

The SIDELINES

VOICE OF MTSC, THE COLLEGE OF INDIVIDUAL OPPORTUNITY

Vol. 37—No. 4

Middle Tennessee State College, Murfreesboro, Tennessee

November 13, 1963

Composing the Homecoming court are from left to right; Carolyn Chambers, freshman attendant; Sharon Warren, sophomore attendant; Dianne Dorris, Queen; Mary Beth Hughes, junior attendant; and Carolyn Marlin, senior attendant.

Queen Dianne Reigns Saturday

Dianne Dorris, senior from Goodlettsville, will reign as queen of the 1963 Homecoming festivities.

Members of her court are Carolyn Marlin, senior, Madison; Mary Beth Hughes, junior, Antioch; Sharon Warren, sophomore, Columbia; and Carolyn Chambers, freshman, Gallatin.

Crowning ceremonies will be held at 1:30 p.m., Saturday, November 16, at Jones field.

Highlighting the ceremonies will be the delivering of the crown to Miss Dorris via parachute.

Woody Hunter, Bob Vaughan, and Harry Marklin, MTSC freshmen members of the Nashville Sky Divers Club, will deliver the crown in a 60 second free fall dive.

Miss Dorris was nominated in student assembly on Halloween Day and elected by the student body. Other nominees were senior Miss Carolyn Hale, Chattanooga; Miss Carolyn Marlin, Madison; and Miss Linda Witherspoon, Columbia.

Lubhoff Choir, First In Series Of Night Programs

"We were very well pleased with the turnout for the Norman Lubhoff Choir," commented Dr. Edward Baldwin, chairman of the Public Programs Committee. "It was an experiment," he continued, "and everyone seemed to enjoy it."

The Choir, a nationally known group, appeared in the gymnasium on the night of October 30. In the past, all student assemblies have been held in the daytime. As a result, large programs were impossible due to a one-hour time limit.

By scheduling a program at night, time was not a factor, and outsiders were given the opportunity to attend. Dr. Baldwin related that many townspeople had expressed their appreciation for the chance to hear the Choir.

Dr. Baldwin also stated that there will be another such program in the spring. Jose Melies and company will perform on Monday night, March 16. Admission will again be free.

Drama Club's First Play, "Anastasia" Begins Tonight

"Anastasia," a three-act mystery drama, will be presented by the Buchanan Players tonight and tomorrow night at eight o'clock in the auditorium.

Under the direction of Mrs. Dorethe Tucker, the cast includes Carlton Sivells as Chernov, Jan Allred as Varya, Bill Hunter as Petrovin, Don Massey as Prince Bounine, Steve Bebb as Tergei, Ayne Vanzano as Anna, Harold Knowles as Counsellor Divinity, A. W. Powell as the sleigh driver, Dee Shofner as the charwoman, Joel Martin as Dr. Serensky, Anne Petty as the Dowager Empress, Beverly Bobish as Baroness Livenbaum, and Larry Sanders as Prince Paul. Student director is Carole Sanford.

According to historians, the

Grand Duchess Anastasia, daughter of Czar Nicholas II of Russia, was murdered in 1918 by the Bolsheviks. Since that time, a legend has developed that she was not killed but somehow escaped.

"Anastasia" is the story of a girl who set out to convince Russian royalty that she was the murdered czar's daughter. In doing so, she caused the men who planned the hoax to wonder who she really was.

Tickets for the play can be obtained upon presentation of an I.D. card at the ticket booth in front of the auditorium. Faculty tickets may be purchased for 50 cents. All other tickets will be a dollar each.

Dianne Shofner and A. W. Powell appear as frightened Russian peasants in "Anastasia."

REPORT ADDRESS CHANGES

If a student has changed his home address since Fall Registration, he should report this change to the Post Office and to the I.B.M. Office. This is very important because we are preparing our own address cards for grades rather than have the student fill them out.

Midlander Seeks Able Assistants

Any student who is interested in serving as the assistant business manager or assistant editor of the *Midlander* can secure an application blank from the *Midlander* office in the administration building.

Music Department Plans Recital

The Music Department of Middle Tennessee State College will present its first Fall Semester Young Artist Recital Tuesday evening, November 19, 1963, in the college auditorium.

Among the many who will be performing in the recital will be Linda Davis, who will give a cornet solo. She has selected to play Cornelli-Fitzgerald's *Sonata VIII*. Linda is to be accompanied by Patricia Ward. Next on the program will be George Bachman, who is to give a clarinet solo of Brahms' *Sonata No. 2*. He is to be accompanied by Philip Howard.

A trumpet solo will be performed by Jim Stone. Jim chose for his selection *Concert Etude* by Goedicke. He is to be accompanied by Patricia Ward. *Lanone's Musette* McClanahan, Thomas will perform a oboe solo and is to be accompanied by Mary Lynn Nuckols.

Homecoming Promises To Be Best Ever

Plans are now in the making for one of the most spectacular Homecomings ever held at Middle Tennessee State College. Provided that the weatherman is kind, this year's activities should be truly outstanding. Norman Martin, parade marshal and chairman of the Homecoming Committee, reports that more than twenty clubs and classes have already registered for participation in the color and pageantry of the annual event. Six bands have already accepted invitations to march and MTSC's precision drill team, composed of select ROTC cadets will be a featured aspect of the parade.

A banquet honoring the past ASB presidents will highlight the post-parade activities. Since parade

time has been moved up to 10:00 a.m., the pre-game ceremonies will begin at 1:30 p.m. A sky-diving exhibition by daring MTSC students will provide a breath-taking commencement for the afternoon's activities. This will be followed by a pre-game performance by the ROTC Raider Drill Team. Half time activities will center around the incomparable performance of the Band of Blue and the presentation of the Homecoming Queen, Miss Dianne Dorris and her court.

The game with EAST TENNESSEE STATE UNIVERSITY is expected to be one of the most thrilling of the season. All of this high caliber activity points to a HOME-COMING that will be truly memor-

able. Returning Alumni will be honored at a Tea Dance following the game. Homecoming Activities will conclude with the Homecoming Dance which will be held in the Tennessee Room at 8:00 that evening. Mr. Ramon DeShazo, chairman of the faculty social committee, has announced that the orchestra of Carl Gavin will provide the music for the dance. President Quill Cope will crown the Homecoming Queen at the dance which is sponsored through the joint efforts of the Faculty Social Committee and the Senior Class. All in all, November 16, should prove to be a day that will be long remembered in a tradition of outstanding MTSC Homecomings.

Are "Peter, Paul and Mary" Wanted? Powell Seeks Student Participation

In order to keep you up to date on the policies and actions of your Associated Student Body, this article will appear as a regular column in the *Sidelines* as a part of your ASB's continuing efforts to inform you about the activities of your student government. Your questions and comments will be welcome and appreciated. Correspondence should be addressed to Box 1, MTSC.

As ASB president, I have more opportunity than most students on campus to observe and appreciate all of the work that is done by the people who are serving you as ASB Officials. Not only do they handle all of the ticket sales, the publicity, the bookkeeping, and house management for the big name entertainment which our students enjoy, they also chaperone fun nights, handle hundreds of letters to off-campus interests, make all the signs necessary for publicizing on campus activities, do all the clean up work after big campus doings, attend several meetings each week to plan and carry out other duties for the benefit of MTSC students. They check ID cards at ball games, manage the door at dances, publish the ASB Bulletin and other student government publications—and for what reward? fame and campus popularity? This could hardly be so because most of them you never see, only the results of what they have done comes to your attention. They are not paid. They get no special rates for what they have done. Admission to all campus events is the same for them as for any other student.

Because of their willingness to serve, ASB Officials are often put in a very disadvantageous position. Take for instance those stage arrangements at big name entertainment. Because they carry out these necessary duties, they would have no opportunity to come early and get any sort of good seat for enjoying the entertainment which they helped to make possible. For this reason, a special section was reserved as a mild "thank you" for the unselfish service rendered by these people who are continuously serving you, even when you are unaware of their services. Since these people pay for their tickets the same as any other MTSC student, I felt, as ASB, president, that our student body would unanimously favor such a gesture of appreciation.

It has disturbed me to learn that there has been some criticism of this reserved section. Possibly some of it arises from the "NO RESERVED SEATS" printed on the tickets. This statement was intended to let the public know that

no reserved seats were to be **SOLD** and was necessary to protect your ASB from having to pay the higher entertainment fees incurred when reserved sections are sold for the concerts. I certainly hope that most of the misunderstanding has arisen from an apparent conflict between the statement on the tickets and the practice at the concerts, for I find it hard to believe that MTSC students would be so unmindful of the unselfish services rendered by those who serve them through the ASB as to begrudge them this one small reward.

For the next big name entertainment, it is highly possible that a reserved seat section will be open for sale to patrons who had rather pay a higher price and be assured of a better seat. If there is no reserved section open to the public, there will continue to be a section reserved for ASB Officials to say to them on behalf of your student government and the student body at large, a well-deserved "thank you for a job well done.!"

A lack of student interest in the efforts of your ASB to promote school spirit and backing for the BLUE RAIDERS. The last two

attempts to take buses to football games have been greatly hampered by the fact that students wait until the afternoon before the game to buy tickets for the trip. At such a late date, it is almost impossible to charter a bus and make the necessary arrangement. What about your suggestions? Can you offer some help on building a greater interest in supporting our teams?

Plans for getting final arrangements made to have Peter, Paul and Mary on our campus are in the making. However, in order to get "BIG NAME ENTERTAINMENT", it is necessary that we pay big name prices. Tentative negotiations with International Talent Associates, managers for PP & M, seem to indicate that tickets might have to sell for as much as \$3.00 in advance. Are MTSC students willing to pay in order to have top notch entertainment. We need to know their reaction of our students at large. Send your comments to Box 1. I'll be looking forward to getting your comments.

A. W. Powell,
President, Associated
Student Body

College Beauties Exhibit Wide Variety Of Campus Activities

Beauties for the 1963-64 school term have been selected by the various classes at Middle Tennessee State College.

Representing the senior class are Judy Steagall and Sharon Smoyer. The junior class beauties are Lindsay Redmon and Kathryn "Cokie" Jackson. Co-eds Eva Rose Hoy and Judi Schrichte will represent the sophomore class. Freshman beauties are Martha Lunn and Carol Sledge.

These beauties will represent their prospective classes in the beauty section of the college annual. The young ladies will ride in a convertible behind the various class officers in the Home Coming Parade Saturday.

Judy Steagall, an elementary education major, is from Murfreesboro, Tenn. Judy's activities include SNEA, Tritons, and Student Christian Union.

Sharon Smoyer, a co-ed from Chattanooga, Tennessee, is also an elementary education major. The Spanish Club, SNEA, and P.E. Club include her activities.

MTSC co-ed Linda Redmon from

Eagleville, Tennessee is an English major. Linda is a cheerleader, ROTC Sponsor, and a member of SNEA.

Kathryn "Cokie" Jackson of Nashville, Tennessee, transferred from David Lipscomb College. Her major is English. Cokie's activities include *Sidelines*, SNEA, and Women's Athletic Association.

Eva Rose Hoy, a sophomore English major from Cleveland, Tennessee, enjoys painting during her free time.

Judi Schrichte from Hermitage, Tennessee, is a general business major. Judi's activities include ASB Congress and Newman Club.

MTSC co-ed Martha Lunn, a medical technology major from Nashville, Tennessee is a member of the Booster Club and vice-president of her dormitory. Martha will be representing her dormitory in the beauty contest sponsored by the Veterans Club.

Carol Sledge, an elementary educator major from Nashville, Tennessee, is a cheerleader and a ROTC sponsor.

A & S Gains Two Departments

Two new departments have been established in the School of Arts and Sciences at Middle Tennessee State College, according to Dr. Quill E. Cope. History has been separated from the Department of Language.

Professor Robert Corlew has been designated as the head of the History Department. Professor Lane Boutwell has been designated as the head of the Speech and Theatre.

Dr. Corlew will head a department of 11 person, 6 of whom hold the Dr. of Philosophy degrees. Dr. Corlew is an author of national reputation and is currently preparing a college text in Tennessee Press in 1965. He is the author of *Dixon County, Tennessee*, published by the Tennessee Historical Commission and in collaboration with 2 others wrote the 4 volumes *History of Tennessee* released by the Lewis Historical publishing Company in 1960.

Mr. Boutwell has announced comprehensive plans for the future. Beginning with the fall quarter of 1964, the department will offer a public speaking major, theatre major, and a speech-theatre minor.

The theatre program will be continued with three full length plays plus an opera presented in the new 1,000 seat college auditorium. In addition, the department will move toward the introduction of at least 4 additional plays each year and a move in a direction of a children's theatre program, especially during the summer months.

Let the peace of Christ rule in your hearts—(Col. 3:15).

If we allow Christ's spirit of peace to rule our hearts, our minds and our lives, our existence will be a truly harmonious one

Minnie Pearl Presents 'Religion Of Laughter'

Minnie Pearl, well-known comedian of the Grand Ole Opry, will speak to MTSC students about her religion and her life in show business Wednesday, November 13. The Wesley Foundation is bringing Minnie Pearl, who is Mrs. Sarah Ophelia Cannon in real life, all the way from Grinder's Switch, Tennessee, to share her "Religion of Laughter" with a group that favors laughter—college students.

Minnie Pearl will present her talk at 6:00 P.M. in the Tennessee Room of the Student Union Building. There will be plenty of room so Wesley members are inviting all other church groups and the public to join them for an hour of laughter, inspiration, and intellectual stimulation. Regardless of the character she portrays, Minnie Pearl is a very educated person (she holds a college degree—something we all covet). She is a member of West End Methodist Church in Nashville and is active in church work.

Thanks to Minnie Pearl's charity and interest in young people (along with some inside connections!), there will be no admission charged. This is an unusual opportunity so come join the Wesley members in an enjoyable and stimulating evening on November 13.

Every Vote Is Important

Did you vote in the election for Homecoming Queen November 6 or the run-off election held November 7? Do you realize that if you had voted the results might have been different? Many people often do not vote because they feel that their one vote is not going to make any difference one way or another. What if all people felt this way? From the number of people who voted on this campus last Wednesday and Thursday, quite a few people feel this way. Many elections have been won by only a few votes. Such was the election for Homecoming Queen November 7, which was won by only two (2) votes. Now, do you still think that your vote would not have made a difference?

So many people on this campus fail to exercise their democratic right to vote. The number of people who voted in the Homecoming election was absolutely ridiculous. Only 682 out of a student body of approximately 4,000 bothered to vote. It is your privilege as a student, just as it is your privilege as a citizen, to vote. If you do not like the outcome of an election, yet you did not vote or support the candidate of your choice, then you have no one but yourself to blame. If people were simply chosen to fill offices and you could not vote, then the average person would be very dissatisfied with this system and demand his right to choose the person of his choice. Although right was won and preserved for us by our forefathers, we do not utilize it, but take it for granted as we do many of the other rights presented to us by our democratic society. Think for a minute how you would feel if all these rights were suddenly taken from you. People, as a rule, do not appreciate something until they lose it. Don't be guilty of not taking advantage of your innate right to vote, and this not only means national and local elections, but elections held on this campus; it is your right as well as privilege to elect the people of your choice. From now on exercise your right to vote in all elections.

Tote That Barge-Build That Float

Help make the 1963 homecoming . . . laughing . . . having fun . . . a big success! With homecoming and eating drawing near, it is time to start working on floats and dorm decorations. Anyone who has done this before knows that it can be quite an exciting experience. Mid terms and studying can be put aside and thoughts of homecoming put in their places. All kinds of people work on floats. In fact the area where the floats are being decorated is a perfect place for meeting new people . . . seeing individuals run wild all over the place decorating floats . . . meeting still more new people

Hungry decorators will find coffee and donuts being sold by the home ec sorority at the site of the floats. So no matter whether you're a decorating fiend, a hungry student, or someone just wanting to meet new friends, why not join your class or club working on floats at the various locations announced by your organization? Why you see those monstrous hunks of tissue paper rolling down the street in the homecoming parade, you'll be glad you helped.

The Prophet Reflects Views Of Author, Kahlil Gibran

The Prophet is a collection of philosophical attitudes, ideas and beliefs of Kahlil Gibran. Mr. Gibran, who is both a poet and philosopher, was born in Lebanon; but his works have been translated in many different languages. This book expresses the truths of life with all the music, beauty and idealism of a Syrian untouched by the harshness of life. It puts the thoughts and beliefs of the average person into print, and is also an expression of the deepest impulses of man's heart and mind. Published in 1923, *The Prophet* is the most popular and widely read of the works of Kahlil Gibran, who is considered a genius of his age. He is a man whose fame and influence have spread far beyond the Near East. Everyday subjects and occurrences, such as love, marriage, joy and sorrow, death and numerous others, are dealt with; but the majesty and beauty in which he clothes these and poetic way of expressing these ideas, which people subconsciously know and feel, are all his own. A deeply religious person is the author of this book, and the ideas for his writings are drawn from his great reservoir of spiritual life—else they would not be so universal and potent.

Poll Indicates Uninformed Student Body

New addition to the Sidelines is a student poll which will appear each issue. The poll will be concerned with state, national, and international politics as well as social problems. The results published will be compiled from "sidewalk interviews" and mass interviews taken from students on campus. The first such poll involved the question, "Do College Students Follow World Events?" Approximately 250 students were given on a selected topic, the Vietnamise revolt, and asked whether or not they could present a valid discussion. Only 34 answered positively. When told of the above results, Mr. Charles

Dean of the English department made this comment, "Essays submitted in my classes indicate that most students have strong opinions about what our governmental policies should be. If, as the poll indicated, they cannot intelligently discuss the overthrow of a government our government has supported, how valid can their opinions be? Demagoguery and radicalism of all kinds flourish when people feel much and think little. Are we, by our apathy, creating a situation for an irresponsible government in our own country?" The topic next issue will be, "Student Marriage."

Steve Bebb Helps Frosh

Steve Bebb, a Senior history major, from Sweetwater, Tennessee, hold the ASB office of secretary of Freshman Affairs. This is a fairly new office, only two years old, which involves a great deal of work to help the Freshmen. This office's chief responsibilities are: helping Freshmen get settled; helping Freshmen get acquainted with others by staging such events as the Hootenanny and other activities associated with Freshmen Week; supplying Freshmen with information; and helping Freshmen with their class meetings until the election of their officers.

Because of his friendly smile, winning personality, warm sincerity, and unbounding energy, Steve fills this position most efficiently. Steve has this to say about his office, "I feel that what little I've done has been more beneficial to me in regard to the many friends I've made. The friendliness of the students at MTSC has made MTSC a truly different college from any other." (Steve makes this last statement from his experience of attending another college his Freshman year.)

Steve is president of the Booster

STEVE

Club and an active member of the Drama Club. He was sports editor of the *Sidelines* and sports copy editor of the *Midlander* for 1962-63. Steve enjoys a wide variety of sports hobbies, but golf ranks most favorable.

Charles Hall Dies In Accident, Mon.

Charles Stanley Hall, a member of the freshman class of McMinnville, died at the Vanderbilt Hospital Monday from injuries sustained Friday night in a traffic accident near Kittrell while en route to his home in McMinnville.

Hall and Ronnie Finger, also MTSC students, had hitched a ride on a truck loaded with fertilizer en route to Sparta. The truck, driven by Sam Burgess, struck an automobile that turned suddenly off highway 70 into the path of the truck and Mr. Hall was thrown from the vehicle.

Funeral services for Mr. Hall were from the Providence Baptist church Wednesday. He was a member of the Baptist church, for which his father is minister.

Fashion Shots

By Ernestine Harris

Whirling splendor of the homecoming parade has passed, the cheers of the football game are only echoes and the M.T.S.C. coed is now prepared to approach the last sparkle-touched moment of the day.

A vision of splendor is the gold silk brocade semi-formal which captures the glimmer of evening twilight. The classical scooped neckline compliments the original dress design. Caught at the corded waistline is a paneled bell-shape skirt which adds the final ingredient of enchantment.

Gold satin molds the gloves into a shimmering form fashioned exclusively for evening wear.

With gold right down to the tip of her toes, the model adds another jewel-toned memory to her M.T.S.C. college days.

Elaine Haley, featured model, is a junior home economics major from Manchester. Membership in Kappa Omicron Phi, home economics honorary fraternity and the Student National Education Association and reporter for the *Sidelines* constitute Elaine's current activities.

ELAINE

"We don't have to worry about being invaded—we've got the best armed juvenile delinquents in the world."

OPEN FORUM

Roger Engels Tells Why He Enrolled At MTSC

Many times during my stay at Middle Tennessee State College one question constantly plagues me. People ask, "Roger, why did you leave Florida to come to Middle Tennessee State College?" By this time I have a pat answer practically embedded between my two humble ears.

Florida State University in Tallahassee is a very fine and beautiful school, but it is also big, impersonal, and unfriendly. At the close of the first semester at FSU I packed my clothes, wished my landlady well, and pointed my car North . . . through Georgia. I was looking for a small friendly college, so historians may note that Sherman really did do a fine job while plundering his way South. I didn't find a single small college in Georgia, but I did hear rumors that they were still in hiding.

Tennessee . . . and what a welcome sight it was . . . even if it was Chattanooga . . . and snowing, but one look at downtown Chattanooga vetoed my stay at the University and led me to Murfreesboro, where I inquired about the MTSC stickers. I was promptly found seated in Dean Weem's office explaining my situation . . . which resulted in another student at MTSC. This escapade took place in twenty four hours of one day.

I have never regretted my tour through Georgia, or my enrollment at MTSC, because the friendship and cordial attitude of the students at MTSC have never made me regret it!

I owe the students more gratitude than words can express. I've found that happiness can't be hidden or colored or repressed. I've found that most of my success and happiness is owed to you, the Students of Middle Tennessee State College.

For those of you who were so thoughtful during my illness . . . I

can best express myself by saying THANK YOU!

The largest single attribute at Middle Tennessee State College is the student body.

Sincerely,
Roger Engels

Dear Students,

I would like to express my sincere thanks for the overwhelming kindness you showed me while I was ill. Your many kind remembrances, and, of all, the amazing branches, in which you helped your ASB Officials to carry on the functions of student government confirm once again my deep conviction that there's no place like MTSC and no people so wonderful as its students.

Sincerely,
A. W. Powell

Dr. William Windham, History Professor, Wins Respect, Admiration Of Students

Dedicated to the profession of teaching, Dr. William Windham has won the admiration and respect of all those who have come in contact with him.

Dr. Windham, oddly enough, got his B.S. degree in chemistry at the Illinois Institute of Technology. He decided later, however, that teaching should be his vocation. He returned to school at the University of Alabama where he received his M.A. and Ph.D. in history.

After a three year tenure at Virginia Polytechnical Institute, Dr. Windham came to MTSC in 1955. He has since become very interested in the students and their activities. He offered this comment on the entertainment at MTSC, "It is good to have big-name entertainers if it will help instill some spirit into the student body. Moreover, if some type of entertainment, of a social or intellectual nature, could be held on weekends, it would help promote a community spirit which is an essential ingredient in the development of a successful college. Our college doesn't have enough traditions and perhaps these experiments by the ASB will help develop some desirable ones."

In his striving to achieve maximum ability as a professor, he has become a member of various organizations offered for this purpose. These are: The Southern Historical Society; The Tennessee Historical Association; The American Association of University Profes-

sors; and the Pi Gamma Mu, the national social science honor society of which he was faculty advisor for three years.

While he was at Illinois Tech, Dr. Windham took part in the Navy V-12 program. He received his commission in 1946 and served with the occupation forces in Japan in 1946 and 1947. He has since become a Lt. Commander and now is training officer for the Naval

Reserve Electronics Units in Murfreesboro.

Dr. Windham met and married the former Westy Tate in his home state of Mississippi in 1950. They now have three fine children; two girls, one 11 years and one 10 months, and one boy three years of age.

Through his experiences at MTSC, Dr. William Windham finds no regrets in his chosen vocation.

Dr. Windham teaches many hours of history, but he still has time to be interested in students and their activities.

With the end of our second month at MTSC, clubs on campus are falling into the old routine along with other student activities, and members are working hard on plans for the coming year.

The Booster Club, which promotes good sportsmanship and lends moral support to our athletic teams, elected its new officers on Monday afternoon, November 4. Russell Ayers, an enthusiastic supporter of MTSC (especially when cheerleading at Powder-Puff games) was chosen to lead the Boosters as president. Nancy Ogles will serve as vice president, Erin Shockla as secretary, Sandra Wynne as treasurer, and Don Witherspoon as sergeant-at-arms.

Plans were discussed at the meeting to have a Booster Club section at the Raider basketball games and to furnish a pep band for our home games. Also to promote basketball attendance and spirit, they hope to work with the ASB in sponsoring buses to games away from home. A membership drive, headed by chairman Donna Grammer, is now being conducted with the membership fee set at only fifty cents a year. As quoted from the opinions of last year's president, Steve Bebb, "Everyone on campus ought to be a member."

The Ninth Annual Veteran's Talent Show to be held November 21 is featuring a new and exciting attraction this year. The show will include a beauty contest with candidates from each of the eight women's dorms on campus. These girls will compete in sports wear as well as formal apparel, and the audience will select the lucky winner who will receive a full page picture in the "Midlander" and also be the Veteran's Club candi-

date for the Miss Midlander contest. This will be an extra special feature for the annual show of talent you won't want to miss.

The Women's Athletic Association recently elected new officers to serve for this year. They include Angie Prince, president, Mary Nell Meders, vice president, Linda Hall, secretary, Jay Fogg, treasurer, Shirley Brackett and Tibby Rel, co-publicity chairmen, Carolyn Williams, intramural chairman, and Sandy Bates, awards chairman. The WAA Round-Robin Volleyball Tournament officially started on Thursday, November 7, with teams from the various girls' dorms competing.

The Circle K, now busy with preparations for its homecoming float, also has been working on a project to place trash receptacles at strategic spots on campus. Acting president Mike Milom asks that the student body cooperate with the Circle K boys in helping keep the campus clean and in nice appearance at all times.

The boys took time out for social fun recently with a party at the Murfreesboro Country Club on Friday, November 8.

Wishes for a speedy recovery are extended to president-elect Roger Engels who is now resting at home in Vero Beach, Florida after a seige with mononucleosis and yellow jaundice. Roger is expected to return to MTSC at the start of the second semester in January.

Skunk Flunks College Board

Recently a sleek black prospective student, highlighted with a white dividing line on his back entered MTSC campus seeking information concerning the requirement for higher education.

While **JOE SKUNK** strolled across the campus, he looked for the English Building as he wanted to become an English major. Approaching the building **JOE** decided to ask one of the students to direct him to the main office, but the students scattered in all directions leaving **JOE** alone and unhappy.

SHY little **JOE**, embarrassed by the students' rejection, wondered if he might have halitosis. Taking refuge in a hole beside one of the windows in the building, **JOE** let his emotions overtake him.

One of the students pushed a stick into the hole, and **JOE** believed that he had found a friend. As the miniature fellow returned to the outside world, some boys pushed him away from the building.

JOE SKUNK, being extremely disappointed about his reception at the English Building, ran toward the Administration Building to complain to President Cope.

As the President was **OUT TO LUNCH**, the fatigued and disappointed skunk left MTSC campus by the front entrance. **JOE SKUNK'S** only pause was to pose a photograph which would remain a lasting memory after his fragrance had drifted away.

A distressed skunk marches to the office of President Cope.

'64 Homecoming, Product Of Spirited Past

During the past ten years, Middle Tennessee State College fans have witnessed ten outstanding Homecomings. Each has been essentially the same; however, each has added a little to the homecoming spirit in its own particular way.

Homecoming 1953 was climaxed by a loss to Murray State, 20-13. Fran Coffelt reined as Homecoming Queen. The annual parade, composed of numerous floats representing the four classes and various clubs, was a pre-game event.

The 1954 Homecoming watched Queen Neuva Sharp and attendants Barbara Kethersid and Leonoca Barber parade before the fans at halftime ceremonies. The game was played with Tennessee Tech with Tech defeating the Raiders, 46-13.

MTSC's 1955 Homecoming Day was a usual one. MTSC won over Murray State, 21-13.

Colene Rivers reigned as Homecoming Queen in 1956. She was escorted by ASB President Lynn Banks. Her attendants were Polly Denton, escorted by Charles Wallis; Nancy Willis, escorted by Marvin Jinnette; and Peggy McQuiddy, escorted by Tommy Scott. The game, however, was a loss to Tech, 55-14.

The 1957 Homecoming game was played against Murray State with the latter winning, 39-7. Pre-game events included residence hall competition and the annual Float Parade. Barbara Harrington reigned over the halftime ceremonies. Her escort was 1957's ASB President John Bass. Barbara's attendants included Anita Grayson, escorted by Charlie Riley; Catherine Ray, escorted by Winston Bennett; Nancy Willis, escorted by Leland Hewgley; and Carmen Alexander, escorted by Dirk Arnold.

A damp, drizzly day greeted a crowd of 5000 on Homecoming Day, 1958. However, the day was brightened when Betty Osteen Halum was crowned Homecoming Queen during half-time. During the pre-game events, winners in the float competition were announced.

The Industrial Arts Club's float, "Western Roundup," won first place. The Speech Arts Club chose an Hawaiian theme and took second place. Winning third place was the Physical Education Club.

Homecoming 1959 was a victorious day with MTSC defeating Murray State 40-0. Frances Jackson was Homecoming Queen.

Homecoming Queen Amelia Hinds reigned over the ceremonies at the 1960 Homecoming Day football game. Her attendants were Carolyn Sharp, Maxine Smith, Mary L. Sharpe, and Joyce Sherill. The Senior class won the float competition. Their theme was "Swinging to Victory." In the residence hall competition, Rutledge Hall took first place with "Madam Rutledge Predicts Victory for MTSC." MTSC also took a "first place" by beating Murray State, 21-13.

Homecoming 1961 was perhaps the most important Homecoming ever held at MTSC. It was the climax of "Fifty Golden Years," and it produced many "firsts." The Blue Raider, a 20th Century coun-

terpart of Nathan B. Forest, appeared for the first time. Dick Schooman appeared as the Blue Raider and was dressed in full Confederate regalia. The dedication of a new flag was another "first" as was the dedication of a new alma mater. The Float Parade before the game climaxed the nights of hurried preparation and last minute work. Thirty floats appeared in the parade. Homecoming Queen was Sylvia Webb. Rose Dodd, Vivian Robertts, Patsy Hows, and Sally Baker were her attendants.

A crisp day highlighted Homecoming 1962. Victory (23-6 over Murray state) was also a welcome. Carolyn Ball reigned at half-time ceremonies. Her attendants were Marie Carney, senior; Judy Gillespie, junior; Jane Gillem, sophomore; and Gayle Marks, freshman.

November 16, 1963 will mark another Homecoming Day. The hope of victory will be high on the lists of all for a successful day. Festivities and the Float Parade are ahead. What will this year's Homecoming hold?

Awards For Graduate Study Offered Southern Women

The College Faculty Program of the AAUW Educational Foundation for the third year is offering awards for graduate study to Southern women interested in a college faculty career.

The grants provide full tuition and personal stipends for graduate study to women with bachelor's degrees who are thirty-five years of age or older and are not currently participating in academic life. Candidates are required to be full-time graduate students under this program.

The application deadline for the 1964-65 awards is January 15, 1964.

Local women interested in the program should call 893-7669 for further information. Application blanks may be obtained from the College Faculty Program Coordinator, 2401 Virginia Avenue, N.W., Washington 37, D.C.

A \$225,000 grant from the Rockefeller Brothers Fund has made possible the Foundation's College Faculty Program. Established in 1962 for the college women of the southeastern states, including Tennessee, the program has already made awards to more than 60 women.

Dotson, Hero Of Thoroughbred Victory; Morris Sets Third School Record

Sophomores Teddy Morris and Larry Dotson turned in sparkling performances to give the Raiders a 14-7 victory over the Murray State Thoroughbreds Saturday afternoon.

The win finished the road season for the Raiders with a perfect 5-0 record. The only losses this season have been the 16-6 loss to Western Kentucky and the 7-0 set-back by University of Chattanooga, both home games.

Morris, 170 pounder from Murfreesboro, ran one touchdown and threw a 40 yard bomb to George Dykes for the other. Oddly enough both scores came with 9:43 remaining in the quarter—second and third.

Real hero of the game was Larry Dotson, from Nunely, who played fullback for Centerville high school. Dotson made two key pass interceptions in the final period, each stopping a Murray scoring. Midway in the final quarter he

picked off the first on the seven yard line. A few minutes later, after a bad punt, the Racers had the ball on the 36 and moved to the 26 on a pass. Two plays later Dotson speared another Tony Fioravanti aerial on the seven yard line and ran it back to the 27, to pull the Raiders out of danger. Elated teammates carried Dotson off the field on their shoulders at the close of the game.

In this game Morris set his third school record—this time in season total. He picked up 98 yards rushing and passing to bring his season total to 1,211. This broke the previous mark of 1,167 set by Bobby Young in 1953 season.

The Racers finished with a minus 19 yards rushing—a tremendous tribute to the Raiders line play led by Ronnie Camp, Jack Armstrong, Tom Fiveash, Gary Whaley, Larry Whaley, Clark Maples, Jerry Smith, Bill Hobbs, Larry Leahon, Dwanne

Brown, Eddie Pigue, led by the steady play of Captain Calvin Shortley, from Donelson.

First downs were 16-14 as the Raiders had good ball control in the first quarter when they scored on a 13 yard pass from Fioravanti to Bobby Chapman.

The Middle Tennessee State College band, under direction of Joe Smith, received a standing ovation from the Murray Student Body and the 9,000 fans following their halftime show.

Bill Robertson was the leader ground gainers for the second consecutive week. He had 45 yards in seven carries.

Dr. Fran Riel Contributes To Published Books

Dr. Fran Riel of the HPER Department has contributed materials to two new books recently published: Games for Cub Scouts, Copyright 1963 by the Boy Scouts of America, New Brunswick, New Jersey; and Recreational Games and Sports, Copyright 1963, Division for Girls and Women's Sports, American Association for Health, Physical Education and Recreation—a Department of the National Education Association.

Top Quarterbacks Face Buccaneers At Homecoming

The 1963 homecoming game will feature the two top quarterbacks in the Ohio Valley Conference. MTSC's Teddy Morris and ETSU's Jimmy Baker should answer the question of which team has the best quarterback in the loop.

This will be one of the best homecoming matches for the Raiders in years. The talented Buccaneers will bring an outstanding team from Johnson City, and this should decide at least the "Tennessee Championship" of the Ohio Valley Conference.

Last season, the Bucs won a 20-12 decision at Johnson City to gain a four way tie with MTSC, Eastern Kentucky, and Morehead for the OVC championship.

The 1962 Buc win broke a 7 game victory string by the Raiders over the East Tennesseans. In sixteen previous meetings, the Raiders have lost only three games. ETSC won the 1948 clash 2-0 and gained a 30-6 decision in the 1954 game.

Coach Charles "Bubber" Murphy is no doubt hoping his team can continue the spell over Coach Star Wood's gridders. All three of the Buc wins have been at Johnson City.

Misfits Win Tug-of-War

Intramural sports are in full swing now with the tug-of-wars already completed and with flag-football and mixed-doubles tennis well under way. The women's tug-of-war was won by Mary Nell Meador's Marauders, and the men's tug-of-war was won by the Misfits. The Mighty Me's and Town #3 won men's second and third respectively.

In flag-football competition, the overall winner will on Thanksgiving day play the winner of Tennessee Tech's flag-football league as a preliminary heat to the annual inter-collegiate match. MTSC's current leader in the Blue league is Town #3, but the competition is keen, and close on the heels of Town #3 are Judd Hall and The Mighty Me's, with The Misfits, Jones Hall, and Gray Hall not far behind. In the White league, the John David Mossrats are leading, being closely pursued by Circle K and Vet Village. The flag-football games are played each Monday, Wednesday, and Thursday on the intramural fields behind the tennis courts.

Other intramural events soon to get under way are: League Volleyball, which will begin on Monday, Nov. 18, and The Raider Turkey Trot, an individual-play cross country run, which will be held on Tuesday, Nov. 26. The winner of The Raider Turkey Trot will be presented with one eating-style Turkey.

Raiderette Rifle Team Elects Officers, Schedules Matches

On Monday night, October 28, the Raiderette Rifle team met at six o'clock for the purpose of electing officers. Annette Ashburn, a junior from Springfield, Tennessee, was elected captain of the team. Her co-captain for the year 1963-64 is Shirley Elected, a junior from Nashville. Given to the office of secretary, was Mary Dean Bigger, also a junior from Nashville. The team's treasurer for this year is Mary Lucille Smith, a junior from Springfield. Charlotte Black, a freshman from Murfreesboro, was elected publicity chairman.

After the meeting, the girls practiced shooting at targets. The team has scheduled three shoulder to shoulder matches with Oglethorpe University of Atlanta, Georgia; Murray State College in Murray, Kentucky; and North Georgia College in Dahlonega, Georgia. All three of these matches are scheduled to take place at the rifle range on the MTSC campus. Several pistol matches have also been scheduled for the coming year. The first postal is scheduled for Monday, November 11.

All of the rifle competitions held by the team are governed by the rules and regulations laid down by the National Rifle Association, under the supervision of the team coach, Sergeant Gardner. For matches, only the top ten scores will be chosen.

The purpose of the team is organized rifle shooting among the women undergraduate students of MTSC with a view toward a better knowledge on the part of the team members of the safe handling and proper care of firearms as

well as improved marksmanship and team competition.

Any woman undergraduate student in good academic standing (2.0 average and above) is eligible to compete for a position on the team. The team is limited to twenty members at all times.

Morris Listed Eighth In Nation; Cagers Plan Globe-Trotter Warm-Up

MTSC quarterback Teddy Morris is listed eighth among the nation's leading passers by the National Collegiate Athletic Bureau. The sophomore field general has completed 71 of 111 pass attempts for 1,068 yards and 10 touchdowns.

Coach E. K. Patty's 1964 golf team will participate in five big tournaments. The Raiders, who have not lost a dual match in five years, will participate in the Tennessee Intercollegiate, Ohio Valley, Southern Intercollegiate, All-American, and the National Collegiate. Gary Head won the NCAA tournament at Springfield, Missouri, last summer.

A big pre-game treat is in store for basketball fans this season. The Raiders will use a "Globe-trotter type warm-up" prior to all of their games. This is going to be something worth seeing from one of the most colorful teams ever to take the floor for the Blue Raiders.

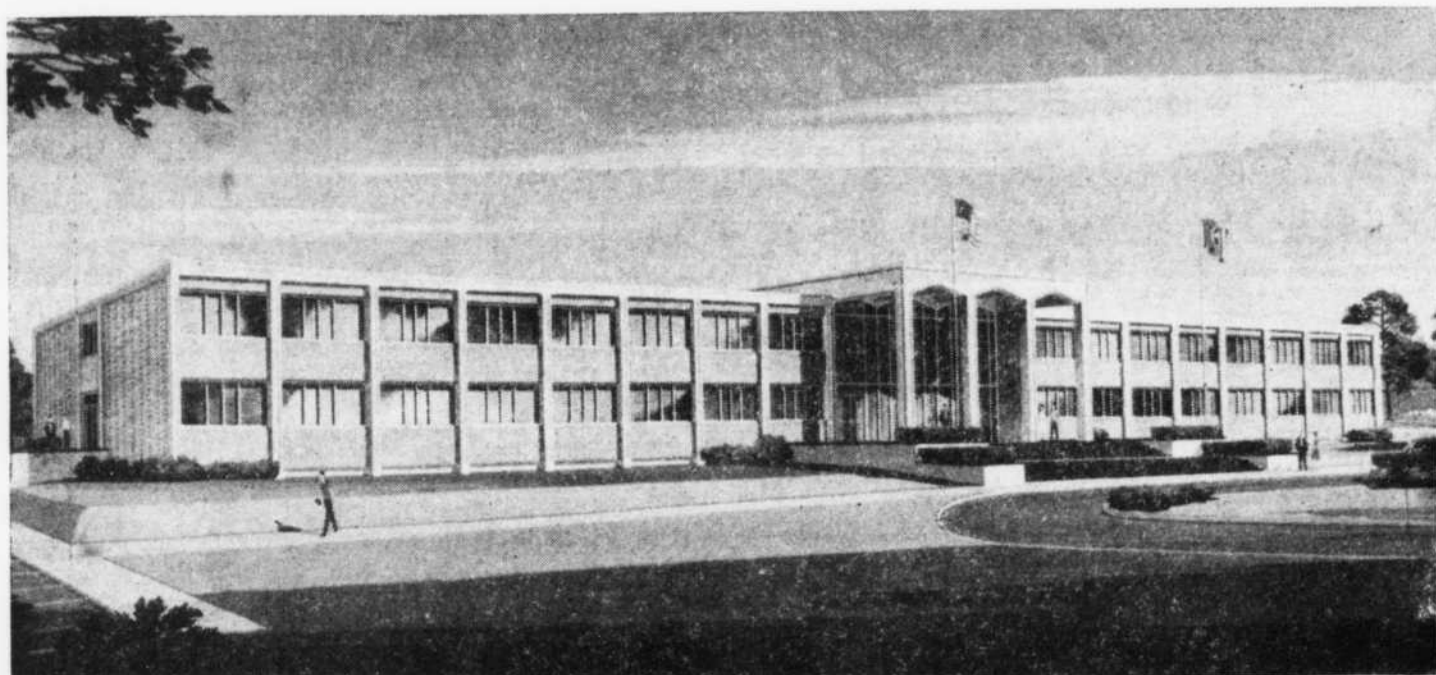

The homecoming game with East Tennessee will feature the two best quarterbacks in the Ohio Valley Conference. East Tennessee State's Little All-American Jimmy Baker will be matching his talents

with Raider standout Teddy Morris.

Fullback Bill Robertson and halfback Billy Warren are the only freshmen on the 1963 Raider varsity football squad. Robertson hails from Sevierville and Warren played with Chattanooga Brainerd.

Assistant basketball coach Ken Trickey reports that the Raiders really got a prize in Ed "Boom Boom" Cannon, a 6-7 center from Harrisburg, Illinois. In a recent scrimmage with another area college he showed that he might be one of the best prospects ever signed to a MTSC basketball grant-in-aid. The 200 lb. All-Illinois performer scored 405 points and had 425 rebounds last year at Harrisburg High School.

The Blue Raider Bowl Game on November 22 will have one of the few undefeated teams in the state participating. The Lynchburg "Blue Raiders" will bring a perfect 9-0-0 record to Jones Field to match the Jackson North Side's 8-1-0 mark. Lynchburg is coached by 1962 MTSC football captain Billy Joe Evans.

This is the John Charles Wheeler, architect's, drawing of the new administration building now under construction just south of the English building. It is one of four building projects now in progress. The others are two new women's dormitories east of Baird's Lane and the new auditorium attached to the foreign language and speech building east of the Fine Arts Building. This two story building will be constructed of reinforced concrete and will be completely air conditioned. The facility is expected to be completed in September 1964. Pat B. Powers Company of Nashville is the contractor. The cost will be approximately \$750,000.

But, this year, the Bucs will bring a 7-1 record against the home team. They have beaten Murray State, Chattanooga, Tennessee Tech, Eastern Kentucky, Wofford, Morehead State, and Austin Peay. Their lone loss was a 14-6 rain battle with Western Kentucky.

Raider Cross Country Team Wins Tenn. Intercollegiate Championship

Cross Country team won the Tennessee Intercollegiate championship at Union University recently. The Raiders had a low score of 36 to take the top spot.

Tommy Williams, a junior from Shelbyville, won first place honors over the 3½ mile layout. He toured the course in 18:26.8 to pace the 32 entries.

Following the Raiders were Union (47), Tennessee Tech (84), Sewanee (89), and Southwestern (96).

This is the first year for the Raiders to field a cross country team.

1. Middle Tennessee State

Place	Contestant	Time
1	Tommy Williams	18:26.8
6	Paul Anderson	18:58
7	Phil Dickens	18:59
10	Jim Whitehead	19:15
12	Phil Griffin	19:25
36 Total		

2. Union University

Place	Contestant	Time
2	Ed Walton	18:36
3	Ron Baker	18:40
4	Ken Hane	18:46
18	Jim Love	20:16
20	Herb Slate	20:38
47 Total		

3. Tennessee Tech

Place	Contestant	Time
5	M. Walfe	18:55
8	G. Harrell	19:06
21	William Orr	20:47
23	G. Martin	21:04
27	E. K. Malone	21:37

4. Sewanee University

Place	Contestant	Time
9	Bruce Aldrich	19:10
14	Derrell Wright	19:42
19	John May	20:36
22	Jim Meyer	20:56
25	A. V. Freels	21:09
89 Total		

5. Southwestern University

Place	Contestant	Time
11	Dossett Foster	19:21
15	Howard Romaine	19:58
16	John Poolman	20:01
24	Ted Morris	21:08
30	Larry Churchill	22:35
96 Total		

Other contestants not counting in team score included: MTSC—Fred Lazenby (13-19:33); Bill Eisele (17-20:10); Union—Gene Snider (26-21:19), Tom Clay (28-21:55); Tennessee Tech—Robbie Norris (29-22:05); Sewanee—Bob Urganhart (31-23:05); Southwestern — Bill Winge (32-23:51).

Intramural Programs Open To Students

The intramural program of activities is open and available to every student. If you are not yet a member of an intramural team, contact your dormitory intramural captain or contact Mr. Harry Wagner, Dept. of P.E., at the gymnasium, and join in on the fun. Team captains in men's dormitories are: Jones Hall—Bob Kite; Judd Hall—Tom Wortman; Beasley Hall—Mike Shelton; Gracy Hall—Doy Hollman; Smith Hall No. 1—Jim Hackworth; Smith Hall No. 2—Ronnie McClanahan; Vet Village—John Fuqua. Captains for organizational and off-campus housing are: Reformers—Johnny Watson; Cellar Dwellers—Doug Webb; John David Mossrats—Steve Moss; Misfits—Gleen Hawkins; Mighty Mc's—Bill Sewell; Chattanooga Growlers—Steve Jones; Town #3—Don Witherspoon. Contact one of these men, and join an intramural team.

300 Attend Third 'Powder Puff Bowl'

The third annual "Powder Puff Bowl" game was held on Jones Field on November 5. The "Tiny But Tuffs" and the "Ruff Tuff Cream Puffs," staged a thrilling show before approximately 300 spectators.

The fired up "Ruff Tuff Cream Puffs" proved that they were the team to be victorious by winning the match 19-0.

Tuesday, the 5th, was a rainy and cool day and this was a contributing factor in the game. The conditions proved to be nightmares to both teams but it wasn't long before all the players had the mud washed off and another helarious memory to add to their long list.

This event was sponsored by the Physical Education Club and netted over \$200.00 for the club treasury.

An interest in the cross country is also shown by the fact that Middle Tennessee will host the TSSAA Cross Country Meet on November 16. The state high school championship will begin at 10 a.m. Saturday morning, which is the homecoming date for the Blue Raider football team as host to East Tennessee State University.

Howell Moss, a former University of Tennessee High jump champion, is coaching the Raider cross country team while track coach Joe Black Hayes is on duty with the football squad.

So far this season, the Blue Raiders have defeated Tennessee Tech twice by 24-31 and 24-35, and downed Sewanee 21-35 in their last outing. Western Kentucky sandwiched in a 15-40 victory over the Raiders between the Tennessee Tech meetings. Low score wins in cross country.

MTSC's eight man team includes: Tommy Williams (Shelbyville), Paul Anderson (Ft. Lauderdale, Fla.), Phil Dickens (Joelton), Phil Griffin (Nashville), Jim Whitehead (Franklin), Fred Lazenby (Nashville), Bill Eisele (Murfreesboro), and Jim Gaines (Kingsport).

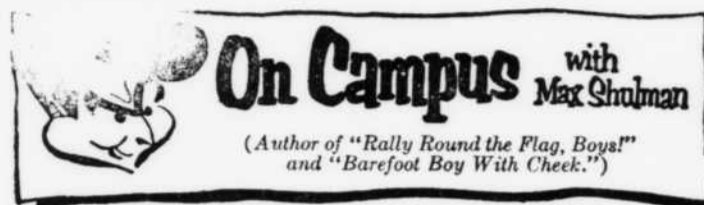

The Raiders next outing will be in the Tennessee Intercollegiate Meet at Union University on November 2. The remaining schedule will include Murray State, November 8; Sewanee, November 15; and the Ohio Valley Conference Meet at Cookeville on November 23.

Ivan Boxell Speaks Here November 21

Ivan Boxell, newspaperman and news analyst, will bring students his thought provoking lecture, "Meeting Potentates, Premiers and People" Thursday morning November 21st at 10:50 in the college auditorium. Impressions from the interviews will be interpreted at the Thursday assembly. Among the people Mr. Boxell has interviewed are Nehru in India, Nasser in Egypt, Tito in Yugoslavia, Diem in Vietnam, Sarit in Thailand, the Shah of Iran, Chiang in Formosa, Kishi in Japan, Adenauer in Germany, the King of Greece, Menderes in Turkey and many others.

THE FABRIC CENTER

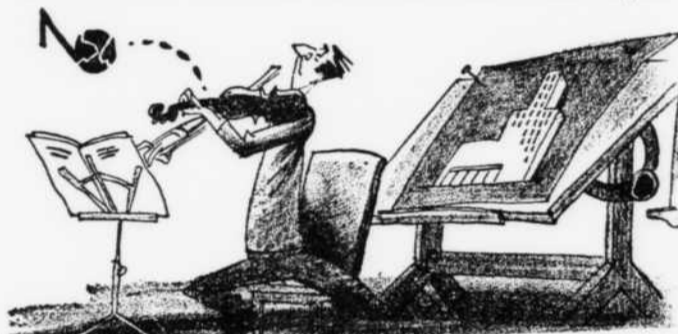

109 S. Church On Public Square
The Girl Who Sews Wears Better Clothes

I WAS A TEEN-AGE SLIDE RULE

In a recent learned journal (Playboy) the distinguished board chairman (Ralph "Hot Lips" Sigafoos) of one of our most important American industrial corporations (the Arf Mechanical Dog Co.) wrote a trenchant article in which he pinpointed our single most serious national problem: the lack of culture among science graduates.

Let me hasten to state that Mr. Sigafoos's article was in no sense derogatory. He said emphatically that the science graduate, what with his gruelling curriculum in physics, math, and chemistry, can hardly be expected to find time to study the arts too. What distresses Mr. Sigafoos—and, indeed, all of us—is the lopsided result of today's science courses: graduates who can build a skyscraper but can't compose a concerto; who know Newton's Third Law but not Beethoven's Fourth Sym-

The lopsided result of Today's Science

phony; who are familiar with Fraunhofer's lines but not with Shelley's.

Mr. Sigafoos can find no solution to this lamentable imbalance. I, however, believe there is one—and a very simple one. It is this: if students of science don't have time to come to the arts, then the arts must come to students of science.

For example, it would be a very easy thing to teach poetry and music right along with physics. Students, instead of being called upon merely to recite, would instead be required to rhyme their answers and set them to familiar tunes—like, for instance, the stirring *Colonel Bogey March*. Thus recitations would not only be chock-a-block with important facts but would, at the same time, expose the students to the aesthetic delights of great poetry and music. Here, try it yourself. You all know *The Colonel Bogey March*. Come, sing along with me:

Physics
Is what we learn in class.
Einstein
Said energy is mass.
Newton
Is high-falutin'
And Pascal's a rascal. So's Boyle.

Do you see how much more broadening, how much more uplifting it is to learn physics this way? Of course you do. What? You want another chorus? By all means:

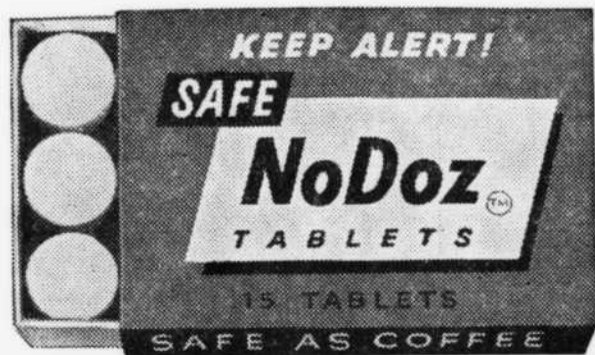

Leyden
He made the Leyden jar.
Trolley
He made the Trolley car.
Curie
Rode in a surrey
And Diesel's a weasel. So's Boyle.

Once the student has mastered *The Colonel Bogey March*, he can go on to more complicated melodies like *Death and Transfiguration*, *Sixteen Tons*, and *Boo-Hoo*.

And when the student, loaded not only with science but with culture, leaves his classroom and lights his Marlboro Cigarette, how much more he will enjoy that filter, that flavor, that pack or box! Because there will no longer be a little voice within him repeating that he is culturally a dolt. He will know—know joyously—that he is a complete man, a fulfilled man, and he will bask and revel in the pleasure of his Marlboro as a colt rolls in new grass—exultant and triumphant—a truly educated human person—a credit to his college, to himself, and to his tobacconist!

© 1963 Max Shulman

We, the makers of Marlboros and sponsors of this column, urge you not to roll colt-wise in the grass if you are carrying a soft pack of Marlboros in your pocket. If, however, you are carrying the crush-proof box and weigh less than 200 pounds, you may safely fling yourself about.

THE SAFE WAY to stay alert without harmful stimulants

NoDoz keeps you mentally alert with the same safe refresher found in coffee and tea. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do... perk up with safe, effective NoDoz tablets.

Another fine product of Grove Laboratories.

Woody Hunter ex-marine, Bob Vaughan, former army parachutist, and Harry Marklin, formally of the air force, will attempt to bring homecoming queen Dianne Dorris's crown from 12,500 feet above Jones Field. The daring parachutist, all members of the Tennessee Skydivers Club will jump from a Cessna 182 air craft at 1:35 p.m. Saturday afternoon. They will do a 60 second free fall to an altitude of about 2,200 feet at which time they will open their 28 foot Tu candy-stripped chutes. The chutists' will trail smoke from foot brackets from the time of their jump so that they may be spotted from the stadium.

Jack Short Donates Bull To College Angus Herd

Jack E. Short, president of the Tennessee Angus Breeders Association has made a valuable donation to the Middle Tennessee State College fine herd of Angus cattle. Miss Burgess M572, acquired at the Senator Gore farm sale October 12 for \$950 has been donated by Mr. Short to the college.

Miss Burgess M572 was calved March 10, 1962. She was sired by a son of Do Macs Bardoliermere 62, by the famous Bardoliermere 2, sire of four Grand champions from the Edell line that produced two International Grand champions.

Mr. Short feels there is great potential in the development of the MTSC herd. He expressed an interest in aiding the college to produce an outstanding Angus herd.

Dr. Robert Alexander expressed his pleasure at adding this fine heifer to the 125 Angus in the MTSC herd. This herd now has

three bulls from the internationally famous Senator Kerr herd of Oklahoma.

Miss Judy Steagall Wins Beauty Title

Miss Judy Steagall, a senior at MTSC, majoring in elementary education represented the Middle Tennessee Electric Membership Corp. in the Tennessee Rural Electric beauty contest in Nashville on October 22. She is the daughter of Mr. and Mrs. George Steagall who live on the Salem Road.

Miss Steagall won the "Miss Middle Tennessee Electric" title at the cooperative's Annual meeting here last month. She was sponsored in the contest by the Bethel Home Demonstration Club.

Home Ec. Chapter Sees '64 Fashions

Monday night, the MTSC Home Economics Chapter got a view of the 1964 Fashion Whirl. Mrs. Carolyn Fuller, the fashion co-ordinator of Cain Sloan's in Nashville, was the guest speaker. Mrs. Fuller told the group several important things about the different phases of the clothing field—textiles, coordination, illustration, copy-writing, consultation (bridal, fashion, home decoration). The highlight of Mrs. Fuller's discussion came when she showed the girls some slides of the new and future fashions.

Following the program, the chapter officers, President Carolyn Simmons, Vice President Ernestine Harris, Secretary Linda Peppers, and Treasurer Ann Powell conducted a very impressive initiation ceremony. Thirty-six home economics freshmen and transfer students were welcomed to the chapter.

New Chapter Members Honored On Halloween

On Halloween, October 31, the new Home Economics Chapter members were honored at a tea given at the MTSC Home Living Center, next door to the Home Economics Building on North Tennessee Blvd. Among the special guests were President and Mrs. Cope, Dr. and Mrs. Kirksey, and Dean Martha Hampton. The Home Living Center was decorated in Halloween style with pumpkins, fall-colored leaves, and chrysanthemums. Russian spiced tea, tea cakes and sandwiches, and glazed nuts were served by the foods committee with Betty Robinson and Mrs. McMillan in charge.

New Column Offers Expression Outlet

Because MTSC has a notable English Department and a curriculum which fosters and encourages creative expression, many members of the student body have wondered why there is no public outlet for creative writing. In order to satisfy the need for such an outlet, the Sigma Club has undertaken to edit a section of The Sidelines which will be devoted to the publication of creative writing done by the students of MTSC.

The Sigma Club, the MTSC men's honor club, feels that it can be of service to the students of the college by recognizing talent for creative writing and by exhibiting that talent so that the entire student body may enjoy it. There is also, of course, the matter of prestige: if a certain technical school with which we're all familiar can print a magazine of creative writing, why can't MTSC, a liberal arts college, produce and print equal and superior material?

Although many of us breathe a sigh of relief and never again approach the English building when

those years of 101-202 are finally over and done with, we continue to try expressing ourselves through poetry and prose. Much written material never leaves the backs of notebooks or bottoms of desk drawers, places which are unfriendly to high ideals, good ideas, and beautiful expression.

We of the Sigma Club encourage all MTSC students to submit their creative writing for publication in The Sidelines. We intend that this section of the newspaper be flexible and receptive toward all types of legitimate literary endeavor. If you have written a short story, sketch, poem, or scholarly work please hold no reservations in submitting it to Box 1262, MTSC post office. If you have no material to submit at this time but do have suggestions or advice, please submit them or speak to a member of the Sigma Club or Sidelines staff. The success and expansion of this section of The Sidelines is wholly dependent upon your reaction and response.

Epitaph For Robert Frost

Poet:

You left so very much of yourself
That you scarcely seem gone.
"Frost is dead," they said,
And this saddened me, it's true,
But I did not feel pity,
For you achieved more than I can hope to be.
It is not a man's work which makes him great;
More than fame is needed.
A poet is great when he,
Through a strength of his own,
Succeeds in putting down on paper
Himself.
And you put down in simple words
Your heart, your country's heart,
And most important, the heart of your country-men.
When they were weak, you made them strong.
A bit of magic, of honesty, a piece of paper
And you made them happy, awake, and ready.
A poet is real when he makes his people real
In their own eyes.
God grant the power that I too may be great,
And then, may they listen and laugh for me
As once they did listen and laugh for you.

Famous Historical Sayings "Requoted"

I'm a little afraid that some of the famous historical sayings which are frequently quoted would be somewhat different had I been in the shoes of the persons who were responsible for them. I have an idea they might have gone something like this.

"I think maybe we'd better not wait to fire until we see the whites of their eyes. Matter of fact right now strikes me as being a pretty good time. Ready . . . aim . . ."

"If you think I'm going to make all those country people mad at me by saying something foolish such as 'let them eat cake,' you're crazy."

"And I don't want any of you fellows to think that I mind a few torpedoes, but—well, I'm wondering if it might be a good idea to

forget about all this full speed ahead business and . . ."

"We haven't just begun to fight. Why it seems to me as if this thing's been going on for a thousand years."

"I think what I'll do is to fight it out on this line for a couple of days. Then if it appears that I'm going to be here all summer doing it, I may just sort of . . ."

"I Don't know whether you realize it or not Doctor Livingstone, but I've just about tramped my stupid legs off looking for you!"

"Let's see, now—I came, I saw, I conquered, that'd be venet-er-no veni-videmus-no-veni-di-vici no that's the last part—veni vidi vici." There you are.

Sports Car Enthusiasts Plan Club; Encourages Skilled, Safe, Courteous Drivers

It appears that there is an increasing number of sports car enthusiasts at Middle Tennessee State College. There has been some discussion recently about the formation of a Sports Car Club in order that such events as rallies, auto crosses, and gymkhanas might be held. These events would be open to all interested drivers who were not members of the club.

We feel that there are many untrained drivers on the highway today who do not know how to avoid an accident, of if the accident was unavoidable, to position his car so that a minimum of damage would be done. A driver who knows how

to react in an adverse situation can often prevent serious injuries which could be incurred when an accident happens.

Although courteous driving is rarely the result of consideration for others, it is a quality that is lacking in too many of today's drivers. Courtesy is something that should be practiced at all times even when we are not driving. By the information of the club, we hope to encourage both safe and courteous driving and to increase the ability of the member to handle his automobile competently.

the problems of forming and organizing a sports car club. It was decided to invite all students to join no matter what class of car they own or are driving. Efforts to get the club sanctioned as an official campus club are now under way and another meeting was held at 2:00 p.m. on Sunday afternoon, October 13, in the lobby of the Student Union Building. At this meeting we drew up a constitution, discussed the club's organization, and planned the club's first autocross.

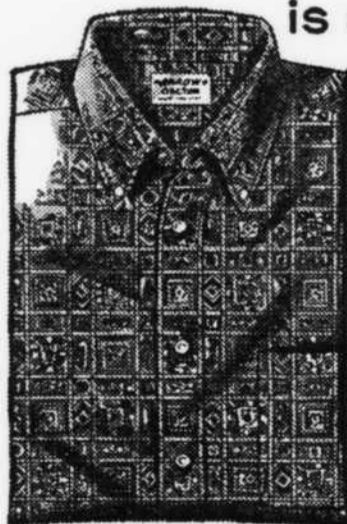

Any student, boy or girl, who is interested in joining the club should contact Sid Franklin at Box 3418.

A meeting was held to discuss

The shirt that made the big league...

ARROW UNIVERSITY FASHION is authentic Ivy all the way

Here's a button-down collar with a roll that's exactly right. The buttons are placed with caliper accuracy to make the collar set comfortably and perfectly. You'll find the same precision in the exact sleeve lengths of this new exciting sport shirt with the trim tapered body lines to suit the lean college look.

Subdued quadrangle prints add the final touch of true Ivy. See our curriculum of new color combinations today.

Mr. Arrow \$5.00 and \$5.95
Miss Arrow \$4.00 and \$5.00
