TEACHERS FROM GERMANY

Pictured here observing the sixth grade students at MTSC training are exchange teachers from West Germany, Dr. Karin Heitmuller, extreme left, and Dr. Eleanor Cladder, extreme right, center left, Dr. Howard, principal and center right, Andrena Briney, teacher.

Exchange Program Brings Transfer Teachers to Campus for Two Weeks

German people are acquainted with the effect of Marshall plan aid in the rather rapid economic recovery of West Germany, but the desire for peace is so great that Communist propaganda finds a ready ear, especially among the youth of that country.

On these two points Misses Eleanor Cladder, Westphalia, and Karin Heitmuller, Hanover, exchange teachers who are now visiting at Middle Tennessee State College, agree.

They also feel that the average German, particularly in the British occupied zone, feel that there is some ulterior motive behind the occupation forces desire to have German co-operation with NATO.

"We felt as the Allies approached here is somebody that will make us free—but none of the Allies have really made us feel that we are free. To most of us it has been an exchange of National Socialism administered by one group of Germans to an occupation government administered by another group of Germans under foreign domination."

Both of the teachers feel that a wider experience in democracy is necessary before the average German can really appreciate it. "We thought we were fairly familiar with democracy until we came to America and actually saw it in operation. Now we actually know that democracy means that you do actually have the right to criticize authority without fear—it really live up to the ideal of democracy here," Miss Heitmuller stated.

In the schools the visiting teachers say they are impressed with the fact that neither the students or teachers seem overworked—"there is none of the strain that is so apparent in our schools" they said. Both teach in the British zone, Miss Cladder in a Catholic school, Miss Heitmuller in a non-sectarian, but privately endowed college designed to train teachers.

"We feel that we are allowed more freedom in teaching than we were

under National Socialism", Miss Cladder said. "I can remember that sometimes some of the boys in my classes would tell me 'You ought not be so out-spoken, some of the boys in our form are National Socialists and they may inform on you'. Today we have no fear that such will be the case. However we felt no particular restraint under National Socialism — so long as you weren't violently critical to the government", she added.

The danger of Communism is an ever present threat in the minds of the Germans. "So great is the desire for peace that the German youth, especially, is ready to believe which ever force, the Allies or the Germans, who seem to promise the most for the least. The Russians are much more effective with their propaganda than the Allies."

That German unity is desirable, but at present not possible seems to be the attitude of the visitors. "We actually don't know what goes on behind the Iron Curtain in spite of the fact that we are only a few miles from it. We can only guess that

Cheerleaders Majorettes Elected For Year

By LOIS STEDMAN

Since the beginning of the Fall quarter at MTSC, six cheerleaders and nine majorettes have been elected to their respective squads for the coming year.

Cheerleaders are DeNeil Agee of Mt. Juliet, a senior, Pat Trigg of Lewisburg and Pat Lanlus of Shelbyville, both sophomores, and three freshmen, Don Jackson of Springfield, Carolyn De Priest of Nashville and Billie Swafford of Winchester.

At the present time there is still one place vacant on the squad, and several girls are now trying out for the position.

Working constantly to create pep and enthusiasm the cheerleaders request the support of the student body at pep meetings and football games. A bonfire is tentatively scheduled preceding the next home game. Watch for the official announcement by Miss Buleah Davis, sponsor of the cheering squad.

Martha Dickens of Murfreesboro, a sophomore this year, has been elected captain of the majorettes for the year 1952-53. Other baton twirlers are Maxine Chambers of Manchester, a junior, and three freshmen, Marguerite Cotton of Columbia, Betty Jean Guernonprez of Murfreesboro and Jane Gilliland of Cleveland. Flag twirlers are Margie Allen of Nashville, a sophomore, and Martha Sorrell of Sparta, Joyce Cooper of Cowen and Delores Custer of Winchester, all freshmen.

Mrs. Nell Wright is in charge of the majorette routines.

New Women's Dorm Constructed

The construction of the new women's dorm is now under way on the campus. Located directly below Lyon Hall, the new dormitory will house 88 women.

The building will have four floors. The ground floor will have a kitchen, laundry room, and a recreation room which will be available for the women to use. The apartment for the house mother will also be located on this floor. The other three floors will be made up of bedrooms which will have one complete wall built in for wardrobe space. This one wall will have full wardrobes, chest of drawers, and dressing table built in.

The floors throughout the dormitory will be tile.

By next September the dormitory will be ready for occupancy. At that time Jones Hall will be converted back to a men's dormitory. That will enable all of the students to have a place to live on the campus.

This dormitory will be one of the most modern buildings to be added to the MTSC campus in recent years. It is a building that every one on the campus can be proud of.

our people over there feel very much as we do—that they are controlled by a foreign power and would like to have a free national state. It's achievement as a political reality is an entirely different thing."

After two weeks spent at Middle Tennessee State College Miss Cladder and Miss Heitmuller will visit schools in Nevada, New Mexico, San Jose, California, Salt Lake City, Chicago and Boston.

Annual Conference A Two Day Event

"Help children to grow in appreciation, aid them to learn things they don't like" Dr. Ruth G. Strickland, professor of education, Indiana university told teachers meeting, in the final session of the two-day ninth annual reading conference at MTSC.

Language, spelling, grammar and writing all form a part of "Reading—1952 style", according to Dr. George Murphy, director of the reading clinic at Pennsylvania State college, in his address concluding the meeting. Modern reading teaching is a broad field, covering all the media of communication we have, he said.

Highlights of the two day conference as developed by these and other speakers included a statement that schools are but broad laboratories of life and that teaching must have a carry-over into adult life.

Assisting in the conference were special guests and speakers from the State Department of Education Peabody college and other state colleges including, Commissioner of Education J. A. Barksdale, R. Lee Thomas, Roy Vance, Dr. T. J. Farr, Dr. Harold S. Pryor, Miss Willie Stevens, Mrs. Maud S. Terry, Dr. Knox McCharen, Dr. Charles Van Antwert, Dr. W. P. Alexander, Miss Mary Florence Betts and R. E. Brinkley.

The conference committee was headed by Roy Simpson of the assisted by Dean N. C. Beasley, Dr. MTSC education department staff, Howard Kirksey, R. E. Brinkley, Robert Abernathy, Dr. W. D. Bowdoin and Miss Mary Hall.

CHECKING UP

The housewife had hired a handyman on an hourly basis to paint the upstairs. After an initial period of some banging around all was quiet in the upper regions of the house. Concerned that her painter was loafing on the job, the housewife called up the stairs:

"Are you painting, now?"

"Yes'm" came the reply.

"I was wondering, because I hadn't heard any noise," she called back.

"Sorry, lady," he retorted irritably, "but I ain't putting it on with a hammer."

ASB Constitution; Your Laws and By-Laws

Editors Note: It has been brought to the attention of the Side-Lines, that for the past two years the Constitution and By-Laws of the Associated Student Body has not been presented to the Student Body as a whole. We are beginning a series of articles going to give you the Constitution.

ARTICLE I: SEC. 1. The name of this organization shall be the Associated Student Body of Middle Tennessee State College, Murfreesboro, Tennessee.

SEC. 2. The principal purpose of this organization shall be:

1. To unify all students and organizations under one general control.
2. To aid in the internal administration of the school.
3. To give the students actual practice in a democratic form of government.
4. To develop in the students self-discipline and social responsibility.
5. To promote in all ways the best interest of the school.
6. To aid in the social, extra-curricular, and disciplinary realms.

SEC. 3. All student, both resident and day shall be members of this association.

ARTICLE II: SEC. 1. There shall be three separate and distinct divisions of the government of the student body, known respectively as an Executive Department, a Legislative Department, and Judicial Department.

SEC. 2. The Executive Department shall consist of a President and a Vice-President, elected by the ASB, in a manner prescribed by law, from the Senior Class; and a Secretary, a Treasurer, and Attorney-General, and such other administrative officers as shall be provided by law, to be appointed by the President and ratified by a majority of the Congress.

SEC. 3. The Legislative Department shall consist of a unicameral body called the Congress. The members shall be elected annually by classes—in a manner prescribed by law. The Congress shall meet during the first and third week of each month, the day to be fixed by law, and at any other time upon the call of the President of the ASB.

SEC. 4. The Judicial Department shall consist of a Supreme Court, a dormitory council for women, and a dormitory council for men, and such other inferior court officials shall be created by law.

1. The Supreme Court shall consist of 2 seniors, 2 juniors and 1 sophomore. They shall be appointed for a term of one year by the President of the ASB and confirmed by a majority of the Congress.

2. The Dormitory Council for women shall consist of seven members, 2 seniors, 2 juniors, and 1 freshman. These shall be elected by the women of the dormitories. Laws and By-Laws of the council shall be vested in a separate constitution for Dormitory Women.

3. The Dormitory Council for men shall be organized upon the same plan as the Dormitory Council for Women.

ARTICLE III: SEC. 1. All officers elected by the ASB and confirmed by the President of the ASB or elected by the classes, must have an average grade of not lower than "C".

SEC. 2. The President of the ASB, shall be from the Senior Class and may be either a man or a woman. He shall be appointed by the ranking officer of the ASB. He shall preside at all student assemblies. He shall be responsible through his associates in office to see that all laws of the school are enforced.

SEC. 3. The Vice-President shall be from the Senior Class. He will preside in the absence of the President, and act as non-voting chairman of Congress.

SEC. 4. If the President of the ASB is a man, then the Vice-President shall automatically be a woman and vice versa.

SEC. 5. The Secretary shall perform the duties customarily attached to that office, and such others as shall be assigned by laws.

SEC. 6. The Treasurer shall receive all money raised by the ASB and pay such money out upon order of the President when such expenditures are authorized by Congress. A complete record of such transactions must be kept by the Treasurer in such a manner

Buchanan Drama Club Unfolds Plans for Coming Year

By LUCY HALE

The Buchanan Dramatic Club has exploded with plans for the year and is under the enthusiastic direction of their new sponsor, Mr. J. J. O'Shea. Three guest speakers, Miss Phyllis O'Shea, director of recreation at Sewart Air Force Base, Mr. Pellhan, co-founder and director of the Nashville Circle Players and Miss Carrie Silverthorne, business manager for the Circle Players, spoke at their first meeting. These people are planning to aid the club in setting up and operating an arena theater.

Several evenings last week club members were seen emerging from the vacated music department in the Ad Building with grimy hands and dirt streaked faces. They had been cleaning up and salvaging old materials and supplies which they arranged in their new locations in the rooms under the stage and old gym.

The arena theater which will be located in the former band room under the stage is the main project of the club this year. There are plans for three student directed plays in the theater each quarter. "Ladies in Retirement" is being considered for the club's stage production this fall. Crew chiefs have already been selected and the work rooms are ready to begin work on preparations for this quarterly drama.

On October 21, the drama club will have a dinner meeting in the Student Union Building and will leave immediately afterward for Nashville where they will be special guests of the Nashville Circle Players to view a dress rehearsal of their current play, "Come Back Little Sheba." They will observe the director giving directions to his cast and all stage preparations. Arrangements for chartering two buses are being discussed. If these plans are completed, any member of the student body will have an opportunity to go.

The dramatic club has proved to be one of the most active clubs on the campus, and works hard to accomplish its goals.

as prescribed by law.

SEC. 7. The members of Congress shall number eleven, elected by the classes; four from the Senior class, three from the Junior class, two from the Sophomore class, and two from the Freshman class.

The Congress shall comprise the final law-making body of the ASB. A majority vote be required to pass or repeal any law or rule. A majority of the members of the Congress shall constitute a quorum. Bills may be introduced by any member of the Congress. All bills, before becoming law must pass three readings, and at least five days must elapse between the first reading and the final passage. Congress shall make ample provision for acquainting the President of the College of all bills. Voting shall be viva voce, provided that, on any matter before

MORE MORE MORE
The Congress, one member may demand a standing vote, and three members a roll call. Contested gress shall be decided by the Congress.

SEC. 8. The Supreme Court shall be the final judicial organ of the ASB. Time of meeting, motions of appeal from Dormitory Councils, voting and such other administrative matters shall be determined by law.

SEC. 9. The Dormitory Council shall be devoted to considering matters of local dormitory interest. It shall deal with matters of minor violations of dormitory rules.

ARTICLE IV: SEC. 1. Election of all executive officers shall be held during the last month of the Spring Quarter. All candidates must have at least a "C" average and stand high in citizenship.

SEC. 2. Candidates receiving a majority of votes shall be declared elected.

SEC. 3. Counting of ballots and all other matters pertaining to the elections shall be conducted by the President of the ASB, and the Supreme Court.

SEC. 4. Election of succeeding Congressmen shall be held during the first month of the Fall Quarter of each new school year. These elections

(Continued on Page Four)

ANNUAL FACULTY RECEPTION

In the above picture a number of guests are shown in the lobby of the Student Union Building as they waited to enter the Tennessee Room to meet new members of the faculty. The faculty reception and dance was one of the highlights of freshman week.

Freshman Week Brings New Friends, Events And Activities to New Students

By STEVE UNDERWOOD and LIB DREWRY

Let it be said now that the views and opinions expressed in this story did not come from one person only but have been gathered from the freshmen in general. No offense is meant, generally speaking, to the upper classmen because we know they went through it too.

For the majority of us freshman our college life began with the hurrying and scurrying of getting moved in. If you were lucky you found a bed in your room otherwise you dumped someone else out and took theirs. I tied mine to window frame! For the girls especially,

mirrors were in great demand and envious was the look in them.

Glad were we to know of the many entertainments that had been planned for us that first week. We were so busy getting dates or at least trying to get dates for the various occasions that the homesickness just didn't have time to creep upon us, thank goodness. Jones Hall was all abuzz over the excitement of seeing and meeting real live college football players. Many a little heart has since stood still when one of these priceless objects walked by. Needless to say that we freshmen had the best times of our lives playing games, dancing and getting to know the wonderful people at MTSC.

Oh yes, that first meal can't be left out by any means. The first questions asked by a freshman boy was where is the chow line, how much does it cost, and where is that blonde I was supposed to eat with? First he went to the library where he found only a lot of old books which he decided would make a little too heavy of a meal and then to Lyon Hall where, incidently, he found the girl. Finally he spied a long line of blue and white capped

Union Building Has Do's and Don'ts

MARY KILLEEN

Since the opening of the Union Building during the winter quarter last year, many questions have been posed by the students as to how its use to be regulated, and what could and could not be done in their building.

Last week the Sidelines published a report or summary of the suggestions formulated by the committee appointed to cope with the problem. Nothing definite was told in the report as to what has been done, what will be done, and what can not be done.

Now, even though there are some points still being decided upon, we will try to report what has been done so far.

Item No. 1, which should interest most students who do not already know, is that the Student Union Building stays open until nine every night except Sunday. The main attractions being the lunchroom and the game room with its pool and ping pong equipment and even checkers and cards.

An office has been provided for the ASB executives. Cloak rooms are conveniently located with plenty of room and even book racks.

One of the most desired items on the list, the television set has not yet been decided upon, but then it has not been vetoed either.

The band stand has already been provided for the Tennessee room.

Room has been provided for all church groups to hold their weekly meetings in the centrally located building.

Baptist Students Elects Officers

The Baptist Student Union officers for the coming year will be as follows: Sue Kirby, president; First Vice president, Frances Nelson, Greta Moore, second vice-president; Mary Jewell McPherson, third vice-president; Jean White, Secretary; Guy Norton, Margaret Holland, Sunday School Representative; Jane Gillum, Training Union Representative; Carl Prentice, Chorister; Dr. Robert Palmer, Pastor Advisor; and Milas M. Ayers, Student Director.

Last year the Baptist Student Union sponsored a Pre-School retreat, Mr. Chester Sword in a youth meeting. Several members attended a convention held in Nashville last year.

The BSU sponsored several socials. Several members attended Spring Retreat, a banquet held for Baptist students.

Last year Marion Penuel, a graduate of MTSC and member of the BSU, was chosen as a summer missionary to Fort Lauderdale, Florida to work with the Indians there.

The Home Economics Club held its first meeting of the new year Monday, September 29. About forty members were present.

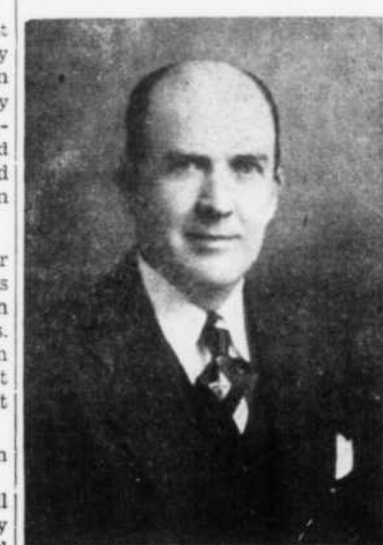

The group met in front of Jones' Hall and hiked to Mrs. Muncie's home on Richland Place for a picnic supper.

A short business session followed the picnic.

Swann On M T Faculty

President Q. M. Smith has announced that Hubert Swann, a resident of Lebanon and former Murfreesboro Central High School Coach, has been added to the faculty of MTSC.

Mr. Swann, who is a candidate for

Hubert Swann

his doctorate degree at Columbia University, is well known in Middle Tennessee educational circles. After a brilliant athletic and scholastic career at MTSC he became coach at Mt. Pleasant, and later came to Murfreesboro where he was head coach for several years. Later he took his Master's degree at the University of California and returned to Tennessee to become president of Martin College at Pulaski.

He volunteered as a private in the army with the outbreak of the war in 1941, and came out a Major, the rank he maintains in the Reserve Corps. Since his discharge from the service he has had a varied college teaching experience and more recently has been at Columbia University completing his work on his doctorate.

He will teach psychology on the education staff at Middle Tennessee State College.

Swimming Pool May Open Middle of Month

Students who are still hoping for a full school quarter of swimming in the physical education course will have to wait until approximately the middle of this month before they can even step into the cool waters of the pool.

Work is now nearing completion on the project begun several years ago here at MTSC. At the present time the suppers are being tiled and the entire pool is being painted. Authorities have not yet set a definite date for its opening, but they estimate the time to be in the near future.

students licking their chops, so naturally curiosity led him there. After fighting his way up the line, two knock outs and one fracture, he saw the door. Suppose we leave him there at the mercy of the cash register.

Surely if we had known of all those old I. Q.'s tests that were thrown at us our enthusiasm would have certainly been limited. However we managed to live through two days of back-breaking, brain-straining sessions. Probably the only serious thinking some of us will do this year. In due respect to the teachers, this is only a pre-year speculation.

Now comes the main part of freshman week. That famous day, and I'm sure you know what day, arrived only too soon. Yes, Registration stood there staring us in the face. Registration is a hard old fellow to cope with and scared some of us little freshmen almost to death. With the help of many upper classmen and the wonderful understanding of the teachers and advisors old Registration got thrown out of our paths. Only this week though, I heard one freshman complaining with sore feet that he got when Registration stepped on them in one of the many mile long lines he stood in.

High heels, short skirts, paper hats and shorts pre-dominated the campus scenes on initiation day. The boys were just tickled pink when they learned they could wear pajama tops, paper hats, blue jeans and no shoes in their journey to town. For the girls dressing was much more difficult. Some intellectual soul dreamed up the idea of one high heel shoe and one low heel. Dainty little onions were to add the fragrant aroma to the dainty little girls and let it be said here that Tabu can't hold a candle to Onion Ala. Never in the history of MTSC has there been such a display of pretty legs adorned with beautifully colored garters and grotesque hats. No offense ladies!

It was generally agreed by all that the show of talent on behalf of the freshmen during initiation was excellent. Leading parade Saturday were some very versatile "he" majorettes in blue jeans and shorts. Their so called batons being from the very best oak tree on the campus. Behind them came some high stepping young ladies which added much to the show.

Singing in the cafeteria, dancing, eating with knives and carrying trays were some of the many lowly tasks performed by us. But we have a big surprise for you, we lived through it and come next year we'll have our revenge.

A serious thought for you wonderful MTSC people that we'd like to leave with you is that we plan to spend our happiest days at the most wonderful place in the world.

Hoyte Sanford Is Back In Germany

With U. S. Forces in Germany—PFC. Hoyte Sanford, whose wife, lives on Route 4, Murfreesboro, Tenn., has joined U. S. Army Forces on security duty along the vital Rhine River area in Germany.

Sanford is a dispatcher in the transportation section of Headquarters Detachment stationed at Kalserslautern, Germany.

A veteran of 16 months service in Germany, he was a student at Middle Tennessee State College before entering the Army in December 1950.

His parents, Mr. and Mrs. J. N. Sanford, live on Route 5, Murfreesboro.

A farmer's mule kicked his mother-in-law to death. A tremendous crowd turned out for the funeral, made up almost entirely of men. The minister commented, "This old lady must have been mighty popular because so many people will leave their work to come to her funeral."

"They're not here for the funeral," said a surprised farmer. "They're here to buy the mule."

ASB OFFICERS FOR THE YEAR

The ASB Officers for the coming year were announced in Chapel last week as they took the oath of office. They are left-to-right: Ernest Adams, Jim Lincoln, Malcolm Rives, Dimple Moncrief, Mary Ann Dickey, Ralph Osteen, Norvel Branham, and Jim Crawley.

Sims, Williams, Corlew Qualified for Election

Three Middle Tennessee State College faculty members have been qualified to run for Tennessee Limited Constitutional Convention, delegates to which will be elected in the regular election November 7.

Dr. C. C. Sims was qualified in Rutherford county, Dr. Charlotte Williams in Davidson county and Robert Corlew, who is now at Auburn, in his native Dickson county.

The calling of the convention was authorized in the August primary vote. In the campaign the classes and instructors at MTSC played a prominent part through press releases, radio appearances and personal work at the polls on election day.

AN OPEN APOLOGY TO THE FOOTBALL TEAM
By DOT WOOD

The MTSC football game with Sewart Air Force Base was won with probably less support from the backing of the student body than any game ever played by the team within recent years.

You can ask any person enrolled at this fine institution their opinion of the MTSC Raiders and they will all stoutly maintain the highest loyalty and respect for what we know to be a fine team composed of a group of excellent and experienced football players.

That Saturday night, the football team fulfilled their duty to the student body and the college by an 18 to 0 score which is something to be proud of.

Co-operation between the student body and the football team has made many a poor team good and a good team, excellent. School spirit can never be over-emphasized because it is impossible to have too much of it.

EXCLUSIVE TO THE COLLEGE AND UNIV. PRESS

MTSC has again been designated as a Testing Center for the Selective Service College Qualification Tests December 4, according to Dean N. C. Beasley.

Number of students taking the Selective Service College Qualification Test will swell to approximately half a million with completion of the third series of tests to be given December 4, 1952 and April 23, 1953 at 1000 testing centers throughout the country.

In announcing dates of the third series, Major General Lewis B. Hershey said that 413,395 students already taken the test. He reported that the Educational Testing Service of Princeton, New Jersey again has been designated to prepare and administer the test on the basis of submitted bids and to send each examinee's score to selective local boards.

Students whose academic year will end in January 1953 have been urged to take the December 4, 1952 test so they will have a test score in their cover sheets before the end of their academic year, at which time their boards will re-open and reconsider their cases to determine whether they should be deferred as students.

To be eligible to apply for the college deferment test a student must (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not previously have taken the Selective Service College Qualification Test.

Applicants for the test will mail application blanks for the December 4, 1952 and April 23, 1953 administrations to Educational Testing Service in self-addressed envelopes, which will be given to registrants by local boards. All these cards have not yet been mailed to local boards and it was emphasized that they will not be available until after October 6, 1952.

LETTER FROM A FRIEND

Dear Mr. Sloan: Well, here I am with the Hopi (Hoe Pea), and I must say I like it fine. We are only 70 miles from town—Winslow, Arizona that is. I feel as you once said, "I like teaching better than anything I ever did."

Last Saturday we had our first taste of the roads after a rain. We went to Flagstaff, and coming back we had to drive 660 miles in nothing but mud. I had to get under the car in order to get the chains on. What a mess!

The school is getting out a newspaper in a few days; when it does I will send you a copy. This will be the first one at this school. It will be written by the pupils.

We have not attended a dance yet, but there was one Saturday. The Hopi call it a basket dance; and should you ever attend one don't get very close because they throw things, and they do not care who gets hit. The dance is all in fun. A few came to school with black-eyes. This is a woman's dance, and they fill the baskets with foods, bottles of milk and what not.

We have Mennonites here. When the Hopi have their rain dances, why the Mennonites pray it will not rain. Now I ask you, which is the better? The way I look at it what difference as long as it rains. The Mennonites came here 50 years ago, and said, "We will show you how to make Christians of these people." They have not made one yet, I have been told.

Another group the Latter Day Saints work here, and they promise the Hopi they will become white if they become Christians. Who the heck wants to be white? I will leave you with this thought.

Yours, truly,
A. G. O'KELLEY,
Orabi, Arizona.

RUTLEDGE ROUNDUP
By PEGGY AMBRESTER

The doors of Rutledge again opened to her daughters about two weeks ago, and by now everything is back on schedule and the same as usual—except for the new faces that have appeared.

Speaking of new faces, we, the old gang here at Rutledge, extend a most hearty welcome to all the girls that came over from Jones Hall and also our transfer students.

"Some people have all the luck"—is heard very often, but it's true in the case of Greta Moore and Mattie Lou Wilson. Both lucky girls are sporting brand new cars. See what I mean!!!

Last weekend we started our guest list off with a bang by having: Nancy Cummings and Lea Rowe from Fayetteville; Cathy Nelson and Patsy Stotter from Nashville; Joyce Frank from Chattanooga; Patsy Ambrester, Gay Merriman, and Elaine Searcy from South Pittsburg.

Flash! Anyone wanting to know the latest news on Ft. Jackson, South Carolina, please contact Ann Ledford. We hear she receives sugar reports every day.

Congratulations to Joyce Cooper and Martha Sorrell who have been chosen flag twirlers for our band. Also to Dimple Moncrief who was appointed Secretary of the ASB.

This past week-end was made complete for Ruth Youree with the added attraction of Dwight Ogler. Dwight is now teaching in Decatur, Georgia.

The girls here at Rutledge wish to commend our little Sisters and the whole Freshmen class for being such well sports during initiation. You're really a wonderful group.

Harold Daniels, an Alumnus of MTSC, seems to be making frequent calls here to see a certain Sophomore on third floor, who is none other than Anne Lamb.

The deadline is only fifteen minutes away; so that can only mean it's time to end the Roundup for the present. 'Till next issue when more news will be rounded up from 'ye ole immortal halls.

Many Alumni Head County School Systems

Here are some interesting facts about our MTSC graduates.

John M. Bennett of Tullahoma has been employed as chief chemist of the Tullahoma water and sewer departments. After graduating from MTSC last year he attended the University of Tennessee water plant operators school. During the war he worked 32 months with the Corps of Engineers in water filtration.

Mr. T. B. Webb, Principal of the DeKalb County High School in Smithville, has recently been named as mayor of his home town.

Miss Helen Womack of Flat Creek assumed her duties as Superintendent of Schools of Bedford County on September 1. Prior to her election Helen was a member of the faculty at Shelbyville High School. Clifton Wiser became County Superintendent of Schools in Coffee County on September 1. Prior to his election he had just served as County Trustee for four years.

Carlos Hargis was elected County Superintendent of the Macon County Schools this summer and entered his office on September 1.

Jim Taft was elected Superintendent of Schools in Van Buren County, an office which he held before World War II.

Many other graduates of MTSC are county superintendents. These include William Bragg of Cannon County, James A. Clark of Franklin County, E. J. Cunningham of Grundy County, Roy C. Smith of Hamilton County, Grant Coble of Hickman County, Charles Holt of Lawrence County, J. H. Warf of Lewis County, Marvin Byrom of Moore County, Ira Daniel of Rutherford County, Grady Griffith of Sequatchie County, Earl Sexton of Stewart County, Glen Gallien of Wayne County, Beecher Cooley of White County.

John Melody, who was married this week, is working for Harrison Brothers Florists in Nashville.

Ed Heitzberg, who is in construction work, is in Houston, Texas.

Louis Farringer, who married Frances Ann Thomas, is back in Nashville where he has established an insurance business. Louis was a visitor on the campus recently bringing us up-to-date on several of the boys who were with him here in the 1946-1948 period.

Dr. John Wood who married Marjorie McPolin, is practicing dentistry in Nashville.

Dick Richardson is a salesman with headquarters in Nashville.

Dick Covington, who is in graduate school at Vanderbilt, was married recently.

Dr. Joe Robinson is an intern at Nashville General hospital.

Dr. Albert Randall is working for the State.

Charlie Rountree, whose wife is the former Peggy Bryant, is working with General Shoe Corporation in Nashville.

Johnny Butler is coaching at Anderson. (Continued on Page Four)

FROSH FACTS
By LILA AND JOYCE

Hello teachers and upper classmen. The freshmen have arrived in a big way and are ready for a big year. We in Jones Hall are all abuzz over new rooms, new roommates, and most important of all new boy friends.

We are mighty proud of two of our cute girls who were chosen as cheerleaders for the coming year. They are Carolyn De Priest who hails from Isaac Litton in Nashville and Billie Swafford from Winchester. Keep up the good work, girls.

Jones Hall has among its many versatile girls a professional dancer by the name of Betty Jo Hyde. Betty Jo just recently completed an engagement in Nashville at the Hermitage Hotel and will teach dancing here in Murfreesboro. Best of luck to you, Betty Jo!

Flash! "Frosh girl gets into men's swimming class!" Typical of all the confused freshmen is Sue Durham who had the luck of getting her classes mixed up in such a nice way. Tell me, SUE, how did you do it?

Two of our cutest girls seem to have attracted the attention of two of our handsomest freshmen boys. We have been seeing Mary Ann White, George Frost, Mike Hughes and Don Hayes together on the campus quite often lately. My, isn't campus life fun?

The MTSC band is sporting two new majorettes and a flag twirler from our respective abode. The majorettes are Marguerite Cotton from Columbia, Jane Gilliam from Cleveland and our flag twirler is Dolores Custer from Winchester. These high stepping young ladies are adding much glamour and grace to our already fine band.

Charlotte Williams is a mighty lucky young lady because this weekend she saw her brother who has been in Korea for some time. The airport in Nashville was the place of their meeting. We are anxiously awaiting his arrival on the campus for Charlotte says he is strictly dream bait.

Lila Maybrey has informed us that the MTSC campus is blessed with a cupid. This cupid has blond curly hair, a loud voice and his last name begins like this "OSTE—". She says that it was all because of him that she met a certain somebody. Aim your arrows straight, cupid!

Vet Village News
By EMILY SMOTHERMAN

Yep! Vet Village is still here! It looks doubtful from "for however, the way we are all surrounded by ditches, and hugh piles of dirt." But we "ain't complainin'" one bit! Mainly on account of the reason for the ditches is that steam heat is being install in all the apartments. So—on we go our merry way, walking two miles out of the way to wash our clothes, but knowing and hoping soon the ditches will be covered! (We hope).

Maybe we should begin to call Vet Village "Honeymoon Village" noting all the newly weds 'round about. For instance—Mr. and Mrs. Harry Gupton (Sara Curry), Mr. and Mrs. Bobby Smotherman (giving myself a plug).

Noticed the hugh smile on Jimmy Smith's face lately? The reason is the brand new boy he has. From what we hear, mother and baby are doing fine, and the father "as well as can be expected."

Mitchell Jones has his family with him at MTSC this year. His wife, Betty, and baby girl Vallory are both as pretty as a picture.

The Bob Veaches are back and daughter, Vickie, who has the loveliest curls I've ever seen. Bob takes up laundry and dry cleaning 'round here, and guess we would all wear dirty clothes if it weren't for him.

Bobby Ray Smith and pretty wife, Florida, are members of Vet Village now.

What would all the young mothers ever do without Mrs. Ray Smotherman as the baby sitter?

Well, this is all the news for this issue, but will see you next time to tell you more about "Us Married Folks".

Dr. Joe Robinson is an intern at Nashville General hospital.

Dr. Albert Randall is working for the State.

Charlie Rountree, whose wife is the former Peggy Bryant, is working with General Shoe Corporation in Nashville.

Johnny Butler is coaching at Anderson. (Continued on Page Four)

CAMPUS CAPERS
Society, Sycophants, and Such
By EMILY SMOTHERMAN

Whee—! Ain't it just wonderful to be back? Doesn't MTSC look bigger and better? Gee, there just is no place like the FINEST.

Welcome all transfers and freshmen, and three cheers to you freshmen for being such a swell group of good sports. Haven't seen such a lively bunch in many a day! Just know you will learn to love MTSC, and will become attached to it. It is already attached to you, and already you have become a part of the campus. Hats off to you freshmen, and it isn't so bad after all being a freshman is it?

Congratulations to our new cheerleaders and majorettes. Everyone is cute as pie!!

I don't know why Mr. Adkins is so calm! After winning all that money! I guess most of you know now how he and Mrs. Adkins, and all three of the little Adkins won \$500 on the Strike It Rich radio and TV program!

Chattanooga was painted blue and white last Friday night when a group of MTSC'ers joined the Blue Raider football team to play UC. The pep band and cheerleaders were not alone in the cheering for the Raiders. Orchids to all who were there and supported the team.

It didn't take the seniors long to recognize Louis Davidson, Back from Korea. Louis started with the class of '49, then stopped a couple of years to take "an educational tour of Korea." He is back now, still singing and entertaining us all! Welcome Louis and also George Brown, another would be senior who got call by the national guard.

Orchids to the ASB officers and the Supreme Court, and good luck throughout the year. You have been elected and chosen well.

Welcome all additions to the faculty. We are glad to have you and hope you are glad to have us in your classes! (Guess it is safe to hope at the beginning of the quarter.)

Mrs. Wade is all smiles these days! Notice the way her eyes light up when her new baby boy is mentioned.

There has been something odd about "Mama" these days, and it was discovered what the season was—just "Mama" without Rodger and Gupton!

Well, dead-line is drawing near, so we'll close. Again would like to commend the freshman class for being so nice in every way.

That's all—out will see you.

Mr. Setliff is an eligible bachelor, now commuting between Lynchburg and Murfreesboro each day. However, he hopes to make his home here in the near future. Mr. Setliff likes to hunt and fish, but his favorite hobby is raising tropical fish. He has a total of about 20 different species ranging in size up to four inches long. Mr. Setliff is co-sponsor of the MTSC Chemical Association.

We want to welcome Mr. Setliff to MTSC, and we hope his stay here will be an enjoyable one.

Mr. Setliff came to MTSC from Furman University where he had taught for two years.

MTSC Masters
By MARTHA RICKS

The first master of the week is Miss Carol Harding who is the new art instructor. Miss Harding was born in Atlanta, Georgia where she received her Bachelor of Fine Arts degree. She later studied painting at the Boston Museum of Fine Arts and received her masters degree at Columbia University. Miss Harding taught at Berea College, Berea, Kentucky, before coming to MTSC. Since she has charge of the entire art department, Miss Harding hasn't had much time to look around the campus, but she is very enthusiastic about what she has seen so far.

Of course her favorite occupation is doing oil paintings, but she also likes to play ancient folk tunes on the dulcimer. This versatile lady enjoys dancing and practically all sports.

We are very fortunate in having such a fine teacher in our art department here at MTSC. Anyone who doesn't take an art course is really missing something. We certainly hope Miss Harding will like MTSC as much as we like her.

Our second master of the week is Mr. James A. Setliff from Lynchburg, Tennessee. He is our new instructor in organic chemistry and also teaches some general inorganic classes. Mr. Setliff received his BS in chemistry at Vanderbilt University. He did his graduate work there also in the field of organic chemistry, specializing in the pre-

paration of organic materials. Mr. Setliff came to MTSC from Furman University where he had taught for two years.

LYON LINES
By RACHEL MILLER

Its back to school for everyone at MTSC with hopes high for finding room for lots of fun and I guess we have all resolved to even make an A or two. How drastic can we get?? I'm sure everyone was glad to see old "pals" and "buddies" and I guess most of us have missed friends who aren't returning, but to those who are taking their places in our dorm we would like to say "WELCOME" to the new girls (Flo Allen, Joan Bales, Alice Ann Bass, Jo Ann Burnett, Mrs. Tyrus Coppinger, Mamie Harris, Jewel Little, Maxine Murrill, Jane Morrison, Camille Murchison, Bobby Reynolds, Mrs. Urylma Sidle, Billie Swafford, Frances Woodard, Ruth Clark, Frances Smotherman, Frieda Heiss, and Bennie Heiss.

Second I would like to extend best wishes to the girls who came back to school with "new names". These are Barbara Dale Sharber, Dean Drake Capplinger, Jimmy Lou Copeland Tanksley, Norma Gaudenzi Norris and Mary J. Bilbrey McPherson.

During the summer we missed some of our "permanent fixtures" in the lobby. This created a drab atmosphere at the time. Many of you probably don't know what we are talking about. In case you don't, we are referring to the "steady couples". Those we missed include: Lois Ann and Murril, Joyce and Ralph, Neuva and Johnny, Delores and Jim, Dot and Howard, Mary and John Thomas, Betty and Bibby.

We would like to pin a medal on all the girls who make our lobby so cheerful and inviting with their serenading each evening. Mary Jo and Barbara's playing never fails to bring a flock of girls such as "Nita" Cook, Eleanor Warmbrod, Ina Bell Evans, "Dot" and Mary Ann Dickey, Jo Akins, Cornelia Swain, Nancy Hill, Mary Elizabeth Warren, Eupile Gilbert, and Dot Jones around the piano. Keep up the good works, girls. We like it!!

ALONG THE SIDELINES
By BOB HETTISH

The Stewart game is now on the record book and the Raiders won a hard fought game 18-0. Again a Raider appeared in the Banners Mid-State Star of the week in the person of Mitchell Jones. Mitch made some beautiful catches of passes in the Stewart game.

Coach Charlie Greer has the 1952-'53 edition of the Blue Raider basketball team working out in the gym each afternoon. Coach Greer has nothing but praise for his team. This years team will be made up of freshmen and sophomores with the exception of Gerald Johnson and John Raymond Smith. He has six returning lettermen in Ken Trickey, Sammy Smith, Doris Jones, John Raymond Smith, Gerald Johnson, Tom Hogshead.

Coach Jack Jolly, of the Crichlow grade school, must be a student of the late Knute Rockne because of his time pep talk to his team when they took on the Mitchell-Neilson eleven the other day. Jack was really giving the boys a good going over but unlike Rockne it didn't do any good for they suffered a 33-0 lacing.

What is the matters with the student body at the football games. The lack of spirit on their part is pathetic. Our cheerleaders would get up to lead a cheer and would get little or no response. How would you feel if you were in their place? At the Western game the Western student body was organized and the cheering was inspiring. If they can do it why can't we? Doesn't anybody know the Fight song or the Alma Mater? Well why don't we sing it. Freshmen why we're not you cheering, and why can't the rest of the student body show them the way.

Basket Ball Standouts Drill For New Season

Practice for the 1952-'53 basketball is already underway and Coach Charlie Greer has one of the youngest squads in the history of the college. There is but one senior and one junior on the squad. The senior is John Raymond Smith and Gerald Johnson is the junior. Bob Veach, who was elected captain, has had to leave the squad to go work in order to support his family. Bob is married and has one child.

Coach Greer had nothing but praise for his crop of freshmen. He has Hal Christiansen, a 6'4" 195 pounder from Manchester, Tennessee who was an all state forward last year. Danny Morris, a guard from Anna Jonesboro, Ill. is another good prospect. Danny is 5'11" and weighs 160 pounds. The most remarkable boy of this new bunch is Douglas Shradler 5'11" freshman from Plintville, Tenn. He was all district. Another is Ralph Sellers from Isaac Litton in Nashville who is 6'1 1/2". Tommy Griffith 6'3" is from Ryan high in Nashville. Dan Willingham is from Shelbyville, and for the last four seasons has played with the Shelbyville Royals.

Two more prospects will not be eligible until after Christmas being transfer students. They are 6'6" Jerry Bell, who has transferred here from Western and Earl Roberts, a Murfreesboro boy, who has transferred here from Sewanee.

Another standout freshman is John Price who makes Bowling Green, Ky. his home and last year averaged more than 20 points per game.

This years Raider hoopsters will be formed around Ken Trickey, Sam Smith, Doris Jones, Tom Hogshead, Gerald Johnson and John Raymond Smith. Ken Trickey this year is a much improved player from last year when he teamed with Harry Gupton to form one of the best guarding duos in MTSC history. Ken was all over the court last year, stealing the ball from the opposition. If he has improved as much as Coach Greer claims he will help the Raiders no end. Trickey as well as being an individual star is also a great team player.

The basketball schedule starts December 2 and ends with the OVC Tournament at Louisville, Ky. February 28th. Coach Greer says he has a great bunch of youngsters, and they will be as good as last years team; but he is looking toward the future and has high hopes of being OVC champs by 1955, when the five Freshman have gained some college experience.

Raiders Outplay UC, But Lose 39-13 on Breaks

Wirt Gammon, sports editor of the Chattanooga Times in his Saturday morning column summed up the Raider 39-13 loss to the University of Chattanooga by writing in his column, "Us backers who have been working up high hopes about the Chattanooga showing against the UT Vols next week are beginning to wonder . . . The Murfreesboro team was light, fast and extremely rugged . . . not until the fourth quarter did the Moccasins have consistent success in stopping the split T plays of Charles Murphy's well coached team."

The vaunted University of Chattanooga team, which had run roughshod over Georgetown and Ahlens Christian College in two previous games to score 110 points; entered the game Friday as a 51 point favorite in the Litkenhouse and a 38 point favorite in the Dunkle ratings.

But for 40 minutes the Raiders gave the UC supporters a chill that rivaled the fall atmosphere. Let the official score's statistics tell the story.

MTSC UC	
First Downs	22 18
Yards rushing	225 299
Yards passing	75 53
Passes attempted	10 8
Passes completed	7 3
Fumbles lost	5 1
Penalties	20 75

The touchdowns for the Raiders were scored by Garnette Rather (the first on a 27 yard cut-back through left tackle and the score tying try 23 yards on a similar play in the third quarter).

The first Raider touchdown was set up by short sustained drives, that carried 88 yards in the first quarter. An 11 yard gain by Cook and a 13 yard pass from Rather to Cook featured this push. It tied the score at 6 all. The second Raider score started on the 166 when Stotser twisted 26 yards, a fourth down flat pass to Bob Smith from the Raider 42 to the Mocs, 32, followed by the same pass and Rather's second brilliant run. Duke try for placement tied the game at this point, mid-way in the third quarter.

The later part of the third quarter and the first of the fourth the roof fell in on the Raiders. After recovering an MTSC fumble, Pozzini almost singled handed ran through the Raider defense on successive plays with a last 33 yard jaunt through guard for the tie breaking score. Wilkerson recovered Stotser's fumble on the 23 and five plays later Stamps drove for his second touchdown. A dual safety trick worked for a touchdown with Matkowsky going 60 yards for the score. The deception and blocking by UC was perfect on the play. Finishing up the night the Mocs started on their 15 after the

MTSC Wins Over "Sewart" 18-0

For the first time in two weeks the Middle Tennessee State Blue Raiders outplayed themselves in the second half to take an 18-0 win over Sewart Air Force Base before 2,000 hometown fans at Murfreesboro Saturday night.

With a surprisingly strong ground game, the Sewart Carriers were trailing only 6-6 at intermission, but a highly enthused Raider defense.

THE YARDSTICK

18	First Down	6
205	Yards Rushing	42
51	Yards Passing	19

INDIVIDUAL LEADERS

MTSC—Ezell 41 yards in 7 tries; Adams 49 in 11; Whitten 53 in 12; Cook 21 in 5. SEWART—Wilson 39 in 16; Smith 14 in 5; North 8 in 5; Bass—29 in 4.

Question of the Week

By AMANDA WAGGONER TO THE FRESHMEN:
What do you like best about MTSC?
Mary Lib Drewy—It's friendliness.
Steve Underwood — "Dr." Parchment's sandwich and frog joke.
Nancy McClary — The fun of the "Mixers".
Joe Smith — The Music Department.
Marianne White — Getting acquainted.
Don Pruitt — The helpfulness of both students and faculty.
Dolores Custor — Everything!

From the 1450 Spot . . .
by dave drew

There's always a flurry at your good neighbor station—plenty of activity throughout the day with dashers-in and dashers-out . . . (The most popular dasher-in-and-out gal being a little Miss Barbara Witham from MTSC. W.G.N.S. extends a hearty invitation to all of you out at the college to come down and see what's going on; to take a look through the studios, and meet the personality boys and girls on this side of your 1450 spot. The brightest newcomer to the station is Nancy Harris . . . a pretty miss who breezes in about 3:30 in the afternoons to take charge of the Music Library. Nancy really keeps an eye on those records—and do we all watch Nancy!

As you all know, this is National Employ the Physical Handicapped Week! In observance of this week, W.G.N.S. invites you to listen Wednesday from 1:00-1:15 to an important interview that will enlighten you on what this particular week stands for . . . and what it means to so many. Thursday night on this subject . . . so listen in, won't you?

Remember to tune in each Wednesday night from 7:30 til 8:30 for the best on record . . . an all-request program that's just for you; if you have a favorite number, give us a buzz during the show and we'll be happy to play it for you.

Speaking of music, here's the top three for the week in the popular hits: "You Belong to Me" . . . "I Went to Your Wedding" . . . and "Wish You Were Here"! One of the most popular numbers that's requested everyday is "Takes Tow to Tango" by Lola Ameche "Ol' Man Mose" is on the other side of the platter, and you can be sure that this, too, will soon be in the "best-by-request" bin! For a "honey" of a record, watch for John Arca's "Wild Honey" . . . just out and sure to sell like hot-cakes. The tops this week in country and hillbilly music is "I'm Hog-tied Over You" and "False-Hearted Girl" . . . with "High Noon" and "Go On! Get Out!" as a close second. By the way, did you know that Rosemary Clooney is now wondering, "Who Kissed Me Last Night?" It's a luscious new ballad with a fine backing . . . "Blues in the Night". And did you know that 1450 is the spot for the best in Music, News, and Sports? We'll be looking for some of you good neighbors from MTSC . . . Will then, happy listening from your happy DJ . . . dave drew.

Raiders ran out of gas at that point and slowly pushed up the field to finally score on a pass from Premo to Pribulsky.

The Raider lost all three of their quarterbacks with injuries. Stafford, Hayes and Williams (broken nose) were also removed from the game with injuries. Ken Duke did a marvelous job of directing the team after Smith was injured. Rather's running (76 yards on 11 tries) and Stotser (88 on 17 tries) were outstanding.

After the game coach Murphy said he was well pleased with the Raider offensive play. John Smith would probably be shifted to full-back and Duke will work at quarterback as we engage Troy State here. Troy last week was edged 7-0 by the University of Tampa, one of the "Boki" game teams of last year.

WE'RE NOT MARRIED

PLAYING SUNDAY-MONDAY, OCT. 12-13

"We're Not Married" is the Twentieth Century-Fox's heralded new comedy featuring an all-star cast of Hollywood and Broadway favorites. Here is the hilarious story of five divergent couples who discover that after two years of married life they are not legally wed, thanks to an overzealous Justice of the Peace, played by the veteran Victor Moore. How the letters of notification affect each couple provides some of the season's most unusual fun.

The inquiring reporter asks the ten stars who made up the five couples this question: What would you do if you suddenly discovered that you were not legally married? Here are their answers: Ginger Rogers—"I'd get on the roof with a shotgun and stop the stork." Fred Allen—"I'd give my mother-in-law back to the Indians—and I don't mean the Cleveland." Marilyn Monroe—"I'd light up all my old candles and keep the home fires burning." David Wayne—"I'd hide the children and go back to mother." Eve Arden—"I'd sue the marriage broker and get a refund." Paul Douglas—"I'd make her sit up and say 'please'." Eddie Bracken—"I'd punch the justice of the peace right in the nose." Mitzi Gaynor—"I'd wash that husband right out of my hair." Louis Calhern—"I could never face that woman again without blushing." Zsa Zsa Gabor—"I'd make him get down on his knees and propose to me all over again."

IMPORTANT ANNOUNCEMENT

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette -- and by a wide margin. No. 1 reason given -- Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

STUDENTS!
Hurry! Hurry! Hurry! Mail your Lucky Strike jingles. We pay \$25 for every one we use. Send as many jingles as you like to: Happy-Go-Lucky, P.O. Box 67, New York 46, N.Y.

Constitution
Continued From Page One

shall be held in class meetings. Freshmen Congressmen shall be filled at that time. These elections shall be subject to the same rules as the Spring elections.

SEC. 5. Where a vacancy occurs in an elective office, an election for filling such a vacancy must be called by the President of ASB within thirty days. All other vacancies shall be filled by the President of ASB and approved by a majority of the Congress.

ARTICLE V. SEC. 1. This constitution, or any part of it may be repealed or amended by a three-fifth vote of the students present, and a majority of the Congress.

SEC. 2. Counting of ballots and all other matters pertaining to the elections shall be conducted by the President of the ASB, the chief justice of the Supreme Court, and the four class presidents. The ballot counting room is open to any one who wishes to observe.

SEC. 3. Preceding each general election for the superlatives of Middle Tennessee State College, there will be a primary election held so as to get a general consensus of nominations from the Student Body.

SEC. 4. A Congressman who misses three or more meetings of Congress without cause will be asked to resign by the Vice-President unless, on each of the three or more occasions, an acceptable excuse is given preceding his absence.

ARTICLE VI. SEC. 1. The veto power of all laws shall be vested in the President of the College, or some person delegated to act by him, but shall be used within a period of five days after the passage of the law.

SEC. 2. All committees and organizations shall continue in their present status unless otherwise stated in this constitution.

(The remainder of the Constitution will appear in the next issue of the Sidelines.)

PRE-GAME REVIEW

The Raiders are home for two rough games in a row. Troy State returns to the MTSC scheduled after an absence of three years for the Saturday night meeting. Troy has split even in its first two appearances with a one touchdown to strong Tampa University.

Herehead lost to TPI in Cookeville last week in a 3-7 game. The test a week from Saturday night will be a good indication of the Raider ability to stay in Ohio Valley competition. Two years ago, Charles "Izy" Porter, who passed the Raiders to death as a sophomore in 1950, is playing his final year at Morehead. This is expected to be the strongest test of the season for the Raider pass defense—which until the Chattanooga game had been ragged.

The Baptist Students from the various colleges of Tennessee had as their guest for this summer Mr. Robert Somerville of Morlaix, France. His father is pastor of the Baptist Church at Morlaix. Mr. Somerville is 21 years of age and is a student at Regent's Park College, Oxford, England.

Mr. Somerville was on the campus July 24-25.

Norma Littleton, vice-president of the ASB attended the National Conference of Methodist Young People at Purdue University as the delegate representing the Methodist Student Movement from Tennessee.

Jarring or jouncing eggs is one way of breaking down their quality. Homemakers are advised to choose a location in the refrigerator where eggs get as little jarring as possible.

Eds and Co-Eds
By LUCY HALE

As Vice President of the MTSC Associated Student Body Norma Littleton is fulfilling a job for which she is well qualified. She has a broad field of activities and associations which, along with her vivacious personality and sympathetic interest in other people, has made her a campus favorite.

On graduation from Lenoir City High School in 1950, Norma was elected MISS LCHS and best all-round senior. She was winner of the activities trophy, and was elected as most outstanding student in her freshman, sophomore, junior and senior years.

Speech and dramatics are among Norma's special interests. She was first place winner of dramatic readings her last three years in high school. At MTSC she is secretary of the Buchanan Dramatic Club. She has been valuable in her crew work and has had roles in the club productions "All My Sons" and "Harvey". She is to be initiated into the Alpha Psi Oramatic Fraternity this quarter.

Music is our Vice President's favorite hobby. She is president of her high school band for two years and is now a member of the MTSC band and the college orchestra in which she plays the trombone. This year she is president of the MTSC chorus. If she has time for past-time she may be found in the lobby of Rutledge Hall playing the piano. She has also been a member of the Saundarian Society.

Teaching is included in the future plans of "Our Lady of the Campus". She is majoring in Social Science and minoring in secondary Education and biology. She has worked as secretary in the education department, belongs to the Future Teachers of America, the Alumni Beta Club, and the Writers' Club.

The Physical Education Club selected Norma as a delegate to their National Convention in Atlanta last winter. In WAA she has earned a merit certificate based upon her active participation in sports.

Norma is never too busy to spend much time on her religious activities. She has been president, worship and recreation chairman of the Methodist Student Movement on the campus. She is district MSM vice president and state president. This summer she represented the state MSM at the annual National meeting at Purdue University in Lafayette, Indiana. While there she served on many committees. The most interesting was a committee to answer letters from the French and New Zealand MSM.

Wherever the students and faculty meet this versatile girl, whether it be in the cafeteria where she works or at a meeting of the dormi-

tory council, of which she was vice president last year, they will always find her busy qualifying herself as Vice President of the ASB.

ASB, transferred from University of Chattanooga to make MTSC a family affair. His mother, father and two uncles were graduated from MTSC when it was a Normal school. In recent years his two sisters, Mary Helen and Lillian received their degrees here.

Jim's sincerity and friendliness led his friends to select him as candidate for the highest office of the ASB. In Sale Creek High School from which he was graduated in 1949, Jim was a leader and honor student. He lettered four years in both basketball and baseball and was a member of the Beta Club which he has carried over into his college campus activities. He has had no trouble providing himself zealous and earnest in his endeavors. He was editor of his high school paper. His majors at MTSC are chemistry and mathematics, and his minors are physics and education.

After graduation some of us will find our ASB president doing graduate work in chemistry or well on his way in medical school. He should do well in either branch of his choice, because his favorite hobbies are chemistry and reading. Jim is now secretary of the chemistry club and vice president of the Church of Christ group on the campus.

This important person of the campus has a humorous aspect to his life. He made his debut into the dramatic field in the Buchanan Dramatic Club's production of "Doctor In Spite of Himself."

As preparation for his present position, Jim was junior representative in Congress in his junior year. He served on the social committee during that time. Time seems to have stepped up to a position which he can handle with utmost ability.

Many Alumni

John Lee received a recent promotion that places him in the position of chief of the division of rehabilitation of the blind in the State Department.

Jake Hostettler and Jack Walton are both working for the Newspaper Printing Corporation in Nashville.

ROTC Gets 2nd Tank For Division

The 2nd tank for use by the elite Armor ROTC unit at MTSC arrived during the summer from the tank rebuilding factory of Brown & Root, Houston, Texas. It is one of 3 tanks being shipped to the campus.

The 3 newly assigned tanks are of the famous M4 "General Sherman" type which played such a prominent part in World War II.

The ROTC unit now has an M24 "General Chaffee" light tank and a turret trainer. The addition of the 3 Sherman tanks will allow the cadets to receive extensive training in tank driving and tank gunnery.

The local ROTC unit is headed by Colonel Robert J. MacLean as Professor of Military Science and Tactics. Colonel MacLean is a Regular Army Officer who received his original commission through the ROTC unit at the University of Iowa.

Colonel MacLean is assisted by Captain C. B. Sinclair, a West Point graduate of the class of 1946—1st Lt. Charles A. Rigler, M/SGT. Nathan B. Taylor as sergeant major, M/SGT. Robert J. Smith, Instructor, SFC. Francis M. Brooksher, Instructor, SFC. Raymond E. Johnson, Maintenance Sergeant and SGT. Wilbur P. Pinkerton, Supply Sergeant.

NOSE, THROAT,
and Accessory Organs not Adversely
Affected by Smoking Chesterfields

**FIRST SUCH REPORT EVER PUBLISHED
ABOUT ANY CIGARETTE**

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
