A LETTER TO SANTA CLAUS

Dear Santa,

We have several items on our Christmas list this year. First of all for the school, we'd like more campus activities, and more people ho want to participate in them. We want the school spirit which began to be aroused the latter part of this quarter to grow and continue throughout the coming year. We'd iso like a winning basket-ball team, and, Santa, this may be a little previous, but next year how about a bid from the Tangerine bowl for the football team?

The students as a whole would like to see the new Student Union Building completed, and a special request comes from Jones Hall that the new men's dormitory be completed soon. (They are awfully crowded over in the old one, Santa.) Individual students would like less homework and better grades for next year, and if that's too big an order, how about a little more incentive to work

For the Sidelines, we would be very happy, Santa, if you could send more news reporters. We do hate to leave out people's names when they've done something really outstanding.

Several requests have come in concerning the canine kingdom which is being established on this campus. We all love dogs and all that, but we think that their number on this campus should be deceased. When the dogs start crowding the people off the campus, something needs to be done.

Ross Rives, president of ASB, has just come in, asking for more donors in the Blood Drive. This is a very worthwhile cause, Santa, so how about it?

For ourselves and for the whole world we ask that this next year will bring "peace on earth, good will toward men." We're sick of war, and of the possibility of war, so next year, Santa, help us all to live peacefully to-

And finally, Santa, we wish for every one very Merry Christmas, and a Happy New

(Signed) Editors of the Sidelines

No More Cold Showers For Raiders

The send off the student body gave the Raiders on the adminstration building steps was mighty fine. We don't know who sponsored this but they deserve a hand of applause and a good MTSC yell themselves. This send off helped the Raiders to know we appreciated the good game they have been playing and the 1950 VSAC championship they won for Mid-State. Lets don't ever again let the Raiders feel as one player described the lack of student support at the Morehead game, "It was like stepping into a cold shower."

HOW DO YOU RATE?

Society, Sycophants, and Such By EMILY PEPPER

Well, the end of happy Thanksgiving holi-days for all brought all MTSC'er back to school with much to look forward to.

First of all, there was the Football Banquet which was held Thursday, November 30th, in the cafeteria. All the Football boys looked quite different in white shirts and ties, and their dates of course were dressed for the occassion, too. This is an annual event which all the team (and girls) anticipate.

Let's not forget the formal which was held the following night in the new gymnasiam. Have never seen so many breathtaking evening dresses. All the girls looked pretty as a picture. And it seems most everyone got a huge rush. The stag line was well represented of course. A large crowd turned out. The Townsmen furnished music for the dance. All will agree, I'm sure, that our Fall formal certainly put everyone in the Christmas spirit and marked the end of a perfect season of fun, frolic and campus capers at THE FINEST.

Buchanan Drama Club is getting the Christmas spirit early with a party out at Cedar Forest tonite. Just know everyone's going to have beaucoups of fun.

Next week will mark the beginning of "Stay at Home" week, when all guys and gals will settle down and study for those last exams. It will be a little sad for some of us to leave for the Christmas holidays, but then we have a lot to look forward to next quarter. Well, enough of the sentiment, will sign off now.

letic events? No, not just that alone, although it is a very good indication of the amount of the so-called "school spirit." We mean by school spirit the representation of students in club activities-not only the social functions of those clubs, but the meetings as well; the amount of interest one gives to his or her dormitory organization; the student response to assembly programs and also to the civic functions, such as concerts and the other activities that are put on by the civic clubs of the community; and other outside or extracurricular activities that are put on for the student's

Check each of these and then check yourself and your participation in them and you will understand why there is no "school spirit on our campus."

BETTER LATE THAN NEVER

Attention should be drawn to the work being done by the Student Social Committee. of the Raider line. It was a team yards in 11 running ptays and a recovered fumble that set up the third Raider touchdown were scintilating spectacles on a star-studded grid-

The Eagle touchdown came in the last 55 seconds of play on a pass from Bill Branch to Joe Lancaster. HAPPY CLIMAX

TPI (7) MTSC (27) 15 First downs 124 Yards Rushing 271 Yards Passing 47 Penalties

The Eagle public relations department in a release following the game described the Raiders as being the best team from Murfreesboro in a decade, "probably the best to ever play in the 26 game series". TPI has now won 13, MTSC 9 and four games have ended in ties.

BANNER sports writer Billy Tulloss picked Johny Miles, Gerald Johnson, Howard Alsup, Frank Ford and Frank Atchely as the line stars. F. M. Williams, Tennessean Sports writer attributed Mid-State's briliant victory to the work of the linemen that stopped Webb's passing and broke up the lateral play of the Eagles that had been so effective against the University of Tennessee two weeks previously.

Frank North gave the Raiders more trouble on the ground than any Bagle, while the line play of Jack McGee, Lillard Gibb and Tom Fann proved troublesome.

drew Persley has had a little judo. Coach Hayes encourages all who would like to wrestle to come on over to the new gym and try out. Especially does he want the smaller boys because as you can see in the weight classifications, they are lacking in the 118 and 126 weight group. Wrestling is fun! It's fun to partisipate in and it's fun to watch. Therefore we ask you to support your wrestling teams and we promise you that the will not let you down.
