## Army Will Double Scholarship Number

HEADQUARTERS, THIRD US ARMY, Fort McPherson, Georgia —The Army will double the number of four-year ROTC Scholarships to be awarded during 1967 and will increase its two-year scholarship awards by at least 256.

A total of 800 four-year scholarships, which will be effective beginning with the 1967-68 school year, will be awarded to outstanding high school graduates and at least 856 two-year awards will be made to selected college students who have completed two years of Army ROTC training.

During 1965 and 1966, 400 four-year and 600 two-year scholarships were awarded each year under the Army Scholarship program.

Application forms and detailed information of the four-year schol-

arship program may be obtained from the Commanding General of any of the five Armies in the United States or from major United States Army overseas commands in which the applicant resides. Residents of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina and Tennessee should apply to the Commanding General, Third United States Army, ATTENTION: AJAAG-R, Fort McPherson, Georgia 30330. Students applying for the two-year awards will do so with the professor of Military Science at Middle Tennessee State University or at their present college or university.

To be eligible for a scholarship an applicant must be a male United States citizen who meets the prescribed physical standards. Applicants for the four-year

awards must not have reached their 21st birthday by June 30, 1967, and they must be 17 by October 1, 1967. The two-year award applicants must be under 23 years of age on June 30, 1967, and must be a cadet in good standing in the second year of his ROTC training.

## Dr. Bigger Attends State Convention

Dr. Theodore C. Bigger, Professor of Agriculture, will attend the 23rd annual convention of the Tennessee Association of Soil and Water Conservation Districts November 30 to December 1 in Memphis.

He was on the program Thursday morning.

## Classes Fill Senate Seats; Frosh Elect Officers Today

By Julia Douglas

A new school year brings with it vacancies in the ASB Senate that must be filled. In the last few weeks there have been signs and posters everywhere soliciting votes for various qualified people. One class that held a Senatorial election is the senior class. Their new Senator is Larry Huddleston. Larry has been active both in high school and college. He has shown us leadership abilities by being President of his Senior class in a Nashville high school. Majoring in general business with minors in History and English, Larry is in Advanced ROTC, Circle K, Chi Alpha Phi, and 325 club. Just recently you may have seen Larry buzzing around making preparations for the Homecoming Parade since he was the Parade Marshall.

Another vacancy is one of the Sophomore Senatorial seats. The girl who was elected to fill this office is Nancy Helburg. Nancy is a member of Delta Phi Delta social sorority A graduate of Dickson High School, Nancy is majoring in history with minors in English and education.

December 6, 1966 is a date for all freshmen to remember. This is the day when they should make their opinions count. The Freshman Elections are to be held in the Tennessee Room of the SUB from eight until three. The following people have been nominated for the office of President: William Kristie, Mike Gunn, Larry Ledford, Larry Haynes, and Derry Cochron. For Vice-President, Terry Odom, Kent Hobbs, Stan Sumrell, Ray Holland, and Keel Hunt were nominated. Joyce McCool, Betty Ann Hart, Diane Kemp, Arlene FitzPatrick, and Sherry Walls were nominated for Secretary. Sarah Smith, Diane Patterson, and Terry McFarland were nominated for treasurer. Skeet Ellis and Sharlena Phillips are the nominees for Sergeant-at-Arms. Ronny Owens, Van Martin, Danny Marr, Jim Garner, and Susan Karsch were nominated for Frosh Senators. The Freshman Affairs Committee of the ASB is working diligently on this election. We urge you to do your part. VOTE!!!!

Congratulations to the winners in all races and thanks to the losers for having enough interest and determination to try!

## Cope Gets 3rd Army Award

Dr. Quill E. Cope, president of Middle Tennessee State University was presented the Department of the Army Outstanding Civilian medal by Major General John A. Beall, Chief of Staff, Third Army. The citation commends Dr. Cope for his "patriotic, conscientious and deep-seated loyalty to the aims and objectives of ROTC" as reflected in "the exceptional attitude of civilian faculty members" and Dr. Cope's "enthusiasm, sincerity and deep concern" in aiding Middle Tennessee State University "to continue to provide intelligent, capable young officers for the United States Army. It was presented on behalf of Lieu-

tenant General Louis Truman, Third Army Commander.

The award ceremony, which came as a complete surprise to the MTSU president, was made at a special ceremony in the Tennessee Room of the Union Building Wednesday, attended by members of the military science departments, close friends of President and Mrs. Cope and members of Dr. Cope's administrative staff. Lieutenant Colonel James Chrietberg, PMS at the University, introduced General Beall who presented the award. The citation was read by Major William B. Dillingham. General Beall was accompanied to MTSU by Colonel James Scott, deputy for ROTC, Third Army.

DR. QUILL E. COPE, President of Middle Tennessee State University, was honored last week with a presentation of a citation by the 3rd Army for his outstanding contribution to the success of the ROTC program at Middle Tennessee State University.

AT MTSU ON TUESDAY—The famed "Lettermen" trio will be presented in a special program at 8 p.m. Tuesday, Dec. 6, in the MTSU Alumni Memorial Gymnasium. Also on the bill will be the "Wilson Brown" trio. The program is being presented by the MTSU Associated Student Body.

## Parade Of Opinion

(ASP) —The takeover of the University of Arizona DAILY WILDCAT by the student government after the regularly appointed editors and staff quit led the STATE PRESS, Arizona State University, to define the role of a college newspaper.

The staff had refused to put out another issue because of "impossible working conditions" arising out of a new printing contract.

The STATE PRESS said: The most difficult task that confronts a college editor is that of publishing a paper which students feel is theirs. To be good, it must possess an intangible personality which is as much a part of campus life as Friday afternoons.

With each issue, the editor faces the harshest critics of his journalism career — his college peers. College-age people have a sixth sense for recognizing phonies. College newspapers are born of one necessity — that of being a bulletin board. If the paper stops at that point, it is failing the students and has no right to call itself a newspaper. It must develop, under competent leadership, the personality that is so important to the success of a campus newspaper.

The paper's basic function as a bulletin board must be served. But the paper must also be alive with humor, questions, answers, criticism, praise and comments on life in a community where young people are finding answers to life that are sometimes harsh, sometimes soft. It must report the news in a fair and straightforward manner, for the newspaper is the mirror of the campus to the outside community.

An editor, because he is human, will make mistakes when he tries

to publish a daily paper which attempts to cover the happenings of a University. But this is part of his education.

The editors and staff have a duty not to become so involved in student government or other campus activities that they cannot stand back to accurately evaluate and report the activities of campus organizations. When clubs and organizations send out newsletters, they are nothing more than press releases. How can the Arizona student government truly believe it can produce a student newspaper which is more than a press release for the organization? Staff members have no choice but to report the good side of student government and let the mistakes and discrepancies go unnoticed. The paper will become phony and the new staff may see to it that it reverts to a bulletin board and nothing more.

It is sincerely hoped that the situation at Tucson is soon back to normal so politicians may return to governing and journalists can keep them on their toes.

### Wesley Foundation Sponsors Toy Drive

To the editor: The Wesley Foundation is sponsoring a toy drive for the Headstart Children. These toys will be used in the schools as a part of the Headstart program. We need all types of toys, but we particularly need wheel toys. We can use toys in any condition. As co-chairman of this drive I would like to encourage students to bring toys from home. Take them by the Wesley Foundation. We would appreciate your support.

Lynda Morse

In regard to the investigation of President Kennedy's assassination, the SIDELINES editor and other interested students are circulating a petition urging the re-opening of the case. If you agree that there exists a "reasonable doubt" about the findings of the Warren Commission, come by the SIDELINES office and sign this petition. The finished document will be mailed to the proper authorities and its results will be made known in the SIDELINES.

# Reasonable Doubt; A Layman's View

Ever since that dark day of November 22, 1963, the public has asked itself many questions about the events of those few fateful hours. Many books, articles, and documentaries have been done on that bizarre series of events attempting to create out of all the fantasy and theories some logical pattern or some really credible theory.

Many of these theories are possible, but cannot be proven because they are based largely on opinion and not on fact. The November 25 issue of LIFE magazine contains a very penetrating article entitled "Did Oswald Act Alone? — A Matter of Reasonable Doubt." The article states its thesis and then proceeds to prove it factually.

If the President and Governor Connally were hit by the same bullet, the conclusions of the Warren Commission might be made to hold water. If, however, the President and the Governor were struck almost simultaneously by separate bullets, there must necessarily have been two assassins. Many experts, Governor Connally, and the LIFE article conclude that there is indeed a reasonable doubt about the "one-bullet theory." Governor and Mrs. Connally both maintain that they KNOW the Governor was struck by a separate bullet and that they are certain of their correctness.

It is not my purpose in this article to recount the LIFE article, to state the various theories, or to judge the correctness of any theory. I am certainly unqualified to do any of these things. For information along these lines, I refer you to the LIFE article and the books mentioned therein. My purpose is to give a layman's view of the assassination, the Warren Report, and specifically the bullet theories.

It seems apparent to me, as an unbiased onlooker apart from the center of pressure, that there is a great deal of reasonable doubt about the conclusions of the Warren Report and indeed about the adequacy of the Warren Commission itself. As an average American citizen, I am certainly far from being convinced that Lee Harvey Oswald acted as the lone assassin in an act of insanity.

Everything that has been written or said, even the Commission's own findings, tends to invalidate the "lone-wolf" theory.

It is also my impression that those in charge of the investigations WANT to believe that Oswald acted alone. They seem to be rejecting the more probable view of the events in favor of a very unlikely, freak possibility. Why they cling to the "Oswald and Oswald alone" tenet despite demanding proof to the contrary is yet to be seen.

Perhaps these people refuse to believe that there is at least a possibility of two assassins because if there were two, there is a much greater possibility of some kind of conspiracy. This is certainly a more sinister aspect, but it cannot be denied simply because we prefer not to think about the implications.

There is one fact which truly angers me. There is not only a "reasonable doubt," but a strong possibility that there were two assassins. While we argue back and forth and propose theories, he is walking the streets (somewhere) as free as a bird. It is intolerable that there exists the possibility of such a situation and the government is unwilling to re-open its investigations.

There are many questions which are unpleasant about the most heinous crime of the century. For instance, if there were two assassins, we must know the identity of the second individual. Who else was involved in their dastardly plans? Was Jack Ruby aware of the conspiracy and was he directly involved in the assassination plans? What were the motives of the assassins and/or conspirators? Are the deaths of a number of people involved in the incidents at Dallas and in subsequent investigations related to the assassination case?

We can no longer avoid discussing and investigating the possibilities that have no doubt occurred to everyone anyway, merely because they are more complicated and unpleasant than the popular theory.

Investigators have given insufficient thought to President Kennedy's neck wound. If, as several eye-witnesses in the Parkland Hospital emergency room re-

call, the President's neck wound was an "entrance" wound, the shot could not possibly have been fired by Oswald. The tracheotomy ruined any possibility of discovering the entrance point during the autopsy and, in fact, no one at the time thought of checking.

Investigators combed every square millimeter of the Presidential limousine and were unable to find the bullet which caused the neck wound. If this bullet had been fired from the height of Oswald's position and if it had taken the path it is assumed to have taken, it could not have landed anywhere except someplace in that car. If, however, the bullet had been fired from some point in front of the motorcade and at a different angle, the bullet would not have still been in the car. It would have pierced the President's neck in front, exited at the back of the neck, and left the car in the rear.

The fact that they could not find this disputed bullet is what convinces the proponents of the one-bullet theory that the same first bullet struck Governor Connally. They find this their strongest piece of evidence. Commission lawyer Arlen Specter said, "Where, if it didn't hit Connally, did that bullet go?" The answer is that it left the car to the rear where no one certainly could have been expected to find it.

It is my firm conviction that the Warren Commission is not correct beyond a reasonable doubt. In fact, its theory is perhaps the least reasonable. Nevertheless, the fact that there is any lead which has not been exhausted and that there are so many facts which openly conflict with its findings is reason enough for a re-opening of the investigation.

I propose that the public demand a re-opening of the case. The investigations should be conducted by qualified men who have time to devote to the study and who are under no pressure to speed up the proceedings. They should examine EVERY possibility, follow EVERY lead, and reject NO theory until it has been proven beyond any shadow of a doubt that its final conclusion is the ONLY true theory.

The public has a right to know!

# Tau Omicron And Sigma Club

By Toni Flynn

Tau Omicron, honor society for women, recently held its annual fall initiation. Those girls selected for membership were: Betty Jo Wiser Alexander, Marsha Cooper, Patricia Ann Duncan, Sandra Gail Elam, Mary Beth Kerr, Dora Lee McMeen, Kittie M. Myatt, Mary Virginia (Jensi) Peck, Shanna Price, Rita Jo Pulliam, Patsy Roberts, Judith C. Scott, Patricia Ann West, and Rita Helen White.

Tau Omicron was first organized on the MTSU campus in the fall of 1930 in order to bring together a group of the most outstanding women of the school. The society's ideals continue to be the promotion of scholarship and the upholding of the standards and ideals of the institution.

An invitation for membership in TO is one of the highest honors an MTSU co-ed can receive. Only women of junior or senior rank, with a 3.0 cumulative average, are eligible to become members of Tau Omicron. The candidate for membership must have been a student at MTSU for at least one semester, plan to graduate from MTSU, and have one or more semesters of work remaining after acquiring membership in TO. In addition, she must be of high moral character and have shown ability in leadership while at MTSU. New members are chosen each semester from the list of girls who have the stated qualifications.

Each Fall and Spring semester the members of Tau Omicron are active in one major project. For the project this fall, TO girls are sponsoring one child from the Good Shepherd's Children's Home. Through the work of TO, this child will have a Christmas to remember — his TO friends are giving him toys and clothes, and will treat him to a Christmas party put on by various organizations of the ASB. Once each semester Tau Omicron holds its initiation ceremonies, and each spring the TO alumnae are honored by the active members at the Spring Banquet. Presently TO is revising its

constitution to bring the requirements of the society and the qualifications for membership up to date. When this is completed, TO will be considered for affiliation with the national Mortarboard. This organization is an extremely high honor limited to senior women worthy of membership. Dean Burns and Miss Beulah Davis, TO sponsor, are working diligently to bring Mortarboard into reality at MTSU.

The officers of Tau Omicron are: Nelda Mantooth, president; Paula Cox, vice-president; Wanda Higgins, secretary; Carol Sledge Kerry, treasurer; Barbara Delk, publicity chairman; Carolyn Kirkham, House of Representatives.

The MTSU Sigma Club grew out of the Research Club of the old Middle Tennessee State Normal School. The Research Club, organized by the head of the English department in 1925, makes the Sigma Club one of the oldest clubs on campus. The Research Club remained in existence until a revision of its old constitution was adopted, thus forming the present organization. The purpose of the Sigma Club is two-fold; recognition of students who have distinguished themselves through academic achievement and contribution to the university, and the stimulation of the intellectual life of its members.

Initiations are held once each semester. An invitation to join Sigma Club is one of the highest honors a man will receive while at MTSU. To be eligible for membership, he must be a junior and have an overall 3.0 average. Other requirements are based on leadership, character, and contributions to the school. The new members recently initiated are:

Robert Ashton, Samir Bakizada, Ken Blankenship, Rick Foster, David Griffin, George Jackson, Charles Morhouse, Tony Pendergrass, Larry Pierce, Larry Ritchie, Dicky Sadler, Jerry Shannon, Jarrett Strawn, Ronald Welding, Paul Womack, and Fred Woody. The officers and sponsors of Sigma Club are: Don Schwendimann,

Tau Omicron President  
NELDA MANTOOTH

Sigma Club President  
DON SCHWENDIMANN

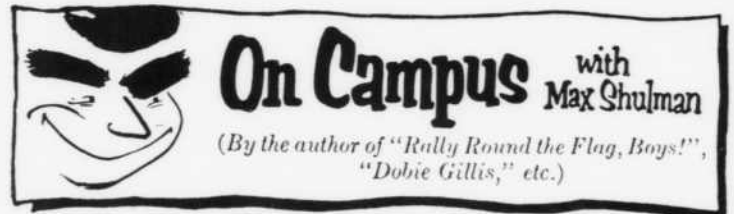

Wayne Willis, vice-president; Charles Murray, secretary-treasurer; Charles Jarrett, ASB Representative; Dr. Gerald Parchment and Mr. Clayton James, sponsors.

There are approximately 800 non-resident members of Sigma Club. These members, former members of the local Sigma Club, are given the same privileges of membership as the resident members. Many non-resident men return to MTSU to take part in the initiation ceremonies, the monthly meetings, and especially the annual banquet Tau Omicron and Sigma Club, and installation of the new officers.

Sigma Club members are revising the constitution, and are beginning to write a history of the club with special emphasis on the accomplishments of the alumni. The club is considering affiliation with a national organization that upholds the same principles and requirements of Sigma Club.

In a joint project, TO and Sigma Club members sponsor an annual recognition banquet each spring honoring the freshmen work scholarship students. Both TO and Sigma Club have begun a loan fund open to the members of the clubs who show a special need. A second successful project shared by the two organizations is the free tutoring offered by the members. With the initiation of the new members in both clubs, the program will gain importance and value. Those desiring to take advantage of this opportunity should contact any one of the following people: Sandra Rose, Box 959; Nelda Mantooth, Box 2195; Don Schwendimann, Box 1422.

Recognition of achievement by invitation to join either Tau Omicron or Sigma Club is a signal honor, and will continue to hold its prestige and importance among the many organizations of the MTSU campus.

On Campus with Max Shulman  
(By the author of "Rally Round the Flag, Boys!", "Dobie Gillis," etc.)

## 'TIS THE SEASON TO BE JOLLY

I know how busy you are—studying, going to class, helping old grads find their dentures after Homecoming—but, hark, the Yuletide is almost upon us and it's time we turned our thoughts to Christmas shopping.

We'll start with the hardest gift problem of all: what to give the man who has everything. Well sir, here are some things I'll bet he doesn't have: 1) A dentist's chair. 2) A Mach number. 3) A street map of Perth, Australia. 4) Fifty pounds of chicken fat. 5) A pack of Personna Super Stainless Steel Blades.

"What?" you exclaim, your eyebrows leaping in wild incredulity. "The man who has everything doesn't have Personna Super Stainless Steel Blades? What arrant nonsense!" you scoff, making a coarse gesture.

But I insist. The man who has everything doesn't have Personna because everyone in the dorm is always borrowing them. And small wonder! Wouldn't you be there with an empty razor and a supplicating sidle if you heard somebody had super-blades that were super-sharp and super-durable; that scrape not, neither do they nick; that shave you easily and breezily, quickly and slickly, scratchlessly and matchlessly; that come both in Double-Edge style and Injector style? Of course you would!

So here is our first gift suggestion. If you know a man who shaves with Personna, give him a safe.

Next let us take up the thorny problem of buying gifts when you have no money. Well sir, there are many wonderful gifts which cost hardly anything. A bottle of good clear water, for example, is always welcome. A nice smooth rock makes a charming paperweight. In fact, one Christmas back in my own college days, these are exactly the gifts I gave a beautiful coed named Norma Glebe. I took a rock, a bottle of water, a bit of ribbon, and attached a card with this tender sentiment:

*Here's some water  
And here's a rock.  
I love you, daughter,  
Around the clock.*

Norma was so moved, she seized the rock, smashed the bottle, and plunged the jagged edge into my sternum.

Here now is a lovely gift for an American History major—a bronze statuette of Millard Fillmore with a clock in the stomach. (Mr. Fillmore, incidentally, was the only American president with a clock in his stomach. James K. Polk had a stem-winder in his head and William Henry Harrison chimed the quarter-hour, but only Mr. Fillmore of all our chief executives had a clock in his stomach. Franklin Pierce had a sweep second hand and Zachary Taylor had 17 jewels and Martin Van Buren ticked but, I repeat, Mr. Fillmore and Mr. Fillmore alone had a clock in his stomach. Moreover, Mr. Fillmore was the first president with power steering. No wonder they called him "Old Hickory!")

But I digress. Returning to Christmas gifts, here's one that's sure to please—a gift certificate from the American Society of Chiropractors. Accompanying each certificate is this fetching little poem:

*Merry Christmas, Happy New Year,  
Joyous sacro-iliac!  
May your spine forever shine,  
Blessings on your aching back!  
May your lumbar ne'er grow number,  
May your backbone ne'er dislodge,  
May your caudal never dawdle,  
Joyeux Noel! Heureux massage!*

© 1966, Max Shulman  
And greetings of the season from the makers of Personna Super Stainless Steel Blades, Double-Edge or Injector, and from Personna's partner in shaving luxury, Burma-Shave, regular or menthol.

### Concert Choir Goes On Tour

Last Thursday, the members of the MTSU Concert Choir went to Chattanooga to perform at Brainerd and Tyner high schools. The highlight of the concert was a piece called "Brazilian Psalm" which is in the rhythmic pattern of the modern Latin American beat. They also presented selections from the musical KISMET. Some of these selections are: "The Sands of Time," "Baubles, Bangles, and Beads," and "Stranger In Paradise." Their fall concert was given December 4, 1966, at 3:30 in the Dramatic Arts Auditorium.

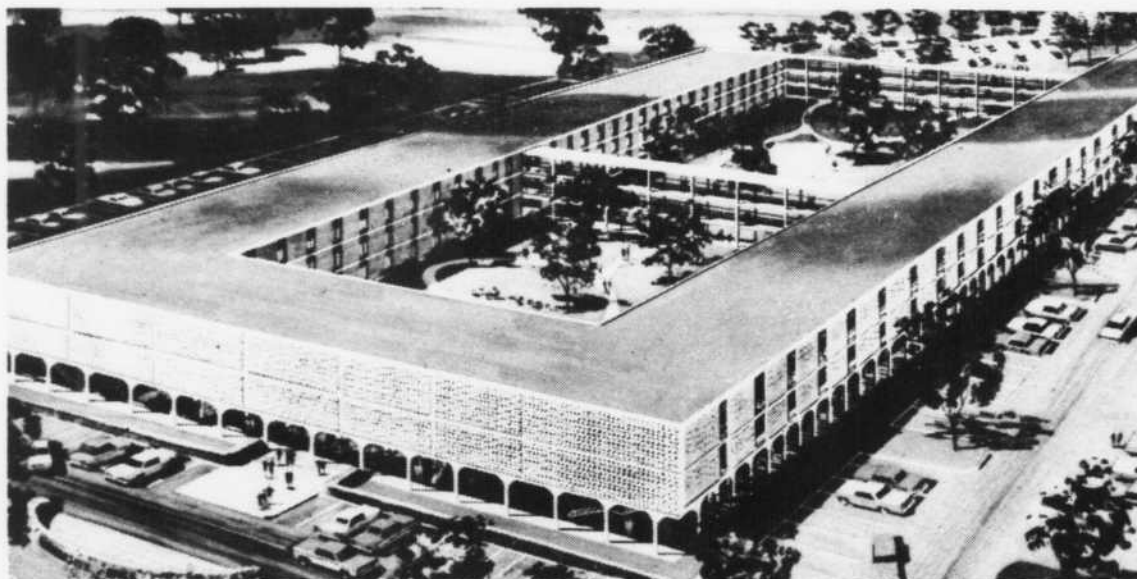

### Who's Who Inducts 36

Thirty six seniors at Middle Tennessee State University have been selected for Who's Who in American Colleges and Universities for 1967, according to Dean of Students Robert MacLean. Those selected are Frankie K. Baskin, Murfreesboro; William H. Boner, Nashville; Judy F. Burt, Columbia; Susan Chrietberg, Murfreesboro; Beverly J. Clark, Cornersville; Walter T. Cole, Nashville; Paula Rose Cox, Abilene, Texas; Gayle Elrod, Murfreesboro; Madge E. Gentry, Nashville; Patricia Graham, College Grove; Larry R. Gregory, Nashville.

Martha Lunn Harvey, Nashville; Robert L. Huskey, Tullahoma; Dixie L. Jackson, Nashville; Carolyn S. Kirkman, Portland; Charles M. Lamb, Murfreesboro; Paul W. Landers, Murfreesboro; DeWayne B. McCamish, Chattanooga; Nelda R. Mantooth, Cleveland; Sandra E. Meeks, Palmer; Charles D. Morhouse, Smyrna. Tony B. Pendergrass, Murfreesboro; Pamela J. Petty, Nashville; Linda Lou Richardson, Columbia; Barbara Robinson, Harriman; Richard T. Sadler, Nashville; Margaret Rebecca Salisbury, Murfreesboro; Donald W. Schwendimann, Hohenwald; Linda A. Shelton, Shelbyville; Jarrett W. Strawn, Hillsboro; Betty F. Taylor, Murfreesboro and Neil H. Wright, Murfreesboro.

To receive recognition in this elite group is one of the highest honors an MTSU student can receive. These students have been selected on the basis of their outstanding scholarship, participation and leadership in academic and extra-curricular activities citizenship and service to the school and promise of future usefulness.

# Ecce Ovum Bonum!

By Barbara Ellen Everett  
We have many organizations on our campus, but perhaps the most noted and hardest working group we have is "The Buchanan Players." This group is composed of about one hundred and twenty five members and about seventy five active members. They work daily to prepare dramatic masterpieces for the enjoyment of the University students and for the polishing of their own talents. They have given such outstanding plays as "Inherit The Wind," "The Crucible," "Dinny And The Whittles," and "The Madwoman of Chailot." Each year they have an arena play which usually runs from eight to ten nights. Their regular plays usually run for about three nights.

They meet each Tuesday night at 6:30. The Buchanan Players is not an organization opened just for theatrical students, but is open for all interested individuals who are willing to work hard and who wish to achieve greatly.

This gay group received national recognition from the Playbill which is a magazine published for the National Chapter of the Alpha Psi Omega, a National Dramatic Fraternity which consists of outstanding members of the college theatrical field. For this we extend to them our deepest congratulations.

We should recognize some outstanding members of the club. There are three students who will graduate as Theater Majors; Alisha Crenshaw, Carolyn Anderson, and Rebecca Salisbury. All of these girls are exceptionally talented. The president of The Buchanan Players is Harold Knowles; he does an outstanding job in this group. Clay Hawes, Technical Director, does more than his share of work in working up the plays. We should also recognize Carolyn Anderson as being president of the Alpha Psi Omega.

Dorethe Tucker, Director of the University Theater, was kind enough to show me around the area called "Backstage." I was surprised when I entered the costume area to find out that most of the fabulous costumes which are worn by the cast are produced by members of the Buchanan Players. I saw the make-up room, the prop room, and the famous green room where the cast waits to go on stage. The entire thing made me realize what a tremendous amount of work goes in the production of a play. I felt extremely excited when I walked out on the stage and saw the rows of empty seats facing me. I could almost hear the audience applaud as if at the of a tremendous performance. I could feel what I feel the Buchanan Players deserve to feel: Rewards of Happiness.

# Cheerleaders Set Busy Pace

By Julia Douglas

With football season behind us and basketball already under way, we need to pause for a getting acquainted session. The MTSU cheerleaders, who go to all the games and lead the student body in the different yells always work under the pressure of being representatives of Middle Tennessee State. They must always present qualities of good sportsmanship even when the going gets rough. The cheering squad consists of eleven regular members plus two freshman alternates.

The freshman alternates for this year are Jill Eatherly, a physical education major from Murfreesboro Central, and Anne Abbott, an elementary education major from Goodlettsville High.

The sophomore members are Je Vena Armstrong, Paula Harein, Nancy Nethery, and Stephen Foster. Je Vena is a pre-med major who graduated from Murfreesboro Central. Paula, who graduated from Two Rivers in Nashville, is a biology major. Another physical education major is Nancy Nethery, who graduated from Maplewood in Nashville. The male representative of the sophomore class is Stephen Foster, a business major who graduated from Antioch High School. The junior class provides the largest number of cheerleaders. These representatives are Charlie Formosa, Ron VanVickle, Sharon Long, Lela Baxter, Janice Fann, and the cheerleading captain, Rita Pulliam. Majoring in management, Charlie is a graduate of Father Ryan in Nashville. Ronnie graduated from Lawrence County High in Lawrenceburg and is a physical education major. Chattanooga Valley is Sharon's alma mater and her major is home economics. Lela comes from Murfreesboro Central and is majoring in elementary education. Janice is the only member of the squad from Columbia and her major is physical education. Another elementary education major from East High in Nashville is Rita Pulliam.

The only member of the squad

## In The House-

The ASB House of Representatives has under study at this time a new set of bylaws. Judy Bawcutt and Mike Crosswhite are co-chairmen of this Committee which will draw up and submit a set of operational procedures for the House. It is felt that with the completion of this committee's work the rules under which the House operates will be much more comprehensive and effective programs can be carried out by the House.

With these new by-laws and with the completion of the revised ASB Constitution, the House will be prepared to move to more specific areas of legislation. Thus far the Constitution has consumed the majority of the House's time.

The House has before it at this time one bill which will, if passed, have an effect on the student body at large. This bill asks for repeal of the old Point System Bill #46. Bill #46 limits the number of offices one student can hold by assigning a number of points to each organizational or governmental office. When a student has 255 points by this system he or she was forbidden to participate in positions of leadership in any other organization.

Doug Bennett, in introducing the new bill, pointed out that the increased enrollment at MTSU made Bill #46 obsolete and prevented many students with experience and ability from participating in student affairs to their maximum potential, thereby stifling their initiative and robbing the student body at large of experienced, effective leaders.

who represents the senior class is Jim Gaines. Jim is a graduate of Kingsport High School. His major is History.

Besides spending much time practicing and studying, your cheerleaders find time to participate in other activities such as: Drama Club, Home Ec Club, SNEA, Gymnastics, Biology Club, ROTC Sponsor, and sororities. All are active members of the Booster Club.

We have mentioned the word representative in connection with the cheerleaders. True, they reflect the ideas and attitudes of the school wherever they go; but they need your help in backing them up so that all the members of the various athletic teams will know how proud you are of them. Next time, and from that time on, make it your business to find out which MTSU team is playing where, and GO! SUPPORT YOUR TEAMS!

TUESDAY THRU SUNDAY

## Tech Brays; Harvey Stays

by Jim Freeman  
Sports Editor

About 4:30 p.m. last Thursday afternoon, almost anyone in a fifty mile radius of Cookeville could hear loud, obnoxious noises coming from Overall Field. The Tech Eagles had swallowed a case of bitters, and it didn't agree with them.

They thought they had been shortchanged by the officials in the last ten seconds of play in their game with MTSU.

It seems that someone had neglected to get up off the Tech quarterback after he had carried the ball inside the Raider ten yard line, thus denying Tech the change to run another play. The unconfirmed culprit was Mike Matheny, the same young man who, earlier in the season, had smacked Morehead's big Rico King in the fist with his eye.

Tech claimed that this cost them the game. I've always been under the impression that a team had 25 seconds to get a play underway. How was poor Mike to know that they were in such a hurry?

The Tech quarterback actually got rather angry about it. He even tried to forcefully remove Matheny, whose efforts at getting up by himself could best be described as casual. This resulted in a brief scuffle which ended at exactly the same time the game did. How's that for coincidence!

It was at this point that Tech coach Wilburn Tucker blew his cools all over the place. He rushed onto the field and began berating the referee for not calling time out. It seems that he, too, felt that the Eagles could accomplish in the final ten seconds what they had not been able to do in the previous 59 minutes and 50 seconds. Just because the Raiders scored with one second left, he felt Tech could do it, too.

What coach Tucker failed to take into consideration was the fact that Tech just isn't that type of ball club. The Raiders are. They pulled out the Eastern game, they stopped Pensacola with a goal line interception, and came from behind to down Western. They had also turned his own Eagle's 7-0 lead into a 21-7 deficit.

Just last year Tech had blown a game that they had in their hip pocket by letting MTSU's Billy Warren run an intercepted pass back 85 yards for a score that wiped out the Eagle lead.

Even in the early stages of last Thursday's game it was the Raiders who were making the big play when they needed it. In the second quarter, with MTSU trailing 7-0, they had the ball on the Tech one yard line with fourth down coming up; a big play for both teams. Tech almost held, ALMOST, but they didn't. Mathews scored. The Raiders had made the big play.

Still in the second period, this time with only one second left, Walker completed a pass to Hloden on the fourteen. Tech almost tackled him to end the half, ALMOST, BUT HE LATERALED TO Caplenor who scored. The Raiders had made the big play again.

Tech's claims that they would have scored on the next play just don't hold water. I'll tell you what would have happened. Big Tiny Langford, or Rodney Hayes, or some other Raider defender would have dropped the Eagle passer for a loss, or Warren, or Jones, or Edging, or Matheny would have knocked down the pass, or maybe intercepted and run it all the way back. At any rate, the Eagles would not have scored. They aren't that type of team.

It doesn't hurt to let them dream, however. After losing the big one five times in a row, that's about all they have left. All the dreaming, and screaming, that Tech does won't alter the outcome, nor will it change the fact that Harvey will be at MTSU for another year.

### BASKETBALL

The title of this year's OVC basketball roundup was supposed to have been "Western Kentucky and the Seven Dwarfs," but it seems that Western was the only one who couldn't cut the mustard in their opening game, falling to Vanderbilt before a sellout crowd of 13,500 in Bowling Green. The score was 76-70.

One game does not make a season, however, and all of the people who really believe that Western will not win the OVC championship have already been carried off to a padded cell somewhere.

Vandy did prove that the Hilltoppers could be had with a supreme effort, and stranger things than Western losing the OVC crown have been known to happen. Such as Morehead winning the football title.

### THIS AND THAT

-Tech's new 12,000 seat-capacity stadium was a highly welcomed change from the old Overall Field that Tech used to call home.

-The halftime show, featuring both the Tech band and our own Band of Blue, was easily the best this year.

-Every team in the conference has less than ten seniors on the squad. Champion Morehead leads with nine, while Eastern has the fewest, only four. There should be some terrific ball games around the OVC next year.

-The crowd at the Raider's game with UTMB was the largest and noisiest of any MTSU opening game crowd in many, many years, and perhaps ever. The students, faculty, and townspeople seemed to sense that this team is going to be a winner this year, and they love it.

-Coach Trickey and several students have done a magnificent job in redecorating the gym. It adds both color and atmosphere to the games. All that remains now is to paint it blue and white.

-Although the football season is over for the players, the coaches are beginning to hit the road in quest of new talent for next year. Already signed are Crossville's David Duvall, a 200-lb. linebacker, and Columbia's David Cole, a 215-lb. all-Midstate selection at tackle.

BOB HLODAN, MTSU halfback, draws a crowd as he picks up yardage in his final game as a Blue Raider. MTSU won, 21-14.

## Raiders Sit On Tech, 21-14

The Middle Tenn. State Blue Raiders gained sole possession of second place in the OVC with a 21-14 win over Tenn. Tech at Cookeville on Thanksgiving Day. The win was the fifth straight for the Raiders over the Eagles, and enabled them to keep Harvey for another year.

The passing of Billy Walker, the running of Larry Mathews, and the receiving of Bob Hloden, Herb Owenby, Ken Caplenor, and Toby Wood was just too much for the Eagle defense to cope with.

The Cookeville Trade School started out like they really meant business, but after scoring an early touchdown, they faded out for the next 30 minutes. During this period, the Raiders scored three times and had another one called back. This was just too much for the Eagles to overcome, although they came close.

The Raiders first score came on a six-inch smash by Mathews in the second period. Paul Barnett's kick tied the score.

With 1:05 remaining in the first half, MTSU took over the ball on their own ten yard line. Using a series of short passes, the Big Blue moved down the field to their own 49 with one second remaining in the half. From there, Walker found Hloden on the Eagles fourteen and hit him with a pass. Hloden was hit almost immediately, but lateraled to Caplenor who raced untouched into the end zone. Barnett's conversion made it 14-7 at halftime.

### RAIDERS LEAD IN TROPHY RACE

Middle Tenn State is currently leading in the competition for the coveted all-sports trophy, given each year to the OVC school doing the best overall job in athletics. With only two of seven sports (cross county and football) completed for the year, MTSU has amassed 21 points.

Points are scored according to the order of finish in the final conference standings. In all sports except football and basketball, first place is worth eight points, second is worth seven, and so forth. Since more emphasis is placed on football and basketball, the points are doubled for these two sports.

The current standings are: MTSU 21; MOREHEAD 18; EASTERN 18; TECH 16; WESTERN 11; AUSTIN PEAY 11; ETSU 7; MURRAY 6.

The Raiders scored again in the third period on another short plunge by Mathews. Again Barnett's kick was good, and MTSU led, 21-7.

Tech came back with a long drive that was capped with a 17 yard touchdown run by substitute quarterback Tommy Van Tone. Tech made their extra point to cut the gap to 21-14, and set the stage for their last futile effort.

With 3:30 remaining to play, the Eagles gained possession of

the ball on their own 21 yard line. Three minutes and twelve seconds later they had the ball on the Raider 20. From here Van Tone tried to pass, couldn't find a receiver, and ran to the nine yard line before he was stopped.

At this point, some quick-thinking Raider managed to deter him from the job at hand until the clock had run out, and with it, Tech's hopes of pulling it out of the fire.

Tech protested, but to no avail, and it goes into the record book's as a 21-14 win for the Big Blue.

BILLY WARREN (28) slams into a Tech receiver as the high pass goes out of bounds.

DARRYL BENTSON (34) goes high to pull down a rebound in the Freshman game last Saturday at Alumni Memorial Gym. Bentson scored 20 points to pace the Raiders to an 84-36 win over Columbia State.

# Raiders Win First Two

Coach Ken Trickey's basketballers posted impressive wins in their first two games, scoring over a hundred points each time. Last Thursday, the Raiders downed UT Martin, 108-94, and on Saturday they clobbered Florence State by a 111-79 score. In each case, the reserves played most of the second half.

Against UTMB in the season opener, Willie Brown and Jay Cole were the high scorers with 23 points apiece. Bob Gardner had 18 and Art Polk chipped in with ten. Big Ed Cannon only had seven points, but did a tremendous job on the boards.

In a new way of emphasizing fine play, Coach Trickey has begun awarding red stars, to be worn on the warm-up jackets, for the best defensive player and the best rebounder for each game. Recipients of these awards for the UTMB game were Ed Cannon and Willie Brown.

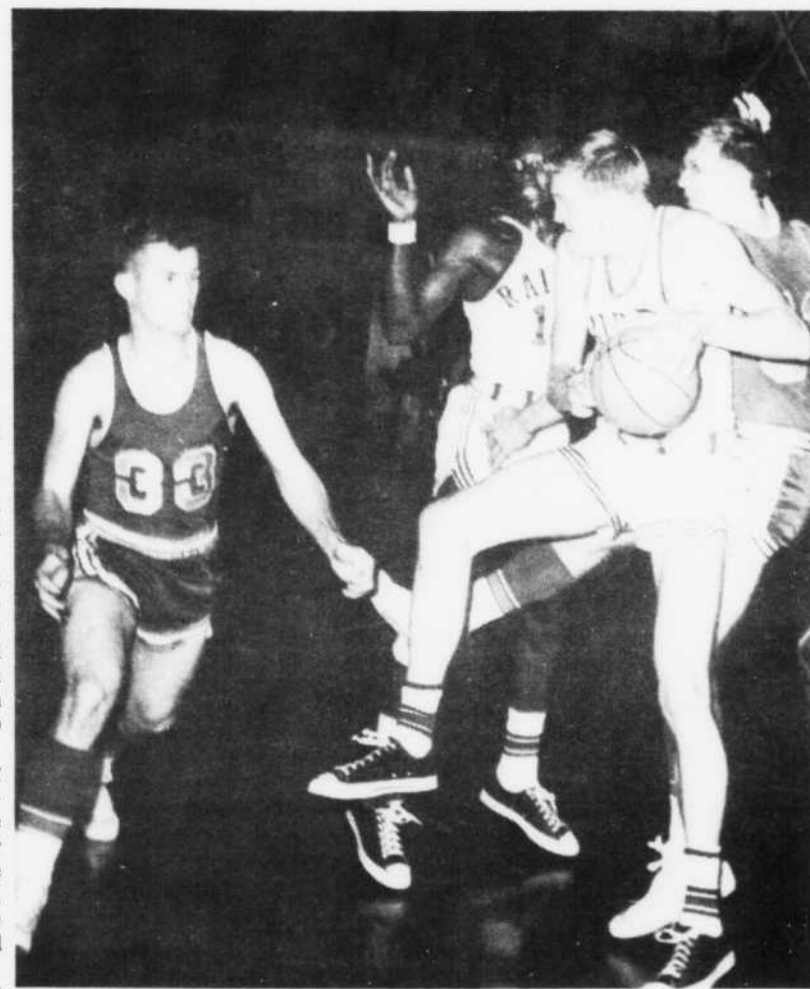

In the Florence game, seven Raiders scored in double figures, led by Gardner's 18. Cole had 16, Cannon and Jack Sutter had a dozen each, Terry Thomas and Fred Howard scored 11, and Brown got ten. Art Polk and Jack Sutter were awarded the stars for this game.

Just before the half ended, Frank Harris made his first appearance of the year. Harris, who had been tabbed as the starting center, had been out with a knee injury. He played some in the second half, also, and finished the night with eight points.

On Saturday night, MTSU will be at UTMB for a return match with the Vols. The next home game will be against Chattanooga next Monday night. There will be a capacity crowd on hand, so get there early if you want a good seat. Game time is 7:45.

The Raider Freshmen have been just as successful as the Varsity, owning a 2-0 record, also. They downed the UTMB yearlings, 78-67, with Ken Riley scoring 28 points and Terry Scott adding 20 more.

Saturday against Columbia State Community College, the Frosh ran wild as they posted an 84-36 win over the first-year collegians of former Raider Bennett Jent. Darryl Bentson, a 6-4 forward, was high scorer for the Big Blue with 20 points. The next home game for the charges of coach of Jimmy Earle will be next Monday against Chattanooga in a preliminary to the Moc-Raider game. Frosh game begin at 5:45.

BIG ED CANNON, holding the ball, looks as if he is about to feed it off to a Florence State guard in last Saturday's game. Behind Cannon is Art Polk. Raiders won, 111-79.

## Rifle Team Fires In Two

The Raider Rifle Team fired in two matches the weekend of the 18th and 19th of Nov. The matches were against Tenn. Tech and Florence State College. Friday, the team traveled to Cookeville with high hopes of beating the "Eagle Eyes" of Tenn. Tech. The Raiders have not been able to defeat the shooters from Tech. in the past few years. This year was no exception. The final score was T.T.U. 1335, M.T.S.U. 1208. Individual scores for the Raiders were Tom Foster 267, Jerry Dunbar 259, Terril Gregory 245, Ed Kaeser 221, Ed Foster 217. The women's team also fired. All of the women are first year shooters. The total score was M.T.S.U. 1164, T.T.U. 1316. Individual scores were Joan Thurman 256, Patsy Bearden 243, Fuffy Vogelgesand 232, Noble 238, Trent 195.

After this loss the Raiders hoped to offset this losing streak by beating Florence the next day but the streak was destined to continue. The final score in the match was Florence State 1274, M.T.S.U. 1234. Individual scores were Jerry Dunbar 262, Tom Foster 254, Terril Gregory 245, Edward Foster 244, and Jack Dickson 229.

## Intramural Activities Gators Take Crown; Volleyball Begins.

By Paul Clinard

Intramural football has been concluded for the season. The Gators won the playoff between the three leagues. The annual intramural classic between Tenn. Tech. and MTSU was played in the morning of the Turkey Day varsity game between the anch-rivals. The Eagles of Tech. were the victors this year over the Gators by a score of 6 to 0. We are hoping for a reversal of this outcome next year when the Eagles play here.

Many other activities are scheduled for the coming weeks ahead. Volleyball will be getting underway beginning December 5th. Anyone interested in volleyball or in the basketball program which gets started after the new year, should turn his team rosters into Mr. LaLance, faculty director, or Bill Boner, student director, as soon as possible. Submit your P.O. Box numbers with the rosters in order to have communication between you and the IM office. Anyone desiring additional information pertinent to these events or other activities scheduled in the future drop by the IM office in Room 105 in the gym.

**Blue Raiders Guests Of Roses**

The Blue Raiders were dinner guests of Roses Store Tuesday night, November 29. The appreciation Dinner was held in the ultra-modern cafeteria of the large department store in Mercury Plaza Shopping Center.

Host for the occasion was Mr. M. G. Blankenbeckler, manager, with Mr. Jim Nethery, assistant manager, helping to prepare for the sixty-five people present.

The Blue Raider cheerleaders decorated the cafeteria in the traditional colors of white and blue. Large signs were scattered through the store bestowing Roses' congratulations to the football team. Later in the evening Santa Claus made his appearance.

Present from the administration were Dr. Belt Keathley, Director of Student Aid, and Mr. Everette Sama, Assistant Dean of Admissions. Coaches Charles "Bubber" Murphy, Terry Sweeney, and Joe B. Hayes were present with the team. Coaches Ken Trickey and Jimmy Earle represented the Blue Raider basketball team.

**AROUND THE OVC**

**OVC IS 7-1 IN OPENING GAMES**

All eight Ohio Valley Conference schools opened their 1966-67 seasons last Thursday night, and all but one came away victorious. Oddly enough, the one defeat was Oddly enough, the one defeat was powerful Western Kentucky, the top-heavy pre-season pick to win all the marbles, and also to gain a little national recognition. The Hilltoppers were beaten by Vanderbilt, 76-70.

The other seven teams roared to impressive wins, however. Three teams scored over 100 points. Murray stomped previously unbeaten Georgia Southern, 121-65, Eastern walloped Transylvania, 113-89, and Middle Tenn was a 108-94 winner over UT Martin.

Morehead and Tech only missed the century mark by a little. Morehead rolled over Cumberland, 98-69, while Tech laid it on Chattanooga by a 96-56 score.

East Tenn and Austin Peay were also impressive in their opening wins. The Bucs ripped Wofford, 86-52, and the Governors downed Bethel, 62-38.

**Raiders Lose To Tech**

The Middle Tenn State University varsity Mens and Womens rifle teams fired a shoulder to shoulder match against Tenn Tech University on Friday 2 Dec. 66.

The final score in the mens competition was MTSU 1251-Tenn Tech 1295. The high five for MTSU were: Tom Foster 262, Jerry Dunbar 251, Terrill Gregory 252, Linus Leppink 248, and Jack Dickson 238. This was the second match of the year between these two teams and Tech was the victor in both matches however the Raiders narrowed the gap by 60 points between the two teams this match as compared to the previous match. Tenn Tech was rated among the topten rifle teams in the U.S. last year.

In the Womens competition the scores for MTSU were Linda Noble 168, Linda Trent 147, Pat Bearden 185, and Joan Thurman 212. The totals were MTSU 712, Tenn Tech 907. All of the MTSU Womens are first year firers. Tenn Techs Women were ranked first in the U.S. last year and appear to be headed for another championship year.

The leading firer on the Raider Riflers is Tom Foster. Tom is firing at a 262.2 average.

Joan Thurman is leading the Riflettes with a 234 average.

**Ferguson Talks To Methodists**

The Rev. Franklin Ferguson, rector of St. Paul's Episcopal Church, Murfreesboro, spoke to Wesley Foundation on "Why I left Methodist Ministry" last Wednesday night.

He said that his conversion began when he attended an Episcopalian service. He began to study the history of Methodism and the life of John Wesley, who as Founder of the Methodist Faith is highly honored in the Episcopal Church also. Even as he remained a Methodist minister, he would drive to the nearest Episcopal Church and receive communion because he felt a need to receive communion every Sunday. He finally decided that since he had many needs the Methodist church was unable to fulfill, he would be more effective as an Episcopalian.

**CHATTANOOGA DOWNS GOVS**

The Chattanooga Mocs spotted Austin Peay a 9-0 first-half lead, and then bombarded them with scoring passes to win, 27-17. Roger Catarino threw for four touchdowns, three of them in the final period.

Austin Peay got a 51 yard field goal from Ron Parson and a touchdown on a two-yard plunge from John Ogles to account for their firsthalf margin.

Catarino then found the range on tosses of eight and 32 yards for scores as the Mocs took a 14-9 lead. This was shortlived, however, as big Ogles bulled into the end zone from one yard out to give the lead back to the Govs.

Chattanooga struck like lightning following the APSC score, going ahead on a 56 yard pass from Catarino to Cotter. The Mocs sewed up the game a few minutes later on a pass to Napolitano from 11 yards out.

**MURRAY HAS NEW COACH**

Former Murray State University football star, Bill Ferguson, has been named head football coach at his alma mater. He had been the track coach and assistant athletic director at the University.

Ferguson was named to replace Don Shelton who resigned last week after a miserable 0-10 season.

**RICHMOND, KY.,** (Special) - Roy Kidd is well aware that he just produced the most successful football team in over a decade at Eastern.

He also realizes that the team broke 23 school records and tied five more. And he can look to next year with even more confidence.

But, at the same time, when Kidd remembers the 1966 football season there'll always be that slight tinge of regret. He'll look back and remember three plays in particular.

It was those three plans that spelled the difference between victory and defeat as the Colonels finished the season with 7-3 record.

For example, against Middle Tennessee. Eastern led 20-13 with 1:37 to go. The Colonels, backed deep in their own territory, decided to give up a safety to avoid the possibility of a blocked punt.

The strategy drew praise from many coaches, but it also spelled Eastern's doom. The safety made the score 20-15. Thirty seconds later, a bit of Raider razzle-dazzle provided a touchdown and 22-20 victory.

Then, against Tennessee Tech, a mental error was all it took to defeat Eastern. The teams muddled on even terms in a sea of mud with the exception of one play - by Tech - that resulted in a touchdown. Final score: Tech 7, Eastern 3.

And who can forget Tommy "Big Play" Gray? Eastern was assured of the victory over Morehead until Gray started his antics. Then, with ten seconds to go, Gray scored a touchdown. When the buzzer sounded, the scoreboard read: Morehead 21, Eastern 19.

And so it was. The Colonels lost three games by a total of eight points.

"Sure, you can't help but wonder what might have happened IF," Kidd said when asked about the three losses. "But football is a game of ifs. I'm sorry we lost the way we did, but I'm even more proud of the kids for the way they recovered each week.

"This team had a lot of character," he continued. "They'll be ready to get even next year."

Kidd has good reason to look forward to next year. He loses only four players off his entire squad. And, to make things even better, there are only four juniors.

## Equality And Diplomacy

By Colleen Powell

The day when this world was called a man's world is gone forever. More and more fields are being penetrated by the ability of women, and these fields are actually being improved because of this. At last women are becoming true intellectual equals of men.

However, as the problem of equality disappears, another one is taking its place. Now that

women are competing on the same level with men, it is extremely difficult for them to retain their femininity. Respect from men is the thing women have worked for generations to acquire, but they must not let it turn them into crude and unrefined creatures.

The main thing a woman must remember at all times is to be a lady. Although women are working and achieving the same things as men, they must try to make the men feel that they are really doing the best job. I do not mean that women should give in and humor them on all issues, but a man needs to be allowed the feeling of manliness if he is to feel comfortable in the presence of women. Otherwise, his feeling for women is one of frustration and rebellion instead of admiration.

All women should be on their toes in order to be able to radiate a feeling of warmth and understanding toward men in the most unusual circumstances. They need it. Women owe this to men as compensation for barging into the "man's world."

### 'The Messiah' To Be Sunday

On December 11, the University-Community Orchestra and Community Chorus will present G. F. Handel's immortal Oratorio THE MESSIAH. This performance will take place in our Theatre Auditorium beginning at 3 o'clock.

This will mark the first time THE MESSIAH has been presented on campus in many years. The Bohanon Music Club of Murfreesboro and the University are jointly sponsoring this event. Soloists for THE MESSIAH are: Mary Martin and Harriett Patterson, sopranos; Jean Vaughn, alto; George Mayfield and Clyde Cromwell, tenors; and Neil Wright and J. Howard Young, basses. T. Earl Hinton will conduct.

Few great works of music have enjoyed the acclaim given Handel's MESSIAH. It is performed at Christmas and Easter hundreds of times each year throughout the world. This musical setting of the events of the life of Christ continues to bring the important meanings of Christmas to those who will hear. Students and faculty and staff of the University are invited

# Notice—All Students

- Catalog regulations require that EVERY student have an I.D. Card.
  - Students not having an I.D. Card must follow the procedures outlined below:
    - Have pictures made in Room 122, Old Main, between the hours of 1:00 and 4:00 p.m., Monday through Friday.
    - A Picture Receipt Card will be issued to the student when the I.D. picture is made.
    - The student must pay a \$1.00 fee at the Business Office and keep the receipt until the I.D. Card is processed.
    - The Picture Receipt Card and the \$1.00 receipt may be used as a temporary I.D. Card for a period of not more than ten days.
    - Approximately one week after the picture is made, the I.D. Card may be picked up at the Student Personnel Office by turning in the \$1.00 receipt.
  - All students not having their I.D. pictures made by the last day for entering classes of each semester will be required to pay the \$1.00 fee for securing an I.D. Card.
  - The Bookstore will not buy books from students or make book refunds without an I.D. Card.
  - Checks will not be cashed without I.D. Cards.

# Chamber Ensembles To Tour

The four woodwind and brass chamber ensembles of M.T.S.U., under the direction of the Dr. Kenneth L. Page, will make their annual tour to Nashville and other surrounding area high schools to present programs on December 7 and 8.

A local concert was presented in the Theater-Auditorium on December 1. These groups have been touring for the past twelve years. Last season high schools were served at Chattanooga and Knoxville.

One composition was transcribed by Dr. Pace for the clarinet. Of the nineteen players, five are freshmen.

The personnel of the group includes: (I) Jeanne Hammer, flute; Karen Pace, French horn; Kenneth Pace, clarinet; Paul Britt, bassoon, (II) William Adcock, trumpet; Bobby Carpenter, trum-

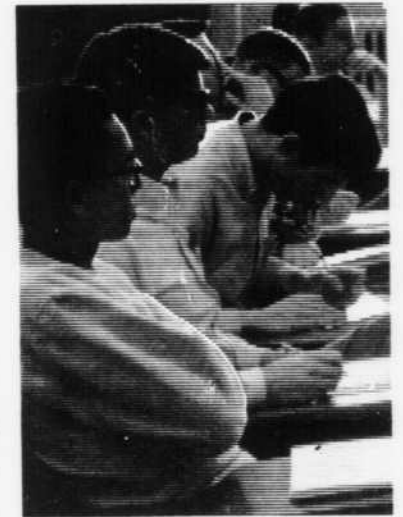

pet, Patricia Gifford, French horn; Dona Dixon, trombone; Glenn Davis, Trombone; Lynn Moore, tuba, (III) Paul Britt, alto and soprano; Philip Waters, alto; James Ledbetter, tenor; Kenneth Steele, tenor; James Souders, baritone, (IV) Jefferson Creek, first clarinet; Ronald Van Hall, second clarinet; Betty Merton, third clarinet; Michael Corley, fourth clarinet.

The program is as follows: (I) Kunst der Fuge, Contrapunctus a 4 voci — J.S. Bach (1685-1750); Plover Musiktag, Abend-Konzert — Paul Hindemith (1895-1964); Cassazione — W. A. Mozart (1756-1791).

Woodwind Quartet: (II) Two Pieces — Anthony Holborne (-1602); Christmas Cards (Revelers, Carollers, Chuch in the Snow) — Chester Osborne (contemporary); Contrpunctus III — J. S. Bach; Autumn Moods — Carl Meyres (contemporary).

Brass Quintet and Sextet: (III) Quartet Number One — Ralph Miller (contemporary); Tribute to a Flatted Fifth—Stan Kenton (contemporary); Histoire (La meneuse detortues d'or, A giddy girl)—Jacques Ibert (1890).

Saxophone Quartet and Quintet: (IV) Quartetto, K. @%A. — W.A. (IV) Quartetto, K.285a — W. A. Mozart (transcribed —K.L. Pace); Pastorale and Dance — Anthony Donato (contemporary); Grand Quartet — James Waterson.

# MTSU Student Is YF&H Queen

Mrs. Nell Blankenship, Sophomore Business Education major at MTSU, won the Tennessee Young Farmers and Homemakers Queen contest at the Farm Bureau Convention in Nashville two weeks ago.

Mrs. Blankenship represented Rutherford County in the contest. She won an all expense paid trip to the national YF&H and Farm Bureau Convention to be held in Las Vegas, Nevada, December 4-8. There she will compete with the entries from all other states.

MRS. NELL BLANKENSHIP

She won the contest on her active participation in YF&H activities (25%), beauty (50%), and personality (25%). Nell, a graduate of Polk County High School has attended Georgia State College in Atlanta, Georgia, and the University of Tennessee at Knoxville. She is married to a YF&H'er, Steve Blankenship, of Murfreesboro.

ANNE ABBOTT, MTSU's representative in the Miss Cheerleader USA contest.

**MTSU Student Enters Contest**

CYPRESS GARDENS, FLA. — Anne Abbott, Middle Tenn. State University, Murfreesboro, has entered the Miss Cheerleader USA Contest held annually at Cypress Gardens.

The freshman coed whose home is Madison, will compete with more than 600 entries to select America's Miss Cheerleader.

Five finalists will be chosen from entry blanks and photographs on Dec. 5, and the finalists will be flown to Cypress Gardens, Fla., to compete on Dec. 29.

Reigning Miss Cheerleader is Nancy Greer from Ohio University, the fourth coed to hold this national title.

In addition to all-expense paid trip to Cypress Gardens, the finalists will receive a Jantzen sportswear wardrobe, Cypress Gardens water skis, and a Kodak Instamatic camera. The winner will also receive a Johnson outboard motor, a trip to Miami for the Orange Bowl festivities, a \$200 scholarship and the Miss Cheerleader USA trophy.

# Coed Re-examines Idea Of Double Standards

Perhaps I am accomplishing very little by my articles concerning my comrades, the girls of MTSU, but each week I have more and more comments made concerning the articles I have written over the past weeks. These comments make me realize that there is need for further discussion on the matter of rights for maids of MTSU.

I would like to look on the other side of the rose garden and try to clarify my feelings concerning the views which a minority of GIRLS SHARE, I say a minority because very few girls in comparison with the majority have attacked my previous ideas. Let me stress the fact that I realize "There Must Be Rules", but I choose to think there should be different rules for different people. Must all girls have the same regulations when one girl respects authority and another defies it? Paraphrasing, the Good Book says we reap what we sow. This university must not agree with this idea because no matter how good a girl composes herself, she is in no manner given awards for her deeds. Instead she is reminded of her coed codes persistently and threatened with the "poisoned darts" called demerits.

In regard to equality, yes, I am happy that there is a median of standards between the male and female. I am happy that I do not have to worry about the draft, and that boys are taught to treat girls graciously; but, I do not hesitate to say I do not appreciate being classed as being so insuperior to the boys on this campus that I cannot conduct myself in a mature fashion. I dare say that University Park would not be such a maladjusted place if girls were allowed to stay there rather than boys. Girls have so many limitations that they would treasure being give half a life of their own. Once again I challenge you to compare the restrictions of Raider men with the Raider women.

I do respect Dean Hampton. I feel for her. If the parents would give more moral support to the university instead of stripping it of its pride when they feel their daughters are overly restricted; Perhaps more could be accomplished to ward a new set of rules.

I suggest that the dorm mothers examine themselves. My experience with a dorm mother was most pleasant, but I know from talking to many girls that their experiences have been completely unhappy? Why? Could it be that some dorm mothers think girls are buttons which should constantly be pushed? I believe it is time for dorm mothers to respect the girls feelings if they expect the girls to respect theirs.

Now you ask, what solution do you offer? I suggest that the A.S.B. begin examining this situation, and perhaps ask the parents of a certain percentage of the women students to voice their opinion. One girl suggested honorary housing for juniors and seniors with a 3:00 or above average. I suggest first and foremost that the time for a change is now! There is no room on this campus for a "slow boat to China."

# Arts Profs Had Nov. Exhibits

Two MTSU art faculty members were honored with one-man shows last month.

Mr. Lewis D. Snyder, M. T. S. U. ceramics department, had a pottery show at the University of Tennessee, Knoxville, Tennessee. This show opened November 1 and ran through the 30th.

Mr. Klaus Kaltenberger, newly appointed jewelry instructor at M. T. S. U., had a jewelry show on display at Southwest Missouri State College, Springfield, Missouri. Mr. Kallenberger's show opened November 1 and ran through the 20th.

The only Latin American nation to have combat troops with the Allies in both World Wars was Brazil, notes World Book Encyclopedia.

# Phi Mu Alpha Sends Delegates

The men's music fraternity, Omicron Tau chapter of Phi Mu Alpha Sinfonia, of Middle Tennessee State University will send delegates to the Regional convention in Louisville December 2-3.

This convention will include regional business meetings, workshops for officers of the fraternities, and special meetings for faculty advisors with the Province Governors.

The province governor, Province 15, is Dr. Lucien Stark of the Peabody College School of Music.

Attending Omicron Tau men from M.T.S.U. are the following: Tommy Cole, president; Paul Britt, alumni secretary; George McCASHIN; Ronald Van Hall; Gerald Gustwick; James Souders, pledge master.

Dr. Kenneth L. Pace, a life member of the Phi Mu Alpha, will attend the regional convention as faculty advisor of Omicron Tau.

The MTSU chapter plans include initiating a large new group of members during the Spring semester of 1967. Objectives of the fraternity include service to musical progress. An American music program must be presented once each year.
