

Defense School Here, Apr. 20-22

Over 125 Men Now In Service On Office List

Former Students and Graduates of TSC Of All Branches In Dean's Files

Approximately 125 graduates and former students of Tennessee State have been listed in the card file being prepared by Miss Betty Berry in the Dean's office, it was reported yesterday.

"The list is not complete and if any Side-Lines readers know of any men in the service that are not listed, I hope that they will let us know," Dean N. C. Beasley stated. Though the list will be continued in the next issue, names are listed alphabetically and it may be seen whether all TSC students known are named.

The following is a list of former Tennessee State College students who are now in the service, their home address, class they would have been a member of had they come back this year, branch of service, and present address:

Kenneth Anderson, Centerville, Tenn., B. S. 1941, Army, Ft. Oglethorpe, Ga.

J. C. Arbuckle, Tracy City, Sophomore, Army.

Woodrow Arnold, Readyville, Tenn., Sophomore.

Elmer Bain, Smithville, Sophomore.

Carl A. Baker, Nashville, Sophomore, Army, Battery C, 8th Coast Artillery, Fort Prebble, Maine.

Haynie Bastian, Hartsville, Tenn., Junior.

Denver Forrest Baxter, Crestview, Tenn., B. S. 1940, Navy Air Corps, U. S. Naval Air Station, Jacksonville, Fla.

James F. Baxter, Hampshire, Tenn., B. S. 1940, U. S. Naval Reserve, Navy Training School.

Paul Gordon Blankenship, Nashville, Junior, Army Air Corps, Lieut.

Coyle Branson, Clarksville, Tenn., B. S. 1940, Induction, February 26, 1942.

Doyle Branson, Clarksville, Tenn., B. S. 1940, Navy Air Corps, U. S. Naval Air Station, Jacksonville, Fla.

Roger Brewington, Whitleyville, Junior, M. P., Camp Shelby, Miss.

Charles Brown, Hartsville, Tenn., B. S. 1941, Marines, Quantico, Va.

Harold Brown, Ardmore, Sophomore, Air Corps, Lieut.

Billy Bryant, Nashville, Senior, Navy Air Corps, U. S. Naval Air Station, Jacksonville, Fla.

Bose Buchanan, Shelbyville, Tennessee, Junior.

Jim McGill, Buchanan, Murfreesboro, (Continued on Page Four)

Drama Group To Give "Our Town" At Festival

The cast for Thornton Wilder's "Our Town," to be presented by the Buchanan Dramatic Club of TSC at the yearly Tennessee Non-Professional Theatre Festival in Nashville, April 24, was announced today by Edward L. Tarpley, Tennessee State speech teacher and a director in the state drama organization.

The play has been cut, and two scenes from the first act and the entire third act will be given by the group.

The cast includes:
Stage Manager, Ernest Hooper; Dr. Gibbs, Fenton Warren; Hosie Newsome, Andy Brooks; Mrs. Gibbs, Kate Miles; Mrs. Sebb, Marybelle Lingerfelt; George Gibbs, Bob Bundy; Emily Webb, Carolyn Adams; Professor Sillard, Raikes Slinkard; Mr. Webb, John Zumbro; Simon Stimson, E. G. Monore; Constable Warren, Parkes Farrar; Sam Craig, Leon DeLozier.

Joe Stoddard, Bob Mullins; Mrs. Soames, Ruth Taylor; Joe Crowell, Ralph DeLozier; Woman in Balcony, Kate Gore; Woman in Auditorium, Margaret Taylor; Lady in Box, Beth Orr; and all others in dramatic club in choir and grade scenes.

Nineteen graduates of Detroit high schools recently have been awarded board-of-education scholarships for one year of study at Wayne university.

Principal Speaker

First Lady To Address Welfare Meet

NASHVILLE, TENN. (Sp.)—Mrs. Franklin D. Roosevelt will be the principal speaker at the youth division of the Southern Conference for Human Welfare which will meet in Nashville April 19-21, Wyatt Jones, a student at Vanderbilt University and chairman of the youth division of the conference, announced this week.

College groups all over the South have been invited to participate in the conference which include 16 Southern states from Florida to Missouri and from Texas to Maryland. General theme of the conference is "The South's Part in Winning the War for Democracy."

Mrs. Roosevelt will speak on "Youth and Training: Civilian and Military." The First Lady will be introduced by Dr. Homer P. Rainey, president of the University of Texas and former director of the American Youth Commission, who will also participate in the discussion. Besides the youth division, other sections of the conference deal with industry, agriculture, and civil liberties, and prominent leaders in each field will participate.

Members of the Youth Committee besides Jones, formerly a student at Birmingham-Southern College, are: Becky White, Randolph-Macon College; Jimmie Woodard and Louis Harris of the University of North Carolina; Leo Rippey, Jr., Peabody College; and Harold Katz, Vanderbilt University.

115 Students Complete First Aid Courses

Approval for certification of 115 persons completing Standard First Aid courses taught by Dr. W. M. Bevis and B. B. Gracey, Jr., was announced yesterday by Rutherford County Red Cross Chairman B. Wade Stockard. Certificates will be issued from the national Red Cross headquarters, it was stated.

Names of persons who have successfully completed Standard and Advanced First Aid courses taught by Mrs. Allen Swasey and T. A. Moore will be announced later.

Three Standard First Aid courses with an enrollment of over 120 persons, are now being taught at TSC by B. B. Gracy, Jr., Ed Tarpley, and Miss Tommie Reynolds. These courses will be completed before the end of this term of the college year.

A WEEK OF THE WAR

Nelson Declares Industries Begin To Roll Over U. S.

Director of War Production Nelson, speaking in New York City, said "America's industrial plant is really beginning to roll." He said airplane production schedules for the first three months of this year have been met or exceeded and production of tanks is ahead of schedule.

Nelson said production of merchant ships is "rising rapidly" and this year's schedule should be met. A garand rifle is now available for "every one of our combat soldiers who is supposed to have one," he said. Production schedules for anti-aircraft and anti-tank guns also are being met. However, "this is no time for easy optimism," he stated, because the production of war goods is so huge a job "we can

Dr. Vivion's Message

Will you allow me to say that it has been a matter of very great joy to me personally to have had the privilege of being with you these few days. The many, many courtesies extended to me on every hand and the many gracious kindnesses have made me under deep obligations to you. I can not but be deeply grateful to you all.

Let me say also that my own sense of religious assurance has been deepened and I have gotten a great personal blessing out of these days. We live in troublesome times when the very souls of folk are being tested. We need not only to consider the great themes of religion but we need to put into practice the principles of Jesus. No man who trusts Jesus has anything to fear. He does not need to fear the past, for that can be forgiven. He does not need to fear the present, for that is adequately provided for. He does not need to fear the future, for that is in the care of the living Christ.

Let us have a quiet time every day and thank God for His mercy and seek His will.

Let us try to do day by day what He wants us to do. Let us be active in the church and join with others who are trying to build the Kingdom of God on earth.

Again I say "thank you" for the high privilege of being with you. If ever there is opportunity for me to be useful, please call on me. With the best of abiding good wishes to every member of the Tennessee College faculty.

KING VIVION.

Neal Frazier Speaks At Woman's Club

Neal Frazier, professor of English at Tennessee State College, discussed poetry, and made an appeal for more reading of poetry, and for greater effort to get full understanding and enjoyment from poetry, at the meeting of the Woman's Club Monday afternoon.

Frazier declared that poetry is a far more permanent form of literature than prose. He urged that readers of poetry place their interest in the poems themselves, rather than in the author or the circumstances under which the poem was written.

Mr. Frazier presented a lexicon to the club in memory of his late wife, once president of the club. The lexicon was received by Mrs. John Tarver on behalf of the club.

State Students In Youth Week

Robert Sanders, Bob Womack, Others To Take Part In Baptist Program

Robert Sanders, former TSC student, will take over as pastor at the First Baptist Church of Murfreesboro during Youth Week, April 12-18. He will speak unday morning on the subject, "Youth Regained," and again that night on another subject.

Bob Womack will sing as a solo Sunday morning "The Holy City."

All church activities during the week will be under the direction of the young people of the church. There will be a number of TSC students who will participate in the program of the church during Youth Week. Among those who will serve are: Thomas Mullins, Sunday School Superintendent; Frances Ball, General Secretary of the Sunday School; Mary Ann Zumbro, Ruth Adams and Frances Knights. Deacons will include Frank Burgdorf, a former TSC student, Mac Carter, David Goodall, another former student; Mitchell Modrall, Thomas Mullins, Raikes Slinkard, John Wheeler, Richard Sims, Bill Patterson, a former student, and John Zumbro.

A cordial welcome is extended to all TSC students to attend any of the services during Youth Week.

"Kind Lady" Cast Begins Work On Play

Cast and Committees Are Named by Tarpley; Adams and Slinkard Take Leading Roles

The cast for the Buchanan Dramatic club's next production, "Kind Lady," was announced today by Edward L. Tarpley, Tennessee State speech and health professor.

Two Murfreesboro students, Carolyn Adams and Raikes Slinkard will have the leading roles in the drama which should keep the audience on the edge of their seats through the play Mr. Tarpley said.

"The play is of such nature that to outline the plot or give the central theme would take away much of the interest for the audience; as a result, nothing will be disclosed concerning the plot of the production," Mr. Tarpley added.

Other members of the cast include: Fenton Warren, president of the dramatic club, Martha Williams, Leon DeLozier, Billie Green, Frances Sims, Katherine Gillespie, Bob Bundy, Kate Miles, Parkes Farrar, Ruth Peterson and John Thomas Zumbro.

Committees who will be in charge of the presentation of "Kind Lady" were announced today by Edward L. Tarpley.

Those in charge and their departments follow: John Zumbro, sound; Betty McCampbell, lights; Van Fox, sets; Jessie DePriest and Ruth Adams, programs; Ruth Taylor, publicity; Margaret Taylor, Ruth Adams, Parkes Farrar, Make-up; William Paschal, house; Billy Green, costumes; Ruth Englert, tickets; and Margaret Bruner, promoter and assistant director.

Nine TSC Men Now Officially In Navy V-7

Four Murfreesboro boys are among those TSC students who have enlisted in the Naval Reserve, Class V-7, according to a report released by the college today.

These students will be allowed to continue in school until the time normally required for graduation, then going into reserve officer training schools and upon completion of a four months course in navigation, and allied subjects be commissioned ensigns in the Reserve.

Many TSC graduates have already graduated with honors and are serving the Navy in various capacities from engineers to recruiting officers, college authorities stated.

A list of the students who have been accepted for V-7 training are: Richard Fenton Warren, Senior; Thomas Raikes Slinkard, Senior; Frank Daniel Sheppard, Senior; Earl Edward Elliot, Senior; Van Boddie Fox, Junior; James William Jackson, Junior; James Clark Turney, Junior; John Drew Hitt, Junior; Leon Thomas DeLozier, Junior.

Students commuting from their home to Massachusetts State college and back again pile up 2,479 miles each day.

Dr. Donald J. Cowling, president of Carleton college, is Minnesota chairman of the USO War Fund campaign.

Religious Emphasis Week Closes At TSC

"Religion Is a Vital, Practical Thing," Dr. King Vivion Tells Capacity Crowds

"You students are in the last plastic stages of your life. Seldom will a man change after he has passed 25, so this week let's think this thing, religion, through. We want to find out if there is anything to religion, and if there is not, let us chuck it away," Dr. King Vivion, prominent Nashville minister, told the students of Tennessee State in chapel this morning as Religious Emphasis Week at the college began.

Religious Emphasis Week at TSC continued through Thursday night, with Dr. Vivion leading discussions before the student body, in private, and before dormitory groups. Each morning at 10 o'clock and each afternoon at 6:30 discussions were held in the auditorium. Dr. Charles Lewis is faculty sponsor of the Student Christian Union on the campus.

"The fact of the matter is that most of you will not make good and will piddle and fail in the largest of things to confront you," Dr. King Vivion told the students of TSC as he pointed out their hopes and how they could be realized in Christianity, as Religious Emphasis Week held sway this week at the college.

"Religion is a vital living, practical thing in a man's life. It is necessary for a man to be religious in order to live to the fullest and to know life as it is—joyous and buoyant," this was the keynote of a series of speeches given by Dr. King Vivion during the past week.

Last Thursday night the climax was reached when various students rose and told Dr. Vivion and the audience what they had gotten from the lectures. Those most often mentioned were prayer and a renewed desire to live a better life.

Dr. Vivion's speech on prayer was profound. Many students resolved to devote more time each day to quiet devotion and care. Dr. Vivion especially pointed out that superficial prayer would receive no reward. It must come from the heart. His analogy was good.

"Are You a Christian?" This was a subject which Dr. Vivion discussed Tuesday evening. He pointed out that one must be Christ-like before he can rightfully bear the name of Christian and not all people.

(Continued on Page Four)

Hobgood Speaker For A. A. U. W.

Baxter Hobgood member of the faculty at the Training School, was speaker, April 2nd, at the meeting of the local chapter, American Association of University Women at the home of Miss Sarah Reeves, president, with Mrs. Henry Williams assisting hostess.

Mr. Hobgood, whose subject was "Our Political Policies with South America," requested that the contents of his address not be made public, it was announced by Miss Elizabeth Schardt of the A.A.U.W. publicity committee.

The speaker was introduced by Mrs. Charles D. Lewis.

Civilian Defense Leaders To Hear Many Well-Known Men

Knox Praises TSC In Wire

State Teachers College
Murfreesboro
Tennessee

The Navy is proud that your college has undertaken our V-1 plan for training Freshmen and Sophomores as officer material. Please tell your young men who apply for enlistment and training under this plan that they will be serving the nation of they continue their college courses no less than those of your alumni who are already in active service. The Navy knows that your institution and your V-1 students will do their part.

FRANK KNOX
Secretary of the Navy

Mrs. Marshall Discusses India At I.R.C. Meeting

By OLIVE JEAN PATY

Mrs. G. K. Marshall, former teacher of history at TSC, gave an interesting discussion on the subject of "India" at the International Relations Club last Tuesday evening. She is president of the Woman's Club of Murfreesboro and prominent in civilian defense work. As a lecturer, Mrs. Marshall is well known throughout the state.

Mrs. Marshall brought out the present problem of India's demand for independence, after first reviewing the history of India from the days when the European nations were vying for control of the trade in spices and other wealth of India to the present. Some of the reasons this presents such a problem are that in India there are 250,000,000 Hindus and 80,000,000 Mohammedans contending with each other for control of the government, there are untouchables who would object strongly to the supremacy of Hindu supporters of the caste system, and then there are 250 princes who naturally desire to remain autocrats in the regions they now rule. If India were allowed complete maintenance of its defense, because of their numbers, the Hindus would probably dictate the military policy and not they but the Mohammedans make good soldiers.

Mrs. Marshall questioned the effectiveness of Hindu passive resistance against Hitler and Hirohito, stating, "It would probably be neither active nor passive very long. They would all be dead!"

Mrs. Marshall questioned the effectiveness of Hindu passive resistance against Hitler and Hirohito, stating, "It would probably be neither active nor passive very long. They would all be dead!"

Mid State Faculty Takes Active Part In T.E.A. Meeting

"Tennessee State was represented 100 per cent at the state teachers' meeting last weekend in Nashville," college officials stated this week.

Many college alumni and members of the faculty took part in the program, it was revealed. Mrs. Sewell Manley, second grade teacher, Training School, took part in a panel discussion with Miss Hester Rogers, head of the TSC art department, and Miss Mary Hall, elementary supervisor for Middle Tennessee and teacher of the Training School sixth grade at present, on the subject, "Art and the Artist in Wartime."

W. K. McCharen TSC librarian, presided at the luncheon meeting Friday, at the Andrew Jackson hotel. W. B. Judd will preside at a joint session with history and social science sections Friday afternoon. E. W. Midgett led a similar meeting of the business education section. O. L. Freeman was in charge of an industrial arts group, while Clayton James discussed "How the Industrial Arts In Our Public Schools Can Help National Defense," before the same group.

Dr. Eva Burket, TSC English professor, will discuss "The Basic Arms in the Teaching of English" at the meeting. Dr. W. M. Mebane of the TSC science department is chairman of the teacher training committee of the Tennessee Science Teachers association, it was announced.

Senator Claude Pepper to Florida, Clarence Dykstra, and noted news analysts from the Mutual Broadcasting Company were featured speakers at the meeting.

Chewing gum on our chapel seats . . . the slamming of doors . . . people who never understand . . . people who never send a birthday card . . . lazy people . . . the indifference on our campus . . . trouble makers . . . students who never read . . . people who never agree . . . bad manners . . . inconsideration . . . loud laughing . . . students who won't take exercise . . . people who are always going somewhere, but never get there.

How Do Squires Feel?

The matter of a General Sessions Court, which would relieve magistrates of the additional duty of administering minor justice, is not a matter for the Quarterly Court, which is composed of the magistrates, to decide. It is a matter for the people, and the people alone, to decide.

But Side-Lines imagines that the proposal for a General Sessions Court, which is meeting with a firm, steady approval from the general public, will come in for its share of consideration at the Quarterly Court meeting Monday, if not on the floor, then in corridor conversations.

Side-Lines is still a bit uncertain on the attitude that the magistrates individually—not collectively as the Quarterly Court—have towards the proposal for a General Sessions Court. Collectively, as the Quarterly Court, we assume that the magistrates will be against the Sessions Court. But we know that there are some individual magistrates who personally would like to see a Sessions Court established, although it is probable they will choose not to express themselves openly.

There are three good reasons why the magistrates, themselves, should be in favor of a Sessions Court. One, there can be no justice in a court where the judge GETS NO FEE IF HE DECIDES THE DE-

FENDANT IS NOT GUILTY! Two, it costs Rutherford County \$5,000 a year and more for NOT having a Sessions Court. And three, the vicious practices of the Murfreesboro fee courts have damaged the prestige of ALL magistrates, including the nine out of ten who seek no fees, have the interests of the county at heart, and do their duty as they see it.

For the convenience of the 50-odd magistrates, Side-Lines just beneath this editorial column reprints a tabulation showing conclusively how permitting the fee courts to continue costs Rutherford County \$5,000 a year or more. The table is worth the earnest study of the magistrates—who, whatever their other faults, can be commended for keeping, usually, a tight hold on the county purse strings.

Boiled down, the Sessions Court question is this: can Rutherford County afford to pay \$5,000 a year to continue the fee courts? We'd like to hear that discussed before the Quarterly Court even though, as we said at the beginning, the Sessions Court matter is one that the people, not Quarterly Court, will decide.

"Week of War" Is Good

Things happen so fast and furiously in this time of crisis and adjustment that it is hard for the Little Man—and by that we mean all of us—to get a proper grasp on just what is happening.

We grab the daily papers and every day there's a new flock of announcements about rationing, priorities, shortage of materials, drafts, deaths, giant factories—any one of which a couple of years ago would have been worth a front-page streamer.

There are so many developments, every one affecting the personal life of the Little Man, and they come so fast a man just doesn't have the time to take it all in. If he tries, he finds himself soon in a muddle, knowing that great things are going on and great changes coming, but he isn't sure just what.

The best way to absorb and digest this mass of information, we have found is by reading the column which appears in Side-Lines entitled, "The Week of the War." It is an authentic and accurate digest of the big happenings of the previous week, prepared so that the reader can view the news with a little perspective.

We've found it a valuable aid to keeping up with the news.

Side-Lines Objectives for 1941-42

- HIGHER SCHOLASTIC STANDARDS
- A MORE PROFESSIONAL OUTLOOK BY FUTURE TEACHERS
- INCREASE IN CHURCH ATTENDANCE PARTICIPATION BY ALL STUDENTS IN SCHOOL PROGRAM
- THE CONSTRUCTION OF A NEW GYM
- AN EXTENDED PROGRAM OF MILITARY EDUCATION
- ORDERLY LIBRARY
- COURTESY TO MEN IN UNIFORM
- STIMULATION OF STUDENT THOUGHT
- FURTHERANCE OF THE ASSOCIATED STUDENT BODY

HOW RUTHERFORD PAYS FOR ITS MAGISTRATE COURTS

The following table shows graphically how Rutherford County is losing \$5,000 or more a year by its failure to have a General Sessions Court. It compares the experience of four Middle Tennessee counties that have Session Courts, with Rutherford County and its magistrate courts.

County	Pop.	Total Cases	Saved and Collected	Judge's Salary	Clerk's Salary	County's "Profit"
Williamson	25,252	1,795	\$7,500	\$1,500	\$240	\$5,760
Trousdale	6,133	672	1,925	900	300	725
Robertson	29,048	2,051	8,831	1,800	600	6,431
Montgomery	33,346	1,733	7,456	1,800	300	5,356
Rutherford	33,618					850

Note: The "saved and collected" figures include only the actual cash collected by the Sessions Courts and turned over to their counties, plus court costs that the counties otherwise would have had to pay magistrates on cases where fines and costs were worked out. The figures actually would be slightly higher, since collections on bound-over cases are not included.

CAPITAL & CAMPUS
ACP's Jay Richter Reports from Washington

Each year adds to the likelihood of all-out registration of women-power (ages 18 to 65). Secretary of Labor Perkins predicts that of 15,000,000 workers employed in war industries by January, 1943, 5,000,000 will be women.

The swing is most dramatic in war industries. Less startling—but of more practical value to college women—is the fact that the swing is taking place in almost every field.

The Federal Government is leading the way. Not to mention those hired "in the field," 600 women are arriving in Washington each week to enter Federal service. Many of them are hired for administrative, professional and sub-professional jobs—as economists, public relations experts, ammunition inspectors, dieticians, medical technicians and ordnance inspectors.

Uncle Sam is using them, too, in skilled and semi-skilled fields—as gas mask inspectors and assemblers, arsenal apprentices, mechanical time fuse workers, examiners of knitted and woven articles, power sewing machine operators.

Right now Civil Service is looking for women mathematicians to make computations in ballistic testing for war agencies. Requirements call for two years of college with three semesters of mathematics. Formal title of the job is "Assistant Technical and Scientific Aid," starting pay, \$1,620 annually.

For those with just one year of college, the job to apply for is that of "Junior Technical and Scientific Aid." Emphasis on college physics and chemistry is re-quired. The pay is \$1,440.

There are also vacancies right now for women "Junior Physicists"

(especially those trained in radio or sound) at \$2,000 a year. Requirements are four years of college—24 hours of physics. Seniors who qualify will be hired pending successful graduation. If your major is chemistry instead of physics, apply under the "Junior Chemist" classification.

You can get blanks for any of the jobs mentioned at the post-office or local Civil Service Commission office.

For those who are wondering what to do during a wartime summer vacation, here's a suggestion: check with your postoffice for tips from your nearest Civil Service field office on temporary jobs. In addition to whatever openings might normally appear, there are reports that offices of "decentralized" government agencies are short-handed. Hundreds of their employees elected to stay behind in overcrowded Washington rather than move into "the field."

Signs point to a major Washington effort to sell the University of Iowa's "Phoenix Fund" post-war scholarship plan to all U. S. colleges. If the idea can be "cleared" through Treasury Department big-wigs, the Department's Defense Savings section will attempt to get a national educators' committee to back the plan. This committee, in turn, would attempt to build up well-oiled organizations in colleges throughout the country this spring and summer—preparatory to a campaign spurge when fall terms open.

Briefly, the Iowa plan provides that each student buy a 10-cent Defense Savings Stamp each week to build up post-war scholarship funds for students in the armed

forces. Treasury officials consider the plan the best collegiate stamp-selling idea to date, and frankly admit they have no suggestions for improvement. Credit for the original idea goes to Francis Weaver, first-year law student at Iowa.

Look for "reactivation" of CAA training programs in some 100 colleges and universities where the CAA program had been allowed to lapse. The expanded program for next year, announced recently by CAA and the War Department, will require use again of dormant college facilities, and possibly establishment of new ones, too. Goals are for an increase of 20,000 in both elementary and secondary training courses. Men who are accepted will acquire status as enlisted reserves in the air corps or will, on finishing, serve as CAA flying instructors.

Late Afternoon

By CAROLYN ADAMS
" and so had striven to give a tongue to the high passion of his loneliness."

Thomas Wolfe expressed his loneliness in the above quotation. Certain members of our student body have written the following poems as expressions of their loneliness and bitterness. They compare favorably.

Life is
Walking on crusts of frozen ground
With bare feet.
A monotony of prosaic tones
and momentous nothingness,
Mauve pink smoke against a black sky,
Lusterless crockery filled with gay flowers.

I want nothing
That's limpid or strong
Nor things enduring or effervescent

LETTERS
To The
EDITOR

March 6, 1942.

Dear Jack:
From all appearances the "Side-Lines" never reaches me, and if it did, I don't enjoy it. But no! I do get each issue and I do enjoy it. I am so glad to hear about the new appropriations and the improvements that will be made. That sounds as if good work is really going on.

Aunt Goldie tells me that you want me to write an article. How nice. But I am afraid that all I could write about now would be the "virtues and vices of staying in bed." It isn't so bad really. There are always so many things to do, even in bed. There are reading, writing, listening to the radio, friends dropping in, mail (sometimes), drawing and the thrill of having nothing to do. Then, yes, I must confess it, there is knitting. It sounds silly, I know, but I make it more masculine by saying that I am on KP duty (you know—K-nit, P-ur). I knit for the Red Cross, as well as for myself, so maybe I am still useful to someone after all.

To go back to reading. I read Thomas Wolfe's "You Can't Go Home Again" last summer. Here is the effect it had on me. The way to perfection
It quite by detection
Of what your public will read.
So write all you can.
Be a voluminous man,
And that, old boy, is all you will need.

Then I had another "attack" when I tried to sum up all the reading I have done.

Three kinds of books there be:
The Grip, the Gripe, the Grope (the three).

By the Grip you are grasped.
By the Gripe you're aghast.
By the Grope your path or don't see.

Thanks again for sending me the "Side-Lines."

Your friend,
THOMAS COOK.

Sunday School
Lesson

BY HARRY R. MERCER
University of Tennessee

When Jesus sent seventy men to minister to the spiritual and physical needs of people, He challenged them with the great opportunities of their day. "The harvest indeed is plentiful, but the laborers are few." The field of endeavor was unlimited, and few men were making application for service. The multitude needed to be healed in mind, body and spirit, but many would go without healing because there were not enough workers.

Today, as in Jesus' day, there is no limit to the opportunities for Christian service, but there are not enough volunteers to take care of the situation.

The seventy were informed by Jesus that their mission would not be one for weaklings, nor for those who desired a soft job. "I send you forth as lambs in the midst of wolves." And a wolf never makes it easy for a lamb. The seventy would encounter much opposition from the enemies of Jesus. The Pharisees would be there to malign and criticize; the scribes would be there to pick flaws in the interpretation of the message; the adducers would be there to ridicule; the crowd would be there, and crowds manifest apathy as well as response. The obstacles to the ministry of the seventy would be great.

This windy moment
This shoddy ground of sun
Are enough to bear
Seen through eyes of human loneliness.

INNER-WRAPPED
I am inner-wrapped with
Hope-foolishly constant,
Belief-in high happenings at sea level.
Fortitude-queasy and uncertain.
Laughter-at man who hitches wagon to a star run by his hand.

SPRING
There is a green violet mist up on the trees
My hair is twisted by the breeze.
There is harsh, unfiltered sunlight to meet
The damp hot ground beneath my feet
Hot sun upon my neck and book
Gives the scene a garish, lurid look.

Life is such a complicated matter.
I wonder why—
Is it because all people
No matter how small are complex,
Or is it because all people
No matter how large are simple?

It's Right This Time The
Alumni Banquet, June 4

Hello, ALUMNI!

If you had as happy an Easter as I did then you are all smiles—just like the students on our campus these days. Four days of freedom for Easter must be just the right tonic for us. Everybody seems to be unusually full of pep and happiness since our holidays. I hope all of you Tennessee teachers enjoyed your relief from teaching and gained much good from the meetings held in Nashville.

The alumni breakfast was especially enjoyable this year. With the exception of 1937 and 1940, there was a representative of every year since its institution started conferring degrees in 1926. The crowd was not so large as it might have been, but those who attended had a very good breakfast. I would like to mention the names of all who were present, but there is not room to do that here. The date for the alumni banquet has been set for June 4. Let's all remember that and don't even let '37 and '40 fail to have representatives.

TOM HEWLETT came back home with the boys and girls from Columbia High School, who were contestants in the Tennessee Interscholastic Literary League contests held here Saturday, March 20. He has been band director there for four years and this year has a seventy-five piece band. Tom is certainly doing all right!

Another of our musically inclined boys, MADISON DILL, had to give up his direction of the band at East Nashville High School and enter the armed forces. He is at present to be found in Midshipman's School Chicago, Ill.

Say! All you alumni who used to be dramatic club members or were interested in drama, remember how much fun you had giving plays? And remember how you always thrilled to see a good bit of acting? Carolyn Adams and Raikes Slinkard will help you recapture that thrill when you see them in "Kind Lad," April 21 and 22, here in the auditorium. 'Tis too bad that some of you are too far away to see this spellbinding mystery.

FRED R. TRAVIS has been promoted to staff sergeant in the United States Marine Corps. He was granted a military leave of absence from his work in October, 1941, to handle public relations work for the Nashville district recruiting office of the United States Marine Corps. He received his basic training at the Marine Barracks, Paris Island, S. C., and was transferred to Nashville in December of last year. Now we find WILIAM "UG" McCORRY is stationed at Paris Island.

The "love-bug" has captured CHARLES LILLIARD LIGGETT. He is to marry Miss Nelle Gregory Fryer of Goodlettsville, on May 1. Until then, he is spending his time teaching history at Donelson High School.

Two alumni who were joined in matrimony, April 2, are ROBENIA FLANIGAN and GEORGE W. JOYCE. Robenia has been teaching in Maury County since finishing school and is one of the county's most popular teachers. George is now engaged in agriculture. After June 1 they will make their home

in Murfreesboro. LULU FOUST's engagement was announced in local papers this week, but it is true that DANCE HODGE is about to get married to an ex-Tennessee College girl?

From the faculty of Castle Heights Military Academy fourteen members have been drawn into military positions during the last several months. The first of them to be called into active duty with the army was THOMAS J. GO-LIGHTLY.

Good news to hear is the success of the operetta, "Crazy Town," given by the McEwen Grammar School under the direction of LOIS WEEMS, SUSIE PATTERSON, and four other teachers. Lois had charge of the costuming and Susie played the music. Sixty students participated and cooperated beautifully.

BROWLOWE SHARPE, coach of Erin High School, has joined the Navy to serve as a physical education instructor in the Gene Tunney body building program that has recently been started in the Navy. He has done much for the athletic program in the Erin High School. Both of his basketball teams received trophies this year, and went to the regional tournament in Nashville.

A few words about the friends in armed forces, and I will bid you "good-bye." At Jacksonville, Fla., DENVER BAXTER was awarded his golden wings and commissioned Second Lieutenant. B.S.L. THACKSTON has been transferred from Alabama to the air corps in

Florida. Those who recently left Murfreesboro for armed service are JOHN HOLLOWAY, "BUD" LOKEY, "BUD" LYTTLE, FRANK BURGENDORF, and RUSH TAYLOR. Last week ROBERT TAYLOR was home on a furlough. He, with his sister, MARJORIE TAYLOR, was back on campus greeting old friends.

Denver Forrest Baxter, 23, of Crestview, Tennessee, this week joined the sturdy band of Americans who make up the expanding U. S. Naval Air Force.

In brief graduation ceremonies at the Naval Air Station in Jacksonville, Florida, he was commissioned an Ensign in the Naval Reserve and awarded the coveted Navy "Wings of Gold" by Capt. C. P. Mason, commanding officer of the big Jacksonville Naval flying center.

Ensign Baxter joined the Navy at Atlanta, Georgia, and went through elimination training at the Naval Reserve Air Base in Miami, Florida, before reporting to Jacksonville last June.

There he received the intensive training necessary to turn out the "worlds toughest aviators." He learned to fly Ucle SAs' mighty warplanes through fogs and darkness. He took courses in weather conditions, Aviation mechanics and communications.

Now Ensign Baxter is prepared to proceed into active duty as a flying officer with a unit of the Navy's air arm.

Don't forget the banquet, come to see "Kind Lady," if you can; and let me hear from you by return mail!

Best wishes to all,
ALUMNI SECRETARY.

Prospecting

By McBRIDE JONES

Believe it or not, but in the spring all young men's thoughts do not turn only to love, but also to baseball.

Activity is brewing on the cow pasture near the cow barn in the form of baseball practice. Coach Jordan's 1942 edition is in the making.

Who remembers last spring's team? Well, the record was six won, four lost. Games were won from Vanderbilt (2), Murray, Western and Lipscomb (2). Losses were to Murray (3), and Western.

Jackson topped the hitters at a .539 clip. Bryant nosed Drivers out .415 to .414 to lead the regulars. Ellis led the pitchers with five wins against one loss.

Prospects may turn out and last year's record be bettered. Let's hope so, anyway.

Speaking of records, a record that needs to fall is attendance at the games. Why not turn out for one, especially opening day?

What has the Yankees that we have not? Really want to know? Two guys named Joe (Dimaggio and Gordon).

It seems the new Freshman rule will save our baseball team, just as it helped our football and basketball teams. Freshmen are eligible to play on the varsity.

The only returning hold-overs from last year's team are Tarpley, Jackson, McIntyre, McDonald.

Who would have thought last year we would be without Bryant, Driver, Schleicher, Ellis, Adamson, Tolbert, and the great Drops with Hodges and McClintock thrown in?

Get prepared to celebrate a victory or even two over Vanderbilt. They are sure to come again. They did last year. Remember the thrill when Jackson sent fourteen Com-

modores back to the bench griping about that third swing or called strike that broke their backs.

"Red" Hanson aiding with the team is doing a bang-up job. You should see the fat outfielders run (if that's the word) after his flies, impossible to catch.

Your guess as to an opening lineup is as good as Coach Jordan's. He would not venture a line-up, so why should I? Just give him some infielders.

In fact, an infield would be appreciated. Under handicaps, such as we have, we get along somehow.

Stands have been placed out where the diamond will be, so come out and look things over for yourself.

It seems odd seeing some one swinging from the portside on our diamond. Remember last year no one even attempted it. Well, now five are trying it and look very good.

Here's to more home runs and fewer strikeouts.

TSC Students And Director To Nashville

A large number of students from Tennessee State College will attend the Second Annual Tennessee Association of Non-Professional Theatres to be held in Nashville in the near future, Edward L. Tarpley, TSC faculty member and a member of the T. A. N. P. T. committee at large, announced this week.

Tennessee State students will present a scene from Thornton Wilder's well known play, "Our Town," which they presented last year at the college.

Mr. Tarpley will discuss "The Show As An Artistic Whole" at one of the conference meetings. Well known speakers and round tables will also hold the spotlight at the meeting.

"The place of the theatre in the war effort will probably be discussed thoroughly also," Mr. Tarpley stated.

In a statement of plans for the two-day gathering in Nashville, the T. A. N. P. T. Bulletin says:

"This will be both a festival and a conference.

"Six or eight one-act plays will be brought into Nashville by member groups. Some of them will be original plays, and some of them will not; that question will be left entirely to the groups bringing the plays. . . . One recognized critic-judge will be present, and at the end of the program he will make a critical summary of all plays presented. No prizes or awards will be made, and no 'first' or 'second' places will be announced. . . ."

"The conference phase of the meeting will consist of general conferences, and conferences on play-writing, stagecraft, acting, directing and little theatre management. Already a number of experienced speakers are being contracted for all the different types of discussion. Actual demonstrations and general discussions will play large parts in the meeting."

President McGlon emphasized in his own statement that "no fees will be collected and visitors will be welcome." He called attention to Executive Committee action looking to the use of productions by group members in the entertainment of Army camps within the confines of the state. He said that all groups "in Tennessee primarily interested in the production of study of drama are eligible to membership" and that "persons who have a definite interest in drama or dramatics and not belonging to a group affiliated with the association may submit their names with the idea of being accepted as individual members."

30 Candidates Out For Baseball Practice

17 Are Taken Into W.A.A. Friday

Softball Tournament Set For Next Week, As Club Cooperates With Physical Training Program

Seventeen new members were taken into the TSC Women's Athletic Association Friday afternoon at the college, Miss Tommie Reynolds, faculty adviser of the organization, stated yesterday.

Those accepted for membership are: Mabel Bowling, Jessie DePriest, Frances Moudy, Jane Esther Maxwell, Jane Usher, Bobbie Willis, Vivian Barnes, Margaret Hill, Tina Hill, Lila Buchanan, Christine Thurmond, Violet Fuson, Sarah Nell Lloyd, Evelyn Haley, Vivian Crowell, Alice Arnold, Margaret Sisco.

The club is taking an active part in the new physical development program being initiated at the TSC this spring. A softball tournament will begin under its sponsorship.

"Patriotism" Is Theme Of Chapel Speech

"We ought to talk on every occasion about patriotism. It's not talk, it is something deeper, something we feel and think," Baxter Hobgood, TSC faculty member and state high school supervisor, told the Tennessee State faculty recently.

"Patriotism is deep. It was the driving factor at Valley Forge, it was the thing that won the war in Argonne Forest, and the spirit of the Alamo, in 1838 it was the thing that caused the cry, 'Remember the Maine,' and brought the song, 'Remember Pearl Harbor' to the fore," Mr. Hobgood said.

"And so America must and will be first, not in treading the old worn path to destruction, but to a new trail to a new Jerusalem, where wars will not be," he said.

"Patriotism is important, so important that we ought never to forget it. We ought to sing 'The Star Spangled Banner' and at least once a week pledge allegiance to Old Glory," Mr. Hobgood concluded.

Dr. Barton Morgan, head of vocational education at Iowa State college, is president of the rural education department of the National Education association.

Psychologically speaking, it is sound to maintain many peace-time extra-curricular activities during war, in opinion of Dr. Paul White, University of Texas psychiatrist.

Raider Grid Schedule Announced For Fall; Prospects Good; Practice Closes

The Tennessee State Blue Raiders finished up their spring grid session yesterday afternoon with prospects for an excellent season next year, as their fall pigskin menu was announced by Coach Wink Midgett.

The outstanding feature of next year's schedule is the game with the University of Tampa, in Tampa, October 16, Midgett pointed out. It is probable that the entire Raider squad will make the trip, he said.

The Raiders came off the practice field in top form. No rough stuff had been tolerated as the small number of players, approximately 20, make the risk of injury too great. Light exercise and general conditioning as the order of the practice sessions.

The chief problems of Coaches Midgett and Freeman were the development of a good kicker and center and center, to replace the loss of the Tucker brothers, Burney and Tommie. Bill Burkett, heavy sophomore, has rounded out into an excellent kicker, with the ball going high, wide and handsome every kick, Midgett said.

James Craig and Emory Davenport, sophomore and senior next year, have both been up into the center spot and are showing up fine, Midgett said.

"Western Kentucky will be left off this year and it seems probable that athletic contests with the school will be cut off, but this is best as we did not need the game to fill our schedule anyway," Coach Midgett said.

Union University, Jackson, Tenn., will also be left off as the two colleges could not get together on a date.

The complete Raider schedule follows:

Sept. 22, Memphis, there.

October 2, Troy, Alabama, here.

October 9, Austin Peay, there.

October 16, Tampa, there.

October 22, Maryville college, here.

Nov. 6, Delta State Teachers college, here.

Nov. 13, Murray State Teachers college, here.

Nov. 26, (Thanksgiving Day), T.P.I., here.

Vanderbilt First Foe, Here April 20th

Maryville, TPI On Schedule As Jordan And Hanson Mold Raiders Into Unit

Approximately 30 men turned out for the first official Blue Raider baseball practice session Monday afternoon, according to Coach Wink Midgett who was in charge of the practice in the absence of Coach Nance "River" Jordan.

Prospects for the Raiders on the diamond are wide open and run up and down both ends of the speculative schedule. Only two or three berths on the squad seem to be clinched and the fighting for positions promises to be heavy.

The Raiders should be aided by the addition of Johnny "Red" Hanson to the coaching staff. Hanson has played six years of professional ball and the consensus of opinion is that he is a real addition to the squad.

Gene McIntyre, Horton Tarpley, and Jimmy Jackson are the only lettermen returning to the squad. Maury "Hornet" Smart, Raider basketball star is expected to take a spot on the regular nine.

The years schedule follows: April 20, Vanderbilt, here.

April 25, Maryville College, here.

May 8, T.P.I., here.

May 12, Vanderbilt, there.

May 15, David Lipscomb (a double header) here.

May 19, T.P.I., there.

May 25, David Lipscomb (double header) there.

Aviation Cadets Seem Destined To Marry Early

RANDOLPH FIELD, Tex.—Strictly confidential military intelligence for girls who are getting starry-eyed about glamorous Aviation Cadets at Randolph:

You are advised to sort of get in a hurry. When Class 42-F hit the "West Point of the Air" wearing their natty olive-drab uniforms—which already look like those of officers—over 25 per cent were engaged.

And blondes and redheads, it will be an uphill flight with you, frankly. For of the class as a whole, 68 per cent prefer brunettes. But there is some solace, of course, in that there are not as many blondes—and even fewer redheads—to look after that the 26 per cent of the class who prefer girls with "honey golden hair," as one Cadet elaborated. Six per cent preferred redheads.

But those figures are for the class as a whole; it's slightly different among those who are already hearing chapel bells come the day they get their wings and commission.

The castor bean may become a major United States crop from which will flow oil needed to replace imports cut off by the Pacific war, says Dr. W. L. Burlison of the University of Illinois.

An athletic field at the College of St. Scholastica, Duluth, Minn., covers one-third of the 160-acre campus.

DUKE UNIVERSITY SCHOOL OF NURSING DUHAM, N. C.

The Diploma of Graduate Nurse is awarded after three years. Qualified students are eligible for the degree of B.S. in Nursing after an additional year of hospital and university work.

The entrance requirements are intelligence, character, and one year of college work.

The annual tuition of \$100.00 covers the cost of maintenance and uniforms.

Because of the urgent need for nurses, the next class will be admitted July 5 instead of September 30, as previously announced.

Catalogues, application forms, and information about requirements may be obtained from the Dean.

Side-Lines Slander-Spring Rains, Onions, Administration Intefere With Compusology

WELL, Easter has passed by, but Spring is still here. That old personality who always accompanies it has certainly shown himself to be around the campus. And you can tell it too. You should watch some of your campus pals and lassies. . . . WATCH the tennis courts, and you will find out most anything. It is there where many college romances bloom and fade away.

LONELY . . . ALLENE KERR. Frank Burgdorf left for the marines. . . . JOHN HOLT. Don't worry, senator, that car should keep down the distance between here and Nashville. . . . BILLIE GREENE. With HAROLD in Memphis.

HAPPY . . . SARA JOHNSON. You would be too if your soldier came back after being gone for months. Glad to see you, ORBRY.

GLAD . . . to welcome Ralph Dye and Roy North back to TSC.

TRAVELERS . . . THE BLA-LOCK SISTERS. They really travel between here and somewhere and always come back in the best of humor.

OBSERVATIONS . . . I hear it rumored that LUCIA SMITH and MARGARET BELL had a swell time in Springfield last week-end. The trip home was simply delightful. . . . How come MCINTYRE was overwhelmed by his girl friend's roommate last Thursday night. . . . I wonder if CAROLYN WEBB prefers Georgia or Knoxville. . . . FRAN HALL is still leading REASONOVER around, but I hear that she has her hands full. . . . ANN DOUGLAS EDWARDS was overwhelmed with joy Wednesday night when she had a long distance call from her soldier friend in Missouri. . . . I hear that there is a cute co-ed from Georgia on the campus this quarter. From what I hear, I'd like to meet her.

BUY A DEFENSE BOND OR STAMP TODAY!

ADVICE . . . If you want to enter a business where you can start at the top, why not try digging ditches.

TCW . . . There are a number of TSC boys who seem to find a great interest at TCW. Among these are ROBERT SANDERS, CHARLES QUALLS, RAIKES SLINKARD, FENTON WARREN, if he would, and ANDY BROOKS. By the way, ANDY, I understand that that feeling between you and that TCW girl from your home town might be made mutual. . . .

Be sure to see KIND LADY. It's unusual, extremely interesting, and full of new personalities.

THEY SAY . . . EVELYN CARROLL give me a man who is good looking and who can dance. . . . VIRGINIA PASCHALL. Give me a man.

PERSONALITY . . . A cute package of personality who has been around the campus for almost a year and at the same time managed to keep out of this plot of dirt is MAGGIE JOHNSTON. By the way, I'm told that MAGGIE and green go well together.

CAMPUS-alities . . . THOMAS MULLINS and MARJORIE LOVELL. . . . BABE YOUNG and JIMMY JACKSON. . . . MARY KATE BRAGG and JIMMY SUMMARS. . . . KATHERINE GILLESPIE and THOMAS COLEMAN. . . . MARGUERITE CLEMENTS and ROGER SMITH with ED HESTAND thrown in once in a while. . . . BOB JOHN and BETH COLLEY. . . . JOHN WHEELER and PEGGY THOMPSON. . . . BOB WOMACK and ELIZABETH CLEMENTS. . . .

MUSINGS . . . I wonder how it is that CAROLYN ADAMS is still able to wear a flower above her left ear. . . . It's strange why certain faculty members object to being mentioned in gossip columns. It's all in fun, sometimes. . . . What's the matter with those peo-

ple who didn't vote in the recent ASB elections. It's people like you who make student government a failure. . . . The great interest that TCW holds for certain TSC students. . . .

SPRING FORMAL . . . It's time now to be thinking about the spring formal that is soon to come, and plans should be made early in order to assure its success. Lets hope that something definite is done in order to remedy the attendance problem.

COMMENTS . . . Letter from Tullahoma USO to distinguished president of the Buchanan Dramatic Club, RICHARD FENTON WARREN, began: Dear Director, Producer, Playwright, Author, President, Business Manager, Advertising Manager, and Lord of the Campus. . . . Now that it is all over with CATO WHITE, that siren, MARY ELIZABETH PEPPER, seems to have successfully rekindled an old flame. Is that true, DOC. . . . How much is JANE USHER really missing JOHNNIE DEGEORGE. . . . Is LADY SUE CRANE still carrying an old torch? . . . Look what ROBERTA's leaving the campus has done for DORIS MASON. . . . I have an idea that all could be hunky-dory between MARY ANN ZUMBRO and BILL TULEY. . . .

LET'S HASTEN TO ADD . . . "BUTCH" BARBER looked extremely happy the other night. Why not? There was a soldier and a taxi. . . . I knew something about RUTH TAYLOR, but she bluffed me out of telling. . . . L. M., now you know. . . .

THE MORE IT COMES . . . April fool's day came and went quietly enough or did it? . . . I hear that BETH ORR made a hurried trip down stairs expecting someone early in the morning. . . .

Some one tried the old surprise package on you, eh, LU LU? . . . GEDA GILL is back with us and seems to be extremely fascinating to at least two of the freshmen on the campus, BOB BURKETT and JAMES CRAIG. . . . What about the letter you got FRANCES HOLDEN? Who said all the boys from the University of the South were God's gift to the women? . . . Whose the latest romance on the campus? Haven't you heard? FRAN LOVE and that red-headed man, FRED STEWART. . . . Why does ELVA McMAHON cast those longing glances toward the dish room in the cafe. She knows Ashton is too busy working to notice her. . . . Evidently LUCILLE TITTS. WORTH thinks "Life can be thrilling" with JOE MONEY around. . . . Some people give such strange gifts, don't they, SARAH? At least you can wear them.

When the cat's away the mice will play. For example, JANE USHER and J. G. STONE and MARY FRANCES MOUDY and SAM NICHOLS. Shame on you, girls, and JOHNNY and JOE both serving Uncle Sam.

One couple that moves about the campus so quietly that you may not have noticed them, so we'll mention it here, JULIA HARRIS and SPENCER ERVIN.

You'd think BRANSON and EASTLAND were official USO's, the way they entertain soldier boys these days.

With all this glorious spring weather, even the most studious members of our school find time to sit on benches and gaze at the sky. For instance TINA DOYSTER and that science major weren't doing research work the other day.

HEWLETTE BURTON does all right from the appearance of that Cumberland He-Man she was displaying Tuesday night.

AT BOCK'S

It's a Treat To Eat . . .

PLATE LUNCHES 30c

If you like delicious food, cooked just right, served quickly and correctly at moderate cost, you'll enjoy BOCK'S. The combination of good food and service can't be beat!

Nelson Declares

(Continued from Page One) paid for. Red Cross local chapters began collection of the extra cloth made available by the elimination of cuffs from approximately 50 million pairs of trousers now on hand in stores. The salvage clip will make about 300,000 new suits. The Board ordered production of cover caps of tinplate or terneplate, used as closures for catsup, jelly, etc., stopped immediately and of crown caps for bottled beer and soft drinks stopped April 30. Production of fluorescent lighting fixtures was ordered ended immediately; of vacuum cleaners, April 30; and toys and games made of metal, plastic and other essential materials, June 30. The Board curtailed use of crude rubber and latex in 50 articles, including fire and mill hose, storage batteries, etc. The WPB reported investigations of 14,000 firms for compliance with priority orders have been undertaken since last June. Reports have been completed on 3,500 firms, the Board said, and of these 1,600 showed no violations while approximately the same number reported minor violations through misunderstandings. The reports resulted in 35 suspension orders, affecting 46 firms and one individual. Thirteen Federal agencies and more than 3,500 investigators are co-operating with the Board in the surveys.

PRICES

The Office of Price Administration froze manufacturers, wholesale and retail prices of plumbing fixtures and of 44 common household electrical appliances, all at March 30 levels. Ceilings were not set on wholesale prices of bond, ledger, book and plain and fancy cover paper and Bristol, and on producers quotations for Pennsylvania anthracite coal. The Agriculture Department said the retail cost of food is now 15 per cent above the 1935-39 average, but is still below the 1929 level.

CIVILIAN DEFENSE

Civilian Defense Director Landis said Axis air raids on American war industries this spring are "entirely possible." He said "It's worth a dozen bombers to the Germans to wreck vital industries, even in the heart of the country." Landis said \$20 million of OCD funds have been transferred to build facilities for manufacture of civilian gas masks. First shipments of helmets, arm bands and other equipment for air raid wardens and auxiliary firemen and police were sent to

more than 40 Atlantic and Pacific coast cities.

THE ARMED FORCES

The Senate passed and sent to the House a bill granting pay increases from \$30 a month to \$42 for privates and apprentice seamen, and providing proportional increases for other classes of enlisted men in the armed forces. The Post Office Department issued regulations for granting of free first-class mailing privileges for all ranks of the armed forces. The Senate passed and sent to the House a bill eliminating restrictions on marriage of Army and Navy officers during the war. The President signed legislation to permit the War Department to recruit American technicians serving in foreign armed forces and to pay them more than \$21 a month during the first four months.

The Navy Department said meetings have been arranged in 35 states between April 9 and 17 to acquaint educators with the Navy officer procurement program under which 80,000 college freshmen and sophomores will be recruited annually. The students will be enlisted as apprentice seamen and allowed to remain in school at least to the end of the second year. About 35,000 will be selected each year for further training leading to commissions as ensigns in the Naval Reserve.

The House passed and sent to the Senate an \$18 billion War Appropriation Bill, providing almost \$7 billion for military airplanes. The Senate passed and sent to the House a naval public works bill to provide a billion dollars for expansion in aircraft and storage facilities. The War Department ruled officers and enlisted men, except those of the regular army, may campaign for and hold political office, if such activity does not interfere with military duties. Selective Service Headquarters instructed local boards to start classification of February 16 registrants, and to prepare to fill the Army's June call—and possibly the May call—from these men and the earlier registrants. SS Headquarters also issued instructions to all local boards for registration of an estimated 13,500,000 men between 45 and 64 on April 27.

THE WAR FRONT

The Navy reported as of April 4 total Japanese losses inflicted by U. S. Naval Forces included 21 warships sunk, 13 possibly sunk and 22 damaged; 48 non-combatant ships sunk, 14 possibly sunk and 14 damaged. The Army and Navy said Axis submarines sunk or presumed sunk by the Navy total 24, and

those by the Army number four. Assistant Secretary of War for Air, Levett, said U. S. pilots in the Far East are shooting down five Japanese planes for every plane lost. The forces of Lt. Gen. Wainwright in the Philippines repelled several enemy attacks by land, sea and air on Bataan Peninsula and Corregidor Island with heavy Japanese losses. Japanese bombers sank the U. S. aircraft tender Langley, the destroyer Perry and the Navy tanker Pecos in the Southwest Pacific, with an estimated loss of 700 men. The Navy reported the torpedoing of 15 more United Nations merchant vessels in the Atlantic.

SHIPPING

The Maritime Commission reported all contracts have been awarded for the 23 million deadweight tons of merchant shipping—nearly 2,300 cargo ships and tankers—which the President has set as the 1942-43 goal. The Senate passed and returned to the House a bill enlarging the war risk provisions of the Merchant Marine Act to allow insurance of foreign as well as domestic ships.

AGRICULTURE

The Department of Agriculture said it had purchased more than 7,500 million pounds during the first year of the Department's expanded purchase program—March 15, 1941, to March 15, 1942. More than half of all purchases were for meat, dairy and poultry products. Most purchases were for lend-lease shipment.

The Agriculture Department reported prices of all farm products combined were 99 percent of parity on March 15, 1942, and 46 percent above the 1909-14 average. The Commodity Credit Corporation reported it has contracted for the sale, during the period ending April 30, of about 5,500,000 bushels of corn and about 240,000 bushels of wheat to be processed into industrial alcohol.

Men's Glee Club To Give Program

The Men's Glee Club under the direction of Miss E. May Saunders, will present a program in the TSC auditorium on the evening of April 16. The following numbers make up the program to be presented. The Viking Song ----- Coleridge Merry Robin Hood ----- Lemeenk The Club Londonderry Air ----- An Irish Air Robert Neel Massa Dear ----- Negro Spiritual Po Moaner ----- Negro Spiritual Wilson Patten, Soloist Nobody Knows the Trouble ----- Negro Spiritual Justin Doster, James Shoner Ye Banks and Braes ----- Old Scottish Air Chorale—From Finlandia Sibelius The Club

The members of the Glee Club are: First tenors, Robert Daniels, Tom Suddarth, Horton Tarpley; second tenors, Wilson Patton, Donald Knight, James Shoner; first base, Harold Hildreth, J. G. Stone, Bob Womack, Jack Allen; second base, Bruce Robinson, Justin Doster, Laddie Royster, Horace Beasley, L. M. Taylor, Bob Harvey.

American Draftee Better Developed Than English

IOWA CITY, IOWA —(ACP)—The average American draftee is a pretty healthy fellow, stouter and stronger than his contemporary in the English army, Prof. C. H. McLoy of the University of Iowa physical education department asserts.

Professor McLoy, now doing research work for the army air corps, declared "English youths aren't nearly as well developed as Americans of the same age."

"Our boys show better reflexes and quick reactions and are much heavier through the chest and shoulders,"

"Do You Want to Bear the Cross For Jesus?" was another subject discussed. In this Dr. Vivion painted the cross in all its sordidness and yet resplend in glory. All through the lectures, Dr. Vivion strove to improve upon the mind the practicability of religion and the obvious need for it in our everyday lives. It is something one can feel and that feeling is evidenced by one's actions. "There is a God and there is immortality" was repeated often. Man does not die like an animal — he lives on and on. Man does not have time here to develop his potentialities and his capacities to the fullest. Man is immortal and we must live so that we shall enjoy that immortality to the full. "Lo, I am with you always." God is always present when you're in sorrow. Knowing God makes sorrows easier to bear. Music library at the University of Wisconsin contains more than 2,500 volumes of a historical, biographical, critical or scientific nature, as well as several hundred miniature scores. The University of Texas has opened new chemical engineering and petroleum engineering buildings this semester.

More Pleasure for You There's satisfaction in knowing that the 6 1/2¢ revenue tax you pay on every pack of twenty cigarettes is doing its bit for Uncle Sam And you'll get complete smoking satisfaction in Chesterfield's famous blend of the world's best cigarette tobaccos. This superior blend is tops in everything you like best in a cigarette. It is definitely MILDER, far COOLER and lots BETTER-TASTING. Try Chesterfields today. See why millions say: "You can't buy a better cigarette." CAROLYN CASSIDY, Miss American Aviation. From coast to coast our country's air lines are playing a major part in National Defense. From coast to coast Chesterfield gives smokers more pleasure. WE WILL WIN. We did it before and we'll do it again. Once a smoker has enjoyed Chesterfield's cooler, better taste he smokes them again and again. ON THE NATION'S FRONT It's Chesterfield Copyright 1942, LORETT & HYATT TOBACCO CO.
