Middle Tennessee State College, Murfreesboro, Tennessee

April 8, 1964

## Candidates Nominated, Election Tomorrow For Presidency

ROGER ENGELS

It seems that on this campus the word "FUN" and any aspect of fun is being repressed. Why not have a SADIE HAWKINS DANCE, a HALLOWEEN DANCE, a VALENTINES DAY DANCE where the student can dress for the occasion and enjoy him or her self . . . Our high school FORMAL ATTIRE remains on its hanger . . . We are not that poor . . . We are not different from any other OVC school . . . but our attire still hangs . . . Our GIRLS remain behind close doors. They are given only minor roles in student government, and have little chance to enjoy themselves as mature adults.

To join a club and become semi-active, she must shoot a rifle, swim, dribble a basketball, or excel academically. Aren't we leaving out someone? Why don't we organize social organizations (note that I did not say sororities) which function similarly to the Circle K Club where you may work together, compete against others, and have FUN together! An improvement on FRESHMAN WEEK is being considered, but a freshman orientation program is a necessity.

We should INVESTIGATE the infirmity conditions, the book-

(Continued on Page 2)

FLOYD KEPHART

Tomorrow, MTSC will begin a new era in student government. An era of building rather than planning. This year the Associated Student Body has laid a foundation for future student governments to build on. Next year and during the next decade we will be concerned with building an educational institution which will develop students socially as well as intellectually. We must provide an atmosphere which will encourage a student to think his problems and reach a logical conclusion. We must develop a school of superiority rather than a school of the average.

Before we, as students, can hope to begin work on achieving this goal which lies before us, we must have a plan—a BLUEPRINT FOR ACTION. A BLUEPRINT of the future which will allow us to grow and progress to a great university instead of remaining a simple state college. We must have a BLUEPRINT which will not only provide us with the ways of achieving our goals but one which will give us the means. The platform upon which I am running provides this needed BLUEPRINT.

(Continued on Page 2)

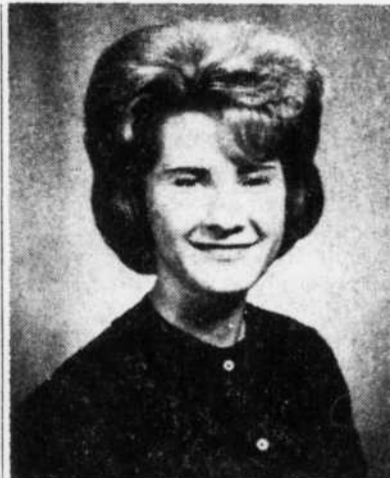

I feel both honored and humbled to have received this nomination. I feel that I have gained much from this school and the student body and I would appreciate the chance to do something for you.

When a candidate promises you that he will accomplish a specific issue, it usually means one of two things: he feels he can accomplish it and is using this as a means to get your JERRY OWENS vote; or he is aware that the issue has already been cleared through the administration and is jumping on the bandwagon for undue credit. I am not going to promise appointments or offer material enticements in order to solicit votes. I would rather be considered on the basis of ability, experience, and the dedication necessary for carrying out the responsibilities of ASB president. I feel that a president should be willing to accept the responsibilities which accompany such a position. I fully realize the responsibilities and desire them.

A president should be a leader. I feel that my record proves me capable in this area. I feel that a president should be a representative of the students. The fallacy seems to be that the students are responsible to the ASB. I feel that the ASB is responsible to the students. The students elect their representatives to work for them. Even if the majority of students want something which I am not in favor of, it is my duty to carry it through the proper channels and work diligently for its success. The president should be a coordinator, as he is responsible for everything the ASB does. The responsibility should, however, be delegated to as many students as possible.

The president should be able to organize, and I can promise you efficient organization. I feel that as many people as possible should be given the opportunity to take part in ASB activities. This would not only be educational and lend

(Continued on Page 2)

BETTY JANE GRAHAM

As a candidate for Vice President of the Associated Student Body of Middle Tennessee State College, it is essential that I inform the Associated Student Body of my ideas and views concerning the responsibilities of this office.

Although the Vice President can't have a platform as such, she can strive to achieve successfully those duties set forth for her in the ASB Constitution. The two main duties of the Vice President are, briefly, (1) work with the Faculty Social Committee and the Student Social Committee to plan all of the campus social events and activities, and (2) serve as a non-voting member and chairman of the student Congress, which is equivalent to the student Senate in the revised constitution.

Two experiences I have had this year which will be of great value to me if I am elected Vice President are serving as a Junior Congressman and being present for and helping in the revision of our ASB Constitution. These experiences provide a very good background for future work with Congress and student government.

In my opinion, an important part of the Vice Presidents task should be to work cooperatively with the ASB President and help him work toward attaining his goals.

(Continued on Page 2)

ASB elections are scheduled for Wednesday, April 8 with run-off election being held Thursday.

Four Candidates were nominated for the office of ASB President in special assembly April 2.

Nominated were Rogel Engels, Floyd Kephart, Jerry Owens, and Dorris Todd.

Only one nomination, Betty Jane Graham, was made for Vice President. The motion was made and carried to leave the ballot open for write-in votes.

All students must present I.D. cards to vote. The poles will be located in the administration building and in front of student union building if weather permits. In case of rain voting will be held inside in the tea room.

### DORRIS TODD

1. Improve the working relations between the faculty, administration and the Student Body. To:

- (a) strengthen the students status as a student.
- (b) help have a better faculty relation to the students.
- (c) provide better student government.

(1) Which will give the students an improved voice in his relationships with his peers.

(2) To give each student the right to all his constitutional rights.

2. To continue the high academic and scholastic status this college has gained, by keeping the library open later at night, in order to give the student more time to spend there.

3. To instigate a new means of communications between each person on the campus.

4. To continue the high quality of entertainment that has been here to fore prevalent on the campus; but not to just stand still and move forward with greater things in 1964-65.

5. To instigate a program of orientation for the prospective students of MTSC. So that they will better have an idea of what they want to do in college, and not become disinterested because

(Continued on Page 3)

## Rabbi Randall Falk Holds Special Series, Spiritual and Moral Values, Lectures April, 14-16

Spiritual and Moral Values Lecture Series at Middle Tennessee State College this year will be conducted by Rabbi Randall M. Falk of Nashville. Dr. Ed Baldwin, head of the public programs committee at MTSC has announced that Rabbi Falk will speak at 10:00 a.m. on April 14-15-16 in the college auditorium. The rabbi will also be available for individual conferences which may be arranged by consulting Dr. Baldwin.

The hours for the services have been adjusted providing a schedule in which most classes will be discontinued. Class schedules will be adjusted as follows for April 14 and 15. The first and second periods will be 50 minutes instead of 75 minutes. First period 8:00-8:30; second period 9:00-9:50; assembly 10:00-10:40 a.m.

The rabbi is spiritual leader of

The Temple in Nashville, Tennessee. He served Temple Anshe Hased in Erie, Pennsylvania from

RABBI FALK

1947 to 1960. The rabbi also served congregations in Indiana, Michigan and Oklahoma, and has been Coun-

sellor of the Hillel Foundation at Ohio State University.

During World War II, the rabbi served as civilian chaplain at Percy Jones Army and Navy Hospital in Battle Creek, Michigan.

The rabbi serves as member of the Board of Directors of the Nashville Chapter, American Red Cross; Family and Children's Service in Nashville; and the Nashville Community Relations Council.

On the national scene, the rabbi serves as a member of the Commission on Interfaith Activities of the Union of American Hebrew Congregations, Commission on Church and State of the Central Conference of American Rabbis; and on the Board of Governors of the Hebrew Union College, Jewish Institute of Religion.

Paul of Peter, Paul and Mary is in the hospital and it is not expected that he will be able to fill the concert schedule for MTSC April 17. A. W. Powell has announced that there is a possibility of Peter, Paul and Mary being replaced with the Brothers Four. Students who have purchased tickets will either get a money refund or a refund of the difference in the Peter, Paul and Mary show and the Brothers Four.

# Sharp, Retired Navy Commander Receives MTSC Economics Award

Robert L. Sharp, a retired Navy Commander who now lives in Murfreesboro is the 1964 winner of the Middle Tennessee State College

Economics Award from the Wall Street Journal. He is a member of Pi Gamma Mu, national honor society for social science majors.

Mr. Sharp, who received his Bachelor of Science degree at the January commencement is now a graduate student at the college. He was recently offered an assistantship in the department of economics at the University of Kentucky to work on a doctoral program

## Roger Engels - - -

(Continued From Page 1)

store, and our forced food conditions to satisfy the many questions that we have . . . unanswered! We need inter-campus competition to give a reason to have SCHOOL SPIRIT. If fraternities and sororities aren't allowed then social (clubs) organizations should be! Our SENIORS deserve some small privileges bestowed on them in recognition of three past years and one long year to go . . . they deserve more than the honor of walking over a stage in May, August, or January. We need IMPROVEMENTS, changes, and new ideas on campus to help our STUDENT GOVERNMENT, our school NEWSPAPER, our CHEERLEADERS, every aspect of our college needs improving. We should not be satisfied. Satisfaction can become a stagnant rut.

The FACULTY should support the students in getting a "dead week", by extending finals, by allowing his students to evaluate his teaching at the end of the semester so he may improve himself. TICKET SALES have hampered the students all year. The ASB could arrange to print and sell their own STUDENT ACTIVITY CARD which would include for one semester two big name entertainments, a school calender, a student directory, a campus pac, for the freshman . . . his T cap, and if enough buy, then possibly all fun nights and school movies could be included for a cost of \$5.00 to the student . . . giving the ASB the necessary overhead and relieving this push of tickets and unnecessary time limits.

We could have a change in entertainment by having top comedians, or top vocalists, or a top band or quartet such as Dave Brubeck. I'm tired of folk music!

Briefly, very briefly . . . I have given you some food for thought. Question, Think . . . Talk . . .

The power of change and improvement lies with all of us. We must first want ideas, then all of us should support and use the power, we, as an organized student body, have!

Roger Engels

but has accepted an appointment as management intern with the Tennessee Department of Finance and Taxation.

A native of August, Kansas Mr. Sharp graduated from high school there and attended El Dorado Junior College and the University of Southern California before entering the Navy in World War II. His mother, Mrs. Elizabeth Sharp lives in August, Kansas.

He is married to the former Nancy Caroline Richardson. They have four children, Diane, Jan, Robert and Richard. The Sharp's attend the Presbyterian church.

## Floyd Kephart - - -

(Continued From Page 1)

During my years at Middle Tennessee I have felt there were certain inherent problems existing which could be obliterated if the proper ACTION was taken. There are specific problems dealing with the social life on our campus which needs direct ACTION. There are problems existing in the areas of communications, administrative — student relations, cafeteria problems, and dorm regulations which need immediate ACTION. In addition to these problems, there are many available ways open to the Associated Student Body which, if taken advantage of, would provide an expansion of ASB activities, as well as a means by which to achieve the students desired goals.

I make the following promises to you the students; that as your President I will do everything in my power to promote the welfare of the student body; that I will carry on a never ceasing effort to attain for the students a policy as to the rules and regulations of our community. I promise that I will do my best in all things to provide you with the kind of atmosphere needed for learning and the type of institution you want.

Until we the students adopt a BLUEPRINT FOR ACTION, we will continue to remain the college of steamshovel potential and teaspoon performance. Please VOTE on April 8 for a BLUEPRINT FOR ACTION.

Floyd "Skeeter" Kephart

## Jerry Owens - - -

(Continued From Page 1)

to a more effective student government; but, also, would aid school spirit. When a person plays an active part and contributes something to his school, he will take pride in its growth. He will care whether or not the football team wins for he is a part of MTSC.

I don't feel that the students on this campus are treated as men and women. I will strive for more responsibility in the areas of school rules, disciplinary action, etc, to be given to the students. We have students on this campus who, if given the opportunity, will prove themselves capable of handling this responsibility. In order for this to be done, we must have cooperation and coordination between the students and administration. I feel that I can get cooperation in agreement and be tactful in disagreement.

Most of us realize the problems with which the student body is faced. I have definite ideas and plans in many specific issues which I would like to present to the student body. A few of the things which I have definite ideas toward are: expanded recreational activities, higher quality fun nights, continued big name entertainment, better campus communications, and several others which space doesn't allow me to mention. I want to speak to you individually and explain my ideas.

Several things have been started this year which we can't let die out. We can continue to improve our state of affairs by working—and working together. I honestly feel that I can direct the most effective student government. I hope you will see fit to give me the opportunity.

Jerry Owens

## Betty Jane Graham - - -

(Continued From Page 1)

An active student government—one that strives to unite students with students, and students with the faculty—is becoming more important as our school enlarges. It is very rewarding for me to work with our student government and with people in general.

Wednesday, April 8, is election day — demonstrate your interest and support by voting for your Associated Student Body Officials for 1964-65.

# Senior Carolyn Gwaltney, Elected Miss Home Econ.

The Home Economics Chapter of Middle Tennessee State College has elected Miss Carolyn Gwaltney of Murfreesboro to be "Miss Home Economics" of 1963-64. This honor is bestowed each year upon a senior girl of that depart-

ment, and her picture will appear in THE MIDLANDER.

Miss Gwaltney is the daughter of Mr. and Mrs. Ralph Gwaltney of 400 S. Tenn. Blvd., Murfreesboro. Majoring in Vocational Home Economics, she has served as vice-president and president of the Chapter. She is second vice-president of Kappa Omicron Phi, the Home Economics honorary fraternity; and holds membership in Tau Omicron, women's honorary fraternity; Kappa Delta Pi, education honorary group; and SNEA. She has been business manager of THE MIDLANDER, the college yearbook, for two years. Listed in "Who's Who in American Colleges and Universities", Miss Gwaltney holds a 3.35 overall scholastic average.

A 1960 graduate of Central High School of Murfreesboro, Miss Gwaltney was a member of the National Honor Society. Majoring in Home Economics there, she served as vice-president of the Home Economics Club and was awarded the medal for outstanding service in that area. She received Junior, Chapter, and State degrees in Future Homemakers of America.

On April 17, Miss Gwaltney will go to Chattanooga to attend the Tennessee Home Economics Association Convention at which time the "Miss Home Economics of Tennessee" will be chosen. The candidates representing each college chapter across the state will be interviewed and judged on basis of scholarship, leadership, service, poise, charm, and personality.

## Sigma Club Initiates 19

The Sigma Club, MTSC's honorary fraternity for men, initiated 19 new members at a recent meeting held on March 31.

Members of the club are selected on the basis of academic achievement, leadership ability and the contributions which they have made to the college as students. Membership in this organization is considered one of the greatest single honors that can be bestowed on a male student.

The new members are: James Artman, George Bilbrey, Thomas Gallagher, Doy Hollman, Don Jared, Randall Kelly, John Lovelady, Ray Osburn, Glen Price, Steve Renner, David Rizer, Mike Rothman, Sam Schrage, Allen Shannon, Allen Ashley Tolbert, Norman Travis, Ronnie Wilmouth, Matthew Ward, and Bert Wakely.

# Political Science Students Achieve Recognition

Imogene McDowell, '63, a Southern Regional Training fellow, recently took the Federal Intern Management exam and passed with high grades. Only about three per cent of those who take the exam pass. Mrs. McDowell is completing her SRTF stint at the University of Tennessee, having previously been at Kentucky and Alabama. Don Crook, '63, is also a SRTF fellow.

Carolyn Cummings, a 1961 major in sociology, has recently been awarded a \$7,500 research grant, effective in September of 1963. Miss Cummings, who went to Purdue University on a National Defense Fellowship, is expected to receive her Ph. D. next August.

Her research will expand work she has done in medical and psychiatric data relative to social structure for her doctorate. Aubrey Blankenship, a pre-law major and senior-in-absentia, completed his first semester at Vander-

bilt Law School with an average of "B" and a rank of nineteenth in a freshman class of 130. Other MTSC freshmen in the class are Kent Brisby, senior-in-absentia, and Bill Summerford, '63.

Carolyn

ment, and her picture will appear in THE MIDLANDER.

- they do not like the field they are in.
6. To see that a higher level of school spirit is maintained and conducted on behalf of the student body.
    - (a) through having a blue tie section at football & basketball games.
  7. These are only a few of the key planks of my platform that I stand upon as your candidate for ASB president. If you will elect me as your president I plan to see that every student has the opportunity to convey his attitudes, ideas, and opinions to me. It is my fondest desire that through your help and support that as your new ASB President, we will continue to press forward to new horizons of academic, scholastic, and social betterment in 1964-65.

## School's Out.

Right now, graduation seems way off in the wild blue yonder. But it's not too early to start planning. In the future, you'll look back on decisions you make today with satisfaction... or regret.

What can an Air Force career mean to you in tangible gain? The opportunity to take on executive responsibilities you might otherwise wait years to attain. And a head-start into one of a wide range of possible careers in the exciting Aerospace Age.

As an Air Force officer, for example, you may be flying a su-

personic jet...helping to keep America's guard up. Or you may be in an Air Force laboratory, working to solve an intricate scientific or technological problem.

Doing jobs like these, you can hold your head high. In addition to being essential to your country, they're the beginnings of a profession of dignity and purpose.

For more information, see the Professor of Air Science.

If there is no AFROTC unit on your campus, contact your nearest Air Force recruiter.

## Teacher Molds Future

Speaking at the state convention here Friday, State President, Student National Education Association, Roy Neeley said:

"April is Teaching Career Month. The purpose of this annual observance is to focus the Nation's attention on the importance of the teacher in our country's future. Those of us who are preparing to teach believe that, for our country's survival, teaching must be the preeminent profession in American life.

"Teacher's organizations throughout our Nation are working with interested groups in an effort to encourage larger numbers of qualified young people to become teachers. These groups are intensifying their efforts to influence more good teachers to remain in the profession. In ever increasing numbers, parents are realizing the tremendous opportunities and rewards the teaching profession offers their children.

"We who are preparing to teach have renewed faith in our nation's future. We see an America that has raised the prestige of teaching as a profession to an all-time high. Our faith is based on a growing national realization that education is the key to a better tomorrow for all Americans.

## "Change Involves Sober Choice"

It would be impossible to overstress the importance of the up-coming election. The candidates have presented themselves and their platforms, and on these persons and their ideas hinge the fate of the programs and accomplishments of the last administration. No one can deny that the Associated Student Body of 1963-64 has been of great service to the student. True, there are programs that are not as yet complete, but it is impossible to change a campus overnight.

The word "change" immediately sends a chill through both students and faculty. Indeed, it should, for "change" in the hands of an unqualified person is as dangerous a force as can exist.

**It is the duty of the students to see that the most qualified and intelligent person receives the position of president.**

This person must have a sense of fairness and—well, we all know the most important qualities of a leader. Weigh carefully in your mind the ideas of these persons. Do not be afraid to commit yourself, but be sure that you commit yourself in the right direction. Vote! You have control of the fate of your campus; you are responsible.

## Broadcasting Proves Major Interest Of Creed Crowder, Campus Emcee

By Ann Norman

Creed Crowder arrived at MTSC for the fall semester three years ago and almost immediately received the nickname "Sparky" from his dorm pals because of the enthusiasm and energy he displayed as a college freshman. It was during that all-important freshman week that Creed met Denese Eaves of Chattanooga, and despite the merits of his nickname, it took him until the past September to "spark" enough nerve to ask Denese to marry him. However, he did, and the forever smiling brunette who works in the bookstore is now Mrs. Crowder.

Although a native of Atlanta, Creed hails to us from Louistown, Pennsylvania, where in high school he started work in radio broadcasting. This interest in announcing has led him to broadcast for a local station, WMTS, every afternoon for the past three years and also to choose a major and minor in English and Speech, respectively.

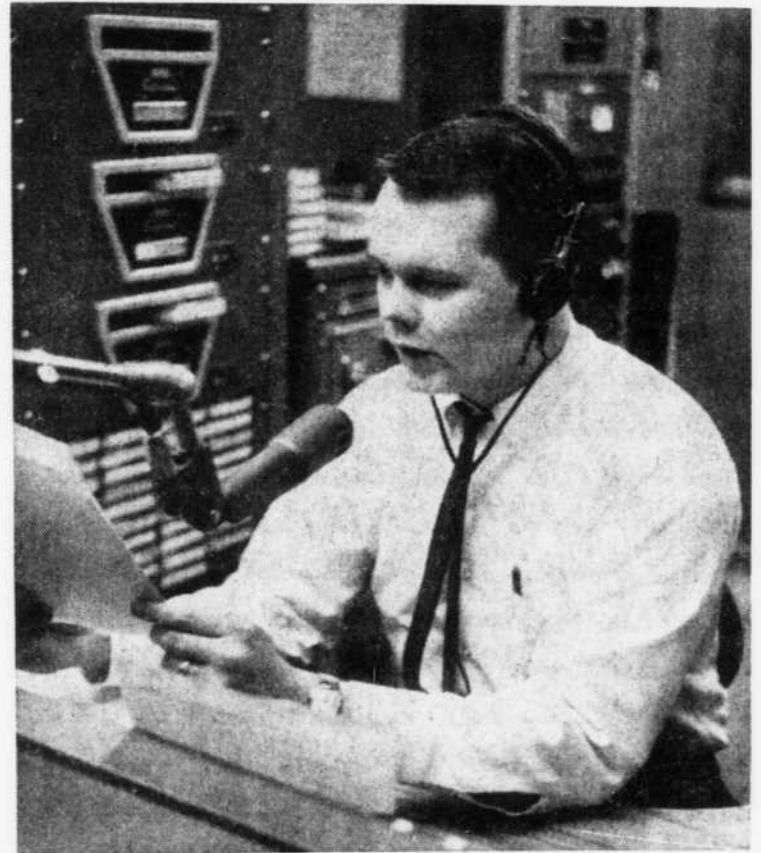

Besides being a full-time student and working, Creed also finds time to emcee many campus activities. This year he has done the Vet's Club Talent Show and Biology Stunt Night, and as Secretary of Publicity for the ASB, is also responsible for introducing the big name entertainment featured on campus. This job also includes publicizing them before their arrival.

In addition to this tight schedule, he also finds time to join the Buchanan Players in their performances and recently did a splendid job as "Mr. Kirby" in "You Can't Take It With You".

When asked to comment on MTSC, Creed remarked the friendly atmosphere of the campus was probably what he liked most and

he also noted a difference between the southern and northern colleges. Creed feels that in the South when there is need for expansion, extra facilities are provided whereas in the North increased enrollment tends to only crowd the students closer together rather than give cause to expand.

The twenty-year old junior is an avid music lover who especially enjoys jazz. Creed's favorite hobby, however, is eating a big meal and this reminds him of his first few weeks of marriage. He still wonders how he and his stomach survived Denese's "burnt offerings" during meal time.

Creed broadcast every afternoon for local station, WMTS.

## The Old Soldier Was Here

The death of General Douglas MacArthur Sunday brought nostalgia to many faculty members and alumni who were at MTSC 13 years ago. The college joins in expressions of sympathy to the family which has such close ties with Murfreesboro.

Jean Faircloth MacArthur came home after 14 years on April 30, 1951.

Not even the visit of President Roosevelt to Middle Tennessee resulted in as elaborate publicity coverage as did the "heroine of Bataan," who brought along her five star husband, Gen. Douglas MacArthur and their modest 11 year old son.

At 10:57 the four motored Constellation touched the runway at Smyrna Air Base. From there to Jones Field on the Middle Tennessee State College campus a triumphal welcome greeted America's great Pacific commander and his family.

An estimated 20,000 visitors were in Murfreesboro that day. Thirty-eight special circuits were installed to handle the press and radio lines. More than 200 reporters and cameramen representing all the area and regional papers with staff coverage, plus MGM, Fox Movietone, Pathe-Warner News, Universal Newsreel, NBC-TV, Life and Time and other national magazines assembled under a blistering spring sun on the Athletic Field at Middle Tennessee State College.

The speeches were brief. Mrs. MacArthur said, "I never made a speech in my life . . . may I present my son Arthur. . . I want to thank you all so much . . . this is my general."

General MacArthur opened his 182 word speech with the statement, "I came to Murfreesboro as Jean's husband and never in my life have I felt a higher sense of distinction."

Explorer Scout Herschell Wall presented a life membership in the Boy Scouts to Arthur MacArthur. Nat Beasley son of Dean and Mrs. N. C. Beasley, gave him fishing gear from the students at Central high school. Among the guests were Mrs. Julia Nakpil Casas and Mrs. Julia F. Banda from Manila. Mrs. Roy Harris, president of the Women's Club, presented a silver service to Mrs. MacArthur.

Both Mr. and Mrs. MacArthur were guests at the Stone River Country Club at a luncheon provided by local friends of Mrs. MacArthur. Mrs. MacArthur's aunt who lives in Murfreesboro was guest of honor.

### FOUND—Charm Bracelet

A valuable charm bracelet has been turned into the SIDELINES office. The owner was apparently a "Miss Personality" at some high school in 1963. Owner may have same by identifying names on charms.

### WILLIS CALLS WRITERS

Ralph Willis announces that there will be a meeting of all of those interested in creative writing. The meeting will be held in room 103 of the Dramatic Arts building on Thursday, April 9 at 7:00 p.m. The meeting consist simply of an informal discussion.

Each person that does creative writing is urged to come and bring a sample of his work. Those who do not write but are interested in creative literature are also welcome to attend the discussion.

### BUY ANNUAL COVERS

Covers for the yearbook are on sale in room 201 of the administration building. These clear plastic covers will furnish excellent protection for the backs of the upcoming yearbook as well as the annuals of the past. They are priced at only 35¢ and Dr. Homer Pittard says that there is a limited supply.

Thou wilt guide me with thy counsel.—(Psalms 73: 24).

In every person there is a quiet place in which God abides, and it is to this quiet place that we can always turn for Divine guidance and wisdom.

Feminine fashions are definitely in vogue for this light-hearted season. Simplicity and eloquence of de-

Dean

sign keynote this creation styled especially for the fashion-conscious southern lady. Flowing lines of the dacron polyester fiber, whipped cream,"

demonstrate a delicate appearance. This material is becoming extremely popular for both campus wear and special occasions. Wrinkle resistance and its value on long trips cause this fabric to be increasingly in demand.

The smooth curve of the neckline lends itself to an endless variety of accessories. The type of accessory one chooses determines where the dress may be worn as it is of basic design.

Patent leather has come into its own this spring with pastel colors being the predominant attraction. The model has chosen white patent leather shoes to contrast with the pale pink color of the dress.

Since one can't literally float into spring, let fashion fabrics and design set the mood for all who desire the beauty of spring surrounding them.

Dean Fusion, a senior elementary education major from McMinnville, is the featured model this week.

## Political Science Dept. Initiates Course, "Government Problems"

A course in state administration, to be taught by high ranking, professionally trained officials in Tennessee government, has been scheduled by the Social Science Department for next fall.

"We feel that this course will bring to our students a learning experience of rare value," said Dr. Norman L. Parks, department head, in announcing this addition to the political science offerings.

The class will be scheduled at 2:00 o'clock on Monday and Wednesday afternoons. Dr. Charlotte Allen will be the coordinator and direct the readings and examinations. All of the state officials who will lecture are experienced administrators with advanced professional training, a number of whom hold the doctorate.

The title of the course will be Political Science 430, "Problems in Government". It will be open to juniors, seniors, and graduate students.

Because of the heavy demand

anticipated for the course, an enrollment limit of 30 to 35 students will be set. Students wishing to enroll will be required to submit an application in writing on a form obtainable from Mrs. John Holloway, secretary of the Social Science Department.

Feminine fashions are definitely in vogue for this light-hearted season.

Simplicity and eloquence of de-

Dean

sign keynote this creation styled especially for the fashion-conscious southern lady.

Flowing lines of the dacron polyester fiber, whipped cream,"

demonstrate a delicate appearance. This material is becoming extremely popular for both campus wear and special occasions. Wrinkle resistance and its value on long trips cause this fabric to be increasingly in demand.

The smooth curve of the neckline lends itself to an endless variety of accessories. The type of accessory one chooses determines where the dress may be worn as it is of basic design.

Patent leather has come into its own this spring with pastel colors being the predominant attraction. The model has chosen white patent leather shoes to contrast with the pale pink color of the dress.

Since one can't literally float into spring, let fashion fabrics and design set the mood for all who desire the beauty of spring surrounding them.

Dean Fusion, a senior elementary education major from McMinnville, is the featured model this week.

## Political Science Dept. Initiates Course, "Government Problems"

A course in state administration, to be taught by high ranking, professionally trained officials in Tennessee government, has been scheduled by the Social Science Department for next fall.

"We feel that this course will bring to our students a learning experience of rare value," said Dr. Norman L. Parks, department head, in announcing this addition to the political science offerings.

The class will be scheduled at 2:00 o'clock on Monday and Wednesday afternoons. Dr. Charlotte Allen will be the coordinator and direct the readings and examinations. All of the state officials who will lecture are experienced administrators with advanced professional training, a number of whom hold the doctorate.

The title of the course will be Political Science 430, "Problems in Government". It will be open to juniors, seniors, and graduate students.

Because of the heavy demand

anticipated for the course, an enrollment limit of 30 to 35 students will be set. Students wishing to enroll will be required to submit an application in writing on a form obtainable from Mrs. John Holloway, secretary of the Social Science Department.

## Economics, Pol. Science Majors Travel To Symposium, April 15

Twelve business and political science majors will participate in a College-Business Symposium in Nashville April 15. The symposium, which is sponsored by the U. S. Chamber of Commerce and regional chambers, will feature discussion of four crucial economic issues before the federal government. Students nominated by the

staff are Robert Sharp, William Barkley, Robert Rice, Mary Hill Stone, William Milom, and Don O'Donniley.

Stone, William Milom, Don O'Donniley, James Artman, William Tenklesley, Louis K. McDonald, William J. Ballard, David L. Hudgins, and Sidney A. McSwain.

## Forrest Raiders War Against Persistent Rain, Tennessee Mud

By Edward Alexander

H<sub>2</sub>O and good old Tennessee mud were in abundance during the week end bivouac of the Forrest Raiders on March 13 and 14. Friday the 13th was considered a lucky day by all Raiders as they had the opportunity to further their experience in the art of becoming better soldiers and more versatile citizens.

With full field packs, rifles, machetes and mountaineering equipment, the Forrest Raiders headed toward the bivouac area. As they neared the bivouac area, an aggressor patrol ambushed them in an action typical of those initiated by the Viet-Cong in South Viet-Nam. The beret-wearing team learned the value of pre-planning and immediate action drill. The importance of the use of all cover and concealment was brought home in a forceful manner. As darkness and the rain closed in, tents were put up by two-man teams. To alter a familiar quote, "spare the entrenching tool and spoil the soldier". So, the entrenching tool proved to be a valuable asset in setting up the bivouac. Supply completed and security established, the Raiders were treated to a grand show of thunder, lightning, and rain which prevailed through the remainder of the training.

The next morning, after a hearty "C" ration breakfast, the Raiders added the art of the suspension traverse to their skills. The suspension traverse is a method of crossing gorges, crevasses, and rivers on a single, end of rope.

The next item on the agenda was a "sweep" patrol, typical of counterinsurgency operations. The importance of team work, wise use of

terrain, and an intelligent and continuing estimate of the situation were impressed upon every body's mind.

The Raiders are proud to announce that a new member has completed all the qualification requirements and is now a full-fledged member of the elite group. Raider Henry C. Butner of Manchester, Tennessee was awarded his beret in an impressive, rainy ceremony at the completion of the "Sweep" patrol which he led. Raider Butner has proven a definite asset to the team, and also functions as the group S4, Supply Officer.

There will be four more week-end drills this year culminating in a joint maneuver with the local National Guard Unit.

## Dr. Fran Riel Receives Silver Beaver Award

Dr. Fran Riel, Head of the Department of Physical Education at Middle Tennessee State College, was presented "The Silver Beaver Award" at the recent Annual Eagle Scout Banquet in Nashville.

The Silver Beaver is the highest award accorded adult volunteers at council level. Dr. Riel was one of 13 selected for their outstanding service to boyhood.

Candidates for the Silver Beaver Award are screened by a committee of veteran scouters. The recipients of this award are unaware of their honor until the night of the annual banquet. They are nominated for their contribution to scouting, their years of service and the scope of their activities.

Q. M. Smith was also one of the recipients.

## Raiders Trip Western 2-1 For Early Season Boast

MTSC got an early season boost for the western division baseball crown in the OVC by taking a

double header from Western Kentucky the past weekend by identical 2-1 scores.

### P. E. Dept. Presents Workshop April 18

The Department of Health, Physical Education and Recreation of Middle Tennessee State College will present a Rhythmic Activities Workshop in Alumni Memorial Gymnasium Saturday, April 18.

Dr. Fran Riel, Miss Buleah Davis, Miss Nancy Thornhill, and Mr. Harry Wagner will lead the day of activities. The workshop will give physical education teachers and recreation leaders in this area an opportunity to add to their resource materials on rhythms.

New dances will be presented and information on records and other materials will be made available. Majors in physical education at MTSC will serve as hosts.

The program: 8:30 Registration; 8:50 Introductions; 9:00 Mixers and Folk Dances; 10:30 Introduction to Modern Dance; 12:00 Lunch; 1:00 Creative Rhythms for Children; 2:00 Square Dance; 3:00 Adjournment.

Mike League and Rod Miller, a pair of freshman pitchers turned in two fine performances with Hobson catching both games. League gave up five hits, Miller seven.

Although the Raiders won both games they gathered only 2 hits in the first game, seven in the nightcap.

In the opener with MTSC railing 1-0, Richard Davenport knotted the count as he plated Ken Victory with a sacrifice fly in the fourth frame and then Ed Hobson singled in the winning run moments later.

**THE NIGHTCAP** saw Victory belt a home run to put the Raiders ahead 1-0 in the top of the eighth only to see Western come back in the bottom of the frame to tie it up. Then in the ninth Davenport singled with one out and took second as Larry Jones walked with two out. Charlie Reeder then came through in the clutch to plate Davenport with a single.

Western loaded the bases in the fifth and eighth innings of the nightcap but tight defensive play and fine pitching kept the Toppers from denting the dish until the lone eighth-inning tally.

## MTSC Wins Over Belmont; Splits With Central Michigan

MTSC won the third baseball game of the season over Belmont 9-5 in a chilly exhibition Wednesday after splitting with Central Michigan 5-0 in identical scores last weekend.

The Raiders combined two hits, a walk and an error into four first inning runs by Morris, Victory,

Howell and Martin — the big blow being a double by Bill Martin. In the second they tallied again, added another in the sixth, two in the seventh and a solo home run by Richard Howell in the eighth.

Billy Walker pitched steadily through the first six innings but tired in the seventh when Belmont scored three runs on three walks, an error and a sharp single. Roger Hedrick relived and survived a five straight barrage by Belmont bats in the ninth to allow but two runs.

Walker, the winning pitcher allowed but three hits, gave up five bases on balls and struck out five.

### Haley Claims Honors With 73 Score Against Birmingham

Birmingham Southern College returned to the golf links last Friday after an absence of over ten years. They lost to Middle Tennessee State College 15½-2½.

Jack Haley of Middle Tennessee shot a 73 to claim top honors.

It was the 39th straight dual meet victory for the Raider linkment, dating back to 1959.

The summary:  
Jack Haley (MTSC) def. Don Meyer, 3-0. George Gogbill (MTSC) def. Charles Green, 2-1. Haley and Gogbill (MTSC) def. Meyer and Green 2½-½. Larry Gilbert (MTSC) def. Douglas Braswell, 3-0; Bob Wolfe (MTSC) def. Woody Smith, 2-1; Gilbert and Wolfe (MTSC) def. Braswell and Smith, 3-0.

## Circle K International Wins Medal

Circle K International has been awarded the George Washington Honor Medal for its college campus citizenship and service program in 1963, it was announced today by

Mike Milom. This is the third time that Circle K International has been honored by the Freedoms Foundation.

praise by the Freedoms Foundation.

Specifically, Circle K's work in promoting active citizenship by participating in service projects on the campus was singled out for

Circle K is a college level service club sponsored by a local Kiwanis club which voluntarily assumes the leadership responsibilities in its respective college and host community.

## Mid-State Leaders Seek To Improve

Approximately 275 business, civic and political leaders of the Mid-State area met at Middle Tennessee State College Saturday night to discuss means of implementing some of the major phases of the Loan, Scholarship and Development Foundation of the College.

Randolph Wood, vice-president of Paramount Studios, Hollywood California was the principal speaker for the occasion. Both Mr. Woods and his wife, the former Lois Henry, are graduates of MTSC and they have a daughter who is a freshman student. Former Governor Buford Ellington, Dr. Quill E. Cope, president of the College, and Dean N. C. Beasley, executive secretary of the Loan, Scholarship and Development Fund, were other speakers.

The recurrent theme of the speakers was keynoted by Dr. Cope in his introductory statements in which he pointed out that there were at least 2,400 school graduates in Tennessee each year who had an I.Q. above 120 who did not go to college.

## BSU Plans Spring Retreat At Camp Linden, April 17-19

The BSU students from this campus will attend a Spring Retreat at Camp Linden April 17-19. This retreat is for BSU students on the college campuses in western and middle Tennessee. The purpose of the retreat is inspiration, recreation, relaxation, and fellowship. The theme of the retreat is "Commitment In The Present Tense."

The cost of the retreat for the entire weekend, which includes meals and lodging, is only \$6.00 per person. Contact one of the Executive Council Members or Clyde Kimble, BSU Director, and make your reservation if you desire to attend.

The BSU has been sponsoring free bowling lessons for interested students. The final lesson will be April 9. This will make a total of five lessons received through the courtesy of the Murfreesboro Bowling Lanes. A number of students have taken advantage of this opportunity to learn to bowl.

Intramural softball season is just around the corner. Paul Little is in charge of the BSU intramural athletic program. He is in the process of getting together a BSU softball team for the purpose of entering intramural competition. If anyone is interested in playing on the BSU team, contact Paul at Box 2283, MTSC.
