

The SIDELINES

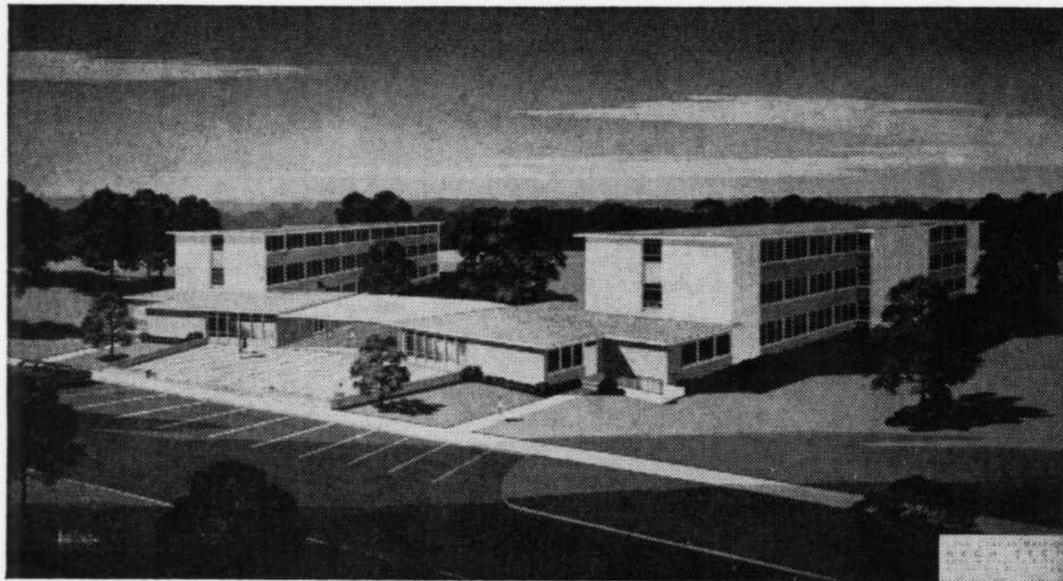

VOICE OF MTSC, THE COLLEGE OF INDIVIDUAL OPPORTUNITY

Vol. 37 - No. 6

Middle Tennessee State College, Murfreesboro, Tennessee

December 11, 1963

This is the architect's drawing of the twin, air-conditioned dormitories now under construction on the East side of the campus. John Charles Wheeler, MTSC alumnus, designed the modern structure. The Same Melson construction company of Shelbyville was awarded the contract for the base price of \$602,890. When fully equipped the units will cost about \$750,000 and house 212 "honor students and senior" co-eds.

Thirty-Six Seniors Selected For American Who's Who

Thirty six MTSC seniors have been selected for recognition in the highly exclusive "Who's Who in American Colleges and Universities" this year according to Dr. Belt Keathley, chairman of the selection committee.

First requirement for selection was a 2.7 average for all college work. Selection then became a matter of study by the faculty-student committee based on citizenship participation in student clubs and activities, and honors received by the student in college and other fields of activity.

The final selection was made from a list of 180 of the nearly 600 members of the senior class who qualified on the basis of scholarship alone. This is the largest number of MTSC students to ever reach the top all-around student honor.

The honored students are: Doris Brackett, Shirley Crowe, Dianne

Anderson, Nancy Arnette, Shirley Dorris, Carolyn Gwaltney, Nancy D. Hobbs, Mary Nell Hollis, William E. Hunter, Frank G. Irwin, Sandra L. Irwin, Larry Leahon, Betty Leming, Charles Massey, Thomas McFerrin, Beverly J. Montgomery, Kenneth Mott, Sue H. Murphey, Mary Lynn Nuckols, Jacqueline Paschke, Anne W. Petty, Thomas A. Price, Jr., Brenda K. Pylant, Dorothy H. Sanders, Carole Sanford, Carole Ann Shelton, Wendelyn F. Smith, Sally Smith, Jane Clare Spencer, Judy G. Steagall, Ayne C. Venanzie, Patricia P. Ward, Betty A. Westmoreland, Ralph H. Willis, Ronnie S. Wilmouth, and Alton Wood Powell.

AAUW Places MTSC On "Qualified List"

Dr. Quill E. Cope is in receipt of a letter from Dr. Blanche H. Dow, president of the American Association of University Women, stating that the Board of Directors of that organization had placed Middle Tennessee State College on the AAUW "qualified list."

This distinct honor means that any woman graduate of Middle Tennessee State College, past or present, who has received the baccalaureate or higher degree, is now eligible for membership in the AAUW.

As a result of the listing MTSC is now eligible for Corporate Membership in the AAUW.

Several Middle Tennessee towns who have had local chapters of the AAUW or which did not have a sufficient number of the women graduates of universities to organize a chapter will be interested to learn that all MTSC graduates are now eligible for membership in the organization.

Recognition of MTSC resulted from the combined efforts of AAUW members now on the faculty at MTSC under the leadership of Dr. Mary Tom Berry.

Kappa Delta Pi Initiates 34

Kappa Delta Pi, honorary education organization open to junior, senior and graduate students in the field of education had 34 initiated into the MTSC chapter this week.

Candidates are chosen from the upper quintile of their class who have indicated they intend to make educational work a career.

Those named to the local chapter were Martha Ayers, Carolyn Gwaltney, Dotty Watts, Richard Ray, Ralph Willis, Lynn Craig, Peggy Monfee, Virginia Sisk, B. E. Palmer, Ronald Coleman, Dianne Dorris, Margaret Bachus, Betty Craig Jarratt, Royola Bagwell, Martha Rose Walker, Betty Ann Robinson, Betty Leming, Faye Winton, Myra McCannless, eJan Massey, Mary Evelyn Stewart, Dee Shofner, Ann Collier, Jane Duke, Faye Scott, Judy Nichols, Vera Morris, Joan McBee, Linda King, and Sarah Cornwell.

Dietz Features College Progress

An enrollment of 7500 by 1975 was predicted by Dr. Quill E. Cope in a story by Eugene Dietz, Education News Editor of the NASHVILLE TENNESSEAN, in the November 17 edition. The article was illustrated by a picture of Dr. Cope and a view of the MTSC campus indicating the three major buildings under construction.

The \$800,000 administration building under construction will have classrooms on the top floor. This is at the entrance to the college—on the opposite end of the quadrangle from the existing administration building.

The \$850,000 dramatic arts building is practically completed. The structure has an auditorium which seats 1,000 persons.

A \$700,000 dormitory is under construction to house 224 women students.

Dr. Cope was quoted as stating the next major project would be the conversion of the present administration building into classrooms. There will be space for approximately 50 classrooms and 50 offices in the old building and the present auditorium.

Special Assemblies Precede Holidays

One traditional assembly has already been observed before the Christmas holidays. On December 5th the program "Meet the Roundballers" was held in the college gym.

Coach Bill Stokes narrated the demonstration developed by the basketball squad. They outlined with living models the various

Midlander Selects Publisher, Editors

Betty Allen, editor of the '63-'64 Midlander, announces the selection of the publisher and staff heads for the annual.

American Yearbook Company of Hannibal, Missouri will publish the annual which is scheduled to arrive in early May. The Midlander will contain approximately 300 pages. There will be over \$2600 in advertisements, a record sale.

Business manager for the yearbook is Janice Alsop. Class editors are Olivia McBroom, senior class; Kathy Walker, junior class; Mary Cardiff, sophomore class; and Bonnie Puckett, freshman class.

Other positions are Donna Emerson, Administration and Faculty; Linda Crain, Features; Mary Ellen Davis and Brenda Thomas, Honoraries; and Carol Currey, Organizations. Copy editors are A. W. Powell and Jerre Hookey. Dr. Homer Pittard is faculty advisor.

There are approximately 40 staff members.

Sgt. Bailey Joins MTSC Faculty

Major James E. Price, Jr., Professor of Military Science, Middle Tennessee State College, announces the addition to the department of S/Sgt. John W. Bailey. Sergeant Bailey will be the department Supply Sergeant.

Sergeant Bailey is originally from Strawberry Plains, Tennessee. His last assignment was at the U. S. Army War College at Carlisle Barracks, Pennsylvania. He attended Rush Strong High School in Strawberry Plains.

demonstrations of offensive patterns and the defensive strategy that he and Coach Ken Trickey use on the varsity and freshmen team.

On Thursday, December 12 the annual Christmas program will be presented in the college auditorium with Lane Boutwell, head of the speech department reading the scriptural story of the Nativity. Musical interludes will be provided by the Sacred Harp Singers and by group singing of the Christmas chorals.

On Thursday evening at 8:00 the MTSC-Community Orchestra assisted by twelve key members of the Nashville symphony will present the annual Christmas concert. The public is invited to attend.

On Wednesday, December 4 the Associated Student Body will present the documentary film "Question Seven." The film deals with the Berlin crisis and was chosen as the best in the international film competition in Paris. It will be shown at 7:00 on Wednesday in room 304 of the Student Union Building.

PE Club Presents 'World Of Dance'

The Physical Education Department of Middle Tennessee State College presented the fourth annual "World of Dance" recently.

Students from the various physical education dance classes and from the Campus School performed. Approximately 500 college students and the third grade from the Campus School demonstrated folk, square, modern, and social dances. Folk dances from fifteen countries were presented.

The purpose of the "World of Dance" was to acquaint the public with the customs and the ways of life of countries in their various dances.

Among the various countries represented were Scotland, Serbian, Russia, Germany, Mexico, Swedeland, Italy, France, Poland, Switzerland, Norway, Spain, Latin America, Denmark, and the United States.

Pre-registration Begins Today

Pre-registration for the Spring semester is scheduled for Wednesday, December 11 and Friday, January 10, according to the office of the Dean of the Admissions.

Any student with a cumulative quality point average below 2.0 and any freshman with an unsatisfactory grade at mid-semester will not be allowed to pre-register. Also, any first semester transfer student without a "C" average and any junior who has not filed a Major-Minor form cannot pre-register.

Each student must have a trial schedule approved by his advisor. After securing packet and course cards, the student must let his advisor sign and check each.

The packet must then be turned in to the Business Office. All fees are to be paid on the date of pre-registration.

This was number 13 in 25 folk and modern dance numbers presented by the Health and Physical Education department of the college as a climax for the semester study of "The World of Dance". This number was under direction of Dr. Fran Riel and is entitled "Norwegian Mountain March. Thirty six students participated with the picture showing the "guide" leading mountain climbers up a mountain.

Book Lovers Given Incentive To Enlarge Present Collections

The present library committee will sponsor a book collectors contest for students at the college this year. Any undergraduate regularly enrolled may compete.

The collection from twenty-five to fifty books must be owned by the student and should indicate discriminating judgment. They may reflect broad cultural interest or they may represent a well-defined field of interest in which the owner has chosen to collect. The collection should have value as a nucleus for a permanent personal library.

The closing date for entering the contest is January 13, 1964. Students who plan to enter the contest should file application, reproduced below, are obtainable from any member of the library committee before that date. On or before April 17, 1964 all contestants should submit the following:

- a. A bibliography with full citation of the books in their collection.
- b. A bibliography of the books they wish to purchase in the near future.
- c. A brief essay, not more than 400 words, which explains the special interests of the student and the purpose of the collection. Each book is to be suitably inscribed or furnished with a bookplate. All collection should be available for inspection by the judges.
- d. Any collection should be available, on request, for display in the college library.

Three prizes in the form of books will be awarded to the winners. The first prize is \$50, second \$25, and third prize is \$10. The judges are to base their decisions upon the following principles:

- a. Neither the number of the student's books nor their monetary value is of primary

Teachers Sought For Overseas Positions

The Department of Defense recruiters are seeking teachers interested in teaching positions in the Azores, Bermuda, Crete, Denmark, England, Ethiopia, France, Germany, Cuba, Iceland, Italy, Japan, Korea, Labrador, Libya, Midway Island, Morocco, Netherlands, Newfoundland, Norway, Okinawa, Pakistan, Philippines, Scotland, Spain, Taiwan, Trinidad, and Turkey.

Applicants must be at least 21 years of age by 1 August 1964. Minimum scholastic requirements are a Bachelor's degree and 18 semester hours in the field of education. A valid state teacher's certificate and not less than 2 years (4 semesters) of successful full-time employment as a teacher from September 1959 to June 1964 are required. At least one year of the above 2 years must be successful full-time employment since September 1959 within the grade levels and in the field for which application is made.

Applicants without dependents are preferred.

Interested applicants should contact the Overseas Placement Officer (WRACER), Civil Personnel Division, Robins AFB, Ga.

importance.

- b. Consideration is given rather to discrimination in the choice of titles related to the student's interests.
- c. Collections may be either specific or general.
- d. Modern textbooks are not eligible—unless they represent voluntary selections on the student's part.
- e. Emphasis is placed on the student's knowledge of the contents of his own library, and its usefulness for the purpose for which it was collected.

Entries should be filed in the office of the librarian. For further information or details about the contest students may consult any member of the Middle Tennessee State College library committee which is composed of the following: Dr. Rosco Strickland chairman, Dr. Emily Calcott, Miss Catherine Clark, Miss Leneil Edwards, Mr. Joe Evans, Miss Ollie Green, Dr. Robert Martin, Dr. Newell Moore, Mr. Kenneth Pace, Dr. Gerald Parchment, Dr. Virginia Peck, Mr. Fred Rubens and Miss Virginia Wilkinson.

The judges are Mr. Robert Lasseter, Jr., Mrs. Lawrence Freeman, and Mr. J. Isaac Copeland.

U.S. Navy Accepting Applications

The U. S. Navy is now accepting applications for its 1964 Reserve Officer Candidate (ROC) program.

The program is open to college freshmen, sophomores, and juniors who meet certain physical and mental requirements. Successful candidates enlist in the Naval Reserve but remain in college. They meet weekly with a local Navy unit, receiving a day's pay for each drill.

They will attend the ROC school at Newport, Rhode Island, for two summers. Each of these summer sessions lasts for approximately eight weeks, and covers such subjects as seamanship, gunnery, navigation, communications, naval history and customs.

Upon receipt of a college degree and completion of the second summer session at Newport, candidates receive commissions as ensign in the Naval Reserve, and will then spend three years on active duty. Candidates build up longevity while in college which means higher pay as a commissioned officer.

Students interested in the program should see Dr. William T. Windham in Room 306 of the Dramatic Arts Building, or contact the Naval Reserve Unit located in the VFW building in Murfreesboro. The phone number of the unit is 893-4701. Application should be made by December 31, 1963.

Three Service Improvement Places Inter Presidents Council Lists—

The ASB extends thanks to Miss Catherine Clark and the library staff for their co-operation in keeping the library facilities open during Assemblies. The practice of closing campus facilities during day-time assemblies was terminated as a result of a recommendation from your Inter-President's Council. This is only one of the important actions taken by the Council this year. Among their other functions have been:

- a. Appointment of a Cafeteria committee to convey to the food service staff recommendations from students. Troy Blevins, Junior member of the Supreme Court is chairman of this committee. If you have recommendations, submit them to him at Box 3095.
- b. Investigation and discussion of an honor council for MTSC. Phil Claiborne, chairman of the Honor Council Committee will be glad to receive your comments and questions on the matter of student honor. His box number is 2363.
- c. Recommendation of a renovation of the gym sound system for future public programs.

In addition to this, the Inter-President's council has carried out minor legislative recommendations and services that are too numerous to mention. The members of this group certainly deserve your all out support.

Why does no one come to As-

Tree Lighting Monday Night; Yuletide Program

Well, it is that time of year again. The Christmas season is in the air and those festives that go along with it.

One of the festives on campus is the traditional Christmas tree lighting. This tradition was started years ago, but last year was the first year that the Student Christian Union in co-operation with the Associated Student Body planned a program to go along with the lighting.

This year the tradition was held on Monday. SCU invited the entire student body to meet at 6:00 in room 304 of the Student Union Building at which time carols were sung as the group went to President Cope's lawn.

The program consisted of the reading of the Christmas story and the singing of Christmas carols.

Afterwards Mrs. Cope graciously invited those attending the services to have refreshments in her home.

Let's all help make this a Christmas to remember on the MTSC campus.

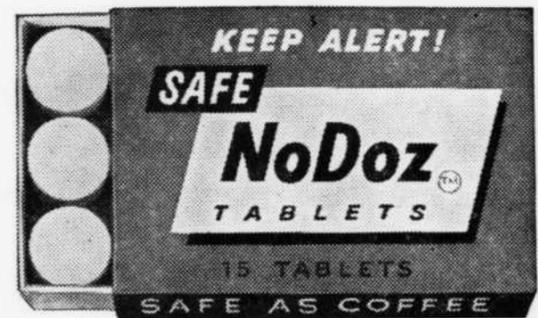

semblies? This question is stumping all of the ASB officials. Is student interest something that cannot be aroused except in the few students who attend every function? Are handbills in the post office boxes, the ASB Bulletin and the ASB Calendar not adequate publicity and communication? Are our assemblies of too poor a quality to attract students? Your ASB needs to know, so please send your comments and answers to Box 1.

Students have had occasional complaints this year about breaches of discipline by a few of our students who have no respect for the rights of others on our campus and there has been some question as to with whom these complaints should be registered. The proper person in the ASB government to receive reports in regard to these matters is Dennie Welsh, ASB Attorney General. His post office box is 4374 and he will be more than glad to discuss these matters with you at any time.

Many of the reporters for campus organizations have indicated an interest in knowing how they can best get the club activities

publicized. In addition to turning their information in to the SIDELINES, those organizations desiring assistance in getting publicity for especially outstanding projects can get help from CREED CROWDER, ASB Secretary of Publicity, Box 132.

Plans are now being completed for the ASB presentation of Peter, Paul and Mary. Successful negotiation has been made to lower the price from the original \$3.00 advance ticket cost to \$2.50. Complete announcement regarding this presentation should be ready for publication shortly. Watch the SIDELINES for further announcements regarding this matter.

THE SAFE WAY to stay alert without harmful stimulants

NoDoz keeps you mentally alert with the same safe refresher found in coffee and tea. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do... perk up with safe, effective NoDoz tablets. Another fine product of Grove Laboratories.

ASB Sponsors Another First; Speech Competition Begins Dec. 16

The Associated Student Body is sponsoring another first in this year of student government firsts at MTSC.

Beginning on December 16, the ASB will begin a series of intramural speech competition that will lead to the selection of a best speaker on the MTSC campus. In addition to encouraging interest in the art of communication, the ASB hopes to bring out some outstanding ideas on improving our college and its student government.

There will be two divisions in the contest. Division A is for speakers with no previous experience. Division B is open to those students who have participated in at least six rounds of college debate on an interscholastic speech courses.

The following rules should be observed by students interested in entering the competition.

1. Speeches shall be not less than four nor more than ten minutes in length.
2. Speeches shall be original and a typed manuscript shall be handed in at the time of the

preliminary competition.

3. Each campus organization shall have the privilege of entering one speaker in each division in addition to whatever representative they may have from the fundamentals of speech classes.
4. Participants shall be judged on the following:
 - a. Content
 - b. Composition
 - c. Poise
 - d. Diction and Enunciation
 - e. Ability to Involve the audience

The deadline for entering the contest will be December 16, 1963. Entries may be filed with Lane Boutwell, head of the Speech Department or at the ASB Office. Members of the Speech faculty are available for giving assistance to students not presently enrolled in a speech class. Students should contact Mr. Lane Boutwell for an appointment with one of the speech faculty if they need help.

Each campus organization is encouraged to enter at least one contestant in the competition.

BSU Holds Convention

The BSU Convention was held November 1-3 in Clarksville at the First Baptist Church. The BSU from MTSC took twenty-five students to this annual event. The convention featured noted speakers from Tennessee and other states. The key speaker which appealed to the college students because of his relevant messages was Rev. William Lawson, pastor and youth worker from Texas. The students who heard him speak were astounded at his presentation of the gospel and its application for the contemporary college student.

The theme of the convention was "Freedom Through Bondage," and the speakers pointed out that freedom from the world comes only through bondage to Christ.

The entire weekend was packed full with inspirational messages, student testimonies, and genuine Christian fellowship.

A Thanksgiving Breakfast was held at the Baptist Student Center. Mr. Herman Sollie, faculty member in the Education Department at MTSC, was the guest speaker for this occasion.

The annual International Student Retreat was held at Gatlinburg, November 29-December 1. This was an occasion to welcome and honor all foreign students who are studying in the state of Tennessee. These foreign students were guests of the Tennessee Baptists and attended this event at no personal cost.

Representatives Meet; Honor System Discussed

Sixty-two representatives of the various organizations on the MTSC campus met on Monday, November 18 to discuss a proposed concept of an Honor System for the MTSC campus. Phillip Claiborne, Chairman of the Honor Committee of the ASB, opened the meeting with a report on the research which he had been doing for the past five months. His report included excerpts from letters which he had received from the schools which are members of the Southern Universities Student Government Association. Of 19 replies, seven schools had honor systems, five were considering them and were conducting studies of Honor Codes just as we, and seven did not have Honor Councils, or did have them and had discontinued them.

Following Phillip Claiborne's report, faculty advisors John McConnaughey, Charles Dean and Dean Belt Keathley expressed their opinions regarding the establishment of an honor council. All of them lauded the students of MTSC for their interest in promoting honor and expressed a unanimous view that an Honor Code could work if the students wanted it to. A good deal of students discussion followed the panel's statements.

The consensus of the group seemed to be that the idea of an honor council was a good idea basically, but skepticism about the willingness of students to help enforce it seemed the major objection to the adoption of such a program on our campus. Other matters of student interest at MTSC which were discussed by the Inter-President's Council were:

Adoption of a Report from the Food Services Committee of the Council which made recommendations for improving some sanitary conditions in some of their eating facilities on campus.

Adoption of a recommendation to the President of the College

suggesting that campus facilities such as the library, the Terrace Room and administrative offices be kept open during assemblies. This recommendation was made on the basis of the fact that MTSC is no longer able to seat its entire student body anywhere other than in the Gymnasium and that it seemed to be rather unfair to deny students the use of our facilities when they would be able to find a seat for the assembly even if they went.

Woods Establishes Loan Fund

Stephen R. Woods, former member of the MTSC faculty, has announced the establishment of the "William H. and Lula B. Woods Memorial Loan Fund in Music." The announcement was made this week by Dean N. C. Beasley, head of the MTSC Loan, Scholarship and Development Fund.

Mr. Woods, who now lives in Hampton, Virginia, made an initial

gift of \$1,000 to the fund and has now invited other persons who may be interested to participate in expanding the fund.

The recipient of such loan funds will be selected by Mrs. Neil Wright (or her successors) of the music department at the college. A suitably inscribed plaque will be placed in the fine arts building as a memorial to Mr. and Mrs. Woods.

It's Christmas Again

Chimes piercing the early morning air, the bustle of shoppers, the humming of carols, and that indescribable anticipation of vacation, home, gifts — These are the little things, reminding us that after eleven long, hard months — it's Christmas again. And oh — how different the world seems. We rediscover Brotherly Love; our fellowman has amazing possibilities heretofore unseen. Doing things for other people ceases to be a chore and becomes a self-satisfying accomplishment. Our inner light glows with renewed vigor. It's great to be alive!

Despite this, there are some who say Christmas is a hollow pageant; others say it's a commercial heyday; others say it's for the kids. Sure, it is all of these things; but it is much more. It is a time for us to re-examine our ideals and purposes, a time to commemorate God's gift of a Child to the world. And we realize that because of this first Christmas Gift, the world is a better place to live.

CCUN Strives To Build Informed Student Body

There is a new organization on our campus. The purpose of this organization are: 1) to make the Charter and the work of the United Nations known to college students throughout the United States; 2) to encourage students to reach conclusions about United States policies which both promote our national interest and make American leadership in the United Nations most effective.

This organization is the Collegiate Council for the United Nations (C.C.U.N.). The C.C.U.N. is the college affiliate of the American Association for the United Nations. It is an accredited non-governmental, non-profit organization which is devoted to building informed student support for the United Nations.

Membership in this organization is by no means limited to those who are already U.N. supporters. One of the basic concepts of the world organization is peace and understanding through discussion. Indeed, an organization that fears questions is adverse to U.N. principals.

The next meeting of the Collegiate Council for the U.N. will be at 4:00 p.m., on Wednesday, Dec. 11, in the Raider Room (303) of the S.U.B. The subject discussed will be something that concerns you!

Supreme Court Suspends Student; List Precautions

The Supreme Court of the Associated Student Body, in one of the most carefully pondered decisions of the year, recommended the suspension of an MTSC student accused of stealing textbooks. The plaintiff in the case had accused the student after finding a book in his possession with the plaintiff's name visible through an effort to block it out on the front piece of the text. The defendant maintained that he had been about to buy a book in the bookstore when a student whom he did not know had offered to sell him the questioned text for a much better price than he had originally been asked.

The court took the following actions:

On the first meeting of the court, the defendant failed to appear. The court, rather than take this as an indication of the defendant's guilt, set another hearing for the following week.

At the hearing conducted the next week, the defendant based his case on the defense that he had bought the book from another student and the court directed that he find the student who had sold him the text and bring him to the next hearing which was set a week later.

At the third hearing, the court ruled in favor of the plaintiff, recommending that the defendant be suspended for stealing with the opportunity to be re-admitted in

the Spring Semester. The problem of text book thefts has been an increasingly difficult one with which to cope on the MTSC campus and the Supreme Court recommends that, in order to prevent any question of honesty or dishonesty, students observe the following suggestions in regard to texts:

1. Put your name in all textbooks. It does not depreciate the value because the bookstore requires all students to do this at the time the texts are resold to them at the end of the semester.
2. When buying a text from another student:
 - a. Buy from someone you know.
 - b. If you must buy a text from someone you do not know, have them show their ID card to prevent any possibility of buying a stolen text.
 - c. When buying a text from another student, be sure to have them put their name in the front of the book.
 - d. If buying the text from a student whom you do not know, be sure and obtain their name and address in case any question should ever arise about the purchase of the text.

If these suggestions are followed, it is the sincere hope of the Supreme Court that they will not have the occasion to have another case such as this one to come before them.

Flash-on Shots

By Ernestine Harris

Gay mood of the Christmas holidays prevails not only in the season's activities but also in the festive fashions designed to complete the holiday mood.

Whether one chooses to decorate or simply admire the ornaments and traditions of the Christmas season, fashion has created a jumper which can be converted to either occasion. The checked shift jumper modeled is simple in design with a material belt attached at the back hipline. Its basic lines feature both comfort and attractiveness.

Perched above the slightly rounded neckline of the jumper is a "pussybow." The fabric used in the long sleeve blouse is white dacron. This particular design is both beautiful and practical as it is extremely easy to care for which is an important quality desired by the busy coed.

The model featured for the month of December is Janet Gregory, a sophomore elementary major from Carthage.

Janet Gregory is prepared for Christmas season.

OPEN FORUM

Supreme Court Action Requested Concerning Incidents In Cafeteria

Dear Editor,

My attention has been called to the line breaking and the failure to carry trays back in the cafeteria. Many students have expressed concern over this matter and wish that some action could be taken to correct it.

I have asked the Supreme Court to decide on a punishment for the line breakers and also those who fail to carry their trays back. In my opinion and the opinion of other students who enjoy eating in a clean and cheerful atmosphere, anyone who commits an act so unbecoming to a M.T.S.C. student deserves to be disciplined.

After such punishment is decided upon, I would like for the members of the Supreme Court to check the cafeteria daily for these incidents and if they continue to occur said punishment will be executed.

Sincerely,
Dennie Welsh

Wouk Writes Of Author's Success

By Mandy Gentry

Appearing currently and very favorably on the best seller list is "Youngblood Hawke". This stirring and exceptionally brilliant novel is the work of Herman Wouk. Youngblood Hawke is the story of a straggling young author who comes out of the hills of Kentucky to strike it rich—both in New York and in California. He is a diligent worker with a million dollar vocabulary and wins the Pulitzer Prize before he is thirty years of age. The tragedy of his emotional involvement with an older woman while he plans to marry the only girl he will ever love makes this a never-to-be-forgotten novel.

Dr. Burrow Given Favorable Reviews Of Newly Published Book On AMA

Dr. James G. Burrow, assistant professor of history, has recently received recognition for his newly published book *AMA: Voice of American Medicine*.

The book was reviewed in "The American Historical Review" by John Duffy, University of Pittsburgh. In his review Mr. Duffy observed, "Burrow has done a remarkable thorough job of research, and his history of the AMA is both accurate and perceptive. He has drawn up a judicious balance sheet, crediting the association for such things as its fight against proprietary drugs and its efforts to impose efficiency upon the Veterans' Administration Hospitals, while at the same time showing its lack of social conscience in the twentieth century and its resort to tactics that are at least questionable."

Dr. Burrow began his book as a doctoral dissertation under the late Dr. Fred A. Shannon, outstanding historian and Pulitzer Prize winner. It was published this year by Johns Hopkins Press in Baltimore.

When asked about the reviews his book has received, Dr. Burrow stated, "Most of the reviews have been objective and detached. They have removed much of the anxiety that I have felt concerning the success of the book."

Dr. Burrow feels that the AMA is an organization that has made many contributions in the twentieth century but sometimes is lacking in adequate vision and leadership.

AMA: Voice of American Medicine has been chosen as one of

the sources to be used in by the American History Association, Mississippi Valley History Association and Phi Alpha Theta. A native of Ballard County in Kentucky, Dr. Burrow is married to the former Robin Smith of Hendersonville, Tennessee. They have three children who are seven, five, and four years old.

Dr. Burrow is a member of the

Dr. Burrow reads his newly published book *AMA: Voice of American Medicine*.

Mrs. Wheeler Chosen "Manager of the Year"

Mrs. Christine Wheeler, manager of the Middle Tennessee State College food services, was chosen "Manager of the Year" by the Automatic Retailers of America Slater Schools and College services for the Southern region. She will be recognized at a special regional meeting in Atlanta later this month and will receive a console color Television in appreciation for her services. Her employees presented her with a bouquet of red roses when the telegram was received Tuesday announcing her selection as the "best in the South".

Her reputation has extended far

beyond the MTSC campus and many of the larger organizations of the area hold regional meetings here in anticipation of one of Mrs. Wheeler's smorgasbords.

There are about 400 divisions of ARA in America of which more than 50 are in the Southern region. Mrs. Wheeler is a widow and a native of Atlanta. She was educated at the University of Georgia.

The MTSC operations involve the serving of about 2,000 customers daily in the Terrace roof and about 1,200 in the two MTSC cafeterias. The annual operation involves about \$500,000.

Mrs. Wheeler is shown with roses given by her employees after her selection as Slater's "Manager of the Year."

Delgay Read Shows Proficiency In Various Fields Of 4-H

Delgay Reed

Hailing from Rockvale, Tennessee, this attractive junior exhibits a talent for achievement in the field of 4-H.

Delgay Reed began her long list of achievements at Rockvale High School where she was 4-H all star, in the 4-H honor club and was selected for outstanding 4-H club work in a county-wide contest. She has won several other local, district and county contests. Delgay also exhibited her athletic ability when she played basketball for Rockvale.

Between her senior year in high school and her freshman year in college, Delgay was selected as the Rutherford County Dairy Princess. Along with this honor she was given a 300 dollar scholarship for achievement in 4-H.

Delgay's interest in 4-H did not stop at the end of her high school years. Her freshman year she won the state contest for 4-H achievement records in the field of Home-Economics. Just recently she won second alternate in the nation-wide contest for her achievements.

Her interests naturally center around 4-H and home economics, which is her major field of concentration. She is minor in education and science. She is in the Home Economics Club and is a member of the Young Farmers and Homemakers Association. When asked her opinion on the new Collegiate 4-H Club, she offered this comment. "There are so many 4-H members who were active in high school and a collegiate 4-H club will keep them together.

This may be an organization that some college students would join and take part in whereas they wouldn't join one at all. A friend

that you make in the 4-H Club will be a friend for life."

Delgay plans to go into the agriculture extension service and do extension work or teach Home Economics. Whichever she chooses she is bound to be a success because of her sincere interest.

Population, Growing

On September 27th at 10:59 a.m., the U. S. population reached 190 million.

A birth occurs every 7 1/2 second. There are 68 3/4 million children under 18.

Four of every 9 adults have completed a high school education.

One of every 11 persons over 25 has had four or more years of college.

Over 5 million suffer from some degree of mental retardation.

There are 82,058 vehicles on the highways.

There are 83 3/4 million work days lost annually as a result of injuries sustained by working Americans.

Speech Teams Win Second At Carson

Second place trophy indicative of the reserve championship at the Carson-Newman College invitational speech tournament conducted the past weekend. The MTSC squad missed first place by only three points. The winner was Vanderbilt University.

Meyiland Judd of Murfreesboro also took second place in the "best tournament speaker."

The varsity squad, coached by James Skaine, was composed of Linda Halliburton, Murfreesboro; Ernest Cheffi, Mt. Vernon, N. Y.; Betty Walling, Sparta, and Meyiland, Murfreesboro.

Members of the novice team were Bob Hutchinson, Jacksonville, Fla.; Ervin Upchurch, Huntsville; Johnnie Reynolds, McMinnville and Bobby Freeman, Nashville.

The Carson Newman affair was a warmup for the busy post-holiday season which opens here early in at MTSC with the state collegiate novice tournament.

Co-ed Asks Santa For Gifts

Dear Santa Claus,

This year I don't want to be a selfish one so please bring a little something to a lot of people on your rounds this year and . . . oh, I can't help it—a lot of something to little me!

Various departments on the M. T.S.C. campus deserve very nice gifts this year because they have tried to be good all year long.

Please bring the speech and history departments some brick and sand and cement because their building has a big hole in the back of it. All grass seed you could find would be graciously accepted as it gets real muddy hiking to the building.

The new administration building is trying to sprout out of the ground at the end of the circle in the middle of the campus. All aid you can give in its growth will be deeply appreciated by everyone.

English department has put in its request for a deodorizer due to the presence of a visitor to their building.

It would make the intellectuals feel better if they were to receive a brewers license for the organic chemistry distillery.

The tiny African violets found on the ground floor of the library would be happier if they had florescent light tubes to keep up with modern techniques.

There is only one lacking in the art department and that is a collection of Mondrian originals. Just send a big barrel of his paintings at your earliest convenience.

Since the athletic department has began playing with big balls this season, a bounce to victory would be cheered by both the students and the coaches.

Dawn to dark will be the fate of many business teachers next semester. Pictures of sunshine and the bright outdoors will help them to remember the good old "days".

Santa, the "future housewives" department needs a coal range and treddle machine so they can experience the good ole days their parents and teachers refer to constantly.

The math department is in dire need of oil for their new electronic computer.

Santa, please don't omit anyone unless it should be the industrial arts department that makes the paddles to give to all bad boys and girls at Christmas.

A Wistful, Wishful Co-ed

By Ann Norman

The true spirit of Christmas is being displayed by the Circle K Club this year. The boys are going all out to provide underprivileged children in Murfreesboro with a Christmas party they won't soon forget.

The party will take place on Sunday, December 15, from 2:00 to 4:30 in the Tennessee Room with approximately seventy children provided by the Murfreesboro and Rutherford County Welfare Departments attending. The children will receive a visit from Santa, a reading of the Christmas Story by A. W. Powell, entertainment by members of the P. E. Department, a cartoon show, a Christmas stocking plus wrapped gifts from under the giant ASB Christmas tree, and of course, cokies and ice cream.

Two school buses will be used to pick up the children at their homes and also to return them after the

party. What more could a child ask for in a Christmas party!

Club president Mike Milom invites any faculty member or student who would like to share in the fun with the Circle K boys and their dates to attend the party. Should this highly worthwhile project be successful, the club is hoping other organizations will join in next year and make it an annual event for the children of Murfreesboro.

The following committee heads will be in charge of the various activities: Tom Price, general chairman; Jerry Owens, program chairman, Hal Frassrand, transportation chairman, and Russell Bean and Hank Marshall, gift purchasing and refreshment chairmen.

The boys are looking forward to giving the children a party they will long remember. After all, the spirit of Christmas can be displayed in many ways, but in what better way than the joyment of children.

TENNESSEE GIRL NATIONAL 4-H BEEF WINNER — Mary Blankenship, 18, of Christiana, MTSC freshman, won a college scholarship from the DU Pont Company after being named one of six national 4-H beef award winners during the National 4-H Club Congress, Dec. 1-5, in Chicago. Owner of a herd of Shorthorn cattle, Mary points out some qualities of a Shorthorn calf to Dr. Wallace E. Gordon, a Du Pont Company executive. She is the second Tennessee beef scholarship winner in Du Pont's five years of sponsoring the national project. A freshman at Middle Tennessee State College, Mary enrolled in the 4-H beef program seven years ago. Her animals have won blue ribbons at Rutherford County shows and this year she owned the grand champion heifer at the Tennessee Shorthorn Show. Mary is the daughter of Mr. and Mrs. John Blankenship who operate a 165-acre farm in Rutherford County.

Todd Elected President Of First Campus Four-H

Doris Todd was elected president of the first collegiate Four-H Club to be established at MTSC. At the first meeting, December 5 other officers named included John L. Batey, Jr., vice-president; Norma Carole Woodward, secretary; Padgett Kelley, treasurer; Henry Blankenship, reporter; Esther Crosslin, song leader and J. E. Young, assistant professor of agriculture, advisor.

According to Doris the major objective of the MTSC Four-H club will be to provide recognition for outstanding Four-H club members enrolled at the college. A four fold program to encourage former leaders in Four-H club work to develop their leadership was proposed. This will include participation in other clubs, in campus activities, the community and civic activities and to continue interest in Four-H club service.

Any MTSC student is eligible to participate in the College Four-H program — regular attendance at monthly meeting being a major requirement for membership.

Drill Team Adds Firing Squad

A firing squad has been added to the activities of the Sam Davis Drill team this year. It will perform for memorial functions and military funerals when required. On November 11, the firing squad participated in Veterans Day ceremonies held on the Square in Murfreesboro.

The drill team commander this year is Cadet Lynne Duggin of Nashville.

Several appearances are scheduled for the drill team for the school year both locally and in neighboring towns and cities.

Bigger Visits Meeting

Dr. T. C. Bigger, head of the department of agriculture, attended the annual conference of the Tennessee Association of Soil and Water Conservation Districts which is meeting in Chattanooga November 20, 21.

MTSC Freshman Wins Top Honor

Mary Ann Blankenship, a freshman co-ed agriculture major from Christiana, was one of the top scholarship winners in the national Four-H Congress held at Chicago December 1-5. Announcement that she had won the Du Pont \$500 award was made at the annual banquet Monday night.

Miss Blankenship, the daughter of Mr. and Mrs. John Blankenship, won her award with a flannel board demonstration of beef cattle meat cutting. She has been in Four-H club work for ten years. Last year her brother, Henry Blankenship, a sophomore at MTSC, was the State winner in beef cattle division of Four-H club work. This marks the first time that two members from the same family have been state champions on successive years in any State a previous State contest winner with her project on the care and feeding of dogs. She has also won local or regional championships in canning, frozen foods, dairy foods, bread making, public speaking, clothing, dairy, swine, and electric projects.

NEW CHEVELLE!

BY CHEVROLET

The kind of go-6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coup.

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sounds good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Middle Tennessee State College Salutes The

Band of Blue

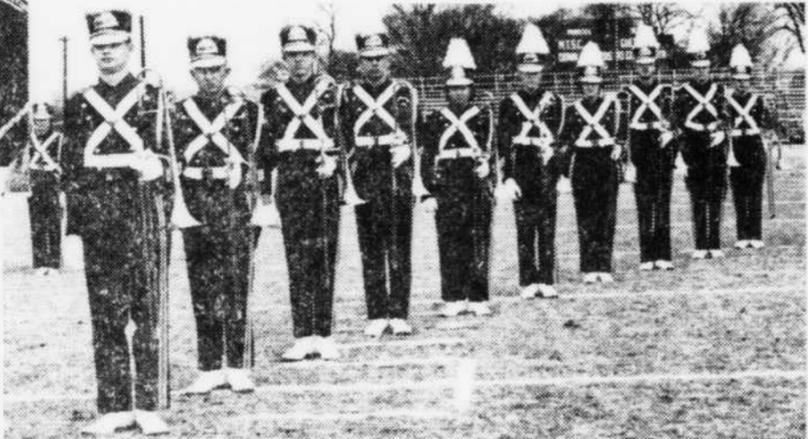

Left to Right: Steve Tingle, Lynn McGill, Lila Holly, and Doris Jones.

The "Band of Blue" has distinguished itself as one of the outstanding musical organizations in the country. Films of the 1962 half-time show have been seen by directors and students from Ohio to California and received comments such as this one by A. R. Casavant nationally known band director, author and clinician. "I used a film of the marching band last summer during my work-shops and it was extremely well received. The perfection in drill, musicality, and the well-planned routines all amazed the participating band directors. This is one of the few bands in the United States that has reached this state of perfection in marching."
In the past four years the group has won the respect of audiences throughout the Ohio Valley Conference. Standing ovations have welcomed the band's finale in Orlando, Florida, Chattanooga, Tennessee, Florence, Alabama and most recently by the alumni and student body of Murray State College, Murray, Kentucky.
The band is in reality an ambassador representing the student body where ever they perform. The school is justly proud of the manner in which our band projects the public image of Middle Tennessee State College.

- Joseph T. Smith, Director
- Horace C. Beasley, Director of Concert Band
- John Strunk, Drum Major
- Carolyn Hale, Head Majorette
- Tommy McClanahan, Feature Twirler

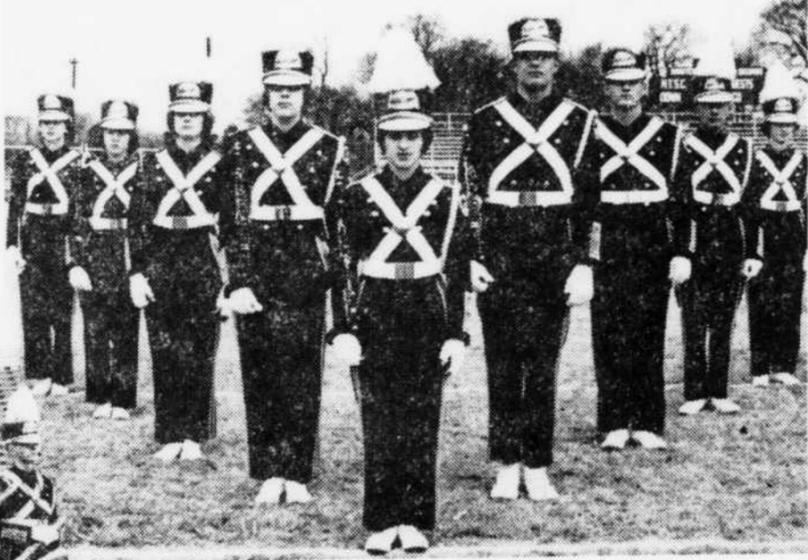

Spring semester tours will begin March 12 and 13 with visits to two Nashville high schools, according to Horace Beasley, director of the concert band.

Left to Right: Mike Dorsett, Evan Hudson, Kenneth Humphrey, Don Blacker, Ann Alford, Jerry Murphy, Angie Prince, Joe Manis, David Benzenhafer, and Paul Pfeil.

Left to Right: Bob Harriman, Bill Skinner, Wayne Simpson, Matt Ward, Jerry House, and Barbara Robinson.

Left to Right: Carl Berning, Don McClain, Eddie Barham, Tommy Gooden, Frances Mitchell, Charles Mills, George Stubbs.

Ramblin' With The Raiders

By King Phillip

LARRY STEWART, the leading scorer on the 1962-63 Blue Raider basketball squad, had his top point production for MTSC in the season opener. The 6-3 senior tossed in 28 markers against Transylvania and may be on his way to even greater accomplishments this year.

GARY HEAD has put the name of Middle Tennessee State College in the 1964 edition of **National Collegiate Championships**. The talented golfer brought the Raiders their first national title with his 10-under par performance in the college division of the NCAA tournament last summer at Springfield, Missouri.

As usual, the 1963 Blue Raider football squad proved they play as a "TEAM." While many schools boast of a particular individual, the final Raider statistics show fourteen players in the scoring column.

Strange as it may seem, out of 213 points scored by the Raider footballers this season, no one scored more than one touchdown in any game.

OHIO VALLEY RAISES RATING

If there is any doubt that the Ohio Valley Conference is not tougher each season **THE KICKOFF** power rating will take up the issue. Last year, Middle Tennessee was co-champion of the OVC with a rating of 69.9, and finished this season in second place (8-2-0 overall) with a 78.6 power mark.

The Texas Longhorns have been named the number one football team in the nation, but how do you like this 59 point spread with our Raiders: (NO COMMENTS, PLEASE!)

1. MTSC beat East Tenn., 23-0 (MTSC 23 points better)
2. East Tenn. beat Chatt. 27-22 (MTSC 28 points better)
3. Chatt. lost to Memphis St., 0-13 (MTSC 15 points better)
4. Memphis St. tied Miss. O-O (MTSC 15 points better)
5. Miss. beat Tenn., 20-0 (MTSC 35 points better)
6. Tenn. beat Ky., 19-0 (MTSC 54 points better)
7. Ky. beat Baylor, 19-7 (MTSC 66 points better)
8. Texas only beat Baylor 7-0 (MTSC 59 points better)

Who said statistics and dope sheets were reliable?

Quarterback **TEDDY MORRIS** has been named honorable mention of the Associated Press 1963 Little All-American team. It is not often that a sophomore in small college circles can break into this elite group.

The Raider basketball team plays six of its first seven games on the home court. The only journey the Raiders make before January 7 will be to Bowling Green, Ky. on December 14 to meet the Western Kentucky Hilltoppers in the new Diddle Arena.

Many comments have been made about the pep band at the basketball games, and the fine student support that has been shown. This enthusiasm makes all of the difference in the world and will give our boys the atmosphere it takes to battle in the tough Ohio Valley Conference.

DYKES THIRD TIME ALL-OVC

The All-Ohio Valley Conference team listed George Dykes on the first team for the third consecutive year. The 6-3 end joined John Mutchler of Western Kentucky at the flanker position. Quarterback Teddy Morris was named second team behind ETSU's Jimmy Baker. Tackle Jack Armstrong was also on the second team. Honorable mention went to tackle Calvin Short, guards Ron Camp and Eddie Pigue, center Clark Maples, and fullback David Petty.

Coach Charles "Bubber" Murphy was runner-up to Nick Denes of Western Kentucky for OVC "Coach of the Year" honors. The selection of the coach of the year and All-conference players is made by the league coaches.

Raiders Place Three On Banner 'All-Area' Team

A deth of good tackles and centers with an over supply of exceptional backs made the selection of the "All-Area" College football team by the Nashville **BANNER** a very difficult task this year.

The Raiders placed George Dykes, Oak Ridge, senior end, Jack Armstrong, junior tackle and Teddy Morris, sophomore quarterback on the All-Star selection. One other sophomore, Dale Lindsey of Western Kentucky, guard, and two other juniors, Jim Burt, back, Western Kentucky and Bob Borkowski, Western made the team. Other members are Bob Davis, Sewanee, end; John Mutchler, tackle, Western; Joe Bugel, Western Kentucky,

guard; Jim Ragland, Tennessee Tech, back and M. L. Agnew, Sewanee, back.

The Raiders placed Calvin Short, tackle, and Ronnie Camp, guard, on the second team. Jimbo Pearson of the third team, Jackie Pope, Jim Harvey and David Petty, all backfield men, received honorable mention.

Armstrong, "the All-American" boy was described as the only "cleareut interior line choice."

'Storybook Ending' Gives Raiders Thanksgiving Menu Of Eagle Meat

Frank Merriwell, "The All-American boy", must have written the script. Frank Halliburton set up the Hollywood finish—but it was Jack Armstrong and the "Rover Boys" in the line that twice stopped Tech with third down and a yard to go to set up the Raider Thanksgiving Eagle meat feast.

Only the storybook writers of Coach "Bubber" Murphy's and Coach Joe Black Hayes' boyhood could have come up with such a game. The final score was 21-14—the final touchdown and point coming from a brilliant 1 minute, 48 second stretch drive after the Raider defense had stopped Tech on the 18 after four tries from the 20 had fail to move the ball.

The script reads: "Reeves stopped for minus one on Raider 18; Whaley moves 14 yards on left end sweep; pass Morris to Smith; pass, Morris to Dykes, 15 yards, 1:37 seconds to go; pass, Morris to Halliburton 43 yards. Grammer, off right tackle one yard to score. PAT by Gupton."

At the outset of the game it appeared that MTSC had a rout on as they scored twice the first ten minutes of the game. Gupton kicked off and Tech's Whaley returned to the 24. Whaley, Ragland, Shaffer sliced thrice at that tough Raider line for just two yards and Dowling kicked 39 yards to MTSC's Larry Whaley, who ran from the 40 back to the 45.

Give Pope five, give Harvey 19 on a pass to the left, cross this up with a 10 yard toss to Smith, allow Pope three through the line and then throw a fast 23 yard strike to Jerry Smith and give Gupton time for the PAT and the Raiders had their first score.

With Tech on the 14 Ragland passed to Haile on third down and the ball was juggled, snatched by Randolph on the 19. Then it was Petty and Pearson alternating for 4, 3, 4, 4, a six yard pass to Pearson and a Petty drive for three for the second score. Again Gupton converted.

After that outburst MTSC was on the defensive. Ragland pass to Haile for 17 and 28 yards, coupled with a couple of Raider penalties and Shaffer's 17 yard run put the ball on the five yard line. On the first play of the second quarter im Ragland bulled it over on a roll out. The pass for two points was knocked down by Whaley.

Opening the second half Bill Robertson got off a brilliant 23 yard kick off return that almost went the distance. Both teams then bogged offensively, running three down between the two 30 yard line and kicking. Late in the third quarter Tech mounted their between the two 30 yard lines and kicking. Late in the third quarter Tech mounted their final golden nugget when Warwick intercepted Alford's pass on the 40 and ran it back to the MTSC 18. Reeves and Ragland couldn't gain on line plays so Ragland fell back to throw an 18 yard aerial to Terry Evans. Then Ragland ran for two points to knot the score.

With only 4:48 left in the fourth quarter Warwick intercepted a Morris pass on the 37 and ran it

back to the MTSC 27. Gains of 3 and 5 yards on the ground were nullified by a no gain and a minus one as Ragland and Reeves met the Raider stone wall defense for the fourth time. It was from this point that the storybook finale started.

Joe T. Smith of the music department droze this ballet action as the Raiders lost their opening OVC encounter to powerful Morehead 96-91 Saturday night. Larry Stewart falls away from a missed underhand lay up as Spenser anticipates the rebound. Carl Clair of Morehead is pirourtting to avoid a collision. Milholland led the Raider attack with 34 points while Stewart and Kempf contributed 16 each to the losing cause. Sargant led the Eagles with 32 points while Martin played well for the winners.

Raiders Rally Late To Eke Win Over Transylvania

Students who had scarcely caught breath following the Thanksgiving cliff-hanger with TPI found the first basketball game of the season equally pulse tingling.

A blazing final for minutes pulled the Raiders from a nine point deficit to a 74-70 win over powerful Transylvania College in the MTSC gym December 2.

The Raiders jumped to an early 15-5 lead but saw the margin erode under the accurate shooting of Ecroyd, Whitson and Jones. At half-time the Raiders trailed 41-33 and it looked like the beginning of a long season for the Blue. Floor mistakes, lack of foul line accuracy, frequent fouling, and general ineffectiveness by the forwards and board covers contributed to the Raider floundering. A shuttle service of substitutes failed to stem the tide.

With the starters back in at the beginning of the halftime the Raiders began whittling but were never able to go ahead again until Ray Kempf gave the Blue a 70-68 lead with two minutes to go. Sensational Larry Stewart had cut six rapid points off the wide Transylvania point spread.

Bob Yewell had a Raider hand him the ball for a "snow bird" to knot the count. With 39 seconds

Stewart Named Raider Cager Captain

Larry Stewart has been elected captain of the 1963-64 basketball team.

The 6-3 senior guard from Clinton, Ky. was the leading scorer for the Blue Raiders in his first year on the varsity last season with 425 points, and a 17.7 average. He was second in rebounds with 268 in 24 games.

Stewart, who played his first two seasons with Itawamba (Miss.) Junior College, was selected "Most Valuable Player" on the Raider basketball squad last year. He was also honored during his first season with MTSC by being named "Outstanding Player" in the Hate Invitational Tournament at DeLand, Florida.

Coach Bill Stokes remarked of the selection, "I know Larry will be an outstanding leader this season. His hustle and desire really gave our team a boost last year, and I know he will be a fine captain."

Stewart is the son of H. B. Stewart, Route #1, Winge, Kentucky.

left Kempt laid one up and Ronnie Wilmouth iced it with five seconds to go with two free throws.

Stewart kept the Raiders alive with his tremendous rebounding off both boards and his out-court shooting, which accounted for 28 points. Kempt contributed 20 points. Dan Midgett scored the first goal of the season in the first minute of play. Wilmouth was third high point man with eight. Mullholland got seven points, Spencer six and Shelman one.

The shooting percentage was not as poor as it appeared from the mezzanine. The Raiders hit for 46.6 per cent, paced by a phenomenal 65 per cent by Stewart, Transylvania led in rebound 43 to 36. Stewart and Kempt with eight rebounds each led the Raiders. They hit 18 of 25 free throws.

The Transylvania scoring found Ecroyd leading with 23, Whitson with 16 and Jones with 12.

MTSC Players Lead OVC In Statistics

Middle Tennessee State College football players are among the statistical leaders in the Ohio Valley Conference. These figures reveal some interesting facts about the reason for the Raiders being number two in the conference again this year.

In rushing David Petty leads the field with 78 carries for 282 for an average of 3.6 yard each try. However, Larry Whaley with an average of 5.8 and Bill Robertson with a 5.6 have the best average. Top average among 15 ball carries is Billy Warren with 55 yards on even runs.

Teddy Morris, due largely to his 1210 net yards passing, holds the school as well as the season record for total offense. He now has 1,278 yards. Louis Alford is second with 367 yards, David Petty third with 282 and Larry Whaley fourth with 191.

Field Goal Accuracy Plays Role In 99-87 Florence Defeat, Monday

Displaying a well balanced attack the Raiders defeated Florence State College in a non-league game 99-87 Monday night in establishing an all-time field goal accuracy shooting record for a local team.

The five starters placed in double figures as the team racked up a 61.4 field goal accuracy record. Charles Fielder, starting his first college game took up some of the slack in the sagging guard play and scored 13 points. Larry Stewart kept his season average above 20 points by scoring 22. Jim Spenser hit for 21, Ray Kempf 19 and Mike Milholland 16. Ron Wilmouth and Ken Shulman, as guard and center reserves, counted four points each.

Major encouragement of the Monday evening entertainment was the 87-80 victory of the MTSC freshman over the Vanderbilt yearlings. This is the first Southeastern conference foe to be defeated by the MTSC beginners.

Ed Cannon, Harrisburg, Illinois center, ripped the nets for 33 points. Rod Miller, Union City, Indiana forward aided with 18 points and Bill Boner, the Nashville East star of past seasons, hit for 15. Jerry Ryman, Atwood, Indiana guard, made 10 points.

Next week the Raiders will be

Frosh Open Season With Convincing Win

Coach Ken Trickey's freshman basketball team opened their season with a 106-84 win over Sewart Air Force Base here Monday night. Forward Bud Mayfield (Franklin) paced the MTSC frosh with 20 points. He got good support from guard Bill Boner (Nashville) 17; guard Jerry Ryman (Atwood, Ind.) 16; center Ed Cannon (Harrisburg, Ill.) 16; forward Rod Miller (Union City, Ind.) 12; and guard Greg Samuels (Terre Haute, Ind. 0.

George Dykes leads 13 Raiders who have caught passes this year. Dykes has been on the receiving end of 20 passes for 408 yards and five touchdowns. Jimbo Pearson has caught three touchdown passes for 214 yards. Jackie Pope ranks third with 163 yards on 14 receptions and Larry Whaley fourth with 11 catches for 126 yards.

Twelve Raiders have intercepted opponents passes. Larry Dotson leads here with three. Pope and Larry Whaley are credited with two each while Phil Grammer, James Donnelly, William Randolph, Keith Stehley, Jack Armstrong, Jimbo Pearson, Jim Harvey, David Petty and Jerry Broadbent have all picked off opposition aerials.

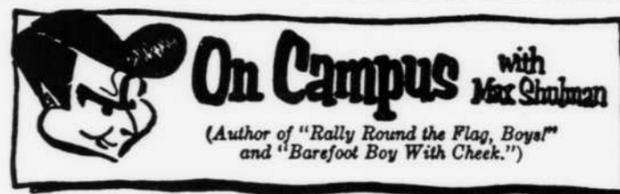

Frank Halliburton has averaged 34.9 yards on 43 kicks with Jerry Broadbent averaging 29.3 yards on his booting efforts.

home for two games, one of which will be played after the holidays actually begin. Austin Peay State, varsity and freshman, will be here for important OVC games on December 16. The first game begins at 5:45. Only comparative score between the two varsity teams is that of Transylvania. The Governor's defeated Transylvania by six points, MTSC by four.

On Thursday night, December

19, the Raider close the pre-Christmas play with a home contest with Georgia Southern and the freshman play the Ball Independents.

This week the Raiders play a vital game against Western Kentucky in the new Diddle Field House at Bowling Green. The freshman team makes the trip for a preliminary game with the Western freshman.

'TIS THE SEASON TO BE JOLLY

If you have been reading this column—and I hope you have; I mean I genuinely hope so; I mean it does not profit me one penny whether you read this column or not; I mean I am paid every week by the makers of Marlboro Cigarettes and my emolument is not affected in any way by the number of people who read or fail to read this column—an act of generosity perfectly characteristic of the makers of Marlboro, you would say if you knew them as I do; I mean here are tobaccoists gray at the temples and full of honors who approach their art as eagerly, as dewy-eyed as the youngest of practitioners; I mean the purpose of the Marlboro makers is simply to put the best of all possible filters behind the best of all possible tobaccos and then go, heads high, into the market place with their wares, confident that the inborn sense of right and wrong, of good and bad, of worthy and unworthy, which is the natural instinct of every American, will result in a modest return to themselves for their long hours and dedicated labors—not, let me hasten to add, that money is of first importance to the makers of Marlboro; all these simple men require is plain, wholesome food, plenty of Marlboros, and the knowledge that they have scattered a bit of sunshine into the lives of smokers everywhere; if, I say, you have been reading this column, you may remember that last week we started to discuss Christmas gifts.

Do you know someone who is interested in American history?

We agreed, of course, to give cartons of Marlboro to all our friends and also to as many total strangers as possible. Today let us look into some other welcome gifts.

Do you know someone who is interested in American history? If so, he will surely appreciate a statuette of Millard Fillmore with a clock in the stomach. (Mr. Fillmore, incidentally, was the only American president with a clock in the stomach. James K. Polk had a stem-winder in his head, and William Henry Harrison chimed the quarter-hour, but only Mr. Fillmore, of all our chief executives, had a clock in the stomach. Franklin Pierce had a sweep second hand and Zachary Taylor had seventeen jewels, but, I repeat, Mr. Fillmore and Mr. Fillmore alone had a clock in the stomach. Some say that Mr. Fillmore was also the first president with power steering, but most historians assign this distinction to Chester A. Arthur. However, it has been established beyond doubt that Mr. Fillmore was the first president with a thermostat. Small wonder they called him Old Hickory!)

But I digress. To get back to welcome and unusual Christmas gifts, here's one that's sure to please—a gift certificate from the American Chiropractic Society. Accompanying each certificate is this winsome little poem:

Merry Christmas, Happy New Year,
Joyous sacro-iliac!
May your spine forever shine,
Blessings on your aching back.
May your lumbar ne'er grow number,
May your backbone ne'er dislodge,
May your caudal never dawdle,
Joyeux Noel! Heurreux massage!

The makers of Marlboro, who take pleasure in bringing you this column throughout the school year, would like to join with Old Max in extending greetings of the season.

Todd Library To Open During Assembly Programs

In the continuing spirit of cooperation between faculty and students of Middle Tennessee State College, Miss Katherine Clark, librarian of MTSC's Todd Library, announced that she and her staff have accepted the recommendation made by the Inter-President's Council in their November 18 meeting. This change in library policy will mean that this facility will be open to student during assembly programs held during the regularly scheduled hours of library operation.

In announcing the adoption of the Council's recommendation, Miss Clark expressed a great desire to make the library available to the students as much as they were willing to use it. She stated that she and her staff would receive student suggestions gladly and would give them every consideration in trying to develop the best possible program of library service to the student body of MTSC.

The new policy of the library is the third in a series of efforts which this facility and its staff have

made in an effort to cooperate with your ASB. Previously, the library staff had agreed to extend its hours during exam week and to extend its hours on Sunday afternoons in order to better serve you.

Dr. Homer Pittard Elected Chairman

Dr. Homer Pittard, associate professor of education and Alumni Secretary at Middle Tennessee State College, was elected chairman of the Central Reviewing Committee and added to the Administrative Council of the Secondary Commission for the Southern Association at the annual meeting held this week at the Peabody Hotel in Memphis.

Dr Pittard thus represents the State of Tennessee and heads the committee composed of one representative from each of the eleven other Southern States on the powerful Central Committee of the Association.

This Committee receives, reviews and evaluates each application of each school applying for admission to the Southern Association and makes recommendations for the improvement of the work of the Southern Association Commission.

principal of Central high school is past president of the Murfreesboro Rotary Club, a member of the Board of Deacons of the First Baptist Church and a member of the Court of Honor for the Boy Scouts. He has also served as chairman of the Middle Tennessee high school principals association and as a Tennessee delegate to the National Education Association.

He received the B. S. degree from MTSC where he was captain of the football team. His M. A. and Ed. D. degrees were received at Peabody College.

Home Ec. Girls View Radio, TV Operations

Home Economics majors who are presently enrolled in the Food Demonstration course toured the radio and television facilities of WSIX studio located on Murfreesboro Road in Nashville.

Mr. Tanner, personnel of WSIX, personally guided the group and explained various facets of radio and television scheduling, programming, announcing, and technicalities involved in black and white, as well as color television.

Mrs. Miles McMillan, food curriculum teacher, accompanied the class members to the radio-television station. Members of the class are Linda Sue Medlin, Sarah Long, Cheryl Reynolds, Mary Kidd, Ernestine Harris, and Janice Welborn.

X-Mas Party Precedes Home-Ec. Meeting

Home Economics Chapter Christmas party was held in the home economics building lobby.

The lobby was decorated with sprayed magnolia leaves, creative table decorations, and a seven foot Christmas tree. Following a Christmas devotional given by Glenda Hopkins, Betty June Graham led the chapter members in Christmas carols. Charlotte Ray presented a dramatic skit, and five creative designers styled Christmas dresses from newspaper.

Cherry Keel and Betty Moore planned all phases of the party. Refreshments were served following the monthly meeting in the dining room of the home economics building.

Directory Lists Summer Jobs

A directory listing 35,000 summer jobs throughout the United States for college students is now available. Students can begin their summer plans during the Christmas Holiday vacation.

The 1964 "Summer Employment Directory" gives the names and addresses of 1,600 organizations which want to employ college students. It also gives positions open, salaries, and suggestions on how to apply.

The many types of jobs are found at summer camps, resorts, various departments of the government, business and industry. National parks, ranches, and summer theatres listed also need college students.

Students wishing summer work apply directly to the employers, who are included in the directory at their own request.

Ask for "Summer Employment Directory" at the bookstore or send \$3.00 (special college student price) to National Directory Service.

Pi Omega Pi Begins Publication

The Pi Omega Pi, honorary business fraternity at MTSC, has begun a new publication. The first issue was published November 1. It includes many articles of interest to students associated with the business department.

In the first issue a tribute was paid to P O P's sponsor, Mr. William Vaught. Recognition was also accorded the new teachers in the department. Miss Billie Hutchinson, Miss Ayn Winfrey, and Mr. George W. Vancouver received a special introduction.

Ronnie Wilmoth, a general business major, received the honor of Personality of the Month. He has a 3.5 overall average and has been on the Deans List four of his six semesters at the College. He has been on the varsity basketball squad three years. Ronnie is serving as Brigade Commander of the ROTC at MTSC.

The Publication Committee for this new publication include: Nancy Hobbs, Betty Jo Wallace, Peggy Jackson, Sandra Locke, Meredith Sheffield, Nancy Fann, and Donna Rice. The sponsor is Mr. William Vaught.
