilt is still seeking a "money game" for the September 20 date which the MTSC team has occupied for the past two years. There is still a remote possibility that Bill Edwards will take the MTSC "T" in preference to any single wing team, although and Maryland are each being considered by Vandy.

The Athletic Committee has O. K'ed a game with the University of Chattanooga on a one year contract. The game will be played down in the big bend of the river-which will not help the home gate. Memphis State wants the October 20 week-end-but it wants the game in Memphis.

It Is New Problem For Dairymen

News Rustling

3y DOT WOOD

The girls in most of the colleges have taken quite a bit of teasing since 1952 arrived. As everyone knows this is leap year, well named because most of the unmarried females leap at the chance to grab some "filthy" rich eligible bachelor.

The boys at Georgia Tech classify these wolves with skirts in the following manner.

1. First there's the type who said she always found out if they had a car and then she drove it to a Justice of Peace, blindfolded them, knocked them out and dragged them

2. Then there's the type who holdly come right out and tell them you want to get married. The only trouble with this method is that most of the fellas say they coincidentally, of course, are planning on leaving town that

3. Lastly, there's the "muscle-bound Minnie" type who slip up behind you, get a halfnelson and follow that up with a body slam. They get their man all right even if he is in several little pieces.

The Michigan State News describes campus intellectuals in the following manner:

1. The majority of them wear horn-rimmed glasses, sport long wavy hair, and delicately hold king-sized cigaretts between their "long narrow fingers."

"Oh, boy cried the Russian genius who had gotten hold of an American mail-order "Look at all these wonderful new things to invent.

-East Tennessee State College Collegian These comparisons between freshmen and sophomores appeared recently in the Miami University's "Hurrican." 1. Freshmen believe all their professors are

smart; sophomores believe one or two of them are smart—the ones that give them 2. Freshmen aren't dry behind the ears;

sophomores are always dry. 3. A freshman will take a wooden nickel; a sophomore will take a wooden nickel too; five minutes later will put it in the slot mach-

4. Freshman write home once a week; sophomores write whenever they are broke. 5. A freshman is looking for a girl like his mother; this is always true of the sophomore, if the sophomore, if his mother happens to be Jane Russel.

good grades is to study hard; the sophmore has decided that a better way is to sit next to someone who studies hard 7. Freshmen suspect that professors aren't

6. A freshman believes the way to get

human; Sophomores know it. 8. Freshmen kiss there dates goodbye; sophomores kiss them hello.

following changes: 1. Instead of "Get the ball"-obtain the oblate spheroid.

2. Rather than "Hold the Line"-impede the foe's forward thrust along the two demensional entity. 3. For "Go team go"-Proceed, oh valiant,

proceed, hey!

4. Instead of "We want a Touchdown"-We demand a thrust forward, maintaining as our objective the passage of our adversary's

5. And for "Hit em again harder" - hence-

forth smite them more fiercely than you smote them heretofore. At Harvard University officials are carrying on an investigation of illegal stills producing moonshine. One student, who had been brewing 170-proof liquor since last spring, said he did it just "for fun and low cost." Students involved in the brewing have denied selling their product, and claim no

illness has resulted from drinking any of the The Ku Leo O Hawaii, University of Hawaii, tells of a certain history professor who once went through a whole lecture, jokes and all, wondering why the class paid no attention. He later discovered he had repeated the lesson

of the day before. Well, some people must enjoy their newspapers. At the Northeastern University night school, students have actuallly been plunking down nickels on the bookstore counter for a copy of their paper, "The Northeastern."

Commented the paper: "Then there are the day students who get

them free-and complain." "THE RINGING OF THE BELLS"

All during the fall quarter students and facualty members alike bemoaned the loss of "the ringing of the bells." For students the chief complaint was the professo rnot letting them out of their class in time (that ten minutes was a very precious item and its loss made many of us very unhappy. It is surprising what all can be crammed into ten short minutes why I have even seen some students make a dash for the lunchroom and grab a cup of coffee). The professors were likewise annoyed by seeing stragglers getting to class about ten minutes late (through no fault o ftheir own after all it is a long way from Memorial Gym to the Science Building.

It was a much speculated thing as to whether the Bells would ring by Thanksgiving or not but I think that hope was almost given up and all were resigned to get by without their chimes. Several tales were told about what was wrong with the bell system but now lets get the real thing.

On August 2, 1951, at twelve o'clock our clerk and bell system when plunk. The administration office sent word to Nashville about the disaster but the major parts necessary were not avoilable then. During the week of Christmas one of the parts came in and finally the last part arrived and Wednesday of last week the bell began to

supervision of campus publications are as follows: Mr. Sloan is in charge of publicity about the students on the campus. Weekly articles about sofe of the students appear in many of the daily and weekly newspapers over this area. These "releases" are in the form of news stories, pictures and "newspaper mats." Some stories are mimeographed. Others are written especially for certain newspapers. Until recently Cliffodean Boyd was part time student assistant in this work. This quarter Dimplt Moncrief is the assistant.

Last week may not be a "typical week,' but a review of Dimple's notebook shows that more than 180 mimieographed stories were sent to over 50 Tennessee newspapers. These included stories on the graduate students, the play Medea, the practice teaching classes, Tau Omicron initjates, the new students, transfer students and other individual stories. Sixteen separate stories were provided on basketball, wrestling, and football in addition to "coverage" of the two wrestling matches and three basketball games. This coverage also went through Western Union and radio and television sports casts.
