## ASB Brings Dorsey Band For Winter Formal, Jan. 26

## MTSC Radio Aids 35,000 State Pupils

This year 35,000 Tennessee school children in 32 school systems in Middle and East Tennessee are participating in a program designed to make music part of each day in the classroom. Middle Tennessee State College at Murfreesboro pioneered the program under the title of MUSIC TIME in 1959.

The program is an outgrowth of the determination of Neil Wright, head of the MTSC music department, and Charles Hansford, then music consultant on the staff of the college, to make a genuine effort to assist public schools in the area.

For the past two years T. Earl Hinton, teacher of music education at MTSC, has been producing and directing the program. This year, through the co-operation of Dr. Quill E. Cope, MTSC president, Dr. Burgin E. Dessett, president of East Tennessee State College and Mary Florence Self of the ETSC music department brought 17 East Tennessee school systems into the program.

At the outset MTSC bought some fine recording equipment and installed it in a special recording laboratory in the Fine Arts Building. Each week a 30 minute tape is made by the director with student talent. From the master tape

(Continued On Page 3)

## Five MTSC Seniors Get Commissions

The Military Science Department announces that during the winter commencement exercises, January 21, five MTSC seniors will receive, in addition to a degree in their respective educational fields, commissions as Second Lieutenants in the United States Army. The cadets concerned are as follows:

**JOE F. FULGHUM, Jr.**, Murfreesboro, Tennessee, to be commissioned in the Regular Army. Mr. Fulghum distinguished military student, former Battle Group executive officer, will attend the Medical Service School at Fort Sam Houston, Texas.

**ROBERT E. PHILLIPS, Jr.**, Murfreesboro, Tennessee, to be commissioned in the Regular Army. He is a distinguished military student, former executive officer, Company "C", will attend the Medical Service School at Fort Sam Houston, Texas.

**CHARLES E. COBB**, Chattanooga, Tennessee, to be commissioned in the United States Army Reserve. He is a distinguished military student, former Battle Group Adjutant, will attend the Artillery School at Fort Sill, Oklahoma, in May 1962.

**DUDLEY W. WHITEHURST**, Brentwood, Tennessee, to be commissioned in the United States Army Reserve. Mr. Whitehurst is the former Commander, Company "D", will attend the Infantry School, Fort Benning, Georgia, in May 1962.

**BENNY C. BILLS**, Lewisburg, Tennessee, to be commissioned in the United States Army Reserve. Mr. Bills is the former Platoon Leader, Company "C", assigned to the Armored Branch, school and date unknown.

Friday, January 26, from 9 p.m. until 1 a.m. marks the time and date of the big Mid-Winter Formal sponsored by the Associated Student Body. The dance will be held in the gym, and will feature the Jimmy Dorsey Orchestra under the direction of Lee Castle with songstress Letti Luce.

The dance will be a formal affair with the girls wearing evening dresses and boys wearing dark suit or tuxedos. Tickets are now on sale in the ASB office on the second floor of the Student Union Building; the cost is \$2.50 per couple. This will be a flower dance.

It has long been an established fact that if and when someone that was not named Dorsey had to get up and lead a Dorsey band, that someone would be a musician by the name of Lee Castle. For Lee is one of the best trumpet players in the country and has been more than just a member of the Dorsey band for many years. He has been considered the "third son" of the Dorsey family for many years.

This will be the first time that the ASB has sponsored a big-name band for the Mid-Winter Formal. Tickets are now on sale at the ASB office for only \$2.50 per couple.

## Apply Now For Posts On 1963 Yearbook Staff

Dr. Homer Pittard, sponsor of the MIDLANDER, has announced that application forms for staff positions on the 1962-63 MIDLANDER may be secured in Room 201 of the Administration Building.

The editor, business manager and division editors will be chosen within the next few weeks, he stated.

Contract for printing the 1962-63 yearbook will be let about February 1 and the major staff members will thus have an opportunity to plan the book theme and work out preliminary plans with the printer during the spring semester.

Those interested in securing a copy of the 1961-62 yearbook should make reservations within the immediate future. Apply for such reservations in Room 201. This, of course, does not apply to students who will be here both the spring and fall semesters but only to those who are here only one semester.

Additional copies are available to faculty members and college related personnel at a discount rate of \$3 a copy if reservations are made immediately, Dr. Pittard stated.

## Norman Frost Speaker At January Class Convocation

## Home Ec Club Has Meeting

By Ernestine Harris

The Home Economics Club had their first meeting in the new Home Economics Building on Monday night, January 8, 1962. The meeting climaxed the first week of classes in the new surroundings.

Margaret Vaughn, president of the club, presided at the first meeting of the new year. The Home Economics Club was honored to have Mr. Nat K. Reiney, the managing director of the Monroe Harding Children's Home, as the guest speaker. Mr. Reiney presented an inspiring program using "Child Care and Development" as his theme.

The devotion was by Linda Marrior.

Dr. Norman Frost, long a member of the State Board of Education and Peabody College faculty member, will be the speaker at the second annual January convocation at Middle Tennessee State College, according to the announcement of Dr. Quill E. Cope, president of the college.

The first of the three sections of the 1962 class will number seventy undergraduates and nine graduate degree students, according to Dr. Howard Kirksey, dean of the faculty. The exercise will be held at four o'clock Sunday afternoon, January 21 in the auditorium of the Administration Building.

Dr. Frost is expected to develop a theme that young people need to go far beyond knowledge if they grasp effectively the difficulties and uncertainties of life. Using knowledge as a fulcrum, Dr. Frost will state, the student must add clarity and demanding purposes, worthy and unbiased thinking, studied and decisive action and a compelling love for life and people.

He is a contributor to many educational journals and to the Encyclopedia Americana. Since completing his tenure on the State Board of Education in 1960 and attaining emeritus status at Peabody, Dr. Frost has worked in rural education with the American Institute of Cooperation.

The invocation will be by Dean John Weems. Dean Howard Kirksey will present the candidates for degrees and Dr. Quill E. Cope will confer the degrees. Colonel Donald Tummons will present commissions to five members of the class.

Candidates for the Bachelor degree are Adele Birdwell, elementary education, Red Boiling Springs; Billy Blair, industrial arts, Woodbury; Paul E. Blair, elementary education, West Point; James Brown, mathematics, Shelbyville; Linda Faye Cantrell, mathematics, McMinnville.

Joe Sam Carter, pre-engineering, Huntsville, Alabama; Katherine Carter elementary education, Nashville; Charles Cobb, mathematics, Chattanooga; Paul Currin, biology, Ardmore; Betty Davenport, elementary education, Pulaski; Dan C. Denton, mathematics, Madison; Robert Douglas, industrial arts, Shelbyville; David Lee Drake, business.

(Con't on Page 8)

## Plane, Automobile Crashes Claim Lives of Two MTSC Students

EVANS

Evans was discharged from the Marine Corps in August after having completed his work in the Marine Music School and was in the Marine Corp Band at Camp Lajune. He served as a bugler for a three year tour of duty at Guantanamo Naval Base in Cuba. He entered MTSC as a special student working towards a commercial pilots license last September.

He is the son of the Rev. and Mrs. Maurice Evans of 2514 Hibbetts Road, Nashville. An infant daughter, Terene Joy Evans of Melbourne, Florida, a brother Frank Evans, sisters, Jeanette Evans and Mrs. Haskell Burns of Nashville; grandparents, L. E. Evans of Clinton, N.C. and Mr. and Mrs. L. P. Hinson of Asheville, N. C., survive.

The funeral service was from the Third Church of the Nazarene, Vulture Boulevard, Nashville at 11 o'clock last Wednesday morning.

Mr. Evans was a passenger in a plane owned by the Air Force Base Aero Club and piloted by Lt. John F. Hutchinson, 24, who was also killed in the accident.

Two Middle Tennessee State College students lost their lives in separate accidents during the Christmas holiday. Bobby Faye Snoddy, 22 year-old senior of Hendersonville, died in a motor car crash near Lafayette December 19. Maurice R. Evans, 20, a special student from Donelson died when the airplane in which he was riding crashed six miles east of the campus just off the Hall's Hill road Saturday, January 7.

Mr. Snoddy was killed and his 19 year old brother, Larry Snoddy was injured when the car he was driving en route to Lafayette to a basketball game collided with a car driven by Doyle Watson, 41, of Lafayette.

Sgt. Norman Farley, Tennessee Highway Patrol, said the car driven by Bobby Snoddy and the Watson car were involved in what he termed a "near headon" collision about 6:50 p.m. Tuesday. He said the cars glanced-off after the impact and were approximately 100 yards apart when they stopped moving.

## BULLETIN!

Jessie Randall Myers, 21, sophomore of 113-L Bridge Avenue, Murfreesboro died Wednesday at 11:30 at Rutherford Hospital. Funeral services will be held Friday at 10:00 a.m. at Pikeville Church of Christ. He had been ill for one week.

A part-time worker for Kroger's in Murfreesboro, he is survived by his wife, Mrs. Jimmie Alice Ballard Myers, also a sophomore student at MTSC. His parents Jesse and Gladson Melson Myers of Pikeville also survive.

Mr. and Mrs. Myers transferred to MTSC from Freed-Hardeman College last September. Prayer services will be conducted at noon Thursday from Woodfin Funeral Chapel.

SNODDY

The Snoddys were en route to Lafayette for the Macon High-Hendersonville basketball games. Watson was traveling south toward Hartsville.

Mr. Snoddy was the son of Mr. and Mrs. B. L. Snoddy of Hendersonville.

During his senior year at Middle Tennessee State he had been participating in the student-teacher program of the school and was teaching and assisting in coaching basketball at Shelbyville. He was also a T.S.S.A.A. official.

Mr. Snoddy was a member of New Bethel Missionary Baptist church, Goodlettsville.

In addition to his parents and brother, he is survived by one other brother, Gayle Snoddy, 17, of Hendersonville; and his paternal grandmother, Mrs. Ben Snoddy, Chestnut Mound, Tenn.

## A. W. Powell Wins In SIDT Top Ten

A. W. Powell of McMinnville placed as one of the top ten percent of the debaters participating in the Southern Invitational Debate Tournament held at Birmingham Southern College. He was the only "triple recognition" student participating in the speech tournament. Mr. Powell placed second in after dinner speaking and oral poetry interpretation.

Lane Boutwell of the MTSC speech department accompanied the team to Birmingham. Those making the trip included an affirmative team of Carole Sanford, Lebanon and Martha Lynch, Watertown and a negative team of Gordon DeFriesse, Chattanooga and A. W. Powell, McMinnville.

Fifteen Southern colleges and universities participated in the tournament. Memphis State University won the sweepstakes with the University of Alabama second and Vanderbilt University third.

### MTSC FALSELY ACCUSED IN THEFT

In the last issue, THE ORACLE, (TPI's school paper) erroneously gave Middle Tennessee State College students credit for something which a group of Tech students did. To those students who were falsely accused, THE ORACLE would like to apologize.

To those who were responsible for taking "Harvey," posting the note on the union bulletin board, returning an empty case and distributing handbills bearing the Raiders' signature, the paper wishes to say that anything said of our opponents is now applicable to them.

As was said in the previous editorial Tech is a reputable institute which is not ashamed to admit being wrong and to admit defeat when it has been defeated. The student body is not proud of what these few students did any more than they are.

And it is too bad when a few students do not have enough foresight to act like intelligent adults, especially when their actions bring embarrassment to the institution as a whole. (Reprinted from the Tech Oracle at the request of the TPI Dean of Students and Associated Student Body-Editor.)

## Regional Colleges Must Seek To Be World's Best

President Quill E. Cope of MTSC was among the 200 educators from 16 Southern States who last week heard the report of the Commission on Goals for Higher Education in the South call for bigger, better college programs for the South.

He will be among the presidents of Tennessee colleges who will meet with Governor Buford Ellington, chairman of the Southern Regional Education Board, early in 1962 to plan the implementation of the Commission's report for Tennessee schools.

Dr. Cope called the meeting in Louisville last Thursday, "A historic meeting for Southern education." The report suggested a combination of two-year colleges, technical schools, liberal arts colleges and multi-purpose four year land grant colleges and universities.

The report points out that the colleges and universities in the South must not be content to be compared with regional institutions in excellency but must seek to be among the best in the world. Five goals set by the Commission include (1) A chance to achieve, (2)

A responsible citizenry, (3) unsurpassed excellence; (4) Education and economic progress, and (5) Solution of social problems.

To secure such recognition "the library rather than the stadium should be the focal point of the campus", it was stated. The 48 page report emphasized that "the essential purpose of many institutions are obscured and impaired by undue weight given activities only remotely related to a vigorous and absorbing intellectual life", i.e. athletic and social activities.

The operation of colleges and universities on a year-round basis, the restoration of the liberal arts program to a place of prominence in the under graduate curriculum and a state-wide testing program, beginning on the eighth grade level to seek out the best students and a subsidy program to insure their college education when among other recommendations of the Commission.

At present there are 833,000 students enrolled in Southern colleges, accounting for 29 per cent of the college age population. The South now spends 1.3 of its total personal income for higher education. The goal of the commission is to have 39 per cent (the current national average) of the college young people in higher institutions of learning by 1970. This would raise the cost to \$2,900,000,000 a year or 1.9 of the South total personal income.

### College Maintains "Story Of Christmas" Traditions

True to tradition the Music and Speech departments of Middle Tennessee State College presented the annual "Christmas Story" program in the college auditorium as a prelude to the college closing for the holidays. Classes ended on Saturday and offices closed the next week for administrative and clerical personnel.

The college orchestra, under direction of Michael Gattozzi, gave the first part of the program. Numbers included, "Trumpet Tune and Air" by H. Purcell-Gardner; "Three Brothers, Overture" by D. Cimarosa-Winter; "Horse and Buggy", Leroy Anderson and "Suite from the Water Music" by G. F. Handel-Harty.

The second colorful part of the program consisted of a dramatic presentation of the Biblical account of the birth of the Christ-child. Readers were Meyillan Judd, A. W. Powell, Glenda Vickery, and Alvin Scott. Neil Wright led the audience in appropriate carols with the orchestral accompaniment. Following the last of the carols the audience followed the candle bearers Julia Hollis and Kay Powell Moore from the darkened auditorium.

### BOYD-HUDSON RITES SAID

Miss Cliffodean Boyd editor of the Midlander in 1954 became the bride of Robert Clarence Hudson recently at the Davis Chapel of West Forest Baptist Church at Winston Salem, N.C. Mrs. Hudson is presently employed as a Baptist Student Worker at the Women's College of the University of North Carolina. Mr. Hudson is an instructor of physics at the same school.

### THANK YOU

The Janitors and Maids of Middle Tennessee State College wish to thank the faculty and student body for their many nice gifts at Christmas. We wish for them and their families a "Happy and Prosperous New Year."

### Murfreesboro Bank Gives Machines To BA Dept.

Two bookkeeping machines have been donated to the department of business at Middle Tennessee State College by the Murfreesboro Bank and Trust Company this week. The machines, according to E. W. Midgett, head of the department, may be adapted for use as posting and billing machines by small or large business. These Burroughs machines supplement others now in use by the department.

The replacement value of the two machines would be about \$7,000. Inventory of the MTSC business machines department now is about \$100,000, described as one of the finest in the South.

This is the second time a local bank has made a valuable donation to the business department.

## Grads Evaluate Business Department Curricula

Three hundred and one graduates of Middle Tennessee State College with majors in accounting, business education, business administration and secretarial administration have been asked to evaluate the work of that department of the college. This effort by E. W. Midgett, head of the department and his associates, follows a survey made along similar lines in 1951.

Replies have been received from 49.16 per cent of these students, revealing among other things that these graduates have attained unusual success in the business world. Highest salaries being received are in the above \$14,000 range. No accounting major is earning less than \$3,600 a year, and the majority are in the \$6,000 to 7,200 bracket. Of 81 business administration majors responding 51 are earning between \$4,800 and \$8,400 a year, with 10 of these above the

\$7,200 level. Two are making more than \$10,800 annually. The business education majors enter the relatively lower paying teaching jobs—but several have advanced well beyond the Master's degree in this field. Of 55 business education majors responding 28 are earning in excess of \$3,600 a year. Girls in secretarial administration show corresponding incomes.

The range of job placement range over 44 jobs from teaching to independent business men. There are 48 of the graduates teaching business, 22 accountants, seven as auditors and at least five occupying managerial positions in business, exclusive of private business.

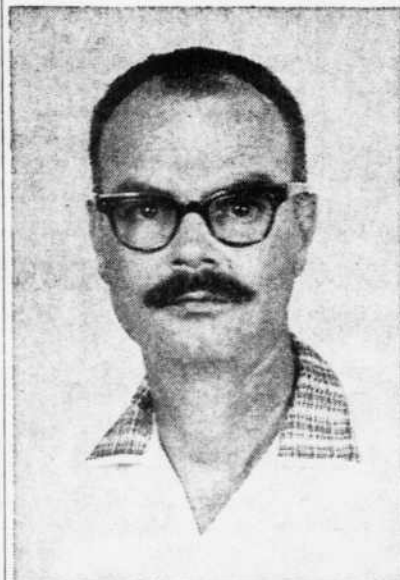

There were 148 suggested "improvements" in the Business department, the majority suggesting additional courses or more offerings in fields now limited, such as more business English and spelling. The graduates were asked to choose the most valuable courses in their college work in view of their present occupation. Listed as five most valuable courses in the order were accounting, typing, business law, economics, English, mathematics and auditing.

Thelma Marie Harris and Glen Earl Eubanks were married in rites said at St. Marks Methodist Church, December 17. Both the bride and groom are seniors at Middle Tennessee State College. They are making their home at Apartment 48, MTSC.

### Acquaintance Corner

## Faculty Members Presented

By Vickie McComb

Dr. Lionel H. Prescott, instructor of Biology, is from Signal Mountain, Tennessee. He came to MTSC from Louisiana State University. He received the B.S. degree from Louisiana Tech., the M.S. degree from the University of Kentucky, and the Ph.D. degree from Louisiana State University.

He is a member of the Weed Society of America, National Speological Society, Ecological Society of America, American Institute of Park Executives. He is also a member of the Vice-President in charge of Botany for Chattanooga Acra Museum and Zoological Gardens Association, and he is Treasurer of Chattanooga Unitarian Church.

Mr. Leon D. Stancliff, instructor of Chemistry, is from Madison, Tennessee. He received the B.A. degree from David Lipscomb College, and the M.A. degree from MTSC.

Mr. Stancliff is a member of the MTEA, NEA, TEA, National Science Teachers, and the Tennessee Academy of Science.

Mr. and Mrs. Stancliff have four children, Leon Donald, Jr., 11, David Martin, 9, Randall Dean, 7, and Sharon Marie, 2.

Mrs. Elizabeth Peeler, an instructor of Biology, is from Pineville, Kentucky. She received the B. A. degree from Berea College, Berea, Kentucky, and the M.A.T. degree from Vanderbilt University, Nashville, Tennessee.

Miss Peggy Orr, instructor of Biology, is from Belfast, Tennessee. She received the B. A. degree from MTSC, and the M.A. degree from Duke University, Durham, North Carolina.

Miss Orr is a member of the AAUW, Research Assistant to Duke University, and the Church of Christ.

### Monohan Madcaps

## 'Mr. Bob' Tells Off On Boys

By Sally Smith

The girls of Monohan Hall seemed to be bursting with the Christmas spirit so they extended it to the Tennessee Room for their annual Christmas party on the night of December 13. After the girls were assembled the devotion was given by Carole Sandord. Brenda Sowell left a feeling of the true meaning of Christmas with a rendition of "Sweet Little Jesus Boy."

Then a favorite of the girls, Mr. Bob Abernathy, was presented as speaker for the night. His colorful presentation was based on seven stages that men go through in their relationships with women. And believe me boys, he pictured you from the toddler to the old Grandpa. We now know every move that you will make.

A women's trio composed of Betty King Hughey, Joanna Kemper, and Brenda Sowell sang "Christmas Lullaby" and "Blue Madonna" for the enjoyment of all. Then Eleanor Hammer arrayed as good old Santa Clause presented some of the girls with unexpected, and at times embarrassing gifts. The housemothers, Mrs. Felder, and Miss Hampton were given gifts from all of the girls to show how much they appreciated their help and understanding throughout 1961. Then all of the girls enjoyed delicious holiday punch, cookies, and nuts.

### Rutledge Ramblings

## Quinn Feted By Luncheon

By Suzanne Lee

We in Rutledge Hall are losing one of our Juniors, Jeannie Quinn, who is engaged to be married on January 27. The Upperclassmen and Mrs. Bass surprised her with a dinner and gift party at Al Sullivan's.

Those present were Linda Woodall, Betty Batts, Linda Branum, Kay Atkins, Doris Anderson, Nancy Worslem, Eleanor Bolton, Barbara Calvert, Charlie Ann Mitchell, Molly Lynch, Terry Hale, Ozane Adams, and Mrs. Bass.

Adena Miller who is a Freshman from Evensville, Tennessee, was married on December 30, 1961.

Among those who are engaged are Anne Boring, Betty Jane Graham, and Wanda Mears.

Photo by Kenneth Love

From the ice bound shores of Alaska to the sun-swept bogs of Panama come MTSC students to enjoy the balmy breezes (?) of Tennessee. Bill Gibson of Panama, Canal Zone and Charlotte Puterbaugh of North Pole, Alaska take time from school studies to play in the snow this week. Gibson, born of American parents in the Republic of Panama, has just declared his U.S. Citizenship. The 6'5" sophomore is a discuss thrower and broad jumper for the track team. Miss Puterbaugh who works as a medical receptionist part-time, finds the below zero temperatures of last week making her "homesick".

## North Pole Gal Gets Home Sick

By Betty Knight  
Feature Editor

Coed Charlotte Puterbaugh doesn't mind getting zeros at MTSC ... as long as they stay on her thermometer.

Charlotte, who shares her home town with Santa, comes from North Pole, Alaska — where frigid temperatures are as common as Donner and Blitzen. This particular North Pole, as distinguished from the exact geological end of the earth's axis, happens to be a small town with a population of 200 people. Sighs Charlotte, "North Pole has had seventy degrees below zero already this winter, and the weather we've been having here sure make me homesick!"

For the record this has been the most extended cold spell in Middle Tennessee history according to the weather bureau. Beginning Tuesday January 9 and extending through much of Saturday the temperature never passed the freezing mark. On three consecutive days, January 10, 11 and 12 the temperature was below zero each morning as a sun rose in cloudless skies. Only minor interruption of classwork occurred on Wednesday which was due largely to absence of commuters. Virtually all public schools in Middle Tennessee were closed.

"North Pole is a lot like Anywhere, U.S.A.," says the lass from Alaska. "We enjoy the same activities and pastimes that Tennesseans do -- with the exception of dog-sled racing, which is one of Alaska's favorite sports."

She admits that the area around North Pole is not popular with polar bears but has moose and caribou and harbors an occasional Alaskan brown bear ... a notoriously ungentle creature that sometimes tips the scales at 1500 pounds.

According to Charlotte, a junior majoring in art, the forty-ninth state is truly the Land of the Midnight Sun. She explains that on certain days of the year, the sun rises and sets within the time span of a few minutes, and in the summer it is still beaming brightly at 2 a.m. "We just pull the shades," she says, "and pretend it's dark."

The Puterbaugh family, originally from Ohio, went "north to Alaska" in order for Charlotte's father, A. D., to handle electrical maintenance at one of the missile sites near Fairbanks. Speaking of missile bases, aren't they generally manned by men ... eligible men?

"Mostly!" Miss Puterbaugh answered enthusiastically. "Shall we hitch up the dogs, buckle on some mukluks and mush?"

## Raiders Meet Hilltoppers January 26

It will be Diddle vs. Diddle when Middle Tennessee State's Blue Raiders invade Western Kentucky Saturday night. The big Ohio Valley Conference clash will pit MTSC coach Eddie Diddle, Jr.'s squad against his father's Hilltopper quintet.

Because of semester examinations, this will be the only outing of the week for the Blue Raiders. Diddle excused his troops from Monday afternoon workouts in order to spend more time with their exam preparations.

The Raiders downed Austin Peay State in an out-of-conference clash 75-68 last Saturday night to register their fourth victory of the season. The Blue squad has lost three, and stands 1-1 in conference competition.

Western, one of the top contenders for the conference crown, has one of the nation's top scorers in Bobby Rascoe. The 6' 4" senior has been the key to the 'topper success this season.

MTSC has not beaten Western since 1958 when young Diddle's cagers grabbed an 81-75 decision. In their first meeting last season, the Raiders dropped a heart breaking 70-67 contest.

Forward Ed Newton pushed his average for the season to 11.3 with a 21 point output against Austin Peay. The 6' senior has scored 79 points for the year, taking over second place in the Raider scoring behind guard Paul Holland. Holland has scored 100 points for a 14.3 average.

Junior center Bennett Jent continues to be the top rebounder for the Bluemen with a 12.1 average over seven games. The 6' 7" pivot man had to leave the floor at half-time against the Governors because of the flu bug, but had already added nine grabs to his total during the first half.

As a team, the Raiders have scored 483 points for the season for a 69.0 average. Their opponents have scored 495 for a 70.7 average, the greatest game margin being a 83-61 loss to Murray State.

Ed Newton's resurgence to early season shooting form and team rebounding, coupled with fine defensive play by Dwaine Jones enabled the Raiders to beat the Austin Peay Governor's 75-68 Saturday night. This victory avenged an 81-77 loss on Monday night in Clarksville.

Newton scored 21 points, his first substantial scoring effort since an early season flurry. His field goal with about seven minutes left in the game put the Raiders ahead after having trailed 34-39 at half-time. The lead in the game changed hands 17 times after the Raiders pushed out to a quick 6-0 lead and then faltered.

Coach Diddle went along with seven players, six actually, as Bennett Jent left the floor in the first half with an attack of flu that rendered him ineffective. Ken Peek replaced Jent and did a good job under the boards aiding the Raiders in a valiant rebounding effort.

## December Young Artists Recital Features Solos

By Anne Turner

The Music Department of MTSC presented its second Young Artist Recital Tuesday evening, December 5, at eight o'clock in the College Auditorium.

Those participating in this program were: Nolan Barham, trumpet soloist, Fantasia en mi flat

Barat Anne Turner, soprano, American Lullaby

Echo Song, Bishop Linda Johnson, pianist, Minuet in B flat Major

Patricia Porterfield, My Lagan Love, Irish Folk

At the Well, Hageman James Bell, Baritone, soloist, Morceau Symphonique

Guilmant Jack Raines, trombone soloist, Solo de Trombone

Pfeiffer Jerry Dooley, tenor, She Rested By the Brooken Brook

Coleridge-Taylor I Hear An Army

Linda Jean Davis, pianist, Prelude and Fugue in c minor

Bach

that found them taking 58-44 lead in that department.

McCauley scored 12 points, eight of which came at the foul line. Nickell and Peek each scored ten points, Holland and Jent seven each. Although Jones did not hit a field goal until the second half and scored four of his eight points on fouls his rugged defense on Jim Beshear's, the Governor's top offensive man, limited Beshears to only one field goal. Walt Celusta's 16 points led the Austin Peay scoring with Jack Winders second with 14.

The Raider freshman lost a 81-80 contest to the Austin Peay freshman in the opening portion of the double bill.

## The MEN'S SHOP

Quality Clothes For Men

119 North Maple Street

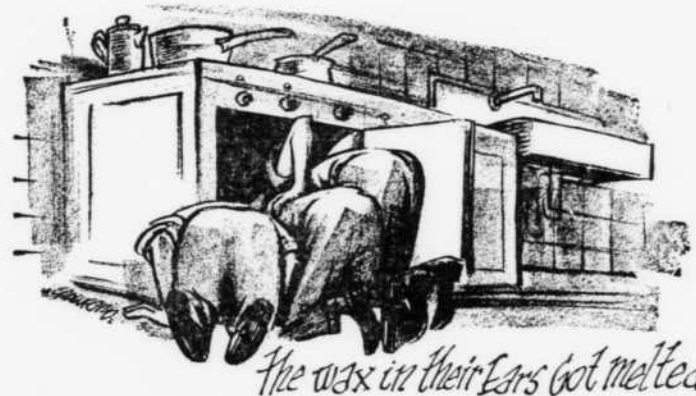

## IS STUDYING NECESSARY?

Once there were three roommates and their names were Walter Pellucid, Casimir Fing, and LeRoy Holocaust and they were all taking English lit. and they were all happy, friendly, outgoing types and they all smoked Marlboro Cigarettes as you would expect from such a gregarious trio, for Marlboro is the very essence of sociability, the very spirit of amity, and very soul of concord, with its tobacco so mild and flavorful, its pack so king-size and flip-top, its filter so pure and white, and you will find when you smoke Marlboros that the world is filled with the song of birds and no man's hand is raised against you.

Each night after dinner Walter and Casimir and LeRoy went to their room and studied English lit. For three hours they sat in sombre silence and pored over their books and then, squinty and spent, they toppled onto their pallets and sobbed themselves to sleep.

This joyless situation obtained all through the first semester. Then one night they were all simultaneously struck by a marvelous idea. "We are all studying the same thing," they cried. "Why, then, should each of us study for three hours? Why not each study for one hour? It is true we will only learn one-third as much that way, but it does not matter because there are three of us and next June before the exams, we can get together and pool our knowledge!"

Oh, what rapture then fell on Walter and Casimir and LeRoy!

They flung their beanies into the air and danced a gavotte and lit thirty or forty Marlboros and ran out to pursue the pleasure which had so long, so bitterly, been missing from their lives.

Alas, they found instead a series of grisly misfortunes. Walter, alas, went searching for love and was soon going steady with a coed named Invicta Breadstuff, a handsome lass, but, alas, hopelessly addicted to bowling. Each night she bowled five hundred lines, some nights a thousand. Poor Walter's thumb kept on shawling and his purse was empty, but Invicta just kept on bowling and in the end, alas, she left Walter for a pin-setter, which was a terrible thing to do to Walter, especially in this case, because the pin-setter was automatic.

Walter, of course, was far too distraught to study his English lit, but he took some comfort from the fact that his roommates were studying and they would help him before the exams. But Walter, alas, was wrong. His roommates, Casimir and LeRoy, were nature lovers and they used their free time to go for long tramps in the woods and one night, alas, they were treed by two bears, Casimir by a brown bear and LeRoy by a kodiak, and they were kept in the trees until spring set in and the bears went to Yellowstone for the tourist season.

So when the three roommates met before exams to pool their knowledge, they found they had none to pool! Well sir, they had a good long laugh about that and then rushed to the kitchen and stuck their heads in the oven. It was, however, an electric oven and the effects were, on the whole, beneficial. The wax in their ears got melted and they acquired a healthy tan and today they are married to a lovely young heiress named Ganglia Bran and live in the Canal Zone, where there are many nice boats to wave at.

© 1962 Max Shulman

In case you worry about such things, their wife is a Marlboro smoker, too, which adds to the general merriment. Marlboro is ubiquitous, as well as flavorful, and you can buy them in all 50 states as well as the Canal Zone.

## Raider Roundup

By Ray Bailey

Fifteen Raiders shared in the final scoring statistics as compiled by Bob Brooks, the MTSC sports publicist. George Dykes 52 points was tops with Phil Grammer scoring 36, Larry Whaley 14, Jerry Pearson 14, Frank Halliburton 12, Charles Rice 12, Bill Hobbs 12, Tony Matusek 9, Jim Nabors 8, Bill Settle, Terry Bailey, Ralph Williams, Jerry Allen, Louis Alford six each and Charles Gupton four.

**Terry Bailey** led the individual offense with 911 yards, 796 of which came on passes for an average of 8.4 yards. **Jim Nabors** had the second highest average and **Charles Rice** the best rushing average, including his work in the Tangerine Bowl.

**Jack Armstrong** recovered the greatest number of fumbles. **Jim Mundy** had the longest punt return.

**Bill Hobbs** was named the outstanding sportsman in the Tangerine Bowl contest.

\* \* \* \*

THANKS in a very BIG WAY to the "Blue Raider Network" and the Dave Martin, whose splendid radio voice carried the Tangerine Bowl and regular Raider ball games to the Mid-State area. To WGN, Murfreesboro, the key station in the network, WMMT, McMinnville, WHUB, Cookeville, WHAL, Shelbyville, WKRM Columbia, WDOD, Chattanooga, WCDT, Winchester and WMAK, Nashville go the appreciation of 3247 MTSC students and thousands of alumni.

\* \* \* \*

### THIS & THAT

**Paul Holland's** clever floor work gave him the first two shots of the 1961-62 basketball season. He hit them both. Indeed the first five shots tried in the Stetson game resulted in scores. . . . After missing his first three tries from the field **Ed Newton** went on to hit 22 points, including the clinchers in the overtime.

**Bucky Pitts** of Fayetteville and **Dee Harris** of Sparta have the number one and number two high school football teams in Tennessee this year. Both were prep bowl winners. . . . **Terry Sweeney** won his Sevierville high school bowl appearance. . . . All the coaches of the undefeated Lebanon High (until Sparta's victory in the Tobacco Bowl) team are former Murphreysmen. Head Coach Clifton Tribble still holds the fourth highest rushing record (645 yards in 1954) before transferring to Kentucky. Assistants **Dean Fisher** and **Hester Gibbs** are more recent Raiders, both graduates of MTSC.

\* \* \* \*

Checking the final OVC statistical reports reveals in addition to **George Dykes** and **Terry Bailey** placing on the first all-conference, Dykes is named as one of the best prospects in the league. Others are Ernest McCourley, Morehead junior tackle, Bob Burton, Murray senior tackle; Dave Baxter, Tech's senior tackle and Jimmy Baker, East Tennessee quarterback **Wayne Winters**, the Joelton junior tackle **Don Faulk**, the Shelbyville senior center, **Jimbo Pearson**, Springfield halfback and **Phil Grammer**, Nashville fullback, made the second all-conference. **Bill Settle**, end; **Joe Drennan**, guard, **Jim Nabors**, halfback all Nashville boys were on the third team. Only Bailey, Nabors and Faulk are lost by graduation. A big IF faces two of these returnees—that is the point two academic hurdle to maintain upperclass status.

MTSC team leadership as they squad prepped for the Tangerine bit with is as follows: Rushing leader, Phil Grammer 417 yards, Jimbo Pearson 298 yards and Jim Nabors, 229 yards. Isn't it significant that not one of these played against TPI?

\* \* \* \*

Frank Halliburton kicked 34 times this season for a 37.8 average. Jimbo and Jerry Pearson led on kickoff returns with 16.8 and 16.3 average each. Tony Matusek was MTSC's most accurate PAT man with 9 of 11 this season with Charles Gupton getting four for five.

All three MTSC quarterbacks showed a good pass completion average. Bailey threw 69 with 37 completions for ten touchdowns and a total of 796 yards for a percentage of .536; Jerry Pearson pitched 66 times for 39 completions for a higher average of .597. Louis Alford had an average of .571. Bailey had six interceptions. In individual total offense Bailey had a 9.3 average.

## Lamar Tech Tops Raiders 21-14 In Tangerine Bowl

"First-half jitters" was blamed by Coach Charles Murphy for the Raiders 21-14 loss to Lamar Tech in the second MTSC appearance in the Tangerine Bowl within the past three years. Two years ago the Raiders beat Presbyterian College 21-12.

The Raiders made some costly mistakes against Lamar, i.e., fumbling on the first play from scrimmage after a good kickoff return, allowing LaMar to cover a field goal failure for a touchdown; a fumble on the six yard line after a first down play. Another costly blunder was a touchdown pitch to Dykes by Jerry Pearson was called back because Pearson crossed the line of scrimmage before heaving a 13 yarder in the end zone.

The second half was largely an MTSC repeat of the several seasonal "come from behind victories". This one just fell short. First MTSC touchdown came on a 32 yard pass from Pearson to Dykes midway in the third quarter and the last a one yard sneak by Pearson, followed by a two point pass conversion to Dykes in the late minutes of the fourth quarter.

Bill Hobbs, who sustained partial paralysis of the right leg as a result of a head injury, will be perfectly normal within a few weeks, according to diagnosis of Nashville specialists. Dykes re-injured his knee and Larry Whaley had a torn knee cartilage in the

bruising battle played in 34 degree temperature with a 20 mile an hour wind whipping the citrus groves.

Statistic wise the game was even closer than the score in spite of the poor first half that gave the Raiders a bad start. First downs were 13 to 12 in favor of Lamar. Paced by Herbert's long run and steady work by Stone, the Cardinals had a 183 to 121 rushing advantage. The Raiders completed seven of 16 passes for 64 yards, Lamar eight of 17 for 76 yards. MTSC lost two fumbles, Lamar none.

Alumnus Edward L. Jennings speaks on behalf of Governor Buford Ellington at the Tangerine Bowl halftime ceremonies. Dr. Cope, dignitaries from the Elks lodge and Lamar Tech, including President R. L. McDonald are in the background. At the right the Band of Blue salutes the children at the Harry Anna Crippled Children's Home, for whose benefit the Tangerine Bowl game is conducted. In the lower picture a patient tries on a majorette boots of Carolyn Hale. Billy Skinner gets a big hug from another as Gale Clark and Roddy Byrne watch.

## Tennessee Teams "Habit In Bowl" Jennings States

The Honorable Edward L. Jennings, a member of the State Board of Education from Liberty, was the official representative of Governor Buford Ellington at the Tangerine Bowl game, December 29.

In half-time ceremonies Mr. Jennings met with Dr. R. L. McDonald the official delegate of Texas in the center of the field for an exchange of felicitations. Mr. Jennings is an alumnus of Middle Tennessee State College which lost 21-14 to Lamar Tech of Beaumont, Texas. Mr. Jennings has served on the State Board of Education for the past ten and a half years. He is secretary and treasurer of the National Associated State Board of Education of America and is past vice-president for the Southern region of this body.

Mr. Jennings took his legal training from Cumberland University and Andrew Jackson University. He is a member of the bar and an insurance man at Liberty. He is a deacon in the Baptist church at Liberty and on the executive board of the Tennessee Baptist Convention. He is a commander in the United States Naval Reserve, active.

At Middle Tennessee State College Mr. Jennings was president of the International Relations Club, participated for three years on the debate team and was a member of the Sigma Club.

In his brief speech Mr. Jennings stated, "The Governor of the State of Tennessee, the Hon. Buford Ellington, was very disappointed that a conflicting commitment prevented his being on this occasion and he asked that I act as his official representative. I therefore bring greetings in his behalf."

"I wish to congratulate the Ex-halted Ruler of Elks Lodge No. 1079, Mr. Ralph LeFever, and the Tangerine Bowl Commission upon the excellent work in sponsoring the Tangerine Bowl Charity Classic.

"It appears that it has become a habit of the Tangerine Bowl Commission to invite one of the Tennessee Colleges to participate in this Bowl, and I assure you that it is a habit that is well liked and appreciated by the people of Tennessee. I believe this is the fourth time that one of our State Colleges has been extended an invitation during the past few years and the second time for Middle Tennessee State College. We may not always win the games; however, we will always do our best and whether we win, lose, or tie; we will always play the game fair and conduct ourselves in the highest type of ethical sportsmanship and scholastic achievement."

## ALUMNI FLOCK TO "HOSPITALITY ROOM" IN ANGEbilt HOTEL

Dr. and Mrs. Homer Pittard and Bob Abernathy repeated their successful "MTSC Hospitality Room" at the Angebilt Hotel in Miami prior to the Tangerine Bowl. More than 275 faculty members, students, and friends of the college called. Among those from out of Murfreesboro were the following:

Robert Patton, 523 Ryan, Apopka, Florida; Mr. and Miles McMillan, Lebanon; Guy H. Erwin, Lynchburg; Glenn Arnold, Martinsville, Va.; Ronnie Dooley, Columbia; Willard Mitchem, Chattanooga, Fay Wooten, Gallatin; Clara Tenpenney; Orlando; Myrtle Rushing, Orlando; W. H. Longseth, Orlando; R. N. Jones, Orlando; Mattie W. Cocke, Orlando.

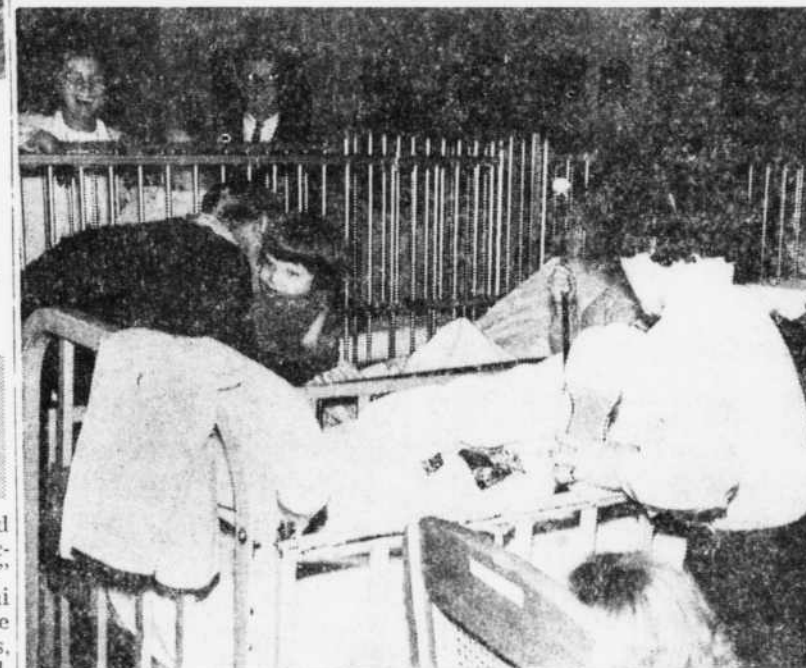

Charles Burgess, West Palm Beach, Fla.; Joe Guffey, Shelbyville; Baxter Robinson, Nashville; J. H. Bradshaw, Orlando; Donnell Patton, Watertown, Eddie Crowe, Chattanooga; Mr. and Mrs. Ed Given, Donelson; Mr. and Mrs. Matusek, Chattanooga; Pinky Clough, Cypress Gardens, Janet Wehmeyer, Orlando.

N. Cannon Maney, Winter Park, Fla.; W. C. Charles, Arabia, Ga.; Mr. and Mrs. Harold Cothron, Lafayette, Tenn.; Bob Turman, Savannah; Bucky Pitts, Fayetteville; Ralph Adams, Fayetteville; Shag McCowan, Miami; Clifton Tribble, Jr., Lebanon; F. H. Brandon, Ft. Lauderdale, Florida; Frank Hobson, Palm Beach; Joe and Sylvia McFerrin, Huntsville, Alabama; Mrs. Ruby Grant, Winchester; Frank Ford, Largo, Fla.

Mr. and Mrs. Bill Branson, Smyrna, Mary Frances Arnold, Chattanooga; C. C. Sherrod, Johnson City, Mr. and Mrs. Fred Blair, Columbia; Mr. and Mrs. Fred Bonney, Jacksonville; Aubrey Lee, Orlando; Mr. and Mrs. Doug Watson, Jacksonville; Bill Allen, St. Petersburg; Jim Ward, Apopka; Mr. and Mrs. E. R. Moss, Tampa; Mr. Jule Schferle, Buffalo, N. Y.; Morgan Farris, Clearwater; Bob Wise, Clearwater.

Bill Hunaer, Lawrenceburg; Charlie Kerr, Chapel Hill; Jack Bogle, Jr., Winter Park; Don Willingham, St. Cloud; Dr. and Mrs. T. W. Garrett, Jr., Tampa; James R. Cope, Temple Terrace, Tampa; James Stepp, Stuart, Fla.; Samuel T. Bowdin, Samson, Ala.; James Bobb, Lebanon, Bill Isom, Nashville, Paul Ferguson, Nashville.

Dr. Quill E. Cope, president of MTSC, was one of the halftime speakers. He expressed his pleasure at the return of the Raiders to Orlando after a pleasant visit in 1960 when Presbyterian was defeated 20-12.

## Band Serenades Crippled Children

Eighty-two members of the Middle Tennessee State College "Band of Blue" left Murfreesboro, Tuesday evening, December 26 to participate in the Tangerine Bowl game at Orlando, Florida December 29 and to play a concert for the Harry-Anna Crippled Children's Home on December 30. The band returned Monday morning, January 1 after visiting Marineland and St. Augustine on the way home.

The field band was under the direction of Roddy Byrne, a junior from Huntsville, Alabama and featured two nationally famous twirlers Carolyn Callis of Nashville and Tommy McClanahan of Murfreesboro. The band is directed by Joe Smith and the concert band in under the direction of Horace Beasley, both of whom accompanied the band to Florida.

Carolyn Ball, Chattanooga, is captain of the majorettes. Others of the nattily-clad twirlers were Carolyn Hale, Chattanooga; Nancy Moore, Nashville; Susanne Patty, Murfreesboro and Donna Reed of Chattanooga.

The college concert band appeared in a morning program for the children at the Harry-Anna Crippled Children for whom the Orlando Lodge 1079 Benevolent and Protective Order of Elks annually stage the Tangerine football game.

Presentation of the colors while the band plays "This is My Country" was made by members of the color guard of the college composed of Dick Barnes, Captain; Phillip Claibourne, Larry Lavvorn, Bud Barker, James Gentry, Joe Guffey and Lynn McGill.

# Physical Fitness Clinic Here Feb. 13

Dr. Fran Riel, head of the MTSC health and physical education department, has returned from participating as a member of a nine member committee on the re-evaluation of the University of Miami on behalf of the National Council for Accreditation for Teacher Education. On the return flight Dr. Riel spent four hours en route from Miami to Jacksonville to finally wind up at Orlando airport due to weather.

On February 13 Middle Tennessee State College will be host to some 200 principals, supervisors and teachers in a 19 county area in a program to interpret the physical fitness program outlined by President John F. Kennedy to the area, according to Dr. Riel.

The State Department of Education, the Rutherford county and Murfreesboro City Schools are sponsoring the clinic, which will follow outlines of a "pilot conference" held recently at the University of Tennessee.

Demonstrations, tests and exercises designed to encourage physical development and fitness will be given by children from local school systems between two and four o'clock in the afternoon of February 13.

## Orze Authors Article For Art Magazine

Mr. Joseph J. Orze, head of the Department of Art Education at Middle Tennessee State College, is the author of an article appearing in the January issue of the *Instructor* magazine. The article, under the magazine art appreciation section, discusses the art cover.

A senior one man art exhibit by Hossein Falahi of Teheran, Iran was on display in the Art Gallery in the Fine Arts Building, January 2-10. Bob Phillips' show is now on display in the Art gallery.

## ASB Congress

By Johnny Stoddard

The Legislative Department of our student government here at MTSC consists of a unicameral body called the Congress. There are 13 members of this Congress and they are elected each year by classes. The Congress meets bi-monthly or upon the call of the Vice-President of the ASB, who acts as chairman of the group.

Of the total number of Congress members, four come from the Senior class, four from the Junior class, three from the Sophomore class, and two from the Freshman class. These persons comprise the final law making body of the ASB.

The Congress has the power to draw up laws to be followed by the student body, to create its own laws and by-laws, and to consider recommendations made to them by the President of the College, faculty members, and the President of the ASB. It requires a majority of the 13 members to constitute a quorum and to pass or repeal any law.

In order for Congress to consider an issue, it first must be introduced in the form of a bill by a member of the Congress. Before becoming a law, it must pass two readings by the Congress. These readings must be at least five days apart.

## Art Dept. Rapid Growth Will Meet Future Needs

By Steve Lawrence

"Art, to me, is the perfect major in college because it prepares a student to face the world with a good general education while specializing in art," stated Bill Hunter, sophomore Art major from Lebanon, Tenn.

MTSC has expanded greatly in the last few years, and with it the Art department's growth is almost unbelievable.

For many years Art had been only a service department, and finally a minor was offered in 1955 with 13 courses under the leadership of Dr. C. M. Brandon and Mr. F. J. Rubens. Mr. Brandon received his B. S. from Murray State College with a major in art. He worked as a chemist during the war and later taught art in high school. He came to MTSC in 1955 and left in 1958 to work on his Ed. D. degree, which he received in 1960. Dr. Brandon won first prize in 1960 in sculpturing at the Tenn. State Fair. Mr. Rubens is now on a leave of absence working on a doctoral degree.

The 13 courses offered in 1955 has now more than doubled, and the Department now boasts over 80 Art majors.

Under a division of the Educational Department, Dr. C. E. Grever came to aid in teaching Art Education. Dr. John Lawler and Mr. David LeDoux came in 1956 to join the faculty.

Mr. LeDoux, who's major interest is painting says that he wants to present to the student that art is a civilizing force, and this is a time of the need for a civilizing force.

Dr. Lawler said, "Artists in different fields of expression speak similar beliefs in their differing media. An emotional poet feels about nature the way an emotional painter does. Both express in their verbal or color rhythm the same inner springs of human feeling. Both, therefore, should be studied together."

This year Mr. Joseph Orze came to head the Art department, which has offered a major for the last two years. Mr. Orze summed up the present and future needs of the department:

"We realize that the Art department is in a growing stage. If we were to consider the full potential of its possible educational and cultural advantages to middle Tennessee, the state and the world communities, we would have to say that it has only been weaned most recently from infancy to early childhood. There are many tasks of curriculum improvement, cultural programming of many sorts and aesthetic enlightenment that we as a department newest undertake if we are ever to reach a point of maturity.

"It is our hope that our eventual art program will offer a rich variety of courses in both studio areas, and as painting, graphics, sculpturing, crafts and commercial art and in art history, criticism and aesthetics, so that we will be able to much more adequately educate art teachers, artists and those with an interest in art. It is also our hope that this education, this cultural richness, will permeate the college and the community of which it is a part and all of the communities in which our graduates might establish themselves.

"Our biggest problems as I see

them are attempting to grow too fast without consideration of our role in the college, the community and the state, so much so that either our skeletal foundations will be weak or our actual effectiveness will become so centered on a few "artistic" individuals, that we will fail in our role as educators of a much larger community.

"And yet, while I would not like to see us grow just to become larger, I dread more the thought that we might mistakenly judge our later childhood or adolescence as maturity and never realize the tremendous potential I feel that we have here at Middle Tennessee State College."

## Armed Services News

Dickens and Arnette

FORT MONMOUTH, N. J. (AHT-NC)—Second Lieutenants Joe W. Dickens and Ben S. Arnette Jr., from Murfreesboro, Tenn., recently completed the ten-week officer orientation course at the Army Signal School, Fort Monmouth, N. J.

They were trained in the duties of a Signal officer. They received instruction in military leadership, atomic warfare, small unit tactics, staff and command procedures, and communication systems and equipment.

Lieutenant Dickens, 23, son of Mr. and Mrs. William W. Dickens, 508 Clark blvd., is a 1956 graduate of Central High School and a 1961 graduate of Middle Tennessee State College.

Lieutenant Arnett, 22, whose parents live on Route 6, is a 1957 graduate of Central High School and a 1961 graduate of Middle Tennessee State College.

Nile A. Duke

FORT KNOX, KY. (AHTNC)—Army 2d Lt. Nile A. Duke Jr., whose mother, Mrs. Elmer Robinette, and wife, Sue, live on Route 4, Morriston, Tenn., completed the eight-week officer orientation course at The Armor School, Fort Knox, Ky., Dec. 20.

Lieutenant Duke was trained in the duties of an Armor officer. He received instruction in communications, security procedures, tank gunnery, field engineering, instructor techniques and platoon level tactics.

The lieutenant is a 1957 graduate of Morrison (Tenn.) High School and a 1961 graduate of Middle Tennessee State College in Murfreesboro.

His father lives at 101 N. Ingle-sid Dr., Albany, Ga.

Lt. Robert W. Parker

Lt. Robert W. Parker, USAF, has been assigned as property accounting officer to the Amsterdam Air Force Base in Holland. He spent a part of the holidays in Murfreesboro en route to his new tour of duty.

Bob, who graduated from MTSC in 1959, would like to hear from friends here. His address is Lt. Robert W. Parker, 32 Fighter Interceptor Squadron, APO 292, New York.

Forecasting future plans for increased emphasis on the evening program at Middle Tennessee State College is this unusual night view of the lobby of the new Home Economics Building at Middle Tennessee State College, which will be in full use with the opening of the second semester January 22.

The building on North Tennessee Boulevard, is adjacent to the Home Living Center used by senior vocational home economics students.

From the lobby of this new building doorways beneath and above the stairwell lead to laboratories and classrooms. The modern architecture and tinted glass front emphasize the up-to-date central heating and air-conditioning, the ultra-modern lighting and conveniences. Four rooms are connected with folding walls which provide sufficient space for conferences and meeting of 250 or more persons. There are nine laboratory rooms, nursery school, lecture room, six offices, a library, dining room and much storage space in the building.

Martindale Brothers of Murfreesboro were contractors for the \$193,037 building, plans for which were executed by MTSC alumnus John Charles Wheeler, Nashville architect.
