## MTSC Congress Presents Revised ASB Constitution

Members of the Associated Student Body Congress has asked the SIDELINES to print this copy of the revised ASB constitution. The constitution was amended by the 1955-56 ASB Congress, approved by the college president, Q. M. Smith, and adopted by the students on May 2, 1956.

## Dr. Kirksey Is Speaker for Seven Commencements

Dr. Howard Kirksey professor of education, is scheduled for seven commencement addresses in Middle Tennessee in a spring quarter program that has him meeting 24 speaking engagements last month and this month.

In April he spoke to the Davidson county physical education teachers after meeting with the Madison high school faculty to plan an evaluation for the Southern Association scheduled for April 9-12. He also attended the meeting of the State survey on higher education and at Woodbury high school at 11 o'clock in the morning and the Davidson county principals at 6 in the evening.

On April 16 he was the featured speaker at the Decatur county teachers banquet at Parsons. Addresses followed on successive days at the Davidson county curriculum meeting; the P.T.A. convention in Chattanooga; and the Beta Club convention in Nashville.

The last week in April found him speaking for the Du Pont primary faculty at three o'clock April 23; Davidson county supervisors, April 24 and the North Carolina principals' meeting in N. C. on April 28 at one o'clock in the afternoon.

Dedication of the Goodlettsville elementary school building on April 29; a meeting with the Central high school faculty in Chattanooga at four o'clock April 30 and a speech at the Donelson elementary school banquet May 1 rounded out a full program preceding the commencement address program.

First of these commencement speeches was delivered at Clarksburg high school May 3. Mayville high school, May 10; College 9 Dr. Kirksey was the commencement speaker at Waverly. He went to Whitehouse May 10; Carthage high school today; Crossville high school, May 10; College Grove high school, May 23 and Mt. Pleasant high school May 25.

### Sad Dad-Mad Lad

Sherrie Angelina Danner, whose initials turned out to SAD, is the recent seven pound arrival at the home of Davy Anthony Danner (DAD, MTSC Senior business administration major. Sherrie's mama is Lucy Ann Danner (LAD).

Prior to Sherrie's arrival (had she been a boy instead of a girl) the name Michael A. Danner (MAD) had been chosen. Question: Is the LAD a MAD or SAD DAD.

### Larry Parsley Is Given American Farmer Degree

James Larry Parsley, member of the Murfreesboro chapter, Future Farmers of America, has been elected American Farmer. The degree will be bestowed on him this fall at the FFA National Convention.

Parsley was one out of 16 boys from Tennessee selected to receive the American Farmer Degree. Only one out of every 1,000 FFA members in America receives this honor.

Parsley is now attending college at Middle Tennessee State college, but still maintains and owns his own farm, farm equipment and livestock. He is the son of Mr. and Mrs. Joe Rich Parsley. He is now married to the former Mary Lou Sutherland. They reside in the Barfield community.

He is the first member of the Murfreesboro chapter to receive the degree since it was organized in 1945 by B. B. Gracy, Jr. To get this degree an FFA member must have made at least \$1,000 from a farming program or have at least this amount invested.

## YDC Follows Old Frontier Customs With Box Supper

Following almost completely the old traditional customs of the frontier days, the Young Democratic club of the college held an old-fashioned box supper and dance last Wednesday night.

Boxes containing a meal for two were prepared by the girls, and auctioned off to the highest bidder with prices ranging from \$3.50 up to \$15.00.

Proceeds received from the supper and the dance will go to cover the expenses of the Lindenwood convention and other expenses of the club.

## Nine Mid-State High Schools Attend Play Day

Nine high schools from the mid-state area accepted the invitation of the Buchanan Players to attend their recent production of "Romeo and Juliet" at Biffle Moore, drama director, stated recently.

Moore said that this number made the best high school attendance on record for dramatic presentations at MTSC. The greatest number of representative theatre lovers came from Hillsboro high school in Nashville.

Other schools sending groups to view the five-night production were Eagleville, Tullahoma, Franklin county, Fayetteville, Murfreesboro, Smyrna, Kirtland, and Smyrna.

Don Jackson, editor; Lois Stedman, assistant editor; and George Gardner, business manager, are seen above as they lay the final drafts for the 1956 MIDLANDER which is scheduled for issuing today.

## Convocation Activities Include Banquet, Lunch

Two hundred and twenty seniors are scheduled to receive their Bachelor's degrees this year at the June 1 convocation. These prospective graduates will get their diplomas along with 35 other students, who will receive their Master's degrees at the same time.

Convocation week exercises will begin on Saturday, May 26 with a Senior-Alumni-Faculty banquet to be held at 6:30 p.m.

The August class will contain approximately the same number of graduates.

The following Sunday at 11 a.m. in the college auditorium, Dr. James S. Wilder of Knoxville will speak at the baccalaureate.

A barbecue luncheon on the campus for seniors and members of their families will follow.

Convocation will be Friday, June 1, at 5:30 p.m. Governor Frank Clement is to be the guest speaker for the exercises. The line of march will form on the sidewalk between Jones hall and the science building in the following order: B. S. class, M. A. candidates, M. A. faculty, Doctorates, and platform guests.

The exercises will be presented by President Q. M. Smith and Dean Howard Kirksey.

Dean S. B. Keathley and Lane Boutwell are in charge of arranging the members of the graduating classes in the proper order to receive their diplomas. In case of rain, the exercises will be held in Memorial gymnasium, and the line of march will be formed in the basement of the gymnasium.

## College Budget Is Set at \$1,121,051 For Fiscal Year

Middle Tennessee State College's budget for the new fiscal year has been set at \$1,121,051, according to a report released by the State Board of Education.

Repairs and improvements to college buildings totaling \$48,460 were also approved.

Of this amount \$17,300 will be used for constructing a new cattle barn, which will cost \$15,000, the remainder to be used for a floor in the poultry house and drying bins.

The ROTC rifle range will get \$5,000 for improvements.

A \$16,000 addition will be added to the old NYA workshop. The new addition which will be to the rear of the present building will be 40 by 80 feet.

The addition will be used for storing materials and hand tools.

The remainder of the appropriation has not been allocated.

The new budget was based on two conditions — that no professional employee receive more than \$420 in salary increase during this biennium except in cases of increased training or unusual circumstances providing that this regulation does not reduce the present salary of any employee who has received a \$420-a-year salary increase this year.

Non-professional employees such as clerical employees, janitors, firemen and maintenance workers shall not receive blanket raises and in general raises should be given only in special cases where adjustments are necessary.

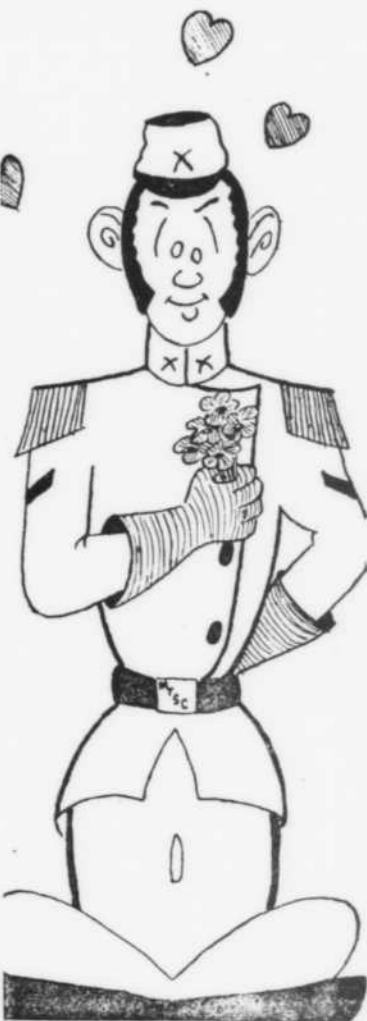

The Board approved more than \$10,000,000 for state colleges, universities and special schools.

## Book Features 228 Pages, First 16 To Be in Color

At last it's here! The 1955-56 MIDLANDER, the yearbook of MTSC, is scheduled to arrive today at the publication office. The 1700 copies were printed this year by Ambrose Printing corporation and engraved by Gulbenk Engraving company, both of Nashville.

Featuring 228 pages, the annual is the largest ever issued at the college. The first 16 pages have been printed in a two-color process. The theme of this year's annual is built around a Confederate soldier who rode with Nathan Bedford Forrest. Jack Knox, cartoonist for the NASHVILLE BANNER, has drawn the characterization of Forrest for the front cover.

The annual includes sections on the administration, classes, features, sports, organizations, and an open ended student-faculty index. No student activity card is needed to obtain the book, which will be issued in the lobby of the administration building. Faculty members and administrative personnel can get their copies from the bus-

## Campus To Host Girls' Staters For Convention

Marking their third year in succession to meet on the campus of Middle Tennessee State college, approximately 300 girls will convene here next Sunday for Volunteer Girls' State.

The girls are selected by American Legion Auxiliary posts all over the state and they will be housed in Monahan and Yvon halls during their meeting.

Principal speakers for the annual summer convention will include Thomas A. Johnson, executive director of the Legislative Council of Tennessee; Mrs. Albert Gore, wife of State Senator Gore; and Dr. Charlotte Williams Allen of Murfreesboro, former professor in the college's social science department.

Serving as director of government for the meeting will be Gene H. Sloan, and Lois Stedman will handle the publicity and public relations for Girls' State, besides editing the GS newspaper.

Included in the week's activities are a coke party-mixer on Sunday, city, county and state elections on Tuesday, Wednesday, and Thursday, and a trip to Nashville to visit the state's governmental offices, the Hermitage, and Youth, Incorporated.

Saturday's events include an inaugural banquet honoring the newly-elected Girls' State governor.

Chairman for this year's convention is Mrs. Mildred H. Hill of Newport, Tennessee. Also appearing on the programs during the week will be President Q. M. Smith and Robert Abernathy.

## 174 From College Donate Blood At Mobile's Visit

Clyde W. Cromwell, Sr., chairman of the Rutherford county blood program, has released the names of the 174 donors who gave blood during the Middle Tennessee State college ROTC drive last week. More than 200 students, townspeople and cadets responded to the call but recent inoculations, illness or other factors resulted in more than a score being turned down.

## From Here-What?

As the long line of graduating seniors winds its way across the college campus next Friday evening, a multitude of thoughts will probably be racing through the minds of each. Among these thoughts there will undoubtedly be one question that stands out ahead of all the others, "Well, where do I go from here?"

It may be a long jump from your freshman year to the last days of college life, but the steps from that graduation day to that after-convocation life are even longer. Your four college years have been full of classes, clubs, fun, friends, dates, parties, bull sessions, and hen parties. The college has been your home. Your protective shield against the storms and indecisions of the "other life."

But what now? Now there is no sheltering arm of school. There is no dormitory mother, no room mate, no counsellor, no dean of students to turn to when you are in trouble. Now you are on your own.

Many of you seniors have jobs already picked out. You can start in on them tomorrow, the next day, or at any time. Some of you are planning to continue your college life another year—maybe two or three. But what about you who don't know where you stand? Do you know where you go from here?

We do not pretend to have a staff of advisors who can tell you what to do nor how to do it. We only have one piece of advice to offer you. Whatever road you choose to follow, do what you do well, do it with a good, friendly attitude, and follow the dictates of your heart. We of the SIDELINES staff extend our congratulations and best wishes for your future in your life after college graduation.

am sure that your book would make it possible for me to pass the TSSPA (Tennessee Secondary Schools Playing Havoc Association) test. I would then be able to umpire the many matches which have resulted from your article. Thank you.

Sincerely  
A. Tom Bomb

## Letter to Kerley

Dear Mr. Kerley,  
I was very interested in reading your article in the recent edition of the SIDELINES. I thought I would take advantage of your free offer of the rules on "How to Play Havoc."  
I left a copy of the SIDELINES on my bed and it seems the moths (from your moth eaten jokes) have been playing havoc with the mattress.  
Both sides have asked me to officiate, but I do not know the rules well enough yet. I

## Miss Hyde Owns City's Largest Dance School

The dancing feet of Betty Jo Hyde have carried her to the position of owning and operating Murfreesboro's largest dancing school. This petite, brunette young lady is a senior at MTSC and hails from Old Hickory.

The 22-year-old daughter of M/Sgt. and Mrs. B. L. Patterson spends five hours every afternoon at her dancing studio in the Central high school annex teaching her students who range from four years to 15 years of age.

This is the fifth season Betty Jo's school has been in operation. She teaches ballet, tap dancing, aerobics, and universal dancing. At the present time she is preparing for her fifth annual revue "Stars of Tomorrow" which will be presented on June 12 at 8 p.m.

Betty Jo plans to continue in the dance profession. Although she has had offers to work with the "Rockettes" and opportunities to dance in Broadway musicals in New York, she is planning to remain here in Murfreesboro.

The attractive young instructor in the Terepsichorean art is completing this year a major in elementary education and minors in the fields of biology and English. Including among her special interests are swimming, sewing, and reading good books. She is interested in theatrical lines and does TV work with station WSIX-TV on Saturdays. When asked about her hobbies, she replied, "I just don't have time for any, but I am an ardent golf fan." Anyone who knows her can see why.

Since Betty Jo entered MTSC, she has been very active in outside activities in spite of the enormous amount of time she puts in at her studio. She has been a member of the Buchanan Players, BSU, and the ASB Freshman committee. Added to this, she has served as secretary-treasurer of the Aquatic club, co-captain of the cheerleaders, and ROTC battalion sponsor. This year she was also elected to membership in "Who's Who in American Colleges and Universities."

## Only Girls Are Eligible For KOP Membership

Bernice Hart

A lot of college kids think the word "fraternity" when speaking of social affairs, can only apply to men. Well, now, I'm here to tell you differently. I am a member of K. O. Phi (Kappa Omicron Phi), which is the national home economics fraternity, and I don't go around calling the other girls, "brother"! Instead, if I don't know what to say, I just say, "Hi." That will do it just as well. Anyway, I thought you might be interested in knowing something about the girls that are members of this fraternity.

To begin with, you have to be a girl to be an active member! Seriously, girls are chosen for their personality and pleasing characteristics. They must have completed a satisfactory number of hours in home economics, and be willing to work toward the goals of the club. They must be a junior or senior, ranking in the top 20% of their class. They must also have a reasonable average in their work.

This family is made up of 11 girls, plus Mrs. Muncie, Miss Stevens, Mrs. Shannon, and Miss Nelson. Nancy Ford, of Nashville, was chosen president of the fraternity. She is an attractive Monohan hall girl who is interested in the fraternity as well as home economics. (Continued on Page 4)

## What's My Line? ... Sidelines Columnist Is Also Radio Disk Jockey

Mary Jane Joyner  
If you've ever tuned your dial to WKRM, Columbia on the weekend and heard that hot jazz floating out then you know it's Richard Haynes spinning the platters, whom we have in the spotlight this week.

Dick is a junior, hailing from Columbia, Tennessee. He is a graduate of Columbia Military Academy, where he was leader of the dance band, a member of the concert and marching band, and the "C" club.

Besides holding down na weekend

job, Dick is very active on the MTSC campus. He is pianist with the "Midlanders", a member of the concert band, vice president of the Buchanan Players, and a member of Alpha Psi Omega.

Majoring in English, Dick plans to get his masters and doctors degree in Radio, Television Arts and Science from Northwestern university and then go into television directing.

When asked if he had any hobbies, Dick replied, "Yes, collecting jazz records and—WOMEN."

## Cool and Crazy ... MIDLANDERS Express Thanks to Student Body

Dick Haynes

Seems as though the school year is, once again, drawing to a close. Everybody is talking about summer jobs and trips. And all the teachers have gotten the idea that students have not been working quite hard enough this year, and so are coming up with some pretty gruesome assignments. But all in all, I have an idea that everybody is happy.

One group of people, THE MIDLANDERS, are quite enthused over the idea of no more school. But, along with it goes the feeling that we'll surely miss the fine people we've been associated with this year. We want the student body to know how much we appreciate the wonderful spirit of cooperation we have received from you. It is gratifying to know that we have been, in some small way, able to help your school year be more pleasant.

Much to our regret, the band will lose two of its finest members this year. Those two people are in the persons of Mr. Tommy Tucker and Mr. Fred Boswell.

Most of you know that Tommy is the student director of the MIDLANDERS as well as the lead solo sax man. It has been great working with him, and we will miss him.

Fred is the swinging bass man that provides our rhythm section with the "spark" that is so necessary in a dance band. He is a great guy and the band will be losing a fine musician.

However, plans for next year are already being formulated. Dr. John Colbert, our faculty director has contacted some musicians that will attend here next year, and he

## Jones Hall ... Time for Query, 'What Have We Done This Year?'

Ben Golden

The time for reckoning has arrived—a time when there are two questions that we need to consider. At the close of this school year we should ask ourselves first, what have we accomplished, and second, what next?

The boys at Jones Hall need this as badly as anyone. As a whole this year we have done a wonderful job of keeping the dormitory in a constant uproar. Our record on keeping Jones hall floating on our water fights has never, to our knowledge, been anywhere near equaled. We have dropped more trashcans off the third floor, broken more coke bottles, painted more signs on the doors, filled more peoples' beds with everything from cracker crumbs, (including water filled balloons and leaves) to door mats, discovered more singing talent, stayed up later, had more boisterous bull sessions, made shambles of more rooms, studied less, shouted more, kicked in more doors, stole more light bulbs from the halls, had more all-round fun, learned more that wasn't in the textbooks, and broke more general rules than any group of freshman boys in the history of Jones Hall.

That would have one to believe that all that goes on in Jones is some sort of misconduct. Really this is not all the case. In the middle of these riots and parties, we believe we made more friends, had a bigger and better time, learned more from textbooks, achieved more in campus activities, and set more good records than any other group of freshmen boys in the history of MTSC. These things on the good side of the roster may be far fewer than those on the bad, but they are of so much more importance than they far outweigh the misdeeds. For my money, I have never known a better, nicer, more friendly group of people anywhere. In fact, I don't even believe nicer people exist.

Sure, no one is denying some of our actions are as about as silly and stupid as anyone's ever dared to be. Many of the things that went on were enough to drive any dormitory director crazy within a week. I must congratulate the Greers on their coming through in such good form. I know that if they hadn't have been awfully nice to all of us we would never have made it through the year so easily.

What next? Most of us will be back next year. Some few unfortunately are either dropping school or transferring. This is just their hard luck. This summer, for most of it's summer work. A few will be in summer school.

Come next week, I for one will greet it with mixed emotions. Very happy that the quarter will be over, very unhappy to be leaving the Jones Hall boys of '55-56. A more wonderful, varied collection of characters couldn't possibly exist. All I can say is that it has been a great year. LONG LIVE JONES HALL!

Dear Jim:  
I would like to tell you how much I enjoyed your advice which I have given the title, GIVING A VIBRANT SPEECH. Your suggestions came very handy when I entered the PKD tournament last month. This is in spite of the fact that I did not have my talk prepared very well since I had stayed up all the night before studying the notes I had taken from all the copious words you had said to me.

Your first rule was: "Show no fear. Advance vigorously to the speaker's platform." This I did. I advanced to vigorously that I collided with the speaker's podium. This made the employment of Rule II "Begin your talk with some humorous remark or incident" unnecessary since many ladies and gentlemen laughed. Mr. Derryberry, president of TPI, though was not among the laughers. Possibly this is because I inadvertently stepped on his foot in the process of keeping the water pitcher from tipping. You really should have told me that they do not wear shoes up there.

Ordinarily this incident might have caused me some consternation but I remembered well your advice: "Let nothing upset your composure." If you feel panicked do not reveal it. Simply smile engagingly at your audience. I did this. After several minutes there was considerable shuffling of feet, so I began my speech.

I had barely gotten started when it occurred to me that I was not taking full advantage of Rule VI "If your throat is dry, feel free to pause long enough for a refreshing sip of water." and Rule VIII "Make full use of dramatic gestures." I think my gesture was very dramatic. It is unfortunate,

social life. Well, all the high school fraternities and sororities will be having spring formals in a week or two. Then, I'm sure, there'll be many gay parties. Frankly, I'm not sure of any such thing; but it sounds good anyway. Of course, all the night life in the city will be as exciting as ever, I'm afraid. Now, if you're the outdoor type, there are plenty of sports available, such as golf, tennis, swimming, and chasing girls.

To those of you interested in picnics and such, I'm real happy to report a new picnic area that has been made available just about two or three miles out on the Nashville highway, and it really looks like a nice one.

Well, I believe that just about sums up the social and recreational activities available here in this locality for us this summer, that is, as far as I know, which isn't very far. I think I'd better stop yacking for now, that is if I want to squeeze this masterpiece under the door before presses start rolling. Though, before I shut up, I would like to get a little sentimental, (you know, the type that makes you want to throw up) and say that I've really had lots of fun writing this column. All right, Lois, I know what you're thinking. If I had so much fun, why didn't I turn in more columns, is that it?

Well, good by all, have a good summer. I'll be writing to all of you that come back again next year, that is, if the SIDELINES is really desperate. So, long.

## Town Tales ... Author Plans Swap Of Brains, Tells Summer Activities

Biddy Ridley

In case you all missed "Town Tales" in the last several issues of the paper, it's back; and so am I. Frankly, I didn't go anywhere; but the old brain just wouldn't churn me up a column, and I couldn't reason with him because he really doesn't house much sense. I believe all this will be remedied by next year, since I have a deal on with Doctor Rucker. If it goes through, I will have a new frog brain by next fall.

Seems that the professors over in the biology lab have been having trouble squeezing ordinary animal brains under the microscope; but, being very exceptional, mine will fit in with room to spare. So you see, a perfect swap will be constituted. Good deal, huh?

I don't know whether you all realize it or not but next week is final exams. How about that? This, of course, means that college is almost out for everybody, except the industrious souls who plan to go to school this summer and get the jump on everybody else. There are plenty of brainy Murfreesboro-ans who fall into this category. At least, I guess there are. I'm too lazy to take a censoring or anything like that so just take my lie —I mean word—for it.

While a lot of hard studying, and I use the term loosely, is going on over here, plenty of mercenaries, like me, are going to be out slaving away, or at least pretending to be, in order to earn a few grubby bucks for the necessities of life (cars, dances, movies, night clubs, etc.).

Now, let's thumb through the pages of the Murfreesboro blue book and see what's on the agenda to assure a mad summer of wild

## Censored ... Rules of Public Speaking Are Given in Brief Letter to Jim Lee

Bill Kerley

I know many copies of the SIDELINES have been almost completely destroyed due to the fact that sooooooo many of you fellow students have ripped open the front page to read my column. For this I thank you —both of you. This being the last issue of the school paper for this year I know many of you are in a dreadful suspense as to what I shall choose for a subject this time. Could it be that I will once again write on the subject of "going home", or could it be that I will once again tell you how to get rid of household pests? Well, I hate to be a party-pooper and kill the suspense, but I shall write on neither of these subjects. Rather I shall express my deepest thanks to Jim Lee who has not only advised me on how to write; but also on how to speak. I think I should add at this point that I would have never been able to receive the honors I received at the tournament at TPI without his kind help. To express my thanks to him on this occasion I would like to publish a letter that he will receive from me on some later date. (The year 2956 A.D. to be exact).  
Mr. Jim Lee

Most of the students around here (the ones who keep up with current events) are aware of the fact that Johnny Bass is our new ASB

though, that I forgot to put down the glass of water before beginning the gesture. I am sure a little water is not going to hurt President Derryberry's suit.  
One of the last things you told me was, "By now the audience is definitely with you. Look around and gather confidence from the fact that you see no bored faces." I looked around me. There were no bored faces. The more I looked the more imperative became the meaning of your last rule: "Do not delay ending your talk. It is more effective to make a clean break with your audience, leaving them to contemplate the effect you have created." In line with this suggestion, I made a quick break for the rear exit. The last I saw of President Derryberry he was still sitting there contemplating the effect.  
I would appreciate it if you would collect your notes and write a book on this topic. I always say that no matter how much we learn, we can always do better.  
Sincerely,  
Bill Kerley  
P. S.—I know that you think this column is too long but I must continue bravely on. I must satisfy both of my readers.

President. Strictly between you and me I can tell you that he has already seen to it that the first point on his plank is going to be accomplished. As most of you know, he promised that next year he would see to it that dear ole MTSC would have a course on the problems of travel in outer space. (The ones of you who did not attend nominations are not aware of this fact.) While talking to him on this subject the other day I cleverly picked his pocket and got a copy of an entrance exam for such a course. Here it is:

1. What is the correct procedure for boiling eggs in a space ship when standing upside-down?  
2. If planning a trip to Neptune would you take along a bathing suit? Explain the reasons for your answer.  
3. The inhabitants of a planet you intend to visit are believed to have four eyes. As a gift to break the ice and establish good relations you would bring them (a) a box of chocolates (b) a dish washing machine (c) two pairs of sun glasses. Check the answer you consider most appropriate.

4. You are planning a round trip of 1,750,000 miles with an average cruising speed of 5500 miles an hour and a three-day stop-over. If you leave on August 10, 1957 on what day should you tell your room-mate to expect you back?  
5. Returning to earth from a trip, you descend and see a large trailer camp below you. The chances are that you are over (a) Outer Mongolia (b) The Pacific Ocean (c) The United States (d) the Sahara Desert (e) MTSC.  
6. Arriving at a distant planet, you find an inter-planetary war going on. Write a 1000 word essay on what factors you should consider before taking sides or deciding to remain neutral.  
7. Give the correct legal procedure for staking claims on uninhabited planets.  
8. Explain the difficulties entailed in brushing your teeth while wearing a space suit.  
9. Tell why it would not be practical to attempt to land on the sun.  
10. Describe the signs and gestures should make for the following when you land on a planet whose inhabitants don't understand your language.  
1. "May I have a glass of water?"  
2. "Where's the nearest hotel?"  
3. "Got a match?"  
4. "You're cute!"  
5. "Buy me a beer."

## Meet the Masters ... Mr. Brandon Is Instructor in MTS Art Department

Sharon Rader

Our art department is very small since we only have two instructors, but these teachers are very well versed on different phases other than art.

Morris Brandon, who serves on this staff has had experience in a number of different jobs.

Mr. Brandon is originally from Dover, Tennessee. He attended MTSC for two years before he transferred to Murray State where he received his B. S. He majored in art with a minor in agriculture. He took a year's graduate work in agriculture at UT.

While still in college, Mr. Brandon worked with the County Agency as a chemist for Dupont in Charleston, Indiana. After the war, he worked his farm near Dover, which he still has. Later he taught with the Nashville city system and got his masters from Peabody. Last fall he took his present position here at MTSC.

Mr. Brandon was married in 1940 and now has two children. He enjoys playing tennis, swimming, bowling, crafts, ceramics, painting and sculpturing. He and his wife breed pekingses and poodles.

Mr. Brandon took part in the Art and Dramatic clubs while in school.

Monohan Moans ... Quarter's Feature Is Monohan Hall Sun Deck

Monohan's sun deck seems to be the big feature of the spring quarter. The girls are competing with one another to see which one can absorb the most Vitamin D. Myrna Wiley seems to be ahead.

Jo Ann Aylor was honored with a miscellaneous shower recently, given by Peggy McQuiddy and Betty Sullivan. She received many nice gifts.

Jeanne Holland and Peggy McQuiddy went through a hectic stage last week—taking their coprehensive. Lots of luck, girls.

"Showboat" was the attraction at the swimming pool last Thursday night. The "stars" from Monohan were Dot Wakefield, Anne Hagewood, Georgiana West, Barbara Casey, Betty Jo Hyde, Peggy McQuiddy, Artie Cable, Annette Walker, and Lenora Freedle.

Congratulations to Georgiana West, who was elected ASB vice-president for next year.

Some of the couples who danced to the music of the MIDLANDERS last Friday night at the prom were: Camille Murchison, Jerry Demore; Wanda Buntly, Ralph Daniel; Mary Margaret Sengall, Bob Cole; Polly Denton, Bob Christian; Georgiana West, Bob Russell; Myrna Wiley, Jimmy Davis; Alice Storey, Charles Freeman; Miriam Dance, (alumna), Bud Reardon; Bettye Waddell, Jimmy Dunlap; Sue Richardson, Johnny Bass; Mary Reed, and Grant Vernon.

ANTI-CLIMAX  
Jones had taken his car to a garage for minor repairs.  
"You wouldn't think it was a second-hand car, would you?" he remarked to the mechanic.  
"Great Scott, no!" said the mechanic, "I thought you made it yourself."

Pfft ... College to Plant Ironwood to Break Beavers' Teeth  
Jim Lee  
Beaver Teeth  
Mrs. Felder found a chair burning on the camps last week. The chair was one of the white ones in front of the Student Union building. She was not sure how it caught fire, but thought some of the loungers out there set it. That, however, is not true at all. Two campus had been sitting in that of the young couples who sit on the particular chair (Yes, both in the same chair). It is an adage among paint makers that white paint can only stand so much ... The white paint on the chair just blazed up, and the young people got the hot foot or the hot something ... Then there is the case of the little tree which was growing in the same place. This little tree had all the skin taken off it. The woodsmen came and cut it down. One of the maintenance men said, "The new tree we plant there will be Ironwood so some of the eager beavers will break out their teeth!" After the tree incident the authorities were seen lurking out the local dentists' offices waiting to see if any of the students came there to get treated for splinters in the gums ... Now for the inside story on the lil tree. One of the students working on the MA used the tree as a place to test a new set of false teeth.  
Swan Song  
Many of the students will see the last of MTSC after this quarter and the song of the swan is heard in the land. This columnist is singing the same tune with a small variation in the words. I have been here on and off for eight years, and wonder if this is really the end for me. When I was first a student here, there were no lights on the campus, but the drive-in theatre lobby got busy and legislated for them. Since that time the students have had to sit through three or four reels of Roy Rogers to do a little honest necking ... Now you know what we mean when we say the good old days.

Congratulations  
This column congratulates John Bass and George (piano) West on their elections as president and veep of the student body. When a new administration comes to power, there is always a new brown effect, and the deeds of the old officers are usually forgotten. One should, however, remember the contribution made by the outgoing regime. As many people know, I have not been a real live supporter of Mr. Banks, and tried vigorously on at least one occasion to defeat him for the office which he is now vacating. In retrospect it must be admitted, for my part, that he has handled the job in a most dignified and becoming manner. I did not feel at the time he was elected that he could do the job as well as he has done. I have not always supported him in all his moves, but I think he made them in good faith and always had the welfare of the school in mind. He has certainly risen above any petty criticism which has been offered ... perhaps he will know what I mean when I admit that I was wrong ... Dabblame it ...  
Pfft ...  
It is only fitting that the Pffft-line should go, on this last occasion, to my best and dearest friend ... so I will take it with me.

Bob Abernathy Is Busiest Person On MTSC Campus  
Busiest commencement speaker on the MTSC campus this spring will be Bob Abernathy who addresses senior class at Linden, Morrison, Collinwood, Whitwell, Rockvale, Coopertown and Bellvue. He followed a full round of April appearances that had him speaking to the Tennessee Beta Club convention and later at national meeting of the Association of Field Services in Kalmazoo, Michigan.  
He was the speaker at the April 10 athletic banquet at Fayetteville, the father-son banquet at Columbia on April 20, the Waynesboro college career day on April 20, and ladies night for the Lebanon Rotary Club on April 26.  
This is the fourth engagement. Mr. Abernathy has filled for a ladies night function for Lebanon civic or business groups since last October.  
MTSC BAND PRESENTED STARLIGHT CONCERT  
Tuesday, May 22, at 7:30 p.m. on the lawn in front of the college music building, the MTSC concert band, under the direction of Dr. John K. Colbert, presented its annual starlight concert.  
The program included semi-classic and popular music. Featured during the evening musical entertainment a trumpet trio composed of Shirley Vick, Basil Ricker and Dick Turner. Tommy Tucker played a clarinet solo, "Scene and Air."

# Lyndall Blackburn Is Crowned This Year's "Miss Murfreesboro" In Local Jaycee Contest

## Miss Hicks Wins Second, Ball Serves As Emcee

Miss Lyndall Blackburn, local college student was crowned Miss Murfreesboro of 1956 Friday night at the Jaycees Miss Murfreesboro contest in the Central High school auditorium. Janie Smith placed second and Dorothy Hicks, third.

Miss Blackburn, a student at Middle Tennessee State College, exhibited samples of dresses she had designed and made.

Emcee Noel Ball, of WSIX-TV in Nashville, asked each of the girls three questions as a test of personality. When asked what she would tell the people in Jackson about Murfreesboro if she won, Miss Blackburn pointed out the beautiful old homes and friendly people in Murfreesboro.

When asked what she thought about women in politics, she said that the men should "Give women a chance."

The third question was "What do you think constitutes a happy home?"

Miss Blackburn replied, "A happy marriage, love and companionship."

In the tiny tot division, Shelly Brown was crowned queen with Marlene Haynes, Jane Stevens and Linda Sue Rice as her attendants.

Bill Stamp, announcer on radio station WGNS, filled in for Ball who was late and missed the tiny tots part of the program.

Featured on the program were several entertainers from the Noel Ball TV show including the Key-noters, a male quartet. Mrs. Ruth Moore provided music at the organ.

Charlotte Akers, Miss Murfreesboro of 1955, crowned Miss Blackburn and Mrs. Yvonne McFlolin Mingle, Miss Murfreesboro of 1953 crowned Shelly Brown.

## Buchanan Players Have Social At Cedar Forest

The Buchanan Players held their quarterly social at Cedars of Lebanon state park on May 15. Although the rains came, spirits were not dampened, and a tasty supper of hot dogs, potato chips, and marshmallows was devoured. After supper the crowd went to the lodge for dancing.

Mr. and Mrs. Biffle More chaperoned the party. Members of the food committee were Frances Gold, Carolyn Brown, and Billy Frank Murphy.

Members of the club who enjoyed the evening were Mary Jane Joyner, Alice Heath, Claudine Stinson, G. P. West, Janet Lewis, Lois Stedman, Shirley Lockhart, Carolyn Brown, Frances Gold, Burt Vaner, Jerry Mooney, Alton Ellis, Frank Gardner, Billy Murphy, Marshall McKissick, Jim McBride, Jack Gilreath, Bill Knox, DeArnold Barnette, Bob Greeson, and their guests.

## This College Holstein Cow - She's A Fountain

Nine gallons of milk a day from a single cow is the recent and rare accomplishment at the Middle Tennessee State college dairy.

A grade Holstein cow, four or five-year-old has produced 2,306 pounds of milk in a 41-day test period ending April 22. The cow freshened on March 10 and her record test began five days later.

Top single day production was 75.7 pounds, which lacks only one and six tenths pounds of giving her a full nine gallons of milk. At each milking she fills the glass tank on the automatic milking machines in the college dairy. At present she averages 56.3 pounds

## MTSC Dames Club Hears Informative Home Ec Lecture

Members of the MTSC Dames Club, meeting last Wednesday at the Science building at the college, heard a group of home economics students in an informative discussion of the new Home Living center, located on North Tennessee boulevard.

Miss Helen Stevens, director of the center, introduced the speakers. Mary Reed's topic was "An Idea Becomes Reality," Avalene Ellis spoke on "Reality in Practice," Polly Troxler's subject was "Looking Ahead" and Mary Steagall discussed "The Plan Takes a Partner."

Refreshments were served in the lobby from a table laid with a white cloth banked with roses and Syringa.

Mrs. C. C. Sims presided at the punch bowl. Frosted lime punch was served with cookies.

Hostesses for the meeting were Mesdames Firman Cunningham, Lawrence Freeman, James Gonce, Charles Greer, Joe B. Hayes, Jimmy Jackson, W. B. Judd, Belt Keathley, Elbert Patty, C. C. Sims, Jesse Smith, Elred Wiser, Misses Agnes Nelson and Elizabeth Schardt.

wise stated in this constitution.

Article VII  
By-Laws

1. The President of the ASB may remove from office all students appointed by him to the positions of responsibility. In the case of the Supreme Court members, an approval of two-thirds of the members of Congress is necessary.

2. The Congress may impeach, try, and remove from office for neglect, or any other acceptable reasons, anyone holding an elective position of the ASB, including one of its own members.

3. The Congress shall pass all laws pertaining to the ASB and fix the penalties for these laws. The Congress shall be responsible for giving due publicity of these rules and laws by means of a bulletin board.

of milk per day—or slightly more than 6 and one half gallons daily.

The normal lactation period of about ten months would give this fine Holstein 257 more milking days. If the normal ten per cent per month decrease occurs in her production a very high milk yield for this year is certain to be established. If her present rate of production is maintained during the next month she will top the average for Tennessee cows of 3700 pounds annually long before the first four months of the current lactation period is up.

Eddie Thomason of the college faculty is in charge of the work with the dairy herd and Bill Randolph, a student, is herdsman.

## Pi Kappa Delta Initiates Nine, Elects Officers

Nine members of the Speech Arts Society were initiated into the honorary forensic fraternity, Pi Kappa Delta, on May 10 in ceremonies taking place in the Arena theatre.

Those initiated with the order of debate as their degree were Bill Davis, Jean Cloer, Dot Burns, Bob Greeson, and Henry Horton. DeArnold Barnette, Bill Kerley, and Jim Lee were initiated with the order of oratory. Jean Adamson was initiated with a double degree in oratory and debate.

Kirk Waite, Charlotte Akers, Edye Jo Reid, Bill Brown, Bill Sugg, and the club's sponsor, Lane Boutwell, had charge of the induction service.

## SPECIAL DELIVERY! LUCKY DROODLES!

WHAT'S THIS?  
For solution, see paragraph below.

LUCKIES RING THE BELL with college students all over the country! The reason: Luckies taste better. That's because they're made of fine tobacco—mild, naturally good-tasting tobacco that's TOASTED to taste better. Now check that Droodle above: Lucky-smoking midget in telephone booth. He may be short on stature, but he's mighty long on smoking enjoyment. Next time, ask for Luckies yourself. You'll say it's the best-tasting cigarette you ever smoked!

### 'Showboat' Is Aquatic Theme for Water Carnival

"Show Boat" was the theme carried out in the program presented last Thursday night by the Aquatic Club before a large crowd of spectators. The show was coached and directed by Mrs. J. G. Littlefield.

Joe Eatherly and Cindy Littlefield appeared on the deck of the "show boat" for the first number, entitled "Show Boat Overture." The boat and background scenery were made by members of the club.

"Banjos Back in Town" was the second number, presented on stage.

"The Waltz You Saved for Me" featured swimming by club members pictured here, and was followed by "Life Upon the Wicked Stage," swimming and dancing numbers by Misses Betty Jo Hyde and Peggy McQuiddy.

Straight diving featured Earl Burch, with other dives by Charles Smith, Jim Davis, and Vern Burnett. Following this was a swimming number, "Make Believe" by all the girls of the club.

"Way Down Yonder in New Orleans" included members of the high school chorus, with Irene Carter, Peggy Bryant, Carolyn Gwaltney, Lynn Oliver and Marsha Littlefield. "Ole Man River" was presented by Ann Hagedwood, Artie Cable and Lenora Freedle, and "Why Do I Love You," by Georgiana West. Clown diving was done by the same group of boys in straight diving.

The closing number appropriately climaxed the affair, when the girls, wearing red-lighted flashlights in bands around their heads, swam to the tune of "Till We Meet Again." Music for the production was on records.

Those taking part in the aquatic show were Charles Williamson, Ed Barrion, Earl Seerch, Jim Davis, Vernon Burnett, Ed Human, Charles Smith, Stover Carter, Dot Wakefield, Pat Woods, Emily Matlock, Edith Walker, Barbara Casey, Blond Sweeney, Lyndall Blackburn, Shirley

### Symphonic Band Presents Spring Band Concert

Under the conduction of Dr. John K. Colbert, the music department of MTSC presented the symphonic band spring concert, on May 10, 1956 at 8:00 p.m. in the college auditorium.

Selections chosen for the program were: "His Honor, March," by Henry Fillmore; "Prelude and Fugue in G Minor," by Johann Sebastian Bach; "The Impresario," by Grofe.

Overture," by Wolfgang Amadeus Mozart; "Suite of Old American Dances," by Robert Russell Bennett; "Divertimento for Band, Op. 42," by Vincent Persichetti; "The Child Prodigy," by Morton Gould with Nancy Patton as pianist; "Second Suite for Military Band in F Major," by Gustav Holst; "Sun Carnival, Overture," by James L. Traver; "TV Suite," by Harold L. Walters; and "On The Trail," by Grofe.

The personnel consisted of Jerry Mooney, playing the piccolo and flute; Carolyn Smoot, flute; Charlotte Free, oboe; Tommy Tucker,

Robert Cheeseman, Voneta Jewell, Kirk Waite, Anne Tittsworth, Dorothy Hicks, Dwight Christian and Bill Tucker, baritone horns; Kelly Graves, Jimmy Vaughn, Joyce Leonard, and Shirley West, trombones; Fred Boswell, and Curtis Jenkins, tuba; Fred Boswell, string base; Gill Smith, Fred Ford, James Swindle, Margaret Sherrill and Dick Haynes, percussion; and Dorothy Wakefield, tympani.

Students conductors were Robert Cheeseman, Fred Boswell, and Thomas Tucker. Nancy Patton was featured as pianist.

### MAJORETTE AUDITIONS FOR MARCHING BAND

Today preliminary auditions for majorettes and flag twirlers will be held on Jones field at 4 p.m.

All girls interested in working with the marching band as a majorette or flag twirler are requested to attend and try out. Dr. John K. Colbert has announced that the marching band has planned an unusually big season for next fall.

### M. T. S. C. BANDS

Dr. John K. Colbert has announced that all students qualified for the marching and symphonic bands should talk with him concerning membership for the next year.

The symphonic and marching bands have greatly added to the school spirit this year. "We are particularly anxious to continue producing bigger and better bands," Colbert stated.

### Wilson County Commuters Start Lebanon Picnics

Launching the round of spring picnics and outings at the Cedars of Lebanon State Park were the Wilson county commuters, on Friday night, April 27.

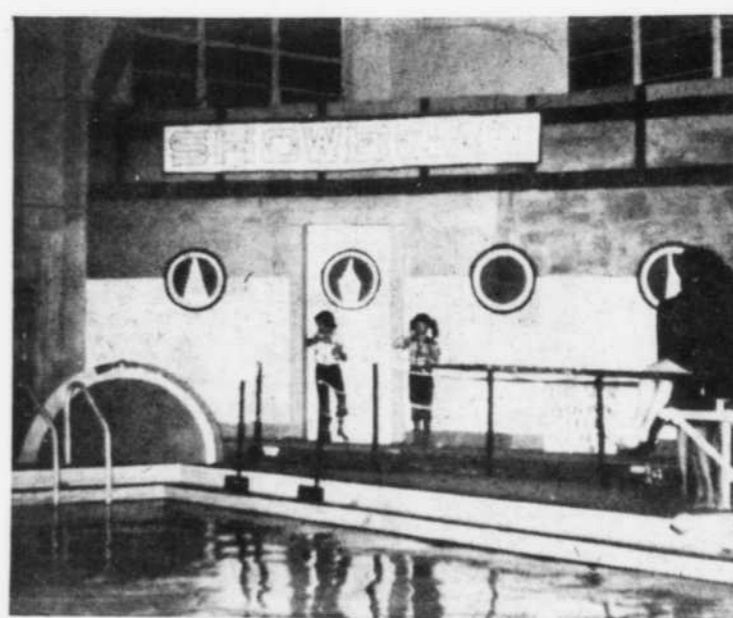

A huge fish fry, complete with hush puppies, French fries, coffee and cokes featured the entertainment, which was concluded by a brief address by Clayton L. James former city superintendent at Lebanon of the MTSC faculty. Mr. and Mrs. James, Mr. and Mrs. E. W. Midgett and Mr. and Mrs. Gene Sloan were guests of the group. All are former teachers in Wilson county schools.

Bobby Blankenship, Roy LaFevor, Ronnie Johnson Jack Woods, and Frank Dudley had charge of the arrangements, which attracted 58 students, largely commuters or former commuters from Mt. Juliet, Watertown and Lebanon. The promoters of the picnic plan another one for the summer school and hope that these gatherings will form the nucleus of an MTSC alumni club for Wilson county.

Between 60 and 75 Wilson counties are regularly enrolled in the college. The county representation seldom falls below fifth number of students attending college here. More than half of the Wilson county students are commuters.

Those attending included Mr. and Mrs. Judge Hudson, Mr. and Mrs. Ronald Johnson, Mr. and Mrs. Frank Dudley, Mr. and Mrs. Byron Lasater, Mr. and Mrs. Ray LaFevor, Mr. and Mrs. Raymond Tomlinson, Mr. and Mrs. Charles Suits, Mr. and Mrs. Odell Crook, Mr. and Mrs. Myron Sellars, Mr. and Mrs. Robert Bailey, Mr. and Mrs. Don McDaniel, Bobby Blankenship and Beverly.

### ROTC Cadets Join Others for Recent Campbell Tour

Twenty three Reserve Officer Training Corps cadets from Middle Tennessee State college joined 101 cadets from three states at Fort Campbell for a three day tour last weekend while members of the Junior/Senior class were engaged on maneuvers in a remote section of Rutherford county.

During their stay at Fort Campbell the cadets were quartered in the Third Battalion area of the 187th ARCT. On Thursday afternoon the cadets were welcomed by Colonel Melvin Zais, chief of staff, 101st Airborne and Colonel Martin E. Munson deputy fort commander.

Colonel Joseph F. Ryneska, commanding officer of an Airborne Regimental Combat Team spoke Friday on the responsibilities of a junior officer. Friday afternoon they visited the Yamoto drop zone and Friday night were guests of the Officers Club at a reception.

Other routine matters of command on job training were visited by the cadets on Friday and Saturday.

Sara Miles was chosen first vice president and Sara is indeed an intelligent girl. She is well known to most everybody, but those who don't know—she hails from right here in Murfreesboro. Second vice president is Mrs. Mary Jo Pratt, the cute little girl who makes us all wish we had her looks.

Marjorie Grayson, from Nashville, was chosen Corresponding Secretary. Marjorie is the girl who always wears a grin on her face and always has a pleasing attitude about everything. (It should wear off on some of the rest of us, too!) Bernice Hart was elected recording secretary. She (that's me) comes from Jo Byrns high school, and is working as secretary for the agriculture department at the present.

Kathryn Martin is the girl chosen to handle the money—treasurer—and a more trustworthy girl could not have been found. (If you see girls flocking to Kathryn's room, to borrow, of course, you'll know the club made some money.) Seriously, though, she is the right kind of person for the job. Dorothy Jane Key, the girl most of us know as "Dot" was named guardian of the fraternity. Dot comes from Goodlettsville way and has been a good student all the way around.

Janene Brown will serve as the keeper of the archives. Petite Janene is liked by everyone and was among those who spent last quarter in the Home Management house. Mable Jane Sublett, from Murfreesboro, was chosen scrapbook chairman, and a busy girl she'll be because since the "frat" is just organized, there will be a lot of "scraps" to be made into a book. Last, but not quite least, is Avalene Ellis who will be the alumni organizer. She was Janene's roommate at the Home Management house and when I visited her, I found they kept a nice house. She, I'm sure, will serve her position well.

These girls make up the family I speak about. Incidentally, this family has a name just like any other family. We are known as the Alpha Phi Chapter of Kappa Omicron Phi. We hope to be an inspiration to other home economics students by the purposes we represent in this club, and hope they will work toward being a member of this family.

# Blue Raider Golfers Capture OVC, VSAC, TIAC Championships

## Raider Baseball Squad Is Western OVC Champ

Middle Tennessee State won the first-half of their title to the Western division championship of the OVC by downing the Murray State baseball squad 8-6 in a contest at Nashville Thursday.

Coach Fran Riel's squad jumped to an early lead, scoring two runs in the second, and five in the third, for a 7-0 lead. The third inning was highlighted by a tremendous triple to center by Doug Shrader.

Murray fought back with two runs in the fourth, but Shrader again spoiled their hopes of the Western crown when he slammed a long home run in the fourth. Murray got pairs of runs in the fifth and seventh for the remaining scoring of the contest.

Chico Reyes went all the way on the mound for Murray, giving up 12 hits and five walks. Charlie Care started for MTSC and gave up eight runs before being succeeded in the eighth by Jim Evans, followed in the ninth by Shrader, who again came in from center field, as he has frequently done during the season.

Along with Shrader, MTSC's big men at the plate were Milner Carben with three hits, and Sidney Corban with a pair.

Middle Tennessee State nosed out Western Kentucky 7-5 to win the Western division title of the Ohio Valley Conference Friday, at Nashville's Centennial diamond No. 1. It had been this same Western team that knocked MTSC out of the title, and into a three-way playoff two weeks ago.

Doug Shrader was again the hero of the play-off series. The durable

outfielder-pitcher, who chocked off a serious Western rally in the third inning, scored what proved to be the winning run in the fifth.

Coming in from his regular center field position in the third inning with the bases loaded and nobody out, Shrader struck out the first two batters to face him. He got the third on a high bounce to the mound.

In the fifth, with the score tied 4-4, Shrader walked, went to third when Bob Daniel's pickoff throw went wild, and scored on Homer Brown's long fly.

The game was played on even terms through the fourth inning, keeping the score tied in every batter.

John Carben and Mitchell Thompson were the big hitters in the Raider attack. Carben banged out three hits for four trips to the plate, and Thompson got two of the Raider eight hits. Together, the two stockman drove in five Big Blue runs.

## Last Innings Bring Raider Win Over Belmont

Middle Tennessee exploded for 11 runs in the last three innings to down Belmont College 14-11 in a VSAC contest at Nashville last week.

Trailing 6-3 in the seventh inning, the Raiders shelled starting pitcher Earl Conway and relievers Harold Pickett and Carol Pinckard for five runs in the seventh, five in the eighth, and one in the ninth.

Sid Corban connected for a pair of triples, one in the seventh and another in the eighth, and Milner Carden lashed out a homer in the eighth to pace the Raider victory. Charlie Care and Johnny Carson were other big men at the plate. Both boys had a pair of hits and drove in five Raider runs.

Lynn Banks pitched 8 2/3 innings and was credited with the win. Doug Shrader was called in from center field to put out a ninth inning Rebel rally.

## Shrader Leads Raider Nine In Lipscomb Win

Douglas Shrader connected with a home run in the seventh inning to lead Middle Tennessee's 11-9 victory over David Lipscomb in a VSAC baseball contest at Nashville recently.

Lipscomb had batted around in the fifth for five runs to take a 7-6 lead, but were trailing 8-7 when Shrader hit the blow to win his own ballgame.

Homer Brown, the Raider first sacker, had one of his biggest days at the plate. He pounded out five hits for six trips to the plate to pace the hitting parade.

Middle Tennessee pitchers issued 10 bases on balls to the host Bisons. The Raiders also committed six errors.

## Golfers Hand Sewanee Team Third Loss Of Year With 12-6 Win

Middle Tennessee State's powerful golf team handed Sewanee's Tigers their third loss of the year with a 12-6 shellacking at Sewanee recently.

Marty Graham and Doc Tant, the Raiders' No. 3 and No. 4 men, paced the victory. Richard Smith won his match to give MTSC three of the four matches.

Flowers Crawford of Sewanee beat Allen Welch of MTSC, 3-0. Richard Smith, MTSC beat Bucky Carter, Sewanee, 2 1/2-1 1/2. The first flight low ball, Crawford and Cater tied Welch and Smith 1 1/2-1 1/2.

## 12 VSAC Records Are Broken At Track Meet Here

Twelve Volunteer State Athletic Conference records were broken at the Third annual VSAC track and field meet at MTSC recently. A good crowd was present on the weather-perfect night for the meet.

East Tennessee State, the winner of the meet, took ten first place awards and had a tie for top in another. Nine of their first place marks were for the record book.

**Harold Poe was ESTC's chief weapon. He took top prize in the broad jump, javelin, and 120 yard high hurdles. For the nights work, Poe collected 17 1/2 points for the boys.**

Poe's javelin throw of 173'5 1/4" beat the old record of 168'10", and his time of 16.0 in the high hurdles erased the old mark of 16.2. The broad jump did not better the record of 22'2 1/2" that he set in 1954.

Ken Osborne of ETSC bettered records in the one and two mile runs. He toured the mile in 4:28.6" and ran the two mile distance in 10:18.5. The old VSAC records had been 4:43.1 and 10:32.5.

Another East Tennessean, Bob Warren, set two new marks with a discus throw of 136'9 1/2", and a shot put toss of 43'9". The discus record had been 116'11'7/8", and the shot put stood at 42'5".

Buddy Hartsell also took two firsts for the thinclads from Johnson City. He won the 100 yard dash with 10.1, and broke the 23.0 record in the 220 yard dash with a timing of 22.7.

East Tennessee's relay team won the relay trophy with a record smashing time of 3:30. Osborne, John Wallis, Bob May, and Hartsell, erased the old mark held by Austin Peay of 3:39.7.

Leo Cooper of MTSC and Austin Peay's Bill Lax tied for first place in the high jump, both boys clearing the bar at 6'3". This jump broke the old mark of 6'1".

Beside Lax, Austin Peay's record were Al Rogers' run of the 880 yard dash in 2:02, and Joe Grisham's 52.1 mark in the 440 yard dash. The two speedsters bettered the 880 mark of 2:08, and 440 record of 53.4.

**Austin Peay's other first place award went to Milton Darden in the pole vault. Middle Tennessee's only first place went to Ed Carson in the 220 yard low hurdles. Carson smashed the old VSAC mark of 26.3 with a 25.9 performance.**

The final score of the meet was ETSC 69 1/2, Austin Peay 33, MTSC 31 1/2, Milligan 16, David Lipscomb 8, and Union 6.

## Physical Education Club Sponsors Open Air Dance

Members of the Health and Physical Education and Recreation club sponsored an open air dance on the college tennis courts Thursday night, May 10.

The courts were temporarily lighted by gasoline lanterns. The music for the evening was provided by Wink Bennett's string band.

A large crowd was present to participate in the square dancing and round dancing. Refreshments were sold at the concession stand.

## Marty Graham Loses OVC Low Medalist Trophy In Sudden-Death Playoff, Welch Cops VSAC Trophy

Middle Tennessee State's golf team captured the Ohio Valley conference championship at the Stones River country club Saturday.

This is the third tournament the MTSC golfers have won this year, having taken the TIAC title at Chattanooga, and the VSAC tourney at Nashville.

After watching his team win, Coach Elbert Patty said, "This is without a doubt the greatest golf team I have ever had. Marty Graham, Doc Tant, Richard Smith and Allen Welch have played their hearts out all season."

team, is the only member of the squad who will graduate this year.

Middle Tennessee scored a low of 589 to take the 36-hole tournament. Their nearest opponent, Western Kentucky, finished eight strokes behind the Raiders, with 597.

Kentucky had 613 for fourth.

Western's Don Woods and MTSC's Marty Graham, finished the tournament with low medalist scores of 142. In a four hole sudden-death playoff, Woods sank a par 5 on the long 515 fourth hole, while Graham took a bogey, for the low medalist trophy.

Shown above are the members of the Raider golf team. They are: Richard Smith, Captain Allen Welch, Coach Elbert Patty, David "Doc" Tant, and Marty Graham.

## College's 1956-57 Cagers Add New Opponent To Next Season's Schedule, To Play West Texas State

**Bob Brooks**

Middle Tennessee's Spring sports schedule brought a lot of honors to the members of the 1956 squads.

Coach Joe Black Hayes track team closed out their season Saturday at Bowling Green, in the Ohio Valley Conference meet. Milner Carben brought home a first place award in the two mile run. He ran the distance in 10:23, again bettering the

record book in the 220 yard low hurdles. Carson broke the tape at 25.9 to better the mark of Jim McCorkle, Union University, of 26.3. McCorkle set the record in 1954.

Other results were:

James White (MTSC) 79-78-157; Ronald Joyce (DL) 89-80-169; Delbert Elkins (DL) 86-85-171; Herbert DeArman (MTSC) 93-70-172; Bill Rutherford (B) 90-87-177; Don Robinson (B) 99-93-192; James Ray Pugh (B) 99-99-198; Don Behn (B) 100-100-200; Fred Lassen (DL) 117-108-225.

**Head basketball coach Ed Diddle, Jr., announced recently that the Blue Raiders have added a new opponent to the 1956-57 basketball schedule. The cagers will open their season against the West Texas State College Buffaloes on the Raider court, December 4.**

Middle Tennessee 'States' All-sports banquet was held last night in the Tennessee Room of the student union building. Athletes in track, baseball, tennis, football, basketball, and golf were awarded letters for their 1955-56 play.

school record he had broken this year with time of 10:50. Speaking of records, the 1956 track team broke 14 of the school's 15 track and field records. The only record that was not broken was the high jump mark of 5'10". Marvin Jinnette set the mark in 1955. Jinnette was the teams biggest point maker during the season, entering the broad and high jump, 100 and 220 dashes and relay team.

George Frost's VSAC track record in the 880 yard dash was broken by Al Rogers of Austin Peay. Frost had set his mark of 2:08 at the meet in Clarksville last year, so Rogers came to Murfreesboro to better the record with a timing of 2:02.

Naval Air Reserve Officers Visit MTSC Campus

Two representatives from the Memphis, Tenn., Naval Air Reserve Training Unit, now on a tour of Mid-Southern colleges and universities publicizing the Naval Pilot Training Programs will be on the campus of Middle Tennessee State college in Murfreesboro on

today. Coming to the campus is Lieutenant L. E. Kistner. The Navy has announced two Pilot Training Programs, the Naval Aviation Cadet Program and the new Aviation Officer Candidate Program.

Thirty MTSC cadets will receive commissions as second lieutenants at graduation Friday night.

## Intramural Outlook . . . Tennis, Badminton Games Are Now In Progress

**Fred Kerr**  
Glen Shirley, the new intramural director, really has the program moving. At present a hot tennis and badminton tournament are in session.

In the tennis matches, which have reached the quarter finals, top-seeded Buck Bouldin and second-seeded Jim Naive are still going strong. The other three remaining in contention are Bobby Locke, Don Sharp, and Glenn Shirley.

On the badminton court, five contestants are left, Tommy Griffith, Charley Smith, Buck Bouldin, Glenn Shirley and Travis Aken.

No plans are being made for activities this summer, but there will be a full slate of contests this fall.

## Defeated Raider Manager Has Moment of Glory

Middle Tennessee's Blue Raiders were soundly beaten by Vanderbilt University on May 12, but even in defeat one Raider manager had his moment of glory. We know that

this young fellow must have established some sort of record on this historic manager's day.

The event began in the bottom of the ninth inning, when Coach Fran Riel was trying to solve the one hit pitching of Vandy ace, Truett Bayles. Riel looked at his bench full of "hitless wonders" and said, "Jack Gambill, swing a bat!"

Jack, having never been in a college game in his life, calmly walked up to the plate and "took one" as the coach had instructed. Bayles had thrown one past him at the knees.

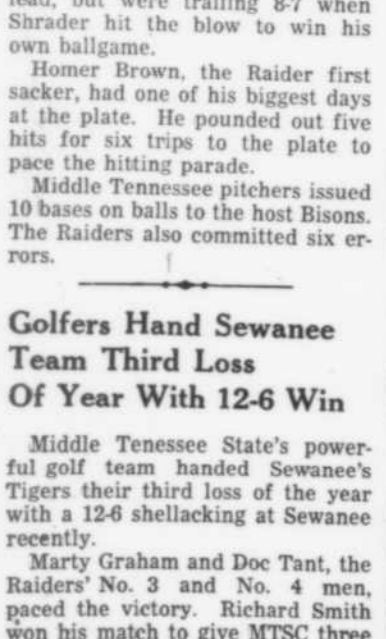

Jack was hitting away on the next pitch, but he might as well have "taken another". Now he was really in the hole 2-0, so he dug in to protect the strike zone.

Bayles now seemed to sense the situation. He cocked his arm and bent a big curve ball toward the plate.

Did Jack flinch? No! He took a clean-level swing at the ball, caught it on the nose, and rapped a sharp single to center field for Middle Tennessee's second hit of the ball game.

When Gambill reached first, he was so excited he said, "Coach, give me a runner." Little did he know that a subsequent hit and outfield fly would result in the run that kept MTSC from being dealt a whitewash.

All hats are off to Jack Gambill, the fiery Raider manager and the guy with the highest possible college batting average—1.000.

**Best In Track**  
Marvin Jinnette is MTSC's biggest point getter in track. He competes in 100- and 200-yard dashes, broad and high jumps, and is on the relay team.

### NAVIGATOR AND PILOT

The flying U. S. Air Force is a team of men who command the aircraft and men who plan the attack. These are the pilots and navigators, both equally important to the defense of America.

You, as a young man of intelligence and sound physical health, may join this select group in the world's most exciting and rewarding adventure. Your training will stand you in good stead, whatever your future plans may be—and you'll be earning over \$6,000\* a year 18 months after graduation.

If you are between 19 and 26 1/2 years of age, investigate your opportunities as an Aviation Cadet in the U. S. Air Force. Priority consideration is now being given to college graduates. For full details, write to: Commander, 3500th Recruiting Wing, Wright-Patterson Air Force Base, Ohio.

Recreation Conference Is Held on Campus

Sponsored by the Tennessee Recreation Society and Middle Tennessee State college, the second annual Tennessee Recreation Conference for Civic Leaders was held recently in the Student Union building.

The meeting was held in cooperation with the State Department of Conservation and National Recreation Association.

After the registration welcoming speeches were given by Jack Spore, president of the state society, and Dr. Francis Riel, head of the college physical education department.

Other speakers appearing on the morning program were Lou Twardzik, recreation consultant of the division of state parks; James Hardaway, director of the Murfreesboro recreation department; and Walter Coker, superintendent of recreation in Blount county.

At 1:30 p.m. a discussion was held with Francis Bishop, of Chattanooga's recreation department; Bob Vise, recreation director in Columbia; and J. Gordon Bennett, vice-chairman of the Paris recreation commission, participating.

Speaking on "The Recreation Program" at 2:35 p.m. was Miss Marion Preece, southern district representative of the National Recreation Association. A discussion was then held on "Facilities and Areas". Taking part in this session was Carl Yearwood, superintendent of recreation in Oak Ridge; Jack Spore, Nashville superintendent of recreation; and Linzi Albert, director of the division of state planning.

All the discussions and talks concerned recreation facility and area problems.

Home Ec., I. A. Clubs Have Joint Outing at Bedford

The Home Economics club met in the science building on Monday night, May 7, at 6:00 for the regular meeting, at which time plans were made for the forthcoming Industrial Arts and Home Economics joint social. This social was held on May 19 at Lake Bedford and was enjoyable for all who attended.

Plans were made also for the juniors in the club to treat the seniors at a banquet at Al Sullivan's on May 21. The purpose of the banquet, also, was to install the officers for the coming school year. The club regrets that a few of the girls will be leaving after this quarter to put to use what they have learned during the time they have studied at Middle Tennessee State college.

Among those seniors who won't be back after this quarter are: Mary Margaret Steagall, Dorothy Key, Betty Johns, Betty Tenpenny, Alice Storey.

Life Was Unbearable For J. Paul Sheedy\* Till Wildroot Cream-Oil Gave Him Confidence

Sheedy's honey kept giving him the cold shoulder. "This is more than I can bear! Why not be n-ice?" he moaned. "What fur?" she demanded. "It'll be a frosty Friday before I date you again. And just in glacer wondering why, take a look at your shaggy hair." This made Sheedy paws and think. So he got Wildroot Cream-Oil and now he's the picture of confidence. His hair is handsome and healthy looking, neat but not greasy. Wildroot contains the heart of Lanolin, Nature's finest hair and scalp conditioner. Take Sheedy's advice. Whether your hair is straight or curly, blonde, red, black or bruin, keep it neat with Wildroot Cream-Oil. In bottles or handy tubes. It's the berries!
