2014 Highlights***

## Introduction to Digital Scholarship at Walker Library

Digital Scholarship is scholarship, enhanced by the design of digital projects, incorporation of digital tools, collaboration among digital partners, and dissemination through digital platforms. Digital Scholarship is changing the nature of how research is conducted, produced, and shared.

*Digital Scholarship Initiatives* are an extension of the mission of the Walker Library as an active partner in the scholarly communication process, and supports the educational mission of the university by providing access to information. Walker Library has invested in establishing the necessary and supportive infrastructure used in the creation and dissemination of digital resources.

## Digital Scholarship By The Numbers

Growth Since Launch in 2014

## Support and Consultation

**Open Access · Author's Rights · Self-Archiving · Copyright**

Presented to or consulted with faculty on these digital scholarship issues. Resources at: <http://libraryguides.mtsu.edu/jewlscholar>

## Digital Scholarship Lab

As a physical space located on the second floor of Walker Library, the Digital Scholarship Lab (DSL) caters to research, digitization and online editing tools that enhance the scholarship of MTSU and the collections of Walker Library.

The DSL serves as a hub for collaboration among campus partnerships, with centers, faculty and students, in the pursuit of creating and applying new technologies that enhance interdisciplinary research. The products created in the lab are often grant funded, strengthen the scholarly output of the MTSU and add to the collections at Walker Library. Emphasis on:

**Digital Partnerships · Digital Collections · Digital Publishing  
Data Visualizations · Metadata Standards · Grants**
