VOICE OF MTSC, THE COLLEGE OF INDIVIDUAL OPPORTUNITY

Vol. 36—No. 12

Middle Tennessee State College, Murfreesboro, Tennessee

April 24, 1963

## Tritons Show Swimming Skill

The Triton Club presented "Broadway Aquature" Wednesday through Friday at eight o'clock in the College Pool.

The water show was based on the music from recent Broadway shows. Synchronized swimming, water ballet, diving and clown acts were performed to "Seventy-six Trombones," "Three Coins in the Fountain," "Carousel," "Walk on the Wild Side," "Maria," "I Love Paris," and the "West Side Story Overture."

Several members of the modern dance class participated in the "West Side Overture." Connie Davidson demonstrated outstanding ability in her dance interpretations.

Members of the Triton Club participating in the show are Betty DeWitt, Mary Lou Finney, Caroline Hopkins, Tibby Reel, Sandy Irwin, Brenda Malloy, Patty Darnel, Brenda Pylant, Joy Marie Fogg, Gayle Marks, Judy Steagall, Billie Jane Reed, Nancy Barnes, Faye Bloodworth, Frank Roliff, Jim Forbes, Mike Hamfin, David Bloodworth and Joe Garen.

The show will also be presented at Franklin High School, Peabody College, and the Veteran's Hospital. The Triton Club is sponsored by Miss Joanne Gordon.

## Music Department Holds Concert

Music department presented a "Concert of Chamber Ensembles" Thursday night, in the college auditorium.

The program was divided into three main sections. The first section consisted of "Quintet," composed by Ludwig van Beethoven. This piece was divided into three parts: Adagio-Allegro, Adagio, and Allegretto.

The second section consisted of "French Suite" by Robert King, "Three Pieces" by Anthony Holborne, "Modern Moods" by Norman Dietz, and "Turmmusik" by Karl Marx.

The conclusion of the performance was "Grand Quartet" by James Waterson. "Grand Quartet" was divided into two parts which were Allegretto Sostenuto and Allegro Marziale and Finale.

Mr. Kenneth L. Pace is director of the ensembles.

Each room in the new men's dorm features an outside entrance. The dorms will house 106 students.

The new cafeteria will serve all freshmen students in addition to any upperclassmen who wish to eat here rather than in the Student Union building location.

## Cafeteria, Men's Dorms Near Completion Date

Two men's dormitories and a cafeteria are nearing completion on campus.

The new dorms, which will each house 106 male students, will be occupied mainly by upperclassmen. The buildings are constructed so that four rooms form a unit connected by a bath, thus eliminating a center corridor. Each room has an outside entrance. The furniture will be stationary, and all the floors will be tiled. Room rent for the new dorms is the same as in the other dormitories.

The ultramodern cafeteria is located in the midst of the quadrangle. Slater's service will be in charge of this cafeteria as well as in the Student Union Building location. Therefore, both places will have the same menus; but the selection will be slightly wider in the cafeteria in the Student Union Building. Any student may eat in either cafeteria. However, fresh-

men students will be required to take their meals in one of the two cafeterias beginning this Fall.

## Choir Sings Bach's St. Matt. Passion

J. S. Bach's "The Passion of our Lord According to Saint Matthew," was presented by Varsity Choir Sunday afternoon, featuring a variety of solo voices in leading roles.

T. Earl Hinton, a member of the music faculty will be heard in the bass role of Jesus. Lynn McGill, a junior voice major will sing the part of the Evangelist which is primarily a narrator part.

Patricia Porterfield, a junior piano and voice major; Ann Turner, a junior voice student; and Julia Hollis, a senior voice major will be heard in the soprano solos. Betty King Hughey, a senior piano major, and Ann Alford, a junior trombone major, will sing the contralto solos.

Margaret Wright, pianist, and Mary Scott, organist, will serve as accompanists for this performance. Lane Boutwell of the English department will be the narrator.

The public is invited to attend this performance in the college auditorium.

## Prof. Hacker Speaks, May 9

Mathematics Department at Middle Tennessee State College will present Sidney G. Hacker, Professor and Chairman, Department of Mathematics, at Washington State University, in a special assembly program Thursday May 9, at 11:00.

Dr. Hacker, who is also director of the Jewett Observatory will speak concerning the "Structure of the Universe."

As consultant to the 1963 National Science Foundation, Dr. Hacker has done extensive research in the field of mathematics astronomy and astrophysics. He received the B. A. and M. A. degrees from the University of Colorado and the Ph.D. degree from Princeton University, and is now considered as one of the outstanding leaders in mathematical astronomy and astrophysics.

## Juniors Invite Students To Junior-Senior Prom

Annual Junior-Senior Prom will be held Friday, May 3, in the Tennessee Room of the Student Union Building.

Tommy Knowles and his orchestra will provide dancing between the hours of eight and twelve. Refreshments will be served during intermission by the faculty social committee.

The semi-formal dance is open to all classes. Admission is free with flowers being optional.

Junior class, sponsor of the dance, urges all to attend the last formal event of the year for all students.

## Pre-registration Counseling Scheduled For This Week

Fall pre-registration will take place during the summer months beginning July 22 and continuing through August 30.

Pre-registration counseling will take place between April 22 and May 3. The student planning to pre-register should obtain a list of approved courses on a trial schedule form from his advisor. Each student is responsible for working out his own schedule from the list of approved courses.

A student is not required to have a 2.0 average for pre-registration counseling. It is suggested that a student arrange for repeating a course if there is a possibility

of failing it.

The card bank will be located in the Tennessee Room on the top floor of the Library Building. To be able to pre-register, the student must present to the card bank the list of approved courses (on a trial schedule form) signed by the advisor.

After the packet is prepared it must be checked and approved by the clerk in the card bank. The approved trial schedule will be left with the clerk in the card bank.

The student must turn in packet and pay fees at the Business Office on the same day that the course cards are secured.

The card bank will be open according to the following schedule:

DATES	SURNAMES
First Week—July 22-26	I
Second Week—July 29-August 2	II
Third Week—August 5-9	III
Fourth Week—August 12-16	IV
Fifth Week—August 19-23	V
Sixth Week—August 26-30	VI

SENIORS ONLY
U, V, W, X, Y, Z
P, Q, R, S, T
K, L, M, N, O
F, G, H, I, J
A, B, C, D, E

## "The Teahouse of the August Moon," Selection For Spring Production

Buchanan Players present major production May 1 and 2 at 8:00 P.M. in the auditorium of the Administration Building.

Mrs. Dorothe Tucker has selected "The Teahouse of the August Moon" for the spring play. Jeannie Miller is the assistant director.

The main setting of this comedy is the Okinawan village of Tobiki. Captain Frisby, of the United States Military Government Team

C-147, in charge of Tobiki village was viewed with some suspicion by his superior officers. Colonel Wainwright Purdy III did not feel he was carrying out Plan B with the requisite efficiency and enthusiasm. Due to the fact the plan was based on suggestions from Mrs. Purdy, president of the Potawatamie, Indiana, Women's League for Democratic Action, of course it should have a high priority!

The trouble all began when Captain Frisby, kind but bewildered, found himself being presented with a gift—Lotus Blossum, a geisha girl. After her arrival Tobiki was never quite the same. Instead of building a nice pentagon-shaped school as directed, Frisby let the men of the village pitch in and build a teahouse for the geisha girl.

The fate of Tobiki and Colonel Purdy will be revealed as one sees the latest drama production, "The

Teahouse of the August Moon."

The cast includes Bob Turman as Colonel Purdy, Aubrey Parker portraying Sergeant Gregovich, Scottie Ward as Captain Frisby, and Larry Stanley playing the part of Captain McLean. The role of Sakini is played by A. W. Powell. Ayne Cantrell plays Lotus Blossum, and Carole Sanford acts in the role of Miss Hifa Jiga.

Sekio is played by Jim Wallis, the role of Sumata is depicted by James Vanetta, and Hokido is played by Dan Vroom. Larry Sanders as Mr. Omura, "Skeeter" Kephert as Mr. Oshira, and Bob Kite as Kiora have additional parts in the production. The old man is played by Ronnie Dollie. Jan Allred, Nancy Moore, and Emily Gilmore are the villagers.

The members of the cast were coached on their pronunciation of Okinawan words by Captain McConaughy of the ROTC Department.

## Musicians Present "College Choir"

Music department will present the "College Choir" in its spring concert Sunday afternoon, May 5, at 4:00 in the college auditorium.

The choir, under the direction of Neil Wright and accompanied by Margaret Wright, will sing a program of representative secular and sacred music.

Epsilon Pi Tau, International honorary fraternity in industrial arts, through the officers of the Alpha Chi chapter was the first campus organization to contribute to the Loan, Scholarship and Development Foundation at MTSC. The donation, made March 21, shows Ronald Adcock, Shelbyville, presenting a check to Dean N. C. Beasley, chairman of the fund. Observing are Lewis Moorer, Henning, vice-president; Harold Barnes, Palmer, secretary-treasurer; and O. L. Freeman and Phillip Dalton, trustees of the fraternity.

Officers of Pi Omega Pi, national honor society for business education students are presenting Dean N. C. Beasley with a check as the first donation to the Carolyn Dixon scholarship fund. This scholarship, established in memory of Miss Carolyn Dixon, deceased daughter of Mr. and Mrs. John Dixon of Murfreesboro, will be a part of the Scholarship, Loan and Development Fund. Relatives, friends and other donations will be added to this primary gift to provide an annual scholarship for some four year business student.

In the picture are Melba Robinson, Brenda Beard, Helen Sue Spencer, William Vaught, sponsor of the local chapter of POP, Barbara Meeks, Meredith Shieldfield and Dianne Dorris, president.

## Social Studies Majors Pursue Graduate Work

By Susan Clark

Seven seniors majoring in social science plan to pursue graduate work.

The first Political Science major is Mrs. Gene McDowell, on a Southern Regional Training Program scholarship, will work on her M. A. in public administration at the state universities of Alabama, Kentucky, and Tennessee.

Don Riley Crook will participate in the same program as that of Mrs. McDowell. Granting two of the seven state-financed scholarships to two students from one state college is an unusual honor.

Russell Locke will participate in a National Defense Student Association scholarship program in political science at Tulane University. His particular grant is in the field of comparative government.

Carl Oldham received an offer of \$2600 from Tulane University and also received grants from Clarke University and Maryland University. However, he has not accepted a grant at this time. He will work on a master's degree in international relations.

Mrs. Elizabeth Boyer has received a teaching assistantship in political science at the University of Tennessee. Political theory is the area of major interest to her. She holds a law degree from the University of Colorado.

William Summerford, who com-

pleted a major in political science, will enter Vanderbilt Law School on a scholarship.

Gordon DeFriese, a pre-law major in political science, will enter the University of Kentucky on a NSDA to pursue a graduate program in Sociology.

Robert Pedycourt, who graduated last year is completing work on his M.A. degree. He will enter the University of Florida on a teaching assistantship to work on his Ph. D. in sociology.

### Two Faculty Members Read Papers Before Benthological Meet

Two faculty members read papers at the two-day meeting of the Midwest Benthological Society held here this week.

Dr. Gerald Parchment's paper was entitled "Observation on the Ecology of Fresh Water Sponges." Dr. Wymer Wiser read a paper on "Uptake and Elimination of Cobalt-60 by Crayfish." An MTSC graduate, Billy G. Isom, and his associate, Ralph M. Sinclair, State Department of Stream Pollution Control Board, presided at the sessions and also gave a paper on the subject, "On a New Species of Aquatic Isopod" (*Asellus*).

## Art Students Learn From New York's Masterpieces

By Jean Massey

Members of the Art Club returned from a week's trip to New York April 14.

Those who made the trip include Charles Massey, Janie McWhirter, Gary Sage, Lassie McDonald, Bill Hunter, Jim Lasley, Qwen Kelton, Nancy Patterson, Catherine Jones, Shirley Hemontoler, Joe Coffee, Allen Roy Bold, Chuck Hitner, Kathy Weatherbee, Pat Davis, Faye Ward, Dr. J. J. Lawler, Mr. Lewis Snyder, and Mr. Fred Reuben.

The group visited the National Gallery in Washington. They ob-

served the architecture of New York in such buildings as the Seagram Building, the R. C. A. Building, and St. Patrick's Cathedral, tours of the Whitney Museum of Art, Guggenheim Museum, a famous museum designed by Frank Lloyd Wright, Metropolitan Museum, Cloister Museum of Modern Art, which consists of replicas of many European Churches of that era, and the world famous Armory show were also included.

It is felt by those taking the trip that it was a profitable experience—not one to be taken lightly.

Charles Massey said of the trip: "It is impressive to see how large the city is. One feels surrounded completely and so small. Even though the city is large and magnificent, one realizes that it was created by many small individuals—built by man himself.

"We as art students had a chance to see magnificent paintings—to see what they really are, to assume a closer relationship with them, and to work with a better understanding of what art is.

## Schweitzer Believes That Life Exists On Other Planets

Dr. George Schweitzer, University of Tennessee chemistry teacher and nationally prominent lay speaker of the Baptist church, concluded his three-day lecture series Thursday before the largest audience of the week, indicative of the popularity of his discussions.

He stated that, although all expressions relative to life on other planets in this or other galaxies, was speculative it is his belief that life does exist on other planets. To support any form of life as we know it such planets must be of proper size and distant from its sun, with 18 basic chemical elements and a proper temperature range. Due to man's small scope of the universe, it is hardly likely that the earth alone is the only inhabitable planet.

He spoke of the tremendous discoveries of the past 100 years and said that the next two decades might well result in discoveries not now dreamed. Among these may be the probability of synthesis of life in a laboratory. Such a discovery, Dr. Schweitzer stated, would in no sense impair his faith in Divinity.

God, the speaker stated, manifests himself as a creative source and force, expresses himself in the expressive revelation of the Word becoming incarnate and with a responding affirmative movement on the part of man towards God—expresses in the concept of the Father, the Son and the Holy Spirit.

"There is no good that has come to this planet or which may be expressed by intelligent being on other planets that has a source other than God," he concluded.

Breakthroughs must occur in relativity, gravitational, and nuclear theories before life in space

can be found, according to Dr. Schweitzer.

Dr. Ed Baldwin, chairman of the public programs committee, expressed appreciation on behalf of the students, faculty, administration and townspeople who have been out to hear him for the dynamic and challenging messages of the week.

## Credits Given For European Tour

By Susan Clark

Beginning on June 6 and continuing through July 14, Dr. Ed Baldwin of the Social Science Department will conduct a "Grand Tour of Europe" through fourteen different countries.

Those taking the trip will be accredited with six semester hours. However, all places on the trip are taken. The forty people going on the European tour will travel on deluxe motor coach, jet air flights, and stay in first class hotels.

Members of the tour will be in London the eighth of June. Among the places which they will see while in this city are Windsor Castle, Hampton Court, and Stoke Poges which was made famous by Thomas Gray in "Elegy Written in a Country Churchyard." They will visit Oxford University and Shakespeare's country such as Stratford on the Avon.

Italian cities such as San Marino, Rome, Soviento, and Florince will be toured. They will also visit points of interest in Rapallo and Milan.

The last European countries to be visited will be Portugal and Spain.

Finally, they will board a DC-8 jetliner flight to New York for the last leg of their journey home.

# Dean Weems Predicts 6,000 Students At MTSC By 1968

## Social Activity, Plentiful

The lack of activities for the students of MTSC has become infamous as a topic of conversation on our campus. Declamations that "there's nothing to do!" may be heard in every corner of the Terrace Room. It has been said in the past that familiarity breeds contempt — that familiarity breeds blindness is a statement of equal veracity. In order to recognize the values of an institution of area one must stand aloof and contemplate the subject from a detached point of view.

For the discerning collegiate there is hardly a lack of social activity in our area. Nashville, with its extensive array of social activities, concerts, community programs and centers of learning, offers an abundance of worthwhile diversions. A fine motion picture theater, located near the Vanderbilt and Peabody campuses, provides entertainment suitable to the collegiate mentality and the educational institutions themselves offer many programs of stature.

On our own campus there is no dearth of worthwhile activities: the recitals of the music department offer excellent opportunity for the development of a selective and intelligently critical ear, the eye is pampered and the intellect and emotion aroused by the exhibitions of the art department, the Buchanan Players indulge the esthetic senses with their art and a variety of interesting stage programs are presented.

It is degrading to be considered incapable of appreciating such social affairs and activities as are conducted for the students and citizens of Nashville — it is infuriating to have that assertion proved! We of MTSC reinforce that assertion with our lack of enthusiasm for the few worthwhile functions and programs which are provided by MTSC and by our evident espousal of trite, adolescent activities.

Perhaps, however, the prevalent mode of social life at MTSC and in Murfreesboro is keyed to the "majority" of the students here. If that is the case, the "majority" — those students who wish to mature socially and intellectually, as well as scholastically — will continue to seek stimulation and diversion under something other than the auspices of MTSC.  
C. O. K.

### LETTERS TO THE EDITOR

On Friday morning, April 19, there was something that was flying beautifully over the MTSC campus that had not been present for two months—our American Flag. Ever since last February, we young Americans had not been able to raise our eyes and our thoughts to the beauty of the Stars and Stripes fluttering in the breeze. Such a pleasure as this should be enjoyed every day that our school is in session.

Not to be unmentioned is the Tennessee State Flag that waves in the air just beneath our national banner. For this flag represents one of the prettiest states in the union. The West has some beautifully colored deserts, the North has some magnificent man-made buildings and structures, but Tennessee has the roaming hills of green where streams, lakes, and other natural phenomenon can be seen and enjoyed.

Each day we should look up and be proud of these flags because even though one country produces more coffee than our country, and another country is somewhat ahead of us in the space race, and other such individual examples—our nation as a whole is still the most blessed and most desirable nation on the face of this earth. So let us be thoughtful and thankful for what these flags represent because we live in the United States of America.

Sincerely,  
Don Thornberry

EDITOR'S NOTE: Some unpatriotic student severed the chain and a \$100 a climb steeple jack has to be imported to make repairs. That takes time—so we all join in welcoming the National and State ensign back to the campus.

April 24, 1963

### 800 Awards Available To College Graduates

More than 800 United States government awards will be available to qualified American graduate students for study to research in any one of 49 countries during the 1964-65 academic year. The graduate fellowships, available under the Fulbright-Hays Act of 1961, are administered by the Institute of International Education as part of the educational exchange program of the Department of State.

There are three types of awards: U.S. government full grants; joint U.S.-other government grants; and U.S. government travel-only grants. Full grants provide round-trip transportation, tuition, books and maintenance for study in Argentina, Australia, Austria, Belgium-Luxembourg, Brazil, Ceylon, Chile, China (Republic of), Denmark, Finland, France, Germany (Federal Republic of), Ghana, Greece, Guatemala, Iceland, India, Iran, Ireland, Italy, Japan, Korea, Mexico, Nepal, the Netherlands, New Zealand, Norway, Pakistan, Peru, the Philippines, Portugal, Spain, Sweden, Turkey, United Arab Republic and the United Kingdom.

### ALL-CAMPUS PICNIC BY ASB MAY 11

Bob Turman, President of the Associated Student Body at Middle Tennessee State College, has announced a holiday week-end for May 10 and 11 for all MTSC students. The program will include an all campus picnic, in the new picnic area which is under construction in the area back of the football field, a Saturday afternoon dance and the appearance of the Four Preps who will appear in the gymnasium at 8:00 Saturday night.

The Friday night program will include a movie and the opening of recreational facilities. Mr. Turman and his associates in the MTSC student government have brought entertainment to the campus this year costing \$5,250 which has been financed by several projects including the sale of school calendars, freshman caps and sponsorship of Fun Night.

### Films, Available On First Lady's Travels

At the college library during National Library Week, April 21-27 the opportunity will be given to see two short films, depicting Mrs. Kennedy's visits to Pakistan and India. These films, which are in color vividly portray Mrs. Kennedy's travels.

The films were secured from the State Department of Instructional Materials, which has them through the courtesy of Senator Albert Gore.

Individuals are invited to view these films at these hours.

Monday 2-3  
Tuesday 2-3  
Wednesday 2-3  
Thursday 11-12  
Friday 2-3

If any groups or class wishes to schedule a time for viewing the films, arrangements should be made with Mrs. Myla Parsons, Reference Librarian.

### THE UNKIND WORD

The unkind word, demon nefarious  
Roots on the tongue, peace precarious

Enters by pride and takes his seat  
The raven-eye watch for his vitriol meat

One slip and he is off like hawk  
on mouse

Then smile is frown and friend is  
louse.

David P. Bissell

Middle Tennessee State College will have an enrollment of 6,000 students by the fall of 1968, if the most recent projections by John Weems, in charge of enrollment at the college, become fact.

And there is no reason to believe they will not become fact. "Every check we have on enrollment — past enrollment, present rate of enrollment and latest population projections — indicate Middle Tennessee State College will have 6,000 students by the fall of 1968," Mr. Weems said Saturday.

"In 1962 there were 3,750 students enrolled and our projection indicates we will have 4,000 or more this fall. By looking back just two years, to the fall of 1960, the records show 2,855 were enrolled. In the fall of '61, it was 3,240. In the past year we have had an increase of 500 students.

"We made this latest projection to cover three bienniums so the commissioners of the State Board of Education could see what kind of planning and financing they faced in the years ahead.

"It is obvious from these projections, the college must continue to build new dormitory space and teaching facilities.

"As a rule we provide on-campus space for about 40 per cent of the students enrolled here and we plan to continue this percentage. This means that by the fall of 1968, we must provide dormitory space for 2,400 students or rooms for about 1,000 more students.

Mr. Weems also pointed out that last year's experiment in accepting 21 high school juniors was very successful and they plan to enroll about 30 this year.

Mr. Weems has just returned from a meeting of National Association of Collegiate Registrars where "selectivity" was the word heard most often.

"As more students seek admission and room for them lags, colleges tighten their regulations for admission.

When asked why the number of students seeking admission to college continues to grow, Mr. Weems said: "I don't know why in some cases, but there seems to be a growing awakening to the importance of a college education or some social factor is impelling many students who would not have entered college 10 years ago to seek admission now.

"Whatever the reason we in state schools must be ready to make room for them. It should be noted that 40 private colleges in the state are educating about 40 per cent of the college students, while seven state colleges and universities are providing education for 60 per cent of the college students.

And Mr. Weems is as sure as his statistics will permit him to be, that summer is the best time for new students to enter college if it can be managed.

"Our summer students seem to get better grades," he added.

## Gayle Marks, Freshman, Goes To Yellowstone Park

By Vickie McComb

Yellowstone National Park will be the scene of Gayle Marks' summer job this year.

Gayle is a freshman from Lebanon. During her first year at MTSC, she has become a very active and popular individual. She is a cheerleader, secretary of the freshman class, a member of the Aquatic club, Art club, and Booster club. Gayle represented her class as a homecoming attendant. She works on the SIDELINES staff and is a member of the Church of Christ group.

Gayle believes there should be more school spirit by the students at MTSC. "I want to commend the ASB for the good entertainment they have provided this year and hope the students will continue to support their efforts."

Since Gayle is majoring in Art, she plans to become an interior

Gayle

decorator when she finishes her courses at MTSC.

## Tennis Can Be Fashionable

## Fashion Shots

By Ernestine Harris

MTSC coed is noted for original wearing apparel. What could be more "catchy" than this unique sports outfit featured.

The changeable April weather often calls for an ensemble which can be changed to fit the warm and cool breezes.

A headache band prevents hair from being literally blown to the wind. This popular accessory is available in a variety of colors including madras plaid.

Cotton aqua and white sailcloth is used for the collarless five-button blazer. Cotton braid is used as the trim along front closing, three-quarter length sleeves, and the patch pockets.

Blouse carries out the deeper tone providing an interesting contrast. The blazer is removed for warm days to provide an equally striking costume.

Burmuda shorts feature hip pockets. A deep toned straw belt is worn for emphasis.

The "tennis champion" featured is Mary Neil Hitchcock, an elementary education major from Chattanooga.

# Spring Brings 'Problems,' Philosophy To Colleges

All colleges have their problems in student discipline, but Ball State Teachers College in Indiana should have a prize for originality. It seems that "there has been quite a problem with overly shows of affection in the Student Center, particularly in the dark corners of the bookstore. To remedy this situation, a new ruling declares that henceforth, "there is to be no more kissing in the bookstore."

The envy of the male population on the Florence State campus is an architectural engineering major who is enrolled in "Family Housing Problems" — a home ec course. Several boys have shown interest in the class for next year. Could it have something to do with the attractive and helpful coeds in the department?

The highlight of the Blue-White intra-squad football game at Murray State had nothing to do with the hard-hitting players on the field. A little tot broke loose from his mother, who frantically chased him down the field into the end zone. As she downed the future half-back, the crowd roared its approval; and the announcer called the play; Fair catch in the end zone.

The Co-Ed Weekend at Florence State was a tremendous success.

Feature events included a Talent Show, Brunch and Fashion Show, Cinderella Ball, and a Spring Tea, all honoring the fair ladies on the campus. Sounds like a good idea.

## Theatre Conference Hosts MTSC Students, April 4, 5

Several MTSC students attended the Southeastern Theatre Conference in Nashville April 4-5. They included Jan Alred, Virginia Brum, Linda O'Brien, Kay Atkins, Virginia Miller, Pat Peddycourt, Ayne Cantrell, Don Massey and Dianne McLendon.

# Steinbeck Depicts Classic Problem Of 'True Values'

By Jean McDonald

The Winter of Our Discontent by John Steinbeck tells the story of Ethan Allen Hawley, scion of an

old family, who is faced with the problem of compromising his integrity and his standards in order to produce material gains for his family.

Faced with a shattered fortune, working in a grocery store he once owned, seeing the dishonesty of the rich—all of these things finally pressure him into giving up his high ideals. During this winter of his discontent he learns much about life and the people surrounding him. He carefully plots out his arrangements; success is apparent. Suddenly when he sees his son following in his path of dishonesty, his sense of values shift again.

In spite of his obvious "crime does not pay" theme, Steinbeck prevents this idea from being trite. He attacks people's weak attitudes toward honesty, success and morality. If he is moralizing—which could be argued either way—he produces a good novel.

The undefeated Blue Raider golf team will defend its Tennessee Intercollegiate championship at Sewanee this weekend. Shown above are, from left, first row: Ken Owens, Dan Midgett, Larry Gilbert, Gary Wells, Dan Lewis. Second row: Paul Haller, Charles Mattox, Jack Haley, Gary Head, Reed Davis, and Larry Ezell. Joe Brown is missing when photo was taken. (So far this season, Coach Patty has used Midgett, Head, Lewis, Haley, Gilbert, and Brown to race six straight opponents).

MTSC'S UNDEFEATED TRACK TEAM—Coach Joe Black Hayes' track team defeated Austin Peay State College last night 74-44 for its fourth straight dual meet win of the season. MTSC is sporting a perfect 4-0 season in dual competition, and hopes to continue its string through tonight. L. to R., 1st row: Larry Ladd, Bobby Dahlgren, Pat Morrison, Max Boles, Ray Cooper (Captain), Richard Roche, Wendell Rowland, Homer Gray, Bill Gibson. 2nd row: Tommy

Williams (Manager), Dan Vroom, Mayfield Brown, Fred Whitehead, Phil Dickens, Fred Fugitt, Tom Wortman, Ken Pruitt, Fred Lazenby, Mark Womack, Coach Joe Black Hayes. Missing when photo was taken: Charles Anderson, Ken Forte, Bill Eisele, George Dykes, Jerry Smith, Bill Sovine, Jimmy Smith, Gene Watson, Tom Whittington, Harry Williamson, Harold Shultz, Ken Shulman, Chuck Fiedler. —Underwood Photo

## MTSC Trackmen Beat Tech 76-62

Middle Tennessee State opened its track season by breaking three school records in a 74-62 win over Tennessee Tech in early April.

Gene Watson's shot put of 45 feet, 4 1/4 inches bettered his old standard of 44-11 set last year. In the discus throw, Bill Gibson smashed his old mark of 146-1, set against Vanderbilt in 1961, by tossing the discus 157-9 1/2. The other mark came in the 440 relay where this year's team lowered the time from :44.1 to :43.7.

Both Tech and MTSC will compete in the Piedmont Relays at Greenville, S. C., this Friday at Saturday. Tech now has an 0-3 record.

## Two Teams Remain Undefeated At Season Halfway Mark

Two Middle Tennessee State spring sport teams remain undefeated at the halfway mark of their 1963 schedule. Golf and track are sporting perfect records in dual competition for the year.

Coach E. K. Patty's golf team has posted six straight wins this season, and now has been victorious in 34 consecutive matches. The linksmen have downed Sewanee (22-5 and 20-7), Tennessee Tech (21½-5½), Chattanooga (19-8 and 21½-5½), and Austin Peay (15½-11½).

Coach Patty's team this season includes Gary Head (Springfield), Dan Lewis (Hendersonville), Dan Midgett (Murfreesboro), Larry Gilbert (Vine Grove, Ky.), Jack Haley (Memphis), and Joe Brown (Cartersville, Ga.).

Next outing for the Blue Raider golfers will be April 26-27 as they defend their Tennessee Intercollegiate championship at Sewanee.

Coach Joe Block Hayes' track and field team has been one of the big surprises of the spring. The thinsies have wins over Tennessee Tech (72-64), Sewanee (68-63), and scored 68 points to down Tennessee Tech (62) and Austin Peay (40) in a triangular meet at Clarksville last week.

Strange as it may seem, the Raiders beat Tennessee Tech in

dual and triangular competition, yet the Eagles won top spot in the Piedmont Relays at Greenville, S. C., while MTSC finished third.

The 1963 track squad has already broken twenty-five percent of the school records this season. The 440 Relay team of Ray Cooper, Larry Ladd, Richard Roche, and Maxie Boles posted a :43.7 to better the 1962 record of :44.1.

Individual records broken include the shot put with Gene Watson bettering his own mark of 44-11 with a 45-41 heave, and Bill Gibson's discus throw of 157-9½ bettering his own record of 146-1 two seasons ago. Larry Ladd ran the 220 yard dash in :21.9 to erase the 1961 record of Don Willingham in that event.

Coach Ken Trickey's baseball team has a record of 4 wins, 6 losses, and a tie as they begin their second half of the season. The Raiders have beaten David Lipscomb (8-1, 4-2, and 3-1), and blasted Sewanee (10-3).

Losses have been to Austin Peay (4-2 and 8-7), Murray State (10-1), Western Kentucky (4-2 and 4-2), and Parsons College (12-2). Darkness halted the second game of a scheduled doubleheader with Murray State at the end of eight innings with the teams deadlocked at 9-9.

## 23 Cadets Earn Awards For Proficiency, April 16

Awards for proficiency in R.O.T.C. work were presented to 23 cadets at a regular formation and review of the Battle Group Tuesday morning, April 16. The Headquarters Company received the coveted blue streamer for the outstanding company of the R.O.T.C. Battle Group for the academic year 1962-63. The white streamer now flies from the guidon of Company E, selected as the outstanding cadet company at the 1963 federal inspection last week. Individual awards were presented by Major James E. Price, PMS at MTSC.

Cadet Col. Gordon H. DeFriese, Chattanooga, cadet battle group commander, won the two top honors. He was presented the Department of the Army Superior Cadet Award and also received the scholarship award presented by the President of MTSC and the senior cadet maintaining the highest overall academic average.

Cadet Master Sgt. George M. Briggance of Gallatin, commander of the Sam Davis Drill Team, also received two awards. He was selected as the outstanding sophomore cadet and received the Department of the Army Award and also received the Kiwanis Club of Murfreesboro recognition for leadership in the corp.

Cadet Lt. Col. Joseph W. Davidson, Lewisburg, received the meritorious leadership award presented by the Commanding General-Third

Army and the Lt. Col. Donald D. Tummons Award as the outstanding cadet commissioned by the infantry branch. Other awards were as follows:

Sgt. Major James C. Brandon of Chattanooga received the Junior Superior Cadet Award presented by Department of the Army; Pfc. Charles T. Harper, Company D, Murfreesboro, received the freshman superior cadet award presented by Department of the Army; Randall R. Kelley, Nashville, Cadet Second Lt., received the Marianne Turpin Burke Award for outstanding leadership and command. The award was presented by Mrs. Erwin C. Tompkins of the Tennessee Chapter of the Daughters of the Founders and Patriots of America; Cadet Second Lt. Ronnie S. Wilmouth, Bardwell, Kentucky, Platoon Leader, Company B, received the Association of the U. S. Army Award, presented to a junior cadet who demonstrates outstanding leadership ability, coupled with high academic achievement; Cadet Major Ronald E. Adkerson, Battle Group Adjutant, Smyrna, received the Professor of Military Science Award, presented by Major James E. Price, PMS, for the cadet in the cadet corp showing the most leadership in drill and exercise of command for the academic year; Cadet Pfc. James R. Gannon, Murfreesboro, received the Leadership Award, presented by the Lions Club of Murfreesboro to a freshman cadet demonstrating outstanding leadership ability coupled with high academic standing. Second Lt. Ralph H. Willis, Company C, received the Leadership Award presented to a junior cadet displaying outstanding leadership by the Rotary Club of Murfreesboro. Lt. Willis is a native of Beersheba Springs. Cadet Captain Ralph H. Jackson, Headquarters Company, from Mt. Juliet, received the Leadership Award presented by the Exchange Club of Murfreesboro to a senior cadet displaying outstanding leadership and academic achievement; Cadet Pfc. Anthony F. Zimmerman, Smyrna, received the Military History Award presented by the Association of the United States Army to the Sophomore Cadet who excels in military history; Captain George W. Burkheart, E Company, Murfreesboro, received the Greatest Improvement Award, presented by the Junior Chamber of Commerce of Murfreesboro to a senior cadet showing the greatest improvement in leadership.

## WORK in EUROPE

Apr. 19, 1963 — The American Student Information Service, the only authorized placement service for American students seeking summer jobs in Europe, has increased from 1500 to 2000 the number of travel grants it will award students applying for positions in Europe.

Job openings now available in Europe include positions at factories, resorts, hospitals, farms, summer camps and in offices. Applications are received until May 31.

Interested students may write (naming your school) to Dept. H. ASIS, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg, for a 20-page prospectus, a complete job selection and application. Send \$1 for the prospectus, handling and an airmail reply.

The first 5000 inquiries receive a \$1 premium for the new student travel book, Earn, Learn and Travel in Europe.

# MTSC Tops Tigers 68-63

In a rugged duel between two of the area's unbeaten track teams, Middle Tennessee edged out the University of the South 68-63 at Sewanee recently.

The loss was Sewanee's first in four meets while the Blue Raiders were copping their second victory of the spring.

The MTSC victory was achieved when it took a second place in the two mile run. Had Sewanee finished second here to combine with their mile relay win, it would have turned the tide in favor of the home-towners.

MTSC's Larry Ladd set a new school record in the 220 yard dash. His :21.9 run erased the 1961 performance of Don Willingham (:22.1), which was set at the same track.

The results:  
100—Majors, Sewanee, :10; 220—Ladd, Middle Tennessee, :21.9; 440—Roche, Middle Tennessee, :51.6; 880—Smith, Middle Tennessee, 2:02.8; Mile—Fretwell, Sewanee, 4:44.6; 2 Mile—Fretwell, Sewanee, 10:21.5; 120 High Hurdles—Cooper, Middle Tennessee, :15.3; 220 Low Hurdles, Cooper, Middle Tennessee, :25.0.

Mile Relay—Sewanee (Johnson, Stanton, Seifers, DeSaix), 3:31.9.  
Pole Vault—Dalgren, Middle Tennessee, 11 ft. 6 in.; High Jump—Dalgren, Middle Tennessee, 5 ft. 9 in.; Broad Jump—Boles, Middle Tennessee, 20 ft. 4 in.; Shot Put—Agnew, Sewanee, 42 ft. 6 7/8 in.; Discus—Gibson, Middle Tennessee, 147 ft. 11 1/2 in.; Javelin—Waters, Sewanee, 173 ft. 3 in.

# Three Base Hit, Home Run Win In Eleventh Inning

Monday the Bisons and Middle Tennessee State College engaged in an 11-inning affair—finally won by MTSC, 3-1.

Mel Brown got the Bisons the lead in the seventh inning when he blasted a long home run. MTSC came back in their half of the eighth and tied the score.

THE GAME rolled along until the 11th when MTSC pulled it out of the fire.

Larry Jones led off with a three base hit. Then Phil Jones cracked the next pitch over the fence.

# Vet Village Leads Intra-mural Wins

Vet Village won the intra-mural golf meet with Vic Karabasz leading the team with medalist honors with 119 for the series. He had an opening round of 34 on the VA nine hole course. Second place in this event went to Town Team No. 3 led by Hubert Spears.

Johnny Fuqua and Charlene Coker were the individual winners in the intra-mural badminton tournament.

Vet Villagers are the new intra-mural free throw champions. Johnny Fuqua of the Vet Village entry, won individual honors, hitting 24 of 25 attempts. His team mates, Wendell Agnew and Billy Cunningham cashed 23 of 25 attempts.

The intra-mural hole-in-one golf tournament has been set for May 7. The slicing and topping gets underway at 4 p.m. behind the tennis courts. All participants must register in the intra-mural office in the gymnasium within the next few days.

The men's intra-mural track and field meet is also scheduled for early May. Those desiring to enter should contact the intra-mural office immediately.

Let us press on unto perfection. —(Heb. 6:1).

A balanced life is what makes for contentment as well as growth. If we had been meant to be only physical, only mental, or only spiritual, we would have been created differently. We are created three-fold beings and as we pray and work toward establishing perfect balance, we more and more express the perfection God means for us to express.

# Dr. Riel Revives Tenn. Square Dance

Dr. Fran Riel, head of the Health and Physical Education Department at Middle Tennessee State College, directed the recreational activities for the junior-senior party night at Gainsboro High School last week.

This innovation included an evening of social mixers, folk and square dances and was enjoyed by more than 300 persons. On April 12, Dr. Riel directed the recreational activities for the Athletic and Recreation Federation of College Women at the Women's College, University of North Carolina,

Greensboro, North Carolina, at their annual convention. Some 450 college women from 42 states throughout the United States and Canada attended. The recreational activities were a demonstration-participation and included social games for recreation, mixers, folk and square dances.

On April 16, he will direct the recreation for the Future Farmers of America and the Future Homemakers of America for Grundy County at Tracy City. This will be demonstration-participation for 250 FFA and FHA students. On April 19, he will be the featured speaker at the Waverly High School All Sports Banquet at Waverly.

# HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 1

Summer vacation is just around the corner, and naturally all of you are going to Europe. Perhaps I can offer a handy tip or two. (I must confess that I myself have never been to Europe, but I do have a French poodle and a German shepherd, so I am not entirely unqualified.)

First let me say that no trip to Europe is complete without a visit to England, Scotland, Wales, Ireland, France, Germany, Spain, Portugal, Italy, Lichtenstein, Holland, Belgium, Luxembourg, Switzerland, Denmark, Sweden, Norway, Finland, Poland, Czechoslovakia, Latvia, Lithuania, Estonia, Russia, Greece, Yugoslavia, Albania, Crete, Sardinia, Sicily, Hungary, Rumania, Bulgaria, Lapland, and Andorra.

Let us take up these countries in order. First, England.

The capital of England is London—or Liverpool, as it is sometimes called. There are many interesting things to see in London—chiefly the changing of the guards. The guards are changed daily. The old ones are thrown away.

Another "must" while in London is a visit to the palace of the Duke of Marlborough. Marlborough is spelled Marlborough, but pronounced Marlboro. English spelling is very quaint, but terribly disorganized. The late George Bernard Shaw, author of Little Women, fought all his life to simplify English spelling. They tell a story about Shaw once asking a friend, "What does g-h-o-t-i spell?"

The friend pondered a bit and replied, "Goatee." Shaw sniggered. "Pshaw," said Shaw. "G-h-o-t-i does not spell goatee. It spells fish."

"How is that?" said the friend. Shaw answered, "Gh as in enough, o as in women, ti as in motion. Put them all together, you get fish."

This was very clever of Shaw when you consider that he was a vegetarian. And a good thing he was. As Disraeli once remarked to Guy Fawkes, "If Shaw were not a vegetarian, no lamb chop in London would be safe."

But I digress. We were speaking of the palace of the Duke of Marlborough—or Marlboro, as it is called in the United States. It is called Marlboro by every smoker who enjoys a fine, rich breed of tobaccos, who appreciates a pure white filter, who likes a soft pack that is really soft, a Flip-Top box that really flips. Be sure you are well supplied with Marlboros when you make your trip abroad. After a long, tiring day of sightseeing there is nothing so welcome as a good flavorful Marlboro and a foot-bath with hot Epsom salts.

Epsom salts can be obtained in England at Epsom Downs. Kensington salts can be obtained at Kensington Gardens, Albert salts can be obtained at Albert Hall, Hyde salts can be obtained at Hyde Park, and the crown jewels can be obtained at the Tower of London.

The guards at the Tower of London are called Beefeaters because they are always beefing about what they get to eat. This is also known as "cricket" or "petrol."

Well, I guess that about covers England. In next week's column we will visit the Land of the Midnight Sun—France.

©1963 Max Shulman

Wherever you may roam in Europe and in all fifty states of the Union, you'll find Marlboro ever-present and ever-pleasant—filter, flavor, pack or box.

# P.E. Benefits All Students

By Mary Dean Bigger

Physical education department plays a vital part in the education of the students here at MTSC. It is in this dept. that one learns the attitudes, skills, and practices essential to healthful living. One can also build sound bodies along with learning good sportsmanship, a necessary quality in one's dealings with people.

The idea that a person who is a P.E. major can only go into coaching is a misconception. There are an amazing number of careers open for majors in this field. To name a few: teachers on all levels; recreation leaders; camp leaders; sporting goods salesmen; rehabilitation specialists; physiotherapists; park supervisors; and a host of others. These careers play an even more vital role now because of the emphasis put on physical education by the present Kennedy administration.

One does not have to be a P.E. major, however, in order to par-

ticipate in the many facets of recreation provided by the dept. An extensive intramural program has been organized in the past few years. A person can pick the sport he likes the best from volleyball, basketball, softball, tennis, ping pong, badminton, and even track and field events. Some of these will be mixed groups. An all star team is chosen from the first three and these people participate in competition with other schools.

The P.E. dept. has been expanding in the past few years. There are now 17 staff members, four of which hold the doctor's degree and one who holds a specialist's degree. There are plans to add two new members next fall—One man to teach gymnastics and kinesiology and one woman to teach health and supervise practice teachers in the field.

The P.E. department is here. It is up to the student to take advantage of the recreation, fun, and knowledge which it provides.

Excitement is mounting on the campus concerning the organization of the Rodeo Club and team. If you would like to be a member of this Club at such time as it is organized, contact Dr. Robert A. Alexander, P. O. Box 5, MTSC, or phone 893-6682. This Club will be open to both male and female students.

# DORMS

## NORTH MONOHAN

By Carolyn Hale

A new article was recently brought into the dormitory — "Steamboat Stella".

Please do not start calculating how the object was maneuvered through the doorway. It was very simple, Faye Bloodworth carried it in all by herself. Stella is merely a vaporizer!

It is good to have all of our "little" teachers back from practice teaching assignments. Good luck to the individuals taking their places.

Please do not be alarmed by all the screams coming simultaneously from North Monohan a few weeks past. It was only Carolyn Ball showing off her beautiful engagement ring she received from Terry Bailey. The ole shower tradition was carried out by the lovable dorm pest, "Elmo."

The most popular spot on campus this spring, "Monohan Beach" has received frequent visits from many. Beautiful tans are being shown by Joyce Sherrill, Wilma Smith, and Glenda Vickory. One good thing about the sundeck is one can hear the latest gossip. Yipes, I'm late — I'm due there now.

## SOUTH MONOHAN

By Marcia Emmert

Having returned from the Easter holiday, the Southern Belles of South Monohan have begun making the most of the month of school we have left.

As Robert Herrick said, "Gather ye rosebuds while ye may." Mary Hill Stone is so determined to enjoy these last few days to the fullest that she attended a tennis meet, and baseball game in one afternoon! What school spirit! Of course I'm sur neothing else (such as the rather "interesting" members of the teams) influenced her.

Juanita Beasley certainly is making the most of her time. However, at present she is being ostracized by all the first floor girls; several of them are suffering from severe eye strain caused by gazing at her disgustingly beautiful diamond ring. But all seriousness aside, we really do congratulate her. A similar situation prevails on ground floor where both Jill Shirey and Kay Morello have been "ringed."

By the way, if any of you are interested in cheap rooms for the summer months, I noticed quite a bargain advertised on the Cafe Bizarre menu—5 rooms—2 baths—terrace—\$50 a month—at 10 Grove Street (Mozambique, Africa!).

## RUTLEDGE HALL

By Julia Crowall

Rutledge Hall is "really" aware that spring has brought splendor and unusual events to its doorstep.

Romantic is hardly the word to describe a current love story. In the wee hours of the morning, approximately forty girls were gathered in one room for a bridal shower. The house mother noted that things were unusually quite—she has learned how to suspect silence! Gifts were presented to the honoree wrapped in toilet tissue and newspaper.

The following morning a group of Rutledge girls lined the walk to throw rice as the couple eloped. One must admit that this was a little bit unusual!

Jane Bevil should be congratulated for receiving the title of "Miss North Georgia." Dorris Anderson and Pat Kyle are two Rutledge beauties entering the "Miss Murfreesboro Contest."

Due to the lack of the unusual, several individuals decided to take a survey. Sensibly enough—dirty sneakers are still more popular than white!!

## MONOHAN

Old Monohan plans to celebrate the close of school with a picnic. Tentative plans are now being made for this eventful day when studying will be forgotten.

The Ray Charles Show held in the Municipal Auditorium at Nashville attracted many girls. Among those attending were Sandra Locke, Jane Gillem, Anne Cummings, Lucy Faye Morgan, Melinda Hardison, and Maude Robinson.

Nancy Moore recently celebrated her twentieth birthday. The day's highlight was when she accepted an engagement ring.

She finally made it! Nadine King has a sparkle in her eye reflected from the sparkle on her third finger left hand.

Hope to see everyone at the ASE Holiday Week-end.

## SOUTH LYON

By Susan Millsaps

"It's springtime — let's rock out!" is the cry voiced by all the girls in South Lyon. Studying is cast into the shadows in the daytime and early evening while picnicing takes the spotlight. Warm weather and sunshiny days really put everybody in a happy mood. Right Carol Frey, Donna De Lacey, Katherine Jones, Freida Jones, Carla Rushing, Donna Pettey, and Kathy Walker. These girls seen to frequent the SL sign-out sheet.

The spring also brought two beautiful engagement rings to two fortunate girls in South Lyon. Congratulations, Carolyn Gilley and Bobby Long.

It has been rumored that there is a new folk singer in South Lyon. Actually, it's Susie Clark and her faithful guitar entertaining the girls on basement floor. Susan Ruchli seems to be having a problem keeping her room neat. Last time I looked in, there was Tide,

towels, books, shoes, and clothes all over the floor. Didn't your mother teach you anything about housekeeping, Susan? If anyone needs any information concerning car batteries, just see Ann Collier. It seems she knows a good deal about batteries especially "dead" ones. It seems Janell Lumpkins had a slight problem around 12 o'clock a few nights ago. Just ask any of the girls on second floor about it. Well, that's all for this week. The spring fever bug just flew in the window, and I'm going on a picnic.

## NORTH LYON

By Brenda Grubbs

Exam time is approaching, but who wants to study? Everyone is busy making plans for the summer

months when new facets of life will begin for each student.

Since spring has come, North Lyon has lost two girls, and these two girls have gained husbands. Congratulations are in order for Betty Banner Childress and Brenda Dunlap Cheek.

Bobbie Nell Allen, senior monitor, will be graduating this spring. Our envy is hers as we look forward to three more years of our college career. She plans to teach in an elementary school located in Wilson County.

Fran Davidson is a North Lyon beauty who has entered the "Miss Murfreesboro Contest." Fran is dorm secretary, and a fullback on second floor's "football team"
