

Twenty-two Middle Tennessee State College students were selected for the 1953 edition of Who's Who in American Colleges and Universities. Pictured above, seated on couch, Josephine Askins, Louise Gribble, Mary Ann Dickey, Eleanor Sheid, June Tucker, Norma Littleton...

Twenty Two New Who's Who Members Are Versatile As Well As Talented Students on College Campus Here

Election to 'Who's Who in American Colleges and Universities' is considered one of the most coveted honors in the four years a student spends at an institution of higher learning. For the 1953 edition, 22 students, the largest number in the history of MTSC, were selected for this honor. Listed below are their numerous activities and honors since coming to this campus. Neil Banks of Woodbury, is one of most outstanding students on this campus. She has made quite a name for herself and since entering MTSC has been associated with the Home Economics club, WAA, Mid-lander staff, MSM and SCU...

Ernestine Miles Is Elected Home Economics Workshop Chairman

Ernestine Miles of Murfreesboro was named chairman of Province V of Workshop for Home Economics Clubs. She was selected at the Province workshop held at TPI last weekend. Ruth Youree, also of MTSC, is secretary-treasurer of the State Association of Home Economics Clubs.

Engineer Examination For Bureau Of Reclamation Announced

The U. S. Civil Service Commission has announced examinations for filling Engineer and Engineer Trainee positions in the Bureau of Reclamation in the West and Midwest. Salaries for Engineer are \$3,410 and \$4,205 a year, and for Engineer Trainee, \$2,950 and \$3,175 a year. The Engineer Trainee examination is of special interest to sophomore and junior college students, as it is open to persons who have completed or expect to complete by June 30, 1953, one-half or three-fourths of a college course in engineering. Applicants must also take a written test. Applicants for the Engineer examination will be rated on the basis of their education or experience only.

'Dream Band' Title Given MTSC Unit By Magazine Writer, Who Uses Colored Pictures

Illustrated in brilliant color photographs the Middle Tennessee State College band was given the "lead story" position in the November 18 Nashville TENNESSEAN magazine. The accompanying story, written by H. B. Teeter describes the work and worry that goes into the "five day wonders" that is the MTSC band and "its traveling carnival of folk dancers, vocalists, tap dancers and marimba artists". The article describes in detail the development of one of the between half football extravaganzas that has made the MTSC aggregation what Mr. Teeter describes as "one of the top college and university bands of the South". Title of the article is "MTSC Dream Band" with the sub-title, "How Five Day Wonders Are Made". Included in the color illustrations are pictures of the band on parade, pictures of a planning session with Mr. and Mrs. Wright, Mr. Van Slyke, Janet Hooper band president, and Martha Dickens, captain of majorettes and a full length picture of Jane Gilliland of the majorette and flag twirlers. Other pictures shown the flag twirlers working out in the practice room at the music building; Howard Rutledge working on a French horn in the music shop; Bob Cotter working on the field broadcasting unit; and rehearsal pictures of Bob Smith and Barbara Witham, and drum major Stanley Slossom. "When music ceases to be enjoyable, it loses its reason for existence" Neil Wright is quoted as existing in explaining the philosophy of music at MTSC and the popularity of non-scholarship people who are largely music majors.

Bills Following the ASB Constitution

Editor's Note: In order for our readers to become familiar with the bills of the ASB Constitution, the 'Sidelines' has seen fit to publish them, following the series of Constitution appearances. BILL NO. 1 MEASURE TO COORDINATE ALL CAMPUS ORGANIZATIONS (To comply with Article I, Section 1, of the Associated Student Body Constitution.) (I). All organizations, clubs, councils, etc., shall file with the secretary of the A.S.B. the following: List of officers, time and place of meeting, copy of by-laws. (II). Copies of minutes from each organization, etc., shall be filed not later than three days after each meeting. (III). The dormitory council shall file with the secretary: a list of all rules, maximum and minimum penalties for each rule, distinctions between major and minor violations, minutes of meetings, and appeals to be heard before the Supreme Court. (IV). This bill to take effect immediately after passing the second reading and its provisions to be complied with within one week. BILL NO. 2 Supreme Court Measure (To comply with Article III, Section 8, of the Associated Student Body Constitution.) (I). The Supreme Court shall meet within three (3) days after an appeal is filed in the office of the Secretary of the Associated Student Body. The Supreme Court shall meet regularly in the first and third week of each month upon a day to be decided upon by the Supreme Court at their first meeting. (II). All minor violations may be appealed, but the granting of hearing will be determined by the Supreme Court. (III). Voting shall be by roll call in the decisions to sustain or reverse lower court rulings, and in the decisions to hear or not to hear appeals. BILL NO. 8 Flower Bill February 15, 1951 That as of this date no flowers or corsages may be worn by those individuals in attendance at any name band dances, unless otherwise authorized by the organization sponsoring the dance. BILL NO. 9 Power of Subpoena Congress shall have the power of subpoena. Anyone who is a member of the Associated Student Body may be subpoenaed. BILL NO. 10 CAFETERIA BILL We, the Congress of the Associated Student Body, feel that a complete audit of all the cafeteria funds should be published in the Side Lines. (Said audit should be published as often as an audit is made). This audit would let the students know where they stand in regard to Continued On Page 4

IA Boys Dig Latin, French to Express 'Gudeamus Igitur' At Club Additions

It's a womanless world no more! The Industrial Arts club, one of the few remaining campus haunts dominated by the "home d'esprit" has been invaded by 'les femmes'. Dorris Dunnaway and Mrs. Fannie Murphy are now full fledged members of the I.A. club. It's been a long wait, but no one can accuse the industrial arts department of not being co-educational. Nor is that all the good news. In the regrouping of departments the alignment of Fine Arts and Industrial Arts has been further emphasized by Miss Carol Harding and her Art classes moving from the Administration building to the Drawing Building in the Industrial Art group. Located in studios just across from the mechanical drawing room the arts and crafts have everything to make them happy but a northern light. Miss Carol Harding, our petite and decorative artist, has brought a jaunty sprightliness to our drab wheels and gears. "Varium et mutabile semper femina"—but boy do we love 'em. Editor's Note: That last line, you dumb clucks, means (according to Mr. Sloan's free translation) "woman is always a capricious and variable critter". Anyway we are all glad the IA club is now "virginibus puerisque".

B. B. Gracy II, National Award Winner For Civic And Personal Success

B. B. Gracy II, MTSC alumnus and clerk and master of Rutherford County, has received the National "Who's Crippled?" award for Tennessee. The award, given annually by the National Society for Crippled Children and Adults, recognizes Mr. Gracy's accomplishments in civic work and personal success. A paraplegic as a result of shrapnel wounds received while serving as a captain in the Army in Germany during World War II, Mr. Gracy is a familiar figure at all MTSC athletic contests and most other school functions. The son of B. B. Gracy Jr., of the MTSC agriculture department, Mr. Gracy was outstanding as a student and athlete at MTSC where he graduated in 1940.

'Man's Work - Sewing So-So'

Much work goes into the production of any theatrical production. "Ladies in Retirement" need costumes and sets. Leighton Sissom, Kenneth Smith and James White team up to provide one of the sets for this week's Buchanan Dramatic Club presentation, tickets for which may be obtained by students in the Administration Building lobby on presentation of Student Activity card. Below Margaret Tucker measures a hem line for Mary Will Cox as Irma Holland, Lucy Hale and Eupile Gilbert work madly on the part of wardrobe to hang with the completed gowns in the rear. Such work is a part of the production skills taught in the Speech Arts department to provide well prepared theatrical technicians as well as good actors and actresses. Joseph O'Shea is director of the fall quarter show.

'It's Work, Experience, Satisfaction, We Love It,' Says Drama Club Crew

Suspense and mystery are the melodramatic themes of the MTSC Buchanan Players' initial production for this year, "Ladies in Retirement", by Edward Percy and Reginald Denham, which will be presented for a four night run beginning November 19, and featuring a special high school performance on the 18th at the college auditorium. Curtain time is scheduled to be at 8 p.m. Jean Vorgias of Murfreesboro, a freshman at MTSC, has the leading role of Ellen Creed. She is supported by a very fine cast, which includes Norma Littleton, Lenoir City; Martha Sue Williams, Morone; Keith Stephens, Spring Hill; Amanda Waggoner, Murfreesboro; Betty Jo Hyde, Old Hickory; Mary Killeen, Nashville; and Martha Ricks, Nashville. The plot is centered around the two supplimented sisters of Ellen Creed, companion of the ex-actress Leonora Fisk. After visiting Ellen at Leonora's remote home in England, the two sisters, Louisa and Emily, are reluctant to leave when Miss Fisk asks them to. Ellen's plan to keep her sisters with her makes up a psychological thriller guaranteed to keep everyone on the edge of his seat. The production is directed by Joseph O'Shea, who is a new-comer to the faculty of MTSC this year. Mr. O'Shea is a native of Milwaukee, Wisconsin and has been very active in the field of radio, television and the theater. Crews are working daily in preparation for opening night. Those on the production staff are: Leighton Sissom, Morrison, technical director; Ross Spellman, Nashville, assistant director; Walter Norris, Nashville, stage manager; Quinton Lane, Chattanooga, house manager; and Dick Fowler, Chattanooga, doorman. Crew chiefs are: Paul Montgomery, Nashville, and James White, Old Hickory, scenery; Dorothy Dickey, Henryville, and Betty Ann Hall, Murfreesboro, properties; Jo Akins, Etheridge, and Charley Hodges, Old Hickory, lighting; Mary Will Cox, Diana, and Lucy Hale, Hixson, Costumes; Betty Holmes, Murfreesboro, and Delores Sorrells, Petersburg, make-up; Janet Hooper, Milton, and Greta Moore, Bristol, Box office; Louise Gribble, McMinnville, chief usher; Dan Batley, Murfreesboro, coke sales; Mary Jo Dillon, McMinnville, Bess Evans, Murfreesboro, Dave Drew, Columbia, and William Maggart, Westmoreland, publicity; Loretta Roland, Murfreesboro, programs; Peggy Ruth Faulkner, Murfreesboro, and Sally Scott, Murfreesboro, ticket sales. Therefore I think that the MTSC Pep Band deserves a big hand, this year, for all their good support and spirit. I CAN HEAR IT NOW... Ohio State's 1953 yearbook, The Makio, will be heard as well as seen. In each yearbook there will be a 15-minute phonograph record of some of the sounds most familiar to Ohio State students—the chimes, the marching band, school songs and excerpts from speeches by campus leaders. Due to the Thanksgiving holiday the next issue of the Sidelines will be distributed on December 10. The staff meetings will continue as usual.

Sims Wins, 400 Vote Lead

Dr. C. C. Sims won the race for Rutherford County delegate to the Limited Constitutional Convention in the November 4 election. Several students worked for Dr. Sims at the polling places in Murfreesboro. The success of their work is reflected in the returns which found Dr. Sims winning by almost 400 votes in a three man race. He received 2852 votes to 2464 for Alfred Huddleston, 2233 for John Randolph.

Pi Mu Sigma Sponsor Music Building Opening

The members of the Pi Mu Sigma sponsored open house at the music building, Sunday afternoon, November 16, from 3 to 6. The music students and their guests, the faculty, and invited guests were guided through the building by the members of the honorary music fraternity. Refreshments were served to the guests, Mrs. Jimmie Lou Tanksey, president, presided at the punch bowl.

Queen Fran Coffelt reigns over her court. (Left to right) Neuva Sharp, Louise Gribble, Betty Lewter, Jane Abernathy and Nancy Hill. About four weeks ago the I.A. club started cooking up an idea for a float for homecoming. An idea was cooked for about three weeks and then a week later a "Raider Rendering Co." truck loaded with two Thoroughbreds was seen amidst the floats in the homecoming parade November 8th. A good word should be given the Club's President, Norvel Branham, for an excellent job in coordinating the work in producing a winning float. The next word is for the whole club for their pitching to produce it. (Story follows on Page 2, Col. 3)

BEYOND THE LAW...
This Gun Was the Law!
SPRINGFIELD RIFLE
COLOR BY WARNERCOLOR
with PHYLIS THAXTER · DAVID BRIAN · PAUL KELLY
A WARNER BROS. PICTURE

The Springfield Rifle played an important role in American military and frontier history for more than a century and has proved to be one of the nation's most reliable weapons of defense. It has been carried by United States soldiers in every war from the Mexican and Indian conflicts of the 1840's through World War II. It provided protection and a means of obtaining food for the pioneers. An earlier version of the gun, the Springfield musket, first manufactured in 1801, defended the young nation from the invading British in the War of 1812. A chapter in the long saga of this famous firearm has now been dramatized by Warner Bros. in "Springfield Rifle," the Warner Color film starring Gary Cooper with Phyllis Thaxter and David Brian. The outdoor drama tells of the efforts of a hardy westerner in keeping the rifles out of outlaw hands. To do this, he is forced to become one of them and, as a result, almost loses the love of his wife, the respect of his friends. Manufactured at the government armory at Springfield, Mass., the Springfield rifle were carried by most of the Union soldiers in the war between the states. Confederate troops carried a copy of it, made at Richmond, Va. In fact, the rifles were the only possessions many had left, and the ex-soldiers put them to use in conquering the frontier and the Indians. Many of the period Springfields carried by the players in "Springfield Rifle," whose featured cast includes Paul Kelly, Lon Chaney and Philip Carey, were from the collection of George Ross. Ross, 33, has been gathering guns and their history since he was 12.

ALONG THE SIDELINES

By BOB HETTISH

The election is over and Ike is it. Fran Coffelt was elected homecoming queen and reigned over the home-coming crowd when the Raiders played host to the Murray Thoroughbreds from Murray, Ky. As we all know the visitors took home the victory 20-13. John Thomas Hayes was the big defensive gun for the Raiders recovering two Murray fumbles, one which set up a Raider score and one ended a touchdown threat on the one footline. Howard Alsop was a thorn in the side of Murray all afternoon stopping play after play. There has been little change in the OVC standings this issue with TPI in first place, in second we find Western, third Murray, fourth MTSC, fifth Eastern and bring up the rear with one of it's poorest seasons, is Morehead. The Raiders can play the role of spoilers by defeating TPI on Thanksgiving Day. A loss to the Raiders would put them into a tie for first place in the conference. In this wide open type of play, using the split "T", fumbles are to be expected and the Raiders have been plagued with this headache. Don't let it get you down fellows, we're with you. In the Notre Dame game last week there were 23 fumbles and in the pro-game on television last Sunday the Cards made one good for a 54 yard gain. The student body is making great strides in regaining their spirit. Let take Dr. Baldwin's advice. "Your pep, your pep, you got it now keep it by golly don't lose it."

Defeat Marks Alumni Homecoming Game With Murray State College

By STEVE UNDERWOOD
Murray State defeated the Middle Tennessee State College Blue Raiders in the MTSC homecoming game with a score of 20 to 13 before 4,000 fans last Saturday.

One man spelled defeat for the Raiders for the third straight week. Bunny Saltz was the thorn in the flesh in the game with Emory, Joe Elmore turned the tide against the Raiders as Florence rolled; and now a little scat-bang by the name of John Bohna has tamed the Big Blue.

Bohna scampered 62 yards for the second Murray touchdown in the second quarter and later in the game he recovered one of the many Raider fumbles to set up the game winning score. His play at the safety position was tremendous as the Raiders found his eely hips hard to hold.

Again the Raiders found great difficulty holding on to the ball. Five times the alert Thoroughbreds pounced on Blue fumbles. Early in the first quarter, John Raymond Smith punted into the wind, the ball going out of bounds on the Blue Raider 18. In two attempts in the line Glen Jeffrey moved the ball to the Raider nine. Jack Cain then flashed through the Raider line for the touchdown.

Wrestling Season Nigh

With the end of the football season drawing near, talk of wrestling is beginning to be heard around the campus. Although wrestling is only three years old here at MTSC, a big turnout is expected when official practice starts December 1. The Raiders had no loss from last years squad with nine lettermen returning. Boys with two years experience are Billy Porterfield, 123 pounds, from Murfreesboro; Captain Lem Vaughn, 137 pounds, Ramer; Frank Dillard, 167 pounds, Brentwood; and Jim Lofton, 177 pounds, Franklin. Among the boys with one year experience are: David Leverett, 130; G. P. Long, 130; Douglas McDonald, 147; Duncan Everett, 147; Wayne Newby, 147; John Nickens, 167; John T. Hayes, 177; Howard Alsop, Heavy Weight; and Ellis Hamlett, Heavy Weight. A number of these boys have already begun practice on their own. Also each year there are a good number of freshman prospects. Among them this year will be John Fine, 157 pounds who has had wrestling experience with the Knoxville YMCA team. The highlight of the season will be the SEI tournament. Last year the MTSC team placed fourth in this tournament.

The schedule is as follows:
Jan. 10—Vanderbilt Here
Jan. 16—Knoxville YMCA Here
Jan. 17—Maryville Here
Jan. 24—Knoxville YMCA Here
Jan. 30—Maryville Here
Feb. 5—Auburn Here
Feb. 7—Chattanooga Here
Feb. 10—Vanderbilt Here
Feb. 16—Emory University Here
Feb. 24—Chattanooga Here
Feb. 27-28—SEI Wrestling Tournament.

CHARITY TILT
A pre-view of the VSAC title chase this season will be available in the David Lipscomb College gymnasium the night of November 20 when the RAIDERS and BISONs engage in a pre-season basketball game for the benefit of the blind. All proceeds of the game will go to the charity fund.

Frosh Dominate Basketball Roster Greer Announces

By JAMES BAGWELL
To get a better view of the 1952 MTSC basketball team at the individual players. Since we only have one Senior on the team this year, let start with him. He is John Raymond Smith from Old Hickory. John Raymond has played for MTSC for three years already, stands 6 feet 1 inch high, weighs 190 pounds and plays in the guard position. Gerald Johnson is from Franklin. He is a Junior at MTSC, has had two years playing experience here and is 6 feet 2 inches tall. He weighs 180 pounds and plays forward. Jim Lincoln, from Tullahoma, is the other Junior on the squad this year. Jim stands 6 feet 4 inches, weighs 212 pounds and plays center. Jim has had no previous experience here. Jimmie Whisenant is from Fayetteville. He is a Sophomore, stands 6 feet 2 inches, weighs 172 pounds, and plays center. Jimmie has had one year experience at MTSC. Bobby Smith a Sophomore is from Lawrenceburg. He is 6 feet 1 inch tall, weighs 205 pounds and plays forward. Bobby has not had experience at MTSC. Earl Roberts is from Murfreesboro, a Sophomore, is 5 feet 8 inches tall and weighs 166 pounds. Earl plays guard and is a transfer student from Sewanee. He was All-State in 1951. Ralph Sellars from Nashville, a Sophomore, is 6 feet tall and weighs 162. Ralph plays forward and is a transfer student from David Lipscomb. He has not had any experience at MTSC. Doris Jones from Goodlettsville, is a Sophomore, is 6 feet 1 inch tall, and weighs 175. Doris plays guard and has had one year of basketball here at MTSC. Ken Trickey from Cairo, Illinois, is a Sophomore, is 6 feet tall, weighs 173, and plays guard. He has played one year for MTSC. Sammy Smith from Springfield is a 6 feet 3 inch Sophomore who weighs 180 and plays forward. He is a former All-Regional high school player. Tom Hogshead is from Vienna, Illinois. Tom is a Sophomore, is 6 feet 4 inches tall, weighs 195 pounds and plays center. Tom has played one year at MTSC. Jerry Bell from Shelbyville, is a Freshman, stands 6 feet 5 inches tall, and weighs 180. Hal Christiansen from Manchester is a Freshman and stand 6 feet 3 inches tall. He weighs 199 and plays forward. He was All-State last year. John Price is from Bowling Green, Kentucky, is a Freshman and stands 6 feet 2 inches. John weighs 164 and plays forward. Doug Schrader is a Freshman from Flintville and stand 5-11. Doug weighs 169 and play guard. Danny Morris is a Freshman, from Anna-Jonesboro, Illinois. Danny (Continued on Page Four)

LUCKIES TASTE BETTER!
They're made better to taste cleaner, fresher, smoother!
Ask yourself this question: Why do I smoke? You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette. Luckies taste better—cleaner, fresher, smoother! Why? Because Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco. So, for the thing you want most in a cigarette... for better taste—cleaner, fresher, smoother taste... Be Happy—Go Lucky!
L.S./M.F.T.'s code — To keep in mind today — So for a cleaner, fresher smoke it's Luckies all the way.
College Students Prefer Luckies in Nation-Wide Survey!
Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

Coleman, Johnson Rule Over Phys Ed Club Fall Carnival
 The new gym was the scene of all the Physical Education Club carnival activities on November 14. Gay colored decorations met you at the door along with the smiling faces of the club members. Tickets were sold at the door for the Variety Show where you also got to vote for a queen and king to reign over the carnival. Nominees for queen were Margaret Coleman and Kathryn Knight. Nominees for king were Harold Henslee and Mamma Johnson. The evening was highlighted by the crowning of Margaret Coleman as queen and Mamma Johnson as King. Harold Henslee was elected king but was absent for the crowning which disqualified him.

The carnival goes were entertained with a spectacular Variety Show. The entertainers were members of the club and faculty. The show started with a "Flapper" dance by Mary Jo Dillion and Eleanor Sheld. Next performers were Dick Haynes and De Nell Agee who gave a piano duet. Two very colorful dances were given by Betty Jo Hyde and Rosie Taylor. A quartet, Duncan Everett, David Douglas, Doug McDonald and Louis Davidson showed some of the best talent. A very striking personality of the show was Dr. Baldwin who sang and played the piano. Arranged around the gym were various booths where different games were played. Among these was a place for balloon throwers. Tommy Scott was the versatile man who threw the balloon 156 inches to walk away with the prize. A cake auction was held and Jim Crawley purchased a delicious looking cake. There are hopes that Carnival time will come again very soon as everyone had so much fun at the Physical Education Club carnival.

Frosh Dominate
 (Continued from Page Three)
 ny stands 5-11, weighs 158 and plays guard. Tommy Griffith from Nashville is a Freshman, stands 5-2, weighs 155 and plays forward. Gene Silky is a Freshman from New Harmony, Indiana. Gene stands at 5-9, weighs 142 and plays guard. Also on the team Dean Harmoning from Flintville, Charles Duncan from Glasgow, Kentucky, Bennett Rambo from Fayetteville, George Stotser from Lawrenceburg, and "Mert" Sanders from Flintville. This last group of players are all Freshmen, so you can see with the number of Freshman and of players with no experience, that the team this year will have to really play ball to win 16 games as the team last year did. Twenty-Two
 (Continued From Page 1)
 Science club. Recently he acted as parade marshal of the homecoming activities. Hailing from Fayetteville, is Nancy Summer, and small as she is, she is quite an all-around gal. At the present time, she is a member of the FTA, WAA and Tau Omicron, and is holding such offices as those of secretary of the Church of Christ group, feature editor of the Midlander staff, vice-president of Rutledge hall and Senior class treasurer.

Glenn Wakefield is a native of Frankewing, and has made a name for himself here at the college. In addition to being a member of the Physical Education club, FTA and T clubs, he is president of the Science club (having been vice-president for two years previously), and president of the boys' dormitory council. Having been elected one of the top Industrial Arts students to represent MTSC at the convention in Chicago last year, it was only natural for Cecil Cantrell of McMinnville, to be named as president of last year's club. He is also treasurer of the Track and Sabre club and a member of the Sigma club. Ann Ledford recently earned the title of Most Popular Girl at MTSC last year. A native of Lewisburg, she has been very active since coming to this campus. At present Ann is a member of the Church of Christ group, and second vice-president of the Home-Economics club. In the past she has been treasurer of the Junior class, secretary of the Sophomore class and secretary of the WAA.

MTSC is proud of another of its senior girls, Louise Gribble of McMinnville, who was this year's senior attendant to the homecoming queen. A member of the Buchanan Players, she is also cheerleader and Senior class editor of the Midlander. Louise is a former secretary and treasurer of the MSM and a member of the girls' dormitory council. Hailing from Murfreesboro is Ernest Adams, husky fullback of the Blue Raiders. He is a participant of many student activities here at MTSC, and is a member of the Industrial Arts club, sergeant-at-arms of the ASB. A member of the boys' dormitory council, T club and Track and Sabre club, Ernest has in the past been a member of the Physical Education club, Supreme Court, secretary-treasurer of the Sophomore class and vice-president of the Junior class.

From Eagleville, come Mary Jean Hay to grace our fair campus. She is secretary of the Tau Omicron, and last year was elected to the AAUP chapter for top students, and as Junior attendant to the homecoming queen and president of the WAA. During her freshman year she was a Dramatic club member, but now her time is given to participating in such clubs as the Physical Education club, FTA and MSM. Although she has only been a student here at MTSC for 2½ years.

Bills Following

 prices and profits, if there are any.
BILL NO. 12
AN ACT PROVIDING AN ORGANIZED FRESHMAN INITIATION
 Purpose: To provide an organized freshman initiation program in a democratic manner.

Plan: (1). An initiation committee shall be appointed by the ASB President. The committee shall be composed of six members, two representatives from each of the upper classes. The chairman of the committee must be from the senior class. (2) The above committee shall plan a definite program for the initiation. This program must be approved by the ASB officers. The plan must include: (a) All freshmen are required to wear freshman caps through the third week of the school session. (b) All freshmen must be present during the specified initiation period. This initiation will take place the day before and the day following through the conclusion of the first home football game after school is in session. (c) All freshmen will remain on campus the weekend set aside as initiation week by the committee, unless excused by the ASB officers. (3) No upperclassmen can create any other form of initiation other than the committee plan. Students violating this will be subject to discipline by the Supreme Court.

Mrs. Dorothy MacLean of Cedar Rapids, Iowa, participates in many of the campus activities. After transferring to MTSC from the University of Louisville, Kentucky, she has become a member of the Westminster Youth Movement, Tau Omicron, and is now secretary of the FTA.

Mrs. Emily Smotherman, a popular young lady from Chattanooga, was society editor of the Sidelines for three years, and is now editor of the Midlander. Last year she was chosen to be a Physical Education club delegate to the Atlanta convention and was a Junior representative in congress. She is a member of the FTA and Home Economics club, belonged to the Dramatic club, and was secretary of the Freshman class and a band majorette for two years.

Coming to MTSC from Mulberry, was Mrs. June Reneger Tucker, a past member of the BSU and chorus, a Junior representative in congress, past secretary of the FTA, of which she has been a member for four years, and this year's president of the Tau Omicron. A picture of Prof. J. M. Edney, formerly of MTSC biology department appeared in newspapers over the country last week. He is shown with white crow, now on display at the University of Kentucky where Professor Edney works. The bird is said to be the first albino crow seen in the United States in 50 years.

TEACHERS' REPORT CARDS . . .
 Students taking Liberal Arts at the University of Toledo will get a chance to tell their instructors this semester exactly what they think of them. The faculty there voted last week to let students rate their teachers' performances at the end of the semester. Questionnaires will be unsigned, so a highly critical student need not fear the wrath of his professor.

The Campus Collegian was optimistic about the plan. It declared, "This is a progressive step which we heartily endorse. Now, instead of griping in the cafeteria, students will at least have an opportunity to offer some constructive criticism. Instead of complaining that he has nothing to do, a student can ask his professor for more homework. . . ."

TOO MUCH FOOTBALL SPIRITS.
 The ancient hip flask is apparently standard equipment for a few student fans attending Southwestern Louisiana Institute football games. And it's making the student body president very unhappy. "Our sincerest wish," he writes to the student newspaper, The Vermilion, "is that everyone enjoy himself thoroughly at all games. We want spirit and vigor. . . . It is the obnoxious element so often caused by excessive drinking that we disapprove of. . . ."

 Middle Tennessee State College will seek an increase in State aid from \$472,500 to 690,000, the appropriation for the past biennium according to budget recommendations made by the State Board of Education last week. Such an increase would give MTSC additional opportunity for expansion to meet the demands of the new curriculum requirements. Board recommendations of appropriations of other State Colleges, based on enrollment figures are, ETSC \$828,000; Memphis State \$851,000; TPI \$805,000 and Austin Peay \$603,750.

THEY SATISFY AND HOW!

"I always smoked Chesterfields in college just like my friends" says New York secretary, Elizabeth Lydon, "and here in New York it seems like almost everyone smokes them."
Elizabeth Lydon DUKE '51

AND NOW—CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount. 45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each. At the beginning and end of the six-months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated . . . "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Remember this report and buy Chesterfields . . . regular or king-size.
