

Delegates Attend ACP Convention

Members of the MTSC publications staffs will attend the Associated Collegiate Press Convention in New York City, November 7-9. Janet Lewis, editor of the *Sidelines*, Charles Riley and LeEleanor Smith, editor and associate editor of the *Midlander*, are the delegates.

The conference will consist of general meetings and conference sessions, in which publication problems will be discussed. Experts in every field will be present at the conference to advise and aid the journalists. Separate panels will be conducted for editors and business managers of both newspapers and yearbooks.

The convention will meet at the New Yorker Hotel, and a dinner-dance will provide recreation and opportunity for getting acquainted among the delegates.

MTSC's Kirksey Receives Honor

Latest honor accorded a member of the Middle Tennessee State College faculty has been the selection of Dean Howard Kirksey as a member of the editorial board of *The Clearing House*, noted magazine published at Teaneck, New Jersey.

Dr. Kirksey's appointment was announced by John Green, managing editor. Dr. Kirksey's work will include the selection and editing of manuscripts from noted educators in the Southern region. The appointment is for a three year period.

Dr. Kirksey has served as secretary of the Tennessee Secondary School Principal for many years and is a member of the National Senate of the Beta Club, two offices that keep him in close touch with the progress of education in the Southern region. He is also a member of the Southern Baptist Sunday School Board.

Wrights to Present Musical Program In McMinnville

The McMinnville Music Club will present in recital, Margaret Wright, organist, assisted by Neil Wright, baritone, at the First Methodist Church in McMinnville Sunday afternoon, November 10, at three o'clock. Mrs. Wright is assistant professor of music at Middle Tennessee State College and holds the office of Sub-Dean in the Nashville Chapter, American Guild of Organists. She represented the organists of Tennessee at the Southern Regional Convention of the A.G.O. in June of 1956, playing a recital on the three-manual Austin organ at the Sixth Avenue Presbyterian Church in Birmingham, Alabama. She holds the B.S. degree from Vanderbilt University, the M.A. degree from Peabody College, and has studied at the Nashville Conservatory of Music, the Ward-Belmont Conservatory of Music, and Chicago Musical College.

Mr. Wright has been, for the past eleven years, head of the Music Department at Middle Tennessee State College and is currently president of the Middle Tennessee Vocal Association. He has served as choral and instrumental adjudicator in Tennessee, Florida, Georgia, and Kentucky. He has been active as a baritone in concert work and as an orator soloist and has served as choir director in the First Presbyterian Church in Murfreesboro, Hillsboro Presbyterian Church in Nashville, and Anderson Street Methodist Church in Bristol.

Dr. Firman Cunningham, assistant professor of economics, will represent the college at the southeastern regional convention of economics professors in Memphis next week.

QUEEN OF THE FARMER'S FROLIC—Sara Croft of Murfreesboro was crowned "Queen of the Farmer's Frolic" at Middle Tennessee State College old gymnasium Thursday night. Rebecca Swafford of Columbia was runner-up. Tom Farmer is president of the agriculture club which sponsors the annual event.

Courtesy Rutherford Courier—Photo by Jimmy Carnahan

Wearing Letters Other Than "T" Violates Rule

Don Franklin, president of the "T" club, which is composed of MTSC students who have won a varsity letter, wishes to call the attention of the student body to a prohibition in the ASB constitution, restricting the wearing of letters or numerals from other schools on sweaters by students of MTSC.

The "T" club requests all students to refrain from wearing the letter of any other school, secondary or college, on the campus of the college. Failure to comply with this regulation will lead to action by the Associated Student Body.

This rule is observed by all major colleges and universities as a mark of respect for the members of the student body who have won athletic recognition.

Lutherans Organize In Murfreesboro

Nancy Houchin

Pastor Karl Park was sent to Murfreesboro in June, 1957, by the United Lutheran Church Board of America Missions to organize their church in the city. Prior to Reverend Park's arrival, a series of local surveys had been conducted by Lutherans living in the Murfreesboro area. Since the arrival of Mr. Park, much has been done concerning the mission church. There were a number of organizational meetings during the summer before the initial service on the first Sunday in September. The group met at Woodfin Memorial Chapel, while looking for a temporary home. At the present time, the congregation is meeting each Sunday at the Seventh Day Adventist Church on Fourth Avenue.

There was a congregational meeting the third Sunday, and the congregation voted on a name for the church. Many suggestions were submitted, and the name chosen was Luther Memorial Evangelical Lutheran Church, but will probably be known as Luther Memorial. They were granted permission by the American Board of Missions of the United Lutheran Church to conduct the Communion service, which was held on the first Sunday in October.

At present they have an organized Sunday School for nursery, kindergarten, primary, elementary grades, and an adult instructional class. The church school starts at 10 o'clock on each Sunday morning.

They invite all students to join with them in Holy Worship each Sunday and on Wednesday nights.

Epidemic Sends About 5% Home

About 100 MTSC students and at least three faculty members have been victims of the current cold and flu epidemic.

Mrs. Joyce Dabbs, college nurse, has been running an almost 24 hour day routine for the past week. Dr. William Schacklett, college physician, has established a policy of sending students home for five days whose diagnosis is any type of influenza.

Last week the following students have gone through the clinic for the "take five" break. Other commuters have stayed at home on advice of their local doctor.

Harry Robinson, James E. White, Leonard Johnson, Dorris Lillard, Richard Griffin, Joe Lynn Casteel, Donald Pope, Eddie Ellison, Mary Judith Lillman, Barbara Ann Payne.

Donna W. Dolzen, Joe Benton Westbrook, Jack Smith, Erskin Johnson, John M. Johnson, Dorothy Jean Hicks, Gerald Powers, Anita C. Grayson, Joe Bass, Mary Ann Orren, Maurice C. Hollon.

Harriett Powell, Alfred Arnold, Margaret Watson, Callie Mae Williams, Freda Short, Jo Anne Russ, Terrell W. Curtis, John Waldrop, James Knott, Wallace Majles, Sara Jane Warmbrood and others.

PRESIDENT SMITH SPEAKS AT TPI DORM DEDICATION

President Q. M. Smith, as chairman of the Presidents Council of the State Colleges, represented the sister institutions of the state on the TPI dormitory dedication program, October 26. President Smith, one time president of the Cookeville college, extended congratulations to TPI on the completion of the new four unit residence hall for women.

Miss Croft Reigns At Farmers' Frolic

Climaxing the annual Farmers' Frolic on Halloween night, October 31, was the crowning of the Frolic queen, Miss Sarah Jane Croft of Monohan Hall.

Candidates for queen were chosen by each of the three girls' dormitories, and everyone attending the Frolic was eligible to vote for one of the three girls. The other two candidates were Miss Rebecca Swafford from Lyon Hall and Miss Ann Burnette from Rutledge Hall. Rebecca is a junior and Ann is a freshman, while Queen Sarah Jane is a sophomore.

The Farmers' Frolic is sponsored jointly each year by the Home Economics Club and the Agriculture Club. It was held in the old gymnasium and featured square dancing, cake walks, and the crowning of the queen.

MTSC Is Expanding Lunchroom Facilities

A new innovation on the MTSC campus will be an enlarged coffee shop, scheduled to open January 1, 1958. This new building will be 131 feet long and 32 feet wide. It will seat 280 people and will be called "The Terrace Room".

"The Terrace Room", located on the west side of the Student Union Building, will be managed by Mrs. Audie Travis.

In an effort to relieve the present crowded conditions, there will be two serving lines; one for cokes, cold sandwiches, and ice cream, the other for hot sandwiches, soups, and coffee.

MTSC's Thomas Upton to Defend Title Of National Sheep Shearing Champion

by Paul Perry

Many of Middle Tennessee State College's 2249 fall quarter registrants work their way through college. Several have received national recognition for beauty, talent, or achievement in varied fields.

Freshman agriculture major Thomas B. Upton is (more or less) working his way through college by shearing sheep. There is a real story behind this youngster from Brickchurch, Tenn., though, in that he is the National sheep shearing champion.

Upton, winner of last year's sheep shearing contest at the National Livestock Exposition in Chicago, is a real whiz with the shears in his hands. This rare profession entered Tom's life at the age of 14, with his dad, R. W. Upton, teaching him how to get the wool off the animals.

Since then, Tom has attended two shearing schools at the Middle Tennessee experiment station, under the direction of Ed Warner, who is head of the Chicago affair. Tommy gives Mr. Warner much credit for his success as a champion. "He has helped me very much, especially at the expedition last year," Tom said while recalling some of his pleasant memories.

From March to mid-July, the magnificent Tom sheared over 6,000 sheep, his work taking place in seven states reaching from northern Iowa to the southern part of Georgia. Tom's usual time for skinning one animal is three minutes, according to the condition. He has sheared 152 in one day and thinks he can take care of 200 on a good day.

Tom plans to go back to Chicago, come December of this year, to defend his honor as National champ at the 1957 livestock affair taking place in the Windy City.

Thomas Upton, national sheep shearing champion, is shown winning his title at the National Livestock Exposition in Chicago last year. He will defend his championship at Chicago in December.

Letters To The Editor

Editor:

I have just read the reference in the October 23 Sidelines to the recent article of mine.

Your reporter states I attended the University of the South and Peabody College. This is correct as I did attend these two institutions for a short time.

However, I should like to add that the major part of my college work—nine quarters—was done in Middle Tennessee State College and I graduated here in June 1929.

Very truly yours,
T. B. Woodmore

Editor:

What? A Squirrel Hunters Convention at MTSC this week? No, it happens every year about this time. Tuesday, October 22, was the first day for the Cadets in the ROTC cadet corps to carry weapons. It was an entirely different

story though, after the cadets had received an hour of instruction on the manual of arms, under the direction of the cadet officers.

All of the companies report great improvement since last Tuesday. The freshman cadets are rapidly developing into a group of well-trained individuals on the drill field. They are showing much initiative by trying to understand the instruction and cooperating with the cadet officers and non-commissioned officers.

I would like to say, on behalf of all of the senior cadet officers, that we wish the freshmen to think of us as individuals who are here to assist them in any way that we can. All we ask is their cooperation. Any cadet who has a problem or a question concerning ROTC should feel free at any time to ask any cadet officer for help.

K. P. Norvell
Cadet Reg. 52

Peggy Blankenship Dies After Extended Illness

Miss Peggy Blankenship

Miss Peggy Blankenship, MTSC alumna of 1954, died at her home near Milton, October 24, following a four year illness.

Miss Blankenship taught at Smyrna until illness caused her retirement. She was a member of the Church of Christ.

A sister, Ada Blankenship, is a member of the SIDELINES staff. In addition to her sister, a brother, Steve Blankenship, and her parents survive.

"ID cards must be presented at the door for all dances and Fun Nights."

Alumni Notes

Dottie McQuiddy

Tom Stroud—entering the Army in two weeks

Jo Russell—married Norman Kaylor and teaching in Nashville

Ann Tittsworth—now teaching at Dupont in Nashville

Betty Jo Hyde—married and teaching dancing

DeArnold Barnett—teaching at the University of Wisconsin

Ed Baldwin—teaching at the University of North Carolina

Bobby Cranford—now in the Army

Peggye McQuiddy—married Ken Trickey

Ken Trickey—now in the Army at Fort Knox, Kentucky

Mary Lou Couch—working at General Electric in Murfreesboro

Deane Rhoades—teaching at Crichtow in Murfreesboro

C. Ray Smith—working at General Shoe in Nashville

Don Whitfield—working at General Shoe in Nashville

Jo Ann Ayler—married Durwood McCord and teaching at Bailey in Nashville

Durwood McCord—pastor of a Methodist Church

Elma Murdock—teaching

Hazel Terrell—teaching

Club Comments

BOB GREESON

CIRCLE K

At the annual initiation of new members, the Circle K Club of MTSC admitted twenty-seven fellow students last Monday night.

Those who were welcomed into the club are as follows: Winston Davis, James Cannahan, Carl Holden, L. G. Malone, Robert Bigoney, James Caldwell, Kenneth Wall, Kenneth Cooper, Leland Hewgley, Sam Hamphill, Kenneth Dedmon, Joe Castile, Reed Sells, Gary Hunt, Clyde Brown, Bennie Bills, Earl Dawson, Bob Greeson, Raymond Hickerson, Phil Davis, James Tate, Daryl Anderson, Buford Youngblood, Kenneth Stockton, Frank Cathey, Kelly Graves, Willard Mills, Bill Harvey, Jerry Mooney.

Officers: Bobby Stinson, president; Joe Thibodeaux, vice-president; Roy Crabtree, secretary; Ronald McRady, treasurer; Sponsor, Dr. R. L. Martin.

This club meets weekly on Monday at 6:30 p.m. in room A317. Students are nominated for membership in this club. It is under the sponsorship of the International Kiwanis Club, and its active in placing students in part-time work and in their vocation.

Those who are interested in this club contact Dr. Martin or Bobby Stinson.

WOMEN'S ATHLETIC ASSOCIATION

Regular meetings each Thursday night at 7:00 in the new gym. Officers are — Bonnie Slatton, president; Duell Dennison, vice-president; Mary Jane Hargrove, secretary; Eunice Frost, treasurer; Mildred Dorris, intramural manager; sponsor, Buleah Davis.

Activities for the year include volleyball, tennis, swimming, basketball, softball, badminton, hikes, and ping pong.

This organization is open to all girls interested in sports of any kind regardless of ability.

VETS CLUB

Everybody's talking about the Vets' Talent Show coming up soon. Tryouts are the 7th of November, and the big night is the 14th. Plan now to attend for a big evening of fun and enjoyment. Tickets may be purchased from club members for 35c; at the door they will be 50c; get yours now!

Entertainment will be from the entire Middle Tennessee area. There will be bands, dance routines, skits, pantomines, quartets, trios, soloists, and instrumentals. There will be entertainers from the hillbilly, popular, and the rock and roll field.

Along with the coffee and doughnuts, the members attending meetings are being treated to a series of new and interesting films of current and past events. (You vets who haven't been present should check up on what you're missing.)

The club will be represented by a color guard in the coming parade on Veterans' Day, November 11.

AMERICAN GUILD OF ORGANISTS

The Student Group of the American Guild of Organists held a dinner meeting, Tuesday, October 15. During the dinner, members listened to and discussed several recorded organ selections. As the meeting was the first one of this year, its primary purpose was organizational; therefore, the plans for the year which had previously been made by the executive committee were discussed and new members welcomed.

Prospective new members for this year include Jane Brady, McMinnville; Sylvia Garner, Winchester; Lavaun Inlis, Murfreesboro; Charline Jackson, Murfreesboro; Wyona Jones, Manchester; Bob Kinney, Murfreesboro; Bonnie Nelleson, Murfreesboro; Yvonne Poynor, Nashville; Garie Taylor, Murfreesboro; Guerry Teeple, Monterrey; and Wayne Tipps, Columbia.

AGO projects for the year include programs of interest to non-organists, as well as monthly programs for members. The Guild is also selling Christmas cards in order to raise money to bring a guest organist to MTSC.

Charlotte Gardner, Secretary.

BUCHANAN PLAYERS

The Buchanan Players will present "Dial M For Murder", November 20th and 21st. "Dial M" is a murder mystery which everyone will find interesting and exciting. The tickets will be on sale at a later date.

During the winter quarter, the Buchanan Players will be doing the backstage work for the opera "Carmen", in collaboration with the music department. Mrs. Tucker, the new director of the Buchanan Players, has also planned for the group to do a comedy. As yet, the specific play has not been chosen.

Benny Bills, Betty Petrie, Jane Garthwaite, Burt Barrett, and Buford Youngblood rode on the float built by the Buchanan Players for Homecoming. The float was a Shakespearean scene, costumed, and bore the caption "Alas, Poor Western, We Knew You Well". It won fourth place.

The members receive points for their work, which will count toward their entrance into Alpha Psi Omega, the national honorary fraternity for dramatics. They may acquire the points by working hours on the production of a play, in activities such as acting, make-up, scenery, and others.

There is a great deal of talent to be found in their forty-four members this year. The members are Bob Askins, Pat Baer, Benny Bills, Sherry Chumbly, Bob Greeson, Joanne Clemons, Jeanne Cloer, Clariss Cook, Sara Croft, John Davis, Margaret Eakin, Eunice Frost, Jane Garthwaite, Charlotte Gardner, Frank Gardner, Anita Grayson, Mary Virginia Greer, Pat Hollis, Bonnie Hudgens, Jackie Krutsinger, Shirley Krutsinger, Mary Kaye Johnson, Margie Johnston, Janet Lewis, Sara Jane McClaran, Daryl Anita Miller, Jerry Mooney, Jo Faye Moorehead, Billy Frank Murphy, Bunny Murrill, Sue Parker, Mary Ellen Pate, Betty Petrie, Yvonne Paynor, Bobby Raby, Granville Ridley, Madge Smith, Helen Sikes, Carolyn Stewart, Wanna Tappenny, Dev Treanor, Sonia Willis, Kay Witt, Bert Vanover, Andy Young, and Buford Youngblood.

At recent meetings, Miss Sarah Croft gave a review of plays that she attended in New York this summer; Miss Sherry Chumbly did a pantomime and dance from Judy Garland's "I Was Born in a Trunk"; DeArnold Barnette gave a talk on summer theatre and current plays in New York; Miss Anita Grayson was featured in a musical program, in which she sang "With A Song in My Heart" and "If I Loved You". Miss Madge Smith gave a reading of selected plays and short stories. Margie Johnston, Reporter.

SOCIAL SCIENCE CLUB

United Nations Day was observed by the Social Science Club, October 24. Dr. Norman Parks was guest speaker. Dr. Parks pointed out to the group the many interesting things that the UN is doing and (Continued on Page 8)

The Spyglass

Rutledge Roundup

Sarah Horton

Rutledge Hall is blessed with eleven upperclassmen who serve as monitors or hostesses. These girls are always ready to listen to our problems. Boys, these are the girls that make the mad rushes to have us in the lobby, when you call for us on date nights, and also chase us all over the dorm when you call on the phone. For these and other things we love them.

The three hostesses are: Duell Dennison, Amy Ledford, and Eloise Harlan.

Duell Dennison has been a hostess for one quarter. She is majoring in elementary education and has lived in Rutledge four quarters. Duell loves basketball and swimming and classifies them as her hobbies. Duell really didn't have a pet peeve, but after hours of questioning, she finally admitted that red-headed boys sometimes got under her skin. Duell is nineteen and hails from Nashville, Tennessee.

Amy Ledford has been hostess for the past two quarters, but she admits the work for the summer is much easier than the fall; not so many boys, I guess. She has lived here four quarters. Her hobby is collecting pitchers. Her pet peeve is people who are too stuck up to speak. Amy's home town is Culleoka, Tennessee; she graduated from Marshall County High School and is twenty-one years old.

Eloise Harlan is majoring in elementary education. She has lived in Rutledge for two years and says it would take a bomb to move her. One of her hobbies is music. She is nineteen and hails from down Columbia way, too. Her pet peeve is getting her roommate up in the mornings.

The monitors are Patsy Pemberton, Martha Roach and Beverly Sadler, first floor; Glendel Bryson and Jo Maybrey, second floor, and Shirley Pigg, Carol Hanes, and Lois Smith, third floor.

Glendel Bryson is majoring in elementary education. She has lived in Rutledge for three years. Boys, if you want to make a hit with Glendel, you had better brush up on horseback riding, because I hear this is her hobby. Her pet peeves are slow people and people who won't speak. Glendel gave her hometown as Woodbury, Tennessee. She is twenty.

Jo Mabrey is a social science major and has lived in Rutledge for three years. Her hobby is flirting with boys, especially the handsome ones. Like Glendel, she doesn't like people who will not speak when spoken to. Jo is from Shelbyville.

Shirley Pigg's major is elementary education, and she has lived in Rutledge for two years. Her hobbies are swimming and sports, but most especially a tall, dark, handsome man on campus. Wonder who the lucky guy is? We hear that Shirley's pet peeve is staying in the dorm every third night. Her home town is Petersburg, Tennessee, and she has nineteen wonderful years behind her.

Patsy Pemberton hails from Chattanooga, Tennessee. She is nineteen and is majoring in elementary (Continued on Page 7)

Lying Lyons

Dottie McQuiddy and Dorcus Gunter

Lyon Hall nominated a Frolic queen recently. The lucky girl was lovely Rebecca Swafford. Lyon is certainly proud of their representative and wishes her lots of luck.

A surprise birthday party was held on third floor of Lyon Hall Thursday, October 24, at 5:30 for Joyce Howard. Hamburgers, ice cream, cokes, and a lighted birthday cake were served. Joyce was thrilled with her gifts which consisted of a banlon sweater, a large, cuddly, stuffed dog, and a bottle of perfume. Present at the party were: Judy Kimbel, Judy Bargatze, Carolyn McClanahan, Judy Martin, Hazel Matthews, Patsy Poston, Liz Martin, Shirley McBair, Mary Ann Frey, Mrs. Parks, and Parks.

The flu bug has not skipped Lyon. It has even captured our perky Patsy Poston, not to mention Sylvia Draper, Hazel Matthews, Dorcas Gunter, Margaret Cantrell and Barbara Hall.

Dorcas Gunter has fallen head over heels, literally that is. She fell down a flight of stairs Saturday night and knocked herself cold.

Lyon Hall boasts a cheerleader in the dorm. She is Eloise Dejohn, the bouncy one with the blonde pony-tail. Lyon can really yell when Eloise is leading the cheers.

Town Topics

Sarah Follis

Garie Taylor has been cast in the lead male role of the Buchanan Players fall production of "Dial M for Murder." It is a gripping, suspenseful drama to be held on November 20-21. It is sure to please the tastes of every student.

Congratulations to Sylvia Williams on winning the state 4-H Club Dress Title recently at Chattanooga. A black velvet party dress, created by this MTSC freshman, took top honors in the dress review.

Another MTSC alumni is now "out of circulation." Nancy Carolyn Harris is now Mrs. John Hutchinson of Clarksville. The couple was married in October at Chatsworth, Georgia. Nancy is a faculty member of the English department at Clarksville High School.

Tau Omicron Society pledged several new members this quarter, one of which is Becky Davis of Murfreesboro. The purpose of the organization is to honor junior and senior girls who excel in scholarship, leadership, service, and character.

The coming year's officers for the college division of the MYF at the First Methodist Church were recently elected. Elected as president was Jerry Jackson; vice-president, Joan Webb; secretary, Betty Barron; and treasurer, Clara Wilson.

As usual, Mary Anne Shearin spent last week-end in Atlanta. She journeyed down to enjoy the Georgia Tech Homecoming Festivities.

Sue Scott was recently honored at a surprise birthday party. Several who attended the gala affair were Allen Dunn, Hal Olson, Banny Matthews, Mr. and Mrs. Jim Wall, and Mr. and Mrs. Bobby Thompson.

Memorial To Only Girl To Die On MTSC Campus

The next time you walk down the path between the Student Union Building and the library, be sure to notice the little monument placed there in honor of the only girl ever to die on the Middle Tennessee State College campus.

The monument is in honor of Miss Jessie Pauline Alsup, who died in Rutledge Hall at 7:30 a.m., January 18, 1922. Pauline died of complications from influenza, which had settled in the cartilage behind the ear near the mastoid bone. At the time of her death, she was in the infirmary, which was then in Rutledge Hall. At this stage of the college's history, there was no nurse for the infirmary, but the matron of the dorm, Miss Emma Rutledge, took care of the sick girls.

In 1922, MTSC was only a two-year normal school. According to the credit system there, Pauline had 72 credits, which would have made her a senior. Today, with 72 credits she would be considered a sophomore.

Pauline was a very active worker on the college campus. She was president of the Y.W.C.A. and helped serve at the tables in the dining room, instead of the cafeteria line which we have today. She was well-liked by everyone and noted for her willingness to be of service wherever she was needed. When she died, the Y.W.C.A. and the Y.M.C.A. erected a memorial in honor of her. Under the direction of Howard Whit, Y.M.C.A. president, they bought the monument and placed it where it stands today. At that time, the spot between the SUB and the library was secluded with shrubbery and was a garden-like spot. Since then, more buildings have been added and the shrubs cut down.

The memorial services were held on November 14, 1923, and the following poem which had been published in the school newspaper was read:

"Thou, Light of Earth, didst love a life sublime
And didst in souls a great place win,
For the light of thy soul shall ever shine
Brightly in the hearts and lives of men.
Behold, this day, we our hearts raise
To thee who with Him dost live above;
Thou sharest our sincere, heartfelt praise,
And still dost dwell with us in love."

Elliot Stanley Ford
Pauline was a great asset to the college, and her death was felt greatly by all who knew her. She was loved by all of her classmates and by all of the people who knew her in her home town, Hartsville.

The Shaft

Bob Brown
57' Grad

Beware, young lovers, in this school;
Don't be taken as anyone's fool;
For all around both here and aft,
Exists an object known as the SHAFT,
And when it is given an upward thrust,
Its victim soon will bite the dust,
And then shall he (she) cry out in pain,
Alas! Alas! I got it again.
Although upon this poem you laugh,
You may be next to get the SHAFT!

Roving Reporter Pooped? Get Hep Go To The Moon!

By Frances McBroom

Question: What do you think that the student and teacher relationships should be?

Martha Roach: The relationship of student and teacher in the classroom should be established on a happy medium, not strictly business but neither too personal. The association outside class would depend upon the individual.

Margaret Ellis: I think that a student should feel free to discuss class problems with the teacher, but not those problems of a personal nature.

Bonnie Slatton: I feel that a student should consider the teacher as a friend, but not in such a way that the student bothers them with all of their personal problems.

Jean Cloer: I like the teacher who puts things on your level and makes you feel as if he is eager to help.

Margie Johnston: I feel that the student and teacher relationship should be one of a personal and impersonal basis; personal as individual to individual outside of class and impersonal in class.

Frank Turner: I refuse to answer on the grounds that it might incriminate me!

Have you heard the latest rumors around the campus? If you haven't, you're sure behind. It has been said that on November 7, the Russians will launch their first passenger rocket to the moon! They are taking reservations for this flight now. Prices are only \$125.00. Of course, this is only one way, for the rocket will not be returning to earth. Although the Russians have discovered and perfected this passenger rocket for ascending to the moon, they have not yet found a way to send a rocket back to earth.

It seems that the purpose for sending this rocket to the moon is because the Russian commoners are drinking too much vodka and not leaving enough for the Russian leaders and aristocrats. Another reason for this trip, according to one of our former beauties, is that the salt mines in Siberia are getting over-crowded. She gives this information to us firsthand, as she has just been released with a complimentary ticket for this schedule flight of November 7.

Another firsthand information volunteer is a former student from "up on the hill", just returning from a tour of duty in the Communist Army, who says the trip will be a rather "soft" one; and he should know, as he was one of the Communist engineers who designed this rocket. According to this buck

SENIOR, UNDERGRAD ANNUAL PHOTOS MADE

Senior pictures are being made by the Delbridge Studio of Murfreesboro again this year. Although the deadline passed November 2 for orders for Christmas deliver, Mr. Delbridge will take reservations for senior sittings until December 1. The cost of the sitting includes a picture for the yearbook, an 8 x 10 portrait and six billfold size prints. All pictures are retouched and a selection of negatives is available.

Underclassmen who are not satisfied with the ID picture made at the beginning of the quarter for use in the annual may have a picture made by Dr. Bealer Smotherman in the Audio-Visual room for fifty cents. These pictures should be made by November 23.

private, the rocket will ride as smoothly as a cloud. You see, the rocket is pressurized with foam rubber, constituting a soft interior for those "small" air pockets in the stratosphere.

The moral of this story is: if you are sad and depressed, buy a ticket to the moon via the Russian rocket; or if you are a vodka drinker, beware—you may get your reportation papers any day now.

Active Artists Outline Plans

The art department's members have been kept busy through the summer and early fall. Mr. Fred Rubens has been working on a painting of Nathan Bedford Forrest which is soon to be dedicated. Mr. David Le Doux has recently finished a painting for the Senior Class of 1957 which will be dedicated for the new library.

Since last April, Mr. Rubens has been compiling a resource guide for the elementary teacher, submitted and edited by members of the State Art Advisory Committee. Mr. Rubens laid out the forty-two page resource guide and the cover was designed by Mr. Le Doux.

Mr. Rubens states, "at the present time our classes are filled, but we feel that there are many others in school who are interested in an art minor and a potential art major. We can only foresee that in the not too distant future there will most likely be an art major."

All students interested in art as a hobby, livelihood, or an interest should attend Beaux Arts Club meeting on the second and fourth Monday at 6:00 p.m. For information concerning the club consult the president of the club, Fred Greer.

Live Modern! Here's News...

U.S. Patent Awarded To The L&M Miracle Tip

... Only L&M has it!

"This is it! Pure white inside pure white outside for cleaner, better smoking!"

Get full exciting flavor plus the patented Miracle Tip

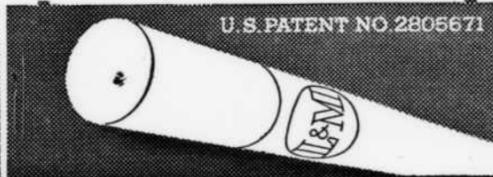

You get with each L&M cigarette the full exciting flavor of the Southland's finest tobaccos.

You get the patented Miracle Tip ... pure white inside, pure white outside as a filter should be for cleaner, better smoking. The patent on the Miracle Tip protects L&M's exclusive filtering process. L&M smokes cleaner, draws easier, tastes richer.

Pressure Mounts; Raiders Beat AP 14-0 for Seventh

On a wet and slippery field for the fifth time this season, the Middle Tennessee State Blue Raiders captured their seventh victory of the season by out slipping and sliding the Austin Peay Governors in Clarksville's Municipal stadium Saturday night 14 to 0.

After both teams battled stubbornly in the first half, the Big Blue came to life in the third quarter to score their first touchdown on a 14 yard run by Ray Purvis. Hallum faked a place kick and threw the extra point to G. E. McCormack.

Three minutes after the fourth quarter opened Harold Greer intercepted an Austin Peay pass on the 30 yard line and ran 70 yards for a touchdown with Joe Bruce leading the way.

The Governor's made their deepest penetration in the fourth quarter when they were held for downs on the Raider seven.

The Raiders made 166 yards rushing for nine first downs. The Governor's got 121 total yardage and seven first downs, including three completed passes for 56 yards.

This week the Raider tangle with Murray State in an OVC game at Murray. The Thoroughbreds lost to Arkansas State 27-20 Saturday in a surprising show of offensive power that saw them score two first quarter touchdowns before yielding to State's reserve strength from a deep bench.

"One thing is sure we'll have to be at full power to keep undefeated", coach Charles Murphy stated in summing up the three contests approaching with Murray, East Tennessee State (home November 16) and TPI Thanksgiving.

Raiders Place Third In Cross Country

MTSC finished third in the triangular cross country meet with Vanderbilt and Union University in Nashville October 23. Vandy finished first with a 24 score, Union second with 34 and MTSC third

Too Many Headlines?

"MTSC Only State School With Perfect Grid Mark", "Rugged Raiders on the Prowl", "Raiders Remain Unbeaten"—these satisfying headlines appeared in daily newspapers from one end of the State to the other after the seventh straight win last week. George Short of the Chattanooga Times, Ed Givans and sports editor Fred Russell of the Nashville Banner, Johnny Havlicek and sports editor Raymond Johnson of the Tennessean have all devoted column space to the Blue.

The smaller dailies and weeklies in Tennessee have been featuring the MTSC football team, as a team, and individuals on the team.

Are all of these headlines a prelude to an awful headache on the Friday after Thanksgiving—or sooner? Three rugged foes bar the Blue from the first undefeated, untied season. On paper Murray, East Tennessee State or TPI could beat the Raiders—particularly if illness, injuries or another sorry game like that at Morehead happens.

Middle Tennessee Bowl-Bound?

"Lots of people in this section are saying that Middle Tennessee has the best team they have seen this year" writes Fred Russel in his SIDELINES column of the Nashville Banner.

"Definitely Middle Tennessee is a prime candidate for the Sun Bowl at El Paso, the Aluminum Bowl at Little Rock or the Tangerine Bowl at Orlando."

Following Mississippi Southern's 20-0 triumph over the University of Chattanooga the week after MTSC won a thrilling 20-6 victory over the Moccasins a sports writer in Mississippi is quoted as saying, "The Tangerine Bowl, looking to go big time, might well match the two great Southern 'small college' powers—Middle Tennessee and Southern".

Engineering Hallum Is Policeman

Ed Givan, the big gun in Union University's basketball team last year, who now writes sports for the Nashville Banner, featured Bobby Hallum in his "Football Closeups" last week. He revealed that had Hallum been able to get a job in Cookeville he would have been passing against rather than for us come Thanksgiving.

He also wrote that Hallum is a man with experience—four years as player and coach in the Air Force after his brilliant prep career at Lebanon High. Hallum is employed as a part-time policeman in Lebanon during the evenings when he isn't playing football. Don Franklin, another fine Raider, had a similar job at Lebanon. Hallum is an engineering student, majoring in Mathematics.

with 67. In the dual contest rating MTSC placed second to Union 39-20.

Top time in the meet, run through a driving rain on a muddy Centennial Park course, was by Abingdon of Vandy in 16:49 for the three mile course. He ran the first mile in 5:30. Abingdon set a course record for the mile, two mile and three mile time.

Bob Reed placed fifth. His time was 18:05. The Raider team was composed of Bob Reed, Wally Johnson, Earl Peters, Mike Batsel, Ronnie Newman and Dick Swain.

Raiders Stomp Eagles 18-6

Middle Tennessee State took their sixth straight victory of the season Saturday afternoon in Morehead, Kentucky, as they downed the Morehead Eagles 18 to 6 for their third Ohio Valley Conference win.

The Big Blue got off to a slow start, but managed to score first, as rain and snow marred their first drive. The second time they got their hands on the ball, quarterback Bob Hallum engineered a 72 yard drive for the first score. Ray Purvis was the big gun in the drive, as he dashed 33 yards on a nan end sweep and gathered in a Hallum pass for 16 more to set up the touchdown, which was climaxed by Hallum on a quarterback sneak.

Morehead's end, Bobby Igo, early in the second quarter, gave the small homecoming crowd a boost as he intercepted Bobby Tillman's pitchout for the Eagles only score. He scampered 35 yards, unmolested, to knot the count at six all.

Hallum and crew didn't waste any time as end Bobby Locke returned the Eagles short kick to our own 40. After three first downs, on short steady gains by halfbacks Bucky Pitts and Ray Bell, Hallum passed 29 yards to Purvis for the score.

Early in the third quarter, guard Harold Greer broke through the middle of the Eagles' line to block Tom Sims' punt, which gave the Big Blue possession on Morehead's 30 yard line. After two quick

MTSC Third Among NAIA Members; MTSC Quaterbacks Rate

Latest statistics of the National Association of Intercollegiate Athletics list undefeated Middle Tennessee State third among the nation's small colleges, according to the NAIA rating board.

The standing are:

Wofford	154
East Texas State	150
Middle Tennessee	130
Lamar Tech. (Texas)	126
St. Joseph's (Ind.)	120

Bob Hallum of Lebanon is 15 in individual total offense through six games, with 329 yards rushing and 392 yards passing. The total averages 6.3 yards per play and 120.0 yards per game.

Bobby Tillman of Nashville is the ninth-ranked punter, with a 39.9 yard average after 12 kicks.

Hallum's throwing arm got into action again. He hit G. E. McCormack in the end zone for his fourth touchdown catch of the season. This one covered 24 yards.

MTSC's impregnable defense held the Morehead Eagles to 74 yards rushing as Bill Hall, Ralph Massey, Don Franklin, Harold Greer, and Jerry Hurst put on an outstanding performance.

A new idea in smoking...

Salem refreshes your taste

Created by R. J. Reynolds Tobacco Company

- menthol fresh
- rich tobacco taste
- most modern filter

Refreshing! Yes, the smoke of a Salem is as refreshing to your taste as a dew-sparkled Spring morning is to you! Now get the rich tobacco taste you love, with a new surprise softness and easy comfort. Through Salem's pure-white modern filter flows the freshest taste in cigarettes. You take a puff . . . it's Springtime!

Smoke refreshed . . . Smoke Salem

Reed Cops Intramural Swim Meet

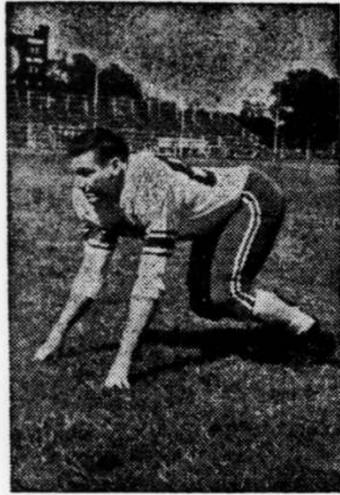

Paul Perry

The first intramural swimming meet of the season at MTSC took place at the Memorial Pool Tuesday, October 1. The Green team compiled a total of 39 points against the Browns 30 to win the meet. High point men were Bob Reed and James Frost. Reed won the 50 yard free style with ease, while teammate Sammie Griner pulled in second. The big gun for the Browns was Don Casey who won the 50 yard back stroke with very little trouble, as Reed of the Greens came in second. On the 50 yard breast stroke, James Frost, who ended the meet with 8 points came out the winner, with teammate Reed a close number 2.

On the 75 yard Medley Relay, the winner was Bob Renick doing the 25 yard back stroke, with Troy Hayden and Ed Barlow coming number 2 and 3, doing the 25 yard breast stroke and 25 yard crawl, respectively.

In the 100 yard free style relay, which consisted of 4 men, Bill Casey of the Browns came out on top, with Bob Renick, Troy Hayden, and Eddie Barlow, in that order, finishing up. Bob Reed of the Green team ended the meet with 12 points, making him high point man of the day.

Recognize Your Raiders

Harold Greer

Harold Greer (22, 5'11", 180), son of Mr. and Mrs. Cordell Greer, Lebanon, Tennessee, is one of the starting guards for the Raiders. Greer was an outstanding performer last year, for he was selected to two All-Conference teams. He is very fast and a sure tackler. Harold is a transfer from Georgia Tech where he played freshman ball. One of his specialties is blocking punts.

Greer played one year of football for Castle Heights Military Academy. At Lebanon he lettered three years in football and two years in basketball. He was elected on the All-Midstate team in 1951

and 1952, All-Conference in 1951 and 1952, All-Southern in 1953, and All-Midsouth in 1953.

G. E. McCormick

Gallie E. McCormick (24, 6'2" 205), son of Mr. and Mrs. G. E. McCormick, Sr., of Nashville, Tennessee, holds down one of the starting positions this year. G. E. has played two years at MTSC and is one of the best pass receivers in the conference. He caught four touchdown passes last year to lead the conference in that department. He is as fast as most backs and can out maneuver them to grab the long passes.

McCormick played freshman football at SMU and three years of service ball in the Navy at San Diego, California.

His high school days were spent at Isaac Litton, where he earned three letters in football, three in baseball, and two in basketball.

Along The Sidelines

ROY CRABTREE

With the football season on the downhill push, we find that the Blue Raiders of Middle Tennessee State are undefeated in their first six games.

In establishing this record, they have rolled over Florence State, Jacksonville State, Western Kentucky, Eastern Kentucky, University of Chattanooga, and Morehead State.

Different football forecasters and Action Rating Systems have showered the Big Blue with compliments one after the other this season, and established them as one of the gridiron powers of the nation.

The defense of the Raiders has been exceptionally good so far this season, holding their opponents to 33 points, while the Blue and White offensive phantoms have chalked up 150 points.

Bob Hallum and Bobby Tillman, brains of the Raiders' offensive combination, have engineered the steady performance of the Big Blue by pitching out to a scatback on an end sweep and by handing off up the middle to a hard charging fullback, plus passing to the giant flankmen.

Coach Ed Diddle and his VSAC Tournament champions have opened basketball practice, with fifteen prospects reporting. This group of

lads, who won 12 and lost 12 games last year, will have five lettermen returning, plus a fine crop of sophomores that established an outstanding record last season.

Jerry DeLuca, one of the best linemen to ever don a Raider uniform, will take a trip to Canada this weekend to talk turkey with Hamp Poole, head man of the Toronto Argonauts, and pissibly land a contract to play professional football. Jerry and his wife will be guests to Toronto Argonauts professional football team and will stay at the King Edward Hotel in Toronto on their trip.

How the Raiders stand statistically in their six football games to date:

TEAM STATISTICS	
MTSC	OPP.
83 First downs	53
277 Rushing attempts	261
1348 Net yardage rushing	650
64 Passes attempted	102
31 Passes completed	33
5 Own passes intercepted	8
511 Passing yardage	429
10 Scoring passes	0
26 Number of punts	43
2 Punts had blocked	4
35.3 Punting average	28.0
365 Yards penalized	277
21 Total fumbles	13
13 Fumbles lost	9

Hot Basketball Prospects Line Up For 1957

Fifteen athletes, among them five returning starters and ten sophomores, have reported for opening basketball practice at Middle Tennessee State College.

Holdover starters are seniors John Price, Frank Davis, Oscar Fitzgerald, and junior, Bob Williamson. These four cagers will be joined by senior Jerry Hurst after the football season.

The rest of the varsity squad will consist of a redhot group of sophomores, which established a terrific record as Raider freshmen last year. These include Dickie Baugh, Ray Hammers, Jim Beard, Wally Johnson, Mike Batsel, Ronnie Newman, Wayne Coombs, Sonny Peters, and Bobby Tillman, who is a former star and transfer from Georgia Tech. Raiders also welcome Lew McMannas, a transfer from the University of Kentucky.

Raiders Welcome Ralph Adams

Ralph Adams, one of the best athletes in the state during his high school career, has enrolled at Middle Tennessee State.

Ralph, after graduating from Lawrenceburg High School, received a football scholarship to the University of Tennessee, where he played outstanding ball for two years before entering the service.

Adams, 6'0", 215 pound fullback in high school, was moved to the guard position at UT and during his sophomore year, handled the kickoff and extra point assignments for the Vols.

Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist.

Perhaps for this reason, the Navy has taken valuable space aboard the "Nautilus" for the only soft-drink vending machine in the entire submarine fleet.

Naturally (or you wouldn't hear about it from us) it's a Coca-Cola machine. And not unexpectedly, re-enlistments are quite respectable.

Rugged lot, those submariners. Great drink, Coke!

Meet Our Masters

MISS MARGARET PUTMAN

Miss Margaret Putman is associate professor of home economics at Middle Tennessee State College. She received her B.S. degree from Tennessee College for Women, M.S. degree from the University of Tennessee, and has done some graduate work at Western Michigan State College, Kalamazoo, Michigan.

For five years Miss Putman was district supervisor of home economics for the State Department of Education. She taught and served as head of the home economics department at Austin Peay State College for two years.

She is a member of the Baptist Church and a native of Murfreesboro.

faculty member for 14 years.

Dr. Dark is now serving as vice-president of the Tennessee Association of Mathematics Teachers and also treasurer of the Tennessee Academy of Science. He has written books entitled *The Life and Works of Herbert Ellsworth Slaughter* and *God Hath Spoken*.

He is married to the former Mildred Northcutt. They have four children Joel H., 23; James O., 20 (student at MTSC); Anne, 13; and John, 11. They are members of the Church of Christ.

DR. HARRIS J. DARK

RAMON DeSHAZO

Ramon DeShazo, who joins the MTSC faculty as assistant professor of languages, is a graduate of Memphis State College and received the M.A. degree at Peabody. His additional graduate study has been at the University of Southern California. He is a native of Coldwater, Mississippi.

Mr. DeShazo has been teaching at Mars Hill College in North Carolina. He is a member of the National Council of English teachers and of the First Baptist Church of Murfreesboro.

Mrs. DeShazo, the former Opal Benson, will be the secretary for the library.

Nashville Symphony To Present Concert

The Nashville Symphony Orchestra presented a concert in the Murfreesboro Central High School auditorium on November 5. The orchestra, which has been organized since 1946, is an eighty piece ensemble under the direction of Mr. Guy Taylor. It travels from town to town and from school to school presenting several formal concerts a year.

A variety of classical, romantic, and modern music, which covered the period between 1808 and 1957, was played. They included three dance forms presented in music.

A few selections from the concert are as follows: Roman Carnival Overture, Symphony No. 5 in C minor, two Slavonic Dances No. 1028, Adagio for Strings, and Suite from "Der Rosenkavalier."

STUDENT NOVELTY PRIZE OFFERED BY CROWELL CO.

If you have written the novel of the century — or maybe just of 1957 — and need \$2500, plus the usual royalty for a successful novel, you should write the "Contest Editor, Thomas Y. Crowell Co., 432 Fourth Avenue, New York 16, N.Y."

This publishing company is offering this and other honorariums for the best 70,000 word manuscript submitted before October 1, 1957 by a graduate or undergraduate student of an American college under 25 years of age.

TO Initiates; New Members Survive Test

The Al Sullivan Restaurant was the scene of the Tau Omicron banquet and initiation, Tuesday, October 29, 1957. Honored guests were the following alumni: Martha Maddox, Evelyn Turney and Martha Moorehead.

After dinner the informal initiation began. Skits and reports on term papers were presented by the new members, who are Jean Adamson and Joyce Adamson from Watertown, Judy Holt from Pulaski, Becky Davis from Murfreesboro, Ann Porterfield from Augusta, Georgia, Janet Lewis from Chattanooga, Mary Jo Collier from Nashville, and Betty Jane Osteen from Chapel Hill.

The initiation was followed with a formal ceremony by candlelight.

The Tau Omicron Society was founded in 1930 for the purpose of honoring junior and senior girls who excel in scholarship, leadership, service, and character. Since its initial meeting, the motto of the society has been, "Strive to build rather than destroy—to help rather than hinder."

The next meeting of the Society is November 12 at the home of Miss Buleah Davis, new co-sponsor of the society. This will be an education meeting.

JOSEPH T. SMITH

Joseph T. Smith from Tullahoma came to the MTSC faculty to take the position as an instructor in music.

Mr. Smith received his B.S. and M.A. degrees from Middle Tennessee State College.

He was a sergeant in the Marine Corps serving in the Mediterranean area.

He is a member of the Church of Christ and is married to the former Billie Odom. They have two children, "Clint", 3 and Cynthia Jo, 2.

Dr. Harris J. Dark

Dr. Harris J. Dark joins the MTSC faculty as an instructor in the mathematics department. Dr. Dark received his B.A. degree from Randolph-Macon College for Men, M.A. from the University of Richmond and his Ph.D. from Peabody College. He has been head of the mathematics department at David Lipscomb College, where he was a

Miss Hackler Accepts Position As Baptist Manuscript Editor

Miss Peggy Hackler, of Roanoke, Va., has accepted a position with the Broadman Books Department of the Baptist Sunday School Board as manuscript editor.

For the past four and a half years Miss Hackler has served as the Baptist Student Union director for Middle Tennessee State College, Murfreesboro, Tenn. Prior to this, she was educational director at the College Avenue Baptist Church, Bluefield, West Virginia.

Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty *Mopey Hopi*. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some *easy* money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A **light** SMOKE—LIGHT UP A LUCKY!

Tokyo And German Schools Welcome Miss Morrison

Among the recent visitors to the campus at Middle Tennessee State College is Miss Jean Morrison, B.S. 1954, who has spent the past three years as a teacher in American State Department Schools in Germany. She left in late August for Tokyo for re-assignment to work in the American dependents school in that area.

"It is the most marvelous experience a young American school teacher can have," Miss Morrison said. "In Germany, I not only had the opportunity to hear great music and see inspiring examples of all phases of a culture denied Americans at home, but in the three years I visited nearly all the European countries."

Miss Morrison exhibited color slides and lectured to one of Miss Green's classes in geography. Among the outstanding places of historic note Miss Morrison has visited are the leading literary and art centers of England, Ireland, Scotland, Denmark, Norway, Sweden, Luxembourg, Belgium, Holland, France, Spain, Switzerland, Italy, Yugoslavia, Greece, Austria, and East Berlin of the Russian occupation.

"The Germans are a good people, an honest people, and above all, an industrious people. They work well with us, based on a feeling of mutual respect. Elsewhere in Europe, the poverty is depressing," she said.

One, classmate, James Robertson of Pikefield, she ran across at Dreux Air Force Base in France. Other MTSC alumni whom she met at various times in Germany or elsewhere in Europe included William Maggart, Westmoreland; Guy Norton, Lawrenceburg; Buford Holman, Sparta; John Raymond Smith, Old Hickory; Howard Ray, Leighton Bush, and Frank Giles.

Miss Morrison has crossed the Atlantic twice by boat and three times by plane. She prefers the aerial crossings.

Lane Boutwell Named Foundation Officer

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the seventh class (1958) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1958, for their first year of graduate study. The Foundation welcomes applicants from the areas of natural and biological sciences, special sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Q. M. Smith has named Lane Boutwell as the Liaison Officer to nominate to the Danforth Foundation two, or not to exceed three, candidates for these 1958 fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is \$1400 plus tuition and fees charged to all graduate students; for married Fellows \$2400 plus tuition and fees charged to all graduate students with an additional stipend of \$350 for children. **Students with or without financial need are invited to apply.**

Any student wishing further information should get in touch with Mr. Boutwell.

Professors Instruct Extension Courses

Middle Tennessee State College extension classes during the fall quarter extend from Columbia to Soddy and from LaFayette to Fayetteville, with approximately 300 in-service teachers engaged in the work. This number added to the 2249 on-campus students brings the fall quarter enrollment of the college to more than 2550.

The teachers and location of classes for the fall quarter are as follows: Finis Poole, education, Jasper; Dr. Francis Riel, health and physical education, Sparta; Dr. Elbert Patty, health and physical education, Sparta; Dr. Norman Parks, history, McMinnville; Miss Buleah Davis, health and physical education, Columbia; Charles Brandon, art, Winchester; David LeDoux, art, Fayetteville; Charles Hansford, music, LaFayette; Newell Moore, history, Hermitage Springs; and two classes by J. Pope Dyer at Soddy and Dunlap.

Mr. James Goncse has completed a course in industrial arts at Smithville.

Rutledge - - -

(Continued from Page 2) education. She has lived in Rutledge for the past two years, and during this time, she has learned to love it dearly. Her hobbies are music and church work. If you want to stay on the good side of Patsy, don't call her pet names like honey, and babe, and boys, please don't blow smoke in her face.

Carol Hanes is a business major from Westmoreland, Tennessee, and is twenty years old. She has shared the laughs and loves of Rutledge for the past three years. Men, if you are looking for a good wife, I think I've found the girl; she loves to cook and sew, and sport really send her for a thrill. Her pet peeve is her roommate, Shirley Pigg, who gets up at 6 a.m. to go to work and wakes her up.

Lois Smith is another outstanding monitor. For the past ten years, she has taught school in the Copper Basin area of Polk County. She has taught the first, second, sixth, and eighth grades. Her major is elementary education, and she is from Ducktown, Tennessee. Lois is twenty-eight years old and a wonderfully understanding person whom we all love. Her pet peeve is people who try to make false impressions. She says she likes a person for what he is.

Beverly Sadler is majoring in elementary education and has lived here for four quarters. She loves nature and her hobbies are fishing and hunting. So, boys, you'd better polish your rifles and get your fishing poles ready, if you want to win Beverly's attention. She is eighteen and from Nashville, Tennessee.

Martha Roach is a business major and has lived in Rutledge for four quarters. Her hobbies are playing cards and swimming. Martha is nineteen, and her home town is Woodbury, Tennessee.

In the eyes of the Rutledge girls, we have a wonderful housemother. Mrs. Bass has been house mother for two years; prior to this time she was assistant hostess in the Student Union. Mrs. Bass has one son, who is married. He and his wife live in Columbia, where he is employed as a radio announcer. Mrs. Bass is a native of Coffee County, but after her marriage, made her home in Columbia. Mr. Bass was a graduate of MTSC and an outstanding athlete. To Mrs. Bass each Rutledge girl says, "Thanks for being our 'Mother away from Home'."

We hope all of the flu cases are better now. By the way, I wonder if Cupid has anything to do with the spreading of the germs. If there's one thing certain though bet we'll never find out. Until next issue, don't let Cupid get the best of you.

Officers named this year are for Pi Epsilon Tau: President, Ramon B. Nellesen; vice-president, Earl Whorley; secretary, Kenneth Dedman; treasurer, Jimmy Crawford; trustee, O. L. Freeman.

Meetings are scheduled for the third Thursday of each month at 11:00 o'clock in the morning.

Speech Arts Plans Fall Debate Program

The Speech Arts Society is for all students who have interest and talent in the field of speech. There are several areas which a student may enter — after dinner speaking, impromptu speeches, oratory, extemporaneous speeches, oral interpretation or poetry reading, and debate. The debaters are now hard at work preparing this year's question, which is — **Resolved: THAT THE REQUIREMENT OF MEMBERSHIP IN A LABOR ORGANIZATION, AS A CONDITION OF EMPLOYMENT, SHOULD BE ILLEGAL.** This is a question of national interest in the United States today, and one on which all colleges will debate this year.

The intrasquad debates will begin soon with debaters Page Chamberlain and Buford Bates; Patricia Baer and Betty Cooper; Sara Jane Croft and Eddy Jo Reid; Carole Tyler and Bonnie Slatton; Pat Colley and Bill McElhiney; Joyce Adamson and Jean Adams; John Champlin and Ted Humble; Harry Parman and Bobby Little; Bill Davis and Bill Sugg; Joseph Bartha and Bob Greeson; Margie Pitts and Margie Johnston. Mr. Lane Boutwell, the director and coach of the Speech Arts Society, has planned to send as many representatives to the pre-season debate at Western Kentucky, November 15 or 16, as is permissible.

The Speech Arts Society has already undertaken several projects this year. They entered a float in the Homecoming Parade, which bore the caption "Hula, Hula, Swing And Sway. It's Big Blue Raiders All The Way". The float was an Hawaiian scene with three Hawaiian maidens, Joyce and Jean Adamson and Eddy Jo Reid, and a musician, Bob Greeson.

ENGINEERING SOCIETY

The Engineering Society enjoyed having for its speaker, Mr. Eddie Voorhies, at its last meeting.

The title of Mr. Voorhies' talk was "Redstone Arsenal and Its Mission." He added to this talk information about the various guided missiles developed by the Army, Navy, and the Air Force. This was a highly interesting and informative talk. The club plans to have a number of special speakers from the different fields of engineering during the year.

The Engineering Society meets every other Thursday at 11:00 in the electric shop of the Industrial Arts Bldg.

Want To Join Pep Squad?

Want to create more school spirit.

The famous "23 students" invite you to contact Fred Rubens in the Art department of one of the cheer leaders.

It is believed that a pep organization can be developed to appear at home games.

Frances Nelson of 1034 Lanier Blvd., N. E., Atlanta, writes that she is sponsor of the "Campus" at Southwest DeKalb high school, where she teaches Spanish. Miss Nelson graduated from MTSC in 1953.

Civil Service Announces Entrance Exams

To further improve its position in the competition for talented college people, the Federal Government is opening its Federal-Service Entrance Examination this year to college juniors in addition to seniors, college graduates and others of equivalent experience, the Civil Service Commission has announced.

Also, job appointments, effective after graduation, may be offered the juniors if they pass the examination and their names become available on the lists of eligibles to be established. As in the past, such job offers may also be made to seniors.

The first Federal-Service Entrance Examination to be held since the change is scheduled for November 16, the Commission said. Subsequent examinations will be held in January, February, March, and May, 1958. Applicants will have until October 31 to file for the November 16 written test, which will be given at approximately 1,000 examination points throughout the country.

Social Science Grant For Graduate Study Available to Seniors

Fellowships for the first year of graduate work leading to a career in college teaching may be available to two MTSC seniors, according to Dr. Norman Parks in announcing openings in the Woodrow Wilson National Fellowship Foundation.

Any MTSC interested senior should file his or her application with Dr. Parks, head of the social science department before Saturday of this week (November 9).

The fellowship may be used at any university and will amount to approximately \$1400, plus allowances for tuition. Nominations for the fellowship must come from seniors majoring in the humanities, social science, natural science or mathematics. Law, medicine, engineering, business administration and education majors are not considered within the scope of the program.

Student Chorus Plans for Year

The chorus is unique in that it is run entirely by the students. The members set up their own rules pertaining to attendance. Roles are checked by elected section leaders. Officers are: president, Bill Medlock; vice-president, Dorothy Hicks; secretary, Linda Williamson. The section leaders are: soprano, Gayle Seay; alto, Emily Elrod; tenor, Dick Turner; bass, Bob Keathley.

The chorus will go on tour December 4, 5, and 6. The fall concert will be Sunday, November 24.

Science and Math Lead As Majors Among Graduates

Dean N. C. Beasley has released an interesting study of the fields in which degrees were earned at Middle Tennessee State College during 1956-57. This survey shows a growing, but not yet a substantial increase, in the number of graduates majoring in math and science with a corresponding decrease in those majoring in education.

Of the 361 bachelor of science degrees awarded, eighty were in elementary education to five men and 75 women. There were 54 social studies majors, 44 in business administration, 34 in health and physical education, 29 in industrial arts, 20 in economics, 16 in home economics, 16 in English, 13 in chemistry, 12 each in agriculture, biology, mathematics, six in general science, six in music education, five in history, and two in geography.

Of the 203 men and 158 women receiving degrees none were awarded to women in economics, history, general science, industrial arts, or agriculture. No home economics degrees were conferred on men students. Next to elementary education social science (23), business (15), and English (12) were most popular with women students.

SLOAN WILL SPEAK AT REGIONAL LAW MEETING

"Testing and Grade Determination" will be the subject of a discussion by Gene Sloan of the MTSC faculty at the Southeastern Regional Business Law Association meeting in Memphis next week. Mr. Sloan addressed the national meeting of the law association last summer. Others on the two-day program are from Auburn, Alabama, Mississippi State, LSU, Wisconsin, Georgia State College, Kentucky Wesleyan, and Wake Forrest.

John J. Lawler, a member of the English faculty at Middle Tennessee State College, was the speaker at the Woman's club Monday. He discussed the growth and development of languages and used slides to illustrate his lecture. The Literary department of the club, Mrs. Sam Hay Chairman, was in charge.

Club Comments ---

(Continued from Page 2)
has done since it was established. The goals and accomplishments of its 12 year history were highlighted. After his talk, Dr. Parks held an informal discussion with club members concerning the significant role of the UN in today's world.

This club has many interesting goals and plans for this year's program. It is now in the process of establishing Pi Gamma Mu, a national social science fraternity, on the campus. The club plans to send a delegate to the CCUN which will be held in Kentucky this year. There are also plans to send a delegate to the UN in New York City next summer. The first of a series of planned lectures by outstanding speakers will begin on November 11, with Dr. Fleming as the guest speaker.

New members received into the club this fall are: Ted Beach, Bob Greeson, Robert Bigoney, Bert E. Vanoer, Francis Henegar, Alton L. Smith, Mary Ann Holly, Patricia Canear, Robert Mingle, Elliott P. Chamberlain, Jerry W. Robinson, Max Horton, John D. Davis, William Sugg, Sid Lyons, Jean Adamson, Joyce Adamson, Virginia Derryberry, Sara I. McLerran, Anita Grayson, Jean Price, and Barbara McNutt.

Submitted by Imogene Spear, Club Secretary.

PI KAPPA DELTA

In addition to preparing for the year's inter-collegiate debate tournaments, this club is busy with many other projects. This week three of the fraternity, Bob Greeson, Jean Adamson, and Bill Davis, were delegated as judges for the Voice of Democracy Contest. This is an annual event under the sponsorship of the Junior Chamber of Commerce. Marge Johnson, Secretary.

Pre-Lawyers Hear Dean Walker, Cain

Dean Grissom Walker of the Cumberland University Law school outlined the requirements for law school entrance and courses of study for the pre-law club Thursday. Bob Cain, a 1954 MTSC graduate who is now a senior law student at Cumberland, spoke briefly on the difference in study demands in under-graduate and professional schools. Ted Humble presided in the absence of Bill Suggs, club president.

Dr. Martin To Give Circle 'K' Program At Chicago Meet

Dr. Robert L. Martin, professor of social science at Middle Tennessee State College and chairman of the International Committee on Circle "K" clubs, will attend the Kiwanis International Council meeting in Chicago, October 28-31.

Dr. Martin will present the Circle "K" committee program to the district governors from the United States and Canada.

Playwrights Guild Formed

A new organization, The American Playwrights Guild has been formed by leading figures in the Broadway theatre world for the purpose of discovering and guiding new writing talents for the stage and television. Headed by President Harold Bromley, APG is composed of theatre and TV producers, directors, and editors who furnish playwrights throughout the United States and Canada with a professional, comprehensive, and coordinated service in all phases of their craft.

The Guild was organized primarily to ferret out suitable scripts so sorely needed by the legitimate theatre and network television. One of its main functions is to serve as an agency which will foster and encourage young writers by aiding them in their craft as well as in the proper marketing of their work.

The policy outlined by the Guild requires each playwright to write for a full set of particulars before submitting scripts to be read. No action will be taken on scripts whose authors do not adhere to the stipulated procedure. All inquiries are to be made to the American Playwrights Guild, Inc., 5 East 76th Street, New York 21, N. Y.

Naval Reservists Hold Open House

Naval Reserve Electronics Division 6-8 of Murfreesboro will hold open house from 7 to 8 p.m., Monday night Nov. 11th, according to Lcdr. Clarence A. Wells Commanding Officer. Wells stated the Naval Reserve Facility located in the College Heights area on the Woodbury highway will be open to the family and friends of Naval Reserve personnel and to the general public as the Veterans day program.

Naval Reservists who meet with the local unit receive one days pay for each weekly drill attended, Wells said, and while attending drills they are preparing themselves for advancement in rate and for retirement pay at the age of 60.

Lt. Jesse Smith USCG and Lt. William Windham USNR are members of the college faculty who meet with the unit.

GIRL FOR THE BUCK ROLMAN'S

Vic Gale, the five pound daughter of Mr. and Mrs. Marvin "Buck" Rolman has arrived this week. The mother is the former Eleanor Martin, who is graduated at MTSC in 1955. The cigar passing papa is the captain of the MTSC football team.
