Six Pledges Initiated In Home Ec. Frat

Alpha Pi Chapter of Kappa Omicron Phi, a national home economics fraternity, recently initiated into its ranks six new pledges. They are Linda Davis, Roberta Durham, Fay Gannon, Debbie Gessler, Rita McWhorter, and Charlotte Ray. These home economics majors were invited to join Kappa Omicron after having completed at least 8 hours in home ec with a 3.2 average in these subjects and a 2.5 average in all other subjects.

For three weeks the girls were pledges; and after completing several pledge duties and passing a test on the history and activities of the fraternity, they were initiated as active members.

At the same meeting the officers for 1965-66 were installed. They are Mery Dell Blevins, president; Rita McWhorter, first vice president; Fay Gannon, second vice president; Roberta Durham, recording secretary; Judy Smith, corresponding secretary; Linda Davis, treasurer; Debbie Gessler, Distaff reporter; Emily Nicholson, Keeper of the Archives; and Norma Carol Woodward, guard.

Middle Tennessee State has the only chapter of Kappa Omicron Phi in the state of Tennessee.

Miss Raulston Wins Title

Ginger Raulston was elected senior superlative "Most Popular Girl" after two runoffs. Ginger, daughter of J. A. Raulston, is from South Pittsburg, Tennessee. She is an elementary education major. Sidelines staffers offer an apology for not having recognized Miss Raulston's title at an earlier date.

Heated Debate In House On Candidate Qualification

A subject of controversy concerning Thursday's ASB Nominations was brought out quite openly in a meeting of the House of Representatives last Thursday night, March 18. The controversy arose when it was discovered that several possible candidates for the office of the presidency and vice presidency would not be able to run in the election due to an article in the ASB Constitution.

Article III, Section 2, paragraph A states that "a candidate for president shall be a male member of the rising Senior Class and who shall graduate in May or August of the year following his elections, and who shall have completed two consecutive semesters in residence

as a full-time student at Middle Tennessee State College. He shall have completed a minimum of eighty-four (84) semester hours and a maximum of one hundred ten (110) semester hours. He shall have at least a 2.3 overall cumulative point average and shall maintain at least a 2.0 overall cumulative point average in order to continue in office."

Any candidate expecting to be nominated Thursday should see Jerry Owens by Wednesday, March 31.

The Supreme Court recently interpreted this clause to mean that a candidate must have a minimum of 84 hours **AT THE TIME OF NOMINATION**, although members agreed that the average four-year student would not have 84 hours at the time of nomination.

Two-thirds of the Senate, two-thirds of the House, and the Supreme Court felt that this was an injustice to any candidate seeking office, and the House proposed in their meeting that Dean Keathley override this Supreme Court decision since it would take two weeks to pass an amendment and this could not be done before elections. It was discovered Friday morning that another clause in the Constitution gave the Supreme Court final authority in all matters and this proposal could not be activated.

Due to new evidence introduced by President Jerry Owens, it was learned that of last year's senators and writers of the constitution had intended the completion of 84 hours to be necessary at the end of the semester. Therefore, the Supreme Court had the opportunity of reversing its decision or an inverse ruling on intent of its authors.

The Supreme Court failed to take action during the past weekend. This means that the 84 semester hour requirement as of March 1965 remains in effect.

Nominations are scheduled for 10:30 a.m. in the new auditorium this Thursday.

Symposium To Be Held At Vanderbilt

Tickets are now on sale for IM-PACT, Vanderbilt's annual weekend symposium on topics of national significance, which will feature nine speakers to discuss "The Democratic Responsibility" April 2 and 3. This year's panel includes New York City Mayor Robert F. Wagner, United States District Judge William E. Miller, Airline Pilots' Assn. President Charles H. Ruby, NAACP Executive Secretary Roy Wilkins, former chairman of the Arkansas Industrial Development Commission Winthrop Rockefeller, Chancellor of North Carolina State College John T. Caldwell, Kentucky Senator Thurston B. Morton, Alabama Governor George C. Wallace, and President of the University of Kentucky John Oswald.

The symposium will be held in Vanderbilt's Memorial Gymnasium which will have special arrangements made for good acoustics. A 28-page magazine including essays on the topic and biographies of the speakers is included in the \$1 admission.

LIBRARY ADDITION—Joyce Ann Gray, freshman, is shown discussing plans for the new stacks curriculum laboratory, and new reading room established in the old regional library and classroom area of the library basement.

Money Taken From Fishbowl

Much to the disappointment and humiliation of students who had supported the "Buy A Tooth" campaign, some person had the nerve (and it would take plenty of it) and the dishonesty to dip into the fishbowl in the lobby of the SUB and secure a nice fistfull of money. The amount taken was estimated at fifteen dollars, this money having been contributed during Monday and Tuesday of last week.

True, students supporting this campaign were risking a theft by leaving the bowl in such an open spot. However, it was hoped that since this money belonged to the entire student body, the spirit with which this endeavor had been started would not be interrupted by such moral lowness.

As for the bold one who took the money, you have your own life to live, and I can only hope this is not an example of what it will become.

A. N.

Who Is Perry?

Local Sherlocks may employ any Dr. Watson available to aid Dean Keathley and Mrs. Robert W. Fenix, Chattanooga, in locating the MTSU student who was willing to be late to classes at MTSU to aid two ladies in distress.

Mrs. Fenix writes that she and her daughter were en route to Nashville on February 1 when they skidded off the highway on Monteagle mountain.

"While stalled a careful driver skillfully stopped his car on the shoulder to help us. I cannot tell you how courteous and helpful this young man was to us . . . I am sorry his name escaped me — but either his first or last name was "Perry". He must live near Monteagle for he was driving from there to his classes."

"My husband is comptroller at the University of Chattanooga so I know the general attitude of your student body — this action of a student confirms my belief that Middle Tennessee State College students are ladies and gentlemen in every sense of the word. My congratulations to your fine institution."

Mrs. Fenix is a former college dean of women and wrote that she "could not help feeling proud of your student and felt that you would want to know about him. When you discover his name and address, I would appreciate you sending it to me".

Thank you for those kind words, Dean!
Can anyone identify "Perry"?

Dear Editor

Dear Students:

Just a mere "thank you" seems inadequate, but that's exactly what I wish to express to all those MTSU students, my close firends and those I'll never meet for their generous contributions on behalf of our "Buy a Tooth" campaign.

Had it not been for the early show of trust and confidence by Deans Carnford and Keathley, this unusual campaign would never have succeeded in the first place, so to these officials I offer special thanks also.

We probably learned a lesson, true, but we do not regret our actions at the Tech game at all. It's been a good while since this campus has been behind any type of "cause" to speak of, and although this incident did not attract the entire student body, those that did feel motivated to participate were constantly asking: "How are we doing?" MTSU needs more of this we spirit. A small incident such as this leads many to believe that school spirit is far from being dead on this campus, and it's a shame that every event can't have that "rip 'em up" Tech game atmosphere.

And to that certain someone who felt it necessary to dip into the fishbowl and take \$15 of the money our fellow students had contributed, we sincerely hope he uses it for a better cause than for which it was intended.

Apologies go to the ROTC Department for the headline in the last issue reading that the Military Ball would be held April 3. The annual dance is scheduled for April 2 (Friday).

MTSU Library Included In New Look

The basement of the library has taken on a new look with the establishment of new stacks, curriculum laboratory, and new reading room, announces Miss Catherine Clark, Director of MTSU Library.

The new stacks increase the capacity of the MTSU library to 150,000 books at a cost of about \$14,000. The new section including the new Curriculum Laboratory also has a complete compilation of all state adopted elementary and secondary school textbooks.

Mrs. Robert Payne, who has served as a special librarian for the past three years received her Master of Library Science Degree from Peabody College last summer and is now in charge of the new area, the government documents section, the curriculum laboratory, and the basement floor stack area

New Faculty Faces

Jerry Adams, of the State Department of Finance and Administration, is teaching a class in local government finance in the political science department of the University during the spring semester. Robert Adams, a graduate student at Vanderbilt University has been added for two classes in sociology during the spring semester.

THE SAME RIVER

Where is the world made true
And in what way? It will not,
Of itself, solidify significantly,
Nor form around the contours
Of reality performance manifestly whole.

If I, while thus immobile, fearfully
Watch the flux of unredeemable instants
Escape the will of my intent, and
Know of no statistic to tame them -

If I, involved in its drownable depths,
Comprehend no island or black shore
Against the blacker backdrop of space
Unlimited and illuminated not at all -

If I, among the rush and thrust of
Millions, babble between being and non-being
My becoming that ends in its begining
Submerged beneath the flow it would have bridged -

How, and by what token, will it be said
That I have lived or died? — except I
Reinvoke the pattern and perpetuate
Whatever form endures against that swift
Entropic avalanche of chaos.

ON FEELING SMALL

I bow to a greater force than I
Somewhere it is but how and why
Did it make us just to exist
We come and go as a passing mist
The things we do they will not last
What purpose here why were we cast
Upon this earth of joy and grief
Alone in space upon this reef

Flash-on Shots

By Rita McWhorter

Here is sailor talk again with a fringe benefit-plus a split personality thanks to the three separate pieces in a striking "striped" suit Norma Carol Woodard, a junior from Nashville, displays what a combination of fabric textures and contrasting colors can do for a girl on a bright spring day. Blue and white stripes are detailed with a double breasted effect of gold buttons. A red loop tie completes the jacket front. Crepe is used for the blouse to give a soft desired look. The color is squared to accent the details of the suit.

A red sailor hat completes the sailor look in Norma Carol's ensemble. With the sailor rage in today, every girl should have her own choice of what sets off her favorite ensemble.

Randy Ledford, a sophomore from Detroit, Michigan, is strikingly presentable in a seersucker sport coat of a miniature stripe. A popular style includes the traditional three-button natural shoulder model.

The trousers for the natural shoulder model are pleatless. They have belt loops, they're moderately tapered, and worn with ruffs.

Norma Carol's fashions are from the Cotton Patch. Randy's Coat is from Pigg and Parsons. Both stores are located in Jackson Heights.

House of Representatives Reports

by Carolyn Powell

The House would like to report the result of the International Committee. A recommendation was drawn up stating that upon entering M. T. S. U., foreign students would be required to take a special course in English which would meet five days a week one hour each day. President Cope and Dr. Tucker were consulted on this. President Cope said that there were not enough foreign students, and that plenty of our students were poor in this area. Dr. Tucker reported that a special teacher would be needed at the cost of approximately \$10,000. There is not enough money to cover this. Another reason was that foreign students are not required to take English until their junior year. Before this time, foreign students are welcomed to audit any English class they desire at no cost.

Barbara Moore from the Supreme Court presented a recommendation that requested signs be put at the entrance of the parking lots showing the color of the stickers which correspond to the car stickers indicating the proper parking area. Discussion was held pro and con. The general concerns of the group was that these signs would only serve as loiter for our campus.

Steve Jackson from the Senate made the suggestion that the purposes of the organizations on campus should be made known. He further suggested that an organizational night where each organization would have a booth to familiarize students with their clubs. Nancy Nell, Jay Fog, Eloise Brantley were appointed to work on this project.

Dick Call suggested that a recommendation should be drawn up requiring organizations to file a program of their yearly intentions.

If any one has an opinion as to what could be done to aid the above recommendations, please let it be made known. These recommendations are passed to help the students so if anyone knows a way to improve them they should express their feelings.

Randy casts a deciding eye at Norma Carol's new hat.

IS EUROPE?

College life is such a busy one, what with learning the Maxixe, attending public executions, and walking our cheetahs, that perforce we find ourselves sometimes neglecting our studies. Therefore this column, normally a vehicle for innocent tomfoolery, will occasionally forego levity to offer a quick survey course in one of the learned disciplines. Today, for an opener, we will discuss Modern European History.

Strictly defined, Modern European History covers the history of Europe from January 1, 1964, to the present. However, in order to provide employment for more teachers, the course has been moved back to the Age of Pericles, or the Renaissance, as it is better known as.

The single most important fact to remember about Modern European History is the emergence of Prussia. As we all know, Prussia was originally called Russia. The "P" was purchased from Persia in 1874 for \$24 and Manhattan Island. This later became known as Guy Fawkes Day.

Persia without a "P" was of course called Ersia. This so embarrassed the natives that they changed the name of the country to Iran. This led to a rash of name changing. Mesopotamia became Iraq, Schleswig-Holstein became Saxe-Coburg, Bosnia-Herzegovina became Cleveland. There was even talk about changing the name of stable old England, but it was forgotten when the little princes escaped from the Tower and invented James Watt. This later became known as the Missouri Compromise.

Only last week he invented the German short-haired pointer.

Meanwhile Johann Gutenberg was quietly inventing the printing press, for which we may all be grateful, believe you me. Why grateful? I'll tell you why: Because without Gutenberg's invention you would not have this newspaper to read and you might never learn that Personna Stainless Steel Razor Blades are now available in two varieties—the regular double-edge blade we have all come to know and love, and the new Personna Injector Blade. Users of injector razors have grown morose in recent years, even sullen, and who can blame them? How would you feel if you were denied the speed and comfort and durability and truth and beauty of Personna Stainless Steel shaving? Not very jolly, I'll wager! But injector shavers may now rejoice—indeed all shavers may—for whether you remove your whiskers regularly or injectively, there is a Personna blade for you—a Personna Stainless Steel Blade which will give you more luxury shaves than Beep-Beep or any other brand you might name. If by chance you don't agree, the makers of Personna will gladly buy you a pack of any brand you think is better.

Yes, friends, we may all be grateful to Johann Gutenberg for inventing the means to spread this great news about Personna. The next time you're in Frankfurt-am-Main, why don't you drop in and say thanks to Mr. Gutenberg? He is elderly—408 years last birthday—but still quite active in his laboratory. Only last week he invented the German short-haired pointer.

But I digress. Returning to Modern European History, let us now examine that ever-popular favorite, France.

France, as we all know, is divided into several Departments. There is the Police Department, the Fire Department, the Gas and Water Department, and the Bureau of Weights and Measures. There is also Madame Pompadour, but that is a dirty story and is taught only to graduate students.

Finally we take up Italy—the newest European nation. Italy did not become a unified state until 1848 when Garibaldi, Cavour, and Victor Emmanuel threw three coins in the Trevi Fountain. This lovely gesture so enchanted all of Europe that Metternich traded Parma to Talleyrand for Mad Ludwig of Bavaria. Then everybody waltzed till dawn and then, tired but happy, they started the Thirty Years War. This later became known as Pitt the Younger.

Space does not permit me to tell you any more about Modern European History. Aren't you glad?

© 1965, Max Schulman

And aren't you glad you tried Personna® Blades? You'll be even gladder when you try the perfect companion to Personna: new Burma Shave®. It soaks rings around any other lather!

FORTY-TWO STRAIGHT WINS

MTSU's golf team under Coach Dr. E. K. Patty, will be after its forty-third straight dual match win tomorrow against Vanderbilt at Henry Horton State Park at Chapel Hill, Tennessee. This match will open the spring sports for the Blue Raiders. The linksment have won 42 dual meets, their last lost coming in early 1959 against Sewanee.

This spring promises to see the Raiders continue their winning ways as Coach Patty has all of his men returning. These returning lettermen are led by NCAA finalist Jack (King) Haley, a junior from Memphis. Haley, who will captain the Raider team this season, has lost only once since joining the Blues two years ago. Other outstanding golfers are George (Brat) Cogbill, sophomore from Dyersburg, Tennessee. Cogbill, an OVC medalist of last season, will be playing the No. 2 position behind No. 1 Haley.

Dan (Jew) Lewis, a junior from Hendersonville, Tennessee, is the No. 3 spot. He will be followed by Bob (Twister) Wolfe, a sophomore from Logansport, Indiana. Playing in the No. 5 spot will be basketball star (Dangerous) Dan Midget, a senior from Murfreesboro. No. 6 for the Raiders will be Larry (Loop) Gilbert, a senior from Vine Grove, Kentucky. First Alternate for the team will be Steve (Hewey) Robinson of Chattanooga.

After the dual meet with Vanderbilt, the linksmen will open tournament play at the Cape Coral Florida Invitational April 1-3. It seems as though the golfers have already packed snorkle, bathing trunks, and suntan oil for the trip—according to Capt. Haley. By the way, the golf clubs will be packed also, we hope.

Other tournaments the Raiders will participate in are the Tennessee Intercollegiate Tournament, the Southern Inter-Collegiate Tournament, the OVC Tournament, and the NCAA Tournament.

Captain Haley says that competition among the golfers has been extremely keen in the battle for playing positions. This could prove to be another great year for Coach Patty and his golfers.

TENNIS VICTORIES

The tennis team should show real "net profits" for the next three years with the abundance of talent on hand.

Chief Auditor and Coach Buck Bouldin has back five outstanding netters for the Blue Raiders in his determination to up the Raider stock in tennis circles.

Returning letter winners are Steve Wakefield, Indianapolis, Indiana; John Prevost and Chuck Fuller, Hollywood, Florida; Jackie Whitley, Athens, Tennessee; and Jim Seymour, Olney, Illinois.

This season John Prevost was elected captain and will be playing number one on the team. Prevost is the former Gold Coast Conference single champion and was one of the top-ranked junior players in Florida. In the state tournament there he lost to Billy Harris, the national singles 16 and under champion. Concluding it appears that the Raiders have a very talented lad playing No. 1 this spring.

Wakefield, as a sophomore, was a doubles partner in the championship of the Indianapolis High School Tournament. The following year, he was runner-up in the city singles tournament and as a senior, he was champion of the city singles.

Fuller, a teammate of Prevost at MacArthur High School in Hollywood, Florida, did not lose a match in his last two years of regular season play there.

Whitley played No. 1 on the outstanding McMinn County team that won the East Tennessee Regional Tournament two years ago. He did not lose a match in regular season play in the Knoxville Interscholastic League, and was the fifth-seeded player in the East Tennessee Regional Tournament.

Seymour played the number one spot on the East Richland High School team in Olney, Illinois. During his last high school season, he lost only one match in conference competition.

The umpire views through his face mask the beginning of a new baseball season. First game at home is with OVC opponent Western Kentucky, Thursday, April 1.

'65 CHEVROLET

These great performers are the lowest priced models at our One-Stop Shopping Center

Top to bottom: Chevy II 100, Corvair 500, Chevelle 300, Chevrolet Biscayne. All 2-door models.

Each of these beauties is the lowest priced in its line. But the ride doesn't show it. Or the interior. Or the performance.

That luxurious Biscayne is as roomy as many expensive cars, has color-keyed interiors, plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide doors, roomy, tasteful interiors and Chevrolet easy-care features.

Chevy II got a lot smarter for '65—but stayed sensible! Still family-size, easy to handle, economical, and the lowest priced Chevrolet you can buy.

Or get a sporty rear-engine hardtop in a Corvair Sport Coupe or Sport Sedan for fun in the months ahead.

Chevrolet, Chevelle and Chevy II are available with the Turbo-Thrift Six for fuel economy, quick warmups, quiet idling. It's light, efficient, smooth and spirited.

Corvair's air-cooled rear-mounted Turbo-Air Six delivers the best balance and traction for this size car.

So be practical. Only you will know. Because it sure won't show!

He will speak each morning in an assembly program and on Wednesday evening to the Student Christian Association. This is a return engagement for the popular scientist-Christian as the spiritual emphasis week speaker.

Baseball Starts

MTSU Blue Raiders will open the 1965 baseball season Thursday, April 1, against the Western Kentucky Hilltoppers.

This season Coach Trickey will have two student coaches helping him. They are Billy Martin, an OVC outfielder of last season, and Dave Hall, who played with the Raiders in 1959. Martin, the leading scorer on the basketball team this year, has used up his baseball eligibility and will be a hard man to replace in the outfield. With his knowledge of baseball he will be a great help to Coach Trickey. Hall has been playing baseball in the Boston Red Sox farm system for the last four years and will also be a great help to Trickey.

Martin and Hall for the past few weeks have been handling the chores of whipping the team into shape while Coach Trickey is searching for basketball talent.

The baseball roster is as follows: Pitchers—Frank Baldassare (Fr.), Rodney Miller (Soph.), Paul Smith (Soph.), Greg Twigg (Fr.), Billy Walker, (Soph.).

Catchers—Carroll Allen (Soph.); Eddie Hobson (Sr.); Jasper Turman (Soph.).

Infielders—Dick Davenport (Jr.), Dudley Davis (Fr.); David Kirk (Jr.), Teddy Morris (Sr.); Don Tarter (Fr.); Ken Victory (Jr.).

Outfielders—Roger Brandon (Soph.); David Church (Jr.); "Pot" Graves (Fr.); Rich Howell, (Soph.); and Bill McKinley (Sr.).

This year's team will be one of the youngest in the school's history with only three seniors on the squad. Captain is Eddie Hobson from Liberty, Tennessee. Hobson, who bats right and throws right, is 6 feet tall and weighs 200 lbs.

Col. Chrietzberg Is Awarded For Service In Korea

Lieutenant Colonel James Chrietzberg, Jr., Professor of Military Science at Middle Tennessee State University, has been awarded a Certificate of Achievement for outstanding performance of duty while serving in Korea.

Awarded by the Commanding General, Eighth United States Army Support Command, the Certificate of Achievement cited Colonel Chrietzberg for a high degree of industry and professional competence under trying circumstances while assigned as the Inspector General, 7th Logistical Command, Teagu, Korea, from April 1963 to April 1964.

The award was presented by Dr. Firman Cunningham, Director, School of Business and Industry, during a brief ceremony at the MTSU ROTC Department.

Faculty, Students And Alumni In Centennial Pageant

Many MTSU faculty members, students and alumni will play active and important roles in the Centennial Pageant of the Tennessee Education Association in Nashville April 8-10. This is expected to be the largest convention ever held in Tennessee. MTSU faculty will observe an "in-service" holiday for the Friday, April 9 meeting. Classes will meet as usual on Saturday.

William A. Lewis, Jr., who was active in drama and music work at the college before going to Oak Ridge as a teacher of English, is the choreographer for the brilliant centennial theme pageant, "Keeper of the Keys-100 Years". At the Friday morning general session the ROTC color guard from the University will present the colors.

Seven chairman of departmental

meetings have a close association with the University, Joe Orze heads the art section, Miss Leneil Edwards the library services and Edward S. Voorhies the industrial art sections. Four alumni are chairmen of departments. They are Harry Brunson, Du Pont, Social Studies; Gene Austin Burnett, Hillsboro, mathematics. James Douglas Burton, Murray County, supervisors and Marvin Lane, Chattanooga, food services.

The speakers at several sessions include many MTSU faculty members. Among these are Dr. Charlotte Allen, Dr. Harris Dark, Dr. Mary Tom Berry, Dr. Clay Tucker, Dr. Sam Ingram, Miss Christine Vaughan, O. L. Freeman, Joseph F. Ballew and Dr. Howard Kirksey.

Are you still wearing those creasy kid slacks?

Get into some wised-up Post-Grads that know where a crease should always be and where it should never be, and how to keep things that way. The reason is the Koratron fabric of 65% Dacron*/35% cotton. No matter how many times you wash and wear these trimly tapered Post-Grad slacks, they'll stay completely neat and make the iron obsolete. In tan, clay, black, navy or loden, \$6.98 in poplin or gabardine, \$7.98 in oxford. At swinging stores.

Mart McClaren, Crossville native, is shown in the Greenhouse where he is engaged in a work-study program. Here he is discussing with Dr. Clarence Greever, associate professor of education, the potting of flowers. McClaren, a veteran of four years service in the United States Navy, has started a project of orchid culture from seeds, a technique he learned in Hawaii. The son of Mrs. Lola McClaren of Crossville he is a 1959 graduate of Crossville high school and a transfer from Murray State College in Kentucky.
