"Dona Nobis Pacem", which is Latin meaning "Grant Us Peace" is the first contemporary music done by the Varsity Choir. In addition to the cantata, the choir will also give "All Breathing, Life and Sing and Praise ye the Lord" by Bach.

The tour offers six quarter hours of either graduate or undergraduate credit in Geography and is open to graduate students, college students, teachers, high school graduates, and others.

Dr. Edward Baldwin, professor of geography at Middle Tennessee State College, will accompany the group as tour director and instructor, and Mrs. Baldwin, as chaperone. The total cost of tour will be \$250, including tuition fee for six quarter hours credit, all transportation (Continued on Page 8)

Stunt Night Sparkles With Campus Capers

Stunt night, sponsored by the Biology club, was held Monday night, April 29, in the college auditorium.

The Home Economics club won the first place with a stunt of the take off, "Gone with the Wind." Second in this rank was the Agriculture club which did imitations of the teachers here on campus.

The T Club with a stunt about a Negro funeral won the third place. Kippy Jones, The Counts, and Peggy Medlock entertained during the intermission.

Notice Your School

Glendel Bryson

Have you taken time from the busy routine of the day to notice the clean walls in the Administration building ???

Much money and time has been spent on this building to make it more comfortable for students and teachers. The men who painted all the walls deserve to be praised as well as the Administration.

Let us help keep the building clean by not using the walls as foot prop as we lean against them, while waiting on that next class.

"It's your school; appreciate it."

MTSC NEEDS A BROWN BAG HAVEN!

Ronald Johnson

It appears that many MTSC students are "brown-baggers" since the approaching of spring. The "brown-bagger" in mind is the student who brings his lunch from home and attempts to find a suitable place in which to consume his noonday meal.

A few days ago a group of commuters were discussing how great it would be if MTSC had a suitable place for them to spread their lunches. It would seem as though MTSC could provide at least one or two tables in the area opposite the infirmary or some other appropriate place in order to make the "brown-bagger" feel he's not entirely left out.

The cafeteria should not be left out in this discussion, but due to limited funds, we commuters have to settle with our little brown bags.

If all the commuters will support this suggestion, maybe we can get someone on our side who'll provide us with a table or two, some benches, and garbage cans.

SOME MUST WORK TO STUDY!

Paul D. Delk

It seems as if the outside work at MTSC has been stepped up recently. Some instructors have been quoted, "You either go to school or you work, but as far as I am concerned you don't use either as an excuse for the other." Now let us ask ourselves, Is this a fair opinion for one to hear? How many of the faculty worked to pay for a college education?

Others teachers at MTSC seem to think all students live on the campus but approximately 66 per cent of the enrolled number of 2400 commute. Are the teachers aware that these commuters have limited libraries at home, may have a nagging wife, crying children, or work that they may keep them from their studies to a certain degree?

The commuters, workers, and family men don't want pity but they would appreciate a little consideration.

MTSC Alumni Marry April 24

Miss Peggy Ruth Faulkner of Murfreesboro became the bride of Samuel Barnes Coleman of Smyrna in impressive rites solemnized April 24 at the North Boulevard Church of Christ. Peggy Ruth and Sam both attended MTSC.

Delores Bowyer of Princeton, West Virginia, and Charles William Holden plan to be married in August. Miss Bowyer is a senior in the School of Nursing, Vanderbilt University. Mr. Holden graduated from MTSC and is now employed by the Murfreesboro Bank and Trust Company.

Mary Anne Shearin enjoyed another weekend at a gathering of "rambling wrecks." She attended a Sigma Nu house party at Lake Rayburn in northern Georgia.

Several MTSC beauties will be on parade May 17 when the new "Miss Murfreesboro" is acclaimed at the annual beauty pageant sponsored by the Murfreesboro Jaycees. Everyone is cordially invited and urged to attend the pageant.

TPI Leads Inspirational SCU Program

The Student Christian Union of Middle Tennessee State College held its final program for the school term until next fall, Wednesday night, May 1. The SCU was host to students from the Tech Christian Association of TPI. Those students presented a very enjoyable and impressive program. Among the students from Tech were: Clifton Abel, chairman; Tom Cook, Dave Neighbors, Gary Smith, Martha Moore, and Mary Ruth Teeples.

Officers for the school year of 1958 were also elected. They are as follows: Jerry Williamson, president, Loudon; Mildred Doris, vice-president, Springfield; Mary Francis Wright, publicity chairman, Nashville; Patsy Pemberton, program chairman, Chattanooga; Mary Ruth Osborne, social chairman, Cross Plains; Gayle Seay, pianist, Gallatin; Wayne Tipps, song leader, Columbia. Dr. Bealer Smotherman was elected as faculty advisor.

While the majority of the students enjoy a weekend free of campus complexities there are many faculty members and students who put in a long day in "Saturday classes". These classes, largely for upper classmen and graduate students, bring some 250 in-service teachers to the campus for the long two-session, 8 until 2 o'clock grind. Here is a class of Dr. Belt Keathley in school supervision listening to a panel of experts, three county supervisors, Miss Sue McKee, Rutherford county; Miss Ruby McElroy, Maury county, and Miss Marjorie Sloan, Maury county.

Pogue, Harris, Jones, Jernigan Join JC Beauties

Other MTSC co-eds have joined Dorothy Hicks of Smyrna in seeking the scholarship and \$100 wardrobe of summer clothes, offered by the Murfreesboro Jaycees in their annual Miss Murfreesboro Beauty pageant, scheduled for May 15 at the Central High School auditorium.

Nancy Carolyn Harris, who does a spot of newspaper editing for the Rutherford Courier, between classes at MTSC, where she is majoring in English, is a 21-year-old senior from Murfreesboro. She is vice-president of the Future Teachers, a member of the Cumberland Presbyterian church where she sings in the choir, and is in charge of music for the primary department.

Wyona Marie (Kippy) Jones of Manchester is another who will be in the May 15 parade of pulchritude and talent. A native of Warren, Ohio, the MTSC music major is a freshman. She appeared in the Lions Club minstrel with her accordion, which she will use in the "Miss Murfreesboro" contest.

Shirley Pogue is another of the MTSC co-eds who will vie for the honor of representing Murfreesboro in the Tennessee contest, looking towards eventual national honors. Miss Pogue is a junior from Huntland, the home of football talent, and is majoring in home economics. She has already been selected as a Midlander beauty this year and is sponsor of "B" company in the ROTC.

Beech Grove's beauty, Miss Peggy Jernigan is also competing. Peggy is the 1957 Miss Midlander, is vocalist for the college dance band.

Bodiford, 945 Mansfield Avenue, Nashville. The three youths were members of a camping class of about 40 members from Middle Tennessee State College attending the weekend "camp out" at Boxwell.

This marked more than a dozen such camping class excursions without previous incident. Dr. Francis Riel and members of the health and physical education staff were with the group, which was climaxing a quarter of study in camp lore.

Bodiford was quoted by a newspaper reporter as stating that the trio were cruising in an aluminum boat when they discovered the boat with water in it. The boat was 25 feet from shore when Bodiford jumped.

Moore said he and Medley left the boat at the same time. "He was already gone when I got to shore and looked back," Moore was quoted as saying.

Rescue crews worked until past noon before the body was recovered. It is said that the young men abandoned three life guard cushions and six life preservers that were in the boat.

Friendly Americans, Living In Peace Impresses Rhee

GLENDAL BRYSON

"The first thing I noticed about American people is that they're so friendly". This was the first im-

pression of the Americans to Jin K. Rhee, our Middle Tennessee State College Student from Seoul, Korea.

Jin is a first quarter senior. He attended a Korean college for three and a half years before coming to MTSC. His major is economics.

This year was Jin's first visit to the United States. He has three sisters, one brother, and his parents in Korea. His father is Dean of the School of Pharmacy at Seoul National University. When I asked Jin why he came to the United States he replied in his remarkable American-Korean language, "I want to study all the different subjects and get all the education that I can." During the Korean war Jin worked for the Commander of the 24th Division of the United States Army.

I asked Jin what impressed him the most when he saw the Statue of Liberty and the United States. He told me the peace of America was most impressive. His home, Korea, is like jig-saw puzzle, all torn into many pieces. America was beautiful and had seen no war or trouble. The people were happy and had a wonderful country. "My people were sad and their country, their homes, and their many loved ones and friends were destroyed," he said. "America offered such a peaceful contrast."

Jin plans to receive his B. S. and Masters degrees from MTSC. He then plans to go to Germany for two years and then home, to Korea, where he hopes to find work with the government. It will be five or six years before he returns home.

We, the students at MTSC, want to welcome Jin to our country and our school. By working with the people in other countries we can show understanding and prevent much trouble. Gaining knowledge and putting it to work as Jin Rhee plans to do will end our misunderstanding and lead us to peace.

Civilian Applicants For Stenographic Jobs Will Be Interviewed May 23

The Navy Department in Washington, D. C. has a definite need for civilian typists and stenographers to fill interesting career positions. Beginning salaries range from \$265 to \$285 per month with yearly increases and promotional opportunities after six months' employment.

Miss Dorothy Jemison, civilian Navy representative, will be located on the MTSC campus on May 23, 10:00 o'clock in Room 200 of the Administration Building to discuss more in detail regarding living and working conditions in Washington, interview interested persons and administer the Navy Civil Service tests which consist of a ten minute typing test at 40 words a minute and, for stenographers, a three minute dictation exercise at 80 words a minute.

The month of May will prove to be one of his busiest. The season has him making 19 commencement speeches and seven other appearances as a guest speaker. After an opening commencement speech at Campbellville, Mr. Abernathy's speaking engagements at senior commencements are as follows:

He will also address at the morning meeting of the Tennessee Mutual Insurance Agents convention at Gatlinburg on May 20.

Boutwell Flashes Signals on Track

TIM CHAMPLIN

How many track fans do we have in the house?

Oh, you say YOU are one? Well, sit down for a moment; I think I might have something to interest you.

If you don't know Lane Boutwell personally, you have probably seen him. He is the official red-sleeved starter at all our track meets (besides being an associate professor of speech).

Although officiating is his only connection with the sport now, Mr. Boutwell has had quite an interesting track career himself.

Until his senior year at El Paso (Texas) High School Mr. Boutwell's athletics were confined to YMCA gymnastics. However, at the beginning of his last year he was elected to serve as a sort of all-sport student manager. The following spring found him working out on the track just to see what he could do. To his surprise and delight, he discovered that he could broad jump as far as any of his brawnier teammates. The coach then tested him in the 100 yard dash and his track career was launched.

While working for the YMCA in Colorado the previous summer, he had met some students from Doane College in Crete, Nebraska. Following his graduation from El Paso High in 1930, he returned to Colorado and worked for two years as a bellhop before enrolling at Doane.

During his first track season there he set a new school record for the broad jump with a leap of 22 feet 6 1/2 inches. This record held until two years after his graduation.

While at Doane he also ran, at one time or another, the low hurdles, the 220-yard dash, and the 880 relay. His college usually participated every spring in either the Kansas Relays or the Drake Relays.

Mr. Boutwell has trouble in determining his greatest sports thrill but finally settles on the 9.8 second hundred yard dash he ran in finishing second to a teammate in their college conference meet.

Mr. Boutwell believes that track is definitely on the upswing in Tennessee, and that MTSC in a few years will be able to compare favorably with any school of its size in the South or Mid-West.

Track participants and coaches say that Mr. Boutwell is one of the best "starters" in the business.

this fraternity is to stimulate interest in dramatic activities in this college.

The initiation banquet for these two pledges will take place May 9 at Sullivan's restaurant.

Hurst's 5-Hitter, Purvis Homers Blanks Govs, 6-0

Big Jerry Hurst limited Austin Peay to five hits Saturday as Middle Tennessee State college's baseball team thumped the Governors, 6 to 0.

Hurst gave up four singles and a double, the extra-base blow by ohhny Crow.

While Hurst was grabbing headlines as a pitcher, shortstop Ray Purvis was the big man for the Raiders at the plate. He slammed out two home runs in four trips, accounting for three of the MTSC runs.

Tom Morgan was the pitcher for Austin Peay, going all the way and giving up 10 hits. Only Gov able to get more than one hit off Hurst was Buddy Orr, third baseman, with a pair of singles.

The loss was Austin Peay's seventh in 10 starts this spring.

The MTSC Blue Raiders hung up their fourth win of the season April 26 with 11-hit assault on Belmont and former All-Nashville hurler Ray Hogan.

Biggest stickmen for the Raiders were Bucky Pitts, who had three for five and scored two of the runs, and Carlton Galbreath, who also smashed out three hits in five trips. One of Galbreath's hits was good for three bases.

Freshman Dicky Baugh handcuffed the Rebels on 6 hits and never was in serious trouble. He struck out 5 men while going the full nine innings. Although two of the Rebel hits were triples, they were only able to plate one man in the third and another again in the eighth.

A brilliant pitching performance by Bob Daniels of the visiting Hilltoppers earned Western a close decision over the Blue Raiders on April 24. Daniels, who although gave up 9 hits and was tagged for circuit clouts by the Raiders Carlton Galbreath, G. E. McCormack, and Buck Rolman, nevertheless looked sharp as he struck out 12 Raider batsmen to gain the narrow triumph.

Every man in the Western lineup except one connected once apiece for a safety, while the big gun for the Raiders was McCormack who, besides his home run, banged out two more safeties and scored two runs. Centerfielder Bucky Pitts garnered two hits in four trips.

After scoring thrice in the first inning, the Raiders couldn't solve Daniel's for another run until the sixth when they tallied twice more. In the seventh, the Blue and White played once again, but could never rack up the vital seventh run which would have tied up the game.

HIGHLIGHTS IN SPRING SPORTS:

Coach Joe Black Hayes has developed another winning team. Several years ago, wrestling was introduced at Middle Tennessee State college by Coach Hayes. After starting from scratch with a group of mediocre athletes, he developed a winning combination that won second place in the Southeastern Conference.

—At the present time, Coach Hayes, after winning but one track meet in two years, has developed a track team that is considered the best in the OVC and VSAC with a record of five wins in as many starts.

With the baseball season half over, the Raiders have evened their record at four wins and four defeats. This was accomplished in their last two encounters as they polished off the Florence State Lions 11-4 and Belmont college of Nashville 5 to 3.

An article appeared in the Nashville Tennessean this past week in which Western Kentucky claimed the Western Division OVC Baseball Championship. This claim is invalid because a team cannot win the championship until each club has played the other teams twice on different days and in different parks.

Coach Elbert Patty and his golf team, composed of Marty Graham, Doc Tant, Jimmy Ragan, and Richard Smith, left this past week to play in the Southern Intercollegiate Golf Tournament in Athens, Georgia. These Raiders will be competing against fifty to seventy-five other colleges and universities.

The tennis team is still losing, but they are improving with each match and should develop into a winner before the season is over.

A NOTE OF INTEREST ABOUT BASKETBALL:

Jerry Hurst, MTSC wonder athlete, was honored recently by being selected as a member of the second team Ohio Valley Conference basketball team. Jerry should be congratulated on his tremendous showing.

Basketball coach Ed Diddle Jr. has signed two of the best basketball players to ever hail from the Blue Grass State in Raymond and Robert Burden. These lads are brothers and have played together for three years.

FOOTBALL:

The football game, scheduled with Austin Peay State college on September 21 has been changed to November 2 because of their desire to play another foe on September 21.

Burden Brothers Signed By Diddle

Head Basketball Coach Ed Diddle, Jr., of Middle Tennessee State college, announced today that Raymond and Robert Burden, from Butler County High School, Morgantown, Kentucky, have been awarded scholarships at MTSC.

Raymond and Robert are brothers and have played together for the past three years. These two lads are considered among the best basketballers to hail from the Blue Grass State.

Raymond, 6'2", guard, made the All-District team in 1956 and averaged 19 points per game in his last year of school.

Robert, 6'5" center-forward, averaged 25 points per game this past season and was selected to the All-District and All-Regional teams. He was voted the most-valuable-player's award in the regional tournament this year and was honored by being selected as a member of the best 15 players in the state.

Robert and Raymond will join their former teammates Wally Johnson and Ray Hammers, who were members of the freshmen basketball team this past season at MTSC.

Grise of East Tennessee State College as secretary. The University of Tennessee will be the next meeting place for group. The program this week centered around three major points for discussion: (1) means of screening applicants in teacher training institution who apply for training in administration; (2) discussion of certification requirements that might be desirable for principals, and (3) expansion of an internship plan where prospective superintendents and principals would actually receive some on-the-job training. Those attending the conference were (left to right in picture) Dr. John Gilliland, U.T.; Dr. S. W. Grise, MTSC; Dr. Howard Kirksey, MTSC; Dr. Malcolm D. Williams, A and I; A. B. Music Department Will Continue Busy Schedule

BARBARA ROGERS

Although the music department is busy during the entire year, it is probably busiest in the spring quarter. Some of the students who are in many activities of the music department would find it handy if they could be in several different places at the same time.

One of the highlights of this quarter is the concert given by the Chicago Symphony Brass Ensemble, which was held on Friday, May 3, at 7:30 p.m., in the auditorium. Following the concert the ensemble held a clinic on brass instruments.

On Sunday, May 12, at 3:30 p.m. there will be the annual Spring Formal Band Concert in the auditorium. Miss Mary Heflin, Miss Jessica Nolen, Miss Catherine Ray, and Mr. Basil Rigney will be featured in this concert.

The Senior Recital of Miss Patsy Johnson, Mezzo-soprano, will be on Wednesday, May 15. Miss Johnson

will be accompanied by Kelly Graves, trombonist.

Sunday, May 19, at 4:00 p.m. the Varsity Choir will present "Dona Novis Pacem" in the auditorium. It is one of the outstanding musical events of the year. There will be a Chorus Concert in the auditorium at 6:00 p.m. on Friday, May 24.

Miss Gore Visits Campus First Time in 27 Years

Miss Lillian Gore, MTSC alumnus from Moore county, who is now one of the supervisors of education in Montgomery county, Maryland, was a visitor on the campus this week. This was her first visit here since 1930 and she expressed pleasure at the growth in plant and personnel that she observed.

Miss Gore was associated with the Oak Ridge schools while Hilary Parker was principal there. Previously she had taught in Franklin county and Knoxville schools. When she went to Maryland, there was some 300 teachers and three supervisors in Montgomery county. Now there are over 1200 teachers and 14 supervisors.

IT'S FOR REAL!

by Chester Field

OUR LAWLESS LANGUAGE*

The laws that govern plural words I think are strictly for the birds.
If goose in plural comes out geese
Why are not two of moose then meese?
If two of mouse comes out as mice
Should not the plural house be hice?
If we say he, and his, and him
Then why not she, and shis, and shim?
No wonder kids flunk out of schools
. . . English doesn't follow rules!

MORAL: The singularly plural pleasures of Chesterfield King make a man feel tall as a hie. So don't be a geese! Take your pleasure BIG. Take Chesterfield King. Big length . . . big flavor . . . the smoothest natural tobacco filter. Try 'em.

Chesterfield King gives you more of what you're smoking for!
