

Raiders Meet Hilltoppers In Bowling Green Sat.

TOUCHDOWN TALK

By JOE SPORT, Jr.

Sport and Company had a pretty fair day in anybody's league at picking the winners for the past two weeks on the nations gridiron. Now we're not aiming to brag, but we do want you to know how good we have become on choosing who's gonna beat the hang out of who.

If you compare our choices (the way we did) in the last issue with the results you no doubt found that we picked 27 winners out of 40 contests, with two ending in deadlocks. That averages up to about .675 per cent, or, 275 per cent more than Joe DiMaggio batted a couple of seasons ago when every sports writer in the country went hog wild about how good he was.

An average of .675 is pretty good

—but just for the sake of practice we picked last week-end's games with an increase of .225 per cent over the first week. According to our figures we missed 8 out of 96 battles. Not bad, eh Mable?

Enough of that jaw about our superior knowledge.

This week the eyes of the world, that is the sporting world, will be focused on the personal battle between Twisting Tommy Harmon of Michigan and Francis Reagan of Pennsylvania.

In the past four weeks, Harmon has proved himself beyond doubt to be the great all-American national writer called him last year. In four games Tom has scored eleven touchdowns and ten extra points for a sum total of eighty-two points for the season, or an average of twenty and one-half points per game. That's pretty fair for one man.

Most of you have probably asked, "Well, Joe, who is this Francis Reagan?" Frankly, we had never heard of him either until Saturday. This guy plays half-back for Penn and he must be pretty clever on his dogs because he personally scored five touchdowns and one extra point for a total of thirty-one points in one afternoon.

Reagan also threw a touchdown

Raiders Easily Defeat Bulldogs By 13-0 Score

The Raider footballers had little trouble in trouncing the Cumberland Bulldogs here last Friday by a score of 13-0.

The defeat was much worse than the score indicated in that the Raiders made 17 first downs to 2 for the Bulldogs. These 2 for Cumberland coming through penalties.

Moreover, the Raiders drove within the enemy 15 yard stripe time and again only to fumble and lose the ball. One time the Raiders had the ball on the 7 and tried a field goal, but it was wide.

When the game was only three minutes old the Raiders gained the ball via punt and drove it back to their own 45. At this point, Bill McCrory faded back and shot a perfect strike to captain E. K. Patty who shook his way, to open field but was overtaken on the Bulldog 5. On the third play Bryant drove through for the score.

With Bryant, McCrory and Tucker pounding the CU line for continuous gains, the Raiders finally pushed far down the field to the 1. Two plays failed and McCrory hurdled the line for the second score. McCrory converted the extra point.

At times the Bulldo's were quite stubborn about opening up and on several occasions held the Raiders for downs deep in the Bulldog territory.

pass that netted 62 yards, kicked punts that Bill Boni said "Seemed to come out of a cannon," and ran the ball 18 times for a total of 200 yards, or an average of little better than 11 yards per try. As was stated before—not bad, eh, Mable?

Here are the predictions for the coming week end:

Winner	Loser
Kentucky	Georgia
Georgia Tech	Auburn
Rice	Texas
Notre Dame	Illinois
Tennessee	Florida
Northwestern	Indiana
L. S. U.	Vanderbilt
Minnesota	Iowa
Tulane	N. Carolina
Michigan	Penn
Miss. State	N. Carolina State
Cornell	Ohio State
Mississippi	Arkansas
Navy	Yale
Nebraska	Missouri
Sewanee-Chattanooga (tie)	
Villanova	Detroit

Jordan Begins Intramurals

More Active Students Is The Theme Of New Sports Program

The intramural program for the new school year was inaugurated last Tuesday with the playing of the first touch-football game of the year. The program is quite different from any that the boys have had before. Coach Nance Jordan is in charge of the program for the first time and has a new idea by which more students may participate in the program.

In recent years there has been only one team from each class in the tournaments, but this year each class will have four representatives. This will allow four times more students to take part in the program than have been able to in the past. This makes it necessary for the new plan to have the full cooperation of the student body, for without this support it can not hope to succeed.

The plans of the touch football tournament include four teams from each class. One team from each class will be placed in a league, making four leagues with four teams in each league. (Because of the fact that the seniors do not have enough men to make up four teams there will be a team made up of Freshmen and Sophomores, called a special team, which will be used to fill out the fourth league). If there is any person interested in the program who is not included on one of his class teams, he should see Mr. Jordan right away.

Rapid Progress Being Made By Women Athletes

By JEAN SMITH

Rapid progress has been made this year in the Woman's Athletic Association under the leadership of Margaret Taylor, president. Week before last the Council and officers were selected. The Council has already met twice. At the first meeting, managers were elected for class teams in volleyball and tumbling. Tumbling managers are: senior, Albertine Jarrell; junior, Frances Love; sophomore, Sarah Pinkleton; freshman, Edna Jackson. Volleyball managers are: Jessie Mai Todd, Sybil Shipp, Adelyn Stegall, and Mary Katherine Startup. At the second meeting it was decided that the volleyball intramurals would begin immediately. Every Monday, Wednesday, and Friday afternoons from four to five o'clock are set aside for practice periods. Each person is required to practice at least three times before she may play on the class teams. The tournament will begin Monday, October 28, and will be played in a double round robin—each team plays each other team twice.

Volleyball is considered as a major sport; therefore, the regular number of points will be given to each participant—100 points for all stars, 70 points for members of class teams, 30 points to those who practice but do not make the team and 50 points for each manager.

This year, for the first time, the W.A.A. will have a private club room. Definite plans are underway; the furniture and filing cabinets are to be in by this week. Each club member is taking a very enthusiastic interest in our room, so by the time it is complete it will be in good condition. The club room is located at the right of the entrance to the girls' locker room in the gym.

The W.A.A. members and sponsor wish to extend a cordial invitation to all girls interested in athletics to join the group. According to "Murry" Mize, hike sponsor, there will be an overnight hike Saturday, November 2, to Miss Reynolds' camp. This will be an opportunity for all prospective members to earn 100 points and become an official member of the W.A.A.

Here lies the remains Of Sammy Gore What he thought was H2O Was H2SO4. —Highland Echo.

Midgettmen Want Fourth Win Over Kentuckians

Rutherford's Rats Rally To Gain Tie With Morgan Preps

The Raider Frosh, after an inspiring take-off on the Junior Vols, were able only to gain a 13-13 tie with the Morgan Preps in Petersburg last week.

The Morgan boys were away to an early lead and held an advantage of 13-0 at the half. Lane, Morgan signal caller, pushed his way across early in the first and again in the second. Lane also made the extra point after his first score.

The Rats came back strong in the third quarter and completely outplayed the Preps for the remainder of the contest. Bain went over in the third period and Phillips in the fourth. M. Smartt kicked the point and tied the score after Phillips' score.

—More About— Boys In Camp

(Continued from Page One) the night and day Jeep is called to make out reports.

It seems that Sgt. Julian Gobelet has lost his desire to major in English and has turned to telephones. He is telephone sergeant for the first battalion.

David Thompson has shown remarkable ability as a carpenter. He gets plenty of practice at that now as well as operating a range finder.

Corp's "Shorty" Arnold seems to be satisfied to act as telephone corp'l. Last year he liked to haunt the dormitories. Of course we mean Lyon and Rutledge.

Sgt. Ed Brown let his tent burn the last time it was furled. And just before his wife came down too.

Our "Top Kick", class of '35 wants to know how the Raiders are coming along. In case you don't know what a "Top Kick" is, he is the first Sgt., and in this case he happens to be Bill Carlton, football player and so forth.

Sgt. "Nigger Wool" Pitts, class of '36, would like to hear from his girl in McMinnville. He met her at Lyon hall, we think.

Corporal "Shot" O'Brien wishes he had learned how to sweep and make up bunks from his sister. He is always worried about his tent passing inspection.

Corporal Carmack "Senator" Harris is slightly disgusted with the army. He says he goes to more schools now than he did at STC.

This is just a reminder to the students of STC that we really do think of them and wonder what they are doing. We hope the Raiders continue their good work.

Sincerely yours, (signed)

Both Teams Have 3 Wins And One Loss For Season Play

STC Has Better Chance To Win Than In Past 3 Years

Come Saturday afternoon the Raiders will be in Bowling Green for a battle with the Hilltoppers of Western Kentucky. The game will start at 2:30 p. m.

Western, as usual, has a strong team to throw against the Middle Tennesseans and will be out to win by as large a score as possible. A large score this year is not expected because the Hilltoppers are not better, in fact not as good, as last year, and the Raiders seem to be a great deal superior to the '39 eleven. This will tend to make the score very tight—possibly a victory for the Raiders.

Western has won 2 and lost 1 in the conference play against 1 win and 1 loss for the Raiders. There is no way to compare the two teams because they have not played the same opponent thus far in the season.

Coach Midgett will be gunning for his fourth win when he sends his Raiders on the field, and so will W. L. "Gander" Terry of the Hilltoppers. Both teams have won 3 and lost 1 in regular season play.

The Hilltoppers will rule a slight favorite at game time for several reasons. Billy Bryant, Raider ace ground gainer, probably will not play. Bryant was bugged up pretty badly last week, receiving a deep cut over his right eye and a badly twisted knee. With Bryant out, Tom Zoratic is likely to steal the running spotlight. If you remember last season this lad twisted all over the field and ran for two long touchdowns and was very instrumental in two other scores.

No information has been received about the Hilltoppers, but the Raider starting line-up will probably run like this: Ends, Patty and McDon. (Continued on Page Four)

College Students In Deferred Class, But Not Permitted To Forget Defense

The nation's college students are not being permitted to forget that the United States is straining every effort toward strengthening the national defense.

Men within the draft ages of 21 through 35 who are now registered in college have been automatically deferred from compulsory military training, at least until July of next year, although they will be required to register Oct. 16 with all other men of those ages.

At the same time men and women of college age have been urged by President Roosevelt to continue their college educations.

Nevertheless, the nation's collegians are being made to realize they are an important link in preparedness plans.

Typical of defense messages to students at scores of colleges was that presented by Virginia C. Gildersleeve of Barnard College, New York. It is more important, said she, for students to continue their college education until needed than to participate actively in helping their country.

Dean Gildersleeve explained that should the stream of students stop,

Thelma Jean Crowell Is Wed To Marvin Scales

Mr. and Mrs. E. A. Crowell of Unionville announce the marriage of their daughter, Thelma Jean, to Marvin Scales, son of Mrs. Ada Scales of Triune. The ceremony took place Saturday, Oct. 14, at Brentwood Methodist Church with the pastor, the Rev. Paul F. Lanius, officiating.

Both Mr. and Mrs. Scales were graduated from State Teachers College, Murfreesboro.

The bride has been a teacher of College Grove high school. Mr. Scales is occupied with farming in the Triune neighborhood.

The country would find itself short of trained and educated citizens.

"Women are especially needed," she continued, "because new their brothers are going to be occupied in sterner aspects of national defense.

Dr. Remsen B. Ogilby, president of Trinity College, Hartford, Conn., announced he wants all students at his school to obtain motor vehicle operators' licenses so as to be prepared, in event they are called for military service, to drive army automobiles or tanks.

Dr. Ogilby, a former chaplain in the army, also called attention to courses in army sanitation, radio communications and similar engineering subjects as well as ground school and flying courses.

University of California students were warned by President Robert Gordon Sproul that they will be suspended from college if they actively oppose the defense program.

"For those who prefer to fiddle while Rome burns or to accelerate the pace of destruction by building private bonfires of their own, I shall have little sympathy," he said. "Indeed, I may find it necessary to ask some of them to defer their enjoyment of an education at the state's expense until the life and prosperity of the state have been made secure by their more patriotic fellows."

Miss Edith O'Brien Weds D. B. Johns

Miss Edith Elizabeth O'Brien, daughter of Mr. and Mrs. J. Murfree O'Brien, and David Beverly Johns, son of Mrs. E. Paschal Johns were married Sunday morning at nine o'clock in the First Presbyterian Church of Murfreesboro. The pastor, Dr. E. W. Williams, officiated in the marriage rites, using the ring ceremony.

Both Mr. and Mrs. Johns attended State Teachers College. For the past several years she has been deputy circuit court clerk in the office of her father, who is circuit court clerk.

The couple will make their home with the groom's mother on the Hall's Hill road.

—More About— Uncle Sam's Law

(Continued from Page One) because the public interest is best served by their staying at their usual work.

Class III. Those persons deferred because others are dependent upon them for support.

Class IV. Those persons from service either by the law itself, or for physical disability, or other reasons.

It must be understood that all deferments are temporary and all males are subject to call in the descending order of their numbers.

This bill was formulated and approved, not for the purpose of disrupting our democratic way of life, but for the purpose cited by our President.

"Each of us must willingly do his bit if we are to hold fast our heritage of freedom and our American way of life—our national existence itself."

Former Head Of Agriculture Department Dead

It was with deep regret that the faculty and student body learned of the death of Harry P. Ogden on September 23, at his home in Knoxville. Mr. Ogden was for several years head of the department of agriculture at STC and was one of the best loved persons on the campus for he was always interested in the cultural and religious welfare of the students.

Mr. Ogden spent his life trying to make life easier for people who live by tilling the soil and he succeeded to such a degree that he will be remembered for his work with the Austrian pea and the soy bean, two varieties of which he produced and to one of which he gave his own name. From 1926 until his death Mr. Ogden was assistant agronomist of the University of Tennessee Experiment Station at Knoxville. Previous to his coming to STC he was county agent of Montgomery County for two years.

Mr. Ogden leaves his wife, Mrs. Elsie Lapsley Ogden; sons, Samuel Lapsley and Harry Kay Ogden; daughter, Mary Frances; brother, Samuel A. Ogden; and sisters, Miss Harriett Ogden and Mrs. J. D. Priestly, of Martin, Tennessee.

Services were held at the First Presbyterian Church, Knoxville. Burial was in the Highland Memorial Cemetery.

Miss Messick, Mr. Martin Wed In Winchester

Mr. and Mrs. R. H. Messick announce the marriage of their daughter, Sara Mozelle, to Carl Martin, the rites taking place Friday, Oct. 11, in Manchester with the Rev. J. E. Powers officiating. The Rev. Mr. Powers is pastor of the Manchester Presbyterian Church.

The bride attended State Teachers College and is teaching in the Rutherford County schools. Mr. Martin is employed by Vultee Airplane Company, Nashville. The couple will live with the groom's parents on the Manchester road.

—More About— "The Trees"

(Continued from Page One) close beside a clearing somewhere north of here? The child did not expect a little man to jump from the box on the shelf. You did not have the slightest idea that such an abundance of rich thought would flow from "The Trees."

A LETTER TO MA

Jones Hall,
October 5, 1940

Dear Ma and Pa:

How is everything down on the farm? I wish I was there right now.

Last night, all us freshmen had to go to "Kangaroo Court." That's a place where upper-classmen let freshmen know just what they think of them. It sure ain't much by the way they laid it on.

They took us into one of four rooms and gave us a trial. It wasn't no fair trial but they told us off plenty.

I sure feel low this morning though I'm standing up to write this—for good reasons.

Last night at eleven o'clock I had to go down town and get the chief-of-police and a lot of other people to sign an egg.

While I was up town I saw freshmen picking up cigar butts to make necklaces out of. Ain't that silly?

We had to make a paddle and let upper-classmen whale us with it. Every time they gave us a lick we got them to sign, then thanked them for doing it. I thought it was silly till about the 20th lick.

You needn't worry about sending them new pants cause I've got to wear mine inside out and they all look terrible that way.

Those boys sure can think up the worst things. I saw a fellow pushing a peanut on the sidewalk with his nose and another fellow wearing a football suit all day.

I guess it's all part of an education and all the fellows say next year I can get my licks in.

We got a boy here that sings real pretty. He's a freshman and when they got him up on trial they made him sing, and then made him shut up, and then made him sing—ain't that silly?

Some of them boys was real scared, but not me. They charge me with imitating something or other, then asked me if I was guilty. I didn't know after a while whether to say yes as I was supposed to or no as I wanted to.

I wasn't scared much, ma, but I was right glad to get outdoors again.

Please send some liniment. McBride Jones says my grammar is terrible but he guessed that was because I was a freshman and didn't

Girls Dormitory Is Buzzing With Much Activity

Rutledge Hall was well represented at Crump Stadium in Memphis last Saturday when the Blue Raiders met West Tennessee Teachers. Jessie Mae Todd, Gita Gill, Mary Louise Bobo, and Edna Eskew left Murfreesboro Friday afternoon to be on hand for the big event. From all reports this was an eventful week-end for our four Rutledge coeds.

Freshman week is past and the girls are settling down for the year. To prove this, monitors for the quarter were appointed Wednesday. The student council chose the following girls: Mary Louise Bobo, Sarah Elizabeth Morrow, Margaret Ralston, Frances Love, Bettie Parker Brown, and Frances Forbes.

The girls on third floor are aging fast. Last week brought two more birthdays and birthday celebrations. Betty Brown and Helen Hutton were each given a surprise party complete even to the cake and candles. Their ages are not to be released.

Right hand swing and around you go, left hand swing and do do do and out in the lobby Saturday night. Despite the fact that the girls were not attired in the usual red checked gingham and high topped shoes they presented a striking picture to the passerby as they went through the old folk-dances.

Last week-end brought many of our alumni back on the campus. Mr. and Mrs. Bob Warden, Margaret Wysong, Alma Williams, Inez Andrews, and Marion Grigsby made appearances again in the portals of the old hall.

Mary Mize and Allie B. McMurtrey are well on the road to recovery after minor accidents while, while Nell Beckett, Doris Mason, and Lenora Craig are seen again on the campus after slight illnesses.

There is something amiss in Rutledge without Johnnie, the maid. For the past week her cheerful southern drawl has not greeted the girls. Johnnie is suffering from a serious case of appendicitis. It will be a happy day when her sunny smile brightens its usual corner.

I know no better. Please send some money.

Love,

JUNIOR

P. S.: I need the money to buy a seat in chapel.

Student Council Nothing To Be Sneezed At When You're Scared

By MARGARET WILSON

Everything was still. The very quietness seemed to envelop me to the point of suffocation. My nerves were on edge, and the ticking of a nearby clock pounded against my ear drums as bullets against a steel plate. My mind wandered over the events of the past few days, and I was so disgusted with myself that I wanted to tear my hair out by the roots.

I was almost to the point of insanity, when I heard the steady tread of footsteps coming down the hall. With each step an eternity seemed to pass. Now I knew how a convicted murderer awaiting his death would feel. I had committed a major offense. Major offense—these two words rang through my mind, and it was impossible to focus my attention on anything else.

Finally the footsteps ceased, and there was a low rap on my door. I tried to arise from my chair, but I found that my limbs were paralyzed. I made a second attempt, and came up rather unsteadily to my feet. My hands were cold, and shaking; my mind wandered crazily. I was like a trapped animal, and I looked around for some means to escape.

Another knock, louder this time, seemed to have a rather maddening but calming effect on me. I opened the door, and walked out, and down the steps without uttering a word to my escort. I hardly realized that this was myself. My heart was breaking with grief and my mind was verging on lunacy. Major offense—with each click of my heels, against the hard surface seemed to say—Major offense.

I was almost to the breaking point when I came to the office door. I stopped a moment, drew a deep breath, anything to put off the dreaded moment. Finally I opened the door and entered expecting

to be tortured for hours, but instead of finding a room furnished with articles similar to those used by the Chinese in olden times, and many stern looking creatures to pounce on me, I was greeted by a half-dozen smiling faces and after listening to the helpful comments of these pleasant people, I was back to my normal self, and very thankful that I lived in a dormitory and had the privilege of being aided by the Student Council.
